TEXAS STATE TRAVEL DIRECTORY

Introduction

The Texas State Travel Directory is a publication of the State Travel Management Program (STMP) of the State of Texas. The STMP is administered by the Travel Management Section of the General Services Commission (GSC) which was created by the 70th Texas Legislature in 1987 (Texas Government Code, Section 2171, Title 10) to provide centralized management and coordination of state travel.

The STMP is designed to help state agencies make more efficient use of taxpayer dollars by helping them manage state travel expenditures, monitor state travel activity, and provide discounted travel services through vendor contracts.

Required Use of Contracts/Eligibility for Contracts

State agencies in the executive branch of state government are required to participate in the STMP by using the contracts for travel services awarded by GSC. These contracts include travel agencies, a charge card provider, rental car companies, airlines, and hotels. Institutions of higher education are not required to use the contracts for travel agency services but are required to use all other travel service contracts when the services are purchased with General Revenue Funds or Educational and General Funds.

STMP services and contracts are available to: elected and appointed state officers; state agency employees, including employees of institutions of higher education; prospective employees, when their travel is being paid by the State; and other persons traveling on behalf of state agencies when their travel expenses are paid by the State in accordance with guidelines established by the Comptroller of Public Accounts. (This includes but is not limited to wards of the state, prisoners, and indigent patients being transported by the state.) Use of the services and contracts is mandatory for all of the above persons in the executive branch of state government.

The STMP is not a part of the Cooperative Purchasing Act. Therefore, political subdivisions of state government, school districts, and local governmental entities are not eligible to receive these travel services or to use these travel contracts.

Types of Travel Contract Services

The STMP has contracts with multiple travel agencies around the state to assist state employees with travel reservations and ticketing. These travel agencies are required by the contract to provide the lowest available airfares to state travelers. They also assist state employees with hotel and rental car reservations, as needed. Contracted travel agencies share a percentage of the commissions they receive from state business with the State. These rebates are deposited into the General Revenue Fund.

The STMP also provides contracted charge card services to state agencies and employees for the purpose of paying travel expenses incurred on official state business. These individual and agency charge accounts allow state agencies to pay employee travel expenses directly to travel vendors and allow employees to pay travel expenses without using personal funds or obtaining cash advances from the State. The charge card contractor also provides data management reports on charged travel expenses to STMP. State agency accounts are for airfare or rental car charges only. Individual accounts are to be used for business-related charges only.

The STMP negotiates discounted rates for state business travel with airlines, rental car companies, and lodging establishments. Currently, GSC has contracts with major airlines, two rental car companies, and approximately 600 hotels across the country.

STMP staff also provide group/meeting planning services to state agencies and to colleges and universities, assisting them in securing facilities for meetings, conferences, seminars, and other events at the lowest possible cost to the State.

During Fiscal Year 1995, the State of Texas charged more than \$91 million for state business travel. [The amount of money the State saved from FY 1987 through FY 1994 by the use of these contracts was \$23.3 million on airfares and \$3.7 million on rental cars. Total savings and revenue generation for these fiscal years was \$68.1 million.]

Travel Audits

The Comptroller's Office is statutorily required to audit travel vouchers for compliance with GSC's rules for contracted travel services. They audit agencies that are required to participate in the STMP for two purposes: (1) to ensure that agencies are using the contracts; and (2) to ensure that agencies comply with the contracted rates for commercial airline and rental car services.

Definitions

City-pair - A one-way airline flight between two cities, from origin to destination, regardless of stopovers or connections.

Discount rate - A price for a travel service established by the STMP.

Exception - One of 12 reasons, agreed on by both the STMP and the Comptroller's Travel Claims office, that allows a traveler to use a non-contract travel vendor and still be in compliance with GSC's travel rules.

Transient travel - Travel by an individual passing through a destination for a short stay; not joining others to participate in a convention or group meeting in which the lodging facility is participating.

Travel coordinator - Person at each state agency, designated by that agency, that receives information disseminated by the STMP. In most agencies, this person coordinates or arranges the business travel for that agency. In some agencies, this person is also responsible for filing the vouchers and paying the travel bills.

Traveler - A person who, under Section 125.1 of the GSC's travel rules, is eligible to use the contract services or rates.

Exceptions

The contracts listed in this directory must be used unless an approved exception condition exists. These conditions may be supplemented by policies specific to individual state agencies. When a contractor is not used or the purchase or reimbursement for airline or rental car transportation exceeds the contract airfare or rental car rate, one of the exception conditions must exist and the exception must appear on the travel voucher or be included with the payment voucher submitted to the Comptroller's Office. Approved exception conditions are listed below. The abbreviated wording (in bold) should be used on the voucher.

1. **In Travel Status.** a) The state traveler is already in travel status which renders the use of a contract travel agent impractical or unnecessary; or b) airline reservations are not required.
2. **Part of Group.** Travel is undertaken as part of a group program for which reservations must be made through a specified source to obtain a specified rate of service. (This includes, but is not limited to, travel for conventions/group meetings, which require stays at non-contract lodging establishments, and/or travel on non-contract air carriers.)
3. **Contractor not time efficient.** A contract travel vendor cannot provide services in the time period required to accomplish the purpose of the travel.
4. **Contractor not available.** A contract travel vendor's services are not available in a location that will reasonably allow the business requirements of a state traveler to be fulfilled.
5. **Contractor sold out.** A contract vendor is unable to provide the required services because it is sold out or does not offer services in the city being visited. (This exception also applies if the contractor does not have the type of service the state traveler requires, such as a specific type of vehicle or lodging room.)
6. **Non-contract rental car/hotel lower total cost.** Alternative rental car or hotel arrangements can be made at a lower total cost than the contract hotels or rental car companies. For rental cars, total costs include the base rate, loss/damage waiver protection, mileage charge, surcharges and cost for comparable liability insurance protection. For hotels, the cost of the guest room, net of taxes, shall be used to compare total costs.
7. **Contractor lower fare or rate.** A contract vendor offers a fare or rate lower by any amount than the contract fare or rate.
8. **Lower total cost using non-contract airline.** A non-contract airline offers a published fare to the general public which results in a lower total trip cost, including travel time, to the agency. However, lower or identical ("matched") airfares offered to state travelers only are not included within this exception.
9. **Disabled traveler/Transporting person in custody/Medical.** Travel is undertaken by persons with disabilities; by persons transporting prisoners or other persons in the custody of the State; or in a medical emergency. (This exception would cover, among other things, the need to use a non-contract rental car vendor to acquire needed hand controls.)

10. Security/Safety Risk. Use of contract travel vendors is perceived by the state traveler to present a security, safety, or health risk to the state traveler. (This would cover, for example: a) a traveler's use of a non-contract hotel if they perceive the contract property to be in an unsafe neighborhood or to have an undesirable clientele; b) the use of a non-contract vendor, e.g., a nonsmoking rental vehicle or hotel room, is required and not available from the contract vendor.)

11. Not eligible for contract. Travel is by persons who, under Section 125.1 of the GSC travel rules, are not eligible to use the contract services or rates. (This exception would apply to airfares purchased for independent contractors—who are NOT eligible for the contract airfares or to lodging charges for prospective employees who did not receive the contract rate.)

12. Companion fare at discount rate. Promotional airfares used by two or more state travelers on a companion basis resulting in an average airfare for each state traveler that is lower than the individual contract fare.

Purpose of Directory

The purpose of this directory is to provide state travelers and state agency travel coordinators information on:

- 1) travel vendors and how to use them;
- 2) regulations governing State of Texas business travel; and
- 3) who to call for assistance.

The *Directory* also offers tips on travel safety.

Travel Agent Services

The STMP has contracts with multiple travel agencies throughout the state to provide state travelers with reservations and ticketing for airlines, hotels, and rental cars. Each state agency selects the particular contracted travel agency or agencies their travelers will use from a list provided to the agency travel coordinator by the STMP. The State of Texas receives a rebate from contracted travel agencies on the commissions they earn from State business travel.

How to Use

- 1) When you are ready to make reservations for a trip, contact your state agency travel coordinator to find out which travel agency you should use.
- 2) Call the designated travel agency. Tell the travel agent that you are a State employee and the name and three-digit state agency code of the agency you work for. Tell him/her where and when you need to travel and what services you will need, i.e. airline tickets, hotel accommodations, rental car, etc. You will also need to tell the agent how you plan to pay for each of these services. (If you plan to use a charge card, you will have to give the travel agent the number.)
- 3) Be sure to double check the accuracy of all information with the travel agent before you hang up.
- 4) As soon as you receive your tickets, check all the information to make sure it is correct. Check: your name; the flight times, numbers, and destinations; the travel dates; the hotel information; and the rental car confirmation number.
- 5) If you must cancel your trip, immediately call the appropriate travel agency and tell them to cancel all reservations. (If your hotel reservation is not canceled, you may be billed for the room.) Get a confirmation number and/or the name of the person canceling the reservations and keep a record of it. Return your unused airline tickets to the travel agency as soon as possible for a refund. On non-refundable tickets, contact the travel agency that issued them for possible options. The cost of the tickets will be billed whether they are used or not. Refunds will appear as credits on future monthly charge card statements.

The names and locations of the contracted travel agencies can be found on the Internet at <http://www.gsc.state.tx.us/Travel> (no punctuation at end of address). Travelers, contact your state agency travel coordinator before contacting a travel agency. Travelers must use the travel agency(s) selected by his or her state agency.

Charge Card Services

The General Services Commission contracts with a charge card provider for services for State travelers. Accounts may be established for the state agency and for individual state travelers. These accounts are to be used for business-related charges only.

To be eligible for an individual state charge card, the individual must:

- ♦ take, or be expected to take, three (3) or more trips per fiscal year, or
- ♦ expend at least \$500.00 per fiscal year for official state business.

If you feel you need a state-sponsored charge card and you qualify under this program, contact your state agency travel coordinator for an application form. The charge card contractor will screen credit histories on individual applicants.

On individual accounts, the individual whose name appears on the card is responsible for payment of the account.

At the time this directory went to print, the GSC was in negotiation with charge card vendors for a new five-year contract, to begin October 1, 1996. Please check with your state agency travel coordinator for information on the charge card contractor.

Rental Car Contracts

The General Services Commission currently has contracts with Advantage Rent-A-Car and Avis Rent A Car System, Inc. These contracts are effective through December 31, 1997. Travelers may use the two contracts equally, depending on directions from their individual state agencies. Most rates include unlimited free mileage within the state of rental, free Loss/Damage Waiver, and free primary liability coverage. In some cases, drop-off charges on one-way car rentals are waived. Confirmation of all charges are the responsibility of the traveler and should be obtained when reservations are made.

For both vendors, the rates and provisions of the contracts apply only at locations within the 48 contiguous United States and in Puerto Rico. (Alaska and Hawaii are not included.) Also, provisions for taking a contracted rental vehicle out of the U.S. and across state lines vary from company to company and, in some cases, from location to location. If you plan to take the rental vehicle out of the country, i.e., to Canada or Mexico, you should ask about these policies at the time you make the reservation.

Advantage Rent-A-Car

The State of Texas contract rate identifier is your State Agency three-digit number + the letters TXC. Example: 111-TXC

The Advantage State of Texas reservation number: 1-800-777-5518

These rates are effective through December 31, 1997.

**The Advantage State of Texas customer service number:
1-800-777-5524**

- Except where indicated, rates include unlimited free mileage within the state of rental.
- All rates include Loss/Damage Waiver and primary liability insurance.
- Specialty vehicles (pickup trucks, cargo vans, 15-passenger vans, and mini-van rentals include 150 free miles per day, 750 miles per week, 3,000 miles per month. Each mile in excess of these limits will be charged at 20 cents (20¢) per mile.

SECONDARY DRIVERS: There are no fees for secondary (additional) drivers. However, all drivers must present a valid drivers license and sign the rental contract.

ONE-WAY RENTALS: There are no drop-off charges on one-way rentals between any two Advantage U.S. locations. Advance reservations are required and are subject to availability.

OVERTIME RENTALS: When returning an Advantage rental vehicle: The first 59 minutes of excess time will be allowed free. After this "grace period" expires, a per-hour charge will be imposed up to but not exceeding the next 24-hour charge. Per-hour rates for overtime charges are based on the class of vehicle rented and are listed on the rental agreement given to the renter as "OT Hours".

PERSONAL RENTALS: Personal rentals will be honored at all Advantage locations to renters over age 21. All benefits apply except that the renter's personal liability insurance is primary, Advantage's liability coverage is secondary, and coverage is limited to the statutory amounts required by the laws of the state of rental.

EXTENDED RENTALS: On weekly rentals, the rate will be five times the daily rate, with the sixth and seventh days being no charge. For monthly rentals, the rate will be 24 times the daily rate, with the 25th through 30th days being no charge. These free days apply only AFTER the paid days have expired. (Please refer to the *State of Texas Travel Allowance Guide*, published by the Comptroller of Public Accounts, for information on reimbursement for extended rentals.)

EMERGENCY ROAD SERVICE: For emergency service, you may call 1-800-777-5500 between 6:30 a.m. and 11:00 p.m., or you may contact the renting location directly. State of Texas renters may rent cellular phones at participating location, with no minimum usage requirement. Many areas include the "Mr. Rescue" service as a free call for complimentary roadside assistance.

ACCIDENTS: If you have an accident, YOU MUST CONTACT THE RENTAL COMPANY WITHIN 24 HOURS OR THE INSURANCE COVERAGES INCLUDED IN THE CONTRACT WILL NOT BE VALID.

OTHER RESTRICTIONS: Due to vicarious liability, Advantage vehicles may not be driven in the states of New York, Florida, Michigan, Minnesota, Rhode Island, Iowa, and Washington, DC.

Avis Rent A Car System, Inc.

The State of Texas contract rate identifier is the Avis-assigned agency AWD number which consists of the prefix F999 + your State Agency three-digit number. Example: F999111.

The Avis State of Texas reservation number: 1-800-331-1212

AVIS	CAR TYPE	DAILY	WEEKLY	MONTHLY
	Economy	\$36.50	\$219	\$876
	Compact	\$36.50	\$219	\$876
	Intermediate	\$37.50	\$225	\$900
	Full-size (2-door)	\$39.50	\$237	\$948
	Full-size (4-door)	\$39.50	\$237	\$948
	Premium	\$49.50	\$297	\$1,188
	Luxury	\$59.50	\$357	\$1,428
	Mini-van*	\$55.00	\$330	\$1,320

* Includes 100 free miles per day; 30¢ per excess mile.

These rates are effective through December 31, 1997.

The Avis State of Texas customer service number: 1-800-525-7521 ext. 1064

- Most rates include unlimited free mileage for returns to the same city.
- Rates include Loss/Damage Waiver and primary liability coverage. (There are exceptions to these benefits. Please see note below.)
- Mini-van rentals include 100 free miles per day. Each mile in excess of 100 per day will be charged at 30 cents (30¢) per mile.

SECONDARY DRIVERS: Additional or secondary drivers who are State of Texas employees or the spouse (who is at least 25 years of age) of the renter may drive the rental vehicle at no additional charge. All other additional drivers may be charged an additional driver fee. It is not necessary for secondary drivers to sign the rental agreement.

ONE-WAY RENTALS: There are no drop-off charges on one-way rentals. The cost will be the normal daily rate plus 28 cents (28¢) per mile on the elapsed mileage on the odometer of the vehicle. One-way rentals are available only within the State of Texas. Advance reservations are required.

OVERTIME RENTALS: When returning an Avis vehicle: The first 59 minutes of excess time will be allowed free. After this "grace period", the second hour, up to 59 minutes, will be charged at 1/3 the daily rate; the third hour, up to 59 minutes, will be 2/3 the daily rate; and for returns after the third hour, the full daily charge will be assessed.

PERSONAL RENTALS: In order to receive the contract insurance provisions, the rental must be booked at the contract rate by using the appropriate state agency identifier number.

VAN/GROUP RENTALS: When making reservations with Avis for van/group rentals, you must call 1-800-533-0476. Groups on State of Texas business using the valid state agency AWD (Avis Worldwide Discount) number will be exempt from the additional insured endorsement requirement when the reservation is booked through this 800 number.

NO L/DW and/or UNLIMITED MILEAGE: Some of the Avis franchise locations DO NOT offer unlimited mileage and/or free Loss/Damage Waiver (L/DW). The Texas location that does not offer L/DW on the contract is Victoria. The Texas locations which do not give unlimited mileage are Abilene, Midland, San Angelo, and Texarkana. There are also Avis locations in other states which do not offer unlimited mileage and/or Loss/Damage Waiver coverage. Please check with your travel agent or with Avis when booking a vehicle to see if the city where you are renting offers these courtesies.

PREMIUM CITIES: Avis has several "premium" cities around the country. When you rent Avis vehicles in these cities you will be charged a surcharge that ranges from \$3 to \$12 per day. This surcharge is applicable in: Alaska, Illinois, New York State, Atlanta, Baltimore/Washington, D.C., Boston, Charlotte, Chicago, Cleveland, Denver/Colorado Springs, Detroit, Hartford, Kansas City, Minneapolis, New Orleans, Philadelphia, Pittsburgh, Puerto Rico, Seattle, St. Louis, and the New York City metro area (including Newark). There are no "premium" cities in Texas.

In the New York City metro area, **CONTRACT RATES DO NOT APPLY ON THE WEEKENDS**. This includes: La Guardia, JFK, Newark airport, and Manhattan locations. The rates for these New York locations are higher than elsewhere. Check when booking.

How to Use

- 1) You may reserve a rental car through your designated travel agency or by calling the rental car company itself. If you are flying somewhere and then picking up a rental vehicle, **HAVE THE TRAVEL AGENCY BOOK THE RENTAL CAR** at the same time they book the airfare. This will save you time and will ensure there is no confusion, as there might be if you call later to book the vehicle.
- 2) When making a reservation, be sure to identify yourself as a State of Texas employee and give your State agency contract rate identifier number. Verify the rates and get a confirmation number. When you

go to pick up the vehicle, give the rental agent this confirmation number and, again, identify yourself as a State of Texas employee and give your State agency contract rate identifier number.

- 3) **MAKE ADVANCE RESERVATIONS.** If you walk up to the counter of the rental car vendor without a reservation, they are NOT obligated to have a vehicle for you.

Tips

When you rent a vehicle from Advantage or Avis under the State of Texas contract, the rental rate includes two kinds of insurance: L/DW (Loss/Damage Waiver or comprehensive), which covers any damage to the rental vehicle; and Liability, which covers persons and property outside the rental vehicle. State employees, while about the furtherance of the affairs and business of their employer (in the course and scope of their employment), are covered by Workers' Compensation.

NO VEHICLE UPON ARRIVAL: If you show up at the rental counter with a confirmed reservation for a vehicle and they don't have one for you, under the state contract, both Advantage and Avis are required to:

1. give you a free upgrade to the next higher vehicle class, if that is available; or
2. acquire a comparable vehicle for you, from the other contract vendor if possible, or from a non-contract company. In either instance, they must pay any difference in the cost.

(These procedures do not apply if the vendor is sold out when you call to make the reservation. If that happens, you will have to locate a vehicle with another company yourself.)

If the counter person you are dealing with will not do this, ask to speak with the location manager. If you still do not get this assistance, call the company customer service contact or call our office (if it is during normal business hours). If for some reason you can't do this at the time of the rental, contact our office as soon as possible after your trip. We will get you a refund, or some other form of adjustment. And, we will require that the staff at that location be retrained to abide by the state contract.

Customer service contacts are: ADVANTAGE - 800-777-5524, Cherie Tennison, and AVIS - 800-525-7521 ext. 1064, Susan Gunderson. In either case, you can speak with another representative at that number if this person is unavailable. As always, if you do not get what you need, call us at the number on page 37 or fax the information to us at 512-463-3564.

PROMOTIONAL RATES: If you rent a vehicle from Advantage or Avis using a rate other than the State of Texas Contract Rate (e.g., a promotional rate), YOU WILL NOT BE COVERED by any insurances. You MUST request the State of Texas Contract Rate in order to receive the insurance coverages.

OTHER RENTAL CAR VENDORS: If you rent a vehicle from any other rental car vendor, insurance may or may not be included in the base rental rate. Inquire at the time of rental if insurances are included. If they are not, you must take them separately. If you need to use a non-contract rental car vendor under an allowable exception, L/DW charges will be reimbursed by the Comptroller; Liability charges will not. (Please refer to the *State of Texas Travel Allowance Guide* published by the Comptroller of Public Accounts.)

SURCHARGES: Many cities and/or airports around the country impose surcharges on car rentals in their areas. Example: Florida imposes a 5¢ per day Battery and Tire Surcharge and a \$2 per day Rental Car Surcharge on all rentals in that state. These are considered mandatory charges and will be reimbursed by the Comptroller.

Paying for Rental Car Services

Each state agency has different arrangements for paying for rental cars. They may be paid:

- ◆ with your individual state-issued corporate charge card;
- ◆ by direct-bill with a one-trip travel voucher issued by your state agency, if arrangements have previously been established by your state agency;
- ◆ by direct-bill without a one-trip voucher, if arrangements have previously been established by your state agency;
- ◆ on a special car rental charge account through the contract charge card vendor if the account has previously been established by your state agency. (At this time, this option is available only with Avis);
- ◆ with your personal non-state charge card; or
- ◆ by special advance arrangement, with cash.

Before renting a vehicle, check with your state agency travel coordinator to find out the method of payment that has been established for your agency. If you get to the rental counter without this information, you may not be able to obtain a vehicle.

Reimbursement Limits

Effective January 1, 1994, the purchase or reimbursement for rental car expenses may not exceed the contract rental car rate unless an exception condition applies.

Taxes and Surcharges

Some airports impose an airport fee on car rentals. (For example, D/FW Airport charges 8% of the rental on the bill.) There is also a surcharge imposed in some cities. (In New York City, it is \$12.00 per day.) These charges are allowable under the contracts and are to be paid with the bill. They will be reimbursed. (Please refer to the *State of Texas Travel Allowance Guide* published by the Comptroller of Public Accounts)

When renting a vehicle, the rental is exempt from taxes **ONLY WHEN THE RENTAL IS BILLED DIRECTLY TO THE STATE AGENCY**. On rentals billed to an individual traveler's charge card (or paid by cash) **THE RENTAL IS NOT EXEMPT FROM TAXES**. These taxes will be reimbursed.

Contracted Air Fares

The General Services Commission has contracted with airlines for State of Texas government fares in over 340 markets.

Reservations and tickets are available through the contract travel agencies, the contract airline, and all travel agencies that have been appointed by the Airlines Reporting Corporation. Tickets may be purchased **ONLY** with the State's contract charge accounts, either a central bill account or an individual account. *No other form of payment is accepted for state contract airfare purchases.* (Under the GSC's travel rules, **ALL** airfare for State of Texas business travelers must be purchased on a contract charge account unless a valid exception exists.) For members of the Texas Legislature, any form of payment may be used with a Texas Department of Public Safety identification card.

Besides providing lower overall fares for State business travelers, the contracts offer these advantages:

- * no advance purchase necessary,
- * no minimum/maximum length of stay required,
- * no fee or penalty for changing or canceling the reservation.

CONTRACT AIRFARES CANNOT BE USED FOR PERSONAL TRAVEL

Booking Codes

The fare basis codes of "YCATX" and "QCATX" have been established to identify the State of Texas contract fare on the contract city-pairs. Reservations for YCATX are made in the regular, unrestricted Y or coach class of service. Reservations for QCATX are made in the Q seat inventory. The Q inventory is capacity controlled, i.e., there are a limited number of seats available at the state contract rate.

When you receive your airline tickets, check to be sure they show the YCATX and/or QCATX booking codes. If they do not, you are **not** booked on a contract flight. If you are booked at a lower fare (that is available to the general public) you will need to show the approved exception on your reimbursement voucher. If you do not have the contract booking codes but think you should have, contact the entity that issued the ticket (travel agency, airline, or travel coordinator). You may be booked incorrectly.

CONTRACT AIRFARES CANNOT BE USED FOR PERSONAL TRAVEL

Ticketless Travel

The Comptroller has issued procedures for reimbursement of ticketless airline fares.

"The Comptroller's rules concerning receipt requirements for travel documents that contain reimbursement for air travel remain unchanged. . . . State employees choosing to use the ticketless system should receive a 'Passenger Itinerary and Receipt' and a confirmation number from Southwest Airlines or the contracted travel agency. . . . This 'receipt' is acceptable if a statement is included on the voucher that the original receipt is unavailable. State employees may also request a printed ticket [Ticketless Itinerary/Receipt] from Southwest Airlines upon checking in at the departure gate."

Other airlines are currently testing or will be testing ticketless travel programs in the near future. When you encounter ticketless travel with airlines other than Southwest, you should check with the Travel Audit office of the Comptroller of Public Accounts to see what procedures to use.

Check with your state agency travel coordinator for any special procedures for your individual state agency.

CONTRACT AIRFARES CANNOT BE USED FOR PERSONAL TRAVEL

How to Use

To make reservations, contact your designated travel agency. (If you do not know your designated travel agency, check with your state agency travel coordinator to find out.) Or, in the case of an emergency, contact the airline direct. Be sure to identify yourself as a State of Texas traveler to ensure you receive the State of Texas contract rate. (Airlines have contracts with other governmental entities, so please do not just say you need the government fare.)

A list of the new contracted Departure/Destination cities, the fares, and the airline (carrier), which are applicable in either direction follows. Fares are one way and include taxes; they do not include Passenger Facility Charges (PFCs) or other mandatory fees. (PFCs are additional fees assessed by many airports and/or cities which airlines must collect for these entities or any fees for special services such as a prepaid ticket charge [PTA]. Exceptions: America West, Conquest, Southwest, and United do not assess a PTA charge for tickets issued at the contract rates.) These fees are reimbursable.

Matched Fares

Airlines that did not receive the State's contract award in a specific city-pair may offer matched or lower "state rates." Use of these fares is NOT an authorized exception to using the contract airline. Use of the contract airline in the city-pairs for which they received the awards is vital to the continuation of contract airfares.

Reimbursement Limits

The purchase or reimbursement of commercial air transportation may not exceed the contract fare unless an exception condition applies.

Tips

Plan your trip as far in advance as possible. Flights during holidays and special event times may sell out far ahead of time. Also, making flight arrangements in advance will frequently give you access to fares even lower than the State's contract rates.

Be at the boarding gate on time. Many airlines begin boarding standby passengers 30 minutes before departure time. If you are late, or have not checked in, they may give your seat to a standby passenger, even if you have a confirmed reservation.

Reconfirm your reservations. Flight schedules sometimes change; it is a good idea to reconfirm your reservations a day or two before you start your trip. On international flights, most airlines require that you reconfirm your reservations at least 72 hours in advance. If you don't, your reservations may be canceled.

If you lose your airline ticket, report it immediately to your travel agency or to the airline that issued the ticket, i.e., the airline whose name is printed on the top of the ticket. You will be asked to submit a lost ticket refund application. Usually, processing of these applications takes from 90 to 180 days and a processing fee of \$50 is charged. *Southwest Airlines does not refund lost tickets.*

If you purchase a nonrefundable ticket (under an allowable exception), there is a \$50 charge for changing it, should the need arise.

Aircraft Pooling Board

The State Aircraft Pooling Board (SAPB) was created to provide safe, cost-effective air transportation for state officials and employees.

Some of the advantages of using SAPB are:

- ♦ Flights are direct to the airport of your choosing—no round-about connecting flights; no stopovers; no missing baggage.
- ♦ Flights can utilize smaller airports, flying into cities which do not have commercial service or to more centrally located airports in larger cities, thus reducing surface travel time and expense.
- ♦ SAPB flies when YOU want, according to YOUR appointment schedule. Flights may be scheduled for any time of any day of the week.
- ♦ Free, secured parking.

Because of the flexibility in scheduling and SAPB's ability to fly into non-commercial airports, this usually eliminates the need for overnight stays. These things result in less travel time, shorter work days, reduced fatigue, and increased productivity. Depending on passenger loads, SAPB flight costs can be much lower than commercial rates.

For more detailed information on SAPB services, call (512) 477-8900.

Contracted Hotel Rates

GSC contracts with hotels for discounted rates for state employees on transient travel. In some instances, these rates may not be available during holidays or special events; lower rates may be available during low peak travel times.

In order to be awarded a contract with the State of Texas, hotels must offer a certain discount percentage off their standard rates and must offer at least 20% of the hotel's total single room inventory at these discounted rates, based on availability. In many instances, contracted hotels have offered more than the required discount and no limitation on the number of room available to state travelers. Some offer free meals, airport transportation, newspapers, etc. Some hotels extend their discounted rates to state employees for personal travel. Some do not. This is the decision of the hotel management and is not a part of the contract.

TAXES: Texas state employees, except employees of institutions of higher education as defined in TEX. EDUC. CODE ANN. Sec. 61.003 (Vernon Supp. 1990), are no longer exempt from state, county, and local hotel/motel occupancy taxes when staying at hotels in Texas. Employees of educational institutions are exempt from the state occupancy tax and must pay for county and local hotel/motel occupancy taxes. On hotel stays outside the State of Texas, all travelers are subject to all taxes imposed by the hotel.

How to Use

Reservations for hotel stays may be made through the designated travel agency or by calling the hotel direct. Ask for the STATE OF TEXAS CONTRACT RATE. If the reservationist does not know about the contract, ask him/her to check with the sales manager. If you have a problem getting the contracted rate, contact the Travel Management Section at 512-463-3559.

REMEMBER: The rates listed in this directory are for *transient travel only*; they are NOT for conference/convention/group meeting stays. Rates for these events are negotiated as a part of the conference package.

Tips

Guarantee your reservation when necessary. Hotels have time deadlines for holding a reservation. Ask the hotel, or your travel agency, what the deadline for check-in is at the hotel you have selected. If you may be arriving after this deadline (usually from 4 to 6 p.m.), make sure it is "guaranteed for late arrival." Guaranteeing the reservation means it will be held for you until midnight. You may guarantee the reservation by prepaying the first night's cost, giving a major credit card number, or by whatever other means the hotel requires. If you do not use your reservation or cancel before the arrival time, **YOU WILL BE CHARGED FOR THE ROOM** and are responsible for paying the charge. Some hotels have begun charging an "early checkout" fee. If you check out before the time your reservation is up, ask if you will be charged this fee. If so, you are responsible for paying it.

Per Diem

REIMBURSEMENT LIMITS: In accordance with the General Appropriations Act, (Acts 1989, 71st Legislature, Article V), state employees traveling in-state may be reimbursed for the actual cost of lodging, not to exceed fifty-five dollars (\$55) per day with twenty-five dollars (\$25) allowed for meals, for a total of eighty dollars (\$80) per day.

State employees traveling out of state, but within the continental United States, receive a locality-based flat rate for meals and lodging, not to exceed the locality-based allowance provided by Federal Government Travel Regulations. Employees traveling to localities not listed in the federal regulations receive the lowest flat rate established in that particular state for meals and lodging.

REMINDER: In some cases, the hotel rate may exceed the reimbursable per diem. In Texas, you will not be reimbursed for this overage.

For additional information on reimbursement guidelines, check with your state agency accounting/fiscal office, the *State of Texas Travel Allowance Guide* published by the Comptroller of Public Accounts, or call (512) 475-0964.

Safety Tips for Travelers

For hotel stays . . .

- ♦ Verify all unexpected deliveries to the room with the front desk and always look through the peephole to see who is at the door before you open it.
- ♦ Don't venture into large parking lots or darkened areas on hotel grounds. If you cannot avoid these areas, the hotel should be able to provide an escort. Ask for one.
- ♦ Request a room that is not on the ground floor or accessible from the ground.
- ♦ Don't reveal room numbers within earshot of unfamiliar people. If a desk clerk mentions your room number out loud, request another room. Don't needlessly display your room key in public or carelessly leave it on the restaurant table, at the swimming pool, or other places where it can be easily stolen.
- ♦ When you check in, request an escort to accompany you to your room and check it out. Don't enter a room if the door is ajar.
- ♦ Always use the deadbolts or auxiliary locks provided on the door of your room.
- ♦ Never sit in a room with the door left open. Never leave the door open when you leave the room, even to go for ice.

- ◆ Never display large amounts of cash in shops, taxis, hotel lobbies, or on the street. Don't call attention to yourself by wearing expensive jewelry.
- ◆ Carry a rubber doorstop with you and place it under the door of your room. Or carry a portable electronic safety device to use on the door or in the room itself.
- ◆ When returning to your hotel or motel late in the evening, use the main entrance of the facility. Avoid dimly lit, out-of-the-way entryways.

Women,

- when checking into a motel, ask for a room near the office.
- never eat dinner alone at the same motel/hotel where you are staying.

While driving . . .

- ◆ When picking up a rental car, ask if one with nothing on it to identify it as a rental car (i.e., company stickers, special license plates, etc.) is available. These identifiers can make you a target for criminals who assume travelers have extra money with them and don't know their way around the city.
- ◆ If you get lost, don't broadcast it. When asking for directions, be discreet. Making it public knowledge that you are lost can make you a target for unscrupulous observers.
- ◆ Always park in well-lit areas. Before exiting your car, check for suspicious persons in the area and always lock the doors. Also, backing into a parking space makes for a quicker, easier exit.
- ◆ Always have your keys ready, in your hand, when you approach your vehicle. Look underneath the car while walking toward it. Before entering, check both front and rear seats for intruders.
- ◆ When traveling on unfamiliar highways: 1) Write down and leave an itinerary with the office or your family, complete with travel dates, lodgings, and phone numbers where you expect to be. If possible, call in to report your safe arrival at each location. 2) Carry maps with routes clearly marked. 3) Travel on main roads and during daylight hours as much as possible.
- ◆ Do not display/leave valuables in your vehicles.
- ◆ Women, place a man's hat on the dashboard of your car.

Questions and Comments

We hope this directory will be a valuable tool in planning and implementing your travel for the State of Texas. In line with this, we welcome your comments, questions, and suggestions regarding the contract travel vendors and your experiences with them.

Each State Agency has an assigned TRAVEL COORDINATOR who is your representative for the travel program. It is the Travel Coordinator's job to ensure all travelers in his or her agency are informed about policies, contracts, etc., which affect your business travel. If you don't know who your Travel Coordinator is or cannot contact him/her, we will be happy to give you that information.

Also, we have staff who will discuss with these vendors any difficulties you report to us.

- If you are having trouble getting a contract hotel rate, ask for the Director of Sales for that hotel. If you still don't get the correct rate, CONTACT your Travel Coordinator and/or the GSC Travel Management Section. We will contact the hotel immediately and arrange the correct rate or an appropriate refund.
- If your stay at a contracted lodging facility was uncomfortable or unpleasant due to conditions at the facility, CONTACT your Travel Coordinator and/or the GSC Travel Management Section. We want to get the word out to other State travelers so they will know what to expect. Let us know if you are particularly pleased with a contract property, so we can pass that information along, also.
- All contracted lodging facilities have certified they are in compliance with the the Texas Health and Safety Code, Title 9, Chapter 792. Smoke Detectors in Hotels. If the property does not have working smoke detectors in the sleeping rooms, CONTACT the GSC Travel Management Section.
- If a hotel listing indicates they have ADA services but they do not have them, CONTACT the GSC Travel Management Section.
- If you have a favorite hotel and it is not on contract with us, CONTACT your Travel Coordinator and/or the GSC Travel Management Section and we will invite them to contract with us.
- CONTACT your Travel Coordinator and/or the GSC Travel Management Section if you have difficulties with rental cars, charge cards, travel agencies, or airlines on State contract.

The Travel Management Section also publishes the *Travel-N-Texas Update (TNT)* newsletter. It contains current information travelers and travel coordinators need to know, answers to travel questions, and additions and changes to travel contracts. Newly contracted hotels are listed, as well as changes in hotel contract status, i.e., cancellations, name changes. If you do not receive the *TNT* newsletter, contact your state agency travel coordinator or the GSC Travel Management Section.

HOTELS

NOTES ON HOTEL LISTINGS

The listings for contract hotels are divided into two sections: those in Texas and those in other states. Hotels are listed in alphabetical order by city in Texas and by state and city in other states.

Rates

- 1) When requesting the rates listed in this directory, ask for the STATE OF TEXAS CONTRACT RATE. If you ask for the "Government" rate, you will probably get the wrong rate.
- 2) The rates listed in this directory DO NOT APPLY TO CONFERENCES AND GROUP MEETINGS. Those rates are negotiated as a part of the conference package. The rates listed in this directory are for transient/individual travel ONLY.
- 3) In some instances, the contracted single-room rate is higher than the allowable per diem. We accept these rates because the discount the hotel is offering meets contract requirements. We list them because: some travelers choose to stay at a nicer property and pay the difference themselves; some travelers choose to share a double room rate at a nicer property; some categories of state travelers are reimbursed the actual cost of their travel. Do not expect these hotels to give you a rate comparable to the per diem. They are only obligated to offer the rate listed. For your convenience, hotels in Texas with a single-room contract rate of over the \$55 per diem, are "flagged." B
- 4) If you request the State of Texas Contract Rate from one of these hotels and the hotel does not honor the rate listed in this directory, CALL US! We will contact the hotel and get the rate for you, or, if you have already stayed there and been billed more than the contract rate, we will get the difference refunded to you. Call (512) 463-3559 and say you have a hotel rate problem.

Identification

When checking into a contracted lodging, please be prepared to show one of the following forms of identification as proof that you are entitled to the State of Texas contract rate:

- a State of Texas employee ID card;
- an individual contract charge card issued by and embossed with the State of Texas;
- a State of Texas payroll ID (i.e, check stub): or

- a letter, on state agency letterhead and signed by an executive officer of that agency, identifying you as traveling on state business and authorized to use state contract rates.

Airports

For each hotel, we have listed the nearest public, commercial airport, according to the *Official Airlines Guides (OAG) Business Travel Planner*, Winter 1995-1996 edition. In instances in which a second commercial airport is in the same area, we have tried to list it also.

Directions

The directions in the hotel listings are supplied by the hotels themselves. If you find that they are incorrect, please let us know so we can pass the information on to other travelers.

Market Classification of Property

Hotels were asked to indicate whether their property would be classified as Luxury, Up-scale, Moderate, Economy, or Budget. In some instances, we felt their designation was not entirely appropriate and listed a different classification. To a great extent, these ratings are based on the standard rates charged by the properties.

ADA Requirements/Services

The management of each hotel listed in this directory has signed a statement certifying the property is in compliance with the Americans With Disabilities Act (ADA) guidelines for that type of facility. Different types of lodging facilities are required to meet different levels of compliance standards. In some cases, the facility may offer no ADA services but still be in compliance with the law.

Additional Services

Numbers denote amenities listed by the hotels. We have added some items to the list this year. The key to these numbers/amenities is on the next page.

Cancellation Policies

We have added the note "Cancellation policy enforced." on entries for properties that have indicated they will charge a fee if the

cancellation deadline is not met. If you do not cancel a reservation by the specified deadline, YOU WILL BE RESPONSIBLE FOR PAYING THE FEE.

Personal Travel

Hotels that offer the contract rates for personal travel do so at their own discretion, based on availability. If they choose to offer these rates for personal travel only on certain days of the week or at certain times of the year, IT IS THEIR OPTION TO DO SO. The contracted lodging facilities are not required to offer the contract rates for personal travel. If you are using them for personal travel, confirm the rate with the hotel when you make your reservation and again when you check in.

State Parks

Some travelers have expressed an interest in staying at state parks that are located in areas where they travel. The Travel Manager has approved this option. Texas state parks that offer "hotel-type" accommodations have been listed under the nearest city.

New Hotels

We will continue to offer hotels the opportunity to sign a contract with us throughout the fiscal year. As new hotels are approved, they will be listed in the *Travel-N-Texas Update*.

Taxes

Texas state employees, except employess of institutions of higher education as defined in TEX. EDUC. CODE ANN. Sec. 61.003 (Vernon Supp.1990), are no longer exempt from state, county, and local hotel/motel occupancy taxes when staying at hotels in Texas. Effective September 1, 1995, executive branch employees must pay the taxes and file for reimbursement for them. (House Bill 2151, 74th Texas Legislature).

ADA Services

Following are the ADA provisions we ask the hotels to indicate whether or not they have. A number "2" in the amenities section means the property indicated they have one or more of the first eight listed. If the property indicates none or only the last three, we show them as having no ADA provisions. (Our thought being that the last three are "accidental" provisions rather than things the property did with the intention of better serving disabled customers.)

1. Guest rooms adapted for persons with disabilities
2. Guest rooms for travelers with disabilities close to the elevators
3. 32" minimum clear opening for width of sleeping room, bathroom, and closet doors
4. Vanity with a maximum height of 34" and a clearance measured from the floor to the bottom of the apron. A minimum of 19" depth with a 30" width below the vanity Grab bars available at the water closet and bathtub/shower measuring 1¼" - 1½" in diameter
5. Visual alarm for deaf persons
6. Telecommunications Display Device (TDD) or amplified phones for hearing impaired persons available in guest rooms
7. Braille characters on signage and in elevators
8. Closed-caption decoders for televisions in guest rooms
9. Telephone accessible from bed in guest rooms
10. Light switches; heating and cooling controls; and drapery and shade controls within reach of someone in a wheelchair
11. Levered door handles
