

**WATER CODE**  
**TITLE 1. GENERAL PROVISIONS**  
**CHAPTER 1. GENERAL PROVISIONS**  
**SUBCHAPTER A. PURPOSE AND POLICY**

Sec. 1.001. PURPOSE OF CODE. (a) This code is enacted as a part of the state's continuing statutory revision program, begun by the Texas Legislative Council in 1963 as directed by the legislature in Chapter 448, Acts of the 58th Legislature, Regular Session, 1963 (Article 5429b-1, Vernon's Texas Civil Statutes). The program contemplates a topic-by-topic revision of the state's general and permanent statute law without substantive change.

(b) Consistent with the objectives of the statutory revision program, the purpose of this code is to make the general and permanent water law more accessible and understandable, by:

- (1) rearranging the statutes into a more logical order;
- (2) employing a format and numbering system designed to facilitate citation of the law and to accommodate future expansion of the law;
- (3) eliminating repealed, duplicative, unconstitutional, expired, executed, and other ineffective provisions; and
- (4) restating the law in modern American English to the greatest extent possible.

(c) This restatement shall not in any way make any changes in the substantive laws of the State of Texas.

(d) Laws of a local or special nature, such as statutes creating various kinds of conservation and reclamation districts, are not included in, or affected by, this code. The legislature believes that persons interested in these local and special laws may rely on the session laws and on compilations of these laws.

Acts 1971, 62nd Leg., p. 110, ch. 58, Sec. 1, eff. Aug. 30, 1971.

Sec. 1.002. CONSTRUCTION OF CODE. (a) The Code Construction Act (Chapter 311, Government Code) applies to the construction of each provision in this code, except as otherwise expressly provided by this code.

(b) In this code:

- (1) a reference to a title, chapter, or section without further identification is a reference to a title, chapter, or section of this code; and

(2) a reference to a subtitle, subchapter, subsection, subdivision, paragraph, or other numbered or lettered unit without further identification is a reference to a unit of the next larger unit of this code in which the reference appears.

(c) A reference in a law to a statute or part of a statute revised by this code is considered to be a reference to the part of this code that revises that statute or part of the statute.

Acts 1971, 62nd Leg., p. 110, ch. 58, Sec. 1, eff. Aug. 30, 1971.  
Amended by Acts 1985, 69th Leg., ch. 479, Sec. 74, eff. Sept. 1, 1985; Acts 1995, 74th Leg., ch. 715, Sec. 1, eff. Sept. 1, 1995.

Sec. 1.003. PUBLIC POLICY. It is the public policy of the state to provide for the conservation and development of the state's natural resources, including:

(1) the control, storage, preservation, and distribution of the state's storm and floodwaters and the waters of its rivers and streams for irrigation, power, and other useful purposes;

(2) the reclamation and irrigation of the state's arid, semiarid, and other land needing irrigation;

(3) the reclamation and drainage of the state's overflowed land and other land needing drainage;

(4) the conservation and development of its forest, water, and hydroelectric power;

(5) the navigation of the state's inland and coastal waters;

(6) the maintenance of a proper ecological environment of the bays and estuaries of Texas and the health of related living marine resources;

(7) the voluntary stewardship of public and private lands to benefit waters of the state; and

(8) the promotion of rainwater harvesting for potable and nonpotable purposes at public and private facilities in this state, including residential, commercial, and industrial buildings.

Acts 1971, 62nd Leg., p. 110, ch. 58, Sec. 1, eff. Aug. 30, 1971.  
Amended by Acts 1975, 64th Leg., p. 925, ch. 344, Sec. 1, eff. June 19, 1975.

Amended by:

Acts 2007, 80th Leg., R.S., Ch. 1352 (H.B. 4), Sec. 1, eff. June

15, 2007.

Acts 2007, 80th Leg., R.S., Ch. 1430 (S.B. 3), Sec. 2.01, eff. September 1, 2007.

Acts 2011, 82nd Leg., R.S., Ch. 1311 (H.B. 3391), Sec. 7, eff. September 1, 2011.

Sec. 1.004. FINDINGS AND POLICY REGARDING LAND STEWARDSHIP.

(a) The legislature finds that voluntary land stewardship enhances the efficiency and effectiveness of this state's watersheds by helping to increase surface water and groundwater supplies, resulting in a benefit to the natural resources of this state and to the general public. It is therefore the policy of this state to encourage voluntary land stewardship as a significant water management tool.

(b) "Land stewardship," as used in this code, is the voluntary practice of managing land to conserve or enhance suitable landscapes and the ecosystem values of the land. Land stewardship includes land and habitat management, wildlife conservation, and watershed protection. Land stewardship practices include runoff reduction, prescribed burning, managed grazing, brush management, erosion management, reseeding with native plant species, riparian management and restoration, and spring and creek-bank protection, all of which benefit the water resources of this state.

Added by Acts 2007, 80th Leg., R.S., Ch. 1352 (H.B. 4), Sec. 2, eff. June 15, 2007.

Added by Acts 2007, 80th Leg., R.S., Ch. 1430 (S.B. 3), Sec. 2.02, eff. September 1, 2007.

**TITLE 2. WATER ADMINISTRATION**

**SUBTITLE A. EXECUTIVE AGENCIES**

**CHAPTER 5. TEXAS COMMISSION ON ENVIRONMENTAL QUALITY**

**SUBCHAPTER A. GENERAL PROVISIONS**

Sec. 5.001. DEFINITIONS. In this chapter:

- (1) "Board" means the Texas Water Development Board.
- (2) "Commission" means the Texas Commission on Environmental Quality.
- (3) "Executive director" means the executive director of

the Texas Commission on Environmental Quality.

(4) "Clean coal project" means the installation of one or more components of the coal-based integrated sequestration and hydrogen research project to be built in partnership with the United States Department of Energy, commonly referred to as the FutureGen project. The term includes the construction or modification of a facility for electric generation, industrial production, or the production of steam as a byproduct of coal gasification to the extent that the facility installs one or more components of the FutureGen project.

(5) "Coal" has the meaning assigned by Section 134.004, Natural Resources Code.

(6) "Component of the FutureGen project" means a process, technology, or piece of equipment that:

(A) is designed to employ coal gasification technology to generate electricity, hydrogen, or steam in a manner that meets the FutureGen project profile;

(B) is designed to employ fuel cells to generate electricity in a manner that meets the FutureGen project profile;

(C) is designed to employ a hydrogen-fueled turbine to generate electricity where the hydrogen is derived from coal in a manner that meets the FutureGen project profile;

(D) is designed to demonstrate the efficacy at an electric generation or industrial production facility of a carbon dioxide capture technology in a manner that meets the FutureGen project profile;

(E) is designed to sequester a portion of the carbon dioxide captured from an electric generation or industrial production facility in a manner that meets the FutureGen project profile in conjunction with appropriate remediation plans and appropriate techniques for reservoir characterization, injection control, and monitoring;

(F) is designed to sequester carbon dioxide as part of enhanced oil recovery in a manner that meets the FutureGen project profile in conjunction with appropriate techniques for reservoir characterization, injection control, and monitoring;

(G) qualifies for federal funds designated for the FutureGen project;

(H) is required to perform the sampling, analysis, or research necessary to submit a proposal to the United States

Department of Energy for the FutureGen project; or

(I) is required in a final United States Department of Energy request for proposals for the FutureGen project or is described in a final United States Department of Energy request for proposals as a desirable element to be considered in the awarding of the project.

(7) "FutureGen project profile" means a standard or standards relevant to a component of the FutureGen project, as provided in a final or amended United States Department of Energy request for proposals or contract.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985; Acts 1991, 72nd Leg., 1st C.S., ch. 3, Sec. 1.001, eff. Aug. 12, 1991.

Amended by:

Acts 2005, 79th Leg., Ch. 1097 (H.B. 2201), Sec. 6, eff. June 18, 2005.

Sec. 5.002. SCOPE OF CHAPTER. The powers and duties enumerated in this chapter are the general powers and duties of the commission and those incidental to the conduct of its business. The commission has other specific powers and duties as prescribed in other sections of this code and other laws of this state.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985.

#### **SUBCHAPTER B. ORGANIZATION OF THE TEXAS NATURAL RESOURCE CONSERVATION COMMISSION**

Sec. 5.011. PURPOSE OF CHAPTER. It is the purpose of this chapter to provide an organizational structure for the commission that will provide more efficient and effective administration of the conservation of natural resources and the protection of the environment in this state and to define the duties, responsibilities, authority, and functions of the commission and the executive director.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985; Acts 1991, 72nd Leg., 1st C.S., ch. 3, Sec. 1.003, eff. Aug.

12, 1991.

Sec. 5.012. DECLARATION OF POLICY. The commission is the agency of the state given primary responsibility for implementing the constitution and laws of this state relating to the conservation of natural resources and the protection of the environment.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985; Acts 1991, 72nd Leg., 1st C.S., ch. 3, Sec. 1.004, eff. Aug. 12, 1991.

Sec. 5.013. GENERAL JURISDICTION OF COMMISSION. (a) The commission has general jurisdiction over:

(1) water and water rights including the issuance of water rights permits, water rights adjudication, cancellation of water rights, and enforcement of water rights;

(2) continuing supervision over districts created under Article III, Sections 52(b)(1) and (2), and Article XVI, Section 59, of the Texas Constitution;

(3) the state's water quality program including issuance of permits, enforcement of water quality rules, standards, orders, and permits, and water quality planning;

(4) the determination of the feasibility of certain federal projects;

(5) the adoption and enforcement of rules and performance of other acts relating to the safe construction, maintenance, and removal of dams;

(6) conduct of the state's hazardous spill prevention and control program;

(7) the administration of the state's program relating to inactive hazardous substance, pollutant, and contaminant disposal facilities;

(8) the administration of a portion of the state's injection well program;

(9) the administration of the state's programs involving underground water and water wells and drilled and mined shafts;

(10) the state's responsibilities relating to regional waste disposal;

(11) the responsibilities assigned to the commission by Chapters 361, 363, 382, and 401, Health and Safety Code; and

(12) any other areas assigned to the commission by this code and other laws of this state.

(b) The rights, powers, duties, and functions delegated to the Texas Department of Water Resources by this code or by any other law of this state that are not expressly assigned to the board are vested in the commission.

(c) This section allocates among various state agencies statutory authority delegated by other laws. This section does not delegate legislative authority.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985; Acts 1991, 72nd Leg., ch. 14, Sec. 284(75), eff. Sept. 1, 1991; Acts 1991, 72nd Leg., 1st C.S., ch. 3, Sec. 1.005, eff. Aug. 12, 1991; Acts 2001, 77th Leg., ch. 376, Sec. 3.01, eff. Sept. 1, 2001; Acts 2001, 77th Leg., ch. 965, Sec. 1.01, eff. Sept. 1, 2001; Acts 2003, 78th Leg., ch. 1067, Sec. 22, eff. Sept. 1, 2003.

Amended by:

Acts 2007, 80th Leg., R.S., Ch. 1323 (S.B. 1436), Sec. 2, eff. September 1, 2007.

Acts 2013, 83rd Leg., R.S., Ch. 170 (H.B. 1600), Sec. 2.01, eff. September 1, 2013.

Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 1, eff. September 1, 2013.

Sec. 5.014. SUNSET PROVISION. The Texas Commission on Environmental Quality is subject to Chapter 325, Government Code (Texas Sunset Act). Unless continued in existence as provided by that chapter, the commission is abolished and this chapter expires September 1, 2023.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985; Acts 1987, 70th Leg., ch. 167, Sec. 2.20(46), eff. Sept. 1, 1987; Acts 1991, 72nd Leg., 1st C.S., ch. 3, Sec. 1.006, eff. Aug. 12, 1991; Acts 1991, 72nd Leg., 1st C.S., ch. 17, Sec. 5.19(a), eff. Nov. 12, 1991; Acts 2001, 77th Leg., ch. 965, Sec. 1.02, eff. Sept. 1, 2001.

Amended by:

Acts 2009, 81st Leg., 1st C.S., Ch. 2 (S.B. 2), Sec. 1.12, eff.

July 10, 2009.

Acts 2011, 82nd Leg., R.S., Ch. 1021 (H.B. 2694), Sec. 1.02, eff. September 1, 2011.

Sec. 5.015. CONSTRUCTION OF TITLE. This title shall be liberally construed to allow the commission and the executive director to carry out their powers and duties in an efficient and effective manner.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985.

#### **SUBCHAPTER C. TEXAS NATURAL RESOURCE CONSERVATION COMMISSION**

Sec. 5.051. COMMISSION. The Texas Natural Resource Conservation Commission is created as an agency of the state.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985; Acts 1991, 72nd Leg., 1st C.S., ch. 3, Sec. 1.008, eff. Aug. 12, 1991.

Sec. 5.052. MEMBERS OF THE COMMISSION; APPOINTMENT. (a) The commission is composed of three members who are appointed by the governor with the advice and consent of the senate to represent the general public.

(b) The governor shall make the appointments in such a manner that each member is from a different section of the state.

(c) Appointments to the commission shall be made without regard to the race, color, disability, sex, religion, age, or national origin of the appointees.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985; Acts 1993, 73rd Leg., ch. 485, Sec. 1, eff. June 9, 1993; Acts 2001, 77th Leg., ch. 965, Sec. 1.03, eff. Sept. 1, 2001.

Sec. 5.053. ELIGIBILITY FOR MEMBERSHIP. (a) A person may not be a member of the commission if the person or the person's spouse:

(1) is registered, certified, licensed, permitted, or

otherwise authorized by the commission;

(2) is employed by or participates in the management of a business entity or other organization regulated by the commission or receiving money from the commission;

(3) owns or controls, directly or indirectly, more than a 10 percent interest in a business entity or other organization regulated by or receiving funds from the commission; or

(4) uses or receives a substantial amount of tangible goods, services, or money from the commission other than compensation or reimbursement authorized by law for commission membership, attendance, or expenses.

(b) In addition to the eligibility requirements in Subsection (a) of this section, persons who are appointed to serve on the commission for terms which expire after August 31, 2001, must comply at the time of their appointment with the eligibility requirements established under 33 U.S.C. Sections 1251-1387, as amended.

(c) Subsection (a)(2) does not apply to an employee of a political subdivision of this state. If the United States Environmental Protection Agency determines that there will be a negative impact on the State of Texas' National Pollution Discharge Elimination Systems delegation, this subsection does not apply.

Added by Acts 1995, 74th Leg., ch. 310, Sec. 1, eff. Aug. 28, 1995.  
Amended by Acts 2001, 77th Leg., ch. 965, Sec. 1.04, eff. Sept. 1, 2001.

Amended by:

Acts 2007, 80th Leg., R.S., Ch. 1278 (H.B. [3769](#)), Sec. 1, eff. June 15, 2007.

Sec. 5.0535. REQUIRED TRAINING PROGRAM FOR COMMISSION MEMBERS.

(a) A person who is appointed to and qualifies for office as a member of the commission may not vote, deliberate, or be counted as a member in attendance at a meeting of the commission until the person completes a training program that complies with this section.

(b) The training program must provide the person with information regarding:

- (1) the legislation that created the commission;
- (2) the programs operated by the commission;
- (3) the role and functions of the commission;

- (4) the rules of the commission, with an emphasis on the rules that relate to disciplinary and investigatory authority;
- (5) the current budget for the commission;
- (6) the results of recent significant internal and external audits of the commission;
- (7) the requirements of:
  - (A) the open meetings law, Chapter 551, Government Code;
  - (B) the public information law, Chapter 552, Government Code;
  - (C) the administrative procedure law, Chapter 2001, Government Code; and
  - (D) other laws relating to public officials, including conflict-of-interest laws; and
- (8) any applicable ethics policies adopted by the commission or the Texas Ethics Commission.

(c) A person appointed to the commission is entitled to reimbursement, as provided by the General Appropriations Act, for the travel expenses incurred in attending the training program regardless of whether the attendance at the program occurs before or after the person qualifies for office.

Added by Acts 2001, 77th Leg., ch. 965, Sec. 1.05, eff. Sept. 1, 2001.

Sec. 5.054. REMOVAL OF COMMISSION MEMBERS. (a) It is a ground for removal from the commission that a member:

- (1) does not have at the time of taking office the qualifications required by Section 5.053(b);
- (2) does not maintain during the service on the commission the qualifications required by Section 5.053(b);
- (3) is ineligible for membership under Section 5.053(a), 5.059, or 5.060;
- (4) cannot, because of illness or disability, discharge the member's duties for a substantial part of the member's term; or
- (5) is absent from more than one-half of the regularly scheduled commission meetings that the member is eligible to attend during each calendar year without an excuse approved by a majority vote of the commission.

(b) The validity of an action of the commission is not affected by the fact that it is taken when a ground for removal of a member of the commission exists.

(c) If the executive director or a member has knowledge that a potential ground for removal exists, the executive director or member shall notify the presiding officer of the commission of the potential ground. The presiding officer shall then notify the governor and the attorney general that a potential ground for removal exists. If the potential ground for removal involves the presiding officer, the executive director or another member of the commission shall notify the member of the commission with the most seniority, who shall then notify the governor and the attorney general that a potential ground for removal exists.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985; Acts 2001, 77th Leg., ch. 965, Sec. 1.06, eff. Sept. 1, 2001.

Sec. 5.055. OFFICERS OF STATE; OATH. Each member of the commission is an officer of the state as that term is used in the constitution, and each member shall qualify by taking the official oath of office.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985.

Sec. 5.056. TERMS OF OFFICE. (a) The members of the commission hold office for staggered terms of six years, with the term of one member expiring every two years. Each member holds office until his successor is appointed and has qualified.

(b) A person appointed to the commission may not serve for more than two six-year terms.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985.

Sec. 5.057. FULL-TIME SERVICE. Each member of the commission shall serve on a full-time basis.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985.

Sec. 5.058. OFFICERS; MEETINGS. (a) The governor shall designate a member of the commission as the presiding officer of the commission to serve in that capacity at the pleasure of the governor.

(b) The presiding officer may designate another commissioner to act for the presiding officer in the presiding officer's absence.

(c) The presiding officer shall preside at the meetings and hearings of the commission.

(d) The commission shall hold regular meetings and all hearings at times specified by a commission order and entered in its minutes. The commission may hold special meetings at the times and places in the state that the commission decides are appropriate for the performance of its duties. The presiding officer or acting presiding officer shall give the other members reasonable notice before holding a special meeting.

(e) A majority of the commission is a quorum.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985; Acts 2001, 77th Leg., ch. 965, Sec. 1.07, eff. Sept. 1, 2001.

Sec. 5.059. CONFLICT OF INTEREST. (a) In this section, "Texas trade association" means a cooperative and voluntarily joined association of business or professional competitors in this state designed to assist its members and its industry or profession in dealing with mutual business or professional problems and in promoting their common interest.

(b) A person may not be a member of the commission and may not be a commission employee employed in a "bona fide executive, administrative, or professional capacity," as that phrase is used for purposes of establishing an exemption to the overtime provisions of the federal Fair Labor Standards Act of 1938 (29 U.S.C. Section 201 et seq.) and its subsequent amendments, if:

(1) the person is an officer, employee, or paid consultant of a Texas trade association in an industry regulated by the commission; or

(2) the person's spouse is an officer, manager, or paid

consultant of a Texas trade association in an industry regulated by the commission.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985; Acts 2001, 77th Leg., ch. 965, Sec. 1.08, eff. Sept. 1, 2001.

Sec. 5.060. LOBBYIST PROHIBITION. A person may not be a member of the commission or act as general counsel to the commission if the person is required to register as a lobbyist under Chapter 305, Government Code, because of the person's activities for compensation on behalf of a profession related to the operation of the commission.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985; Acts 1987, 70th Leg., ch. 167, Sec. 2.19(24), eff. Sept. 1, 1987; Acts 2001, 77th Leg., ch. 965, Sec. 1.08, eff. Sept. 1, 2001.

Sec. 5.061. PROHIBITION ON ACCEPTING CAMPAIGN CONTRIBUTIONS. A member of the commission may not accept a contribution to a campaign for election to an elected office. If a member of the commission accepts a campaign contribution, the person is considered to have resigned from the office and the office immediately becomes vacant. The vacancy shall be filled in the manner provided by law.

Added by Acts 2011, 82nd Leg., R.S., Ch. 1021 (H.B. [2694](#)), Sec. 1.03, eff. September 1, 2011.

#### **SUBCHAPTER D. GENERAL POWERS AND DUTIES OF THE COMMISSION**

Sec. 5.101. SCOPE OF SUBCHAPTER. The powers and duties provided by this subchapter are the general powers and duties of the commission and those incidental to the conduct of its business. The commission has other specific powers and duties as prescribed in other sections of the code and other laws of this state.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985.

Sec. 5.102. GENERAL POWERS. (a) The commission has the powers

to perform any acts whether specifically authorized by this code or other law or implied by this code or other law, necessary and convenient to the exercise of its jurisdiction and powers as provided by this code and other laws.

(b) The commission may call and hold hearings, receive evidence at hearings, administer oaths, issue subpoenas to compel the attendance of witnesses and the production of papers and documents, and make findings of fact and decisions with respect to its jurisdiction under this code and other laws and rules, orders, permits, licenses, certificates, and other actions adopted, issued, or taken by the commission.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985.

Sec. 5.103. RULES. (a) The commission shall adopt any rules necessary to carry out its powers and duties under this code and other laws of this state.

(b) The commission shall adopt reasonable procedural rules to be followed in a commission hearing. The executive director may recommend to the commission for its consideration any rules that he considers necessary.

(c) Rules shall be adopted in the manner provided by Chapter 2001, Government Code. As provided by that Act, the commission must adopt rules when adopting, repealing, or amending any agency statement of general applicability that interprets or prescribes law or policy or describes the procedure or practice requirements of an agency. The commission shall follow its own rules as adopted until it changes them in accordance with that Act.

(d) The commission shall include as a part of each rule the commission adopts, and each proposed rule for adoption after the effective date of this subsection, a citation to the statute that grants the specific regulatory authority under which the rule is justified and a citation of the specific regulatory authority that will be exercised. If no specific statutory authority exists and the agency is depending on this section, citation of this section, or Section 5.102 or 5.013, is sufficient. A rule adopted in violation of this subsection is void.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1,

1985; Acts 1993, 73rd Leg., ch. 802, Sec. 1, eff. June 18, 1993; Acts 1995, 74th Leg., ch. 76, Sec. 5.95(49), eff. Sept. 1, 1995; Acts 2001, 77th Leg., ch. 965, Sec. 1.09, eff. Sept. 1, 2001.

Sec. 5.1031. NEGOTIATED RULEMAKING AND ALTERNATIVE DISPUTE RESOLUTION. (a) The commission shall develop and implement a policy to encourage the use of:

(1) negotiated rulemaking procedures under Chapter 2008, Government Code, for the adoption of commission rules; and

(2) appropriate alternative dispute resolution procedures under Chapter 2009, Government Code, to assist in the resolution of internal and external disputes under the commission's jurisdiction.

(b) The commission's procedures relating to alternative dispute resolution must conform, to the extent possible, to any model guidelines issued by the State Office of Administrative Hearings for the use of alternative dispute resolution by state agencies.

(c) The commission shall:

(1) coordinate the implementation of the policy adopted under Subsection (a);

(2) provide training as needed to implement the procedures for negotiated rulemaking or alternative dispute resolution; and

(3) collect data concerning the effectiveness of those procedures.

Added by Acts 2011, 82nd Leg., R.S., Ch. 1021 (H.B. 2694), Sec. 1.04, eff. September 1, 2011.

Sec. 5.1035. RULES REGARDING DRINKING-WATER STANDARDS. Before adopting rules regarding statewide drinking-water standards, the commission shall hold public meetings, if requested, at its regional offices to allow municipalities, water supply corporations, and other interested persons to submit data or comments concerning the proposed drinking-water standards.

Added by Acts 1997, 75th Leg., ch. 1010, Sec. 4.41, eff. Sept. 1, 1997.

Sec. 5.104. MEMORANDA OF UNDERSTANDING. (a) The commission

and board by rule shall develop memoranda of understanding as necessary to clarify and provide for their respective duties, responsibilities, or functions on any matter under the jurisdiction of the commission or board that is not expressly assigned to either the commission or board.

(b) The commission may enter into a memorandum of understanding with any other state agency and shall adopt by rule any memorandum of understanding between the commission and any other state agency.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985.

Sec. 5.105. GENERAL POLICY. Except as otherwise specifically provided by this code, the commission, by rule, shall establish and approve all general policy of the commission.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985.

Sec. 5.106. BUDGET APPROVAL. The commission shall examine and approve all budget recommendations for the commission that are to be transmitted to the legislature.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985.

Sec. 5.107. ADVISORY COMMITTEES, WORK GROUPS, AND TASK FORCES.

(a) The commission or the executive director may create and consult with advisory committees, work groups, or task forces, including committees, work groups, or task forces for the environment, for public information, or for any other matter that the commission or the executive director may consider appropriate.

(b) The commission shall identify affected groups of interested persons for advisory committees, work groups, and task forces and shall make reasonable attempts to have balanced representation on all advisory committees, work groups, and task forces. This subsection does not require the commission to ensure that all representatives attend a scheduled meeting. A rule or other action may not be

challenged because of the composition of an advisory committee, work group, or task force.

(c) The commission shall monitor the composition and activities of advisory committees, work groups, and task forces appointed by the commission or formed at the staff level and shall maintain that information in a form and location that is easily accessible to the public, including making the information available on the Internet.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985; Acts 2001, 77th Leg., ch. 965, Sec. 1.10, eff. Sept. 1, 2001.

Sec. 5.108. EXECUTIVE DIRECTOR. (a) The commission shall appoint an executive director to serve at the will of the commission.

(b) The board shall exercise the powers of appointment which the Texas Water Rights Commission had the authority to exercise on August 30, 1977, except for those powers of appointment expressly provided to the Texas Water Rights Commission in Chapters 50 through 63 inclusive, of the Water Code, which are delegated to the commission.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985.

Sec. 5.109. CHIEF CLERK. (a) The commission shall appoint a chief clerk who shall serve at the will of the commission.

(b) The chief clerk shall assist the commission in carrying out its duties under this code and other law.

(c) The chief clerk shall issue notice of public hearings held under the authority of the commission.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985; Acts 1991, 72nd Leg., 1st C.S., ch. 3, Sec. 1.009, eff. Aug. 12, 1991.

Sec. 5.110. GENERAL COUNSEL. (a) The commission shall appoint a general counsel who shall serve at the will of the commission.

(b) The general counsel is the chief legal officer for the commission.

(c) The general counsel must be an attorney licensed to practice law in this state.

(d) The general counsel shall perform the duties and may exercise the powers specifically authorized by this code or delegated to the general counsel by the commission.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985.

Sec. 5.111. STANDARDS OF CONDUCT. The commission shall provide to its members, appointees, and employees as often as is necessary information regarding their qualifications under this code and their responsibilities under applicable laws relating to standards of conduct for state officers or employees.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985.

Sec. 5.112. PUBLIC TESTIMONY POLICY. The commission shall develop and implement policies that will provide the public with a reasonable opportunity to appear before the commission and to speak on any issue under the jurisdiction of the commission.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985; Acts 1987, 70th Leg., ch. 977, Sec. 1, eff. June 19, 1987.

Sec. 5.113. COMMISSION AND STAFF RESPONSIBILITY POLICY. The commission shall develop and implement policies that clearly separate the respective responsibilities of the commission and the staff.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985.

Sec. 5.114. APPLICATIONS AND OTHER DOCUMENTS. Applications and other documents to be filed with the commission for final action under this code shall be filed with the executive director and handled in the manner provided by this code.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985.

Sec. 5.115. PERSONS AFFECTED IN COMMISSION HEARINGS; NOTICE OF APPLICATION. (a) For the purpose of an administrative hearing held by or for the commission involving a contested case, "affected person," or "person affected," or "person who may be affected" means a person who has a personal justiciable interest related to a legal right, duty, privilege, power, or economic interest affected by the administrative hearing. An interest common to members of the general public does not qualify as a personal justiciable interest. The commission shall adopt rules specifying factors which must be considered in determining whether a person is an affected person in any contested case arising under the air, waste, or water programs within the commission's jurisdiction and whether an affected association is entitled to standing in contested case hearings.

(b) At the time an application for a permit or license under this code is filed with the executive director and is administratively complete, the commission shall give notice of the application to any person who may be affected by the granting of the permit or license. A state agency that receives notice under this subsection may submit comments to the commission in response to the notice but may not contest the issuance of a permit or license by the commission. For the purposes of this subsection, "state agency" does not include a river authority.

(c) At the time an application for any formal action by the commission that will affect lands dedicated to the permanent school fund is filed with the executive director or the commission and is administratively complete, the commission shall give notice of the application to the School Land Board. Notice shall be delivered by certified mail, return receipt requested, addressed to the deputy commissioner of the asset management division of the General Land Office. Delivery is not complete until the return receipt is signed by the deputy commissioner of the asset management division of the General Land Office and returned to the commission.

(d) The commission shall adopt rules for the notice required by this section.

(e) The notice must state:

(1) the identifying number given the application by the

commission;

- (2) the type of permit or license sought under the application;
- (3) the name and address of the applicant;
- (4) the date on which the application was submitted; and
- (5) a brief summary of the information included in the permit application.

(f) The notice to the School Land Board under this section shall additionally:

- (1) state the location of the permanent school fund land to be affected; and
- (2) describe any foreseeable impact or effect of the commission's action on permanent school fund land.

(g) A formal action or ruling by the commission on an application affecting permanent school fund land that is made without the notice required by this section is voidable by the School Land Board as to any permanent school fund lands affected by the action or ruling.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985; Acts 1991, 72nd Leg., 1st C.S., ch. 3, Sec. 1.010, eff. Aug. 12, 1991; Acts 1993, 73rd Leg., ch. 991, Sec. 6, eff. Sept. 1, 1993; Acts 1995, 74th Leg., ch. 882, Sec. 1, eff. Sept. 1, 1995; Acts 1999, 76th Leg., ch. 1350, Sec. 1, eff. Sept. 1, 1999.

Amended by:

Acts 2011, 82nd Leg., R.S., Ch. 1021 (H.B. [2694](#)), Sec. 10.01, eff. September 1, 2011.

Sec. 5.116. HEARINGS; RECESS. The commission may recess any hearing or examination from time to time and from place to place.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985.

Sec. 5.117. MANDATORY ENFORCEMENT HEARING. (a) The executive director shall monitor compliance with all permits and licenses issued by the commission under this code, and if the evidence available to the executive director through this monitoring process indicates that a permittee or licensee is in substantial

noncompliance with his permit or license for a period of four months, or for a shorter period of time if the executive director considers an emergency to exist, the executive director shall report this fact to the commission together with the information relating to the noncompliance.

(b) On receiving a report from the executive director under Subsection (a) of this section, the commission shall call and hold a hearing to determine whether the permittee or licensee who is the subject of the executive director's report has been in substantial noncompliance with his permit or license.

(c) At the conclusion of the hearing, the commission shall issue one of the following orders stating that:

(1) no violation of the permit or license has occurred;

(2) a violation of the permit or license has occurred but has been corrected and no further action is necessary to protect the public interest;

(3) the executive director is authorized to enter into a compliance agreement with the permittee or licensee;

(4) a violation of the permit or license has occurred and an administrative penalty is assessed as provided by this code; or

(5) a violation of the permit or license has occurred, and the executive director is directed to have enforcement proceedings instituted against the permittee or licensee.

(d) A compliance agreement under Subsection (c)(3) of this section is not effective unless it is approved by the commission. If the commission determines at a hearing that a permittee or licensee has not complied with the terms of the compliance agreement, the commission may direct the executive director to institute enforcement proceedings.

(e) The executive director, on receiving an order from the commission directing institution of enforcement proceedings, shall take all necessary steps to have enforcement proceedings instituted.

(f) The commission may compel the attendance of the governing body or any other officer of any permittee or licensee at any hearing held under this section.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985; Acts 1991, 72nd Leg., 1st C.S., ch. 3, Sec. 1.011, eff. Aug. 12, 1991.

Sec. 5.1175. PAYMENT OF PENALTY BY INSTALLMENT. (a) The commission by rule may allow a person who owes a monetary civil or administrative penalty imposed for a violation of law within the commission's jurisdiction or for a violation of a license, permit, or order issued or rule adopted by the commission to pay the penalty in periodic installments. The rule must provide a procedure for a person to apply for permission to pay the penalty over time.

(b) The rule may vary the period over which the penalty may be paid or the amount of the periodic installments according to the amount of the penalty owed and the size of the business that owes the penalty. The period over which the penalty may be paid may not exceed 36 months.

Added by Acts 1995, 74th Leg., ch. 112, Sec. 1, eff. May 17, 1995.

Amended by:

Acts 2009, 81st Leg., R.S., Ch. 1386 (S.B. 1693), Sec. 4, eff. September 1, 2009.

Sec. 5.118. POWER TO ADMINISTER OATHS. Each member of the commission, the chief clerk, or a hearings examiner may administer oaths in any hearing or examination on any matter submitted to the commission for action.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985.

Sec. 5.119. COMMISSION TO BE KNOWLEDGEABLE. The commission shall be knowledgeable of the watercourses and natural resources of the state and of the needs of the state concerning the use, storage and conservation of water and the use and conservation of other natural resources and of the need to maintain the quality of the environment in the state.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985; Acts 1991, 72nd Leg., 1st C.S., ch. 3, Sec. 1.012, eff. Aug. 12, 1991.

Sec. 5.1191. RESEARCH MODEL. (a) In this section, "research

model" means a mechanism for developing a plan to address the commission's practical regulatory needs. The commission's plan shall be prioritized by need and shall identify short-term, medium-term, and long-term research goals. The plan may address preferred methods of conducting the identified research.

(b) The commission shall develop a research model. The commission may appoint a research advisory board to assist the commission in providing appropriate incentives to encourage various interest groups to participate in developing the research model and to make recommendations regarding research topics specific to this state. The research advisory board must include representatives of the academic community, representatives of the regulated community, and public representatives of the state at large.

Added by Acts 2001, 77th Leg., ch. 965, Sec. 1.11, eff. Sept. 1, 2001.

Sec. 5.1192. COORDINATION OF RESEARCH. (a) The commission shall facilitate and coordinate environmental research in the state according to the research model developed under Section 5.1191.

(b) The commission shall explore private and federal funding opportunities for research needs identified in the research model. The commission may conduct, direct, and facilitate research to implement the commission's research model by administering grants or by contracting for research if money is appropriated to the commission for those purposes.

(c) To the degree practicable, the commission, through the research model, shall coordinate with or make use of any research activities conducted under existing state initiatives, including research by state universities, the Texas Higher Education Coordinating Board, the United States Department of Agriculture, the Texas Department of Agriculture, and other state and federal agencies as appropriate.

(d) This section does not authorize the commission to initiate or direct the research efforts of another entity except under the terms of a grant or contract.

Added by Acts 2001, 77th Leg., ch. 965, Sec. 1.11, eff. Sept. 1, 2001.

Sec. 5.1193. REPORT. The commission shall include in the reports required by Section 5.178 a description of cooperative research efforts, an accounting of money spent on research, and a review of the purpose, implementation, and results of particular research projects conducted.

Added by Acts 2001, 77th Leg., ch. 965, Sec. 1.11, eff. Sept. 1, 2001.

Sec. 5.120. CONSERVATION AND QUALITY OF ENVIRONMENT. The commission shall administer the law so as to promote the judicious use and maximum conservation and protection of the quality of the environment and the natural resources of the state.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985; Acts 1991, 72nd Leg., 1st C.S., ch. 3, Sec. 1.013, eff. Aug. 12, 1991.

Sec. 5.121. PUBLIC INFORMATION. (a) The commission shall comply with Section 2001.004, Government Code, by indexing and making available for public inspection all rules and all other written statements of policy or interpretations formulated, adopted, or used by the commission in the discharge of its functions.

(b) The commission shall comply with Section 2001.004, Government Code, by indexing and making available for public inspection all of the commission's final orders, decisions, and opinions.

Added by Acts 1987, 70th Leg., ch. 638, Sec. 1, eff. Sept. 1, 1987. Amended by Acts 1995, 74th Leg., ch. 76, Sec. 5.95(71), (72), eff. Sept. 1, 1995.

Sec. 5.122. DELEGATION OF UNCONTESTED MATTERS TO EXECUTIVE DIRECTOR. (a) The commission by rule or order may delegate to the executive director the commission's authority to act on an application or other request to issue, renew, reopen, transfer, amend, extend, withdraw, revoke, terminate, or modify a permit, license, certificate, registration, or other authorization or

approval if:

- (1) required notice of the application or request for the authorization or approval has been given;
- (2) the holder of or applicant for the authorization or approval agrees in writing to the action to be taken by the executive director; and
- (3) the application or request:
  - (A) is uncontested and does not require an evidentiary hearing; or
  - (B) has become uncontested because all parties have agreed in writing to the action to be taken by the executive director.

(b) A person affected by an action the executive director takes on a matter delegated under this section may appeal the executive director's action to the commission unless the action is a decision:

- (1) regarding a federal operating permit under Subchapter C, Chapter 382, Health and Safety Code; or
- (2) specified as final and appealable by the commission rule that delegates the decision to the executive director.

(c) A person affected by a decision of the executive director on a matter delegated under this section that regards a federal operating permit under Subchapter C, Chapter 382, Health and Safety Code, may:

- (1) petition the administrator of the United States Environmental Protection Agency in accordance with rules adopted under Section 382.0563, Health and Safety Code; or
- (2) file a petition for judicial review under Section 382.032, Health and Safety Code.

(d) The commission's authority under this section is cumulative of the commission's authority to delegate its powers, duties, or rights under any other law.

Added by Acts 1995, 74th Leg., ch. 860, Sec. 1, eff. Aug. 28, 1995.  
Amended by Acts 1997, 75th Leg., ch. 302, Sec. 1, eff. Sept. 1, 1997.

Sec. 5.124. AUTHORITY TO AWARD GRANTS. (a) With the consent of the commission, the executive director may award grants for any purpose regarding resource conservation or environmental protection in accordance with this section.

(b) The commission by rule shall establish procedures for awarding a grant, for making any determination related to awarding a grant, and for making grant payments.

(c) Each activity funded by a grant must directly relate to a purpose specified in the grant. A grant may be awarded only for a purpose consistent with the commission's jurisdiction and purposes under law, including:

(1) the development or implementation of a comprehensive conservation and management plan under Section 320, Federal Water Pollution Control Act (33 U.S.C. Section 1330), for a designated national estuary in this state;

(2) a demonstration project that involves new techniques for pollution prevention, energy or resource conservation, or waste management;

(3) an environmental purpose identified in a federal grant that is intended as a pass-through grant;

(4) development or improvement of monitoring or modeling techniques for water or air quality;

(5) support of a local air pollution program; or

(6) a study or program related to efforts to prevent an area that is near nonattainment with federal air quality standards from reaching nonattainment status.

(d) A grant may be awarded to any person that meets the eligibility requirements of the grant. The executive director shall establish eligibility requirements for each grant appropriate to the purposes of and activities under the grant and the method of selecting the recipient.

(e) Selection of grant recipients must be by solicitation of a proposal or application except as provided by Subsections (f) and (g). The executive director may specify any selection criterion the executive director considers relevant to the grant. Selection criteria must address:

(1) evaluation and scoring of:

(A) fiscal controls;

(B) project effectiveness;

(C) project cost; and

(D) previous experience with grants and contracts; and

(2) the possibility and method of making multiple awards.

(f) A grant may be made by direct award only if:

(1) the executive director determines that:

(A) selection of recipients by the solicitation of proposals or applications is not feasible; and

(B) awarding the grant directly is in the best interest of the state;

(2) eligibility for the grant is limited to:

(A) an agency or political subdivision of this state or of another state;

(B) a state institution of higher learning of this state or of another state, including any part or service of the institution; or

(C) an agency of the United States; or

(3) the grant is awarded to a person established or authorized to develop or implement a comprehensive conservation and management plan under Section 320, Federal Water Pollution Control Act (33 U.S.C. Section 1330), for a national estuary in this state.

(g) If a solicitation of a proposal is made for the purpose of identifying a partner for a joint application for a federal grant that is subsequently awarded to the commission, the executive director is not required to make an additional solicitation for entering into a pass-through grant with an identified partner.

(h) The executive director shall publish information regarding a solicitation related to a grant to be awarded under this section on the commission's electronic business daily in the manner provided by Section 2155.074, Government Code, as added by Section 1, Chapter 508, Acts of the 75th Legislature, Regular Session, 1997.

(i) For a grant awarded under this section, the commission may use:

(1) money appropriated for grant-making purposes;

(2) federal money granted for making pass-through grants;

and

(3) state or federal grant money appropriated for a purpose that the executive director determines is consistent with a purpose of the grant from the commission.

Added by Acts 1999, 76th Leg., ch. 404, Sec. 28, eff. Sept. 1, 1999.

Sec. 5.125. COST-SHARING FOR ENVIRONMENTAL COMPLIANCE ASSESSMENTS BY CERTAIN BUSINESSES. (a) In this section, "environmental compliance assessment" means an environmental

compliance audit, pollution prevention assessment, or environmental management system audit performed by a small business. The term does not include an audit conducted under the Texas Environmental, Health, and Safety Audit Privilege Act (Article 4447cc, Vernon's Texas Civil Statutes).

(b) The commission may implement cost-sharing to assist with payment of costs for an environmental compliance assessment performed by a business subject to regulation by the commission that employs at least 100 but not more than 250 individuals.

Added by Acts 1999, 76th Leg., ch. 104, Sec. 2, eff. May 17, 1999.

Sec. 5.126. REPORT ON ENFORCEMENT ACTIONS. (a) Not later than December 1 of each year, the commission shall:

(1) prepare an electronic report on its enforcement actions for the preceding fiscal year, including a comparison with its enforcement actions for each of the preceding five fiscal years; and

(2) provide the report to the governor, lieutenant governor, and speaker of the house of representatives.

(b) The report shall separately describe the enforcement actions for each type of regulatory program, including programs under Chapters 26 and 27 of this code and Chapters 361, 382, and 401, Health and Safety Code.

(c) The description of enforcement actions for each type of regulatory program shall include:

(1) the number of inspections;

(2) the number of notices of violations;

(3) the number of enforcement actions;

(4) the type of enforcement actions;

(5) the amount of penalties assessed, deferred, or collected; and

(6) any other information the commission determines relevant.

(d) As soon as possible after the end of each fiscal year, the attorney general shall provide the commission information on enforcement actions referred by the commission to the attorney general that were resolved during the preceding fiscal year or are pending at the end of that fiscal year.

Added by Acts 1997, 75th Leg., ch. 304, Sec. 1, eff. May 26, 1997;

Acts 1997, 75th Leg., ch. 1082, Sec. 1, eff. Sept. 1, 1997.  
Renumbered from Sec. 5.123 by Acts 2001, 77th Leg., ch. 1420, Sec.  
21.001(112), eff. Sept. 1, 2001.

Sec. 5.127. ENVIRONMENTAL MANAGEMENT SYSTEMS. (a) In this section, "environmental management system" means a documented management system to address applicable environmental regulatory requirements that includes organizational structure, planning activities, responsibilities, practices, procedures, processes, and resources for developing, implementing, achieving, reviewing, and maintaining an environmental policy directed toward continuous improvement.

(b) The commission by rule shall adopt a comprehensive program that provides regulatory incentives to encourage the use of environmental management systems by regulated entities, state agencies, local governments, and other entities as determined by the commission. The incentives may include:

- (1) on-site technical assistance;
- (2) accelerated access to information about programs; and
- (3) to the extent consistent with federal requirements:

(A) inclusion of information regarding an entity's use of an environmental management system in the entity's compliance history and compliance summaries; and

(B) consideration of the entity's implementation of an environmental management system in scheduling and conducting compliance inspections.

(c) The rules must provide that an environmental management system, at a minimum, must require the entity implementing the system to:

- (1) adopt a written environmental policy;
- (2) identify the environmental aspects and impacts of the entity's activities;
- (3) set priorities, goals, and targets for continuous improvement in environmental performance and for ensuring compliance with environmental laws, regulations, and permit terms applicable to the facility;
- (4) assign clear responsibilities for implementation, training, monitoring, and corrective action and for ensuring compliance with environmental laws, regulations, and permit terms

applicable to the facility;

(5) document implementation of procedures and results; and

(6) evaluate and refine implementation over time to improve attainment of environmental goals and targets and the system itself.

(d) The commission shall:

(1) integrate the use of environmental management systems into its regulatory programs, including permitting, compliance assistance, and enforcement;

(2) develop model environmental management systems for small businesses and local governments; and

(3) establish environmental performance indicators to measure the program's performance.

Added by Acts 2001, 77th Leg., ch. 1161, Sec. 1, eff. Sept. 1, 2001.

Sec. 5.128. ELECTRONIC REPORTING TO COMMISSION; ELECTRONIC TRANSMISSION OF INFORMATION BY COMMISSION; REDUCTION OF DUPLICATE REPORTING. (a) The commission shall encourage the use of electronic reporting through the Internet, to the extent practicable, for reports required by the commission. Notwithstanding any other law, the commission may adjust fees as necessary to encourage electronic reporting and the use of the commission's electronic document receiving system. An electronic report must be submitted in a format prescribed by the commission. The commission may consult with the Department of Information Resources on developing a simple format for use in implementing this subsection.

(a-1) Notwithstanding any other law, the commission may utilize electronic means of transmission of information, including notices, orders, and decisions issued or sent by the commission.

(a-2) The commission shall utilize electronic means of transmission for any notice issued or sent by the commission to a state senator or representative, unless the senator or representative has requested to receive notice by mail.

(a-3) If the notice issued or sent under Subsection (a-2) concerns a permit for a facility, the notice must include an Internet link to an electronic map indicating the location of the facility.

(b) The commission shall strive to reduce duplication in reporting requirements throughout the agency.

Added by Acts 2001, 77th Leg., ch. 965, Sec. 1.12, eff. Sept. 1,

2001.

Amended by:

Acts 2007, 80th Leg., R.S., Ch. 664 (H.B. 1254), Sec. 1, eff. September 1, 2007.

Acts 2009, 81st Leg., R.S., Ch. 962 (H.B. 3544), Sec. 1, eff. September 1, 2009.

Acts 2011, 82nd Leg., R.S., Ch. 108 (H.B. 610), Sec. 1, eff. September 1, 2011.

Sec. 5.129. SUMMARY FOR PUBLIC NOTICES. (a) The commission by rule shall provide for each public notice issued or published by the commission or by a person under the jurisdiction of the commission as required by law or by commission rule to include at the beginning of the notice a succinct statement of the subject of the notice. The rules must provide that a summary statement must be designed to inform the reader of the subject matter of the notice without having to read the entire text of the notice.

(b) The summary statement may not be grounds for challenging the validity of the proposed action for which the notice was published.

Added by Acts 2001, 77th Leg., ch. 965, Sec. 1.12, eff. Sept. 1, 2001.

Sec. 5.130. CONSIDERATION OF CUMULATIVE RISKS. The commission shall:

(1) develop and implement policies, by specific environmental media, to protect the public from cumulative risks in areas of concentrated operations; and

(2) give priority to monitoring and enforcement in areas in which regulated facilities are concentrated.

Added by Acts 2001, 77th Leg., ch. 965, Sec. 1.12, eff. Sept. 1, 2001.

Sec. 5.132. CREATION OF PERFORMANCE MEASURES FOR INNOVATIVE REGULATORY PROGRAMS. The commission shall work with the Legislative Budget Board to create performance measures that assess the

improvements in environmental quality achieved by innovative regulatory programs implemented by the commission.

Added by Acts 2001, 77th Leg., ch. 1483, Sec. 1, eff. Sept. 1, 2001.  
Renumbered from Water Code Sec. 5.127 by Acts 2003, 78th Leg., ch. 1275, Sec. 2(138), eff. Sept. 1, 2003.

Sec. 5.133. ACTIONS IN MEXICO. The commission may take and finance any action in Mexico, in cooperation with governmental authorities of Mexico, that in the opinion of the commission:

(1) is necessary or convenient to accomplish a duty of the commission imposed by law; and

(2) will yield benefits to the environment in this state.

Added by Acts 2001, 77th Leg., ch. 728, Sec. 1, eff. Sept. 1, 2001.  
Renumbered from Water Code Sec. 5.127 by Acts 2003, 78th Leg., ch. 1275, Sec. 2(139), eff. Sept. 1, 2003.

Sec. 5.134. USE OF ENVIRONMENTAL TESTING LABORATORY DATA AND ANALYSIS. (a) The commission may accept environmental testing laboratory data and analysis for use in commission decisions regarding any matter under the commission's jurisdiction relating to permits or other authorizations, compliance matters, enforcement actions, or corrective actions only if the data and analysis is prepared by an environmental testing laboratory accredited by the commission under Subchapter R or an environmental testing laboratory described in Subsection (b) or (e).

(b) The commission may accept for use in commission decisions data and analysis prepared by:

(1) an on-site or in-house environmental testing laboratory if the laboratory:

(A) is periodically inspected by the commission; or

(B) is located in another state and is accredited or periodically inspected by that state;

(2) an environmental testing laboratory that is accredited under federal law; or

(3) if the data and analysis are necessary for emergency response activities and the required data and analysis are not otherwise available, an environmental testing laboratory that is not

accredited by the commission under Subchapter R or under federal law.

(c) The commission by rule may require that data and analysis used in other commission decisions be obtained from an environmental testing laboratory accredited by the commission under Subchapter R.

(d) The commission shall periodically inspect on-site or in-house environmental testing laboratories described in Subsection (b).

(e) The commission may accept for use in commission decisions data from an on-site or in-house laboratory if the laboratory is performing the work:

(1) for another company with a unit located on the same site; or

(2) without compensation for a governmental agency or a charitable organization if the laboratory is periodically inspected by the commission.

Added by Acts 2001, 77th Leg., ch. 965, Sec. 1.12, eff. Sept. 1, 2001. Renumbered from Water Code Sec. 5.127 by Acts 2003, 78th Leg., ch. 1275, Sec. 2(140), eff. Sept. 1, 2003. Amended by Acts 2003, 78th Leg., ch. 912, Sec. 1, eff. Sept. 1, 2005.

Sec. 5.135. SMALL BUSINESS COMPLIANCE ASSISTANCE PROGRAM. (a) The commission shall establish a small business compliance assistance program.

(b) The program shall include:

(1) mechanisms to develop, collect, and coordinate information about compliance methods and technologies for small businesses and to encourage cooperation between those small businesses and other persons to achieve compliance with applicable air quality, water quality, and solid waste laws;

(2) mechanisms to assist small businesses with pollution prevention and the prevention and detection of accidental releases, including information about alternative technologies, process changes, products, and methods of operation to reduce air pollution, water pollution, and improper disposal of solid waste;

(3) an ombudsman to help small businesses meet the requirements of the federal Clean Air Act Amendments of 1990 (Pub.L. No. 101-549), as amended, the Federal Water Pollution Control Act (33 U.S.C. Section 1251 et seq.), as amended, and the federal Solid Waste Disposal Act (42 U.S.C. Section 6901 et seq.), as amended;

(4) a compliance assistance program to help small businesses identify the requirements for and obtain required permits in a timely and efficient manner;

(5) notification procedures to assure that small businesses receive notice of their rights and obligations under the federal Clean Air Act Amendments of 1990 (Pub.L. No. 101-549), as amended, the Federal Water Pollution Control Act (33 U.S.C. Section 1251 et seq.), as amended, and the federal Solid Waste Disposal Act (42 U.S.C. Section 6901 et seq.), as amended, in time to identify applicable requirements and evaluate and implement appropriate compliance methods;

(6) auditing services or referrals for small business stationary source operations to determine compliance with the federal Clean Air Act Amendments of 1990 (Pub.L. No. 101-549), as amended; and

(7) procedures for considering a request by a small business to modify work practices, technological compliance methods, or an implementation schedule requirement that precedes a compliance date, taking into account the technological and financial capability of that source.

(c) The program shall include a small business compliance assistance advisory panel that consists of the following seven members:

(1) two members who are not owners or representatives of owners of small business stationary sources, selected by the governor to represent the public;

(2) two members who are owners or who represent owners of small business stationary sources, selected by the speaker of the house of representatives;

(3) two members who are owners or who represent owners of small business stationary sources, selected by the lieutenant governor; and

(4) one member selected by the chairman of the commission to represent the commission.

(d) The small business compliance assistance advisory panel shall:

(1) give advisory opinions on the effectiveness of the program, the difficulties of implementing the program, and the incidence and severity of enforcement;

(2) report periodically to the administrator regarding the

program's compliance with requirements of the Paperwork Reduction Act of 1980 (Pub.L. No. 96-511), as amended, the Regulatory Flexibility Act (5 U.S.C. Section 601 et seq.), as amended, and the Equal Access to Justice Act (Pub.L. No. 96-481), as amended;

(3) review information the program provides to small businesses to assure the information is understandable to nonexperts; and

(4) distribute opinions, reports, and information developed by the panel.

(e) The commission shall enter into a memorandum of understanding with the Texas Department of Economic Development to coordinate assistance to any small business in applying for permits from the commission.

(f) The commission may adopt rules reasonably necessary to implement this section. Rules relating to air pollution must comply with Section 507 of the federal Clean Air Act (42 U.S.C. Section 7661f), as added by Section 501 of the federal Clean Air Act Amendments of 1990 (Pub.L. No. 101-549), as amended, and regulations adopted under that Act.

(g) In this section:

(1) "Program" means the small business compliance assistance program.

(2) "Small business" means:

(A) a small business stationary source; or

(B) a business that employs at least 100 but not more than 250 individuals.

(3) "Small business stationary source" has the meaning assigned by Section 507(c) of the federal Clean Air Act (42 U.S.C. Section 7661f), as added by Section 501 of the federal Clean Air Act Amendments of 1990 (Pub.L. No. 101-549), as amended.

Added by Acts 1991, 72nd Leg., 1st C.S., ch. 3, Sec. 2.05, eff. Sept. 1, 1991. Amended by Acts 1995, 74th Leg., ch. 76, Sec. 11.156, eff. Sept. 1, 1995; Acts 1999, 76th Leg., ch. 104, Sec. 3, eff. May 17, 1999. Renumbered from Health & Safety Code, Sec. 382.0365 and amended by Acts 2003, 78th Leg., ch. 81, Sec. 1, eff. Sept. 1, 2003.

#### **SUBCHAPTER E. ADMINISTRATIVE PROVISIONS FOR COMMISSION**

Sec. 5.171. AUDIT. The financial transactions of the

commission are subject to audit by the state auditor in accordance with Chapter 321, Government Code.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985; Acts 1989, 71st Leg., ch. 584, Sec. 73, eff. Sept. 1, 1989.

Sec. 5.172. FUNDS FROM OTHER STATE AGENCIES. Any state agency that has statutory responsibilities for environmental pollution or environmental quality control and that receives a legislative appropriation for these purposes may transfer to the commission any amount mutually agreed on by the commission and the agency, subject to the approval of the governor.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985; Acts 1991, 72nd Leg., 1st C.S., ch. 3, Sec. 1.014, eff. Aug. 12, 1991.

Sec. 5.173. PUBLIC INFORMATION RELATING TO COMMISSION. The commission shall prepare information of public interest describing the functions of the commission and describing the commission's procedures by which complaints are filed with and resolved by the commission. The commission shall make the information available to the general public and the appropriate state agencies.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985.

Sec. 5.1733. ELECTRONIC POSTING OF INFORMATION. The commission shall post public information on its website. Such information shall include but not be limited to the minutes of advisory committee meetings, pending permit and enforcement actions, compliance histories, and emissions inventories by county and facility name.

Added by Acts 2001, 77th Leg., ch. 965, Sec. 1.13, eff. Sept. 1, 2001.

Sec. 5.174. COPIES OF DOCUMENTS, PROCEEDINGS, ETC. (a) Except

as otherwise specifically provided by this code and subject to the specific limitations provided by this code, on application of any person the commission shall furnish certified or other copies of any proceeding or other official record or of any map, paper, or document filed with the commission. A certified copy with the seal of the commission and the signature of the presiding officer of the commission or the executive director or chief clerk is admissible as evidence in any court or administrative proceeding.

(b) The commission shall provide in its rules the fees that will be charged for copies and is authorized to furnish copies, certified or otherwise, to a person without charge when the furnishing of the copies serves a public purpose. Other statutes concerning fees for copies of records do not apply to the commission, except that the fees set by the commission for copies prepared by the commission may not exceed those prescribed in Chapter 603, Government Code.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985; Acts 1995, 74th Leg., ch. 76, Sec. 5.95(13), eff. Sept. 1, 1995; Acts 2001, 77th Leg., ch. 965, Sec. 16.01, eff. Sept. 1, 2001.

Sec. 5.175. INSPECTION OF WATER POLLUTION RECORDS. (a) All information, documents, and data collected by the commission in the performance of its duties are the property of the state.

(b) Except as provided by Subsection (c) of this section, records, reports, data, or other information obtained relative to or from sources or potential sources of discharges of water pollutants shall be available to the public during regular office hours.

(c) If a showing satisfactory to the executive director is made by any person that those records, reports, data, or other information, other than effluent data, would divulge methods or processes entitled to protection as trade secrets, the commission shall consider those records, reports, data, or other information as confidential.

(d) This chapter may not be construed to make confidential any effluent data, including effluent data in records, reports, or other information, and including effluent data in permits, draft permits, and permit applications.

(e) Records, data, or other information considered confidential

may be disclosed or transmitted to officers, employees, or authorized representatives of the state or of the United States with responsibilities in water pollution control. However, this disclosure or transmittal may be made only after adequate written assurance is given to the executive director that the confidentiality of the disclosed or transmitted records, data, or other information will be afforded all reasonable protection allowed by law by the receiving officer, employee or authorized representative on behalf of, and under the authority of, the receiving agency or political entity.

(f) The executive director may not disclose or transmit records, data, or other information considered confidential if he has reason to believe the recipient will not protect their confidentiality to the most reasonable extent provided by law.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, 1.168; Acts 1991, 72nd Leg., 1st C.S., ch. 3, Sec. 1.016, eff. Aug. 12, 1991.

Sec. 5.176. COMPLAINT FILE. (a) The commission shall maintain a file on each written complaint filed with the commission about a matter within the commission's regulatory jurisdiction. The file must include:

- (1) the name of the person who filed the complaint, unless the person has specifically requested anonymity;
- (2) the date the complaint is received by the commission;
- (3) the subject matter of the complaint;
- (4) the name of each person contacted in relation to the complaint;
- (5) a summary of the results of the review or investigation of the complaint; and
- (6) an explanation of the reason the file was closed, if the agency closed the file without taking action other than to investigate the complaint.

(b) The commission shall establish and implement procedures for receiving complaints submitted by means of the Internet and orally and shall maintain files on those complaints as provided by Subsection (a).

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985; Acts 2001, 77th Leg., ch. 965, Sec. 1.15, eff. Sept. 1, 2001.

Sec. 5.1765. PUBLICATION OF INFORMATION REGARDING COMPLAINT PROCEDURES AND POLICIES. The commission shall establish a process for educating the public regarding the commission's complaint policies and procedures. As part of the public education process, the commission shall make available to the public in pamphlet form an explanation of the complaint policies and procedures, including information regarding and standards applicable to the collection and preservation of credible evidence of environmental problems by members of the public.

Added by Acts 2001, 77th Leg., ch. 965, Sec. 1.14, eff. Sept. 1, 2001.

Sec. 5.177. NOTICE OF COMPLAINT PROCEDURES; NOTICE OF INVESTIGATION STATUS. (a) The agency shall provide to the person filing the complaint about a matter within the commission's regulatory jurisdiction and to each person who is the subject of the complaint a copy of the commission's policies and procedures relating to complaint investigation and resolution.

(b) The commission, at least quarterly until final disposition of the complaint, shall notify the person filing the complaint and each person who is a subject of the complaint of the status of the investigation unless the notice would jeopardize an undercover investigation.

(c) The commission is not required to provide the information described in Subsection (a) or (b) to a complainant who files an anonymous complaint or provides inaccurate contact information.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985; Acts 2001, 77th Leg., ch. 965, Sec. 1.15, eff. Sept. 1, 2001.

Sec. 5.1771. COORDINATION OF COMPLAINT INVESTIGATIONS WITH LOCAL ENFORCEMENT OFFICIALS: TRAINING. (a) The commission shall share information regarding a complaint about a matter within the commission's regulatory jurisdiction made to the commission with local officials with authority to act on the complaint in the county or municipality in which the alleged action or omission that is the

subject of the complaint occurred or is threatening to occur.

(b) On request, the commission shall provide training for local enforcement officials in investigating complaints and enforcing environmental laws relating to matters under the commission's jurisdiction under this code or the Health and Safety Code. The training must include, at a minimum:

(1) procedures for local enforcement officials to use in addressing citizen complaints if the commission is unavailable or unable to respond to the complaint; and

(2) an explanation of local government authority to enforce state laws and commission rules relating to the environment.

(c) The commission may charge a reasonable fee for providing training to local enforcement officials as required by Subsection (b) in an amount sufficient to recover the costs of the training.

Added by Acts 2001, 77th Leg., ch. 965, Sec. 1.16, eff. Sept. 1, 2001.

Sec. 5.1772. AFTER-HOURS RESPONSE TO COMPLAINTS. (a) The commission shall adopt and implement a policy to provide timely response to complaints during periods outside regular business hours.

(b) This section does not:

(1) require availability of field inspectors for response 24 hours a day, seven days a week, in all parts of the state; or

(2) authorize additional use of overtime.

Added by Acts 2001, 77th Leg., ch. 965, Sec. 1.16, eff. Sept. 1, 2001.

Sec. 5.1773. COMPLAINT ASSESSMENT. (a) The commission annually shall conduct a comprehensive analysis of the complaints it receives, including analysis by the following categories:

(1) air;

(2) water;

(3) waste;

(4) priority classification;

(5) region;

(6) commission response;

(7) enforcement action taken; and

(8) trends by complaint type.

(b) In addition to the analysis required by Subsection (a), the commission shall assess the impact of changes made in the commission's complaint policy.

Added by Acts 2001, 77th Leg., ch. 965, Sec. 1.16, eff. Sept. 1, 2001.

Sec. 5.178. BIENNIAL REPORTS. (a) On or before December 1 of each even-numbered year, the commission shall file with the governor and the members of the legislature a written report that includes a statement of the activities of the commission during the preceding fiscal biennium.

(b) The report due by December 1 of an even-numbered year shall include, in addition:

(1) the commission's recommendations for necessary and desirable legislation; and

(2) the following reports:

(A) the assessments and reports required by Section 361.0219(c), Health and Safety Code;

(B) the reports required by Section 26.0135(d) and Section 5.02, Chapter 133, Acts of the 69th Legislature, Regular Session, 1985; and

(C) a summary of the analyses and assessments required by Section 5.1773.

(c) Repealed by Acts 2003, 78th Leg., 3rd C.S., ch. 3, Sec. 7.04(b).

(d) Repealed by Acts 2011, 82nd Leg., R.S., Ch. 1083, Sec. 25(164), eff. June 17, 2011.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985; Acts 1997, 75th Leg., ch. 1082, Sec. 2, eff. Sept. 1, 1997; Acts 2001, 77th Leg., ch. 965, Sec. 1.17, eff. Sept. 1, 2001; Acts 2003, 78th Leg., 3rd C.S., ch. 3, Sec. 7.02, 7.03, 7.04(b), eff. Jan. 11, 2004.

Amended by:

Acts 2011, 82nd Leg., R.S., Ch. 1083 (S.B. [1179](#)), Sec. 25(164), eff. June 17, 2011.

Acts 2013, 83rd Leg., R.S., Ch. 161 (S.B. [1093](#)), Sec. 21.001, eff. September 1, 2013.

Sec. 5.1781. REPORT TO SECRETARY OF STATE. (a) In this section, "colonia" means a geographic area that:

(1) is an economically distressed area as defined by Section 17.921;

(2) is located in a county any part of which is within 62 miles of an international border; and

(3) consists of 11 or more dwellings that are located in close proximity to each other in an area that may be described as a community or neighborhood.

(b) To assist the secretary of state in preparing the report required under Section 405.021, Government Code, the commission on a quarterly basis shall provide a report to the secretary of state detailing any projects funded by the commission that provide assistance to colonias.

(c) The report must include:

(1) a description of any relevant projects;

(2) the location of each project;

(3) the number of colonia residents served by each project;

(4) the exact amount spent or the anticipated amount to be spent on each colonia served by each project;

(5) a statement of whether each project is completed and, if not, the expected completion date of the project; and

(6) any other information, as determined appropriate by the secretary of state.

(d) The commission shall require an applicant for funds administered by the commission to submit to the commission a colonia classification number, if one exists, for each colonia that may be served by the project proposed in the application. If a colonia does not have a classification number, the commission may contact the secretary of state or the secretary of state's representative to obtain the classification number. On request of the commission, the secretary of state or the secretary of state's representative shall assign a classification number to the colonia.

Added by Acts 2007, 80th Leg., R.S., Ch. 341 (S.B. 99), Sec. 12, eff. June 15, 2007.

Sec. 5.179. SEAL. The commission shall have a seal bearing the words Texas Natural Resource Conservation Commission encircling the oak and olive branches common to other official seals.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985; Acts 1991, 72nd Leg., 1st C.S., ch. 3, Sec. 1.017, eff. Aug. 12, 1991.

#### **SUBCHAPTER F. EXECUTIVE DIRECTOR**

Sec. 5.221. GENERAL RESPONSIBILITIES OF THE EXECUTIVE DIRECTOR. The executive director shall manage the administrative affairs of the commission subject to this code and other laws and under the general supervision and direction of the commission.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985.

Sec. 5.222. DELEGATION OF EXECUTIVE DIRECTOR'S AUTHORITY OR DUTY. The executive director may delegate to the executive director's staff any authority or duty assigned to the executive director unless the statute, rule, or order assigning or delegating the authority or duty specifies otherwise.

Added by Acts 1997, 75th Leg., ch. 302, Sec. 2, eff. Sept. 1, 1997. Renumbered from Sec. 5.238 by Acts 1999, 76th Leg., ch. 62, Sec. 19.01(109), eff. Sept. 1, 1999.

Sec. 5.223. ADMINISTRATIVE ORGANIZATION OF COMMISSION. Subject to approval of the commission, the executive director may organize and reorganize the administrative sections and divisions of the commission in a manner and in a form that will achieve the greatest efficiency and effectiveness.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985.

Sec. 5.224. INFORMATION REQUEST TO BOARD. (a) With regard to

any matter pending before the commission, the executive director may obtain from the board information relating to that matter.

(b) On receiving a request from the executive director, the board should make the requested information available within 30 days after the information is requested and shall make the requested information available not later than 90 days after the information is requested.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985.

Sec. 5.225. CAREER LADDER PROGRAM. The executive director or his designee shall develop an intraagency career ladder program, one part of which shall require the intraagency posting of all nonentry level positions concurrently with any public posting.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985.

Sec. 5.226. MERIT PAY. The executive director or his designee shall develop a system of annual performance evaluations based on measurable job tasks. All merit pay for commission employees must be based on the system established under this section.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985.

Sec. 5.227. EQUAL EMPLOYMENT OPPORTUNITY POLICY. (a) The executive director or his designee shall prepare and maintain a written policy statement that implements a program of equal employment opportunity to ensure that all personnel decisions are made without regard to race, color, disability, sex, religion, age, or national origin.

(b) The policy statement must include:

(1) personnel policies, including policies relating to recruitment, evaluation, selection, training, and promotion of personnel, that show the intent of the commission to avoid the unlawful employment practices described by Chapter 21, Labor Code;

and

(2) a comprehensive analysis of the extent to which the composition of the commission's personnel is in accordance with state and federal law and a description of reasonable methods to achieve compliance with state and federal law.

(c) The policy statement must:

(1) be updated annually;

(2) be reviewed by the state Commission on Human Rights for compliance with Subsection (b)(1); and

(3) be filed with the governor's office.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985; Acts 2001, 77th Leg., ch. 965, Sec. 1.18, eff. Sept. 1, 2001.

Sec. 5.228. APPEARANCES AT HEARINGS. (a) The position of and information developed by the commission shall be presented by the executive director or his designated representative at hearings of the commission and the hearings held by federal, state, and local agencies on matters affecting the public's interest in the state's environment and natural resources, including matters that have been determined to be policies of the state.

(b) The executive director shall be named a party in hearings before the commission in a matter in which the executive director bears the burden of proof.

(c) The executive director shall participate as a party in contested case permit hearings before the commission or the State Office of Administrative Hearings to:

(1) provide information to complete the administrative record; and

(2) support the executive director's position developed in the underlying proceeding.

(d) In a contested case hearing relating to a permit application, the executive director or the executive director's designated representative may not rehabilitate the testimony of a witness unless the witness is a commission employee.

(e) Repealed by Acts 2011, 82nd Leg., R.S., Ch. 1021, Sec. 10.04, eff. September 1, 2011.

(f) The fact that the executive director is not named as a party in a hearing before the commission is not grounds for appealing

a commission decision.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985; Acts 1991, 72nd Leg., 1st C.S., ch. 3, Sec. 1.018, eff. Aug. 12, 1991; Acts 2001, 77th Leg., ch. 965, Sec. 1.20, eff. Sept. 1, 2001.

Amended by:

Acts 2011, 82nd Leg., R.S., Ch. 1021 (H.B. 2694), Sec. 10.02, eff. September 1, 2011.

Acts 2011, 82nd Leg., R.S., Ch. 1021 (H.B. 2694), Sec. 10.04, eff. September 1, 2011.

Sec. 5.229. CONTRACTS. (a) The executive director, on behalf of the commission, may negotiate with and with the consent of the commission enter into contracts with the United States or any of its agencies for the purpose of carrying out the powers, duties, and responsibilities of the commission.

(b) The executive director, on behalf of the commission, may negotiate with and with the consent of the commission enter into contracts or other agreements with states and political subdivisions of this state or any other entity for the purpose of carrying out the powers, duties, and responsibilities of the commission.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985.

Sec. 5.2291. SCIENTIFIC AND TECHNICAL SERVICES. (a) In this section, "scientific and technical environmental services" means services, other than engineering services, of a scientific or technical nature the conduct of which requires technical training and professional judgment. The term includes modeling, risk assessment, site characterization and assessment, studies of the magnitude, source, and extent of contamination, contaminant fate and transport analysis, watershed assessment and analysis, total maximum daily load studies, scientific data analysis, and similar tasks, to the extent those tasks are not defined as the "practice of engineering" under Chapter 1001, Occupations Code.

(b) Except as provided by Section 5.2292, the procurement of a contract for scientific and technical environmental services shall be

conducted under the procedures for professional services selection provided in Subchapter A, Chapter 2254, Government Code.

Added by Acts 2001, 77th Leg., ch. 965, Sec. 1.21, eff. Sept. 1, 2001. Amended by Acts 2003, 78th Leg., ch. 1276, Sec. 14A.842, eff. Sept. 1, 2003.

Amended by:

Acts 2011, 82nd Leg., R.S., Ch. 1021 (H.B. 2694), Sec. 1.05, eff. September 1, 2011.

Sec. 5.2292. CONTRACTS FOR SERVICES UNDER PETROLEUM STORAGE TANK STATE-LEAD PROGRAM. (a) The executive director may directly award a contract for scientific and technical environmental services to a person if:

(1) the contract is for the performance of services related to the remediation of a site that has been placed in the state-lead program under Section 26.3573(r-1);

(2) the person has registered to perform corrective action under Section 26.364;

(3) the person is eligible to receive a contract award from the state;

(4) the person was performing related work at the site on or before July 1, 2011; and

(5) the contract includes all contract provisions required for state contracts.

(b) Notwithstanding Section 2254.004, Government Code, the executive director may directly award a contract for engineering services to a person if:

(1) the contract is for the performance of services related to the remediation of a site that has been placed in the state-lead program under Section 26.3573(r-1);

(2) the person is licensed under Chapter 1001, Occupations Code;

(3) the person has registered to perform corrective action under Section 26.364;

(4) the person is eligible to receive a contract award from the state;

(5) the person was performing related work at the site on or before July 1, 2011; and

(6) the contract includes all contract provisions required for state contracts.

(c) Nothing in Subsection (a) or (b) requires the executive director to make an award at a site or prevents the executive director from negotiating additional contract terms, including qualifications.

Added by Acts 2011, 82nd Leg., R.S., Ch. 1021 (H.B. 2694), Sec. 1.06, eff. September 1, 2011.

Sec. 5.230. ENFORCEMENT. On approval of the commission, the executive director may enforce the terms and conditions of any permit, certified filing, certificate of adjudication, order, standard, or rule by injunction or other appropriate remedy in a court of competent jurisdiction.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985.

Sec. 5.231. TRAVEL EXPENSES. The executive director is entitled to receive actual and necessary travel expenses. Other employees of the commission are entitled to receive travel expenses as provided in the General Appropriations Act.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985.

Sec. 5.232. EMPLOYEE MOVING EXPENSES. If provided by legislative appropriation, the commission may pay the costs of transporting and delivering the household goods and effects of employees transferred by the executive director from one permanent station to another when, in the judgment of the executive director, the transfer will serve the best interest of the state.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985.

Sec. 5.233. GIFTS AND GRANTS. The executive director may apply for, request, solicit, contract for, receive, and accept money and other assistance from any source to carry out the powers and duties under this code and other law.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985; Acts 1991, 72nd Leg., 1st C.S., ch. 3, Sec. 1.019, eff. Aug. 12, 1991.

Sec. 5.234. APPLICATIONS AND OTHER DOCUMENTS. (a) An application, petition, or other document requiring action of the commission shall be presented to the executive director and handled as provided by this code or other law and in the rules adopted by the commission.

(b) After an application, petition, or other document is processed, it shall be presented to the commission for action as required by law and rules of the commission. If, in the course of reviewing an application and preparing a draft permit, the executive director has required changes to be made to the applicant's proposal, the executive director shall prepare a summary of the changes that were made to increase protection of public health and the environment.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985; Acts 1991, 72nd Leg., 1st C.S., ch. 3, Sec. 1.020, eff. Aug. 12, 1991; Acts 2001, 77th Leg., ch. 965, Sec. 1.22, eff. Sept. 1, 2001.

Sec. 5.236. GROUNDWATER CONTAMINATION REPORTS. (a) If the executive director acquires information that confirms that a potential public health hazard exists because usable groundwater has been or is being contaminated, the executive director, not later than the 30th day after the date on which the executive director acquires the information confirming contamination, shall give written notice of the contamination to the following persons:

(1) the county judge and the county health officer, if any, in each county in which the contamination has occurred or is occurring;

(2) any person under the commission's jurisdiction who is

suspected of contributing to the contamination;

(3) any other state agency with jurisdiction over any person who is suspected of contributing to the contamination; and

(4) a groundwater conservation district, if the contamination has occurred or is occurring in the jurisdiction of the district.

(b) The executive director shall give the notice in the manner and form, and include the information, required by rule of the commission.

Added by Acts 1987, 70th Leg., ch. 393, Sec. 1, eff. Sept. 1, 1987.

Amended by:

Acts 2011, 82nd Leg., R.S., Ch. 607 (S.B. 430), Sec. 1, eff. September 1, 2011.

Sec. 5.237. OPERATING FUND. (a) The Texas Natural Resource Conservation Commission Operating Fund is established in the treasury. At the request of the commission, the comptroller is authorized to transfer to an account in the operating fund any appropriations made to the commission for the purpose of making expenditures. After expenditures have been made from the operating fund and proper line-item appropriations identified, the commission shall submit periodic adjustments to the comptroller in summary amounts to record accurate cost allocations to the appropriate funds and accounts. Periodic adjustments under this section shall be made at least quarterly.

(b) The commission will establish and maintain accounting records adequate to support the periodic reconciliation of operating fund transfers and document expenditures from each fund or account. All expenditures shall be made consistent with provisions of law relating to the authorized use of each fund or account from which appropriations are made to the commission.

Added by Acts 1993, 73rd Leg., ch. 746, Sec. 2, eff. Aug. 30, 1993.

Sec. 5.238. ADMINISTRATIVE ACCOUNT. The commission administrative account is an account in the general revenue fund. The account consists of reimbursements to the commission for services provided by the commission and other sources specified by law and

authorized by legislative appropriation.

Added by Acts 1997, 75th Leg., ch. 333, Sec. 2, eff. Sept. 1, 1997.

Sec. 5.239. PUBLIC EDUCATION AND ASSISTANCE. (a) The executive director shall ensure that the agency is responsive to environmental and citizens' concerns, including environmental quality and consumer protection.

(b) The executive director shall develop and implement a program to:

(1) provide a centralized point for the public to access information about the commission and to learn about matters regulated by the commission;

(2) identify and assess the concerns of the public in regard to matters regulated by the commission; and

(3) respond to the concerns identified by the program.

Added by Acts 2011, 82nd Leg., R.S., Ch. 1021 (H.B. 2694), Sec. 3.01, eff. September 1, 2011.

#### **SUBCHAPTER G. OFFICE OF PUBLIC INTEREST COUNSEL**

Sec. 5.271. CREATION AND GENERAL RESPONSIBILITY OF THE OFFICE OF PUBLIC INTEREST COUNSEL. The office of public interest counsel is created to ensure that the commission promotes the public's interest. The primary duty of the office is to represent the public interest as a party to matters before the commission.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985; Acts 1989, 71st Leg., ch. 708, Sec. 1, eff. Aug. 28, 1989.

Amended by:

Acts 2011, 82nd Leg., R.S., Ch. 1021 (H.B. 2694), Sec. 3.02, eff. September 1, 2011.

Sec. 5.272. PUBLIC INTEREST COUNSEL. The office shall be headed by a public interest counsel appointed by the commission. The executive director may submit the names and qualifications of candidates for public interest counsel to the commission.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985; Acts 1989, 71st Leg., ch. 708, Sec. 1, eff. Aug. 28, 1989.

Sec. 5.2725. ANNUAL REPORT; PERFORMANCE MEASURES. (a) The office of public interest counsel shall report to the commission each year in a public meeting held on a date determined by the commission to be timely for the commission to include the reported information in the commission's reports under Sections 5.178(a) and (b) and in the commission's biennial legislative appropriations requests as appropriate:

- (1) an evaluation of the office's performance in representing the public interest in the preceding year;
- (2) an assessment of the budget needs of the office, including the need to contract for outside expertise; and
- (3) any legislative or regulatory changes recommended under Section 5.273.

(b) The commission and the office of public interest counsel shall work cooperatively to identify performance measures for the office.

Added by Acts 2011, 82nd Leg., R.S., Ch. 1021 (H.B. 2694), Sec. 3.03, eff. September 1, 2011.

Sec. 5.273. DUTIES OF THE PUBLIC INTEREST COUNSEL. (a) The counsel shall represent the public interest and be a party to all proceedings before the commission.

(b) The counsel may recommend needed legislative and regulatory changes.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985; Acts 1989, 71st Leg., ch. 708, Sec. 1, eff. Aug. 28, 1989; Acts 2001, 77th Leg., ch. 965, Sec. 1.23, eff. Sept. 1, 2001.

Sec. 5.274. STAFF; OUTSIDE TECHNICAL SUPPORT. (a) The office shall be adequately staffed to carry out its functions under this code.

(b) The counsel may obtain and use outside technical support to carry out its functions under this code.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985; Acts 1989, 71st Leg., ch. 708, Sec. 1, eff. Aug. 28, 1989; Acts 2001, 77th Leg., ch. 965, Sec. 1.23, eff. Sept. 1, 2001.

Sec. 5.275. APPEAL. A ruling, decision, or other act of the commission may not be appealed by the counsel.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985; Acts 1989, 71st Leg., ch. 708, Sec. 1, eff. Aug. 28, 1989.

Sec. 5.276. FACTORS FOR PUBLIC INTEREST REPRESENTATION. (a) The commission by rule, after consideration of recommendations from the office of public interest counsel, shall establish factors the public interest counsel must consider before the public interest counsel decides to represent the public interest as a party to a commission proceeding.

(b) Rules adopted under this section must include:

(1) factors to determine the nature and extent of the public interest; and

(2) factors to consider in prioritizing the workload of the office of public interest counsel.

Added by Acts 2011, 82nd Leg., R.S., Ch. 1021 (H.B. 2694), Sec. 3.04, eff. September 1, 2011.

#### **SUBCHAPTER H. DELEGATION OF HEARINGS**

Sec. 5.311. DELEGATION OF RESPONSIBILITY. (a) The commission may delegate to an administrative law judge of the State Office of Administrative Hearings the responsibility to hear any matter before the commission.

(b) Except as provided in Subsection (a), the administrative law judge shall report to the commission on the hearing in the manner provided by law.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985. Renumbered from Water Code Sec. 5.313 and amended by Acts 1995, 74th Leg., ch. 106, Sec. 2, eff. Sept. 1, 1995. Amended by Acts 1997, 75th Leg., ch. 1010, Sec. 6.01, eff. Sept. 1, 1997.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 170 (H.B. 1600), Sec. 2.02, eff. September 1, 2013.

Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 2, eff. September 1, 2013.

Sec. 5.312. TIME LIMIT FOR ISSUANCE OR DENIAL OF PERMITS. (a) Except as provided in Subsection (b), all permit decisions shall be made within 180 days of the receipt of the permit application or application amendment or the determination of administrative completeness, whichever is later.

(b) This section does not apply to permits issued under federally delegated or approved programs unless allowed under that program.

Added by Acts 1991, 72nd Leg., 1st C.S., ch. 3, Sec. 1.022, eff. Aug. 12, 1991. Renumbered from Water Code Sec. 5.314 by Acts 1995, 74th Leg., ch. 106, Sec. 2, eff. Sept. 1, 1995.

Sec. 5.313. HEARING EXAMINERS REFERENCED IN LAW. Any reference in law to a hearing examiner who has a duty related to a case pending before the commission means an administrative law judge of the State Office of Administrative Hearings.

Amended by Acts 1995, 74th Leg., ch. 106, Sec. 2, eff. Sept. 1, 1995.

Sec. 5.315. DISCOVERY IN CASES USING PREFILED WRITTEN TESTIMONY. In a contested case hearing delegated by the commission to the State Office of Administrative Hearings that uses prefiled written testimony, all discovery must be completed before the deadline for the submission of that testimony, except for water and sewer ratemaking proceedings.

Added by Acts 2011, 82nd Leg., R.S., Ch. 1021 (H.B. 2694), Sec. 10.03, eff. September 1, 2011.

#### **SUBCHAPTER I. JUDICIAL REVIEW**

Sec. 5.351. JUDICIAL REVIEW OF COMMISSION ACTS. (a) A person affected by a ruling, order, decision, or other act of the commission may file a petition to review, set aside, modify, or suspend the act of the commission.

(b) A person affected by a ruling, order, or decision of the commission must file his petition within 30 days after the effective date of the ruling, order, or decision. A person affected by an act other than a ruling, order, or decision must file his petition within 30 days after the date the commission performed the act.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985.

Sec. 5.352. REMEDY FOR COMMISSION OR EXECUTIVE DIRECTOR INACTION. A person affected by the failure of the commission or the executive director to act in a reasonable time on an application to appropriate water or to perform any other duty with reasonable promptness may file a petition to compel the commission or the executive director to show cause why it should not be directed by the court to take immediate action.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985.

Sec. 5.353. DILIGENT PROSECUTION OF SUIT. The plaintiff shall prosecute with reasonable diligence any suit brought under Section 5.351 or 5.352 of this code. If the plaintiff does not secure proper service of process or does not prosecute his suit within one year after it is filed, the court shall presume that the suit has been abandoned. The court shall dismiss the suit on a motion for dismissal made by the attorney general unless the plaintiff after receiving due notice can show good and sufficient cause for the delay.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985.

Sec. 5.354. VENUE. A suit instituted under Section 5.351 or

5.352 of this code must be brought in a district court in Travis County.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985.

Sec. 5.355. APPEAL OF DISTRICT COURT JUDGMENT. A judgment or order of a district court in a suit brought for or against the commission is appealable as are other civil cases in which the district court has original jurisdiction.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985.

Sec. 5.356. APPEAL BY EXECUTIVE DIRECTOR PRECLUDED. A ruling, order, decision, or other act of the commission may not be appealed by the executive director.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985.

Sec. 5.357. LAW SUITS; CITATION. Law suits filed by and against the commission or executive director shall be in the name of the commission. In suits against the commission or executive director, citation may be served on the executive director.

Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985.

#### **SUBCHAPTER J. CONSOLIDATED PERMIT PROCESSING**

Sec. 5.401. CONSOLIDATED PERMIT PROCESSING. (a) If a plant, facility, or site is required to have more than one permit issued by the commission and the applications for all permits required by the commission are filed within a 30-day period, the commission, on request of the applicant, shall conduct coordinated application reviews and one consolidated permit hearing on all permits requested to be consolidated by the applicant and may issue one consolidated

permit. On request of the applicant, the commission shall issue one consolidated permit.

(b) The executive director shall designate one permit program as the lead program for coordination, and that program is the point of contact regarding the consolidated permit.

(c) The executive director may require separate processing of consolidated applications or may return to the applicant parts of an application if the executive director determines that the applicant has submitted an incomplete application or if the applicant does not respond as requested to notices of deficiency.

(d) A federal operating permit governed by the requirements of Sections 382.054-382.0543, Health and Safety Code, may not be consolidated with other permits under this subchapter.

Added by Acts 1997, 75th Leg., ch. 1373, Sec. 1, eff. Sept. 1, 1997.

Sec. 5.402. REQUEST FOR SEPARATE PROCESSING. (a) At any time before the public notice of the opportunity to request a hearing on a permit application, the applicant may request that consolidated applications be processed separately as determined by the executive director. The executive director shall process the applications separately if the applicant submits a timely request under this subsection.

(b) At any time after the notice of opportunity to request a hearing but before referral of the matter to the State Office of Administrative Hearings, the executive director may separate the applications for processing on a showing of good cause by the applicant that the applications should be processed separately. For purposes of this subsection, "good cause" includes a change in the statutory or regulatory requirements governing a permit or a substantial change in the factual circumstances surrounding the applications for permits.

(c) After an application has been referred to the State Office of Administrative Hearings, the applicant may have the applications processed separately only on a showing of compliance with commission procedural rules regarding the withdrawal of applications.

Added by Acts 1997, 75th Leg., ch. 1373, Sec. 1, eff. Sept. 1, 1997.

Sec. 5.403. RENEWAL PERIOD FOR CONSOLIDATED PERMIT. The renewal period for a consolidated permit issued under this subchapter is the shortest term set by any state or federal statute or rule governing one or more of the authorizations sought in the consolidated permit.

Added by Acts 1997, 75th Leg., ch. 1373, Sec. 1, eff. Sept. 1, 1997.

Sec. 5.404. RENEWAL OF PERMITS. A permit issued under this subchapter or a permit issued before and effective on September 1, 1997, that authorizes more than one permit program may be renewed, amended, or modified as a consolidated permit or may be separated by program and the permits may be processed separately and subject to the renewal, amendment, or modification requirements of applicable law governing operations at the facility, plant, or site.

Added by Acts 1997, 75th Leg., ch. 1373, Sec. 1, eff. Sept. 1, 1997.

Sec. 5.405. FEES. (a) Except as provided by Subsection (b), the fee for a consolidated permit shall be computed as if the permits consolidated had been processed separately.

(b) The commission by rule may reduce the fee for a consolidated permit below the total amount that the applicant would have paid for processing the applications separately if the commission finds that consolidated processing results in savings to the agency.

Added by Acts 1997, 75th Leg., ch. 1373, Sec. 1, eff. Sept. 1, 1997.

Sec. 5.406. RULES. The commission may adopt rules to effectuate the purposes of this subchapter, including rules providing for:

- (1) combined public notices of permits issued under the authority of this section; or
- (2) procedures for the processing and issuing of consolidated permits.

Added by Acts 1997, 75th Leg., ch. 1373, Sec. 1, eff. Sept. 1, 1997.

**SUBCHAPTER L. EMERGENCY AND TEMPORARY ORDERS**

Sec. 5.501. EMERGENCY AND TEMPORARY ORDER OR PERMIT; TEMPORARY SUSPENSION OR AMENDMENT OF PERMIT CONDITION. (a) For the purposes and in the manner provided by this subchapter, the commission:

- (1) may issue a temporary or emergency mandatory, permissive, or prohibitory order; and
- (2) by temporary or emergency order may:
  - (A) issue a temporary permit; or
  - (B) temporarily suspend or amend a permit condition.

(b) The commission may issue an emergency order under this subchapter after providing the notice and opportunity for hearing that the commission considers practicable under the circumstances or without notice or hearing. Except as provided by Section 5.506, notice must be given not later than the 10th day before the date set for a hearing if the commission requires notice and hearing before issuing the order. The commission shall give notice not later than the 20th day before the date set for a hearing on a temporary order.

(c) The commission by order or rule may delegate to the executive director the authority to:

- (1) receive applications and issue emergency orders under this subchapter; and
- (2) authorize, in writing, a representative or representatives to act on the executive director's behalf under this subchapter.

(d) Chapter 2001, Government Code, does not apply to the issuance of an emergency order under this subchapter without a hearing.

(e) A law under which the commission acts that requires notice of hearing or that sets procedures for the issuance of permits does not apply to a hearing on an emergency order issued under this subchapter unless the law specifically requires notice for an emergency order. The commission shall give the general notice of the hearing that the commission considers practicable under the circumstances.

(f) An emergency or temporary order issued under this subchapter does not vest in the permit holder or recipient any rights and expires in accordance with its terms.

(g) The commission may prescribe rules and adopt fees necessary

to carry out and administer this subchapter.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 1, eff. Sept. 1, 1997.

Sec. 5.502. APPLICATION FOR EMERGENCY OR TEMPORARY ORDER. A person other than the executive director or the executive director's representative who desires an emergency or temporary order under this subchapter must submit a sworn written application to the commission. The application must:

- (1) describe the condition of emergency or other condition justifying the issuance of the order;
- (2) allege facts to support the findings required under this subchapter;
- (3) estimate the dates on which the proposed order should begin and end;
- (4) describe the action sought and the activity proposed to be allowed, mandated, or prohibited; and
- (5) include any other statement or information required by this subchapter or by the commission.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 1, eff. Sept. 1, 1997.

Sec. 5.503. NOTICE OF ISSUANCE. Notice of the issuance of an emergency order shall be provided in accordance with commission rules.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 1, eff. Sept. 1, 1997.

Sec. 5.504. HEARING TO AFFIRM, MODIFY, OR SET ASIDE ORDER. (a) If the commission, the executive director, or the executive director's representative issues an emergency order under this subchapter without a hearing, the order shall set a time and place for a hearing to affirm, modify, or set aside the emergency order to be held before the commission or its designee as soon as practicable after the order is issued.

(b) At or following the hearing required under Subsection (a), the commission shall affirm, modify, or set aside the emergency order.

(c) A hearing to affirm, modify, or set aside an emergency order shall be conducted in accordance with Chapter 2001, Government Code, and commission rules. Commission rules concerning a hearing to affirm, modify, or set aside an emergency order must provide for presentation of evidence by the applicant under oath, presentation of rebuttal evidence, and cross-examination of witnesses.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 1, eff. Sept. 1, 1997.

Sec. 5.505. TERM OF ORDER. An emergency or temporary order issued under this subchapter must be limited to a reasonable time specified by the order. Except as otherwise provided by this subchapter, the term of an emergency order may not exceed 180 days. An emergency order may be renewed once for a period not to exceed 180 days.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 1, eff. Sept. 1, 1997.

Sec. 5.506. EMERGENCY SUSPENSION OF PERMIT CONDITION RELATING TO, AND EMERGENCY AUTHORITY TO MAKE AVAILABLE WATER SET ASIDE FOR, BENEFICIAL INFLOWS TO AFFECTED BAYS AND ESTUARIES AND INSTREAM USES.

(a) The commission by emergency or temporary order may suspend a permit condition relating to beneficial inflows to affected bays and estuaries and instream uses if the commission finds that an emergency exists that cannot practicably be resolved in another way.

(a-1) State water that is set aside by the commission to meet the needs for freshwater inflows to affected bays and estuaries and instream uses under Section 11.1471(a)(2) may be made available temporarily for other essential beneficial uses if the commission finds that an emergency exists that cannot practically be resolved in another way.

(b) The commission must give written notice of the proposed action to the Parks and Wildlife Department before the commission suspends a permit condition under Subsection (a) or makes water available temporarily under Subsection (a-1). The commission shall give the Parks and Wildlife Department an opportunity to submit comments on the proposed action for a period of 72 hours from receipt of the notice and must consider those comments before issuing an order implementing the proposed action.

(c) The commission may suspend a permit condition under Subsection (a) or make water available temporarily under Subsection (a-1) without notice except as required by Subsection (b).

(d) The commission shall notify all affected persons immediately by publication.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 1, eff. Sept. 1, 1997.  
Amended by:

Acts 2007, 80th Leg., R.S., Ch. 1351 (H.B. 3), Sec. 1.01, eff. September 1, 2007.

Acts 2007, 80th Leg., R.S., Ch. 1351 (H.B. 3), Sec. 1.02, eff. September 1, 2007.

Acts 2007, 80th Leg., R.S., Ch. 1430 (S.B. 3), Sec. 1.01, eff. September 1, 2007.

Acts 2007, 80th Leg., R.S., Ch. 1430 (S.B. 3), Sec. 1.02, eff. September 1, 2007.

Sec. 5.507. EMERGENCY ORDER FOR OPERATION OF UTILITY THAT DISCONTINUES OPERATION OR IS REFERRED FOR APPOINTMENT OF RECEIVER. The commission or the Public Utility Commission of Texas may issue an emergency order appointing a willing person to temporarily manage and operate a utility under Section 13.4132. Notice of the action is adequate if the notice is mailed or hand delivered to the last known address of the utility's headquarters.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 1, eff. Sept. 1, 1997.  
Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 170 (H.B. 1600), Sec. 2.03, eff. September 1, 2013.

Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 3, eff. September 1, 2013.

Sec. 5.508. EMERGENCY ORDER FOR RATE INCREASE IN CERTAIN SITUATIONS. (a) Notwithstanding the requirements of Subchapter F, Chapter 13, the Public Utility Commission of Texas may authorize an emergency rate increase for a utility for which a person has been appointed under Section 5.507 or 13.4132 or for which a receiver has been appointed under Section 13.412 if the increase is necessary to ensure the provision of continuous and adequate services to the

utility's customers. The Public Utility Commission of Texas shall consult with the commission as needed to carry out this section.

(b) A utility that receives an emergency rate increase under this section shall provide to each ratepayer notice of the increase as soon as possible, but not later than the first utility bill issued at the new rate.

(c) Notwithstanding Section 5.505, an order may be issued under this section for a term not to exceed 15 months. The Public Utility Commission of Texas shall schedule a hearing to establish a final rate within 15 months after the date on which an emergency rate increase takes effect. The additional revenues collected under an emergency rate increase are subject to refund if the utility commission finds that the rate increase was larger than necessary to ensure continuous and adequate service.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 1, eff. Sept. 1, 1997.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 170 (H.B. 1600), Sec. 2.04, eff. September 1, 2013.

Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 4, eff. September 1, 2013.

Sec. 5.509. TEMPORARY OR EMERGENCY ORDER RELATING TO DISCHARGE OF WASTE OR POLLUTANTS. (a) The commission may issue an emergency or temporary order relating to the discharge of waste or pollutants into or adjacent to water in the state if:

(1) the order is necessary to enable action to be taken more expeditiously than is otherwise provided by Chapter 26 to effectuate the policy and purposes of that chapter; and

(2) the commission finds that:

(A) the discharge is unavoidable to:

(i) prevent loss of life, serious injury, or severe property damage;

(ii) prevent severe economic loss or ameliorate serious drought conditions, to the extent consistent with the requirements for United States Environmental Protection Agency authorization of a state permit program; or

(iii) make necessary and unforeseen repairs to a facility;

(B) there is no feasible alternative to the proposed discharge;

(C) the discharge will not cause significant hazard to human life and health, unreasonable damage to the property of persons other than the applicant, or unreasonable economic loss to persons other than the applicant; and

(D) the discharge will not present a significant hazard to the uses that will be made of the receiving water after the discharge.

(b) A person desiring a temporary or emergency order under this section must submit an application under Section 5.502 that, in addition to complying with that section:

(1) states the volume and quality of the proposed discharge;

(2) explains the measures proposed to minimize the volume and duration of the discharge; and

(3) explains the measures proposed to maximize the waste treatment efficiency of units not taken out of service or facilities provided for interim use.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 1, eff. Sept. 1, 1997.

Sec. 5.510. EMERGENCY ORDER CONCERNING UNDERGROUND OR ABOVEGROUND STORAGE TANKS. (a) The commission may issue an emergency order to the owner or operator of an underground or aboveground storage tank regulated under Chapter 26 prohibiting the owner or operator from allowing or continuing a release or threatened release and requiring the owner or operator to take the actions necessary to eliminate the release or threatened release, if the commission finds that:

(1) there is an actual or threatened release of a regulated substance; and

(2) more expeditious action than is otherwise provided under Chapter 26 is necessary to protect the public health or safety or the environment from harm.

(b) An emergency order issued under this section must be:

(1) mailed by certified mail, return receipt requested, to each person identified in the order;

(2) hand delivered to each person identified in the order;

or

(3) on failure of service by certified mail or hand delivery, served by publication one time in the Texas Register and one time in a newspaper with general circulation in each county in which any of the persons identified in the order has a last known address.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 1, eff. Sept. 1, 1997.

Sec. 5.511. EMERGENCY ADMINISTRATIVE ORDER CONCERNING IMMINENT AND SUBSTANTIAL ENDANGERMENT. The commission or the executive director may issue an emergency administrative order under Section 361.272, Health and Safety Code, in the manner provided by this subchapter.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 1, eff. Sept. 1, 1997.

Sec. 5.512. EMERGENCY ORDER CONCERNING ACTIVITY OF SOLID WASTE MANAGEMENT. The commission may issue an emergency order concerning an activity of solid waste management under the commission's jurisdiction, even if that activity is not covered by a permit, if the commission finds that an emergency requiring immediate action to protect the public health and safety exists.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 1, eff. Sept. 1, 1997.

Sec. 5.513. EMERGENCY ORDER CONCERNING ON-SITE SEWAGE DISPOSAL SYSTEM. (a) The commission may issue an emergency order suspending the registration of the installer of an on-site sewage disposal system, regulating an on-site sewage disposal system, or both, if the commission finds that an emergency exists and that the public health and safety is endangered because of the operation of an on-site sewage disposal system that does not comply with Chapter 366, Health and Safety Code, or a rule adopted under that chapter.

(b) If an order issued under this section is adopted without notice or hearing, the order must set a time, not more than 30 days after the order is issued, for a hearing to affirm, modify, or set aside the order.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 1, eff. Sept. 1, 1997.

Sec. 5.514. ORDER ISSUED UNDER AIR EMERGENCY. (a) If the commission finds that a generalized condition of air pollution exists that creates an emergency requiring immediate action to protect human health or safety, the commission, with the concurrence of the governor, may issue an emergency order requiring a person causing or contributing to the air pollution to immediately reduce or discontinue the emission of air contaminants.

(b) If the commission finds that emissions from one or more sources are causing imminent danger to human health or safety but that there is not a generalized condition of air pollution under Subsection (a), the commission may issue an emergency order requiring the persons responsible for the emissions to immediately reduce or discontinue the emissions.

(c) Notwithstanding Section 5.504, the commission shall affirm, modify, or set aside an order issued under this section not later than 24 hours after the hearing under that section begins and without adjournment of the hearing.

(d) This section does not limit any power that the governor or another officer may have to declare an emergency and to act on that declaration if the power is conferred by law or inheres in the office.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 1, eff. Sept. 1, 1997.

Sec. 5.5145. EMERGENCY ORDER CONCERNING OPERATION OF ROCK CRUSHER OR CONCRETE PLANT WITHOUT PERMIT. The commission may issue an emergency order under this subchapter suspending operations of a rock crusher or a concrete plant that performs wet batching, dry batching, or central mixing and is required to obtain a permit under Section 382.0518, Health and Safety Code, and is operating without the necessary permit.

Added by Acts 2001, 77th Leg., ch. 965, Sec. 5.08(a), eff. Sept. 1, 2001 and Acts 2001, 77th Leg., ch. 1271, Sec. 1, eff. Sept. 1, 2001.

Amended by:

Acts 2011, 82nd Leg., R.S., Ch. 1072 (S.B. [1003](#)), Sec. 2, eff. June 17, 2011.

Sec. 5.515. EMERGENCY ORDER BECAUSE OF CATASTROPHE. (a) The commission may issue an emergency order authorizing immediate action for the addition, replacement, or repair of facilities or control equipment or the repair or replacement of roads, bridges, or other infrastructure improvements necessitated by a catastrophe occurring in this state and the emission of air contaminants during the addition, replacement, or repair of those facilities, that equipment, or those improvements if the actions and emissions are otherwise precluded under Chapter 382, Health and Safety Code.

(b) An order issued under this section:

(1) may authorize action only:

(A) on property on which a catastrophe has occurred;

(B) on other property that is owned by the owner or operator of the damaged facility and that produces the same intermediates, products, or by-products; or

(C) for a public works project needed to repair or replace a damaged road, bridge, or other infrastructure improvement destroyed during a catastrophe; and

(2) must contain a schedule for submitting a complete application for a permit under Section 382.0518, Health and Safety Code.

(c) The person applying for an emergency order must demonstrate that there will be no more than a de minimis increase in the predicted concentration of air contaminants at or beyond the property line of the other property on which action is authorized under Subsection (b)(1)(B). The commission shall review and act on an application submitted as provided by Subsection (b)(2) without regard to construction activity under an order under this section.

(d) An applicant desiring an emergency order under this section must submit an application under Section 5.502 that, in addition to complying with that section:

(1) describes the catastrophe;

(2) states that:

(A) the construction and emissions are essential to prevent loss of life, serious injury, severe property damage, loss of a critical transportation thoroughfare, or severe economic loss not attributable to the applicant's actions and are necessary for the addition, replacement, or repair of a facility or control equipment

or the repair or replacement of a road, bridge, or other infrastructure improvement necessitated by the catastrophe;

(B) there is no practicable alternative to the proposed construction and emissions; and

(C) the emissions will not cause or contribute to air pollution;

(3) estimates the dates on which the proposed construction or emissions, or both, will begin and end;

(4) estimates the date on which the facility, equipment, or infrastructure improvement will begin operation; and

(5) describes the quantity and type of air contaminants proposed to be emitted.

(e) In this section, "catastrophe" means an unforeseen event, including an act of God, an act of war, severe weather, explosions, fire, or similar occurrences beyond the reasonable control of the applicant, that makes a facility or its related appurtenances or a road, bridge, or other infrastructure improvement inoperable.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 1, eff. Sept. 1, 1997.

Amended by:

Acts 2005, 79th Leg., Ch. 158 (H.B. [2949](#)), Sec. 1, eff. September 1, 2005.

Sec. 5.516. EMERGENCY ORDER UNDER SECTION 401.056, HEALTH AND SAFETY CODE. The commission may issue an emergency order under Section 401.056, Health and Safety Code, in the manner provided by this subchapter.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 1, eff. Sept. 1, 1997.

#### **SUBCHAPTER M. ENVIRONMENTAL PERMITTING PROCEDURES**

Sec. 5.551. PERMITTING PROCEDURES; APPLICABILITY. (a) This subchapter establishes procedures for providing public notice, an opportunity for public comment, and an opportunity for public hearing under Subchapters C-H, Chapter 2001, Government Code, regarding commission actions relating to a permit issued under Chapter 26 or 27 of this code or Chapter 361, Health and Safety Code. This subchapter is procedural and does not expand or restrict the types of commission actions for which public notice, an opportunity for public comment,

and an opportunity for public hearing are provided under Chapter 26 or 27 of this code or Chapter 361, Health and Safety Code.

(b) The commission by rule shall provide for additional notice, opportunity for public comment, or opportunity for hearing to the extent necessary to satisfy a requirement for United States Environmental Protection Agency authorization of a state permit program.

(c) In this subchapter, "permit" means a permit, approval, registration, or other form of authorization required by law for a person to engage in an action.

Added by Acts 1999, 76th Leg., ch. 1350, Sec. 2, eff. Sept. 1, 1999.

Sec. 5.552. NOTICE OF INTENT TO OBTAIN PERMIT. (a) The executive director shall determine when an application is administratively complete.

(b) Not later than the 30th day after the date the executive director determines the application to be administratively complete:

(1) the applicant shall publish notice of intent to obtain a permit at least once in the newspaper of largest circulation in the county in which the facility to which the application relates is located or proposed to be located or, if the facility to which the application relates is located or proposed to be located in a municipality, at least once in a newspaper of general circulation in the municipality; and

(2) the chief clerk of the commission shall mail notice of intent to obtain a permit to:

(A) the state senator and representative who represent the general area in which the facility is located or proposed to be located;

(B) the mayor and health authorities of the municipality in which the facility is located or proposed to be located;

(C) the county judge and health authorities of the county in which the facility is located or proposed to be located; and

(D) the river authority in which the facility is located or proposed to be located if the application is under Chapter 26, Water Code.

(c) The commission by rule shall establish the form and content of the notice. The notice must include:

- (1) the location and nature of the proposed activity;
- (2) the location at which a copy of the application is available for review and copying as provided by Subsection (e);
- (3) a description, including a telephone number, of the manner in which a person may contact the commission for further information;
- (4) a description, including a telephone number, of the manner in which a person may contact the applicant for further information;
- (5) a description of the procedural rights and obligations of the public, printed in a font style or size that clearly provides emphasis and distinguishes it from the remainder of the notice;
- (6) a description of the procedure by which a person may be placed on a mailing list in order to receive additional information about the application;
- (7) the time and location of any public meeting to be held under Subsection (f); and
- (8) any other information the commission by rule requires.

(d) In addition to providing notice under Subsection (b)(1), the applicant shall comply with any applicable public notice requirements under Chapters 26 and 27 of this code, Chapter 361, Health and Safety Code, and rules adopted under those chapters.

(e) The applicant shall make a copy of the application available for review and copying at a public place in the county in which the facility is located or proposed to be located.

(f) The applicant, in cooperation with the executive director, may hold a public meeting in the county in which the facility is located or proposed to be located in order to inform the public about the application and obtain public input.

Added by Acts 1999, 76th Leg., ch. 1350, Sec. 2, eff. Sept. 1, 1999.  
Amended by Acts 2001, 77th Leg., ch. 679, Sec. 1, eff. Sept. 1, 2001.

Sec. 5.553. PRELIMINARY DECISION; NOTICE AND PUBLIC COMMENT.

(a) The executive director shall conduct a technical review of and issue a preliminary decision on the application.

(b) The applicant shall publish notice of the preliminary

decision in a newspaper.

(c) The commission by rule shall establish the form and content of the notice, the manner of publication, and the duration of the public comment period. The notice must include:

- (1) the information required by Sections 5.552(c)(1)-(5);
- (2) a summary of the preliminary decision;
- (3) the location at which a copy of the preliminary decision is available for review and copying as provided by Subsection (e);
- (4) a description of the manner in which comments regarding the preliminary decision may be submitted; and
- (5) any other information the commission by rule requires.

(d) In addition to providing notice under this section, the applicant shall comply with any applicable public notice requirements under Chapters 26 and 27 of this code, Chapter 361, Health and Safety Code, and rules adopted under those chapters.

(e) The applicant shall make a copy of the preliminary decision available for review and copying at a public place in the county in which the facility is located or proposed to be located.

Added by Acts 1999, 76th Leg., ch. 1350, Sec. 2, eff. Sept. 1, 1999.

Sec. 5.554. PUBLIC MEETING. During the public comment period, the executive director may hold one or more public meetings in the county in which the facility is located or proposed to be located. The executive director shall hold a public meeting:

- (1) on the request of a member of the legislature who represents the general area in which the facility is located or proposed to be located; or
- (2) if the executive director determines that there is substantial public interest in the proposed activity.

Added by Acts 1999, 76th Leg., ch. 1350, Sec. 2, eff. Sept. 1, 1999.

Sec. 5.555. RESPONSE TO PUBLIC COMMENTS. (a) The executive director, in accordance with procedures provided by commission rule, shall file with the chief clerk of the commission a response to each relevant and material public comment on the preliminary decision filed during the public comment period.

(b) The chief clerk of the commission shall transmit the executive director's decision, the executive director's response to public comments, and instructions for requesting that the commission reconsider the executive director's decision or hold a contested case hearing to:

- (1) the applicant;
- (2) any person who submitted comments during the public comment period; and
- (3) any person who requested to be on the mailing list for the permit action.

Added by Acts 1999, 76th Leg., ch. 1350, Sec. 2, eff. Sept. 1, 1999.

Sec. 5.556. REQUEST FOR RECONSIDERATION OR CONTESTED CASE HEARING. (a) A person may request that the commission reconsider the executive director's decision or hold a contested case hearing. A request must be filed with the commission during the period provided by commission rule.

(b) The commission shall act on a request during the period provided by commission rule.

(c) The commission may not grant a request for a contested case hearing unless the commission determines that the request was filed by an affected person as defined by Section 5.115.

(d) The commission may not refer an issue to the State Office of Administrative Hearings for a hearing unless the commission determines that the issue:

- (1) involves a disputed question of fact;
- (2) was raised during the public comment period; and
- (3) is relevant and material to the decision on the application.

(e) If the commission grants a request for a contested case hearing it shall:

- (1) limit the number and scope of the issues to be referred to the State Office of Administrative Hearings for a hearing; and
- (2) consistent with the nature and number of the issues to be considered at the hearing, specify the maximum expected duration of the hearing.

(f) This section does not preclude the commission from holding a hearing if it determines that the public interest warrants doing

so.

Added by Acts 1999, 76th Leg., ch. 1350, Sec. 2, eff. Sept. 1, 1999.

Sec. 5.557. DIRECT REFERRAL TO CONTESTED CASE HEARING. (a) Immediately after the executive director issues a preliminary decision on an application under Section 5.553, the commission, on the request of the applicant or the executive director, shall refer the application directly to the State Office of Administrative Hearings for a contested case hearing on whether the application complies with all applicable statutory and regulatory requirements.

(b) Sections 5.554, 5.555, and 5.556 of this code and Sections 2003.047(e) and (f), Government Code, do not apply to an application referred for a hearing under Subsection (a).

(c) Notwithstanding Subsection (b), the commission by rule shall provide for public comment and the executive director's response to public comment to be entered into the administrative record of decision on an application.

Added by Acts 2001, 77th Leg., ch. 935, Sec. 3, eff. June 14, 2001.

Sec. 5.558. CLEAN COAL PROJECT PERMITTING. (a) As authorized by federal law, the commission by rule shall implement reasonably streamlined processes for issuing permits required to construct a component of the FutureGen project designed to meet the FutureGen emissions profile as defined by Section 382.0565, Health and Safety Code.

(b) When acting under a rule adopted under Subsection (a), the commission shall use public meetings, informal conferences, or advisory committees to gather the opinions and advice of interested persons.

(c) The permit processes authorized by this section are not subject to the requirements relating to a contested case hearing under this chapter, Chapter 382, Health and Safety Code, or Subchapters C-G, Chapter 2001, Government Code.

(d) This section does not apply to an application for a permit to construct or modify a new or existing coal-fired electric generating facility that will use pulverized or supercritical pulverized coal.

Added by Acts 2005, 79th Leg., Ch. 1097 (H.B. 2201), Sec. 7, eff. June 18, 2005.

#### **SUBCHAPTER N. ESTUARY MANAGEMENT PLANS**

Sec. 5.601. DEFINITIONS. In this subchapter:

(1) "Approved implementation program" means an implementation plan identified as part of an approved comprehensive conservation and management plan.

(2) "Approved comprehensive conservation and management plan" means an estuary management plan that is prepared through the efforts of citizens, organizations, industries, local governments, and state and national agencies working together as part of the National Estuary Program to develop long-term comprehensive conservation and management plans (CCMPs) and that has been approved by the governor of Texas and the administrator of the United States Environmental Protection Agency to protect the environment and the economies of the state and of the regions with estuaries. The term includes the plans for Galveston Bay and the Coastal Bend estuaries.

(3) "Implementing agency" means the entity identified for day-to-day administration of an estuary program. An implementing agency may be a state agency or other local or regional entity, as identified in an approved estuary management plan.

(4) "National Estuary Program" means the cooperative estuary management program authorized by and developed under Section 320 of the Federal Water Pollution Control Act (33 U.S.C. Section 1330), as amended.

Added by Acts 1999, 76th Leg., ch. 287, Sec. 1, eff. Aug. 30, 1999. Renumbered from Sec. 5.551 by Acts 2001, 77th Leg., ch. 1420, Sec. 21.001(114), eff. Sept. 1, 2001.

Sec. 5.602. RECOGNITION OF NATIONAL SIGNIFICANCE OF ESTUARIES OF TEXAS COAST. The state recognizes the state and national significance of estuaries on the Texas coast and that the cooperative efforts created by the National Estuary Program serve a public and state purpose. By virtue of that state purpose, an approved implementation program established under the National Estuary Program is eligible to receive state funds through a grant program

administered by the commission.

Added by Acts 1999, 76th Leg., ch. 287, Sec. 1, eff. Aug. 30, 1999.  
Renumbered from Sec. 5.552 by Acts 2001, 77th Leg., ch. 1420, Sec.  
21.001(114), eff. Sept. 1, 2001.

Sec. 5.603. FINDING OF BENEFIT AND PUBLIC PURPOSE. The state recognizes the importance of implementing estuary management plans by protecting and improving water quality and restoring estuarine habitat that makes the bays and estuaries productive, protecting the economies of those areas, and continuing the involvement of the public and the many interests who use and appreciate the estuarine resources of Texas. State and local government participation in estuary programs to protect natural resources serves a public use and benefit. The state and the implementing agencies recognize the prerogatives of local governments and the sanctity of private property rights. No action by an estuary program is intended to usurp the authority of any local government. A local government's participation in or withdrawal from an estuary program is at the sole discretion of the local government and is subject only to the local government's obligation to complete any financial commitment it has made.

Added by Acts 1999, 76th Leg., ch. 287, Sec. 1, eff. Aug. 30, 1999.  
Renumbered from Sec. 5.553 by Acts 2001, 77th Leg., ch. 1420, Sec.  
21.001(114), eff. Sept. 1, 2001.

Sec. 5.604. LEAD STATE AGENCY. The commission is the lead state agency for the implementation of approved comprehensive conservation and management plans developed under the National Estuary Program. The commission may accept federal grants for purposes of this subchapter and may award grants and enter into contracts with an implementing agency for the implementation of approved plans under this subchapter.

Added by Acts 1999, 76th Leg., ch. 287, Sec. 1, eff. Aug. 30, 1999.  
Renumbered from Sec. 5.554 by Acts 2001, 77th Leg., ch. 1420, Sec.  
21.001(114), eff. Sept. 1, 2001.

Sec. 5.605. STATE AGENCY PARTICIPATION. (a) The following state agencies shall participate and provide assistance to the estuary programs in implementing approved comprehensive conservation and management plans:

- (1) the General Land Office;
- (2) the Parks and Wildlife Department;
- (3) the Texas Department of Transportation;
- (4) the Railroad Commission of Texas;
- (5) the State Soil and Water Conservation Board;
- (6) the Texas Water Development Board; and
- (7) the Texas Department of Health.

(b) Other state agencies may participate as necessary or convenient.

Added by Acts 1999, 76th Leg., ch. 287, Sec. 1, eff. Aug. 30, 1999.  
Renumbered from Sec. 5.555 by Acts 2001, 77th Leg., ch. 1420, Sec. 21.001(114), eff. Sept. 1, 2001.

Sec. 5.606. ESTUARY PROGRAM OFFICES. To accomplish the purposes of this subchapter, the estuary program office of any estuary of the state included in the National Estuary Program and for which the commission is the implementing agency shall be maintained in the region of the estuary involved.

Added by Acts 1999, 76th Leg., ch. 287, Sec. 1, eff. Aug. 30, 1999.  
Renumbered from Sec. 5.556 by Acts 2001, 77th Leg., ch. 1420, Sec. 21.001(114), eff. Sept. 1, 2001.

Sec. 5.607. IMPLEMENTATION FUNDING. Funding for the implementation of approved comprehensive conservation and management plans is to be shared by the state, local governments in the area of the estuaries, the federal government, and other participants.

Added by Acts 1999, 76th Leg., ch. 287, Sec. 1, eff. Aug. 30, 1999.  
Renumbered from Sec. 5.557 by Acts 2001, 77th Leg., ch. 1420, Sec. 21.001(114), eff. Sept. 1, 2001.

Sec. 5.608. ELIGIBILITY FOR STATE FUNDING. A comprehensive

conservation and management plan is eligible for state funding to assist in implementation of the plan if:

(1) the estuary involved has been designated jointly by the governor and the United States Environmental Protection Agency as an estuary of national significance in accordance with Section 320 of the Federal Water Pollution Control Act (33 U.S.C. Section 1330), as amended; and

(2) the comprehensive conservation and management plan for the estuary involved, together with the accompanying implementation plan, has been completed and approved.

Added by Acts 1999, 76th Leg., ch. 287, Sec. 1, eff. Aug. 30, 1999. Renumbered from Sec. 5.558 by Acts 2001, 77th Leg., ch. 1420, Sec. 21.001(114), eff. Sept. 1, 2001.

Sec. 5.609. ADMINISTRATION. The commission, as the lead state agency for administering the state's share of funds, and any state agency designated as an implementing agency for an approved comprehensive conservation and management plan may accept and make grants and enter into contracts to accomplish the actions identified in the approved plan and to further the purposes of this subchapter.

Added by Acts 1999, 76th Leg., ch. 287, Sec. 1, eff. Aug. 30, 1999. Renumbered from Sec. 5.559 by Acts 2001, 77th Leg., ch. 1420, Sec. 21.001(114), eff. Sept. 1, 2001.

#### **SUBCHAPTER P. FEES**

Sec. 5.701. FEES. (a) The executive director shall charge and collect the fees prescribed by law. The executive director shall make a record of fees prescribed when due and shall render an account to the person charged with the fees. Each fee is a separate charge and is in addition to other fees unless provided otherwise. Except as otherwise provided, a fee assessed and collected under this section shall be deposited to the credit of the water resource management account.

(1) Notwithstanding other provisions, the commission by rule may establish due dates, schedules, and procedures for assessment, collection, and remittance of fees due the commission to ensure the cost-effective administration of revenue collection and

cash management programs.

(2) Notwithstanding other provisions, the commission by rule shall establish uniform and consistent requirements for the assessment of penalties and interest for late payment of fees owed the state under the commission's jurisdiction. Penalties and interest established under this section shall not exceed rates established for delinquent taxes under Sections 111.060 and 111.061, Tax Code.

(b) Except as otherwise provided by law, the fee for filing an application or petition is \$100 plus the cost of any required notice. The fee for a by-pass permit shall be set by the commission at a reasonable amount to recover costs, but not less than \$100.

(c) The fee for filing a water permit application is \$100 plus the cost of required notice.

(d) The fee for filing an application for fixing or adjusting rates is \$100 plus the cost of required notice.

(e) A person who files with the commission a petition for the creation of a water district or addition of sewage and drainage powers or a resolution for a water district conversion must pay a one-time nonrefundable application fee. The commission by rule may establish the application fee in an amount sufficient to cover the costs of reviewing and processing the application, plus the cost of required notice. The commission may also use the application fee to cover other costs incurred to protect water resources in this state, including assessment of water quality, reasonably related to the activities of any of the persons required to pay a fee under the statutes listed in Subsection (p). This fee is the only fee that the commission may charge with regard to the processing of an application for creation of a water district, addition of sewage or drainage powers, or conversion under this code.

(f) A person who files a bond issue application with the commission must pay an application fee set by the commission. The commission by rule may set the application fee in an amount not to exceed the costs of reviewing and processing the application, plus the cost of required notice. If the bonds are approved by the commission, the seller shall pay to the commission a percentage of the bond proceeds not later than the seventh business day after receipt of the bond proceeds. The commission by rule may set the percentage of the proceeds in an amount not to exceed 0.25 percent of the principal amount of the bonds actually issued. Proceeds of the

fees shall be used to supplement any other funds available for paying expenses of the commission in supervising the various bond and construction activities of the districts filing the applications.

(g) The fee for recording an instrument in the office of the commission is \$1.25 per page.

(h) The fee for the use of water for irrigation is 50 cents per acre to be irrigated.

(i) The fee for impounding water, except under Section 11.142 of this code, is 50 cents per acre-foot of storage, based on the total holding capacity of the reservoir at normal operating level.

(j) The fee for other uses of water not specifically named in this section is \$1 per acre-foot, except that no political subdivision may be required to pay fees to use water for recharge of underground freshwater-bearing sands and aquifers or for abatement of natural pollution. A fee is not required for a water right that is deposited into the Texas Water Trust.

(k) A fee charged under Subsections (h) through (j) of this section for one use of water under a permit from the commission may not exceed \$50,000. The fee for each additional use of water under a permit for which the maximum fee is paid may not exceed \$10,000.

(l) The fees prescribed by Subsections (h) through (j) of this section are one-time fees, payable when the application for an appropriation is made. However, if the total fee for a permit exceeds \$1,000, the applicant shall pay one-half of the fee when the application is filed and one-half within 180 days after notice is mailed to him that the permit is granted. If the applicant does not pay all of the amount owed before beginning to use water under the permit, the permit is annulled.

(m) If a permit is annulled, the matter reverts to the status of a pending, filed application and, on the payment of use fees as provided by Subsections (h) through (l) of this section together with sufficient postage fees for mailing notice of hearing, the commission shall set the application for hearing and proceed as provided by this code.

(n)(1) Each provider of potable water or sewer utility service shall collect a regulatory assessment from each retail customer as follows:

(A) A public utility as defined in Section 13.002 shall collect from each retail customer a regulatory assessment equal to one percent of the charge for retail water or sewer service.

(B) A water supply or sewer service corporation as defined in Section 13.002 shall collect from each retail customer a regulatory assessment equal to one-half of one percent of the charge for retail water or sewer service.

(C) A district as defined in Section 49.001 that provides potable water or sewer utility service to retail customers shall collect from each retail customer a regulatory assessment equal to one-half of one percent of the charge for retail water or sewer service.

(2) The regulatory assessment may be listed on the customer's bill as a separate item and shall be collected in addition to other charges for utility services.

(3) The assessments collected under this subsection may be appropriated by a rider to the General Appropriations Act to an agency with duties related to water and sewer utility regulation or representation of residential and small commercial consumers of water and sewer utility services solely to pay costs and expenses incurred by the agency in the regulation of districts, water supply or sewer service corporations, and public utilities under Chapter 13.

(4) The commission shall annually use a portion of the assessments to provide on-site technical assistance and training to public utilities, water supply or sewer service corporations, and districts. The commission shall contract with others to provide the services.

(5) The commission by rule may establish due dates, collection procedures, and penalties for late payment related to regulatory assessments under this subsection. The executive director shall collect all assessments from the utility service providers.

(6) The commission shall assess a penalty against a municipality with a population of more than 1.5 million that does not provide municipal water and sewer services in an annexed area in accordance with Section 43.0565, Local Government Code. A penalty assessed under this paragraph shall be not more than \$1,000 for each day the services are not provided after March 1, 1998, for areas annexed before January 1, 1993, or not provided within 4-1/2 years after the effective date of the annexation for areas annexed on or after January 1, 1993. A penalty collected under this paragraph shall be deposited to the credit of the water resource management account to be used to provide water and sewer service to residents of the city.

(7) The regulatory assessment does not apply to water that has not been treated for the purpose of human consumption.

(o) A fee imposed under Subsection (j) of this section for the use of saline tidal water for industrial processes shall be \$1 per acre-foot of water diverted for the industrial process, not to exceed a total fee of \$5,000.

(p) Notwithstanding any other law, fees collected for deposit to the water resource management account under the following statutes may be appropriated and used to protect water resources in this state, including assessment of water quality, reasonably related to the activities of any of the persons required to pay a fee under:

(1) Subsection (b), to the extent those fees are paid by water districts, and Subsections (e), (f), and (n);

(2) Section 54.037(c); or

(3) Section 367.010, Health and Safety Code.

(q) Notwithstanding any other law, fees collected for deposit to the water resource management account under the following statutes may be appropriated and used to protect water resources in this state, including assessment of water quality, reasonably related to the activities of any of the persons required to pay a fee under:

(1) Subsections (b) and (c), to the extent those fees are collected in connection with water use or water quality permits;

(2) Subsections (h)-(l);

(3) Section 11.138(g);

(4) Section 11.145;

(5) Section 26.0135(h);

(6) Sections 26.0291, 26.044, and 26.0461; or

(7) Sections 341.041, 366.058, and 366.059, Health and Safety Code.

(r) Repealed by Acts 2011, 82nd Leg., R.S., Ch. 1021, Sec. 2.07, eff. September 1, 2011.

Amended by Acts 1985, 69th Leg., ch. 239, Sec. 38, eff. Sept. 1, 1985. Renumbered from Sec. 5.182 and amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.001, eff. Sept. 1, 1985. Amended by Acts 1987, 70th Leg., ch. 399, Sec. 1, eff. Sept. 1, 1987; Acts 1991, 72nd Leg., ch. 710, Sec. 10, eff. Aug. 26, 1991; Acts 1991, 72nd Leg., 1st C.S., ch. 3, Sec. 1.021, eff. Aug. 12, 1991; Acts 1991, 72nd Leg., 1st C.S., ch. 3, Sec. 4.01, eff. Sept. 1, 1991; Acts 1993, 73rd Leg., ch. 564, Sec. 1.02, eff. June 11, 1993; Acts 1993, 73rd

Leg., ch. 746, Sec. 1, eff. Aug. 30, 1993; Acts 1993, 73rd Leg., ch. 772, Sec. 1, eff. Aug. 30, 1993; Acts 1997, 75th Leg., ch. 333, Sec. 1, eff. Sept. 1, 1997; Acts 1997, 75th Leg., ch. 1010, Sec. 4.42, eff. Sept. 1, 1997; Acts 2001, 77th Leg., ch. 966, Sec. 4.03, eff. Sept. 1, 2001. Redesignated from Sec. 5.235 and amended by Acts 2001, 77th Leg., ch. 965, Sec. 3.02, eff. Sept. 1, 2001; Acts 2003, 78th Leg., ch. 200, Sec. 6(a), eff. Sept. 1, 2003.

Amended by:

Acts 2007, 80th Leg., R.S., Ch. 1351 (H.B. 3), Sec. 1.03, eff. September 1, 2007.

Acts 2007, 80th Leg., R.S., Ch. 1430 (S.B. 3), Sec. 1.03, eff. September 1, 2007.

Acts 2009, 81st Leg., R.S., Ch. 1316 (H.B. 2667), Sec. 4, eff. September 1, 2009.

Acts 2011, 82nd Leg., R.S., Ch. 1021 (H.B. 2694), Sec. 2.07, eff. September 1, 2011.

Acts 2011, 82nd Leg., R.S., Ch. 1021 (H.B. 2694), Sec. 6.03, eff. September 1, 2011.

Sec. 5.702. PAYMENT OF FEES REQUIRED WHEN DUE. (a) A fee due the commission under this code or the Health and Safety Code shall be paid on the date the fee is due, regardless of whether the fee is billed by the commission to the person required to pay the fee or is calculated and paid to the commission by the person required to pay the fee.

(b) A person required to pay a fee to the commission may not dispute the assessment of or amount of a fee before the fee has been paid in full.

Added by Acts 2001, 77th Leg., ch. 965, Sec. 3.03, eff. Sept. 1, 2001.

Sec. 5.703. FEE ADJUSTMENTS. (a) The commission may not consider adjusting the amount of a fee due the commission under this code or the Health and Safety Code:

- (1) before the fee has been paid in full; or
- (2) if the request for adjustment is received after the first anniversary of the date on which the fee was paid in full.

(b) A person who pays an amount that exceeds the amount of the fee due because the commission incorrectly calculated the fee or the person made a duplicate payment may request a refund of the excess amount paid before the fourth anniversary of the date on which the excess amount was paid.

(c) A request for a refund or credit in an amount that exceeds \$5,000 shall be forwarded for approval to the commission fee audit staff, together with an explanation of the grounds for the requested refund or credit. Approval of a refund or credit does not prevent the fee audit staff from conducting a subsequent audit of the person for whom the refund or credit was approved.

Added by Acts 2001, 77th Leg., ch. 965, Sec. 3.03, eff. Sept. 1, 2001.

Sec. 5.704. NOTICE OF CHANGE IN PAYMENT PROCEDURE. The commission shall promptly notify each person required to pay a commission fee under this code or the Health and Safety Code of any change in fee payment procedures.

Added by Acts 2001, 77th Leg., ch. 965, Sec. 3.03, eff. Sept. 1, 2001.

Sec. 5.705. NOTICE OF VIOLATION. (a) The commission may issue a notice of violation to a person required to pay a commission fee under this code or the Health and Safety Code for knowingly violating reporting requirements or knowingly calculating the fee in an amount less than the amount actually due.

(b) The executive director may modify audit findings reported by a commission fee auditor only if the executive director provides a written explanation showing good cause for the modification.

Added by Acts 2001, 77th Leg., ch. 965, Sec. 3.03, eff. Sept. 1, 2001.

Sec. 5.706. PENALTIES AND INTEREST ON DELINQUENT FEES. (a) Except as otherwise provided by law, the commission may collect, for a delinquent fee due the commission under this code or the Health and

## Safety Code:

(1) a penalty in an amount equal to five percent of the amount of the fee due, if the fee is not paid on or before the day on which the fee is due; and

(2) an additional penalty in an amount equal to five percent of the amount due, if the fee is not paid on or before the 30th day after the date on which the fee was due.

(b) Unless otherwise required by law interest accrues, beginning on the 61st day after the date on which the fee was due, on the total amount of fee and penalties that have not been paid on or before the 61st day after the date on which the fee was due. The yearly interest rate is the rate of interest established for delinquent taxes under Section 111.060, Tax Code.

(c) The executive director may modify a penalty or interest on a fee and penalties authorized by this section if the executive director provides a written explanation showing good cause for the modification.

(d) Penalties and interest collected by the commission under this section or under other law, unless that law otherwise provides, shall be deposited to the credit of the fund or account to which the fee is required to be deposited.

Added by Acts 2001, 77th Leg., ch. 965, Sec. 3.03, eff. Sept. 1, 2001.

Sec. 5.707. TRANSFERABILITY OF APPROPRIATIONS AND FUNDS DERIVED FROM FEES. Notwithstanding any law that provides specific purposes for which a fund, account, or revenue source may be used and expended by the commission and that restricts the use of revenues and balances by the commission, the commission may transfer a percentage of appropriations from one appropriation item to another appropriation item consistent with the General Appropriations Act for any biennium authorizing the commission to transfer a percentage of appropriations from one appropriation item to another appropriation item. The use of funds in dedicated accounts under this section for purposes in addition to those provided by statutes restricting their use may not exceed seven percent or \$20 million, whichever is less, of appropriations to the commission in the General Appropriations Act for any biennium. A transfer of \$500,000 or more from one

appropriation item to another appropriation item under this section must be approved by the commission at an open meeting subject to Chapter 551, Government Code.

Added by Acts 2001, 77th Leg., ch. 965, Sec. 3.03, eff. Sept. 1, 2001.

Sec. 5.708. PERMIT FEE EXEMPTION FOR CERTAIN RESEARCH PROJECTS.

(a) In this section:

(1) "Institution of higher education" has the meaning assigned by Section 61.003, Education Code.

(2) "State agency" has the meaning assigned by Section 572.002, Government Code.

(b) If a permit issued by the commission is required for a research project by an institution of higher education or a state agency, payment of a fee is not required for the permit.

Added by Acts 2001, 77th Leg., ch. 965, Sec. 3.03, eff. Sept. 1, 2001.

**SUBCHAPTER Q. PERFORMANCE-BASED REGULATION**

Sec. 5.751. APPLICABILITY. This subchapter applies to programs under the jurisdiction of the commission under Chapters 26, 27, and 32 of this code and Chapters 361, 375, 382, and 401, Health and Safety Code. It does not apply to occupational licensing programs under the jurisdiction of the commission.

Added by Acts 2001, 77th Leg., ch. 965, Sec. 4.01, eff. Sept. 1, 2001.

Amended by:

Acts 2011, 82nd Leg., R.S., Ch. 1021 (H.B. [2694](#)), Sec. 4.01, eff. September 1, 2011.

Sec. 5.752. DEFINITIONS. In this subchapter:

(1) "Applicable legal requirement" means an environmental law, regulation, permit, order, consent decree, or other requirement.

(2) "Innovative program" means:

(A) a program developed by the commission under this

subchapter, Chapter 26 or 27 of this code, or Chapter 361, 382, or 401, Health and Safety Code, that provides incentives to a person in return for benefits to the environment that exceed benefits that would result from compliance with applicable legal requirements under the commission's jurisdiction;

(B) the flexible permit program administered by the commission under Chapter 382, Health and Safety Code;

(C) the regulatory flexibility program administered by the commission under Section 5.758; or

(D) a program established under Section 382.401, Health and Safety Code, to encourage the use of alternative technology for detecting leaks or emissions of air contaminants.

(3) "Permit" includes a license, certificate, registration, approval, permit by rule, standard permit, or other form of authorization issued by the commission under this code or the Health and Safety Code.

(4) "Region" means a region of the commission's field operations division or that division's successor.

(5) "Strategically directed regulatory structure" means a program that is designed to use innovative programs to provide maximum environmental benefit and to reward compliance performance.

Added by Acts 2001, 77th Leg., ch. 965, Sec. 4.01, eff. Sept. 1, 2001.

Amended by:

Acts 2007, 80th Leg., R.S., Ch. 870 (H.B. [1526](#)), Sec. 2, eff. June 15, 2007.

Acts 2011, 82nd Leg., R.S., Ch. 1021 (H.B. [2694](#)), Sec. 4.02, eff. September 1, 2011.

Sec. 5.753. STANDARDS FOR EVALUATING AND USING COMPLIANCE HISTORY. (a) Consistent with other law and the requirements necessary to maintain federal program authorization, the commission by rule shall develop standards for evaluating and using compliance history that ensure consistency. In developing the standards, the commission may account for differences among regulated entities.

(b) The components of compliance history must include:

(1) enforcement orders, court judgments, and criminal convictions of this state relating to compliance with applicable

legal requirements under the jurisdiction of the commission;

(2) notwithstanding any other provision of this code, orders issued under Section 7.070;

(3) to the extent readily available to the commission, enforcement orders, court judgments, consent decrees, and criminal convictions relating to violations of environmental rules of the United States Environmental Protection Agency; and

(4) changes in ownership.

(c) The set of components must also include any information required by other law or any requirement necessary to maintain federal program authorization.

(d) Except as provided by this subsection, notices of violation must be included as a component of compliance history for a period not to exceed one year from the date of issuance of each notice of violation. The listing of a notice of violation must be preceded by the following statement prominently displayed: "A notice of violation represents a written allegation of a violation of a specific regulatory requirement from the commission to a regulated entity. A notice of violation is not a final enforcement action nor proof that a violation has actually occurred." A notice of violation administratively determined to be without merit may not be included in a compliance history. A notice of violation that is included in a compliance history shall be removed from the compliance history if the commission subsequently determines the notice of violation to be without merit.

(d-1) For purposes of listing compliance history, the commission may not include as a notice of violation information received by the commission as required by Title V of the federal Clean Air Act (42 U.S.C. Section 7661 et seq.) unless the commission issues a written notice of violation. Final enforcement orders or judgments resulting from self-reported Title V deviations or violations may be considered as compliance history components for purposes of determining compliance history.

(e) Except as required by other law or any requirement necessary to maintain federal program authorization, the commission by rule shall establish a period for compliance history.

Added by Acts 2001, 77th Leg., ch. 965, Sec. 4.01, eff. Sept. 1, 2001.

Amended by:

Acts 2011, 82nd Leg., R.S., Ch. 1021 (H.B. 2694), Sec. 4.03, eff. September 1, 2011.

Acts 2011, 82nd Leg., R.S., Ch. 1021 (H.B. 2694), Sec. 4.04, eff. September 1, 2011.

Sec. 5.754. CLASSIFICATION AND USE OF COMPLIANCE HISTORY. (a) The commission by rule shall establish a set of standards for the classification of a person's compliance history as a means of evaluating compliance history. The commission may consider the person's classification when using compliance history under Subsection (e).

(b) Rules adopted under Subsection (a):

(1) must, at a minimum, provide for three classifications of compliance history in a manner adequate to distinguish among:

(A) unsatisfactory performers, or regulated entities that in the commission's judgment perform below minimal acceptable performance standards established by the commission;

(B) satisfactory performers, or regulated entities that generally comply with environmental regulations; and

(C) high performers, or regulated entities that have an above-satisfactory compliance record;

(2) may establish a category of unclassified performers, or regulated entities for which the commission does not have adequate compliance information about the site; and

(3) must take into account both positive and negative factors related to the operation, size, and complexity of the site, including whether the site is subject to Title V of the federal Clean Air Act (42 U.S.C. Section 7661 et seq.).

(c) In classifying a person's compliance history, the commission shall:

(1) determine whether a violation of an applicable legal requirement is of major, moderate, or minor significance;

(2) establish criteria for classifying a repeat violator, giving consideration to the size and complexity of the site at which the violations occurred, and limiting consideration to violations of the same nature and the same environmental media that occurred in the preceding five years; and

(3) consider:

(A) the significance of the violation and whether the

person is a repeat violator;

(B) the size and complexity of the site, including whether the site is subject to Title V of the federal Clean Air Act (42 U.S.C. Section 7661 et seq.); and

(C) the potential for a violation at the site that is attributable to the nature and complexity of the site.

(d) The commission by rule may require a compliance inspection to determine an entity's eligibility for participation in a program that requires a high level of compliance.

(e) The commission by rule shall provide for the use of compliance history in commission decisions regarding:

(1) the issuance, renewal, amendment, modification, denial, suspension, or revocation of a permit;

(2) enforcement;

(3) the use of announced inspections; and

(4) participation in innovative programs.

(e-1) The amount of the penalty enhancement or escalation attributed to compliance history may not exceed 100 percent of the base penalty for an individual violation as determined by the commission's penalty policy.

(f) The assessment methods shall specify the circumstances in which the commission may revoke the permit of a repeat violator and shall establish enhanced administrative penalties for repeat violators.

(g) Rules adopted under Subsection (e) for the use of compliance history shall provide for additional oversight of, and review of applications regarding, facilities owned or operated by a person whose compliance performance is classified as unsatisfactory according to commission standards.

(h) The commission by rule shall, at a minimum, prohibit a person whose compliance history is classified as unsatisfactory according to commission standards from obtaining or renewing a flexible permit under the program administered by the commission under Chapter 382, Health and Safety Code, or participating in the regulatory flexibility program administered by the commission under Section 5.758.

(i) The commission shall consider the compliance history of a regulated entity when determining whether to grant the regulated entity's application for a permit or permit amendment for any activity under the commission's jurisdiction to which this subchapter

applies. Notwithstanding any provision of this code or the Health and Safety Code relating to the granting of permits or permit amendments by the commission, the commission, after an opportunity for a hearing, shall deny a regulated entity's application for a permit or permit amendment if the regulated entity's compliance history is unacceptable based on violations constituting a recurring pattern of conduct that demonstrates a consistent disregard for the regulatory process, including a failure to make a timely and substantial attempt to correct the violations.

Added by Acts 2001, 77th Leg., ch. 965, Sec. 4.01, eff. Sept. 1, 2001.

Amended by:

Acts 2011, 82nd Leg., R.S., Ch. 1021 (H.B. 2694), Sec. 4.05, eff. September 1, 2011.

Sec. 5.755. STRATEGICALLY DIRECTED REGULATORY STRUCTURE. (a) The commission by rule shall develop a strategically directed regulatory structure to provide incentives for enhanced environmental performance.

(b) The strategically directed regulatory structure shall offer incentives based on:

(1) a person's compliance history; and

(2) any voluntary measures undertaken by the person to improve environmental quality.

(c) An innovative program offered as part of the strategically directed regulatory structure must be consistent with other law and any requirement necessary to maintain federal program authorization.

Added by Acts 2001, 77th Leg., ch. 965, Sec. 4.01, eff. Sept. 1, 2001.

Amended by:

Acts 2011, 82nd Leg., R.S., Ch. 1021 (H.B. 2694), Sec. 4.06, eff. September 1, 2011.

Sec. 5.756. COLLECTION AND ANALYSIS OF COMPLIANCE PERFORMANCE INFORMATION. (a) The commission shall collect data on:

(1) the results of inspections conducted by the commission; and

(2) whether inspections are announced or unannounced.

(b) The commission shall collect data on and make available to the public on the Internet:

(1) the number and percentage of all violations committed by persons who previously have committed the same or similar violations;

(2) the number and percentage of enforcement orders issued by the commission that are issued to entities that have been the subject of a previous enforcement order;

(3) whether a violation is of major, moderate, or minor significance, as defined by commission rule;

(4) whether a violation relates to an applicable legal requirement pertaining to air, water, or waste; and

(5) the region in which the facility is located.

(c) The commission annually shall prepare a comparative analysis of data evaluating the performance, over time, of the commission and of entities regulated by the commission.

(d) The commission shall include in the annual enforcement report required by Section 5.126 the comparative performance analysis required by Subsection (c), organized by region and regulated medium.

(e) Before compliance performance information about a site may be placed on the Internet under this subchapter, the information must be evaluated through a quality assurance and control procedure, including a 30-day period for the owner or operator of the site to review and comment on the information.

Added by Acts 2001, 77th Leg., ch. 965, Sec. 4.01, eff. Sept. 1, 2001.

Amended by:

Acts 2005, 79th Leg., Ch. 728 (H.B. 2018), Sec. 22.001, eff. September 1, 2005.

Acts 2011, 82nd Leg., R.S., Ch. 1021 (H.B. 2694), Sec. 4.07, eff. September 1, 2011.

Sec. 5.757. COORDINATION OF INNOVATIVE PROGRAMS. (a) The commission shall designate a single point of contact within the agency to coordinate all innovative programs.

(b) The coordinator shall:

(1) inventory, coordinate, and market and evaluate all

innovative programs;

(2) provide information and technical assistance to persons participating in or interested in participating in those programs; and

(3) work with the pollution prevention advisory committee to assist the commission in integrating the innovative programs into the commission's operations, including:

- (A) program administration;
- (B) strategic planning; and
- (C) staff training.

Added by Acts 2001, 77th Leg., ch. 965, Sec. 4.01, eff. Sept. 1, 2001.

Sec. 5.758. REGULATORY FLEXIBILITY. (a) The commission by order may exempt an applicant from a requirement of a statute or commission rule regarding the control or abatement of pollution if the applicant proposes to control or abate pollution by an alternative method or by applying an alternative standard that is:

(1) as protective of the environment and the public health as the method or standard prescribed by the statute or commission rule that would otherwise apply; and

(2) not inconsistent with federal law.

(b) The commission may not exempt an applicant under this section unless the applicant can present to the commission evidence that the alternative the applicant proposes is as protective of the environment and the public health as the method or standard prescribed by the statute or commission rule that would otherwise apply.

(c) The commission by rule shall specify the procedure for obtaining an exemption under this section. The rules must provide for public notice and for public participation in a proceeding involving an application for an exemption under this section.

(d) The commission's order must provide a description of the alternative method or standard and condition the exemption on compliance with the method or standard as the order prescribes.

(e) The commission by rule may establish a reasonable fee for applying for an exemption under this section.

(f) A violation of an order issued under this section is

punishable as if it were a violation of the statute or rule from which the order grants an exemption.

(g) This section does not authorize exemptions to statutes or regulations for storing, handling, processing, or disposing of low-level radioactive materials.

(h) In implementing the program of regulatory flexibility authorized by this section, the commission shall:

(1) promote the program to businesses in the state through all available appropriate media;

(2) endorse alternative methods that will clearly benefit the environment and impose the least onerous restrictions on business;

(3) fix and enforce environmental standards, allowing businesses flexibility in meeting the standards in a manner that clearly enhances environmental outcomes; and

(4) work to achieve consistent and predictable results for the regulated community and shorter waits for permit issuance.

Added by Acts 1997, 75th Leg., ch. 1203, Sec. 1, eff. Sept. 1, 1997. Renumbered from Sec. 5.123 and amended by Acts 2001, 77th Leg., ch. 965, Sec. 4.02, eff. Sept. 1, 2001.

Amended by:

Acts 2011, 82nd Leg., R.S., Ch. 1021 (H.B. 2694), Sec. 4.08, eff. September 1, 2011.

#### **SUBCHAPTER R. ACCREDITATION OF ENVIRONMENTAL TESTING LABORATORIES**

Sec. 5.801. DEFINITION. In this subchapter, "environmental testing laboratory" means a scientific laboratory that performs analyses to determine the chemical, molecular, or pathogenic components of environmental media for regulatory compliance purposes.

Added by Acts 1999, 76th Leg., ch. 447, Sec. 1, eff. June 18, 1999. Redesignated from Health and Safety Code Sec. 421.001 and amended by Acts 2001, 77th Leg., ch. 965, Sec. 6.01, eff. Sept. 1, 2001.

Sec. 5.802. ADMINISTRATION BY COMMISSION. The commission shall adopt rules for the administration of the voluntary environmental testing laboratory accreditation program established by this chapter. The program must be consistent with national accreditation standards

approved by the National Environmental Laboratory Accreditation Program.

Added by Acts 1999, 76th Leg., ch. 447, Sec. 1, eff. June 18, 1999. Redesignated from Health and Safety Code Sec. 421.002 and amended by Acts 2001, 77th Leg., ch. 965, Sec. 6.01, eff. Sept. 1, 2001.

Sec. 5.803. APPLICATION; FEE. (a) To be accredited under the accreditation program adopted under this subchapter, an environmental testing laboratory must submit an application to the commission on a form prescribed by the commission, accompanied by the accreditation fee. The application must contain the information that the commission requires.

(b) The commission by rule shall establish a schedule of reasonable accreditation fees designed to recover the costs of the accreditation program, including the costs associated with:

- (1) application review;
- (2) initial, routine, and follow-up inspections by the commission; and
- (3) preparation of reports.

Added by Acts 1999, 76th Leg., ch. 447, Sec. 1, eff. June 18, 1999. Redesignated from Health and Safety Code Sec. 421.003 and amended by Acts 2001, 77th Leg., ch. 965, Sec. 6.01, eff. Sept. 1, 2001.

Sec. 5.804. ISSUANCE OF ACCREDITATION; RECIPROCITY. (a) The commission may accredit an environmental testing laboratory that complies with the commission requirements established under this subchapter.

(b) The commission by rule may provide for the accreditation of an environmental testing laboratory that is accredited or licensed in another state by an authority that is approved by the National Environmental Laboratory Accreditation Program.

Added by Acts 1999, 76th Leg., ch. 447, Sec. 1, eff. June 18, 1999. Redesignated from Health and Safety Code Sec. 421.004 and amended by Acts 2001, 77th Leg., ch. 965, Sec. 6.01, eff. Sept. 1, 2001.

Sec. 5.805. RULES; MINIMUM STANDARDS. The commission shall adopt rules to implement this subchapter and minimum performance and quality assurance standards for accreditation of an environmental testing laboratory.

Added by Acts 1999, 76th Leg., ch. 447, Sec. 1, eff. June 18, 1999. Redesignated from Health and Safety Code Sec. 421.005 and amended by Acts 2001, 77th Leg., ch. 965, Sec. 6.01, eff. Sept. 1, 2001.

Sec. 5.806. DISCIPLINE. After notice and an opportunity for hearing, the commission may suspend or revoke the accreditation of an environmental testing laboratory that does not comply with the minimum performance and quality assurance standards established under this subchapter.

Added by Acts 1999, 76th Leg., ch. 447, Sec. 1, eff. June 18, 1999. Redesignated from Health and Safety Code Sec. 421.006 and amended by Acts 2001, 77th Leg., ch. 965, Sec. 6.01, eff. Sept. 1, 2001.

Sec. 5.807. ENVIRONMENTAL TESTING LABORATORY ACCREDITATION ACCOUNT. All fees collected under this subchapter shall be deposited to the credit of the environmental testing laboratory accreditation account and may be appropriated to the commission only for paying the costs of the accreditation program.

Added by Acts 2001, 77th Leg., ch. 965, Sec. 6.01, eff. Sept. 1, 2001.

**CHAPTER 6. TEXAS WATER DEVELOPMENT BOARD**  
**SUBCHAPTER A. GENERAL PROVISIONS**

Sec. 6.001. DEFINITIONS. In this chapter:

- (1) "Board" means the Texas Water Development Board.
- (2) "Executive administrator" means the executive administrator of the board.
- (3) "Commission" means the Texas Natural Resource Conservation Commission.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 1.002, eff. Sept. 1,

1985. Amended by Acts 1991, 72nd Leg., ch. 516, Sec. 1, eff. Sept. 1, 1991; Acts 1991, 72nd Leg., 1st C.S., ch. 3, Sec. 1.056, eff. Aug. 12, 1991.

Sec. 6.002. SCOPE OF CHAPTER. The powers and duties enumerated in this chapter are the general powers and duties of the board and those incidental to the conduct of its business. The board has other specific powers and duties as prescribed in other sections of this code and other laws of this state.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 1.002, eff. Sept. 1, 1985.

#### **SUBCHAPTER B. ORGANIZATION OF THE TEXAS WATER DEVELOPMENT BOARD**

Sec. 6.011. BOARD AS AGENCY OF STATE. The board is the state agency primarily responsible for water planning and for administering water financing for the state.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 1.002, eff. Sept. 1, 1985.

Sec. 6.012. GENERAL DUTIES AND RESPONSIBILITIES. (a) The board has general jurisdiction over:

- (1) the development and implementation of a statewide water plan;
- (2) the administration of the state's various water assistance and financing programs including those created by the constitution;
- (3) the administration of the National Flood Insurance Program; and
- (4) other areas specifically assigned to the board by this code or other law.

(b) The board has only those powers and duties previously delegated by law to the Texas Department of Water Resources that are specifically delegated to the board under this code and other laws of this state.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 1.002, eff. Sept. 1,

1985.

Amended by:

Acts 2007, 80th Leg., R.S., Ch. 1323 (S.B. 1436), Sec. 3, eff. September 1, 2007.

Sec. 6.013. SUNSET PROVISION. The Texas Water Development Board is subject to review under Chapter 325, Government Code (Texas Sunset Act), but is not abolished under that chapter. The board shall be reviewed during the period in which state agencies abolished in 2023 and every 12th year after 2023 are reviewed.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 1.002, eff. Sept. 1, 1985. Amended by Acts 1987, 70th Leg., ch. 167, Sec. 2.20(47), eff. Sept. 1, 1987; Acts 1991, 72nd Leg., 1st C.S., ch. 17, Sec. 5.24(a), eff. Nov. 12, 1991; Acts 2001, 77th Leg., ch. 1234, Sec. 2, eff. Sept. 1, 2001.

Amended by:

Acts 2009, 81st Leg., 1st C.S., Ch. 2 (S.B. 2), Sec. 1.13, eff. July 10, 2009.

Acts 2011, 82nd Leg., R.S., Ch. 1233 (S.B. 660), Sec. 1, eff. September 1, 2011.

Sec. 6.014. CONSTRUCTION OF TITLE. This title shall be liberally construed to allow the board and the executive administrator to carry out their powers and duties in an efficient and effective manner.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 1.002, eff. Sept. 1, 1985.

#### **SUBCHAPTER C. TEXAS WATER DEVELOPMENT BOARD**

Sec. 6.051. STATE AGENCY. The Texas Water Development Board is an agency of the state.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 1.002, eff. Sept. 1, 1985.

Sec. 6.052. MEMBERS OF THE BOARD; APPOINTMENT. (a) The board is composed of three members who are appointed by the governor with the advice and consent of the senate. One member must have experience in the field of engineering, one member must have experience in the field of public or private finance, and one member must have experience in the field of law or business.

(b) The governor shall make the appointments in such a manner that the members reflect the diverse geographic regions and population groups of this state and do not have any conflicts of interest prohibited by state or federal law.

(c) Appointments to the board shall be made without regard to the race, color, disability, sex, religion, age, or national origin of the appointees.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 1.002, eff. Sept. 1, 1985. Amended by Acts 2001, 77th Leg., ch. 1234, Sec. 3, eff. Sept. 1, 2001.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 207 (H.B. 4), Sec. 1.01, eff. September 1, 2013.

Sec. 6.053. ELIGIBILITY FOR MEMBERSHIP. (a) Members of the board must be members of the general public.

(b) A person is not eligible for appointment to the board if the person or the person's spouse:

(1) is employed by or participates in the management of a business entity or other organization regulated by the board or receiving funds from the board;

(2) owns, controls, or has, directly or indirectly, more than a 10 percent interest in a business entity or other organization regulated by the board or receiving funds from the board; or

(3) uses or receives a substantial amount of tangible goods, services, or funds from the board.

(c) Subsection (b)(1) does not apply to an employee of a political subdivision of this state.

(d) A person is not eligible for appointment to the board if the person served on the board on or before January 1, 2013.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 1.002, eff. Sept. 1, 1985.

Amended by:

Acts 2007, 80th Leg., R.S., Ch. 1278 (H.B. 3769), Sec. 2, eff. June 15, 2007.

Acts 2013, 83rd Leg., R.S., Ch. 207 (H.B. 4), Sec. 1.02, eff. September 1, 2013.

Sec. 6.054. REMOVAL OF BOARD MEMBERS. (a) It is a ground for removal from the board that a member:

(1) does not have at the time of taking office the qualifications required for appointment to the board;

(2) does not maintain during service on the board the qualifications required for appointment to the board;

(3) is ineligible for membership under Sections 6.053, 6.057, and 6.058;

(4) cannot, because of illness or disability, discharge the member's duties for a substantial part of the member's term; or

(5) is absent from more than half of the regularly scheduled board meetings that the member is eligible to attend during a calendar year without an excuse approved by a majority vote of the board.

(b) The validity of an action of the board is not affected by the fact that it is taken when a ground for removal of a board member exists.

(c) If the executive administrator or a member has knowledge that a potential ground for removal exists, the executive administrator shall notify the chairman of the board of the potential ground. The chairman of the board shall then notify the governor and the attorney general that a potential ground for removal exists. If the potential ground for removal includes the chairman of the board, the executive administrator or another member of the board shall notify the member of the board with the most seniority, who shall then notify the governor and the attorney general that a potential ground for removal exists.

(d) The governor, with the advice and consent of the senate, may remove a board member from office as provided by Section 9, Article XV, Texas Constitution.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 1.002, eff. Sept. 1, 1985. Amended by Acts 2001, 77th Leg., ch. 1234, Sec. 4, eff. Sept.

1, 2001.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 207 (H.B. 4), Sec. 1.03, eff. September 1, 2013.

Sec. 6.055. OFFICERS OF STATE; OATH. Each member of the board is an officer of the state as that term is used in the constitution, and each member shall qualify by taking the official oath of office.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 1.002, eff. Sept. 1, 1985.

Sec. 6.056. TERMS OF OFFICE. (a) The members of the board hold office for staggered terms of six years, with the term of one member expiring February 1 of each odd-numbered year. Each member holds office until a successor is appointed and has qualified.

(b) A person appointed to the board may not serve for more than two six-year terms.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 1.002, eff. Sept. 1, 1985. Amended by Acts 1991, 72nd Leg., ch. 516, Sec. 1, eff. Sept. 1, 1991.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 207 (H.B. 4), Sec. 1.04, eff. September 1, 2013.

Sec. 6.057. CONFLICT OF INTEREST. (a) In this section, "Texas trade association" means a cooperative and voluntarily joined association of business or professional competitors in this state designed to assist its members and its industry or profession in dealing with mutual business or professional problems and in promoting their common interest.

(b) A person may not be a member of the board and may not be a board employee employed in a "bona fide executive, administrative, or professional capacity," as that phrase is used for purposes of establishing an exemption to the overtime provisions of the federal Fair Labor Standards Act of 1938 (29 U.S.C. Section 201 et seq.), and its subsequent amendments, if:

(1) the person is an officer, employee, or paid consultant of a Texas trade association in the field of water planning or water financing; or

(2) the person's spouse is an officer, employee, or paid consultant of a Texas trade association in the field of water planning or water financing.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 1.002, eff. Sept. 1, 1985. Amended by Acts 2001, 77th Leg., ch. 1234, Sec. 4, eff. Sept. 1, 2001.

Sec. 6.058. LOBBYIST PROHIBITION. A person may not be a member of the board or act as the general counsel to the board if the person is required to register as a lobbyist under Chapter 305, Government Code, because of the person's activities for compensation on behalf of a profession related to the operation of the board.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 1.002, eff. Sept. 1, 1985. Amended by Acts 1987, 70th Leg., ch. 167, Sec. 2.19(25), eff. Sept. 1, 1987; Acts 2001, 77th Leg., ch. 1234, Sec. 4, eff. Sept. 1, 2001.

Sec. 6.059. CHAIRMAN OF THE BOARD. The governor shall designate one member as chairman of the board to serve at the will of the governor.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 1.002, eff. Sept. 1, 1985.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 207 (H.B. 4), Sec. 1.05, eff. September 1, 2013.

Sec. 6.060. BOARD MEETINGS. (a) The board shall hold regular meetings and all hearings at times specified by a board order and entered in its minutes. The board may hold special meetings at the times and places in this state that the board decides are appropriate for the performance of its duties. The chairman of the board or the board member acting for the chairman shall give the other members

reasonable notice before holding a special meeting.

(b) The chairman shall preside at all meetings of the board. The chairman may designate another board member to act for the chairman in the chairman's absence.

(c) A majority of the members constitute a quorum to transact business.

(d) The board shall meet annually with the board of the Texas Department of Housing and Community Affairs, or the successor agency that administers the portion of the federal community development block grant nonentitlement program that addresses the infrastructure needs of colonias, to assess the agencies' progress in meeting the needs of colonia residents and to receive an update and recommendations from the Colonia Initiatives Advisory Committee, as provided by Section 2306.590, Government Code. For purposes of this subsection, "colonia" has the meaning assigned by Section 2306.581, Government Code.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 1.002, eff. Sept. 1, 1985. Amended by Acts 2001, 77th Leg., ch. 1234, Sec. 5, eff. Sept. 1, 2001.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 207 (H.B. 4), Sec. 1.06, eff. September 1, 2013.

Sec. 6.061. FULL-TIME SERVICE. Each member of the board shall serve on a full-time basis.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 1.002, eff. Sept. 1, 1985.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 207 (H.B. 4), Sec. 1.07, eff. September 1, 2013.

Sec. 6.062. REQUIRED TRAINING FOR BOARD MEMBERS. (a) A person who is appointed to and qualifies for office as a member of the board may not vote, deliberate, or be counted as a member in attendance at a meeting of the board until the person completes a training program that complies with this section.

(b) The training program must provide the person with

information regarding:

- (1) the legislation that created the board;
- (2) the programs operated by the board;
- (3) the role and functions of the board;
- (4) the rules of the board, with an emphasis on the rules that relate to disciplinary and investigatory authority;
- (5) the current budget for the board;
- (6) the results of the most recent formal audit of the board;
- (7) the requirements of:
  - (A) the open meetings law, Chapter 551, Government Code;
  - (B) the public information law, Chapter 552, Government Code;
  - (C) the administrative procedure law, Chapter 2001, Government Code; and
  - (D) other laws relating to public officials, including conflict of interest laws; and
- (8) any applicable ethics policies adopted by the board or the Texas Ethics Commission.

(c) A person appointed to the board is entitled to reimbursement, as provided by the General Appropriations Act, for the travel expenses incurred in attending the training program regardless of whether the attendance at the program occurs before or after the person qualifies for office.

Added by Acts 2001, 77th Leg., ch. 1234, Sec. 6, eff. Sept. 1, 2001.

#### **SUBCHAPTER D. GENERAL POWERS AND DUTIES OF THE BOARD**

Sec. 6.101. RULES. (a) The board shall adopt rules necessary to carry out the powers and duties of the board provided by this code and other laws of this state.

(b) The executive administrator may recommend to the board for its consideration rules that he considers necessary to carry out the board's powers and duties.

(c) Rules shall be adopted in the manner provided by Chapter 2001, Government Code.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 1.002, eff. Sept. 1, 1985. Amended by Acts 1995, 74th Leg., ch. 76, Sec. 5.95(49), eff.

Sept. 1, 1995.

Sec. 6.1011. BUDGET APPROVAL. The board shall examine and approve budget recommendations for the board that are to be transmitted to the legislature.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 1.002, eff. Sept. 1, 1985.

Sec. 6.102. ADVISORY COUNCILS. The board may create and consult with any advisory councils that the board considers appropriate to carry out its powers and duties.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 1.002, eff. Sept. 1, 1985.

Sec. 6.103. EXECUTIVE ADMINISTRATOR. The board shall appoint a person to be the executive administrator to serve at the will of the board. A person is not eligible for appointment as the executive administrator if the person served in that capacity on January 1, 2013.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 1.002, eff. Sept. 1, 1985.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 207 (H.B. 4), Sec. 1.08, eff. September 1, 2013.

Sec. 6.104. MEMORANDA OF UNDERSTANDING. The board may enter into a memorandum of understanding with any other state agency and shall adopt by rule any memorandum of understanding between the board and any other state agency.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 1.002, eff. Sept. 1, 1985. Amended by Acts 1991, 72nd Leg., ch. 516, Sec. 1, eff. Sept. 1, 1991.

Sec. 6.105. PUBLIC TESTIMONY POLICY. The board shall develop and implement policies that will provide the public with a reasonable opportunity to appear before the board and to speak on any issue under the jurisdiction of the board.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 1.002, eff. Sept. 1, 1985.

Sec. 6.106. STANDARDS OF CONDUCT. The executive administrator or the executive administrator's designee shall provide to members of the board and to agency employees, as often as is necessary, information regarding the requirements for office or employment under this code, including information regarding a person's responsibilities under applicable laws relating to standards of conduct for state officers or employees.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 1.002, eff. Sept. 1, 1985. Amended by Acts 2001, 77th Leg., ch. 1234, Sec. 7, eff. Sept. 1, 2001.

Sec. 6.107. POWER TO ENTER LAND. Any member or employee of the board may enter any person's land, natural waterway, or artificial waterway for the purpose of making an investigation that would, in the judgment of the executive administrator, assist the board in the discharge of its duties.

Added by Acts 1987, 70th Leg., ch. 977, Sec. 3, eff. June 19, 1987.

Sec. 6.108. POWER TO PURCHASE INSURANCE. The board may purchase for its members, appointees, and employees and pay premiums on liability insurance in any amounts and from any insurers the board considers advisable.

Added by Acts 1993, 73rd Leg., ch. 1021, Sec. 1, eff. Aug. 30, 1993.

Sec. 6.109. LIABILITY. Pursuant to the limited waiver of governmental immunity of Chapter 101, Civil Practice and Remedies

Code (Texas Tort Claims Act), neither a member of the board nor any employee of the board is personally liable in the person's private capacity for any act performed or for any contract or other obligation entered into or undertaken in an official capacity in good faith and without intent to defraud, in connection with the administration, management, or conduct of the board in its business, programs, or other related affairs.

Added by Acts 1993, 73rd Leg., ch. 1021, Sec. 1, eff. Aug. 30, 1993.

Sec. 6.111. SEPARATION OF RESPONSIBILITIES. The board shall develop and implement policies that clearly separate the policy-making responsibilities of the board and the management responsibilities of the executive administrator and the staff of the board.

Added by Acts 2001, 77th Leg., ch. 1234, Sec. 8, eff. Sept. 1, 2001.

Sec. 6.112. BORDER PROJECTS WEBSITE. (a) In this section, "border region" means the portion of this state located within 100 kilometers of this state's international border.

(b) The board may maintain and update an Internet-based directory of border projects, also know as the Border Activity Tracker, containing information about projects in the border region in which a state agency is involved. The board shall establish guidelines as to which projects and information are to be included in the directory.

(c) Each state agency involved in a project in the border region may electronically submit to the board any information required under this section to be on the Internet-based directory of border projects. Each state agency shall update the information promptly, not less often than quarterly.

Added by Acts 2005, 79th Leg., Ch. 1215 (H.B. [925](#)), Sec. 8, eff. September 1, 2005.

Sec. 6.113. NEGOTIATED RULEMAKING AND ALTERNATIVE DISPUTE RESOLUTION. (a) The board shall develop and implement a policy to

encourage the use of:

- (1) negotiated rulemaking procedures under Chapter 2008, Government Code, for the adoption of board rules; and
- (2) appropriate alternative dispute resolution procedures under Chapter 2009, Government Code, to assist in the resolution of internal and external disputes under the board's jurisdiction.

(b) The board's procedures relating to alternative dispute resolution must conform, to the extent possible, to any model guidelines issued by the State Office of Administrative Hearings for the use of alternative dispute resolution by state agencies.

(c) The board shall:

- (1) coordinate the implementation of the policy adopted under Subsection (a);
- (2) provide training as needed to implement the procedures for negotiated rulemaking or alternative dispute resolution; and
- (3) collect data concerning the effectiveness of those procedures.

Added by Acts 2011, 82nd Leg., R.S., Ch. 1233 (S.B. 660), Sec. 2, eff. September 1, 2011.

Sec. 6.114. FINANCIAL ASSISTANCE PROGRAMS: DEFAULT, REMEDIES, AND ENFORCEMENT. (a) In this section:

(1) "Default" means:

(A) default in payment of the principal of or interest on bonds, securities, or other obligations purchased or acquired by the board;

(B) failure to perform any covenant related to a bond, security, or other obligation purchased or acquired by the board;

(C) a failure to perform any of the terms of a loan, grant, or other financing agreement; or

(D) any other failure to perform an obligation, breach of a term of an agreement, or default as provided by any proceeding or agreement evidencing an obligation or agreement of a recipient, beneficiary, or guarantor of financial assistance provided by the board.

(2) "Financial assistance program recipient" means a recipient or beneficiary of funds administered by the board under this code, including a borrower, grantee, guarantor, or other

beneficiary.

(b) In the event of a default and on request by the board, the attorney general shall seek:

(1) a writ of mandamus to compel a financial assistance program recipient or the financial assistance program recipient's officers, agents, and employees to cure the default; and

(2) any other legal or equitable remedy the board and the attorney general consider necessary and appropriate.

(c) A proceeding authorized by this section shall be brought and venue is in a district court in Travis County.

(d) In a proceeding under this section, the attorney general may recover reasonable attorney's fees, investigative costs, and court costs incurred on behalf of the state in the proceeding in the same manner as provided by general law for a private litigant.

Added by Acts 2011, 82nd Leg., R.S., Ch. 1233 (S.B. 660), Sec. 2, eff. September 1, 2011.

Sec. 6.115. RECEIVERSHIP. (a) In this section, "financial assistance program recipient" has the meaning assigned by Section 6.114.

(b) In addition to the remedies available under Section 6.114, at the request of the board, the attorney general shall bring suit in a district court in Travis County for the appointment of a receiver to collect the assets and carry on the business of a financial assistance program recipient if:

(1) the action is necessary to cure a default by the recipient; and

(2) the recipient is not:

(A) a municipality or county; or

(B) a district or authority created under Section 52, Article III, or Section 59, Article XVI, Texas Constitution.

(c) The court shall vest a receiver appointed by the court with any power or duty the court finds necessary to cure the default, including the power or duty to:

(1) perform audits;

(2) raise wholesale or retail water or sewer rates or other fees;

(3) fund reserve accounts;

(4) make payments of the principal of or interest on bonds, securities, or other obligations purchased or acquired by the board; and

(5) take any other action necessary to prevent or to remedy the default.

(d) The receiver shall execute a bond in an amount to be set by the court to ensure the proper performance of the receiver's duties.

(e) After appointment and execution of bond, the receiver shall take possession of the books, records, accounts, and assets of the financial assistance program recipient specified by the court. Until discharged by the court, the receiver shall perform the duties that the court directs and shall strictly observe the final order involved.

(f) On a showing of good cause by the financial assistance program recipient, the court may dissolve the receivership.

Added by Acts 2011, 82nd Leg., R.S., Ch. 1233 (S.B. 660), Sec. 2, eff. September 1, 2011.

#### **SUBCHAPTER E. ADMINISTRATIVE PROVISIONS FOR THE BOARD**

Sec. 6.151. AUDIT. The financial transactions of the board are subject to audit by the state auditor in accordance with Chapter 321, Government Code.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 1.002, eff. Sept. 1, 1985. Amended by Acts 1989, 71st Leg., ch. 584, Sec. 71, eff. Sept. 1, 1989.

Sec. 6.152. PUBLIC INFORMATION RELATING TO BOARD. The board shall prepare information of public interest describing the functions of the board and describing the board's procedures by which complaints are filed with and resolved by the board. The board shall make the information available to the general public and the appropriate state agencies.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 1.002, eff. Sept. 1, 1985.

Sec. 6.153. COPIES OF DOCUMENTS, PROCEEDINGS, ETC. (a) Except as otherwise specifically provided in this code and subject to the specific limitations provided in this code, on application of any person, the board shall furnish certified or other copies of any proceeding or other official record or of any map, paper, or document filed with the board. A certified copy with the seal of the board and the signature of the chairman of the board or the executive administrator is admissible as evidence in any court or administrative proceeding.

(b) The board shall provide in its rules the fees that will be charged for copies and is authorized to furnish copies, certified or otherwise, to a person without charge when the furnishing of the copies serves a public purpose. Other statutes concerning fees for copies of records do not apply to the board, except that the fees set by the board for copies prepared by the board shall not exceed those prescribed in Chapter 603, Government Code.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 1.002, eff. Sept. 1, 1985. Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.169; Acts 1995, 74th Leg., ch. 76, Sec. 5.95(13), eff. Sept. 1, 1995.

Sec. 6.154. COMPLAINT FILE. (a) The board shall maintain a system to promptly and efficiently act on complaints filed with the board. The board shall maintain information about parties to the complaint, the subject matter of the complaint, a summary of the results of the review or investigation of the complaint, and the complaint's disposition.

(b) The board shall make information available describing its procedures for complaint investigation and resolution.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 1.002, eff. Sept. 1, 1985. Amended by Acts 2001, 77th Leg., ch. 1234, Sec. 9, eff. Sept. 1, 2001.

Amended by:

Acts 2011, 82nd Leg., R.S., Ch. 1233 (S.B. 660), Sec. 3, eff. September 1, 2011.

Sec. 6.155. NOTICE OF COMPLAINT. The board shall periodically notify the complaint parties of the status of the complaint until

final disposition.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 1.002, eff. Sept. 1, 1985. Amended by Acts 2001, 77th Leg., ch. 1234, Sec. 9, eff. Sept. 1, 2001.

Amended by:

Acts 2011, 82nd Leg., R.S., Ch. 1233 (S.B. 660), Sec. 4, eff. September 1, 2011.

Sec. 6.1555. REFERRAL FOR INVESTIGATION OR ENFORCEMENT ACTION.

(a) The board, as the result of a complaint filed with the board or on the board's own motion, may refer an applicant for or recipient of financial assistance from the board to the commission, the state auditor's office, the Texas Rangers, or another state agency, office, or division, as appropriate, for the investigation of, or the initiation of an enforcement action against, the applicant or recipient.

(b) The executive administrator shall transmit the referral to the appropriate state agency, office, or division, monitor the progress of the investigation or enforcement action, and report to the board on a quarterly basis.

Added by Acts 2005, 79th Leg., Ch. 1063 (H.B. 1462), Sec. 1, eff. September 1, 2005.

Sec. 6.156. REPORTS TO GOVERNOR. (a) The board shall make biennial reports in writing to the governor and the members of the legislature. Each report shall include a statement of the activities of the board and its recommendations for necessary and desirable legislation.

(b) Repealed by Acts 2013, 83rd Leg., R.S., Ch. 1312, Sec. 99(32), eff. September 1, 2013.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 1.002, eff. Sept. 1, 1985.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 1312 (S.B. 59), Sec. 99(32), eff. September 1, 2013.

Sec. 6.1565. REPORT TO SECRETARY OF STATE. (a) In this section, "colonia" means a geographic area that:

(1) is an economically distressed area as defined by Section 17.921;

(2) is located in a county any part of which is within 62 miles of an international border; and

(3) consists of 11 or more dwellings that are located in close proximity to each other in an area that may be described as a community or neighborhood.

(b) To assist the secretary of state in preparing the report required under Section 405.021, Government Code, the board on a quarterly basis shall provide a report to the secretary of state detailing any projects funded by the board that serve colonias by providing water or wastewater services or other assistance.

(c) The report must include:

(1) a description of any relevant projects;

(2) the location of each project;

(3) the number of colonia residents served by each project;

(4) the exact amount spent or the anticipated amount to be spent on each colonia served by each project;

(5) a statement of whether each project is completed and, if not, the expected completion date of the project; and

(6) any other information, as determined appropriate by the secretary of state.

(d) The board shall require an applicant for funds administered by the board to submit to the board a colonia classification number, if one exists, for each colonia that may be served by the project proposed in the application. If a colonia does not have a classification number, the board may contact the secretary of state or the secretary of state's representative to obtain the classification number. On request of the board, the secretary of state or the secretary of state's representative shall assign a classification number to the colonia.

Added by Acts 2005, 79th Leg., Ch. 828 (S.B. 827), Sec. 7, eff. September 1, 2005.

Amended by:

Acts 2007, 80th Leg., R.S., Ch. 341 (S.B. 99), Sec. 13, eff. June 15, 2007.

Sec. 6.157. SEAL. The board shall have a seal bearing the words "Texas Water Development Board" encircling the oak and olive branches common to other official seals.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 1.002, eff. Sept. 1, 1985.

#### **SUBCHAPTER F. EXECUTIVE ADMINISTRATOR**

Sec. 6.181. GENERAL RESPONSIBILITIES. The executive administrator shall manage the administrative affairs of the board subject to this code and other laws and under the general supervision and direction of the board.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 1.002, eff. Sept. 1, 1985.

Sec. 6.183. EMPLOYMENT OF PERSONNEL. The executive administrator shall employ necessary personnel for the board. The executive administrator may delegate powers and duties to deputy executive administrators.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 1.002, eff. Sept. 1, 1985. Amended by Acts 1993, 73rd Leg., ch. 477, Sec. 1, eff. Aug. 30, 1993.

Sec. 6.184. ADMINISTRATIVE ORGANIZATION. The executive administrator, with the approval of the board, may organize and reorganize the administrative sections and divisions of the board in a form and manner that will achieve the greatest efficiency and effectiveness.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 1.002, eff. Sept. 1, 1985.

Sec. 6.185. INFORMATION REQUEST TO COMMISSION. (a) With regard to any matter pending before the board, the executive administrator may obtain from the commission information relating to

that matter.

(b) On receiving a request from the executive administrator, the commission should make the requested information available within 30 days after the information is requested and shall make the requested information available not later than 90 days after the information is requested.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 1.002, eff. Sept. 1, 1985.

Sec. 6.186. CAREER LADDER PROGRAM. The executive administrator or his designee shall develop an intraagency career ladder program, one part of which shall require the intraagency posting of all nonentry level positions concurrently with any public posting.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 1.002, eff. Sept. 1, 1985.

Sec. 6.187. MERIT PAY. The executive administrator or his designee shall develop a system of annual performance evaluations based on measurable job tasks. All merit pay for board employees must be based on the system established under this section.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 1.002, eff. Sept. 1, 1985.

Sec. 6.188. EQUAL EMPLOYMENT OPPORTUNITY POLICY. (a) The executive administrator or the executive administrator's designee shall prepare and maintain a written policy statement that implements a program of equal employment opportunity to ensure that all personnel decisions are made without regard to race, color, disability, sex, religion, age, or national origin.

(b) The policy statement must include:

(1) personnel policies, including policies relating to recruitment, evaluation, selection, training, and promotion of personnel, that show the intent of the board to avoid the unlawful employment practices described by Chapter 21, Labor Code; and

(2) an analysis of the extent to which the composition of

the board's personnel is in accordance with state and federal law and a description of reasonable methods to achieve compliance with state and federal law.

(c) The policy statement must:

- (1) be updated annually;
- (2) be reviewed by the state Commission on Human Rights for compliance with Subsection (b)(1); and
- (3) be filed with the governor's office.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 1.002, eff. Sept. 1, 1985. Amended by Acts 2001, 77th Leg., ch. 1234, Sec. 9, eff. Sept. 1, 2001.

Sec. 6.189. APPEARANCES AT HEARINGS. The position of and information developed by the board may be presented by the executive administrator or his designated representative at hearings of the board and commission and at hearings held by federal, state, and local agencies on matters affecting the public's interest in the state's water resources, including matters that have been determined to be policies of the state. The board shall be named a party in any hearing before the commission in which the board requests party status. The board may appeal any ruling, decision, or other act of the commission.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 1.002, eff. Sept. 1, 1985.

Sec. 6.190. CONTRACTS. (a) The executive administrator, on behalf of the board, may negotiate with and, with the consent of the board, may enter into contracts with the United States or any of its agencies for the purpose of carrying out the powers, duties, and responsibilities of the board.

(b) The executive administrator, on behalf of the board, may negotiate with and, with the consent of the board, may enter into contracts or other agreements with states and political subdivisions of this state or other entity for the purpose of carrying out the powers, duties, and responsibilities of the board.

(c) The executive administrator, on behalf of the board, shall obtain the approval of the attorney general as to the legality of a

resolution of the board authorizing state ownership in a project.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 1.002, eff. Sept. 1, 1985.

Sec. 6.191. TRAVEL EXPENSES. The executive administrator is entitled to receive actual and necessary travel expenses. Other employees of the board are entitled to receive travel expenses as provided by the General Appropriations Act.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 1.002, eff. Sept. 1, 1985.

Sec. 6.192. GIFTS AND GRANTS. The executive administrator may apply for, request, solicit, contract for, receive, and accept money and other assistance from any source to carry out the powers and duties provided by this code.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 1.002, eff. Sept. 1, 1985.

Sec. 6.193. EMPLOYEE MOVING EXPENSES. If provided by legislative appropriation, the board may pay the costs of transporting and delivering household goods and effects of employees transferred by the executive administrator from one permanent station to another when, in the judgment of the executive administrator, the transfer will serve the best interest of the state.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 1.002, eff. Sept. 1, 1985.

Sec. 6.194. APPLICATIONS AND OTHER DOCUMENTS. (a) An application, petition, or other document requiring action of the board shall be presented to the executive administrator and handled as provided by this code and in the rules of the board.

(b) After an application, petition, or other document requiring action of the board is processed, it shall be presented to the board

for action as required by law and the rules of the board.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 1.002, eff. Sept. 1, 1985.

Sec. 6.195. NOTICE OF APPLICATION. (a) At the time an application requiring action of the board is filed and is administratively complete, the board shall give notice of the application to any person who may be affected by the granting of the application.

(b) The board shall adopt rules for the notice required by this section.

(c) The notice must state:

(1) the identifying number given the application by the board;

(2) the name and address of the applicant;

(3) the date on which the application was submitted; and

(4) a brief summary of the information included in the application.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 1.002, eff. Sept. 1, 1985.

Sec. 6.197. INTELLECTUAL PROPERTY OF BOARD. The executive administrator, with the approval of the board and on the board's behalf, may:

(1) acquire, apply for, register, secure, hold, protect, and renew under the laws of this state, another state, the United States, or any other nation:

(A) a patent for the invention or discovery of:

(i) any new and useful process, machine, manufacture, composition of matter, art, or method;

(ii) any new use of a known process, machine, manufacture, composition of matter, art, or method; or

(iii) any new and useful improvement on a known process, machine, manufacture, composition of matter, art, or method;

(B) a copyright for an original work of authorship fixed in any tangible medium of expression, now known or later developed, from which the work may be perceived, reproduced, or

otherwise communicated, either directly or with the aid of a machine or device;

(C) a trademark, service mark, collective mark, or certification mark for a word, name, symbol, device, or slogan that the board uses to identify and distinguish the board's goods and services from other goods and services; or

(D) other evidence of protection or exclusivity issued for intellectual property;

(2) contract with a person for the reproduction, public performance, display, advertising, marketing, lease, licensing, sale, use, or other distribution of the board's intellectual property;

(3) obtain under a contract described by Subdivision (2) a royalty, license right, or other appropriate means of securing reasonable compensation or thing of nonmonetary value for the exercise of rights with respect to the board's intellectual property;

(4) waive, increase, or reduce the amount of compensation or thing of nonmonetary value secured by a contract under Subdivision (3) if the executive administrator, with the approval of the board, determines that the waiver, increase, or reduction will:

(A) further a goal or mission of the board; and

(B) result in a net benefit to this state; and

(5) enforce rules adopted to implement this section.

Added by Acts 2007, 80th Leg., R.S., Ch. 382 (S.B. 616), Sec. 1, eff. September 1, 2007.

Sec. 6.198. PURCHASE, DONATION, AND SALE OF PROMOTIONAL ITEMS.

(a) The executive administrator, with the approval of the board and on the board's behalf, may purchase, donate, sell, or contract for the sale of items to promote the programs of the board, including:

(1) caps or other clothing;

(2) posters;

(3) banners;

(4) calendars;

(5) books;

(6) prints; and

(7) other items as determined by the board.

(b) The board may use its Internet website to advertise and sell the items described by Subsection (a).

(c) Money received from the sale of a promotional item under this section shall be deposited in the general revenue fund and may be used only by the board to further the purposes and programs of the board.

(d) Section 403.095, Government Code, does not apply to money deposited in the general revenue fund under this section.

Added by Acts 2009, 81st Leg., R.S., Ch. 1008 (H.B. 4110), Sec. 1, eff. September 1, 2009.

#### **SUBCHAPTER G. JUDICIAL REVIEW**

Sec. 6.241. JUDICIAL REVIEW OF ACTS. (a) A person affected by a ruling, order, decision, or other act of the board may file a petition to review, set aside, modify, or suspend the act of the board.

(b) A person affected by a ruling, order, or decision of the board must file his petition within 30 days after the effective date of the ruling, order, or decision. A person affected by an act other than a ruling, order, or decision must file his petition within 30 days after the date the board performed the act.

(c) Orders, decisions, or other actions of the board pursuant to Subchapters E and F of Chapter 16 and to Chapter 17 of this code are not subject to appeal.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 1.002, eff. Sept. 1, 1985.

Sec. 6.242. REMEDY FOR BOARD OR EXECUTIVE ADMINISTRATOR INACTION. A person affected by the failure of the board or the executive administrator to act in a reasonable time on an application or to perform any other duty with reasonable promptness may file a petition to compel the board or the executive administrator to show cause why it should not be directed by the court to take immediate action.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 1.002, eff. Sept. 1, 1985.

Sec. 6.243. DILIGENT PROSECUTION OF SUIT. The plaintiff shall prosecute with reasonable diligence any suit brought under Section 6.241 or 6.242 of this code. If the plaintiff does not secure proper service of process or does not prosecute his suit within one year after it is filed, the court shall presume that the suit has been abandoned. The court shall dismiss the suit on a motion for dismissal made by the attorney general unless the plaintiff after receiving due notice can show good and sufficient cause for the delay.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 1.002, eff. Sept. 1, 1985.

Sec. 6.244. VENUE. A suit instituted under Section 6.241 or 6.242 of this code must be brought in a district court in Travis County.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 1.002, eff. Sept. 1, 1985.

Sec. 6.245. APPEAL OF DISTRICT COURT JUDGMENT. A judgment or order of a district court in a suit brought for or against the board or the executive administrator is appealable as are other civil cases in which the district court has original jurisdiction.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 1.002, eff. Sept. 1, 1985.

Sec. 6.246. APPEAL BY EXECUTIVE ADMINISTRATOR PRECLUDED. A ruling, order, decision, or other act of the board may not be appealed by the executive administrator.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 1.002, eff. Sept. 1, 1985.

Sec. 6.247. LAW SUITS; CITATION. Law suits filed by and against the board or the executive administrator shall be in the name

of the board. In suits against the board or the executive administrator, citation may be served on the executive administrator.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 1.002, eff. Sept. 1, 1985.

## **CHAPTER 7. ENFORCEMENT**

### **SUBCHAPTER A. GENERAL PROVISIONS**

Sec. 7.001. DEFINITIONS. In this chapter:

(1) "Commission" means the Texas Natural Resource Conservation Commission.

(2) "Permit" includes a license, certificate, registration, approval, or other form of authorization. This definition does not apply to Subchapter G.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.002. ENFORCEMENT AUTHORITY. The commission may initiate an action under this chapter to enforce provisions of this code and the Health and Safety Code within the commission's jurisdiction as provided by Section 5.013 of this code and rules adopted under those provisions. The commission or the executive director may institute legal proceedings to compel compliance with the relevant provisions of this code and the Health and Safety Code and rules, orders, permits, or other decisions of the commission. The commission may delegate to the executive director the authority to issue an administrative order, including an administrative order that assesses penalties or orders corrective measures, to ensure compliance with the provisions of this code and the Health and Safety Code within the commission's jurisdiction as provided by Section 5.013 of this code and rules adopted under those provisions.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Amended by:

Acts 2009, 81st Leg., R.S., Ch. 1386 (S.B. [1693](#)), Sec. 5, eff. September 1, 2009.

Sec. 7.0025. INITIATION OF ENFORCEMENT ACTION USING INFORMATION

PROVIDED BY PRIVATE INDIVIDUAL. (a) The commission may initiate an enforcement action on a matter under its jurisdiction under this code or the Health and Safety Code based on information it receives from a private individual if that information, in the commission's judgment, is of sufficient value and credibility to warrant the initiation of an enforcement action.

(b) The executive director or the executive director's designated representative may evaluate the value and credibility of information received from a private individual and the merits of any proposed enforcement action based on that information.

(c) The commission by rule may adopt criteria for the executive director to use in evaluating the value and credibility of information received from a private individual and for use of that information in an enforcement action.

(d) A private individual who submits information on which the commission relies for all or part of an enforcement case may be called to testify in the enforcement proceedings and is subject to all sanctions under law for knowingly falsifying evidence. If the commission relies on the information submitted by a private individual to prove an enforcement case, any physical or sampling data must have been collected or gathered in accordance with commission protocols.

Added by Acts 2001, 77th Leg., ch. 965, Sec. 1.24, eff. Sept. 1, 2001.

Sec. 7.00251. INITIATION OF CERTAIN CLEAN AIR ACT ENFORCEMENT ACTIONS USING INFORMATION PROVIDED BY A PERSON. If the commission determines that there are multiple violations based on information it receives as required by Title V of the federal Clean Air Act (42 U.S.C. Section 7661 et seq.) from a person, as defined in Section 382.003, Health and Safety Code, only those that require initiation of formal enforcement will be included in any proposed enforcement action. For all other violations that do not require initiation of formal enforcement, the commission may not include in the enforcement action the following:

(1) violations that are not repeat violations due to the same root cause from two consecutive investigations within the most recent five-year period; or

(2) violations that have been corrected within the time frame specified by the commission or for which the facility has not had the time specified by the commission to correct the violations.

Added by Acts 2007, 80th Leg., R.S., Ch. 262 (S.B. 12), Sec. 6.01, eff. June 8, 2007.

Sec. 7.0026. SUSPENSION OF ENFORCEMENT ACTION AGAINST CERTAIN REGIONAL WATER, SEWER, OR SOLID WASTE SERVICES. If a water supply, sewer, wastewater treatment, or solid waste disposal service operated by or for a municipality or county is being integrated into a regional water supply, sewer, wastewater treatment, or solid waste disposal service, the commission may enter into a compliance agreement with the regional service under which the commission will not initiate an enforcement action against the regional service for existing or anticipated violations resulting from the operation by the regional service of the service being integrated. A compliance agreement under this section must include provisions necessary to bring the service being integrated into compliance.

Added by Acts 2003, 78th Leg., ch. 1115, Sec. 1, eff. June 20, 2003.

Sec. 7.003. ENFORCEMENT REPORT. (a) The commission shall report at least once each month on enforcement actions taken by the commission or others and the resolution of those actions.

(b) The report shall be an item for commission discussion at a meeting of the commission for which public notice is given.

(c) If an enforcement action involves a suit filed for injunctive relief or civil penalties, or both, the report shall state the actual or projected time for resolution of the suit. A copy of the report and of the minutes of the meeting reflecting commission action relating to the report shall be filed with the governor and the attorney general.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.004. REMEDIES CUMULATIVE. The remedies under this chapter are cumulative of all other remedies. Nothing in this

chapter affects the right of a private corporation or individual to pursue any available common law remedy to abate a condition of pollution or other nuisance, to recover damages to enforce a right, or to prevent or seek redress or compensation for the violation of a right or otherwise redress an injury.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.005. EFFECT ON OTHER LAW. This chapter does not exempt a person from complying with or being subject to other law.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.006. ENFORCEMENT POLICIES. (a) The commission by rule shall adopt a general enforcement policy that describes the commission's approach to enforcement.

(b) The commission shall assess, update, and publicly adopt specific enforcement policies regularly, including policies regarding the calculation of penalties and deterrence to prevent the economic benefit of noncompliance.

(c) The commission shall make the policies available to the public, including by posting the policies on the commission's Internet website.

Added by Acts 2011, 82nd Leg., R.S., Ch. 1021 (H.B. 2694), Sec. 4.09, eff. September 1, 2011.

#### **SUBCHAPTER B. CORRECTIVE ACTION AND INJUNCTIVE RELIEF**

Sec. 7.031. CORRECTIVE ACTION RELATING TO HAZARDOUS WASTE. (a) The commission shall require corrective action for a release of hazardous waste or hazardous waste constituents from a solid waste management unit at a solid waste processing, storage, or disposal facility that is required to obtain a permit for the management of hazardous waste and whose permit is issued after November 8, 1984, regardless of when the waste is placed in the unit.

(b) The commission shall establish schedules for compliance for the corrective action if the corrective action cannot be completed before permit issuance and shall require assurances of financial

responsibility for completing the corrective action.

(c) If the commission determines that there is or has been a release of hazardous waste into the environment from a facility required to obtain a permit in accordance with an approved state program under Section 3006 of the federal Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act of 1976, as amended (42 U.S.C. Section 6901 et seq.), the commission may:

(1) issue an order requiring corrective action or other response measures considered necessary to protect human health or the environment; or

(2) institute a civil action under Subchapter D.

(d) An order issued under this section:

(1) may include a suspension or revocation of authorization to operate;

(2) must state with reasonable specificity the nature of the required corrective action or other response measure; and

(3) must specify a time for compliance.

(e) If a person named in the order does not comply with the order, the commission may assess an administrative penalty or seek a civil penalty in accordance with this chapter.

(f) Nothing in this section limits the authority of the commission, consistent with federal law, to issue an order for the closure, post-closure care, or other remediation of hazardous waste or hazardous waste constituents from a solid waste management unit at a solid waste processing, storage, or disposal facility.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.  
Amended by Acts 2001, 77th Leg., ch. 965, Sec. 9.07, eff. Sept. 1, 2001.

Sec. 7.032. INJUNCTIVE RELIEF. (a) The executive director may enforce a commission rule or a provision of a permit issued by the commission by injunction or other appropriate remedy.

(b) If it appears that a violation or threat of violation of a statute within the commission's jurisdiction or a rule adopted or an order or a permit issued under such a statute has occurred or is about to occur, the executive director may have a suit instituted in district court for injunctive relief to restrain the violation or threat of violation.

(c) The suit may be brought in the county in which the defendant resides or in the county in which the violation or threat of violation occurs.

(d) In a suit brought under this section to enjoin a violation or threat of violation described by Subsection (b), the court may grant the commission, without bond or other undertaking, any prohibitory or mandatory injunction the facts may warrant, including a temporary restraining order and, after notice and hearing, a temporary injunction or permanent injunction.

(e) On request of the executive director, the attorney general or the prosecuting attorney in a county in which the violation occurs shall initiate a suit in the name of the state for injunctive relief. The suit may be brought independently of or in conjunction with a suit under Subchapter D.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.033. RECOVERY OF SECURITY FOR CHAPTER 401, HEALTH AND SAFETY CODE, VIOLATION. The commission shall seek reimbursement, either by a commission order or by a suit filed under Subchapter D by the attorney general at the commission's request, of security from the radiation and perpetual care account used by the commission to pay for actions, including corrective measures, to remedy spills or contamination by radioactive material resulting from a violation of Chapter 401, Health and Safety Code, relating to an activity under the commission's jurisdiction or a rule adopted or a license, registration, or order issued by the commission under that chapter.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.  
Amended by Acts 2003, 78th Leg., ch. 580, Sec. 12, eff. Sept. 1, 2003; Acts 2003, 78th Leg., ch. 1067, Sec. 23, eff. Sept. 1, 2003.

Sec. 7.034. DEFERRAL OF PENALTY FOR CERTAIN UTILITY FACILITIES.

(a) In this section:

(1) "District" means any district or authority created under either Article III, Section 52, or Article XVI, Section 59, of the Texas Constitution, regardless of how created. The term "district" shall not include any navigation district or port authority created under general or special law or any conservation

and reclamation district governed by Chapter 36 unless a special law creating the district or amending the law creating the district states that Chapter 49 applies to the district.

(2) "Municipally owned utility" and "water supply or sewer service corporation" have the meanings assigned by Section 13.002.

(b) The commission may allow a municipally owned utility, a water supply or sewer service corporation, or a district to defer the payment of all or part of an administrative penalty imposed under Subchapter C for a violation on the condition that the entity complies with all provisions for corrective action in a commission order to address the violation.

(c) In determining whether deferral of a penalty under this section is appropriate, the commission shall consider the factors to be considered under Section 7.053 and the following factors:

(1) the financial position of the entity and its ability to reasonably pay the costs of corrective action under the terms of a commission order;

(2) risks to public health and the environment of any delay in addressing the corrective actions as a result of limited financial resources;

(3) alternatives reasonably available to the entity for paying both the costs of corrective action and the penalty; and

(4) potential effects of the payment of the penalty on other essential public health and safety services for which the entity is responsible.

(d) At the discretion of the commission, any penalty deferred under this section becomes due and payable on a commission determination that the entity is not in compliance with a provision for corrective action in a commission order to address the violation.

Added by Acts 2007, 80th Leg., R.S., Ch. 1005 (H.B. 147), Sec. 1, eff. September 1, 2007.

#### **SUBCHAPTER C. ADMINISTRATIVE PENALTIES**

Sec. 7.051. ADMINISTRATIVE PENALTY. (a) The commission may assess an administrative penalty against a person as provided by this subchapter if:

(1) the person violates:

(A) a provision of this code or of the Health and

Safety Code that is within the commission's jurisdiction;

(B) a rule adopted or order issued by the commission under a statute within the commission's jurisdiction; or

(C) a permit issued by the commission under a statute within the commission's jurisdiction; and

(2) a county, political subdivision, or municipality has not instituted a lawsuit and is not diligently prosecuting that lawsuit under Subchapter H against the same person for the same violation.

(b) This subchapter does not apply to violations of Chapter 11, 12, 13, 16, or 36 of this code, or Chapter 341, Health and Safety Code.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.052. MAXIMUM PENALTY. (a) The amount of the penalty for a violation of Chapter 37 of this code, Chapter 366, 371, or 372, Health and Safety Code, or Chapter 1903, Occupations Code, may not exceed \$5,000 a day for each violation.

(b) Except as provided by Subsection (b-3), the amount of the penalty for operating a rock crusher or a concrete plant that performs wet batching, dry batching, or central mixing, that is required to obtain a permit under Section 382.0518, Health and Safety Code, and that is operating without the required permit is \$10,000. Each day that a continuing violation occurs is a separate violation.

(b-1) The amount of the penalty assessed against a manufacturer that does not label its computer equipment or covered television equipment or adopt and implement a recovery plan as required by Section 361.955, 361.975, or 361.978, Health and Safety Code, as applicable, may not exceed \$10,000 for the second violation or \$25,000 for each subsequent violation. A penalty under this subsection is in addition to any other penalty that may be assessed for a violation of Subchapter Y or Z, Chapter 361, Health and Safety Code.

(b-2) Except as provided by Subsection (b-1), the amount of the penalty for a violation of Subchapter Y or Z, Chapter 361, Health and Safety Code, may not exceed \$1,000 for the second violation or \$2,000 for each subsequent violation. A penalty under this subsection is in addition to any other penalty that may be assessed for a violation of

Subchapter Y or Z, Chapter 361, Health and Safety Code.

(b-3) If a person operating a facility as described by Subsection (b) holds any type of permit issued by the commission other than the permit required for the facility, the commission may assess a penalty under Subsection (b) or (c).

(c) The amount of the penalty for all other violations within the jurisdiction of the commission to enforce may not exceed \$25,000 a day for each violation.

(d) Except as provided by Subsection (b), each day that a continuing violation occurs may be considered a separate violation. The commission may authorize an installment payment schedule for an administrative penalty assessed under this subchapter, except for an administrative penalty assessed under Section 7.057.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997. Amended by Acts 2001, 77th Leg., ch. 376, Sec. 3.02, eff. Sept. 1, 2001; Acts 2001, 77th Leg., ch. 880, Sec. 2, eff. Sept. 1, 2001; Acts 2001, 77th Leg., ch. 965, Sec. 5.08(b), eff. Sept. 1, 2001; Acts 2001, 77th Leg., ch. 1271, Sec. 2, eff. Sept. 1, 2001; Acts 2003, 78th Leg., ch. 1276, Sec. 14A.843, eff. Sept. 1, 2003.

Amended by:

Acts 2005, 79th Leg., Ch. 333 (S.B. 739), Sec. 1, eff. September 1, 2005.

Acts 2007, 80th Leg., R.S., Ch. 902 (H.B. 2714), Sec. 2, eff. September 1, 2007.

Acts 2011, 82nd Leg., R.S., Ch. 605 (S.B. 329), Sec. 2, eff. September 1, 2011.

Acts 2011, 82nd Leg., R.S., Ch. 1021 (H.B. 2694), Sec. 4.10, eff. September 1, 2011.

Acts 2011, 82nd Leg., R.S., Ch. 1072 (S.B. 1003), Sec. 1, eff. June 17, 2011.

Sec. 7.0525. PENALTIES FOR VIOLATIONS RELATED TO CERTAIN DRY CLEANING FACILITIES. (a) Except as provided by Subsection (b), the amount of the penalty for a violation of Section 374.252, Health and Safety Code, may not exceed \$5,000.

(b) The amount of the penalty for a violation of Section 374.252(a)(3), Health and Safety Code, may not exceed \$10,000.

(c) In assessing an administrative penalty under this section,

the commission shall consider, in addition to the factors prescribed by Section 7.053, the following factors, if applicable:

(1) the extent to which the violation has or may have an adverse effect on the environment; and

(2) the amount of the reasonable costs incurred by this state in detection and investigation of the violation.

Acts 2003, 78th Leg., ch. 540, Sec. 2, eff. Sept. 1, 2003.

Amended by:

Acts 2005, 79th Leg., Ch. 1110 (H.B. 2376), Sec. 18, eff. September 1, 2005.

Sec. 7.053. FACTORS TO BE CONSIDERED IN DETERMINATION OF PENALTY AMOUNT. In determining the amount of an administrative penalty, the commission shall consider:

(1) the nature, circumstances, extent, duration, and gravity of the prohibited act, with special emphasis on the impairment of existing water rights or the hazard or potential hazard created to the health or safety of the public;

(2) the impact of the violation on:

(A) air quality in the region;

(B) a receiving stream or underground water reservoir;

(C) instream uses, water quality, aquatic and wildlife habitat, or beneficial freshwater inflows to bays and estuaries; or

(D) affected persons;

(3) with respect to the alleged violator:

(A) the history and extent of previous violations;

(B) the degree of culpability, including whether the violation was attributable to mechanical or electrical failures and whether the violation could have been reasonably anticipated and avoided;

(C) the demonstrated good faith, including actions taken by the alleged violator to rectify the cause of the violation and to compensate affected persons;

(D) economic benefit gained through the violation; and

(E) the amount necessary to deter future violations;

and

(4) any other matters that justice may require.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.054. REPORT OF VIOLATION. If, after examination of a possible violation and the facts surrounding that possible violation, the executive director concludes that a violation has occurred, the executive director may issue a preliminary report in accordance with commission rules that includes recommendations regarding any penalty or corrective action.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.055. NOTICE OF REPORT. Not later than the 10th day after the date on which the report of a violation is issued, the executive director shall give written notice of the report, in accordance with commission rules, to the person charged with the violation.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.056. CONSENT. Not later than the 20th day after the date on which notice is received, the person charged may give to the commission written consent to the executive director's report, including the recommended penalty, or make a written request for a hearing.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.057. DEFAULT. If the person charged with the violation consents to the penalty recommended by the executive director or does not timely respond to the notice, the commission by order shall assess the penalty or order a hearing to be held on the recommendations in the executive director's report. If the commission assesses the penalty, the commission shall give written notice of its decision to the person charged.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.058. HEARING. If the person charged requests or the commission orders a hearing, the commission shall order and shall give notice of the hearing. The commission by order may find that a violation has occurred and may assess a penalty, may find that a violation has occurred but that a penalty should not be assessed, or may find that a violation has not occurred. In making a penalty decision, the commission shall analyze each factor prescribed by Section 7.053. All proceedings under this section are subject to Chapter 2001, Government Code.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept.1, 1997.

Sec. 7.059. NOTICE OF DECISION. The commission shall give notice of its decision to the person charged. If the commission finds that a violation has occurred and assesses a penalty, the commission shall give written notice to the person charged of:

- (1) the commission's findings;
- (2) the amount of the penalty;
- (3) the right to judicial review of the commission's order;

and

- (4) other information required by law.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.060. NOTICE OF PENALTY. If the commission is required to give notice of a penalty under Section 7.057 or 7.059, the commission shall publish notice of its decision in the Texas Register not later than the 10th day after the date on which the decision is adopted.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.061. PAYMENT OF PENALTY; PETITION FOR REVIEW. Within the 30-day period immediately following the date on which the commission's order is final, as provided by Section 2001.144, Government Code, the person charged with the penalty shall:

- (1) pay the penalty in full;
- (2) pay the first installment penalty payment in full;

(3) pay the penalty and file a petition for judicial review, contesting either the amount of the penalty or the fact of the violation or contesting both the fact of the violation and the amount of the penalty; or

(4) without paying the penalty, file a petition for judicial review contesting the occurrence of the violation and the amount of the penalty.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.062. STAYS. Within the 30-day period described by Section 7.061, a person who acts under Section 7.061(3) may:

(1) stay enforcement of the penalty by:

(A) paying the amount of the penalty to the court for placement in an escrow account; or

(B) giving to the court a supersedeas bond that is approved by the court for the amount of the penalty and that is effective until all judicial review of the commission's order is final; or

(2) request the court to stay enforcement of the penalty by:

(A) filing with the court a sworn affidavit of the person stating that the person is financially unable to give the supersedeas bond; and

(B) sending a copy of the affidavit to the executive director by certified mail.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.063. CONSENT TO AFFIDAVIT. If the executive director receives a copy of an affidavit under Section 7.062(2), the executive director may file with the court, within five days after the date the copy is received, a contest to the affidavit. The court shall hold a hearing on the facts alleged in the affidavit as soon as practicable and shall stay the enforcement of the penalty on finding that the alleged facts are true. The person who files an affidavit has the burden of proving that the person is financially unable to pay the penalty or give the supersedeas bond.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.064. JUDICIAL REVIEW. Judicial review of the order or decision of the commission assessing the penalty is under Subchapter G, Chapter 2001, Government Code.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.065. PENALTY REDUCED OR NOT ASSESSED. (a) If the person paid the penalty and if the penalty is reduced or not assessed by the court, the executive director shall remit to the person charged the appropriate amount plus accrued interest if the penalty has been paid or shall execute a release of the bond if a supersedeas bond has been posted.

(b) The accrued interest on amounts remitted by the executive director under this section shall be paid at a rate equal to the rate charged on loans to depository institutions by the New York Federal Reserve Bank and shall be paid for the period beginning on the date the penalty is paid to the executive director under Section 7.061 and ending on the day the penalty is remitted.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.066. REFERRAL TO ATTORNEY GENERAL. A person who does not comply with Section 7.061 waives the right to judicial review, and the commission or the executive director may refer the matter to the attorney general for enforcement.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.067. SUPPLEMENTAL ENVIRONMENTAL PROJECTS. (a) The commission may compromise, modify, or remit, with or without conditions, an administrative penalty imposed under this subchapter. In determining the appropriate amount of a penalty for settlement of an administrative enforcement matter, the commission may consider a respondent's willingness to contribute to supplemental environmental projects that are approved by the commission, giving preference to

projects that benefit the community in which the alleged violation occurred. The commission may encourage the cleanup of contaminated property through the use of supplemental environmental projects. The commission may approve a supplemental environmental project with activities in territory of the United Mexican States if the project substantially benefits territory in this state in a manner described by Subsection (b). Except as provided by Subsection (a-1), the commission may not approve a project that is necessary to bring a respondent into compliance with environmental laws, that is necessary to remediate environmental harm caused by the respondent's alleged violation, or that the respondent has already agreed to perform under a preexisting agreement with a governmental agency.

(a-1) The commission may approve a supplemental environmental project that is necessary to bring a respondent into compliance with environmental laws or that is necessary to remediate environmental harm caused by the respondent's alleged violation if the respondent is a local government.

(a-2) The commission shall develop a policy to prevent regulated entities from systematically avoiding compliance through the use of supplemental environmental projects under Subsection (a-1), including a requirement for an assessment of:

- (1) the respondent's financial ability to pay administrative penalties;
- (2) the ability of the respondent to remediate the harm or come into compliance; and
- (3) the need for corrective action.

(b) In this section:

(1) "Local government" means a school district, county, municipality, junior college district, river authority, water district or other special district, or other political subdivision created under the constitution or a statute of this state.

(2) "Supplemental environmental project" means a project that prevents pollution, reduces the amount of pollutants reaching the environment, enhances the quality of the environment, or contributes to public awareness of environmental matters.

(c) The commission may allow a local government or an organization exempt from federal income taxation under Section 501(a), Internal Revenue Code of 1986, as an organization described by Section 501(c)(3) of that code, that receives money from a respondent to implement a supplemental environmental project under

this section to use a portion of the money, not to exceed 10 percent of the direct cost of the project, for administrative costs, including overhead costs, personnel salary and fringe benefits, and travel and per diem expenses, associated with implementing the project. Money used for administrative costs under this subsection must be used in accordance with Chapter 783, Government Code.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997. Amended by Acts 1999, 76th Leg., ch. 290, Sec. 1, eff. Sept. 1, 1999; Acts 2001, 77th Leg., ch. 483, Sec. 7, eff. Sept. 1, 2001; Acts 2001, 77th Leg., ch. 965, Sec. 4.03, eff. Sept. 1, 2001.

Amended by:

Acts 2011, 82nd Leg., R.S., Ch. 1021 (H.B. 2694), Sec. 4.11, eff. September 1, 2011.

Acts 2013, 83rd Leg., R.S., Ch. 350 (H.B. 2290), Sec. 1, eff. June 14, 2013.

Sec. 7.068. FULL AND COMPLETE SATISFACTION. Payment of an administrative penalty under this subchapter is full and complete satisfaction of the violation for which the penalty is assessed and precludes any other civil or criminal penalty for the same violation.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.069. DISPOSITION OF PENALTY. (a) Except as provided by Subsection (b), a penalty collected under this subchapter shall be deposited to the credit of the general revenue fund.

(b) A penalty collected under Section 7.052(b-1) or (b-2) shall be paid to the commission and deposited to the credit of the waste management account.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Amended by:

Acts 2007, 80th Leg., R.S., Ch. 902 (H.B. 2714), Sec. 3, eff. September 1, 2007.

Sec. 7.070. FINDINGS OF FACT NOT REQUIRED; RESERVATIONS. Notwithstanding any other provision to the contrary, the commission

is not required to make findings of fact or conclusions of law other than an uncontested finding that the commission has jurisdiction in an agreed order compromising or settling an alleged violation of a statute within the commission's jurisdiction or of a rule adopted or an order or a permit issued under such a statute. An agreed administrative order may include a reservation that:

- (1) the order is not an admission of a violation of a statute within the commission's jurisdiction or of a rule adopted or an order or a permit issued under such a statute;
- (2) the occurrence of a violation is in dispute; or
- (3) the order is not intended to become a part of a party's or a facility's compliance history.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.071. INADMISSIBILITY. An agreed administrative order issued by the commission under this subchapter is not admissible against a party to that order in a civil proceeding unless the proceeding is brought by the attorney general's office to:

- (1) enforce the terms of that order; or
- (2) pursue a violation of a statute within the commission's jurisdiction or of a rule adopted or an order or a permit issued under such a statute.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.072. RECOVERY OF PENALTY. An administrative penalty owed under this subchapter may be recovered in a civil action brought by the attorney general at the request of the commission.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.073. CORRECTIVE ACTION. If a person violates any statute or rule within the commission's jurisdiction, the commission may:

- (1) assess against the person an administrative penalty under this subchapter; and
- (2) order the person to take corrective action.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.074. HEARING POWERS. The commission may exercise under this subchapter the hearing powers authorized by Section 26.020.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.075. PUBLIC COMMENT. (a) Before the commission approves an administrative order or proposed agreement to settle an administrative enforcement action initiated under this subchapter to which the commission is a party, the commission shall allow the public to comment in writing on the proposed order or agreement. Notice of the opportunity to comment shall be published in the Texas Register not later than the 30th day before the date on which the public comment period closes.

(b) The commission shall promptly consider any written comments and may withdraw or withhold consent to the proposed order or agreement if the comments disclose facts or considerations that indicate that the consent is inappropriate, improper, inadequate, or inconsistent with the requirements of this subchapter, another statute within the commission's jurisdiction, or a rule adopted or an order or a permit issued under such a statute. Further notice of changes to the proposed order or agreement is not required to be published if those changes arise from comments submitted in response to a previous notice.

(c) This section does not apply to:

- (1) a criminal enforcement proceeding; or
- (2) an emergency order or other emergency relief that is not a final order of the commission.

(d) Chapter 2001, Government Code, does not apply to public comment under this section.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

#### **SUBCHAPTER D. CIVIL PENALTIES**

Sec. 7.101. VIOLATION. A person may not cause, suffer, allow, or permit a violation of a statute within the commission's jurisdiction or a rule adopted or an order or permit issued under

such a statute.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.102. MAXIMUM PENALTY. A person who causes, suffers, allows, or permits a violation of a statute, rule, order, or permit relating to Chapter 37 of this code, Chapter 366, 371, or 372, Health and Safety Code, Subchapter G, Chapter 382, Health and Safety Code, or Chapter 1903, Occupations Code, shall be assessed for each violation a civil penalty not less than \$50 nor greater than \$5,000 for each day of each violation as the court or jury considers proper. A person who causes, suffers, allows, or permits a violation of a statute, rule, order, or permit relating to any other matter within the commission's jurisdiction to enforce, other than violations of Chapter 11, 12, 13, 16, or 36 of this code, or Chapter 341, Health and Safety Code, shall be assessed for each violation a civil penalty not less than \$50 nor greater than \$25,000 for each day of each violation as the court or jury considers proper. Each day of a continuing violation is a separate violation.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Amended by Acts 2001, 77th Leg., ch. 376, Sec. 3.03, eff. Sept. 1, 2001; Acts 2001, 77th Leg., ch. 880, Sec. 3, eff. Sept. 1, 2001; Acts 2003, 78th Leg., ch. 1276, Sec. 14A.844, eff. Sept. 1, 2003.

Amended by:

Acts 2007, 80th Leg., R.S., Ch. 262 (S.B. 12), Sec. 1.09, eff. June 8, 2007.

Sec. 7.103. CONTINUING VIOLATIONS. If it is shown on a trial of a defendant that the defendant has previously been assessed a civil penalty for a violation of a statute within the commission's jurisdiction or a rule adopted or an order or a permit issued under such a statute within the year before the date on which the violation being tried occurred, the defendant shall be assessed a civil penalty not less than \$100 nor greater than \$25,000 for each subsequent day and for each subsequent violation. Each day of a continuing violation is a separate violation.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.104. NO PENALTY FOR FAILURE TO PAY CERTAIN FEES. A civil penalty may not be assessed for failure to:

- (1) pay a fee under Section 371.062, Health and Safety Code; or
- (2) file a report under Section 371.024, Health and Safety Code.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.105. CIVIL SUIT. (a) On the request of the executive director or the commission, the attorney general shall institute a suit in the name of the state for injunctive relief under Section 7.032, to recover a civil penalty, or for both injunctive relief and a civil penalty.

(b) The commission, through the executive director, shall refer a matter to the attorney general's office for enforcement through civil suit if a person:

(1) is alleged to be making or to have made an unauthorized discharge of waste into or adjacent to the waters in the state at a new point of discharge without a permit in violation of state law;

(2) has been the subject of two or more finally issued administrative penalty orders for violations of Chapter 26 occurring at the same wastewater management system or other point of discharge within the two years immediately preceding the date of the first alleged violation currently under investigation at that site;

(3) is alleged to be operating a new solid waste facility, as defined in Section 361.003, Health and Safety Code, without a permit in violation of state law;

(4) has been the subject of two or more finally issued administrative penalty orders for violations of Chapter 361, Health and Safety Code, occurring at the same facility within the two years immediately preceding the date of the first alleged violation currently under investigation at that site;

(5) is alleged to be constructing or operating a facility at a new plant site without a permit required by Chapter 382, Health and Safety Code, in violation of state law; or

(6) has been the subject of two or more finally issued

administrative penalty orders for violations of Chapter 382, Health and Safety Code, for violations occurring at the same plant site within the two years immediately preceding the date of the first alleged violation currently under investigation at that site.

(c) The suit may be brought in Travis County, in the county in which the defendant resides, or in the county in which the violation or threat of violation occurs.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.106. RESOLUTION THROUGH ADMINISTRATIVE ORDER. The attorney general's office and the executive director may agree to resolve any violation, before or after referral, by an administrative order issued under Subchapter C by the commission with the approval of the attorney general.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.107. DIVISION OF CIVIL PENALTY. Except in a suit brought for a violation of Chapter 28 of this code or of Chapter 401, Health and Safety Code, a civil penalty recovered in a suit brought under this subchapter by a local government shall be equally divided between:

- (1) the state; and
- (2) the local government that brought the suit.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.108. ATTORNEY'S FEES. If the state prevails in a suit under this subchapter it may recover reasonable attorney's fees, court costs, and reasonable investigative costs incurred in relation to the proceeding.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.109. PARKS AND WILDLIFE DEPARTMENT JURISDICTION. (a) If it appears that a violation or a threat of violation of Section

26.121 or a rule, permit, or order of the commission has occurred or is occurring that affects aquatic life or wildlife, the Parks and Wildlife Department, in the same manner as the commission under this chapter, may have a suit instituted in a district court for injunctive relief or civil penalties, or both, as authorized by this subchapter, against the person who committed or is committing or threatening to commit the violation.

(b) In a suit brought under this section for a violation that is the proximate cause of injury to aquatic life or wildlife normally taken for commercial or sport purposes or to species on which this life is directly dependent for food, the Parks and Wildlife Department is entitled to recover damages for the injury. In determining damages, the court may consider the valuation of the injured resources established in rules adopted by the Parks and Wildlife Department under Subchapter D, Chapter 12, Parks and Wildlife Code, or the replacement cost of the injured resources. Any recovery of damages for injury to aquatic life or wildlife shall be deposited to the credit of the game, fish, and water safety account under Section 11.032, Parks and Wildlife Code, and the Parks and Wildlife Department shall use money recovered in a suit brought under this section to replenish or enhance the injured resources.

(c) The actual cost of investigation, reasonable attorney's fees, and reasonable expert witness fees may also be recovered, and those recovered amounts shall be credited to the same operating accounts from which expenditures occurred.

(d) This section does not limit recovery for damages available under other laws.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.110. COMMENTS. (a) Before the commission approves an agreed final judgment, consent order, voluntary settlement agreement, or other voluntary settlement agreement, or other voluntary agreement that would finally settle a civil enforcement action initiated under this chapter to which the State of Texas is a party or before the court signs a judgment or other agreement settling a judicial enforcement action other than an enforcement action under Section 113 or 120 or Title II of the federal Clean Air Act (42 U.S.C. Section 7401 et seq.), the attorney general shall permit the public to

comment in writing on the proposed order, judgment, or other agreement.

(b) Notice of the opportunity to comment shall be published in the Texas Register not later than the 30th day before the date on which the public comment period closes.

(c) The attorney general shall promptly consider any written comments and may withdraw or withhold consent to the proposed order, judgment, or other agreement if the comments disclose facts or considerations that indicate that the consent is inappropriate, improper, inadequate, or inconsistent with the requirements of this chapter, the statutes within the commission's jurisdiction, or a rule adopted or an order or a permit issued under such a statute. Further notice of changes to the proposed order, judgment, or other agreement is not required to be published if those changes arise from comments submitted in response to a previous notice.

(d) The attorney general may not oppose intervention by a person who has standing to intervene as provided by Rule 60, Texas Rules of Civil Procedure.

(e) This section does not apply to:

- (1) criminal enforcement proceedings; or
- (2) proposed temporary restraining orders, temporary injunctions, emergency orders, or other emergency relief that is not a final judgment or final order of the court or commission.

(f) Chapter 2001, Government Code, does not apply to public comment under this section.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.111. RECOVERY OF SECURITY FOR CHAPTER 401, HEALTH AND SAFETY CODE, VIOLATION. On request by the commission, the attorney general shall file suit to recover security under Section 7.033.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

#### **SUBCHAPTER E. CRIMINAL OFFENSES AND PENALTIES**

Sec. 7.141. DEFINITIONS. In this subchapter:

- (1) "Appropriate regulatory agency" means the commission, the Texas Department of Health, or any other agency authorized to regulate the handling and disposal of medical waste.

(2) "Corporation" and "association" have the meanings assigned by Section 1.07, Penal Code, except that the terms do not include a government.

(3) "Large quantity generator" means a person who generates more than 50 pounds of medical waste each month.

(4) "Medical waste" includes animal waste, bulk blood and blood products, microbiological waste, pathological waste, sharps, and special waste from health care-related facilities as those terms are defined in 25 T.A.C. Section 1.132 (Texas Department of Health, Definition, Treatment, and Disposition of Special Waste from Health Care-Related Facilities). The term does not include medical waste produced on farmland and ranchland as defined by Section 252.001(6), Agriculture Code.

(5) "Serious bodily injury" has the meaning assigned by Section 1.07, Penal Code.

(6) "Small quantity generator" means a person who generates 50 pounds or less of medical waste each month.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.142. VIOLATIONS RELATING TO UNLAWFUL USE OF STATE WATER.

(a) A person commits an offense if the person violates:

- (1) Section 11.081;
- (2) Section 11.083;
- (3) Section 11.084;
- (4) Section 11.087;
- (5) Section 11.088;
- (6) Section 11.089;
- (7) Section 11.090;
- (8) Section 11.091;
- (9) Section 11.092;
- (10) Section 11.093;
- (11) Section 11.094;
- (12) Section 11.096;
- (13) Section 11.203; or
- (14) Section 11.205.

(b) An offense under Subsection (a)(9), (a)(10), or (a)(14) is punishable under Section 7.187(1)(A) or Section 7.187(2)(B) or both.

(c) An offense under Subsection (a)(1), (a)(2), (a)(4), (a)(6),

(a)(7), or (a)(8) is punishable under Section 7.187(1)(A) or Section 7.187(2)(C) or both.

(d) An offense under Subsection (a)(3) or (a)(11) is punishable under Section 7.187(1)(A) or Section 7.187(2)(D) or both.

(e) An offense under Subsection (a)(5) is punishable under Section 7.187(1)(A) or Section 7.187(2)(E) or both.

(f) Possession of state water when the right to its use has not been acquired according to Chapter 11 is prima facie evidence of a violation of Section 11.081.

(g) Possession or use of water on a person's land by a person not entitled to the water under this code is prima facie evidence of a violation of Section 11.083.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.143. VIOLATION OF MINIMUM STATE STANDARDS OR MODEL POLITICAL SUBDIVISION RULES. (a) A person commits an offense if the person knowingly or intentionally violates a rule adopted under Subchapter J, Chapter 16.

(b) An offense under this section is a Class A misdemeanor.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.145. INTENTIONAL OR KNOWING UNAUTHORIZED DISCHARGE. (a) A person commits an offense if the person, acting intentionally or knowingly with respect to the person's conduct, discharges or allows the discharge of a waste or pollutant:

(1) into or adjacent to water in the state that causes or threatens to cause water pollution unless the waste or pollutant is discharged in strict compliance with all required permits or with an order issued or a rule adopted by the appropriate regulatory agency; or

(2) from a point source in violation of Chapter 26 or of a rule, permit, or order of the appropriate regulatory agency.

(b) An offense under this section is punishable for an individual under Section 7.187(1)(C) or Section 7.187(2)(F) or both.

(c) An offense under this section is punishable for a person other than an individual under Section 7.187(1)(D).

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.  
Amended by Acts 2001, 77th Leg., ch. 934, Sec. 1, eff. June 14, 2001.

Sec. 7.147. UNAUTHORIZED DISCHARGE. (a) A person commits an offense if the person discharges or allows the discharge of any waste or pollutant into any water in the state that causes or threatens to cause water pollution unless the waste or pollutant:

(1) is discharged in strict compliance with all required permits or with a valid and currently effective order issued or rule adopted by the appropriate regulatory agency; or

(2) consists of used oil and the concentration of used oil in the waste stream resulting from the discharge as it enters water in the state is less than 15 parts per million following the discharge and the person is authorized to discharge storm water under a general permit issued under Section 26.040.

(b) An offense under this section may be prosecuted without alleging or proving any culpable mental state.

(c) An offense under this section is punishable for an individual under Section 7.187(1)(B) or Section 7.187(2)(D) or both.

(d) An offense under this section is punishable for a person other than an individual under Section 7.187(1)(C).

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.  
Amended by:

Acts 2005, 79th Leg., Ch. 366 (S.B. [1297](#)), Sec. 1, eff. September 1, 2005.

Sec. 7.148. FAILURE TO PROPERLY USE POLLUTION CONTROL MEASURES.

(a) A person commits an offense if the person intentionally or knowingly tampers with, modifies, disables, or fails to use pollution control or monitoring devices, systems, methods, or practices required by Chapter 26 or a rule adopted or a permit or an order issued under Chapter 26 by the commission or one of its predecessor agencies unless done in strict compliance with the rule, permit, or order.

(b) An offense under this section is punishable for an individual under Section 7.187(1)(C) or Section 7.187(2)(D) or both.

(c) An offense under this section is punishable for a person

other than an individual under Section 7.187(1)(D).

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.149. FALSE STATEMENT. (a) A person commits an offense if the person intentionally or knowingly makes or causes to be made a false material statement, representation, or certification in, or omits or causes to be omitted material information from, an application, notice, record, report, plan, or other document, including monitoring device data, filed or required to be maintained by Chapter 26 or by a rule adopted or a permit or an order issued by the appropriate regulatory agency under Chapter 26.

(b) An offense under this section is punishable for an individual under Section 7.187(1)(C) or Section 7.187(2)(D) or both.

(c) An offense under this section is punishable for a person other than an individual under Section 7.187(1)(D).

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.150. FAILURE TO NOTIFY OR REPORT. (a) A person commits an offense if the person intentionally or knowingly fails to notify or report to the commission as required under Chapter 26 or by a rule adopted or a permit or an order issued by the appropriate regulatory agency under Chapter 26.

(b) An offense under this section is punishable for an individual under Section 7.187(1)(C) or Section 7.187(2)(D) or both.

(c) An offense under this section is punishable for a person other than an individual under Section 7.187(1)(D).

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.151. FAILURE TO PAY FEE. (a) A person commits an offense if the person intentionally or knowingly fails to pay a fee required by Chapter 26 or by a rule adopted or a permit or an order issued by the appropriate regulatory agency under Chapter 26.

(b) An offense under this section is punishable for an individual under Section 7.187(1)(H) or Section 7.187(2)(B) or both.

(c) An offense under this section is punishable for a person

other than an individual under Section 7.187(1)(H).

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.152. INTENTIONAL OR KNOWING UNAUTHORIZED DISCHARGE AND KNOWING ENDANGERMENT. (a) A person commits an offense if the person, acting intentionally or knowingly, discharges or allows the discharge of a waste or pollutant into or adjacent to water in the state and by that action knowingly places another person in imminent danger of death or serious bodily injury, unless the discharge is made in strict compliance with all required permits or with an order issued or rule adopted by the appropriate regulatory agency.

(b) For purposes of Subsection (a), in determining whether a defendant who is an individual knew that the violation placed another person in imminent danger of death or serious bodily injury, the defendant is responsible only for the defendant's actual awareness or actual belief possessed. Knowledge possessed by a person other than the defendant may not be attributed to the defendant. To prove a defendant's actual knowledge, circumstantial evidence may be used, including evidence that the defendant took affirmative steps to be shielded from relevant information.

(c) An offense under this section is punishable for an individual under Section 7.187(1)(D) or Section 7.187(2)(G) or both. If an offense committed by an individual under this section results in death or serious bodily injury to another person, the individual may be punished under Section 7.187(1)(E) or Section 7.187(2)(I) or both.

(d) An offense under this section is punishable for a person other than an individual under Section 7.187(1)(E). If an offense committed by a person other than an individual under this section results in death or serious bodily injury to another person, the person may be punished under Section 7.187(1)(F).

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.153. INTENTIONAL OR KNOWING UNAUTHORIZED DISCHARGE AND ENDANGERMENT. (a) A person commits an offense if the person, acting intentionally or knowingly with respect to the person's conduct, discharges or allows the discharge of a waste or pollutant into or

adjacent to water in the state and by that action places another person in imminent danger of death or serious bodily injury, unless the discharge is made in strict compliance with all required permits or with a valid and currently effective order issued or rule adopted by the appropriate regulatory agency.

(b) An offense under this section is punishable for an individual under Section 7.187(1)(D) or Section 7.187(2)(F) or both. If an offense committed by an individual under this section results in death or serious bodily injury to another person, the individual may be punished under Section 7.187(1)(E) or Section 7.187(2)(G) or both.

(c) An offense under this section is punishable for a person other than an individual under Section 7.187(1)(E). If an offense committed by a person other than an individual under this section results in death or serious bodily injury to another person, the person may be punished under Section 7.187(1)(F).

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.154. RECKLESS UNAUTHORIZED DISCHARGE AND ENDANGERMENT.

(a) A person commits an offense if the person, acting recklessly with respect to the person's conduct, discharges or allows the discharge of a waste or pollutant into or adjacent to water in the state and by that action places another person in imminent danger of death or serious bodily injury, unless the discharge is made in strict compliance with all required permits or with a valid and currently effective order issued or rule adopted by the appropriate regulatory agency.

(b) An offense under this section is punishable for an individual under Section 7.187(1)(C) or Section 7.187(2)(D) or both. If an offense committed by an individual under this section results in death or serious bodily injury to another person, the individual may be punished under Section 7.187(1)(D) or Section 7.187(2)(F) or both.

(c) An offense under this section is punishable for a person other than an individual under Section 7.187(1)(D). If an offense committed by a person other than an individual under this section results in death or serious bodily injury to another person, the person may be punished under Section 7.187(1)(E).

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.155. VIOLATION RELATING TO DISCHARGE OR SPILL. (a) A person commits an offense if the person:

(1) operates, is in charge of, or is responsible for a facility or vessel that causes a discharge or spill as defined by Section 26.263 and does not report the spill or discharge on discovery; or

(2) knowingly falsifies a record or report concerning the prevention or cleanup of a discharge or spill.

(b) An offense under Subsection (a)(1) is a Class A misdemeanor.

(c) An offense under Subsection (a)(2) is a felony of the third degree.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.156. VIOLATION RELATING TO UNDERGROUND STORAGE TANK.

(a) A person or business entity commits an offense if:

(1) the person or business entity engages in the installation, repair, or removal of an underground storage tank and the person or business entity:

(A) does not hold a registration under Section 26.452; and

(B) is not under the substantial control of a person or business entity who holds a registration under Section 26.452;

(2) the person or business entity:

(A) authorizes or allows the installation, repair, or removal of an underground storage tank to be conducted by a person or business entity who does not hold a registration under Section 26.452; or

(B) authorizes or allows the installation, repair, or removal of an underground storage tank to be performed or supervised by a person or business entity who does not hold a license under Section 26.456; or

(3) the conduct of the person or business entity makes the person or business entity responsible for a violation of Subchapter K, Chapter 26, or of a rule adopted or order issued under that

subchapter.

(b) A person commits an offense if the person performs or supervises the installation, repair, or removal of an underground storage tank unless:

(1) the person holds a license under Section 26.456; or

(2) another person who holds a license under Section 26.456 is substantially responsible for the performance or supervision of the installation, repair, or removal.

(c) A person commits an offense if the person is an owner or operator of an underground storage tank regulated under Chapter 26 into which any regulated substance is delivered unless the underground storage tank has been issued a valid, current underground storage tank registration and certificate of compliance under Section 26.346.

(d) An offense under this section is a Class A misdemeanor.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Amended by Acts 1999, 76th Leg., ch. 1441, Sec. 4, eff. Sept. 1, 1999; Acts 2001, 77th Leg., ch. 880, Sec. 4, eff. Sept. 1, 2001.

Amended by:

Acts 2005, 79th Leg., Ch. 722 (S.B. 485), Sec. 1, eff. September 1, 2005.

Acts 2005, 79th Leg., Ch. 1256 (H.B. 1987), Sec. 1, eff. September 1, 2005.

Sec. 7.1565. PRESUMPTION. If in the exercise of good faith a person depositing or causing to be deposited a regulated substance into an underground storage tank regulated under Chapter 26 receives a certificate of compliance for that underground storage tank under Section 26.346, the receipt of the certificate of compliance shall be considered prima facie evidence of compliance with this section.

Added by Acts 1999, 76th Leg., ch. 1441, Sec. 5, eff. Sept. 1, 1999.

Sec. 7.157. VIOLATION RELATING TO INJECTION WELLS. (a) A person commits an offense if the person knowingly or intentionally violates Chapter 27 or a rule adopted or an order or a permit issued under Chapter 27.

(b) An offense under this section is punishable under Section

7.187(1)(B).

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.158. VIOLATION RELATING TO PLUGGING WELLS. (a) A person commits an offense if the person is the owner of a well that is required to be cased or plugged by Chapter 28 and the person:

(1) fails or refuses to case or plug the well within the 30-day period following the date of the commission's order to do so; or

(2) fails to comply with any other order issued by the commission under Chapter 28 within the 30-day period following the date of the order.

(b) An offense under this section is a misdemeanor and is punishable under Section 7.187(1)(A).

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.159. VIOLATION RELATING TO WATER WELLS OR DRILLED OR MINED SHAFTS. (a) A person commits an offense if the person knowingly or intentionally violates Chapter 28 or a commission rule adopted or an order or a permit issued under that chapter.

(b) An offense under this section is punishable under Section 7.187(1)(B).

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.160. VIOLATION RELATING TO CERTAIN SUBSURFACE EXCAVATIONS. (a) A person commits an offense if the person knowingly or intentionally violates Chapter 31 or a commission rule adopted or an order or a permit issued under that chapter.

(b) An offense under this section is punishable under Section 7.187(1)(B).

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.161. VIOLATION RELATING TO SOLID WASTE IN ENCLOSED

CONTAINERS OR VEHICLES. (a) An operator of a solid waste facility or a solid waste hauler commits an offense if the operator or hauler disposes of solid waste in a completely enclosed container or vehicle at a solid waste site or operation permitted as a Type IV landfill:

- (1) without having in possession the special permit required by Section 361.091, Health and Safety Code;
- (2) on a date or time not authorized by the commission; or
- (3) without a commission inspector present to verify that the solid waste is free of putrescible, hazardous, and infectious waste.

(b) An offense under this section is a Class B misdemeanor.

(c) This section does not apply to:

- (1) a stationary compactor that is at a specific location and that has an annual permit under Section 361.091, Health and Safety Code, issued by the commission, on certification to the commission by the generator that the contents of the compactor are free of putrescible, hazardous, or infectious waste; or
- (2) an enclosed vehicle of a municipality if the vehicle has a permit issued by the commission to transport brush or construction-demolition waste and rubbish on designated dates, on certification by the municipality to the commission that the contents of the vehicle are free of putrescible, hazardous, or infectious waste.

(d) In this section, "putrescible waste" means organic waste, such as garbage, wastewater treatment plant sludge, and grease trap waste, that may:

- (1) be decomposed by microorganisms with sufficient rapidity as to cause odors or gases; or
- (2) provide food for or attract birds, animals, or disease vectors.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.162. VIOLATIONS RELATING TO HAZARDOUS WASTE. (a) A person commits an offense if the person, acting intentionally or knowingly with respect to the person's conduct:

- (1) transports, or causes or allows to be transported, for storage, processing, or disposal, any hazardous waste to any location that does not have all required permits;

(2) stores, processes, exports, or disposes of, or causes to be stored, processed, exported, or disposed of, any hazardous waste without all permits required by the appropriate regulatory agency or in knowing violation of any material condition or requirement of a permit or of an applicable interim status rule or standard;

(3) omits or causes to be omitted material information or makes or causes to be made any false material statement or representation in any application, label, manifest, record, report, permit, plan, or other document filed, maintained, or used to comply with any requirement of Chapter 361, Health and Safety Code, applicable to hazardous waste;

(4) generates, transports, stores, processes, or disposes of, or otherwise handles, or causes to be generated, transported, stored, processed, disposed of, or otherwise handled, hazardous waste, whether the activity took place before or after September 1, 1981, and who knowingly destroys, alters, conceals, or does not file, or causes to be destroyed, altered, concealed, or not filed, any record, application, manifest, report, or other document required to be maintained or filed to comply with the rules of the appropriate regulatory agency adopted under Chapter 361, Health and Safety Code;

(5) transports without a manifest, or causes or allows to be transported without a manifest, any hazardous waste required by rules adopted under Chapter 361, Health and Safety Code, to be accompanied by a manifest;

(6) tampers with, modifies, disables, or fails to use required pollution control or monitoring devices, systems, methods, or practices, unless done in strict compliance with Chapter 361, Health and Safety Code, or with an order, rule, or permit of the appropriate regulatory agency;

(7) releases, causes, or allows the release of a hazardous waste that causes or threatens to cause pollution, unless the release is made in strict compliance with all required permits or an order, rule, or permit of the appropriate regulatory agency; or

(8) does not notify or report to the appropriate regulatory agency as required by Chapter 361, Health and Safety Code, or by a rule adopted or an order or a permit issued by the appropriate regulatory agency under that chapter.

(b) An offense under Subsection (a)(1) or (a)(2) is punishable for an individual under Section 7.187(1)(B) or Section 7.187(2)(G) or

both. An offense under Subsection (a)(3), (a)(4), or (a)(5) is punishable for an individual under Section 7.187(1)(B) or Section 7.187(2)(E) or both. An offense under Subsection (a)(6), (a)(7), or (a)(8) is punishable for an individual under Section 7.187(1)(C) or Section 7.187(2)(D) or both.

(c) If it is shown on the trial of an individual that the individual has been previously convicted of an offense under this section, an offense under Subsection (a)(1) or (a)(2) is punishable for an individual under Section 7.187(1)(C) or Section 7.187(2)(G) or both, and an offense under Subsection (a)(3), (a)(4), or (a)(5) is punishable for an individual under Section 7.187(1)(C) or Section 7.187(2)(F) or both.

(d) An offense under Subsection (a)(1), (a)(2), (a)(3), (a)(4), or (a)(5) is punishable for a person other than an individual under Section 7.187(1)(D). If it is shown on the trial of a person other than an individual that the person previously has been convicted of an offense under Subsection (a)(1), (a)(2), (a)(3), (a)(4), or (a)(5), the offense is punishable under Section 7.187(1)(E). An offense under Subsection (a)(6), (a)(7), or (a)(8) is punishable for a person other than an individual under Section 7.187(1)(D).

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.163. VIOLATIONS RELATING TO HAZARDOUS WASTE AND ENDANGERMENT. (a) A person commits an offense if:

(1) acting intentionally or knowingly, the person transports, processes, stores, exports, or disposes of, or causes to be transported, processed, stored, exported, or disposed of, hazardous waste in violation of Chapter 361, Health and Safety Code, and by that action knowingly places another person in imminent danger of death or serious bodily injury;

(2) acting intentionally or knowingly with respect to the person's conduct, transports, processes, stores, exports, or disposes of, or causes to be transported, processed, stored, exported, or disposed of, hazardous waste in violation of Chapter 361, Health and Safety Code, and by that action places another person in imminent danger of death or serious bodily injury, unless the conduct charged is done in strict compliance with all required permits or with an order issued or a rule adopted by the appropriate regulatory agency;

(3) acting intentionally or knowingly with respect to the person's conduct, releases or causes or allows the release of a hazardous waste into the environment and by that action places another person in imminent danger of death or serious bodily injury, unless the release is made in strict compliance with all required permits or an order issued or a rule adopted by the appropriate regulatory agency; or

(4) acting recklessly with respect to the person's conduct, releases or causes or allows the release of a hazardous waste into the environment and by that action places another person in imminent danger of death or serious bodily injury, unless the release is made in strict compliance with all required permits or an order issued or a rule adopted by the appropriate regulatory agency.

(b) An offense under Subsection (a)(1) is punishable for an individual under Section 7.187(1)(E) or Section 7.187(2)(H) or both. An offense under Subsection (a)(1) is punishable for a person other than an individual under Section 7.187(1)(F). If an offense committed by an individual under Subsection (a)(1) results in death or serious bodily injury to another person, the individual may be punished under Section 7.187(1)(F) or Section 7.187(2)(J) or both. If an offense committed by a person other than an individual under Subsection (a)(1) results in death or serious bodily injury to another person, the person may be punished under Section 7.187(1)(G). For purposes of Subsection (a)(1), in determining whether a defendant who is an individual knew that the violation placed another person in imminent danger of death or serious bodily injury, the defendant is responsible only for the defendant's actual awareness or actual belief possessed. Knowledge possessed by a person other than the defendant may not be attributed to the defendant. To prove a defendant's actual knowledge, circumstantial evidence may be used, including evidence that the defendant took affirmative steps to be shielded from relevant information.

(c) An offense under Subsection (a)(2) is punishable for an individual under Section 7.187(1)(D) or Section 7.187(2)(F) or both. An offense under Subsection (a)(2) is punishable for a person other than an individual under Section 7.187(1)(E). If an offense committed under Subsection (a)(2) results in death or serious bodily injury to another person, an individual may be punished under Section 7.187(1)(E) or Section 7.187(2)(G) or both. If an offense committed by a person other than an individual under Subsection (a)(2) results

in death or serious bodily injury to another person, the person may be punished under Section 7.187(1)(F).

(d) An offense under Subsection (a)(3) is punishable for an individual under Section 7.187(1)(D) or Section 7.187(2)(F) or both. An offense under Subsection (a)(3) is punishable for a person other than an individual under Section 7.187(1)(E). If an offense committed by an individual under Subsection (a)(3) results in death or serious bodily injury to another person, the individual may be punished under Section 7.187(1)(E) or Section 7.187(2)(G) or both. If an offense committed by a person other than an individual under Subsection (a)(3) results in death or serious bodily injury to another person, the person may be punished under Section 7.187(1)(F).

(e) An offense under Subsection (a)(4) is punishable for an individual under Section 7.187(1)(C) or Section 7.187(2)(D) or both. An offense under Subsection (a)(4) is punishable for a person other than an individual under Section 7.187(1)(E). If an offense committed by an individual under Subsection (a)(4) results in death or serious bodily injury to another person, the individual may be punished under Section 7.187(1)(E) or Section 7.187(2)(E) or both. If an offense committed by a person other than an individual under Subsection (a)(4) results in death or serious bodily injury to another person, the person may be punished under Section 7.187(1)(F).

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.164. VIOLATIONS RELATING TO MEDICAL WASTE: LARGE GENERATOR. (a) A person commits an offense if the person is a large quantity generator and the person, acting intentionally or knowingly with respect to the person's conduct:

(1) generates, collects, stores, processes, exports, or disposes of, or causes or allows to be generated, collected, stored, processed, exported, or disposed of, any medical waste without all permits required by the appropriate regulatory agency or in knowing violation of a material condition or requirement of a permit or of an applicable interim status rule or standard; or

(2) generates, collects, stores, treats, transports, or disposes of, or causes or allows to be generated, collected, stored, treated, transported, or disposed of, or otherwise handles any medical waste, and knowingly destroys, alters, conceals, or does not

file a record, report, manifest, or other document required to be maintained or filed under rules adopted by the appropriate regulatory agency.

(b) An offense under this section is punishable for an individual under Section 7.187(1)(B) or Section 7.187(2)(G) or both. If it is shown on the trial of an individual that the individual has been previously convicted of an offense under this section, the offense is punishable for an individual under Section 7.187(1)(C) or Section 7.187(2)(I) or both.

(c) An offense under this section is punishable for a person other than an individual under Section 7.187(1)(B). If it is shown on the trial of a person other than an individual that the person has been previously convicted of an offense under this section, the offense is punishable by Section 7.187(1)(C).

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.165. VIOLATIONS RELATING TO MEDICAL WASTE: SMALL GENERATOR. (a) A person commits an offense if the person is a small quantity generator and the person, acting intentionally or knowingly with respect to the person's conduct:

(1) generates, collects, stores, processes, exports, or disposes of, or causes or allows to be generated, collected, stored, processed, exported, or disposed of, any medical waste without all permits required by the appropriate regulatory agency or in knowing violation of any material condition or requirement of a permit or of an applicable interim status rule or standard; or

(2) generates, collects, stores, treats, transports, or disposes of, or causes or allows to be generated, collected, stored, treated, transported, or disposed of, or otherwise handles any medical waste, and knowingly destroys, alters, conceals, or does not file a record, report, manifest, or other document required to be maintained or filed under rules adopted by the appropriate regulatory agency.

(b) An offense under this section is punishable for an individual under Section 7.187(1)(A). If it is shown on the trial of an individual that the individual has been previously convicted of an offense under this section, the offense is punishable for an individual under Section 7.187(1)(B) or Section 7.187(2)(C) or both.

(c) An offense under this section is punishable for a person other than an individual under Section 7.187(1)(B). If it is shown on the trial of a person other than an individual that the person has been previously convicted of an offense under this section, the offense is punishable under Section 7.187(1)(C).

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.166. VIOLATIONS RELATING TO TRANSPORTATION OF MEDICAL WASTE. (a) A person commits an offense if the person, acting intentionally or knowingly with respect to the person's conduct:

(1) transports, or causes or allows to be transported, for storage, processing, or disposal, any medical waste to a location that does not have all required permits;

(2) transports without a manifest, or causes or allows to be transported without a manifest, any medical waste required to be accompanied by a manifest under rules adopted by the appropriate regulatory agency; or

(3) operates a vehicle that is transporting medical waste, or that is authorized to transport medical waste, in violation of a rule adopted by the appropriate regulatory agency, including cleaning and safety regulations, that specifically relates to the transportation of medical waste.

(b) An offense under this section is punishable for an individual under Section 7.187(1)(B) or Section 7.187(2)(D) or both. If it is shown on the trial of an individual that the individual has been previously convicted of an offense under this section, the offense is punishable for an individual under Section 7.187(1)(C) or Section 7.187(2)(E) or both.

(c) An offense under this section is punishable for a person other than an individual under Section 7.187(1)(E). If it is shown on the trial of a person other than an individual that the person has been previously convicted of an offense under this section, the offense is punishable under Section 7.187(1)(F).

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.167. FALSE STATEMENTS RELATING TO MEDICAL WASTE. (a) A person commits an offense if the person knowingly:

(1) makes a false material statement, or knowingly causes or knowingly allows to be made a false material statement, to a person who prepares a regulated medical waste label, manifest, application, permit, plan, registration, record, report, or other document required by an order or a rule of the appropriate regulatory agency; or

(2) omits material information, or causes or allows material information to be omitted, from a regulated medical waste label, manifest, application, permit, plan, registration, record, report, or other document required by an order or a rule of the appropriate regulatory agency.

(b) An offense under this section is punishable for an individual under Section 7.187(1)(B) or Section 7.187(2)(D) or both. If it is shown on the trial of an individual that the individual has been previously convicted of an offense under this section, the offense is punishable for an individual under Section 7.187(1)(C) or Section 7.187(2)(E) or both.

(c) An offense under this section is punishable for a person other than an individual under Section 7.187(1)(B). If it is shown on the trial of a person other than an individual that the person has been previously convicted of an offense under this section, the offense is punishable under Section 7.187(1)(C).

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.168. INTENTIONAL OR KNOWING VIOLATION RELATING TO MEDICAL WASTE AND KNOWING ENDANGERMENT. (a) A person commits an offense if the person, acting intentionally or knowingly, transports, processes, stores, exports, or disposes of, or causes to be transported, processed, stored, exported, or disposed of, medical waste in violation of Chapter 361, Health and Safety Code, and by that action knowingly places another person in imminent danger of death or serious bodily injury.

(b) An offense under this section is punishable for an individual under Section 7.187(1)(E) or Section 7.187(2)(H) or both. If an offense committed by an individual under this section results in death or serious bodily injury to another person, the offense is punishable for an individual under Section 7.187(1)(F) or Section 7.187(2)(J) or both.

(c) An offense under this section is punishable for a person other than an individual under Section 7.187(1)(F). If an offense committed by a person other than an individual under this section results in death or serious bodily injury to another person, the offense is punishable under Section 7.187(1)(G).

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.169. INTENTIONAL OR KNOWING VIOLATION RELATING TO MEDICAL WASTE AND ENDANGERMENT. (a) A person commits an offense if the person, acting intentionally or knowingly with respect to the person's conduct, transports, processes, stores, exports, or disposes of medical waste in violation of Chapter 361, Health and Safety Code, and by that action places another person in imminent danger of death or serious bodily injury, unless the conduct charged is done in strict compliance with all required permits or with an order issued or rule adopted by the appropriate regulatory agency.

(b) An offense under this section is punishable for an individual under Section 7.187(1)(D) or Section 7.187(2)(F) or both. If an offense committed by an individual under this section results in death or serious bodily injury to another person, the offense is punishable for an individual under Section 7.187(1)(E) or Section 7.187(2)(G) or both.

(c) An offense under this section is punishable for a person other than an individual under Section 7.187(1)(E). If an offense committed by a person other than an individual under this section results in death or serious bodily injury to another person, the offense is punishable under Section 7.187(1)(F).

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.170. INTENTIONAL OR KNOWING RELEASE OF MEDICAL WASTE INTO ENVIRONMENT AND ENDANGERMENT. (a) A person commits an offense if the person, acting intentionally or knowingly with respect to the person's conduct, releases or causes or allows the release of a medical waste into the environment and by that action places another person in imminent danger of death or serious bodily injury, unless the release is done in strict compliance with all required permits or an order issued or rule adopted by the appropriate regulatory agency.

(b) An offense under this section is punishable for an individual under Section 7.187(1)(D) or Section 7.187(2)(G) or both. If an offense committed by an individual under this section results in death or serious bodily injury to another person, the offense is punishable for an individual under Section 7.187(1)(E) or Section 7.187(2)(G) or both.

(c) An offense under this section is punishable for a person other than an individual under Section 7.187(1)(E). If an offense committed by a person other than an individual under this section results in death or serious bodily injury to another person, the offense is punishable under Section 7.187(1)(F).

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.171. RECKLESS RELEASE OF MEDICAL WASTE INTO ENVIRONMENT AND ENDANGERMENT. (a) A person commits an offense if the person, acting recklessly with respect to a person's conduct, releases or causes or allows the release of a medical waste into the environment and by that action places another person in imminent danger of death or serious bodily injury, unless the release is made in strict compliance with all required permits or an order issued or rule adopted by the appropriate regulatory agency.

(b) An offense under this section is punishable for an individual under Section 7.187(1)(D) or Section 7.187(2)(D) or both. If an offense committed by an individual under this section results in death or serious bodily injury to another person, the offense is punishable for an individual under Section 7.187(1)(E) or Section 7.187(2)(E) or both.

(c) An offense under this section is punishable for a person other than an individual under Section 7.187(1)(E). If an offense committed by a person other than an individual under this section results in death or serious bodily injury to another person, the offense is punishable under Section 7.187(1)(F).

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.172. FAILURE OF SEWAGE SYSTEM INSTALLER TO REGISTER.

(a) A person commits an offense if the person violates Section 366.071, Health and Safety Code.

(b) Except as provided by this subsection, an offense under this section is a Class C misdemeanor. If it is shown on the trial of the defendant that the defendant has been previously convicted of an offense under this section, the offense is punishable under Section 7.187(1)(A) or Section 7.187(2)(A) or both.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.173. VIOLATION RELATING TO SEWAGE DISPOSAL. (a) A person commits an offense if the person violates a rule adopted by the commission under Chapter 366, Health and Safety Code, or an order or resolution adopted by an authorized agent under Subchapter C, Chapter 366, Health and Safety Code.

(b) Except as provided by this subsection, an offense under this section is a Class C misdemeanor. If it is shown on the trial of the defendant that the defendant has been previously convicted of an offense under this section, the offense is punishable under Section 7.187(1)(A) or Section 7.187(2)(A) or both.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.  
Amended by Acts 1999, 76th Leg., ch. 824, Sec. 1, eff. Sept. 1, 1999.

Sec. 7.1735. VIOLATION RELATING TO MAINTENANCE OF SEWAGE DISPOSAL SYSTEM. (a) A person commits an offense if the person knowingly violates an order or resolution adopted by an authorized agent under Section 366.0515, Health and Safety Code.

(b) An offense under this section is a Class C misdemeanor.

Added by Acts 2005, 79th Leg., Ch. 1129 (H.B. [2510](#)), Sec. 3, eff. September 1, 2005.

Sec. 7.174. VIOLATION OF SEWAGE DISPOSAL SYSTEM PERMIT PROVISION. (a) A person commits an offense if the person begins to construct, alter, repair, or extend an on-site sewage disposal system owned by another person before the owner of the system obtains a permit to construct, alter, repair, or extend the on-site sewage disposal system as required by Subchapter D, Chapter 366, Health and Safety Code.

(b) Except as provided by this subsection, an offense under this section is a Class C misdemeanor. If it is shown on the trial of the defendant that the defendant has previously been convicted of an offense under this section, the offense is punishable under Section 7.187(1)(A) or Section 7.187(2)(A) or both.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.175. EMERGENCY REPAIR NOT AN OFFENSE. An emergency repair to an on-site sewage disposal system without a permit in accordance with the rules adopted under Section 366.012(a)(1)(C), Health and Safety Code, is not an offense under Section 7.172, 7.173, or 7.174 if a written statement describing the need for the repair is provided to the commission or its authorized agent not later than 72 hours after the repair is begun.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.176. VIOLATIONS RELATING TO HANDLING OF USED OIL. (a) A person commits an offense if the person:

- (1) intentionally discharges used oil into:
  - (A) a sewer or septic tank; or
  - (B) a drainage system, surface water or groundwater, a watercourse, or marine water unless the concentration of used oil in the waste stream resulting from the discharge as it enters water in the state is less than 15 parts per million following the discharge and the person is authorized to discharge storm water under a general permit issued under Section 26.040;
- (2) knowingly mixes or commingles used oil with solid waste that is to be disposed of in landfills or directly disposes of used oil on land or in landfills, unless the mixing or commingling of used oil with solid waste that is to be disposed of in landfills is incident to and the unavoidable result of the dismantling or mechanical shredding of motor vehicles, appliances, or other items of scrap, used, or obsolete metals;
- (3) knowingly transports, treats, stores, disposes of, recycles, causes to be transported, or otherwise handles any used oil within the state:
  - (A) in violation of standards or rules for the

management of used oil; or

(B) without first complying with the registration requirements of Chapter 371, Health and Safety Code, and rules adopted under that chapter;

(4) intentionally applies used oil to roads or land for dust suppression, weed abatement, or other similar uses that introduce used oil into the environment;

(5) violates an order of the commission to cease and desist an activity prohibited by this section or a rule applicable to a prohibited activity; or

(6) intentionally makes a false statement or representation in an application, label, manifest, record, report, permit, or other document filed, maintained, or used for purposes of program compliance.

(b) It is an exception to the application of this section that a person unknowingly disposes into the environment any used oil that has not been properly segregated or separated by the generator from other solid wastes.

(c) It is an exception to the application of Subsection (a)(2) that the mixing or commingling of used oil with solid waste that is to be disposed of in landfills is incident to and the unavoidable result of the dismantling or mechanical shredding of motor vehicles, appliances, or other items of scrap, used, or obsolete metals.

(d) Except as provided by this subsection, an offense under this section is punishable under Section 7.187(1)(B) or Section 7.187(2)(F), or both. If it is shown on the trial of the defendant that the defendant has been previously convicted of an offense under this section, the offense is punishable under Section 7.187(1)(C) or Section 7.187(2)(H) or both.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Amended by:

Acts 2005, 79th Leg., Ch. 38 (S.B. 1299), Sec. 1, eff. September 1, 2005.

Acts 2005, 79th Leg., Ch. 366 (S.B. 1297), Sec. 2, eff. September 1, 2005.

Sec. 7.177. VIOLATIONS OF CLEAN AIR ACT. (a) A person commits an offense if the person intentionally or knowingly, with respect to

the person's conduct, violates:

- (1) Section 382.0518(a), Health and Safety Code;
- (2) Section 382.054, Health and Safety Code;
- (3) Section 382.056(a), Health and Safety Code;
- (4) Section 382.058(a), Health and Safety Code; or
- (5) an order, permit, or exemption issued or a rule adopted

under Chapter 382, Health and Safety Code.

(b) An offense under this section is punishable for an individual under Section 7.187(1)(B) or Section 7.187(2)(C) or both.

(c) An offense under this section is punishable for a person other than an individual under Section 7.187(1)(C).

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.178. FAILURE TO PAY FEES UNDER CLEAN AIR ACT. (a) A person commits an offense if the person intentionally or knowingly does not pay a fee required by Chapter 382, Health and Safety Code, or by a rule adopted or an order issued under that chapter.

(b) An offense under this section is punishable for an individual under Section 7.187(1)(H) or Section 7.187(2)(B) or both.

(c) An offense under this section is punishable for a person other than an individual under Section 7.187(1)(H).

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.179. FALSE REPRESENTATIONS UNDER CLEAN AIR ACT. (a) A person commits an offense if the person intentionally or knowingly makes or causes to be made a false material statement, representation, or certification in, or omits material information from, or knowingly alters, conceals, or does not file or maintain a notice, application, record, report, plan, or other document required to be filed or maintained by Chapter 382, Health and Safety Code, or by a rule adopted or a permit or order issued under that chapter.

(b) An offense under this section is punishable for an individual under Section 7.187(1)(C) or Section 7.187(2)(D) or both.

(c) An offense under this section is punishable for a person other than an individual under Section 7.187(1)(D).

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.180. FAILURE TO NOTIFY UNDER CLEAN AIR ACT. (a) A person commits an offense if the person intentionally or knowingly does not notify or report to the commission as required by Chapter 382, Health and Safety Code, or by a rule adopted or a permit or order issued under that chapter.

(b) An offense under this section is punishable for an individual under Section 7.187(1)(C) or Section 7.187(2)(D) or both.

(c) An offense under this section is punishable for a person other than an individual under Section 7.187(1)(D).

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.181. IMPROPER USE OF MONITORING DEVICE. (a) A person commits an offense if the person intentionally or knowingly tampers with, modifies, disables, or fails to use a required monitoring device; tampers with, modifies, or disables a monitoring device; or falsifies, fabricates, or omits data from a monitoring device, unless the act is done in strict compliance with Chapter 382, Health and Safety Code, or a permit, variance, or order issued or a rule adopted by the commission.

(b) An offense under this section is punishable for an individual under Section 7.187(1)(C) or Section 7.187(2)(D) or both.

(c) An offense under this section is punishable for a person other than an individual under Section 7.187(1)(D).

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.182. RECKLESS EMISSION OF AIR CONTAMINANT AND ENDANGERMENT. (a) A person commits an offense if the person recklessly, with respect to the person's conduct, emits an air contaminant that places another person in imminent danger of death or serious bodily injury, unless the emission is made in strict compliance with Chapter 382, Health and Safety Code, or a permit, variance, or order issued or a rule adopted by the commission.

(b) An offense under this section is punishable for an individual under Section 7.187(1)(D) or Section 7.187(2)(F) or both.

(c) An offense under this section is punishable for a person

other than an individual under Section 7.187(1)(E).

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.183. INTENTIONAL OR KNOWING EMISSION OF AIR CONTAMINANT AND KNOWING ENDANGERMENT. (a) A person commits an offense if the person intentionally or knowingly, with respect to the person's conduct, emits an air contaminant with the knowledge that the person is placing another person in imminent danger of death or serious bodily injury unless the emission is made in strict compliance with Chapter 382, Health and Safety Code, or a permit, variance, or order issued or a rule adopted by the commission.

(b) An offense under this section is punishable for an individual under Section 7.187(1)(E) or Section 7.187(2)(F) or both.

(c) An offense under this section is punishable for a person other than an individual under Section 7.187(1)(F).

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.1831. VIOLATION OF LOCALLY ENFORCED MOTOR VEHICLE IDLING LIMITATIONS. (a) A person commits an offense if the person violates a rule adopted by the commission concerning locally enforced motor vehicle idling limitations.

(b) Notwithstanding any other law, an offense under this section is a Class C misdemeanor.

Added by Acts 2011, 82nd Leg., R.S., Ch. 294 (H.B. 1906), Sec. 1, eff. September 1, 2011.

Sec. 7.184. VIOLATIONS RELATING TO LOW-LEVEL RADIOACTIVE WASTE. (a) A person commits an offense if the person:

- (1) intentionally or knowingly violates a provision of Chapter 401, Health and Safety Code, other than the offense described by Subdivision (2); or
- (2) intentionally or knowingly receives, processes, concentrates, stores, transports, or disposes of low-level radioactive waste without a license issued under Chapter 401, Health and Safety Code.

(b) Except as provided by this subsection, an offense under Subsection (a)(1) is a Class B misdemeanor. If it is shown on the trial of the person that the person has previously been convicted of an offense under Subsection (a)(1), the offense is a Class A misdemeanor.

(c) Except as provided by this subsection, an offense under Subsection (a)(2) is a Class A misdemeanor. If it is shown on the trial of the person that the person has previously been convicted of an offense under Subsection (a)(2), the offense is punishable under Section 7.187(1)(D) or Section 7.187(2)(D) or both.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.  
Amended by Acts 1999, 76th Leg., ch. 1367, Sec. 38, eff. Sept. 1, 1999.

Sec. 7.185. KNOWING OR INTENTIONAL UNAUTHORIZED DISPOSAL OF LEAD-ACID BATTERIES. (a) A person commits an offense if the person knowingly or intentionally disposes of a lead-acid battery other than as provided by Section 361.451, Health and Safety Code.

(b) An offense under this section is a Class A misdemeanor.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.186. SEPARATE OFFENSES. Each day a person engages in conduct proscribed by this subchapter constitutes a separate offense.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.187. PENALTIES. (a) Except as provided by Subsection (b), a person convicted of an offense under this subchapter is punishable by:

(1) a fine, as imposed under the section creating the offense, of:

- (A) not more than \$1,000;
- (B) not less than \$1,000 or more than \$50,000;
- (C) not less than \$1,000 or more than \$100,000;
- (D) not less than \$1,000 or more than \$250,000;
- (E) not less than \$2,000 or more than \$500,000;

- (F) not less than \$5,000 or more than \$1,000,000;
- (G) not less than \$10,000 or more than \$1,500,000; or
- (H) not more than twice the amount of the required fee;

(2) confinement for a period, as imposed by the section creating the offense, not to exceed:

- (A) 30 days;
- (B) 90 days;
- (C) 180 days;
- (D) one year;
- (E) two years;
- (F) five years;
- (G) 10 years;
- (H) 15 years;
- (I) 20 years; or
- (J) 30 years; or

(3) both fine and confinement, as imposed by the section creating the offense.

(b) Notwithstanding Section 7.177(a)(5), conviction for an offense under Section 382.018, Health and Safety Code, is punishable as:

(1) a Class C misdemeanor if the waste is not a substance described by Subdivision (3);

(2) a Class B misdemeanor if the violation is a second or subsequent violation under Subdivision (1);

(3) a Class A misdemeanor if the violation involves the burning of tires, insulation on electrical wire or cable, treated lumber, plastics, non-wood construction or demolition materials, heavy oils, asphaltic materials, potentially explosive materials, furniture, carpet, chemical wastes, or items containing natural or synthetic rubber.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.  
Amended by:

Acts 2009, 81st Leg., R.S., Ch. 1264 (H.B. 857), Sec. 1, eff. September 1, 2009.

Sec. 7.188. REPEAT OFFENSES. If it is shown at the trial of the defendant that the defendant has previously been convicted of the same offense under this subchapter, the maximum punishment is doubled

with respect to both the fine and confinement, unless the section creating the offense specifies otherwise.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.189. VENUE. Venue for prosecution of an alleged violation under this subchapter is in:

- (1) the county in which the violation is alleged to have occurred;
- (2) the county where the defendant resides;
- (3) if the alleged violation involves the transportation of a discharge, waste, or pollutant, any county to which or through which the discharge, waste, or pollutant was transported; or
- (4) Travis County.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.190. DISPOSITION OF FINES. A fine recovered through a prosecution brought under this subchapter shall be divided equally between the state and any local government significantly involved in prosecuting the case, except that if the court determines that the state or the local government bore significantly more of the burden of prosecuting the case, the court may apportion up to 75 percent of the fine to the government that predominantly prosecuted the case.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.191. NOTICE OF CONVICTION. In addition to a sentence that may be imposed under this subchapter, a person other than an individual that has been adjudged guilty of an offense may be ordered by the court to give notice of the conviction to any person the court considers appropriate.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.192. JUDGMENT OF CONVICTION. On conviction under this subchapter, the clerk of the court in which the conviction is

returned shall send a copy of the judgment to the commission.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.193. PEACE OFFICERS. For purposes of this subchapter, the authorized agents and employees of the Parks and Wildlife Department are peace officers. Those agents and employees are empowered to enforce this subchapter the same as any other peace officer and for that purpose have the powers and duties of peace officers assigned by Chapter 2, Code of Criminal Procedure.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.194. ALLEGATIONS. In alleging the name of a defendant private corporation, it is sufficient to state in the complaint, indictment, or information the corporate name or to state any name or designation by which the corporation is known or may be identified. It is not necessary to allege that the defendant was lawfully incorporated.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.195. SUMMONS AND ARREST. (a) After a complaint is filed or an indictment or information presented against a private corporation under this subchapter, the court or clerk shall issue a summons to the corporation. The summons shall be in the same form as a *capias* except that:

(1) it shall summon the corporation to appear before the court named at the place stated in the summons;

(2) it shall be accompanied by a certified copy of the complaint, indictment, or information; and

(3) it shall provide that the corporation appear before the court named at or before 10 a.m. of the Monday next after the expiration of 20 days after it is served with summons, except when service is made on the secretary of state, in which instance the summons shall provide that the corporation appear before the court named at or before 10 a.m. of the Monday next after the expiration of 30 days after the secretary of state is served with summons.

(b) No individual may be arrested upon a complaint, indictment, or information against a private corporation.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.196. SERVICE OF SUMMONS. (a) A peace officer shall serve a summons on a private corporation by personally delivering a copy of it to the corporation's registered agent for service. If a registered agent has not been designated or cannot with reasonable diligence be found at the registered office, the peace officer shall serve the summons by personally delivering a copy of it to the president or a vice president of the corporation.

(b) If the peace officer certifies on the return that the peace officer diligently but unsuccessfully attempted to effect service under Subsection (a) or if the corporation is a foreign corporation that has no certificate of authority, the peace officer shall serve the summons on the secretary of state. On receipt of the summons copy, the secretary of state shall immediately forward it by certified or registered mail, return receipt requested, addressed to the defendant corporation at its registered office or, if it is a foreign corporation, at its principal office in the state or country under whose law it was incorporated.

(c) The secretary of state shall keep a permanent record of the date and time of receipt and the disposition of each summons served under Subsection (b) together with the return receipt.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.197. ARRAIGNMENT AND PLEADINGS. In any criminal action instituted against a private corporation under this subchapter:

- (1) appearance is for the purpose of arraignment; and
- (2) the corporation has 10 full days after the day the arraignment takes place and before the day the trial begins to file written pleadings.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.198. APPEARANCE. (a) A defendant private corporation

appears through counsel or its representative.

(b) If a private corporation does not appear in response to summons or appears but does not plead, the corporation is considered to be present in person for all purposes, and the court shall enter a plea of not guilty on the corporation's behalf and may proceed with trial, judgment, and sentencing.

(c) After appearing and entering a plea in response to summons, if a private corporation is absent without good cause at any time during later proceedings, the corporation is considered to be present in person for all purposes, and the court may proceed with trial, judgment, or sentencing.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.199. FINE TREATED AS JUDGMENT IN CIVIL ACTION. If a person other than an individual is found guilty of a violation of this subchapter and a fine is imposed, the fine shall be entered and docketed by the clerk of the court as a judgment against the person, and the fine shall be of the same force and effect and be enforced against the person in the same manner as if the judgment were recovered in a civil action.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.200. EFFECT ON CERTAIN OTHER LAWS. Conduct punishable as an offense under this subchapter that is also punishable under another law may be prosecuted under either law.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.201. DEFENSE EXCLUDED. It is not a defense to prosecution under this subchapter that the person did not know of or was not aware of a rule, order, or statute.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.202. PROOF OF KNOWLEDGE. In determining whether a

defendant who is an individual knew that the violation placed another person in imminent danger of death or serious bodily injury under Section 7.168, 7.169, 7.170, or 7.171, the defendant is responsible only for the defendant's actual awareness or actual belief possessed. Knowledge possessed by a person other than the defendant may not be attributed to the defendant. To prove a defendant's actual knowledge, however, circumstantial evidence may be used, including evidence that the defendant took affirmative steps to be shielded from relevant information.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.203. CRIMINAL ENFORCEMENT REVIEW. (a) This section is applicable to criminal prosecution of alleged environmental violations of this code, of the Health and Safety Code, or of any other statute, rule, order, permit, or other decision of the commission that is within the commission's jurisdiction committed by a defendant holding a permit issued by the commission or a defendant employed by a person holding such a permit and that is related to the activity for which the permit was issued. This section does not apply to an alleged environmental violation that clearly involves imminent danger of death or bodily injury under an endangerment offense specified in Section 7.252. Nothing in this section limits the power of a peace officer to arrest a person for an alleged offense.

(b) Before a peace officer, as that term is defined in Section 7.193 or Chapter 2, Code of Criminal Procedure, may refer any alleged criminal environmental violation by a person holding a permit issued by the commission or an employee of that person of this code, of the Health and Safety Code, or of any other statute, rule, order, permit, or other decision of the commission that is within the commission's jurisdiction to a prosecuting attorney for criminal prosecution, the peace officer shall notify the commission in writing of the alleged criminal environmental violation and include with the notification a report describing the facts and circumstances of the alleged criminal environmental violation. This section does not prohibit a peace officer from issuing a citation or making an arrest.

(c) As soon as practicable and in no event later than the 45th day after receiving a notice and report under Subsection (b), the

commission shall evaluate the report and determine whether an alleged environmental violation exists and whether administrative or civil remedies would adequately and appropriately address the alleged environmental violation. In making its evaluation and determination, the commission shall consider the factors prescribed in Section 7.053. If the commission does not make a determination within the 45-day period required by this subsection:

(1) the appropriate prosecuting attorney may bring an action for criminal prosecution; and

(2) notwithstanding Subsection (e), the commission or the state is not entitled to receive any part of an amount recovered through a prosecution brought by that prosecuting attorney.

(d) If the commission determines that an alleged environmental violation exists and that administrative or civil remedies are inadequate or inappropriate to address the violation, the commission shall notify the peace officer in writing of the reasons why administrative or civil remedies are inadequate or inappropriate and recommending criminal prosecution, and the prosecuting attorney may proceed with the criminal prosecution of the alleged violation. In all other cases, the commission shall issue written notification to the peace officer that the alleged environmental violation is to be resolved through administrative or civil means by the appropriate authorities and the reasons why administrative or civil remedies are adequate or appropriate. A prosecuting attorney may not prosecute an alleged violation if the commission determines that administrative or civil remedies are adequate and appropriate.

(e) Any fine, penalty, or settlement recovered through a prosecution subject to this section and brought in the name and by authority of the State of Texas, whether recovered through any form of pretrial resolution, plea agreement, or sentencing after trial, shall be apportioned 70 percent to the state to cover the costs of instituting the procedures and requirements of Subsections (a)-(d) and 30 percent to any local government significantly involved in prosecuting the case. In a case where the procedures described in this section do not apply, the provisions of Section 7.190 apply.

Added by Acts 2003, 78th Leg., ch. 937, Sec. 2, eff. Sept. 1, 2003.

#### **SUBCHAPTER F. DEFENSES**

Sec. 7.251. ACT OF GOD. If a person can establish that an event that would otherwise be a violation of a statute within the commission's jurisdiction or a rule adopted or an order or a permit issued under such a statute was caused solely by an act of God, war, strike, riot, or other catastrophe, the event is not a violation of that statute, rule, order, or permit.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.252. DEFENSES TO ENDANGERMENT OFFENSES. It is an affirmative defense to prosecution under Section 7.152, 7.153, 7.154, 7.163, 7.168, 7.169, 7.170, 7.171, 7.182, or 7.183 that:

(1) the conduct charged was freely consented to by the person endangered and that the danger and conduct charged were reasonably foreseeable hazards of the person's occupation, business, or profession or a medical treatment or medical or scientific experimentation conducted by professionally approved methods and the person endangered had been made aware of the risks involved before giving consent; or

(2) the person charged was an employee who was carrying out the person's normal activities and was acting under orders from the person's employer, unless the person charged engaged in knowing and wilful violations.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.253. DEFENSES AVAILABLE TO PERSON RESPONSIBLE FOR SOLID WASTE VIOLATIONS. (a) For purposes of an enforcement action initiated under this chapter, a person responsible for solid waste under Section 361.271, Health and Safety Code, is liable for a violation of a statutory or regulatory prohibition against releasing or creating an imminent threat of releasing solid waste unless the person can establish by a preponderance of the evidence that the release or threatened release was caused solely by an act or omission of a third person and that the defendant:

(1) exercised due care concerning the solid waste, considering the characteristics of the solid waste, in light of all relevant facts and circumstances; and

(2) took precautions against foreseeable acts or omissions

of the third person and the consequences that could foreseeably result from those acts or omissions.

(b) The defense under Subsection (a) does not apply if the third person:

(1) is an employee or agent of the defendant; or

(2) has a direct or indirect contractual relationship with the defendant and the act or omission of the third person occurred in connection with the contractual relationship. The term "contractual relationship" includes land contracts, deeds, or other instruments transferring title or possession of real property.

(c) A defendant who enters into a contractual relationship as provided by Subsection (b)(2) is not liable under a statute or rule within the commission's jurisdiction if:

(1) the sole contractual relationship is acceptance for rail carriage by a common carrier under a published tariff; or

(2) the defendant acquired the real property on which the facility requiring the remedial action is located after the disposal or placement of the hazardous substance on, in, or at the facility, and the defendant establishes by a preponderance of the evidence that:

(A) the defendant exercised due care concerning the solid waste, considering the characteristics of the solid waste, in light of all relevant facts and circumstances; and

(B) the defendant took precautions against foreseeable acts or omissions of the third person and the consequences that could foreseeably result from those acts or omissions; or

(C) at the time the defendant acquired the facility the defendant did not know and had no reason to know that a hazardous substance that is the subject of the release or threatened release was disposed of on, in, or at the facility;

(D) the defendant is a governmental entity that acquired the facility by escheat, by other involuntary transfer or acquisition, or by the exercise of the power of eminent domain; or

(E) the defendant acquired the facility by inheritance or bequest.

(d) To demonstrate the condition under Subsection (c)(2)(C), the defendant must have made, at the time of acquisition, appropriate inquiry into the previous ownership and uses of the property consistent with good commercial or customary practice in an effort to minimize liability. In deciding whether the defendant meets this

condition, the court shall consider:

- (1) any specialized knowledge or experience of the defendant;
- (2) the relationship of the purchase price to the value of the property if the property were uncontaminated;
- (3) commonly known or reasonably ascertainable information about the property;
- (4) the obvious presence or likely presence of contamination of the property; and
- (5) the defendant's ability to detect the contamination by appropriate inspection.

(e) This section does not decrease the liability of a previous owner or operator of a facility who is liable under a statute or rule within the commission's jurisdiction. If the defendant obtained actual knowledge of the release or threatened release of a hazardous substance at a facility at the time the defendant owned the real property on which the facility is located and subsequently transferred ownership of the property to another person without disclosing that knowledge, the defendant is liable and a defense under this section is not available to the defendant.

(f) Subsections (c), (d), and (e) do not affect the liability, under a statute or rule within the commission's jurisdiction, of a defendant who, by an act or omission, caused or contributed to the release or threatened release of a hazardous substance that is the subject of the action concerning the facility.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.254. DEFENSE TO USED OIL OFFENSES. It is an affirmative defense to prosecution under Section 7.176 that the person unknowingly disposed of used oil into the environment because the used oil had not been properly segregated or separated by the generator from other solid wastes.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.255. DEFENSE EXCLUDED. Unless otherwise provided by this chapter, the fact that a person holds a permit issued by the commission does not relieve that person from liability for the

violation of a statute within the commission's jurisdiction or a rule adopted or an order or a permit issued under such a statute.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.256. COMPLIANCE WITH FEDERAL OCCUPATIONAL SAFETY AND HEALTH STANDARDS. If a person can establish that an act or event that otherwise would be a violation of a statute within the commission's jurisdiction or a rule adopted or an order or permit issued by the commission under such a statute was caused solely by compliance with the general duty clause of the federal Occupational Safety and Health Act of 1970 (29 U.S.C. Section 654), the act or event is not a violation of that statute, rule, order, or permit.

Added by Acts 2009, 81st Leg., R.S., Ch. 513 (S.B. 1080), Sec. 1, eff. September 1, 2009.

Sec. 7.257. DEFENSE TO NUISANCE OR TRESPASS. (a) A person, as defined by Section 382.003, Health and Safety Code, who is subject to an administrative, civil, or criminal action brought under this chapter for nuisance or trespass arising from greenhouse gas emissions has an affirmative defense to that action if the person's actions that resulted in the alleged nuisance or trespass were authorized by a rule, permit, order, license, certificate, registration, approval, or other form of authorization issued by the commission or the federal government or an agency of the federal government and:

(1) the person was in substantial compliance with that rule, permit, order, license, certificate, registration, approval, or other authorization while the alleged nuisance or trespass was occurring; or

(2) the commission or the federal government or an agency of the federal government exercised enforcement discretion in connection with the actions that resulted in the alleged nuisance or trespass.

(b) This section does not apply to nuisance actions solely based on a noxious odor.

Added by Acts 2011, 82nd Leg., R.S., Ch. 909 (S.B. 875), Sec. 1, eff.

June 17, 2011.

**SUBCHAPTER G. REVOCATION AND SUSPENSION OF PERMITS, LICENSES,  
CERTIFICATES, AND REGISTRATIONS**

Sec. 7.301. DEFINITION. In this subchapter:

(1) "License," "certificate," "registration," and "exemption" have the meanings assigned by commission rule.

(2) "Permit holder" or "holder of a permit" includes each member of a partnership or association and, with respect to a corporation, each officer and the owner or owners of a majority of the corporate stock, provided such partner or owner controls at least 20 percent of the permit holder.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.302. GROUNDS FOR REVOCATION OR SUSPENSION OF PERMIT.

(a) This section applies to a permit or exemption issued by the commission under:

- (1) Chapter 26, 27, 28, or 31 of this code;
- (2) Subchapter C or R, Chapter 361, Health and Safety Code;
- (3) Subchapter D, Chapter 366, Health and Safety Code;
- (4) Chapter 382, Health and Safety Code; or
- (5) a rule adopted under any of those provisions.

(b) After notice and hearing, the commission may revoke, suspend, or revoke and reissue a permit or exemption on any of the following grounds:

(1) violating any term or condition of the permit, and revocation, suspension, or revocation and reissuance is necessary in order to maintain the quality of water or the quality of air in the state, or to otherwise protect human health and the environment consistent with the objectives of the statutes or rules within the commission's jurisdiction;

(2) having a record of environmental violations in the preceding five years at the permitted or exempted site;

(3) causing a discharge, release, or emission contravening a pollution control standard set by the commission or contravening the intent of a statute or rule described in Subsection (a);

(4) including a material mistake in a federal operating

permit issued under Chapter 382, Health and Safety Code, or making an inaccurate statement in establishing an emissions standard or other term or condition of a federal operating permit;

(5) misrepresenting or failing to disclose fully all relevant facts in obtaining the permit or misrepresenting to the commission any relevant fact at any time;

(6) a permit holder being indebted to the state for fees, payment of penalties, or taxes imposed by the statutes or rules within the commission's jurisdiction;

(7) a permit holder failing to ensure that the management of the permitted facility conforms or will conform to the statutes and rules within the commission's jurisdiction;

(8) the permit is subject to cancellation or suspension under Section 26.084;

(9) abandoning the permit or operations under the permit;  
or

(10) the commission finds that a change in conditions requires elimination of the discharge authorized by the permit.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.  
Amended by Acts 2001, 77th Leg., ch. 376, Sec. 3.04, eff. Sept. 1, 2001.

Sec. 7.303. GROUNDS FOR REVOCATION OR SUSPENSION OF LICENSE, CERTIFICATE, OR REGISTRATION. (a) This section applies to a license, certificate, or registration issued:

(1) by the commission under:

(A) Section 26.0301;

(B) Chapter 37;

(C) Section 361.0861, 361.092, or 361.112, Health and Safety Code;

(D) Chapter 366, 371, or 401, Health and Safety Code;

or

(E) Chapter 1903, Occupations Code;

(2) by a county under Subchapter E, Chapter 361, Health and Safety Code; or

(3) under a rule adopted under any of those provisions.

(b) After notice and hearing, the commission may suspend or revoke a license, certificate, or registration the commission or a

county has issued, place on probation a person whose license, certificate, or registration has been suspended, reprimand the holder of a license, certificate, or registration, or refuse to renew or reissue a license, certificate, or registration on any of the following grounds:

(1) having a record of environmental violations in the preceding five years;

(2) committing fraud or deceit in obtaining the license, certificate, or registration;

(3) demonstrating gross negligence, incompetency, or misconduct while acting as holder of a license, certificate, or registration;

(4) making an intentional misstatement or misrepresentation of fact in information required to be maintained or submitted to the commission by the holder of the license, certificate, or registration;

(5) failing to keep and transmit records as required by a statute within the commission's jurisdiction or a rule adopted under such a statute;

(6) being indebted to the state for a fee, payment of a penalty, or a tax imposed by a statute within the commission's jurisdiction or a rule adopted under such a statute;

(7) with respect to a license or registration issued under Section 26.0301 or Chapter 37, violating a discharge permit of a sewage treatment plant, unless:

(A) the holder of the license or registration is unable to properly operate the sewage treatment or collection facility due to the refusal of the permit holder to authorize necessary expenditures to operate the sewage treatment or collection facility properly; or

(B) failure of the sewage treatment or collection facility to comply with its discharge permit results from faulty design of the facility;

(8) with respect to a license or registration issued under Chapter 37 of this code or Chapter 366, Health and Safety Code, violating either chapter or a rule adopted under either chapter; or

(9) with respect to a license issued under Subchapter E, Chapter 361, Health and Safety Code, violating that chapter or another applicable law or a commission rule governing the processing, storage, or disposal of solid waste.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.  
Amended by Acts 2001, 77th Leg., ch. 376, Sec. 3.05, eff. Sept. 1, 2001; Acts 2001, 77th Leg., ch. 880, Sec. 5, eff. Sept. 1, 2001; Acts 2003, 78th Leg., ch. 1276, Sec. 18.001, eff. Sept. 1, 2003.

Sec. 7.304. SUSPENSION OF REGISTRATION OR REIMBURSEMENT PAYMENT ISSUED UNDER WASTE TIRE RECYCLING PROGRAM. Notwithstanding Sections 7.303, 7.305, and 7.306, the commission may suspend a registration of or reimbursement payment to a waste tire processor, waste tire transporter, waste tire generator, waste tire recycling facility, or waste tire energy recovery facility, without notice or hearing, on the initiation of an enforcement proceeding under this chapter and while the proceeding is pending for a violation of Subchapter P, Chapter 361, Health and Safety Code, or a rule adopted or order issued under that subchapter.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept.1, 1997.

Sec. 7.305. PROCEDURES. The commission by rule shall establish procedures for public notice and any public hearing under this subchapter. The procedures shall provide for notice to a county that issued a license, certificate, or registration that is the subject of the hearing.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.306. HEARINGS. A hearing under this subchapter shall be conducted in accordance with the hearing rules adopted by the commission and the applicable provisions of Chapter 2001, Government Code.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.307. CONSENT. If the holder of a permit, license, certificate, or registration requests or consents to the revocation or suspension of the permit, license, certificate, or registration, the executive director may revoke or suspend the permit, license,

exemption, certificate, or registration without a hearing.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.308. OTHER RELIEF. A proceeding brought by the commission under this subchapter does not affect the commission's authority to bring suit for injunctive relief or penalty or both under this chapter.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.309. PROBATION REQUIREMENTS. If a license, certificate, or registration suspension is probated, the commission may require the holder of the license, certificate, or registration:

(1) to report regularly to the commission on matters that are the basis of the probation;

(2) to limit activities to the areas prescribed by the commission; or

(3) to continue or renew professional education until the registrant attains a degree of skill satisfactory to the commission in those areas that are the basis of the probation.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.310. REVOCATION OR SUSPENSION BY COUNTY. With respect to a license, certificate, or registration issued by a county under a statute or rule within the commission's jurisdiction, the issuing county may suspend or revoke the license, certificate, or registration on the grounds provided under Section 7.303.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

#### **SUBCHAPTER H. SUIT BY OTHERS**

Sec. 7.351. CIVIL SUITS. (a) If it appears that a violation or threat of violation of Chapter 16, 26, or 28 of this code, Chapter 361, 371, 372, or 382, Health and Safety Code, a provision of Chapter 401, Health and Safety Code, under the commission's jurisdiction, or

Chapter 1903, Occupations Code, or a rule adopted or an order or a permit issued under those chapters or provisions has occurred or is occurring in the jurisdiction of a local government, the local government or, in the case of a violation of Chapter 401, Health and Safety Code, a person affected as defined in that chapter, may institute a civil suit under Subchapter D in the same manner as the commission in a district court by its own attorney for the injunctive relief or civil penalty, or both, as authorized by this chapter against the person who committed, is committing, or is threatening to commit the violation.

(b) If it appears that a violation or threat of violation of Chapter 366, Health and Safety Code, under the commission's jurisdiction or a rule adopted or an order or a permit issued under that chapter has occurred or is occurring in the jurisdiction of a local government, an authorized agent as defined in that chapter may institute a civil suit under Subchapter D in the same manner as the commission in a district court by its own attorney for the injunctive relief or civil penalty, or both, as authorized by this chapter against the person who committed, is committing, or is threatening to commit the violation.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.  
Amended by Acts 1999, 76th Leg., ch. 193, Sec. 1, eff. Sept. 1, 1999;  
Acts 2003, 78th Leg., ch. 1276, Sec. 14A.845, eff. Sept. 1, 2003.

Sec. 7.352. RESOLUTION REQUIRED. In the case of a violation of Chapter 26 of this code or Chapter 382, Health and Safety Code, a local government may not exercise the enforcement power authorized by this subchapter unless its governing body adopts a resolution authorizing the exercise of the power.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.353. COMMISSION NECESSARY PARTY. In a suit brought by a local government under this subchapter, the commission is a necessary and indispensable party.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.354. COSTS AND FEES. A penalty collected in a suit under this subchapter for a violation of Chapter 28 of this code or Chapter 401, Health and Safety Code, shall be paid to the state. If the suit is brought by a local government or, in the case of a violation of Chapter 401, Health and Safety Code, a person affected as defined in that chapter, the court shall include in any final judgment in favor of the local government or affected person an award to cover reasonable costs and attorney's fees.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.355. COMPLAINTS. In the case of a violation of Chapter 401, Health and Safety Code, a local government or person affected may file with the commission a written complaint and may request an investigation of an alleged violation by a person who holds a permit subject to the commission's jurisdiction.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.356. COMMISSION REPLY. The commission shall reply to the local government or person affected who filed a complaint under Section 7.355 in writing not later than the 60th day after the complaint is received and shall provide a copy of any investigation report relevant to the complaint together with a determination of whether the alleged violation was committed.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.357. PROSECUTION. A local government or, in the case of a violation of Chapter 401, Health and Safety Code, a person affected as defined in that chapter may bring suit in the county in which the alleged violation occurred or is about to occur, if the commission does not have a suit filed before the 121st day after the date on which the written complaint is filed under Section 7.355.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997.

Sec. 7.358. OTHER REQUIREMENTS. In the case of a violation of Chapter 1903, Occupations Code, the regulatory authority of any local government may require compliance with any reasonable inspection requirements or ordinances or regulations designed to protect the public water supply and pay any reasonable fees imposed by the local government relating to work performed within its jurisdiction.

Added by Acts 1997, 75th Leg., ch. 1072, Sec. 2, eff. Sept. 1, 1997. Amended by Acts 2003, 78th Leg., ch. 1276, Sec. 14A.846, eff. Sept. 1, 2003.

**CHAPTER 8. MULTI-STATE WATER RESOURCES PLANNING COMMISSION**  
**SUBCHAPTER A. GENERAL PROVISIONS**

Sec. 8.001. DEFINITIONS. In this chapter:

- (1) "Commission" means the Multi-State Water Resources Planning Commission.
- (2) "Commissioner" means a member of the commission.
- (3) "Board" means the Texas Water Development Board.

Added by Acts 1985, 69th Leg., ch. 39, Sec. 1, eff. Sept. 1, 1985. Renumbered from Sec. 6.001 by Acts 1987, 70th Leg., ch. 167, Sec. 5.01(a)(54) eff. Sept. 1, 1987. Renumbered from Sec. 6.001 and amended by Acts 1987, 70th Leg., ch. 977, Sec. 2, eff. June 19, 1987.

**SUBCHAPTER B. ORGANIZATIONAL AND ADMINISTRATIVE PROVISIONS**

Sec. 8.011. CREATION OF COMMISSION. The Multi-State Water Resources Planning Commission is created as an agency of the state.

Added by Acts 1985, 69th Leg., ch. 39, Sec. 1, eff. Sept. 1, 1985. Renumbered from Sec. 6.011 by Acts 1987, 70th Leg., ch. 167, Sec. 5.01(a)(54) eff. Sept. 1, 1987.

Sec. 8.013. MEMBERS OF COMMISSION; APPOINTMENT. (a) The commission is composed of seven commissioners who are appointed by the governor with the advice and consent of the senate.

(b) The governor shall make the appointments so that each member is from a different section of the state.

(c) Three commissioners must be members of the general public,

one commissioner must have a background in the field of higher education, one commissioner must have a background in private business, one commissioner must have a background in agriculture, and one commissioner must have a background in an energy-related field.

Added by Acts 1985, 69th Leg., ch. 39, Sec. 1, eff. Sept. 1, 1985. Renumbered from Sec. 6.013 by Acts 1987, 70th Leg., ch. 167, Sec. 5.01(a)(54), eff. Sept. 1, 1987. Amended by Acts 2003, 78th Leg., ch. 1170, Sec. 46.01, eff. Sept. 1, 2003.

Sec. 8.014. OFFICERS OF THE STATE; OATH. Each commissioner is an officer of the state as that term is used in the constitution, and each commissioner shall qualify by taking the official oath of office.

Added by Acts 1985, 69th Leg., ch. 39, Sec. 1, eff. Sept. 1, 1985. Renumbered from Sec. 6.014 by Acts 1987, 70th Leg., ch. 167, Sec. 5.01(a)(54), eff. Sept. 1, 1987.

Sec. 8.015. TERMS OF OFFICE. (a) Commissioners hold office for staggered terms of six years, with the terms of two or three commissioners expiring on February 1 of each odd-numbered year.

(b) Each commissioner holds office until his successor is appointed and has qualified for office.

(c) If a vacancy occurs in the office of commissioner, the governor shall appoint a successor to serve for the unexpired portion of the term.

Added by Acts 1985, 69th Leg., ch. 39, Sec. 1, eff. Sept. 1, 1985. Renumbered from Sec. 6.015 by Acts 1987, 70th Leg., ch. 167, Sec. 5.01(a)(54), eff. Sept. 1, 1987. Amended by Acts 2003, 78th Leg., ch. 1170, Sec. 46.02, eff. Sept. 1, 2003.

Sec. 8.016. CHAIRMAN. The governor shall designate one commissioner as chairman of the commission to serve at the will of the governor.

Added by Acts 1985, 69th Leg., ch. 39, Sec. 1, eff. Sept. 1, 1985.

Renumbered from Sec. 6.016 by Acts 1987, 70th Leg., ch. 167, Sec. 5.01(a)(54), eff. Sept. 1, 1987.

Sec. 8.017. COMMISSION MEETINGS. (a) The commission shall meet at least quarterly on a day and at a place within the state selected by it.

(b) A meeting of the commission may be recessed at the discretion of the commission.

(c) The chairman or two commissioners may call a special meeting at any time by giving notice to the other commissioners.

(d) The chairman shall preside at all meetings of the commission.

(e) A majority of the commissioners constitute a quorum to transact business of the commission.

Added by Acts 1985, 69th Leg., ch. 39, Sec. 1, eff. Sept. 1, 1985. Renumbered from Sec. 6.017 by Acts 1987, 70th Leg., ch. 167, Sec. 5.01(a)(54), eff. Sept. 1, 1987.

Sec. 8.018. COMPENSATION; EXPENSES. Each commissioner is entitled to receive the amount provided by the General Appropriations Act for his services together with travel and other necessary expenses as provided by law.

Added by Acts 1985, 69th Leg., ch. 39, Sec. 1, eff. Sept. 1, 1985. Renumbered from Sec. 6.018 by Acts 1987, 70th Leg., ch. 167, Sec. 5.01(a)(54), eff. Sept. 1, 1987.

Sec. 8.019. STAFF. The board shall provide necessary staff and support to the commission to assist the commission in carrying out this chapter.

Added by Acts 1985, 69th Leg., ch. 39, Sec. 1, eff. Sept. 1, 1985. Renumbered from Sec. 6.019 by Acts 1987, 70th Leg., ch. 167, Sec. 5.01(a)(54), eff. Sept. 1, 1987. Renumbered from Sec. 6.019 and amended by Acts 1987, 70th Leg., ch. 977, Sec. 2, eff. June 19, 1987.

Sec. 8.020. SPECIAL REPRESENTATIVES. In cooperating with or carrying out discussions with a particular state under Section 8.051 of this code or in negotiating with a particular state under Section 8.056 of this code, the commission may appoint one or more persons who reside within an area of this state that is adjacent to the particular state with which this state is cooperating, having discussions, or negotiating, and who are knowledgeable with regard to the water concerns of the adjacent state, to join the commission in the cooperative activity, discussions, or negotiations and to advise the commission.

Added by Acts 1985, 69th Leg., ch. 39, Sec. 1, eff. Sept. 1, 1985. Renumbered from Sec. 6.020 by Acts 1987, 70th Leg., ch. 167, Sec. 5.01(a)(54), eff. Sept. 1, 1987. Amended by Acts 1987, 70th Leg., ch. 167, Sec. 5.01(a)(55), eff. Sept. 1, 1987.

#### **SUBCHAPTER C. POWERS AND DUTIES**

Sec. 8.051. INTERACTION WITH OTHER STATES. (a) In cooperation with representatives of neighboring states, the commission shall study the water needs of the region after the year 2000.

(b) The commission shall initiate and carry out discussions with representatives of neighboring states relating to the identification and development of sources and methods of augmenting water supplies on a regional basis after existing water supplies are fully committed.

Added by Acts 1985, 69th Leg., ch. 39, Sec. 1, eff. Sept. 1, 1985. Renumbered from Sec. 6.051 by Acts 1987, 70th Leg., ch. 167, Sec. 5.01(a)(54), eff. Sept. 1, 1987.

Sec. 8.052. INTERACTION WITH MEXICO. The commission shall contract and confer with the government of Mexico concerning water needs and development of sources of water supply.

Added by Acts 1985, 69th Leg., ch. 39, Sec. 1, eff. Sept. 1, 1985. Renumbered from Sec. 6.052 by Acts 1987, 70th Leg., ch. 167, Sec. 5.01(a)(54), eff. Sept. 1, 1987.

Sec. 8.053. STUDIES. The commission shall request the board to prepare studies that consider utilization of only that floodwater that is determined to be in excess of the reasonably foreseeable needs of any area where that floodwater is located.

Added by Acts 1985, 69th Leg., ch. 39, Sec. 1, eff. Sept. 1, 1985. Renumbered from Sec. 6.053 by Acts 1987, 70th Leg., ch. 167, Sec. 5.01(a)(54), eff. Sept. 1, 1987. Renumbered from Sec. 6.053 and amended by Acts 1987, 70th Leg., ch. 977, Sec. 2, eff. June 19, 1987.

Sec. 8.054. DESIGNATING WATER DEFICIENT AREAS. The commission shall designate areas of the state in which the present and future water supply is not sufficient to meet the future requirements of those areas, even after giving full consideration to the effects of water conservation in the projections of future needs.

Added by Acts 1985, 69th Leg., ch. 39, Sec. 1, eff. Sept. 1, 1985. Renumbered from Sec. 6.054 by Acts 1987, 70th Leg., ch. 167, Sec. 5.01(a)(54), eff. Sept. 1, 1987.

Sec. 8.055. REPORTS. The commission shall make recommendations to the governor and to the legislature relating to potential water source areas and the necessary methods to bring the water to those areas in this state that need water.

Added by Acts 1985, 69th Leg., ch. 39, Sec. 1, eff. Sept. 1, 1985. Renumbered from Sec. 6.055 by Acts 1987, 70th Leg., ch. 167, Sec. 5.01(a)(54), eff. Sept. 1, 1987.

Sec. 8.056. COMPACTS. The commission shall contact and negotiate with other states regarding the need for establishing interstate compacts, addressing groundwater problems, needs, and supplies, if an aquifer underlies several states, and addressing other related subjects that would be beneficial to the states including the conservation and beneficial use of water.

Added by Acts 1985, 69th Leg., ch. 39, Sec. 1, eff. Sept. 1, 1985. Renumbered from Sec. 6.056 by Acts 1987, 70th Leg., ch. 167, Sec.

5.01(a)(54), eff. Sept. 1, 1987.

**CHAPTER 10. WATER CONSERVATION ADVISORY COUNCIL**

Sec. 10.001. DEFINITIONS. In this chapter:

- (1) "Best management practices" has the meaning assigned by Section 11.002.
- (2) "Board" means the Texas Water Development Board.
- (3) "Commission" means the Texas Commission on Environmental Quality.
- (4) "Council" means the Water Conservation Advisory Council.

Added by Acts 2007, 80th Leg., R.S., Ch. 1352 (H.B. 4), Sec. 3, eff. June 15, 2007.

Added by Acts 2007, 80th Leg., R.S., Ch. 1430 (S.B. 3), Sec. 2.03, eff. September 1, 2007.

Sec. 10.002. PURPOSE. The council is created to provide the governor, lieutenant governor, speaker of the house of representatives, legislature, board, commission, political subdivisions, and public with the resource of a select council with expertise in water conservation.

Added by Acts 2007, 80th Leg., R.S., Ch. 1352 (H.B. 4), Sec. 3, eff. June 15, 2007.

Added by Acts 2007, 80th Leg., R.S., Ch. 1430 (S.B. 3), Sec. 2.03, eff. September 1, 2007.

Sec. 10.003. CREATION AND MEMBERSHIP. (a) The council is composed of 23 members appointed by the board. The board shall appoint one member to represent each of the following entities or interest groups:

- (1) Texas Commission on Environmental Quality;
- (2) Department of Agriculture;
- (3) Parks and Wildlife Department;
- (4) State Soil and Water Conservation Board;
- (5) Texas Water Development Board;
- (6) regional water planning groups;

- (7) federal agencies;
- (8) municipalities;
- (9) groundwater conservation districts;
- (10) river authorities;
- (11) environmental groups;
- (12) irrigation districts;
- (13) institutional water users;
- (14) professional organizations focused on water conservation;
- (15) higher education;
- (16) agricultural groups;
- (17) refining and chemical manufacturing;
- (18) electric generation;
- (19) mining and recovery of minerals;
- (20) landscape irrigation and horticulture;
- (21) water control and improvement districts;
- (22) rural water users; and
- (23) municipal utility districts.

(b) Each entity or interest group described by Subsection (a) may recommend one or more persons to fill the position on the council held by the member who represents that entity or interest group. If one or more persons are recommended for a position on the council, the board shall appoint one of the persons recommended to fill the position.

Added by Acts 2007, 80th Leg., R.S., Ch. 1352 (H.B. 4), Sec. 3, eff. June 15, 2007.

Added by Acts 2007, 80th Leg., R.S., Ch. 1430 (S.B. 3), Sec. 2.03, eff. September 1, 2007.

Sec. 10.004. TERMS. (a) Members of the council serve staggered terms of six years, with seven or eight members' terms, as applicable, expiring August 31 of each odd-numbered year.

(b) The board shall fill a vacancy on the council for the unexpired term by appointing a person who has the same qualifications as required under Section 10.003 for the person who previously held the vacated position.

Added by Acts 2007, 80th Leg., R.S., Ch. 1352 (H.B. 4), Sec. 3, eff. June 15, 2007.

Added by Acts 2007, 80th Leg., R.S., Ch. 1430 (S.B. 3), Sec. 2.03, eff. September 1, 2007.

Sec. 10.005. PRESIDING OFFICER. The council members shall select one member as the presiding officer of the council to serve in that capacity until the person's term as a council member expires.

Added by Acts 2007, 80th Leg., R.S., Ch. 1352 (H.B. 4), Sec. 3, eff. June 15, 2007.

Added by Acts 2007, 80th Leg., R.S., Ch. 1430 (S.B. 3), Sec. 2.03, eff. September 1, 2007.

Sec. 10.006. COUNCIL STAFF. On request by the council, the board shall provide any necessary staff to assist the council in the performance of its duties.

Added by Acts 2007, 80th Leg., R.S., Ch. 1352 (H.B. 4), Sec. 3, eff. June 15, 2007.

Added by Acts 2007, 80th Leg., R.S., Ch. 1430 (S.B. 3), Sec. 2.03, eff. September 1, 2007.

Sec. 10.007. PUBLIC MEETINGS AND PUBLIC INFORMATION. (a) The council may hold public meetings as needed to fulfill its duties under this chapter.

(b) The council is subject to Chapters 551 and 552, Government Code.

Added by Acts 2007, 80th Leg., R.S., Ch. 1352 (H.B. 4), Sec. 3, eff. June 15, 2007.

Added by Acts 2007, 80th Leg., R.S., Ch. 1430 (S.B. 3), Sec. 2.03, eff. September 1, 2007.

Sec. 10.008. INAPPLICABILITY OF ADVISORY COMMITTEE LAW. Chapter 2110, Government Code, does not apply to the size, composition, or duration of the council.

Added by Acts 2007, 80th Leg., R.S., Ch. 1352 (H.B. 4), Sec. 3, eff.

June 15, 2007.

Added by Acts 2007, 80th Leg., R.S., Ch. 1430 (S.B. 3), Sec. 2.03, eff. September 1, 2007.

Sec. 10.009. COMPENSATION OF MEMBERS. (a) Members of the council serve without compensation but may be reimbursed by legislative appropriation for actual and necessary expenses related to the performance of council duties.

(b) Reimbursement under Subsection (a) is subject to the approval of the presiding officer of the council.

Added by Acts 2007, 80th Leg., R.S., Ch. 1352 (H.B. 4), Sec. 3, eff. June 15, 2007.

Added by Acts 2007, 80th Leg., R.S., Ch. 1430 (S.B. 3), Sec. 2.03, eff. September 1, 2007.

Sec. 10.010. POWERS AND DUTIES OF COUNCIL. The council shall:

- (1) monitor trends in water conservation implementation;
- (2) monitor new technologies for possible inclusion by the board as best management practices in the best management practices guide developed by the water conservation implementation task force under Chapter 109, Acts of the 78th Legislature, Regular Session, 2003;
- (3) monitor the effectiveness of the statewide water conservation public awareness program developed under Section 16.401 and associated local involvement in implementation of the program;
- (4) develop and implement a state water management resource library;
- (5) develop and implement a public recognition program for water conservation;
- (6) monitor the implementation of water conservation strategies by water users included in regional water plans; and
- (7) monitor target and goal guidelines for water conservation to be considered by the board and commission.

Added by Acts 2007, 80th Leg., R.S., Ch. 1352 (H.B. 4), Sec. 3, eff. June 15, 2007.

Added by Acts 2007, 80th Leg., R.S., Ch. 1430 (S.B. 3), Sec. 2.03, eff. September 1, 2007.

Sec. 10.011. REPORT. Not later than December 1 of each even-numbered year, the council shall submit to the governor, lieutenant governor, and speaker of the house of representatives a report on progress made in water conservation in this state.

Added by Acts 2007, 80th Leg., R.S., Ch. 1352 (H.B. 4), Sec. 3, eff. June 15, 2007.

Added by Acts 2007, 80th Leg., R.S., Ch. 1430 (S.B. 3), Sec. 2.03, eff. September 1, 2007.

## SUBTITLE B. WATER RIGHTS

### CHAPTER 11. WATER RIGHTS

#### SUBCHAPTER A. GENERAL PROVISIONS

Sec. 11.001. VESTED RIGHTS NOT AFFECTED. (a) Nothing in this code affects vested private rights to the use of water, except to the extent that provisions of Subchapter G of this chapter might affect these rights.

(b) This code does not recognize any riparian right in the owner of any land the title to which passed out of the State of Texas after July 1, 1895.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.002. DEFINITIONS. In this chapter and in Chapter 12 of this code:

(1) "Commission" means the Texas Natural Resource Conservation Commission.

(2) "Board" means the Texas Water Development Board.

(3) "Executive director" means the executive director of the Texas Natural Resource Conservation Commission.

(4) "Beneficial use" means use of the amount of water which is economically necessary for a purpose authorized by this chapter, when reasonable intelligence and reasonable diligence are used in applying the water to that purpose and shall include conserved water.

(5) "Water right" means a right acquired under the laws of this state to impound, divert, or use state water.

(6) "Appropriator" means a person who has made beneficial use of any water in a lawful manner under the provisions of any act of the legislature before the enactment of Chapter 171, General Laws, Acts of the 33rd Legislature, 1913, as amended, and who has filed with the State Board of Water Engineers a record of his appropriation as required by the 1913 Act, as amended, or a person who makes or has made beneficial use of any water within the limitations of a permit lawfully issued by the commission or one of its predecessors.

(7) Renumbered as subd. (6) by Acts 1985, 69th Leg., ch. 795, Sec. 1.003, eff. Sept. 1, 1985.

(8) "Conservation" means:

(A) the development of water resources; and

(B) those practices, techniques, and technologies that will reduce the consumption of water, reduce the loss or waste of water, improve the efficiency in the use of water, or increase the recycling and reuse of water so that a water supply is made available for future or alternative uses.

(9) "Conserved water" means that amount of water saved by a holder of an existing permit, certified filing, or certificate of adjudication through practices, techniques, and technologies that would otherwise be irretrievably lost to all consumptive beneficial uses arising from storage, transportation, distribution, or application.

(10) "Surplus water" means water in excess of the initial or continued beneficial use of the appropriator.

(11) "River basin" means a river or coastal basin designated by the board as a river basin under Section 16.051. The term does not include waters originating in the bays or arms of the Gulf of Mexico.

(12) "Agriculture" means any of the following activities:

(A) cultivating the soil to produce crops for human food, animal feed, or planting seed or for the production of fibers;

(B) the practice of floriculture, viticulture, silviculture, and horticulture, including the cultivation of plants in containers or nonsoil media, by a nursery grower;

(C) raising, feeding, or keeping animals for breeding purposes or for the production of food or fiber, leather, pelts, or other tangible products having a commercial value;

(D) raising or keeping equine animals;

(E) wildlife management;

(F) planting cover crops, including cover crops cultivated for transplantation, or leaving land idle for the purpose of participating in any governmental program or normal crop or livestock rotation procedure; and

(G) aquaculture, as defined by Section 134.001, Agriculture Code.

(13) "Agricultural use" means any use or activity involving agriculture, including irrigation.

(14) "Nursery grower" means a person who grows more than 50 percent of the products that the person either sells or leases, regardless of the variety sold, leased, or grown. For the purpose of this definition, "grow" means the actual cultivation or propagation of the product beyond the mere holding or maintaining of the item prior to sale or lease and typically includes activities associated with the production or multiplying of stock such as the development of new plants from cuttings, grafts, plugs, or seedlings.

(15) "Environmental flow analysis" means the application of a scientifically derived process for predicting the response of an ecosystem to changes in instream flows or freshwater inflows.

(16) "Environmental flow regime" means a schedule of flow quantities that reflects seasonal and yearly fluctuations that typically would vary geographically, by specific location in a watershed, and that are shown to be adequate to support a sound ecological environment and to maintain the productivity, extent, and persistence of key aquatic habitats in and along the affected water bodies.

(17) "Environmental flow standards" means those requirements adopted by the commission under Section 11.1471.

(18) "Advisory group" means the environmental flows advisory group.

(19) "Science advisory committee" means the Texas environmental flows science advisory committee.

(20) "Best management practices" means those voluntary efficiency measures developed by the commission and the board that save a quantifiable amount of water, either directly or indirectly, and that can be implemented within a specified time frame.

(21) "Utility commission" means the Public Utility Commission of Texas.

Sec. 11.005. APPLICABILITY TO WORKS UNDER FEDERAL RECLAMATION ACT. This chapter applies to the construction, maintenance, and operation of irrigation works constructed in this state under the federal reclamation act, as amended (43 U.S.C. Sec. 371 et seq.), to the extent that this chapter is not inconsistent with the federal act or the regulations made under that act by the secretary of the interior.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

#### **SUBCHAPTER B. RIGHTS IN STATE WATER**

Sec. 11.021. STATE WATER. (a) The water of the ordinary flow, underflow, and tides of every flowing river, natural stream, and lake, and of every bay or arm of the Gulf of Mexico, and the storm water, floodwater, and rainwater of every river, natural stream, canyon, ravine, depression, and watershed in the state is the property of the state.

(b) Water imported from any source outside the boundaries of the state for use in the state and which is transported through the beds and banks of any navigable stream within the state or by utilizing any facilities owned or operated by the state is the property of the state.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.022. ACQUISITION OF RIGHT TO USE STATE WATER. The right to the use of state water may be acquired by appropriation in the manner and for the purposes provided in this chapter. When the right to use state water is lawfully acquired, it may be taken or diverted from its natural channel.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept.

1, 1977.

Sec. 11.023. PURPOSES FOR WHICH WATER MAY BE APPROPRIATED. (a) To the extent that state water has not been set aside by the commission under Section 11.1471(a)(2) to meet downstream instream flow needs or freshwater inflow needs, state water may be appropriated, stored, or diverted for:

(1) domestic and municipal uses, including water for sustaining human life and the life of domestic animals;

(2) agricultural uses and industrial uses, meaning processes designed to convert materials of a lower order of value into forms having greater usability and commercial value, including the development of power by means other than hydroelectric;

(3) mining and recovery of minerals;

(4) hydroelectric power;

(5) navigation;

(6) recreation and pleasure;

(7) public parks; and

(8) game preserves.

(b) State water also may be appropriated, stored, or diverted for any other beneficial use.

(c) Unappropriated storm water and floodwater may be appropriated to recharge underground freshwater bearing sands and aquifers in the portion of the Edwards underground reservoir located within Kinney, Uvalde, Medina, Bexar, Comal, and Hays counties if it can be established by expert testimony that an unreasonable loss of state water will not occur and that the water can be withdrawn at a later time for application to a beneficial use. The normal or ordinary flow of a stream or watercourse may never be appropriated, diverted, or used by a permittee for this recharge purpose.

(d) When it is put or allowed to sink into the ground, water appropriated under Subsection (c) of this section loses its character and classification as storm water or floodwater and is considered percolating groundwater.

(e) The amount of water appropriated for each purpose mentioned in this section shall be specifically appropriated for that purpose, subject to the preferences prescribed in Section 11.024 of this code. The commission may authorize appropriation of a single amount or volume of water for more than one purpose of use. In the event that

a single amount or volume of water is appropriated for more than one purpose of use, the total amount of water actually diverted for all of the authorized purposes may not exceed the total amount of water appropriated.

(f) The water of any arm, inlet, or bay of the Gulf of Mexico may be changed from salt water to sweet or fresh water and held or stored by dams, dikes, or other structures and may be taken or diverted for any purpose authorized by this chapter.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1997, 75th Leg., ch. 1010, Sec. 2.03, eff. Sept. 1, 1997; Acts 2001, 77th Leg., ch. 966, Sec. 2.02, eff. Sept. 1, 2001.

Amended by:

Acts 2007, 80th Leg., R.S., Ch. 1351 (H.B. 3), Sec. 1.05, eff. September 1, 2007.

Acts 2007, 80th Leg., R.S., Ch. 1430 (S.B. 3), Sec. 1.05, eff. September 1, 2007.

Sec. 11.0235. POLICY REGARDING WATERS OF THE STATE. (a) The waters of the state are held in trust for the public, and the right to use state water may be appropriated only as expressly authorized by law.

(b) Maintaining the biological soundness of the state's rivers, lakes, bays, and estuaries is of great importance to the public's economic health and general well-being. The legislature encourages voluntary water and land stewardship to benefit the water in the state, as defined by Section 26.001.

(c) The legislature has expressly required the commission while balancing all other public interests to consider and, to the extent practicable, provide for the freshwater inflows and instream flows necessary to maintain the viability of the state's streams, rivers, and bay and estuary systems in the commission's regular granting of permits for the use of state waters. As an essential part of the state's environmental flows policy, all permit conditions relating to freshwater inflows to affected bays and estuaries and instream flow needs must be subject to temporary suspension if necessary for water to be applied to essential beneficial uses during emergencies.

(d) The legislature has not expressly authorized granting water rights exclusively for:

- (1) instream flows dedicated to environmental needs or inflows to the state's bay and estuary systems; or
- (2) other similar beneficial uses.

Text of subsection as added by Acts 2007, 80th Leg., R.S., Ch. 1351  
(H.B. 3), Sec. 1.06

(d-1) The legislature has determined that existing water rights that are converted to water rights for environmental purposes should be enforced in a manner consistent with the enforcement of water rights for other purposes as provided by the laws of this state governing the appropriation of state water.

Text of subsection as added by Acts 2007, 80th Leg., R.S., Ch. 1430  
(S.B. 3), Sec. 1.06

(d-1) The legislature has determined that existing water rights that are amended to authorize use for environmental purposes should be enforced in a manner consistent with the enforcement of water rights for other purposes as provided by the laws of this state governing the appropriation of state water.

(d-2) The legislature finds that to provide certainty in water management and development and to provide adequate protection of the state's streams, rivers, and bays and estuaries, the state must have a process with specific timelines for prompt action to address environmental flow issues in the state's major basin and bay systems, especially those systems in which unappropriated water is still available.

(d-3) The legislature finds that:

- (1) in those basins in which water is available for appropriation, the commission should establish an environmental set-aside below which water should not be available for appropriation; and

- (2) in those basins in which the unappropriated water that will be set aside for instream flow and freshwater inflow protection is not sufficient to fully satisfy the environmental flow standards established by the commission, a variety of market approaches, both public and private, for filling the gap must be explored and pursued.

(d-4) The legislature finds that while the state has pioneered tools to address freshwater inflow needs for bays and estuaries, there are limitations to those tools in light of both scientific and public policy evolution. To fully address bay and estuary environmental flow issues, the foundation of work accomplished by the

state should be improved. While the state's instream flow studies program appears to encompass a comprehensive and scientific approach for establishing a process to assess instream flow needs for rivers and streams across the state, more extensive review and examination of the details of the program, which may not be fully developed until the program is under way, are needed to ensure an effective tool for evaluating riverine environmental flow conditions.

(d-5) The legislature finds that the management of water to meet instream flow and freshwater inflow needs should be evaluated on a regular basis and adapted to reflect both improvements in science related to environmental flows and future changes in projected human needs for water. In addition, the development of management strategies for addressing environmental flow needs should be an ongoing, adaptive process that considers and addresses local issues.

(d-6) The legislature finds that recommendations for state action to protect instream flows and freshwater inflows should be developed through a consensus-based, regional approach involving balanced representation of stakeholders and that such a process should be encouraged throughout the state.

(e) The fact that greater pressures and demands are being placed on the water resources of the state makes it of paramount importance to ensure that these important priorities are effectively addressed by detailing how environmental flow standards are to be developed using the environmental studies that have been and are to be performed by the state and others and specifying in clear delegations of authority how those environmental flow standards will be integrated into the regional water planning and water permitting process.

(f) The legislature recognizes that effective implementation of the approach provided by this chapter for protecting instream flows and freshwater inflows will require more effective water rights administration and enforcement systems than are currently available in most areas of the state.

Added by Acts 2003, 78th Leg., ch. 1242, Sec. 2, eff. June 20, 2003.  
Amended by:

Acts 2007, 80th Leg., R.S., Ch. 1351 (H.B. 3), Sec. 1.06, eff. September 1, 2007.

Acts 2007, 80th Leg., R.S., Ch. 1430 (S.B. 3), Sec. 1.06, eff. September 1, 2007.

Sec. 11.0236. ENVIRONMENTAL FLOWS ADVISORY GROUP. (a) In recognition of the importance that the ecological soundness of our riverine, bay, and estuary systems and riparian lands has on the economy, health, and well-being of the state there is created the environmental flows advisory group.

(b) The advisory group is composed of nine members as follows:

(1) three members appointed by the governor;

(2) three members of the senate appointed by the lieutenant governor; and

(3) three members of the house of representatives appointed by the speaker of the house of representatives.

(c) Of the members appointed under Subsection (b)(1):

(1) one member must be a member of the commission;

(2) one member must be a member of the board; and

(3) one member must be a member of the Parks and Wildlife Commission.

(d) Each member of the advisory group serves at the will of the person who appointed the member.

(e) The appointed senator with the most seniority and the appointed house member with the most seniority serve together as co-presiding officers of the advisory group.

(f) A member of the advisory group is not entitled to receive compensation for service on the advisory group but is entitled to reimbursement of the travel expenses incurred by the member while conducting the business of the advisory group, as provided by the General Appropriations Act.

(g) The advisory group may accept gifts and grants from any source to be used to carry out a function of the advisory group.

(h) The commission shall provide staff support for the advisory group.

(i) The advisory group shall conduct public hearings and study public policy implications for balancing the demands on the water resources of the state resulting from a growing population with the requirements of the riverine, bay, and estuary systems including granting permits for instream flows dedicated to environmental needs or bay and estuary inflows, use of the Texas Water Trust, and any

other issues that the advisory group determines have importance and relevance to the protection of environmental flows. In evaluating the options for providing adequate environmental flows, the advisory group shall take notice of the strong public policy imperative that exists in this state recognizing that environmental flows are important to the biological health of our public and private lands, streams and rivers, and bay and estuary systems and are high priorities in the water management process. The advisory group shall specifically address:

(1) ways that the ecological soundness of those systems will be ensured in the water rights administration and enforcement and water allocation processes; and

(2) appropriate methods to encourage persons voluntarily to convert reasonable amounts of existing water rights to use for environmental flow protection temporarily or permanently.

(j) The advisory group may adopt rules, procedures, and policies as needed to administer this section, to implement its responsibilities, and to exercise its authority under Sections 11.02361 and 11.02362.

(k) Chapter 2110, Government Code, does not apply to the size, composition, or duration of the advisory group.

(l) Not later than December 1, 2008, and every two years thereafter, the advisory group shall issue and promptly deliver to the governor, lieutenant governor, and speaker of the house of representatives copies of a report summarizing:

- (1) any hearings conducted by the advisory group;
- (2) any studies conducted by the advisory group;
- (3) any legislation proposed by the advisory group;
- (4) progress made in implementing Sections 11.02361 and 11.02362; and

(5) any other findings and recommendations of the advisory group.

(m) The advisory group is abolished on the date that the commission has adopted environmental flow standards under Section 11.1471 for all of the river basin and bay systems in this state.

Added by Acts 2007, 80th Leg., R.S., Ch. 1351 (H.B. 3), Sec. 1.07, eff. September 1, 2007.

Added by Acts 2007, 80th Leg., R.S., Ch. 1430 (S.B. 3), Sec. 1.07, eff. September 1, 2007.

Sec. 11.02361. TEXAS ENVIRONMENTAL FLOWS SCIENCE ADVISORY COMMITTEE. (a) The Texas environmental flows science advisory committee consists of at least five but not more than nine members appointed by the advisory group.

(b) The advisory group shall appoint to the science advisory committee persons who will provide an objective perspective and diverse technical expertise, including expertise in hydrology, hydraulics, water resources, aquatic and terrestrial biology, geomorphology, geology, water quality, computer modeling, and other technical areas pertinent to the evaluation of environmental flows.

(c) Members of the science advisory committee serve five-year terms expiring March 1. A vacancy on the science advisory committee is filled by appointment by the co-presiding officers of the advisory group for the unexpired term.

(d) Chapter 2110, Government Code, does not apply to the size, composition, or duration of the science advisory committee.

(e) The science advisory committee shall:

(1) serve as an objective scientific body to advise and make recommendations to the advisory group on issues relating to the science of environmental flow protection; and

(2) develop recommendations to help provide overall direction, coordination, and consistency relating to:

(A) environmental flow methodologies for bay and estuary studies and instream flow studies;

(B) environmental flow programs at the commission, the Parks and Wildlife Department, and the board; and

(C) the work of the basin and bay expert science teams described in Section 11.02362.

(f) To assist the advisory group to assess the extent to which the recommendations of the science advisory committee are considered and implemented, the commission, the Parks and Wildlife Department, and the board shall provide written reports to the advisory group, at intervals determined by the advisory group, that describe:

(1) the actions taken by each agency in response to each recommendation; and

(2) for each recommendation not implemented, the reason it was not implemented.

(g) The science advisory committee is abolished on the date the

advisory group is abolished under Section 11.0236(m).

Added by Acts 2007, 80th Leg., R.S., Ch. 1351 (H.B. 3), Sec. 1.07, eff. September 1, 2007.

Added by Acts 2007, 80th Leg., R.S., Ch. 1430 (S.B. 3), Sec. 1.07, eff. September 1, 2007.

Sec. 11.02362. DEVELOPMENT OF ENVIRONMENTAL FLOW REGIME RECOMMENDATIONS. (a) For the purposes of this section, the advisory group, not later than November 1, 2007, shall define the geographical extent of each river basin and bay system in this state for the sole purpose of developing environmental flow regime recommendations under this section and adoption of environmental flow standards under Section 11.1471.

(b) The advisory group shall give priority in descending order to the following river basin and bay systems of the state for the purpose of developing environmental flow regime recommendations and adopting environmental flow standards:

(1) the river basin and bay system consisting of the Trinity and San Jacinto Rivers and Galveston Bay and the river basin and bay system consisting of the Sabine and Neches Rivers and Sabine Lake Bay;

(2) the river basin and bay system consisting of the Colorado and Lavaca Rivers and Matagorda and Lavaca Bays and the river basin and bay system consisting of the Guadalupe, San Antonio, Mission, and Aransas Rivers and Mission, Copano, Aransas, and San Antonio Bays; and

(3) the river basin and bay system consisting of the Nueces River and Corpus Christi and Baffin Bays, the river basin and bay system consisting of the Rio Grande, the Rio Grande estuary, and the Lower Laguna Madre, and the Brazos River and its associated bay and estuary system.

(c) For the river basin and bay systems listed in Subsection (b)(1):

(1) the advisory group shall appoint the basin and bay area stakeholders committee not later than November 1, 2007;

(2) the basin and bay area stakeholders committee shall establish a basin and bay expert science team not later than March 1, 2008;

(3) the basin and bay expert science team shall finalize environmental flow regime recommendations and submit them to the basin and bay area stakeholders committee, the advisory group, and the commission not later than March 1, 2009, except that at the request of the basin and bay area stakeholders committee for good cause shown, the advisory group may extend the deadline provided by this subdivision;

(4) the basin and bay area stakeholders committee shall submit to the commission its comments on and recommendations regarding the basin and bay expert science team's recommended environmental flow regime not later than September 1, 2009; and

(5) the commission shall adopt the environmental flow standards as provided by Section 11.1471 not later than September 1, 2010.

(d) The advisory group shall appoint the basin and bay area stakeholders committees for the river basin and bay systems listed in Subsection (b)(2) not later than September 1, 2008, and shall appoint the basin and bay area stakeholders committees for the river basin and bay systems listed in Subsection (b)(3) not later than September 1, 2009. The advisory group shall establish a schedule for the performance of the tasks listed in Subsections (c)(2) through (5) with regard to the river basin and bay systems listed in Subsections (b)(2) and (3) that will result in the adoption of environmental flow standards for that river basin and bay system by the commission as soon as is reasonably possible. Each basin and bay area stakeholders committee and basin and bay expert science team for a river basin and bay system listed in Subsection (b)(2) or (3) shall make recommendations to the advisory group with regard to the schedule applicable to that river basin and bay system. The advisory group shall consider the recommendations of the basin and bay area stakeholders committee and basin and bay expert science team as well as coordinate with, and give appropriate consideration to the recommendations of, the commission, the Parks and Wildlife Department, and the board in establishing the schedule.

(e) For a river basin and bay system or a river basin that does not have an associated bay system in this state not listed in Subsection (b), the advisory group shall establish a schedule for the development of environmental flow regime recommendations and the adoption of environmental flow standards. The advisory group shall develop the schedule in consultation with the commission, the Parks

and Wildlife Department, the board, and the pertinent basin and bay area stakeholders committee and basin and bay expert science team. The advisory group may, on its own initiative or on request, modify a schedule established under this subsection to be more responsive to particular circumstances, local desires, changing conditions, or time-sensitive conflicts. This subsection does not prohibit, in a river basin and bay system for which the advisory group has not yet established a schedule for the development of environmental flow regime recommendations and the adoption of environmental flow standards, an effort to develop information on environmental flow needs and ways in which those needs can be met by a voluntary consensus-building process.

(f) The advisory group shall appoint a basin and bay area stakeholders committee for each river basin and bay system in this state for which a schedule for the development of environmental flow regime recommendations and the adoption of environmental flow standards is specified by or established under Subsection (c), (d), or (e). Chapter 2110, Government Code, does not apply to the size, composition, or duration of a basin and bay area stakeholders committee. Each committee must consist of at least 17 members. The membership of each committee must:

(1) reflect a fair and equitable balance of interest groups concerned with the particular river basin and bay system for which the committee is established; and

(2) be representative of appropriate stakeholders, including the following if they have a presence in the particular river basin and bay system for which the committee is established:

(A) agricultural water users, including representatives of each of the following sectors:

(i) agricultural irrigation;

(ii) free-range livestock; and

(iii) concentrated animal feeding operation;

(B) recreational water users, including coastal recreational anglers and businesses supporting water recreation;

(C) municipalities;

(D) soil and water conservation districts;

(E) industrial water users, including representatives of each of the following sectors:

(i) refining;

(ii) chemical manufacturing;

- (iii) electricity generation; and
- (iv) production of paper products or timber;
- (F) commercial fishermen;
- (G) public interest groups;
- (H) regional water planning groups;
- (I) groundwater conservation districts;
- (J) river authorities and other conservation and reclamation districts with jurisdiction over surface water; and
- (K) environmental interests.

(g) Members of a basin and bay area stakeholders committee serve five-year terms expiring March 1. If a vacancy occurs on a committee, the remaining members of the committee by majority vote shall appoint a member to serve the remainder of the unexpired term.

(h) Meetings of a basin and bay area stakeholders committee must be open to the public.

(i) Each basin and bay area stakeholders committee shall establish a basin and bay expert science team for the river basin and bay system for which the committee is established. The basin and bay expert science team must be established not later than six months after the date the basin and bay area stakeholders committee is established. Chapter 2110, Government Code, does not apply to the size, composition, or duration of a basin and bay expert science team. Each basin and bay expert science team must be composed of technical experts with special expertise regarding the river basin and bay system or regarding the development of environmental flow regimes. A person may serve as a member of more than one basin and bay expert science team at the same time.

(j) The members of a basin and bay expert science team serve five-year terms expiring April 1. A vacancy on a basin and bay expert science team is filled by appointment by the pertinent basin and bay area stakeholders committee to serve the remainder of the unexpired term.

(k) The science advisory committee shall appoint one of its members to serve as a liaison to each basin and bay expert science team to facilitate coordination and consistency in environmental flow activities throughout the state. The commission, the Parks and Wildlife Department, and the board shall provide technical assistance to each basin and bay expert science team, including information about the studies conducted under Sections 16.058 and 16.059, and may serve as nonvoting members of the basin and bay expert science team

to facilitate the development of environmental flow regime recommendations.

(l) Where reasonably practicable, meetings of a basin and bay expert science team must be open to the public.

(m) Each basin and bay expert science team shall develop environmental flow analyses and a recommended environmental flow regime for the river basin and bay system for which the team is established through a collaborative process designed to achieve a consensus. In developing the analyses and recommendations, the science team must consider all reasonably available science, without regard to the need for the water for other uses, and the science team's recommendations must be based solely on the best science available. For the Rio Grande below Fort Quitman, any uses attributable to Mexican water flows must be excluded from environmental flow regime recommendations.

(n) Each basin and bay expert science team shall submit its environmental flow analyses and environmental flow regime recommendations to the pertinent basin and bay area stakeholders committee, the advisory group, and the commission in accordance with the applicable schedule specified by or established under Subsection (c), (d), or (e). The basin and bay area stakeholders committee and the advisory group may not change the environmental flow analyses or environmental flow regime recommendations of the basin and bay expert science team.

(o) Each basin and bay area stakeholders committee shall review the environmental flow analyses and environmental flow regime recommendations submitted by the committee's basin and bay expert science team and shall consider them in conjunction with other factors, including the present and future needs for water for other uses related to water supply planning in the pertinent river basin and bay system. For the Rio Grande, the basin and bay area stakeholders committee shall also consider the water accounting requirements for any international water sharing treaty, minutes, and agreement applicable to the Rio Grande and the effects on allocation of water by the Rio Grande watermaster in the middle and lower Rio Grande. The Rio Grande basin and bay expert science team may not recommend any environmental flow regime that would result in a violation of a treaty or court decision. The basin and bay area stakeholders committee shall develop recommendations regarding environmental flow standards and strategies to meet the environmental

flow standards and submit those recommendations to the commission and to the advisory group in accordance with the applicable schedule specified by or established under Subsection (c), (d), or (e). In developing its recommendations, the basin and bay area stakeholders committee shall operate on a consensus basis to the maximum extent possible.

(p) In recognition of the importance of adaptive management, after submitting its recommendations regarding environmental flow standards and strategies to meet the environmental flow standards to the commission, each basin and bay area stakeholders committee, with the assistance of the pertinent basin and bay expert science team, shall prepare and submit for approval by the advisory group a work plan. The work plan must:

(1) establish a periodic review of the basin and bay environmental flow analyses and environmental flow regime recommendations, environmental flow standards, and strategies, to occur at least once every 10 years;

(2) prescribe specific monitoring, studies, and activities; and

(3) establish a schedule for continuing the validation or refinement of the basin and bay environmental flow analyses and environmental flow regime recommendations, the environmental flow standards adopted by the commission, and the strategies to achieve those standards.

(q) In accordance with the applicable schedule specified by or established under Subsection (c), (d), or (e), the advisory group, with input from the science advisory committee, shall review the environmental flow analyses and environmental flow regime recommendations submitted by each basin and bay expert science team. If appropriate, the advisory group shall submit comments on the analyses and recommendations to the commission for use by the commission in adopting rules under Section 11.1471. Comments must be submitted not later than six months after the date of receipt of the analyses and recommendations.

(r) Notwithstanding the other provisions of this section, in the event the commission, by permit or order, has established an estuary advisory council with specific duties related to implementation of permit conditions for environmental flows, that council may continue in full force and effect and shall act as and perform the duties of the basin and bay area stakeholders committee

under this section. The estuary advisory council shall add members from stakeholder groups and from appropriate science and technical groups, if necessary, to fully meet the criteria for membership established in Subsection (f) and shall operate under the provisions of this section.

(s) Each basin and bay area stakeholders committee and basin and bay expert science team is abolished on the date the advisory group is abolished under Section 11.0236(m).

Added by Acts 2007, 80th Leg., R.S., Ch. 1351 (H.B. 3), Sec. 1.07, eff. September 1, 2007.

Added by Acts 2007, 80th Leg., R.S., Ch. 1430 (S.B. 3), Sec. 1.07, eff. September 1, 2007.

Sec. 11.0237. WATER RIGHTS FOR INSTREAM FLOWS DEDICATED TO ENVIRONMENTAL NEEDS OR BAY AND ESTUARY INFLOWS. (a) The commission may not issue a new permit for instream flows dedicated to environmental needs or bay and estuary inflows. The commission may approve an application to amend an existing permit or certificate of adjudication to change the use to or add a use for instream flows dedicated to environmental needs or bay and estuary inflows.

(b) This section does not alter the commission's obligations under Section 11.042(a-1), (b), or (c), 11.046(b), 11.085(k)(2)(F), 11.134(b)(3)(D), 11.147, 11.1471, 11.1491, 11.150, 11.152, 16.058, or 16.059.

Added by Acts 2007, 80th Leg., R.S., Ch. 1351 (H.B. 3), Sec. 1.07, eff. September 1, 2007.

Added by Acts 2007, 80th Leg., R.S., Ch. 1430 (S.B. 3), Sec. 1.07, eff. September 1, 2007.

Amended by:

Acts 2009, 81st Leg., R.S., Ch. 1016 (H.B. 4231), Sec. 1, eff. June 19, 2009.

Sec. 11.024. APPROPRIATION: PREFERENCES. In order to conserve and properly utilize state water, the public welfare requires not only recognition of beneficial uses but also a constructive public policy regarding the preferences between these uses, and it is therefore declared to be the public policy of this state that in

appropriating state water preference shall be given to the following uses in the order named:

(1) domestic and municipal uses, including water for sustaining human life and the life of domestic animals, it being the public policy of the state and for the benefit of the greatest number of people that in the appropriation of water as herein defined, the appropriation of water for domestic and municipal uses shall be and remain superior to the rights of the state to appropriate the same for all other purposes;

(2) agricultural uses and industrial uses, which means processes designed to convert materials of a lower order of value into forms having greater usability and commercial value, including the development of power by means other than hydroelectric;

(3) mining and recovery of minerals;

(4) hydroelectric power;

(5) navigation;

(6) recreation and pleasure; and

(7) other beneficial uses.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1983, 68th Leg., p. 5460, ch. 1026, Sec. 1, eff. Aug. 29, 1983; Acts 2001, 77th Leg., ch. 966, Sec. 2.03, eff. Sept. 1, 2001.

Sec. 11.025. SCOPE OF APPROPRIATIVE RIGHT. A right to use state water under a permit or a certified filing is limited not only to the amount specifically appropriated but also to the amount which is being or can be beneficially used for the purposes specified in the appropriation, and all water not so used is considered not appropriated.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.026. PERFECTION OF AN APPROPRIATION. No right to appropriate water is perfected unless the water has been beneficially used for a purpose stated in the original declaration of intention to appropriate water or stated in a permit issued by the commission or one of its predecessors.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.027. RIGHTS BETWEEN APPROPRIATORS. As between appropriators, the first in time is the first in right.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.0275. FAIR MARKET VALUE. Whenever the law requires the payment of fair market value for a water right, fair market value shall be determined by the amount of money that a willing buyer would pay a willing seller, neither of which is under any compulsion to buy or sell, for the water in an arms-length transaction and shall not be limited to the amount of money that the owner of the water right has paid or is paying for the water.

Added by Acts 1997, 75th Leg., ch. 1010, Sec. 2.04, eff. Sept. 1, 1997.

Sec. 11.029. TITLE TO APPROPRIATION BY LIMITATION. When an appropriator from a source of water supply has used water under the terms of a certified filing or a permit for a period of three years, he acquires title to his appropriation by limitation against any other claimant of water from the same source of water supply and against any riparian owner on the same source of water supply.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.030. FORFEITURE OF APPROPRIATION. If any lawful appropriation or use of state water is wilfully abandoned during any three successive years, the right to use the water is forfeited and the water is again subject to appropriation.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.031. ANNUAL REPORT. (a) Not later than March 1 of each year, each person who has a water right issued by the commission or who impounded, diverted, or otherwise used state water during the preceding calendar year shall submit a written report to the commission on a form prescribed by the commission. The report shall contain all information required by the commission to aid in administering the water law and in making inventory of the state's water resources. However, with the exception of those persons who hold water rights, no report is required of persons who take water solely for domestic or livestock purposes.

(b) A person who fails to file an annual report with the commission as required by Subsection (a) or fails to timely comply with a request by the commission to make information available under Subsection (d) is liable for a penalty for each day the person fails to file the statement or comply with the request after the applicable deadline in an amount not to exceed:

(1) \$100 per day if the person is the holder of a water right authorizing the appropriation of 5,000 acre-feet or less per year; or

(2) \$500 per day if the person is the holder of a water right authorizing the appropriation of more than 5,000 acre-feet per year.

(b-1) The state may sue to recover a penalty under Subsection (b).

(c) The commission may waive the requirements of Subsection (a) of this section for a person who has a water right or uses state water in an area of the state where watermaster operations are established.

(d) Each person who has a water right issued by the commission or who impounds, diverts, or otherwise uses state water shall maintain water use information required under Subsection (a) on a monthly basis during the months a water rights holder uses permitted water. The person shall make the information available to the commission on the commission's request. The executive director shall establish a reasonable deadline by which a person must make available information requested by the commission under this subsection.

(e) Except as provided by Subsection (a), the commission may request information maintained under Subsection (d) only during a

drought or other emergency shortage of water or in response to a complaint.

(f) Subsection (e) does not affect the authority of a watermaster to obtain water use information under other law.

(g) The commission shall establish a process by which a report required under Subsection (a) may be submitted electronically through the Internet.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.003, eff. Sept. 1, 1985; Acts 1989, 71st Leg., ch. 427, Sec. 1, 2, eff. Sept. 1, 1989.

Amended by:

Acts 2011, 82nd Leg., R.S., Ch. 1021 (H.B. 2694), Sec. 5.02, eff. September 1, 2011.

Acts 2013, 83rd Leg., R.S., Ch. 1020 (H.B. 2615), Sec. 1, eff. September 1, 2013.

Sec. 11.032. RECORDS. (a) A person who owns and operates a system of waterworks used for a purpose authorized by this code shall keep a detailed record of daily operations so that the quantity of water taken or diverted each calendar year can be determined.

(b) If the water is used for irrigation, the record must show the number of acres irrigated, the character of the crops grown, and the yield per acre. No survey is required to determine the exact number of acres irrigated.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.033. EMINENT DOMAIN. The right to take water necessary for domestic and municipal supply purposes is primary and fundamental, and the right to recover from other uses water which is essential to domestic and municipal supply purposes is paramount and unquestioned in the policy of the state. All political subdivisions of the state and constitutional governmental agencies exercising delegated legislative powers have the power of eminent domain to be exercised as provided by law for domestic, municipal, and manufacturing uses and for other purposes authorized by this code, including the irrigation of land for all requirements of agricultural

employment.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.034. RESERVOIR SITE: LAND AND RIGHTS-OF-WAY. An appropriator who is authorized to construct a dam or reservoir is granted the right-of-way, not to exceed 100 feet wide, and the necessary area for the site, over any public school land, university land, or asylum land of this state and the use of the rock, gravel, and timber on the site and right-of-way for construction purposes, after paying compensation as determined by the commission. An appropriator may acquire the reservoir site and rights-of-way over private land by contract.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.035. CONDEMNATION OF PRIVATE PROPERTY. (a) An appropriator may obtain rights-of-way over private land and may obtain the land necessary for pumping plants, intakes, headgates, and storage reservoirs by condemnation.

(b) The party obtaining private property by condemnation shall cause damages to be assessed and paid for as provided by the statutes of this state relating to eminent domain.

(c) If the party exercising the power granted by this section is not a corporation, district, city, or town, he shall apply to the commission for the condemnation.

(d) The executive director shall have the proposed condemnation investigated. After the investigation, the commission may give notice to the party owning the land proposed to be condemned and hold a hearing on the proposed condemnation.

(e) If after a hearing the commission determines that the condemnation is necessary, the executive director may institute condemnation proceedings in the name of the State of Texas for the use and benefit of the party who applied for the condemnation and all others similarly situated.

(f) The parties at whose instance a condemnation suit is instituted shall pay the costs of the suit and condemnation in

proportion to the benefits received by each party as fixed by the commission. Before using any of the condemned rights or property, a party receiving the rights or property shall pay the amount of costs fixed by the commission.

(g) If, after the costs of the condemnation proceedings have been paid, a party seeks to take the benefits of the condemnation proceedings, he shall apply to the commission for the benefits. The commission may grant the application and fix the fees and charges to be paid by the applicant.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.004, eff. Sept. 1, 1985.

Sec. 11.036. CONSERVED OR STORED WATER: SUPPLY CONTRACT. (a) A person, association of persons, corporation, or water improvement or irrigation district having in possession and control any storm water, floodwater, or rainwater that is conserved or stored as authorized by this chapter may contract to supply the water to any person, association of persons, corporation, or water improvement or irrigation district having the right to acquire use of the water.

(b) The price and terms of the contract shall be just and reasonable and without discrimination, and the contract is subject to the same revision and control as provided in this code for other water rates and charges. If the contract sets forth explicit expiration provisions, no continuation of the service obligation will be implied.

(c) The terms of a contract may expressly provide that the person using the stored or conserved water is required to develop alternative or replacement supplies prior to the expiration of the contract and may further provide for enforcement of such terms by court order.

(d) If any person uses the stored or conserved water without first entering into a contract with the party that conserved or stored it, the user shall pay for the use at a rate determined by the commission to be just and reasonable, subject to court review as in other cases.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1997, 75th Leg., ch. 1010, Sec. 2.05, eff. Sept. 1,

1997.

Sec. 11.037. WATER SUPPLIERS: RULES AND REGULATIONS. (a) Every person, association of persons, corporation, or irrigation district conserving or supplying water for any of the purposes authorized by this chapter shall make and publish reasonable rules and regulations relating to:

- (1) the method of supply;
- (2) the use and distribution of the water; and
- (3) the procedure for applying for the water and for paying

for it.

(b) Each person, association of persons, corporation, and district authorized by law to carry out irrigation powers that is conserving or supplying water for any of the purposes authorized by this chapter may make and publish reasonable rules relating to water conservation, as defined by Subdivision (8)(B), Section 11.002, of this code.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 133, Sec. 1.10.

Sec. 11.038. RIGHTS OF OWNERS OF LAND ADJOINING CANAL, ETC.

(a) A person who owns or holds a possessory interest in land adjoining or contiguous to a canal, ditch, flume, lateral, dam, reservoir, or lake constructed and maintained under the provisions of this chapter and who has secured a right to the use of water in the canal, ditch, flume, lateral, dam, reservoir, or lake is entitled to be supplied from the canal, ditch, flume, lateral, dam, reservoir, or lake with water for agricultural uses, mining, milling, manufacturing, development of power, and stock raising, in accordance with the terms of the person's contract.

(b) If the person, association of persons, or corporation owning or controlling the water and the person who owns or holds a possessory interest in the adjoining land cannot agree on a price for a permanent water right or for the use of enough water for irrigation of the person's land or for agricultural uses, mining, milling, manufacturing, development of power, or stock raising, then the party owning or controlling the water, if the person has any water not

contracted to others, shall furnish the water necessary for these purposes at reasonable and nondiscriminatory prices.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 2001, 77th Leg., ch. 966, Sec. 2.04, eff. Sept. 1, 2001.

Sec. 11.039. DISTRIBUTION OF WATER DURING SHORTAGE. (a) If a shortage of water in a water supply not covered by a water conservation plan prepared in compliance with Texas Natural Resource Conservation Commission or Texas Water Development Board rules results from drought, accident, or other cause, the water to be distributed shall be divided among all customers pro rata, according to the amount each may be entitled to, so that preference is given to no one and everyone suffers alike.

(b) If a shortage of water in a water supply covered by a water conservation plan prepared in compliance with Texas Natural Resource Conservation Commission or Texas Water Development Board rules results from drought, accident, or other cause, the person, association of persons, or corporation owning or controlling the water shall divide the water to be distributed among all customers pro rata, according to:

(1) the amount of water to which each customer may be entitled; or

(2) the amount of water to which each customer may be entitled, less the amount of water the customer would have saved if the customer had operated its water system in compliance with the water conservation plan.

(c) Nothing in Subsection (a) or (b) precludes the person, association of persons, or corporation owning or controlling the water from supplying water to a person who has a prior vested right to the water under the laws of this state.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 2001, 77th Leg., ch. 1126, Sec. 1, eff. June 15, 2001.

Sec. 11.040. PERMANENT WATER RIGHT. (a) A permanent water right is an easement and passes with the title to land.

(b) A written instrument conveying a permanent water right may

be recorded in the same manner as any other instrument relating to a conveyance of land.

(c) The owner of a permanent water right is entitled to use water according to the terms of his contract. If there is no contract, the owner is entitled to use water at a just, reasonable, and nondiscriminatory price.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.041. DENIAL OF WATER: COMPLAINT. (a) Any person entitled to receive or use water from any canal, ditch, flume, lateral, dam, reservoir, or lake or from any conserved or stored supply may present to the commission a written petition showing:

(1) that he is entitled to receive or use the water;

(2) that he is willing and able to pay a just and reasonable price for the water;

(3) that the party owning or controlling the water supply has water not contracted to others and available for the petitioner's use; and

(4) that the party owning or controlling the water supply fails or refuses to supply the available water to the petitioner, or that the price or rental demanded for the available water is not reasonable and just or is discriminatory.

(b) If the petition is accompanied by a deposit of \$25, the executive director shall have a preliminary investigation of the complaint made and determine whether or not there are probable grounds for the complaint.

(c) If, after preliminary investigation, the executive director determines that probable grounds exist for the complaint, the commission shall enter an order setting a time and place for a hearing on the petition.

(d) The commission may require the complainant to make an additional deposit or execute a bond satisfactory to the commission in an amount fixed by the commission conditioned on the payment of all costs of the proceeding.

(e) At least 20 days before the date set for the hearing, the commission shall transmit by registered mail a certified copy of the petition and a certified copy of the hearing order to the person

against whom the complaint is made.

(f) The commission shall hold a hearing on the complaint at the time and place stated in the order. It may hear evidence orally or by affidavit in support of or against the complaint, and it may hear arguments. The utility commission may participate in the hearing if necessary to present evidence on the price or rental demanded for the available water. On completion of the hearing, the commission shall render a written decision.

(g) If, after the preliminary investigation, the executive director determines that no probable grounds exist for the complaint, the executive director shall dismiss the complaint. The commission may either return the deposit or pay it into the State Treasury.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.005, eff. Sept. 1, 1985.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 170 (H.B. 1600), Sec. 2.06, eff. September 1, 2013.

Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 6, eff. September 1, 2013.

Sec. 11.042. DELIVERING WATER DOWN BANKS AND BEDS. (a) Under rules prescribed by the commission, a person, association of persons, corporation, water control and improvement district, water improvement district, or irrigation district supplying stored or conserved water under contract as provided in this chapter may use the bank and bed of any flowing natural stream in the state to convey the water from the place of storage to the place of use or to the diversion point of the appropriator.

(a-1) With prior authorization granted under rules prescribed by the commission, a person, association of persons, corporation, water control and improvement district, water improvement district, or irrigation district supplying water imported from a source located wholly outside the boundaries of this state, except water imported from a source located in the United Mexican States, may use the bed and banks of any flowing natural stream in the state to convey water for use in this state. The authorization must:

(1) allow for the diversion of only the amount of water put

into a watercourse or stream, less carriage losses; and

(2) include special conditions adequate to prevent a significant impact to the quality of water in this state.

(b) A person who wishes to discharge and then subsequently divert and reuse the person's existing return flows derived from privately owned groundwater must obtain prior authorization from the commission for the diversion and the reuse of these return flows. The authorization may allow for the diversion and reuse by the discharger of existing return flows, less carriage losses, and shall be subject to special conditions if necessary to protect an existing water right that was granted based on the use or availability of these return flows. Special conditions may also be provided to help maintain instream uses and freshwater inflows to bays and estuaries. A person wishing to divert and reuse future increases of return flows derived from privately owned groundwater must obtain authorization to reuse increases in return flows before the increase.

(c) Except as otherwise provided in Subsection (a) of this section, a person who wishes to convey and subsequently divert water in a watercourse or stream must obtain the prior approval of the commission through a bed and banks authorization. The authorization shall allow to be diverted only the amount of water put into a watercourse or stream, less carriage losses and subject to any special conditions that may address the impact of the discharge, conveyance, and diversion on existing permits, certified filings, or certificates of adjudication, instream uses, and freshwater inflows to bays and estuaries. Water discharged into a watercourse or stream under this chapter shall not cause a degradation of water quality to the extent that the stream segment's classification would be lowered. Authorizations under this section and water quality authorizations may be approved in a consolidated permit proceeding.

(d) Nothing in this section shall be construed to affect an existing project for which water rights and reuse authorizations have been granted by the commission before September 1, 1997.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.006, eff. Sept. 1, 1985; Acts 1997, 75th Leg., ch. 1010, Sec. 2.06, eff. Sept. 1, 1997.  
Amended by:

Acts 2009, 81st Leg., R.S., Ch. 1016 (H.B. [4231](#)), Sec. 2, eff. June 19, 2009.

Sec. 11.043. RECORDATION OF CONVEYANCE OF IRRIGATION WORK. (a) A conveyance of a ditch, canal, or reservoir or other irrigation work or an interest in such an irrigation work must be executed and acknowledged in the same manner as a conveyance of real estate. Such a conveyance must be recorded in the deed records of the county in which the ditch, canal, or reservoir is located.

(b) If a conveyance of property covered by Subsection (a) of this section is not made in the prescribed manner, it is null and void against subsequent purchasers in good faith and for valuable consideration.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.044. ROADS AND HIGHWAYS. (a) An appropriator has the right to construct ditches, canals, or pipelines along or across all roads and highways necessary for the construction of waterworks. Bridges, culverts, or siphons shall be constructed at all road and highway crossings as necessary to prevent any impairment of the uses of the road or highway. Approval of the construction plans and specifications shall be obtained from the owner of the road or highway prior to the installation of conveyance facilities.

(b) If any public road, highway, or public bridge is located on the ground necessary for a damsite, reservoir, or lake, the commissioners court shall change the road and remove the bridge so that it does not interfere with the construction of the proposed dam, reservoir, or lake. The party desiring to construct the dam, reservoir, or lake shall pay the expense of moving the bridge or roadway.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1981, 67th Leg., p. 939, ch. 353, Sec. 1, eff. Aug. 31, 1981.

Sec. 11.045. DITCHES AND CANALS. An appropriator is entitled to construct ditches and canals along or across any stream of water.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.046. RETURN SURPLUS WATER. (a) A person who takes or diverts water from a watercourse or stream for the purposes authorized by this code shall conduct surplus water back to the watercourse or stream from which it was taken if the water can be returned by gravity flow and it is reasonably practicable to do so.

(b) In granting an application for a water right, the commission may include conditions in the water right providing for the return of surplus water, in a specific amount or percentage of water diverted, and the return point on a watercourse or stream as necessary to protect senior downstream permits, certified filings, or certificates of adjudication or to provide flows for instream uses or bays and estuaries.

(c) Except as specifically provided otherwise in the water right, water appropriated under a permit, certified filing, or certificate of adjudication may, prior to its release into a watercourse or stream, be beneficially used and reused by the holder of a permit, certified filing, or certificate of adjudication for the purposes and locations of use provided in the permit, certified filing, or certificate of adjudication. Once water has been diverted under a permit, certified filing, or certificate of adjudication and then returned to a watercourse or stream, however, it is considered surplus water and therefore subject to reservation for instream uses or beneficial inflows or to appropriation by others unless expressly provided otherwise in the permit, certified filing, or certificate of adjudication.

(d) Water appropriated under a permit, certified filing, or certificate of adjudication which is recirculated within a reservoir for cooling purposes shall not be considered to be surplus for purposes of this chapter.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1997, 75th Leg., ch. 1010, Sec. 2.07, eff. Sept. 1, 1997.

Sec. 11.047. FAILURE TO FENCE. If a person, association of

persons, corporation, or water improvement or irrigation district that owns or controls a ditch, canal, reservoir, dam, or lake does not keep it securely fenced, there is no cause of action against the owner of livestock that trespass.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.048. COST OF MAINTAINING IRRIGATION DITCH. (a) If an irrigation ditch is owned or used by two or more persons, mutual or cooperative companies, or corporations, each party who has an interest in the ditch shall pay his proportionate share of the cost of operating and maintaining the ditch.

(b) If a person who owns a joint interest in a ditch refuses to do or to pay for his proportionate share of the work that is reasonably necessary for the proper maintenance and operation of the ditch, the other owners may, after giving him 10 days written notice, proceed themselves to do his share of the necessary work and recover from him the reasonable expense or value of the work or labor performed. The action for the cost of the work may be brought in any court having jurisdiction over the amount in controversy.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.049. EXAMINATION AND SURVEY. A person may make any necessary examination and survey in order to select the most advantageous sites for a reservoir and rights-of-way to be used for any of the purposes authorized by this chapter, and for this purpose a person may enter the land or water of any other person.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.050. TIDEWATER GATES, ETC. (a) An appropriator authorized to take water for irrigation, subject to the laws of the United States and the regulations made under its authority, may construct gates or breakwaters, dams, or dikes with gates, in waters

wholly in this state, as necessary to prevent pollution of the fresh water of any river, bayou, or stream due to the ebb and flow of the tides of the Gulf of Mexico.

(b) The work shall be done in such a manner that navigation of vessels on the stream is not obstructed, and where any gate is used, the appropriator shall at all times keep a competent person at the gate to allow free navigation.

(c) A dam, dike, or breakwater constructed under this section may not be placed at any point except where Gulf tides ebb and flow and may not be constructed so as to obstruct the flow of fresh water to any appropriator or riparian owner downstream.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.051. IRRIGATION: LIEN ON CROPS. (a) A person who constructs a ditch, canal, dam, lake, or reservoir for the purpose of irrigation and who leases, rents, furnishes, or supplies water to any person for irrigation, with or without a contract, has a preference lien superior to every other lien on the irrigated crops. However, when any irrigation district or conservation and reclamation district obtains a water supply under contract with the United States, the board of directors of the district, by resolution entered in its minutes, with the consent of the secretary of the interior, may waive the preference lien in whole or in part.

(b) To enforce the lien, the lienholder has all the rights and remedies prescribed by Articles 5222 through 5239, Revised Civil Statutes of Texas, 1925.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.052. ACTIVITIES UNDER THE FEDERAL RECLAMATION ACT. The Secretary of the Interior of the United States is authorized to conduct any activities in this state necessary to perform his duties under the federal reclamation act, as amended (43 U.S.C. Section 371 et seq.).

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept.

1, 1977.

Sec. 11.053. EMERGENCY ORDER CONCERNING WATER RIGHTS. (a) During a period of drought or other emergency shortage of water, as defined by commission rule, the executive director by order may, in accordance with the priority of water rights established by Section 11.027:

(1) temporarily suspend the right of any person who holds a water right to use the water; and

(2) temporarily adjust the diversions of water by water rights holders.

(b) The executive director in ordering a suspension or adjustment under this section shall ensure that an action taken:

(1) maximizes the beneficial use of water;

(2) minimizes the impact on water rights holders;

(3) prevents the waste of water;

(4) takes into consideration the efforts of the affected water rights holders to develop and implement the water conservation plans and drought contingency plans required by this chapter;

(5) to the greatest extent practicable, conforms to the order of preferences established by Section 11.024; and

(6) does not require the release of water that, at the time the order is issued, is lawfully stored in a reservoir under water rights associated with that reservoir.

(c) The commission shall adopt rules to implement this section, including rules:

(1) defining a drought or other emergency shortage of water for purposes of this section; and

(2) specifying the:

(A) conditions under which the executive director may issue an order under this section;

(B) terms of an order issued under this section, including the maximum duration of a temporary suspension or adjustment under this section; and

(C) procedures for notice of, an opportunity for a hearing on, and the appeal to the commission of an order issued under this section.

Added by Acts 2011, 82nd Leg., R.S., Ch. 1021 (H.B. 2694), Sec. 5.03,

eff. September 1, 2011.

**SUBCHAPTER C. UNLAWFUL USE, DIVERSION, WASTE, ETC.**

Sec. 11.081. UNLAWFUL USE OF STATE WATER. No person may wilfully take, divert, or appropriate any state water for any purpose without first complying with all applicable requirements of this chapter.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1997, 75th Leg., ch. 1072, Sec. 3, eff. Sept. 1, 1997.

Sec. 11.082. UNLAWFUL USE: CIVIL PENALTY. (a) A person who wilfully takes, diverts, or appropriates state water without complying with the applicable requirements of this chapter is also liable to a civil penalty of not more than \$5,000 for each day he continues the taking, diversion, or appropriation.

(b) The state may recover the penalties prescribed in Subsection (a) by suit brought for that purpose in a court of competent jurisdiction. The state may seek those penalties regardless of whether a watermaster has been appointed for the water division, river basin, or segment of a river basin where the unlawful use is alleged to have occurred.

(c) An action to collect the penalty provided in this section must be brought within two years from the date of the alleged violation.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1981, 67th Leg., p. 3150, ch. 828, Sec. 1, eff. June 17, 1981; Acts 1997, 75th Leg., ch. 1010, Sec. 3.01, eff. Sept. 1, 1997.

Amended by:

Acts 2007, 80th Leg., R.S., Ch. 1351 (H.B. 3), Sec. 1.08, eff. September 1, 2007.

Acts 2007, 80th Leg., R.S., Ch. 1430 (S.B. 3), Sec. 1.08, eff. September 1, 2007.

Sec. 11.083. OTHER UNLAWFUL TAKING. (a) No person may wilfully open, close, change, or interfere with any headgate or water

box without lawful authority.

(b) No person may wilfully use water or conduct water through his ditch or upon his land unless he is entitled to do so.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1997, 75th Leg., ch. 1072, Sec. 4, eff. Sept. 1, 1997.

Sec. 11.084. SALE OF PERMANENT WATER RIGHT WITHOUT A PERMIT.

No person may sell or offer to sell a permanent water right unless he has perfected a right to appropriate state water by a certified filing, or unless he has obtained a permit from the commission, authorizing the use of the water for the purposes for which the permanent water right is conveyed.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1997, 75th Leg., ch. 1072, Sec. 5, eff. Sept. 1, 1997.

Sec. 11.0841. CIVIL REMEDY. (a) Nothing in this chapter affects the right of any private corporation, individual, or political subdivision that has a justiciable interest in pursuing any available common-law remedy to enforce a right or to prevent or seek redress or compensation for the violation of a right or otherwise redress an injury.

(b) A district court may award the costs of litigation, including reasonable attorney fees and expert costs, to any political subdivision of the state, private corporation, or individual that is a water right holder and that prevails in a suit for injunctive relief to redress an unauthorized diversion, impoundment, or use of surface water in violation of this chapter or a rule adopted pursuant to this chapter.

(c) For purposes of this section, the Parks and Wildlife Department has:

(1) the rights of a holder of a water right that is held in the Texas Water Trust, including the right to file suit in a civil court to prevent the unlawful use of such a right;

(2) the right to act in the same manner that a holder of a water right may act to protect the holder's rights in seeking to prevent any person from appropriating water in violation of a set-aside established by the commission under Section 11.1471 to meet

instream flow needs or freshwater inflow needs; and

(3) the right to file suit in a civil court to prevent the unlawful use of a set-aside established under Section 11.1471.

Added by Acts 1997, 75th Leg., ch. 1010, Sec. 3.02, eff. Sept. 1, 1997.

Amended by:

Acts 2007, 80th Leg., R.S., Ch. 1351 (H.B. 3), Sec. 1.09, eff. September 1, 2007.

Acts 2007, 80th Leg., R.S., Ch. 1430 (S.B. 3), Sec. 1.09, eff. September 1, 2007.

Sec. 11.0842. ADMINISTRATIVE PENALTY. (a) If a person violates this chapter, a rule or order adopted under this chapter or Section 16.236, or a permit, certified filing, or certificate of adjudication issued under this chapter, the commission may assess an administrative penalty against that person as provided by this section. The commission may assess an administrative penalty for a violation relating to a water division or a river basin or segment of a river basin regardless of whether a watermaster has been appointed for the water division or river basin or segment of the river basin.

(b) The penalty may be in an amount not to exceed \$5,000 for each day the person is in violation of this chapter, the rule or order adopted under this chapter, or the permit, certified filing, or certificate of adjudication issued under this chapter. The penalty may be in an amount not to exceed \$1,000 for each day the person is in violation of the rule or order adopted under Section 16.236 of this code. Each day a violation continues may be considered a separate violation for purposes of penalty assessment.

(c) In determining the amount of the penalty, the commission shall consider:

(1) the nature, circumstances, extent, duration, and gravity of the prohibited acts, with special emphasis on the impairment of an existing permit, certified filing, or certificate of adjudication or the hazard or potential hazard created to the health, safety, or welfare of the public;

(2) the impact of the violation on the instream uses, water quality, fish and wildlife habitat, or beneficial freshwater inflows to bays and estuaries;

(3) with respect to the alleged violator:

(A) the history and extent of previous violations;

(B) the degree of culpability, including whether the violation was attributable to mechanical or electrical failures and whether the violation could have been reasonably anticipated and avoided;

(C) demonstrated good faith, including actions taken by the alleged violator to rectify the cause of the violation and to compensate affected persons;

(D) any economic benefit gained through the violation;  
and

(E) the amount necessary to deter future violations;  
and

(4) any other matters that justice may require.

(d) If, after examination of a possible violation and the facts surrounding that possible violation, the executive director concludes that a violation has occurred, the executive director shall issue a preliminary report stating the facts on which that conclusion was based, recommending that an administrative penalty under this section be imposed on the person charged, and recommending the amount of the penalty. The executive director shall base the recommended amount of the proposed penalty on the factors provided by Subsection (c) of this section and shall analyze each factor for the benefit of the commission.

(e) No later than the 10th day after the date on which the report is issued, the executive director shall give written notice of the report to the person charged with the violation. The notice shall include a brief summary of the charges, a statement of the amount of the penalty recommended, and a statement of the right of the person charged to a hearing on the occurrence of the violation, the amount of the penalty, or both the occurrence of the violation and the amount of the penalty.

(f) No later than the 20th day after the date on which notice is received, the person charged may either give to the commission written consent to the executive director's report, including the recommended penalty, or make a written request for a hearing.

(g) If the person charged with the violation consents to the penalty recommended by the executive director or fails to timely respond to the notice, the commission by order shall either assess the penalty or order a hearing to be held on the findings and

recommendations in the executive director's report. If the commission assesses the penalty recommended by the report, the commission shall give written notice of its decision to the person charged.

(h) If the person charged requests or the commission orders a hearing, the commission shall call a hearing and give notice of the hearing. As a result of the hearing, the commission by order either may find that a violation has occurred and may assess a penalty, may find that a violation has occurred but that no penalty should be assessed, or may find that no violation has occurred. All proceedings under this subsection are subject to Chapter 2001, Government Code. In making any penalty decision, the commission shall analyze each of the factors provided by Subsection (c) of this section.

(i) The commission shall give notice of its decision to the person charged, and if the commission finds that a violation has occurred and assesses an administrative penalty, the commission shall give written notice to the person charged of its findings, of the amount of the penalty, and of the person's right to judicial review of the commission's order. If the commission is required to give notice of a penalty under this subsection or Subsection (g) of this section, the commission shall file notice of its decision in the Texas Register not later than the 10th day after the date on which the decision is adopted.

(j) Within the 30-day period immediately following the day on which the commission's order is final, as provided by Subchapter F, Chapter 2001, Government Code, the person charged with the penalty shall:

- (1) pay the penalty in full;
- (2) pay the amount of the penalty and file a petition for judicial review contesting the occurrence of the violation, the amount of the penalty, or both the occurrence of the violation and the amount of the penalty; or
- (3) without paying the amount of the penalty, file a petition for judicial review contesting the occurrence of the violation, the amount of the penalty, or both the occurrence of the violation and the amount of the penalty.

(k) Within the 30-day period, a person who acts under Subsection (j)(3) of this section may:

- (1) stay enforcement of the penalty by:

(A) paying the amount of the penalty to the court for placement in an escrow account; or

(B) giving to the court a supersedeas bond that is approved by the court for the amount of the penalty and that is effective until all judicial review of the commission's order is final; or

(2) request the court to stay enforcement of the penalty by:

(A) filing with the court a sworn affidavit of the person stating that the person is financially unable to pay the amount of the penalty and is financially unable to give the supersedeas bond; and

(B) giving a copy of the affidavit to the commission by certified mail.

(1) If the commission receives a copy of an affidavit under Subsection (k)(2) of this section, it may file with the court within five days after the date the copy is received a contest to the affidavit. The court shall hold a hearing on the facts alleged in the affidavit as soon as practicable and shall stay the enforcement of the penalty on finding that the alleged facts are true. The person who files an affidavit has the burden of proving that the person is financially unable to pay the amount of the penalty and to give a supersedeas bond.

(m) If the person does not pay the amount of the penalty and the enforcement of the penalty is not stayed, the commission may refer the matter to the attorney general for collection of the amount of the penalty.

(n) Judicial review of the order or decision of the commission assessing the penalty shall be under the substantial evidence rule and shall be instituted by filing a petition with a district court in Travis County, as provided by Subchapter G, Chapter 2001, Government Code.

(o) A penalty collected under this section shall be deposited in the state treasury to the credit of the general revenue fund.

(p) Notwithstanding any other provision to the contrary, the commission may compromise, modify, or remit, with or without condition, any penalty imposed under this section.

(q) Payment of an administrative penalty under this section shall be full and complete satisfaction of the violation for which the administrative penalty is assessed and shall preclude any other

civil or criminal penalty for the same violation.

Added by Acts 1997, 75th Leg., ch. 1010, Sec. 3.02, eff. Sept. 1, 1997.

Amended by:

Acts 2007, 80th Leg., R.S., Ch. 1351 (H.B. 3), Sec. 1.10, eff. September 1, 2007.

Acts 2007, 80th Leg., R.S., Ch. 1430 (S.B. 3), Sec. 1.10, eff. September 1, 2007.

Sec. 11.0843. FIELD CITATION. (a) Upon witnessing a violation of this chapter or a rule or order or a water right issued under this chapter, the executive director or a person designated by the executive director, including a watermaster or the watermaster's deputy, may issue the alleged violator a field citation alleging that a violation has occurred and providing the alleged violator the option of either:

(1) without admitting to or denying the alleged violation, paying an administrative penalty in accordance with the predetermined penalty amount established under Subsection (b) and taking remedial action as provided in the citation; or

(2) requesting a hearing on the alleged violation in accordance with Section 11.0842.

(b) By rule the commission shall establish penalty amounts corresponding to types of violations of this chapter or rules or orders adopted or water rights issued under this chapter.

(c) A penalty collected under this section shall be deposited in the state treasury to the credit of the general revenue fund.

Added by Acts 1997, 75th Leg., ch. 1010, Sec. 3.02, eff. Sept. 1, 1997.

Amended by:

Acts 2007, 80th Leg., R.S., Ch. 1351 (H.B. 3), Sec. 1.11, eff. September 1, 2007.

Acts 2007, 80th Leg., R.S., Ch. 1430 (S.B. 3), Sec. 1.11, eff. September 1, 2007.

Sec. 11.085. INTERBASIN TRANSFERS. (a) No person may take or divert any state water from a river basin in this state and transfer

such water to any other river basin without first applying for and receiving a water right or an amendment to a permit, certified filing, or certificate of adjudication from the commission authorizing the transfer.

(b) The application must include:

- (1) the contract price of the water to be transferred;
- (2) a statement of each general category of proposed use of the water to be transferred and a detailed description of the proposed uses and users under each category; and
- (3) the cost of diverting, conveying, distributing, and supplying the water to, and treating the water for, the proposed users.

(c) The applicant shall provide the information described by Subsection (b) of this section to any person on request and without cost.

(d) Prior to taking action on an application for an interbasin transfer, the commission shall conduct at least one public meeting to receive comments in both the basin of origin of the water proposed for transfer and the basin receiving water from the proposed transfer. Notice shall be provided pursuant to Subsection (g) of this section. Any person may present relevant information and data at the meeting on the criteria which the commission is to consider related to the interbasin transfer.

(e) In addition to the public meetings required by Subsection (d), if the application is contested in a manner requiring an evidentiary hearing under the rules of the commission, the commission shall give notice and hold an evidentiary hearing, in accordance with commission rules and applicable state law. An evidentiary hearing on an application to transfer water authorized under an existing water right is limited to considering issues related to the requirements of this section.

(f) Notice of an application for an interbasin transfer shall be mailed to the following:

- (1) all holders of permits, certified filings, or certificates of adjudication located in whole or in part in the basin of origin;
- (2) each county judge of a county located in whole or in part in the basin of origin;
- (3) each mayor of a city with a population of 1,000 or more located in whole or in part in the basin of origin; and

(4) all groundwater conservation districts located in whole or in part in the basin of origin; and

(5) each state legislator in both basins.

(g) The applicant shall cause the notice of application for an interbasin transfer to be published in two different weeks within a 30-day period in one or more newspapers having general circulation in each county located in whole or in part in the basin of origin or the receiving basin. The published notice may not be smaller than 96.8 square centimeters or 15 square inches with the shortest dimension at least 7.6 centimeters or three inches. The notice of application and public meetings shall be combined in the mailed and published notices.

(h) The notice of application must state how a person may obtain the information described by Subsection (b) of this section.

(i) The applicant shall pay the cost of notice required to be provided under this section. The commission by rule may establish procedures for payment of those costs.

(j) In addition to other requirements of this code relating to the review of and action on an application for a new water right or amended permit, certified filing, or certificate of adjudication, the commission shall:

(1) request review and comment on an application for an interbasin transfer from each county judge of a county located in whole or in part in the basin of origin. A county judge should make comment only after seeking advice from the county commissioners court; and

(2) give consideration to the comments of each county judge of a county located in whole or in part in the basin of origin prior to taking action on an application for an interbasin transfer.

(k) In addition to other requirements of this code relating to the review of and action on an application for a new water right or amended permit, certified filing, or certificate of adjudication, the commission shall weigh the effects of the proposed transfer by considering:

(1) the need for the water in the basin of origin and in the proposed receiving basin based on the period for which the water supply is requested, but not to exceed 50 years;

(2) factors identified in the applicable approved regional water plans which address the following:

(A) the availability of feasible and practicable

alternative supplies in the receiving basin to the water proposed for transfer;

(B) the amount and purposes of use in the receiving basin for which water is needed;

(C) proposed methods and efforts by the receiving basin to avoid waste and implement water conservation and drought contingency measures;

(D) proposed methods and efforts by the receiving basin to put the water proposed for transfer to beneficial use;

(E) the projected economic impact that is reasonably expected to occur in each basin as a result of the transfer; and

(F) the projected impacts of the proposed transfer that are reasonably expected to occur on existing water rights, instream uses, water quality, aquatic and riparian habitat, and bays and estuaries that must be assessed under Sections 11.147, 11.150, and 11.152 of this code in each basin. If the water sought to be transferred is currently authorized to be used under an existing permit, certified filing, or certificate of adjudication, such impacts shall only be considered in relation to that portion of the permit, certified filing, or certificate of adjudication proposed for transfer and shall be based on historical uses of the permit, certified filing, or certificate of adjudication for which amendment is sought;

(3) proposed mitigation or compensation, if any, to the basin of origin by the applicant;

(4) the continued need to use the water for the purposes authorized under the existing permit, certified filing, or certificate of adjudication, if an amendment to an existing water right is sought; and

(5) the information required to be submitted by the applicant.

(1) The commission may grant, in whole or in part, an application for an interbasin transfer only to the extent that:

(1) the detriments to the basin of origin during the proposed transfer period are less than the benefits to the receiving basin during the proposed transfer period, as determined by the commission based on consideration of the factors described by Subsection (k); and

(2) the applicant for the interbasin transfer has prepared a drought contingency plan and has developed and implemented a water

conservation plan that will result in the highest practicable levels of water conservation and efficiency achievable within the jurisdiction of the applicant.

(m) The commission may grant new or amended water rights under this section with or without specific terms or periods of use and with specific conditions under which a transfer of water may occur.

(n) If the transfer of water is based on a contractual sale of water, the new water right or amended permit, certified filing, or certificate of adjudication authorizing the transfer shall contain a condition for a term or period not greater than the term of the contract, including any extension or renewal of the contract.

(o) The parties to a contract for an interbasin transfer may include provisions for compensation and mitigation. If the party from the basin of origin is a government entity, each county judge of a county located in whole or in part in the basin of origin may provide input on the appropriate compensation and mitigation for the interbasin transfer.

(p) A river basin may not be redesignated in order to allow a transfer or diversion of water otherwise in violation of this section.

(q) A person who takes or diverts water in violation of this section is guilty of a misdemeanor and upon conviction is punishable by a fine of not more than \$1,000 or by confinement in the county jail for not more than six months.

(r) A person commits a separate offense each day he continues to take or divert water in violation of this section.

(s) Any proposed transfer of all or a portion of a water right under this section is junior in priority to water rights granted before the time application for transfer is accepted for filing.

(t) Any proposed transfer of all or a portion of a water right under this section from a river basin in which two or more river authorities or water districts created under Section 59, Article XVI, Texas Constitution, have written agreements or permits that provide for the coordinated operation of their respective reservoirs to maximize the amount of water for beneficial use within their respective water services areas shall be junior in priority to water rights granted before the time application for transfer is accepted for filing.

(u) An appropriator of water for municipal purposes in the basin of origin may, at the appropriator's option, be a party in any

hearings under this section.

(v) The provisions of this section, except Subsection (a), do not apply to:

(1) a proposed transfer which in combination with any existing transfers totals less than 3,000 acre-feet of water per annum from the same permit, certified filing, or certificate of adjudication;

(2) a request for an emergency transfer of water;

(3) a proposed transfer from a basin to its adjoining coastal basin;

(4) a proposed transfer from the part of the geographic area of a county or municipality, or the part of the retail service area of a retail public utility as defined by Section 13.002, that is within the basin of origin for use in that part of the geographic area of the county or municipality, or that contiguous part of the retail service area of the utility, not within the basin of origin; or

(5) a proposed transfer of water that is:

(A) imported from a source located wholly outside the boundaries of this state, except water that is imported from a source located in the United Mexican States;

(B) for use in this state; and

(C) transported by using the bed and banks of any flowing natural stream located in this state.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1997, 75th Leg., ch. 1010, Sec. 2.08, eff. Sept. 1, 1997; Acts 2001, 77th Leg., ch. 966, Sec. 2.05, eff. Sept. 1, 2001; Acts 2001, 77th Leg., ch. 1234, Sec. 12, eff. Sept. 1, 2001.

Amended by:

Acts 2009, 81st Leg., R.S., Ch. 1016 (H.B. [4231](#)), Sec. 3, eff. June 19, 2009.

Acts 2013, 83rd Leg., R.S., Ch. 1065 (H.B. [3233](#)), Sec. 1, eff. September 1, 2013.

Sec. 11.086. OVERFLOW CAUSED BY DIVERSION OF WATER. (a) No person may divert or impound the natural flow of surface waters in this state, or permit a diversion or impounding by him to continue, in a manner that damages the property of another by the overflow of

the water diverted or impounded.

(b) A person whose property is injured by an overflow of water caused by an unlawful diversion or impounding has remedies at law and in equity and may recover damages occasioned by the overflow.

(c) The prohibition of Subsection (a) of this section does not in any way affect the construction and maintenance of levees and other improvements to control floods, overflows, and freshets in rivers, creeks, and streams or the construction of canals for conveying water for irrigation or other purposes authorized by this code. However, this subsection does not authorize any person to construct a canal, lateral canal, or ditch that obstructs a river, creek, bayou, gully, slough, ditch, or other well-defined natural drainage.

(d) Where gullies or sloughs have cut away or intersected the banks of a river or creek to allow floodwaters from the river or creek to overflow the land nearby, the owner of the flooded land may fill the mouth of the gullies or sloughs up to the height of the adjoining banks of the river or creek without liability to other property owners.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.087. DIVERSION OF WATER ON INTERNATIONAL STREAM. (a) When storm water or floodwater is released from a dam or reservoir on an international stream and the water is designated for use or storage downstream by a specified user who is legally entitled to receive it, no other person may store, divert, appropriate, or use the water or interfere with its passage downstream.

(b) The commission may make and enforce rules and orders to implement the provisions of this section, including rules and orders designed to:

- (1) establish an orderly system for water releases and diversions in order to protect vested rights and to avoid the loss of released water;
- (2) prescribe the time that releases of water may begin and end;
- (3) determine the proportionate quantities of the released water in transit and the water that would have been flowing in the

stream without the addition of the released water;

(4) require each owner or operator of a dam or reservoir on the stream between the point of release and the point of destination to allow free passage of the released water in transit; and

(5) establish other requirements the commission considers necessary to effectuate the purposes of this section.

(c) Orders made by the commission to effectuate its rules under this section shall be mailed by certified mail to each diverter of water and to each reservoir owner on the stream between the point of release and the point of destination of the released water as shown by the records of the commission.

(d) Repealed by Acts 1997, 75th Leg., ch. 1072, Sec. 60(a)(1), eff. Sept. 1, 1997.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.007, eff. Sept. 1, 1985; Acts 1997, 75th Leg., ch. 1072, Sec. 6, 60(a)(1), eff. Sept. 1, 1997.

Sec. 11.0871. TEMPORARY DIVERSION OF WATER ON INTERNATIONAL STREAM. (a) The commission may authorize, under conditions stated in an order, a watermaster to provide for the temporary diversion and use by holders of water rights of storm water or floodwater that spills from dams and reservoirs on an international stream and otherwise would flow into the Gulf of Mexico without opportunity for beneficial use.

(b) In an order made by the commission under this section, the commission may not discriminate between holders of water rights from an international stream except to the extent necessary to protect the holders of water rights from the same source of supply.

(c) The commission shall give notice by mail to holders of water rights from an international stream and shall hold an evidentiary hearing before entry of an order under this section.

Added by Acts 1981, 67th Leg., p. 293, ch. 117, Sec. 1, eff. May 13, 1981.

Sec. 11.088. DESTRUCTION OF WATERWORKS. No person may wilfully cut, dig, break down, destroy, or injure or open a gate, bank,

embankment, or side of any ditch, canal, reservoir, flume, tunnel or feeder, pump or machinery, building, structure, or other work which is the property of another, or in which another owns an interest, or which is lawfully possessed or being used by another, and which is used for milling, mining, manufacturing, the development of power, domestic purposes, agricultural uses, or stock raising, with intent to:

(1) maliciously injure a person, association, corporation, water improvement or irrigation district;

(2) gain advantage for himself; or

(3) take or steal water or cause water to run out or waste out of the ditch, canal, or reservoir, feeder, or flume for his own advantage or to the injury of a person lawfully entitled to the use of the water or the use or management of the ditch, canal, tunnel, reservoir, feeder, flume, machine, structure, or other irrigation work.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1997, 75th Leg., ch. 1072, Sec. 7, eff. Sept. 1, 1997; Acts 2001, 77th Leg., ch. 966, Sec. 2.06, eff. Sept. 1, 2001.

Sec. 11.089. JOHNSON GRASS OR RUSSIAN THISTLE. (a) No person who owns, leases, or operates a ditch, canal, or reservoir or who cultivates land abutting a reservoir, ditch, flume, canal, wasteway, or lateral may permit Johnson grass or Russian thistle to go to seed on the waterway within 10 feet of the high-water line if the waterway crosses or lies on the land owned or controlled by him.

(b) The provisions of this section are not applicable in Tom Green, Sterling, Irion, Schleicher, McCullough, Brewster, Menard, Maverick, Kinney, Val Verde, and San Saba counties.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1997, 75th Leg., ch. 1072, Sec. 8, eff. Sept. 1, 1997.

Sec. 11.090. POLLUTING AND LITTERING. No person may deposit in any canal, lateral, reservoir, or lake, used for a purpose named in this chapter, the carcass of any dead animal, tin cans, discarded buckets or pails, garbage, ashes, bailing or barbed wire, earth, offal, or refuse of any character or any other article which might

pollute the water or obstruct the flow of a canal or similar structure.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1997, 75th Leg., ch. 1072, Sec. 9, eff. Sept. 1, 1997.

Sec. 11.091. INTERFERENCE WITH DELIVERY OF WATER UNDER CONTRACT. No person may wilfully take, divert, appropriate, or interfere with the delivery of conserved or stored water under Section 11.042 of this code.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1997, 75th Leg., ch. 1072, Sec. 10, eff. Sept. 1, 1997.

Sec. 11.092. WASTEFUL USE OF WATER. A person who owns or has a possessory right to land contiguous to a canal or irrigation system and who acquires the right by contract to use the water from it commits waste if he:

(1) permits the excessive or wasteful use of water by any of his agents or employees; or

(2) permits the water to be applied to anything but a beneficial use.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.093. ABATEMENT OF WASTE AS PUBLIC NUISANCE. (a) A person who permits an unreasonable loss of water through faulty design or negligent operation of any waterworks using water for a purpose named in this chapter commits waste, and the commission may declare the works causing the waste to be a public nuisance. The commission may take the necessary action to abate the nuisance. Also, any person who may be injured by the waste may sue in the district court having jurisdiction over the works causing the waste to have the operation of the works abated as a public nuisance.

(b) In case of a wasteful use of water defined by Section 11.092 of this code, the commission shall declare the use to be a

public nuisance and shall act to abate the nuisance by directing the person supplying the water to close the water gates of the person wasting the water and to keep them closed until the commission determines that the unlawful use of water is corrected.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.094. PENALTY FOR USE OF WORKS DECLARED PUBLIC NUISANCE. No person may operate or attempt to operate any waterworks or irrigation system or use any water under contract with any waterworks or irrigation system that has been previously declared to be a public nuisance.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1997, 75th Leg., ch. 1072, Sec. 11, eff. Sept. 1, 1997.

Sec. 11.096. OBSTRUCTION OF NAVIGABLE STREAMS. No person may obstruct the navigation of any stream which can be navigated by steamboats, keelboats, or flatboats by cutting and felling trees or by building on or across the stream any dike, milldam, bridge, or other obstruction.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1997, 75th Leg., ch. 1072, Sec. 12, eff. Sept. 1, 1997.

Sec. 11.097. REMOVAL OF OBSTRUCTIONS FROM NAVIGABLE STREAMS.

(a) On its own motion or on written request from a commissioners court, the commission shall investigate a reported natural obstruction in a navigable stream caused by the accumulation of limbs, logs, leaves, other tree parts, or other debris. If making the investigation on request of a commissioners court, the commission must make its investigation not later than the 30th day after the date on which it receives the written request from the commissioners court.

(b) On completion of the investigation, if the commission

determines that the obstruction is creating a hazard or is having other detrimental effect on the navigable stream, the commission shall initiate action to remove the obstruction.

(c) In removing an obstruction, the commission may solicit the assistance of federal and state agencies including the Corps of Engineers, Texas National Guard, the Parks and Wildlife Department, and districts and authorities created under Article III, Sections 52(b)(1) and (2), or Article XVI, Section 59, of the Texas Constitution. Also, the commission may enter into contracts for services required to remove an obstruction. However, no river authority may require the removal, relocation, or reconfiguration of a floating structure which was in place before the effective date of this Act and the effective date of any ordinance, rule, resolution, or other act of the river authority mandating such action unless the commission determines the structure is an obstruction to navigation.

Added by Acts 1987, 70th Leg., ch. 295, Sec. 1, eff. Sept. 1, 1987.

#### **SUBCHAPTER D. PERMITS TO USE STATE WATER**

Sec. 11.121. PERMIT REQUIRED. Except as provided in Sections 11.142, 11.1421, and 11.1422 of this code, no person may appropriate any state water or begin construction of any work designed for the storage, taking, or diversion of water without first obtaining a permit from the commission to make the appropriation.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1987, 70th Leg., ch. 544, Sec. 1, eff. Aug. 31, 1987; Acts 1995, 74th Leg., ch. 183, Sec. 1, eff. May 23, 1995.

Sec. 11.122. AMENDMENTS TO WATER RIGHTS REQUIRED. (a) All holders of permits, certified filings, and certificates of adjudication issued under Section 11.323 of this code shall obtain from the commission authority to change the place of use, purpose of use, point of diversion, rate of diversion, acreage to be irrigated, or otherwise alter a water right. Without obtaining an amendment, the holder of a permit, certified filing, or certificate of adjudication that includes industrial or irrigation use may use or supply water for an agricultural use that was classified as industrial or irrigation before September 1, 2001.

(b) Subject to meeting all other applicable requirements of this chapter for the approval of an application, an amendment, except an amendment to a water right that increases the amount of water authorized to be diverted or the authorized rate of diversion, shall be authorized if the requested change will not cause adverse impact on other water right holders or the environment on the stream of greater magnitude than under circumstances in which the permit, certified filing, or certificate of adjudication that is sought to be amended was fully exercised according to its terms and conditions as they existed before the requested amendment.

(c) The commission shall adopt rules to effectuate the provisions of this section.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.008, eff. Sept. 1, 1985; Acts 1997, 75th Leg., ch. 1010, Sec. 1.03, eff. Sept. 1, 1997; Acts 2001, 77th Leg., ch. 966, Sec. 2.07, eff. Sept. 1, 2001.

Sec. 11.123. PERMIT PREFERENCES. The commission shall give preference to applications in the order declared in Section 11.024 of this code and to applications which will effectuate the maximum utilization of water and are calculated to prevent the escape of water without contribution to a beneficial public service.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.124. APPLICATION FOR PERMIT. (a) An application to appropriate unappropriated state water must:

- (1) be in writing and sworn to;
- (2) contain the name and post-office address of the applicant;
- (3) identify the source of water supply;
- (4) state the nature and purposes of the proposed use or uses and the amount of water to be used for each purpose;
- (5) state the location and describe the proposed facilities;
- (6) state the time within which the proposed construction is to begin;

(7) state the time required for the application of water to the proposed use or uses; and

(8) contain the name and address of the holder of any lien on:

(A) any water right permit, certified filing, or certificate of adjudication to be granted under the permit for which application is made; or

(B) any land to which that water right permit, certified filing, or certificate of adjudication would be appurtenant.

(b) If the proposed use is irrigation, the application must also contain:

(1) a description of the land proposed to be irrigated; and

(2) an estimate of the total acreage to be irrigated.

(c) If the application is for a seasonal permit, under the provisions of Section 11.137 of this code, the application must also state the months or seasons of the year the water is to be used.

(d) If the application is for a temporary permit under the provisions of Section 11.138 of this code, the application must also state the period of the proposed temporary use.

(e) If the application is for a term permit, the application form used must also state that on expiration of a term permit the applicant does not have an automatic right to renew the permit.

(f) If the application is for a permit to construct a storage reservoir, the application must also contain evidence that the applicant has mailed notice of the application to each member of the governing body of each county and municipality in which the reservoir, or any part of the reservoir, will be located.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1987, 70th Leg., ch. 405, Sec. 3, eff. Sept. 1, 1987; Acts 1997, 75th Leg., ch. 1010, Sec. 2.09, eff. June 19, 1997.

Amended by:

Acts 2005, 79th Leg., Ch. 1268 (H.B. [2140](#)), Sec. 1, eff. September 1, 2005.

Sec. 11.125. MAP OR PLAT. (a) The application must be accompanied by a map or plat drawn on tracing linen on a scale not

less than one inch equals 2,000 feet.

(b) The map or plat must show substantially:

- (1) the location and extent of the proposed facilities;
- (2) the location of the headgate, intake, pumping plant, or point of diversion by course and distance from permanent natural objects or landmarks;
- (3) the location of the main ditch or canal and the locations of the laterals or branches of the main ditch or canal;
- (4) the course of the water supply;
- (5) the position, waterline, and area of all lakes, reservoirs, or basins intended to be used or created;
- (6) the point of intersection of the proposed facilities with any other ditch, canal, lateral, lake, or reservoir; and
- (7) the location of any ditch, canal, lateral, reservoir, lake, dam, or other similar facility already existing in the area, drawn in a different colored ink than that used to represent the proposed facilities, and the name of the owner of the existing facility.

(c) The map or plat must also contain:

- (1) the name of the proposed facility or enterprise;
- (2) the name of the applicant; and
- (3) a certificate of the surveyor, giving the date of his survey, his name and post-office address, and the date of the application which the certificate accompanies.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.126. COMMISSION REQUIREMENTS. (a) If the proposed taking or diversion of water for irrigation exceeds nine cubic feet per second, the executive director may require additional information as prescribed by this section.

(b) The executive director may require a continuous longitudinal profile, cross sections of the proposed channel, and the detail plans of any proposed structure, on any scales and with any definition the executive director considers necessary or expedient.

(c) If the application proposes construction of a dam greater than six feet in height either for diversion or storage, the executive director may also require filing a copy of all plans and

specifications and a copy of the engineer's field notes of any survey of the lake or reservoir. No work on the project shall proceed until approval of the plans is obtained from the executive director.

(d) If the applicant is a corporation, the commission may require filing a certified copy of its articles of incorporation, a statement of the names and addresses of its directors and officers, and a statement of the amount of its authorized capital stock and its paid-up capital stock.

(e) If the applicant is not a corporation, the commission may require filing a sworn statement showing the name and address of each person interested in the appropriation, the extent of his interest, and his financial condition.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1981, 67th Leg., p. 3155, ch. 828, Sec. 2, eff. June 17, 1981; Acts 1985, 69th Leg., ch. 795, Sec. 1.009, eff. Sept. 1, 1985.

Sec. 11.127. ADDITIONAL REQUIREMENTS: DRAINAGE PLANS. If the commission believes that the efficient operation of any existing or proposed irrigation system may be adversely affected by lack of adequate drainage facilities incident to the work proposed to be done by an applicant, the commission may require the applicant to submit to the executive director for approval plans for drainage adequate to guard against any injury which the proposed work may entail.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1981, 67th Leg., p. 961, ch. 367, Sec. 1, eff. June 10, 1981.

Sec. 11.1271. ADDITIONAL REQUIREMENTS: WATER CONSERVATION PLANS. (a) The commission shall require from an applicant for a new or amended water right the formulation and submission of a water conservation plan and the adoption of reasonable water conservation measures, as defined by Subdivision (8)(B), Section 11.002, of this code.

(b) The commission shall require the holder of an existing permit, certified filing, or certificate of adjudication for the appropriation of surface water in the amount of 1,000 acre-feet a

year or more for municipal, industrial, and other uses, and 10,000 acre-feet a year or more for irrigation uses, to develop, submit, and implement a water conservation plan, consistent with the appropriate approved regional water plan, that adopts reasonable water conservation measures as defined by Subdivision (8)(B), Section 11.002, of this code. The requirement for a water conservation plan under this section shall not result in the need for an amendment to an existing permit, certified filing, or certificate of adjudication.

(c) Beginning May 1, 2005, all water conservation plans required under this section must include specific, quantified 5-year and 10-year targets for water savings. The entity preparing the plan shall establish the targets. Targets must include goals for water loss programs and goals for municipal use in gallons per capita per day.

(d) The commission and the board jointly shall identify quantified target goals for water conservation that water suppliers and other entities may use as guidelines in preparing water conservation plans. Goals established under this subsection are not enforceable requirements.

(e) The commission and board jointly shall develop model water conservation programs for different types of water suppliers that suggest best management practices for achieving the highest practicable levels of water conservation and efficiency achievable for each specific type of water supplier.

(f) The commission shall adopt rules:

(1) establishing criteria and deadlines for submission of water conservation plans, including any required amendments, and for submission of implementation reports; and

(2) requiring the methodology and guidance for calculating water use and conservation developed under Section 16.403 to be used in the water conservation plans required by this section.

(g) At a minimum, rules adopted under Subsection (f)(2) must require an entity to report the most detailed level of municipal water use data currently available to the entity. The commission may not adopt a rule that requires an entity to report municipal water use data that is more detailed than the entity's billing system is capable of producing.

Added by Acts 1985, 69th Leg., ch. 133, Sec. 1.08. Amended by Acts 1997, 75th Leg., ch. 1010, Sec. 1.03, eff. Sept. 1, 1997; Acts 2003,

78th Leg., ch. 688, Sec. 1, eff. June 20, 2003.

Amended by:

Acts 2011, 82nd Leg., R.S., Ch. 1233 (S.B. 660), Sec. 5, eff. September 1, 2011.

Sec. 11.1272. ADDITIONAL REQUIREMENT: DROUGHT CONTINGENCY PLANS FOR CERTAIN APPLICANTS AND WATER RIGHT HOLDERS. (a) The commission shall by rule require wholesale and retail public water suppliers and irrigation districts to develop drought contingency plans consistent with the appropriate approved regional water plan to be implemented during periods of water shortages and drought.

(b) The wholesale and retail public water suppliers and irrigation districts shall provide an opportunity for public input during preparation of their drought contingency plans and before submission of the plans to the commission.

(c) By May 1, 2005, a drought contingency plan required by commission rule adopted under this section must include specific, quantified targets for water use reductions to be achieved during periods of water shortages and drought. The entity preparing the plan shall establish the targets.

(d) The commission and the board by joint rule shall identify quantified target goals for drought contingency plans that wholesale and retail public water suppliers, irrigation districts, and other entities may use as guidelines in preparing drought contingency plans. Goals established under this subsection are not enforceable requirements.

(e) The commission and the board jointly shall develop model drought contingency programs for different types of water suppliers that suggest best management practices for accomplishing the highest practicable levels of water use reductions achievable during periods of water shortages and drought for each specific type of water supplier.

Added by Acts 1997, 75th Leg., ch. 1010, Sec. 1.03, eff. Sept. 1, 1997. Amended by Acts 2003, 78th Leg., ch. 690, Sec. 1, eff. June 20, 2003.

Sec. 11.1273. ADDITIONAL REQUIREMENT: REVIEW OF AMENDMENTS TO

CERTAIN WATER MANAGEMENT PLANS. (a) This section applies only to a water management plan consisting of a reservoir operation plan for the operation of two water supply reservoirs that was originally required by a court order adjudicating the water rights for those reservoirs.

(b) Not later than the first anniversary of the date the executive director determines that an application to amend a water management plan is administratively complete, the executive director shall complete a technical review of the plan.

(c) If the executive director submits a written request for additional information to the applicant, the applicant shall submit the requested information to the executive director not later than the 30th day after the date the applicant receives the request or not later than the deadline agreed to by the executive director and the applicant, if applicable. The review period required by Subsection (b) for completing the technical review is tolled until the date the executive director receives the requested information from the applicant.

(d) The commission shall provide an opportunity for public comment and a public hearing on the application, consistent with the process for other water rights applications.

(e) If the commission receives a request for a hearing before the period for submitting public comments and requesting a hearing expires, the commission shall act on the request for a hearing and, if the request is denied, act on the application not later than the 60th day after the date the period expires. If a request for a hearing is not submitted before the period expires, the executive director may act on the application.

Added by Acts 2011, 82nd Leg., R.S., Ch. 1021 (H.B. 2694), Sec. 5.04, eff. September 1, 2011.

Sec. 11.128. PAYMENT OF FEE. If the applicant is not exempted from payment of the filing fee under Section 12.112 of this code, he shall pay the filing fee prescribed by Section 5.701(c) at the time he files the application. The commission shall not record, file, or consider the application until the executive director certifies to the commission that the fee is paid.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept.

1, 1977.

Amended by:

Acts 2011, 82nd Leg., R.S., Ch. 91 (S.B. 1303), Sec. 26.001, eff. September 1, 2011.

Sec. 11.129. REVIEW OF APPLICATION; AMENDMENT. The commission shall determine whether the application, maps, and other materials comply with the requirements of this chapter and the rules of the commission. The commission may require amendment of the application, maps, or other materials to achieve necessary compliance.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.009, eff. Sept. 1, 1985.

Sec. 11.130. RECORDING APPLICATIONS. (a) The executive director shall have all applications for appropriations recorded in a well-bound book kept for that purpose in the commission office.

(b) The executive director shall have the applications indexed alphabetically in the name of:

- (1) the applicant;
- (2) the stream or source from which the appropriation is sought to be made; and
- (3) the county in which the appropriation is sought to be made.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.010, eff. Sept. 1, 1985.

Sec. 11.131. EXAMINATION AND DENIAL OF APPLICATION WITHOUT HEARING. (a) The commission shall make a preliminary examination of the application, and if it appears that there is no unappropriated water in the source of supply or that the proposed appropriation should not be allowed for other reasons, the commission may deny the application.

(b) If the commission denies the application under this section and the applicant elects not to proceed further, the commission may

order any part of the fee submitted with the application returned to the applicant.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.1311. APPROVAL OF CERTAIN APPLICATIONS WITHOUT HEARING.

(a) If a permit for a reservoir project which is listed on the effective date of this section as a recommended project in the current state water plan has been abandoned, voluntarily canceled, or forfeited for failure to commence construction within the time specified by law, and the reservoir project site is owned by a municipality, river authority, other political subdivision, or water supply corporation organized under Chapter 67, the commission may reissue that same permit with a new priority date to the board without notice or hearing, upon submission of an application by the board.

(b) The board may transfer interests in a permit issued under this section to a municipality, river authority, other political subdivision, or water supply corporation organized under Chapter 67 as otherwise provided by law.

(c) A permit issued pursuant to this section shall be administered in accordance with this chapter and as otherwise provided by law.

Added by Acts 1999, 76th Leg., ch. 1291, Sec. 2.01, eff. Sept. 1, 1999.

Sec. 11.132. NOTICE. (a) Notice shall be given to the persons who in the judgment of the commission may be affected by an application, including those persons listed in Subdivision (2), Subsection (d), of this section. The commission, on the motion of a commissioner or on the request of the executive director or any affected person, shall hold a public hearing on the application.

(b) If the proposed use is for irrigation, the commission shall include in the notice a general description of the location and area of the land to be irrigated.

(c) In the notice, the commission shall:

(1) state the name and address of the applicant;

- (2) state the date the application was filed;
- (3) state the purpose and extent of the proposed appropriation of water;
- (4) identify the source of supply and the place where the water is to be stored or taken or diverted from the source of supply;
- (5) specify the time and location where the commission will consider the application; and
- (6) give any additional information the commission considers necessary.

(d) The commission may act on the application without holding a public hearing if:

(1) not less than 30 days before the date of action on the application by the commission, the applicant has published the commission's notice of the application at least once in a newspaper regularly published or circulated within the section of the state where the source of water is located;

(2) not less than 30 days before the date of action on the application by the commission, the commission mails a copy of the notice by first-class mail, postage prepaid, to:

(A) each claimant or appropriator of water from the source of water supply, the record of whose claim or appropriation has been filed with the commission; and

(B) all navigation districts within the river basin concerned; and

(3) within 30 days after the date of the newspaper publication of the commission's notice, a public hearing has not been requested in writing by a commissioner, the executive director, or an affected person who objects to the application.

(e) The inadvertent failure of the commission to mail a notice under Subdivision (2), Subsection (d), of this section to a navigation district that is not a claimant or appropriator of water does not prevent the commission's consideration of the application.

(f) If, on the date specified in the notice prescribed by Subsection (c) of this section, the commission determines that a public hearing must be held, the matter shall be remanded for hearing without the necessity of issuing further notice other than advising all parties of the time and place where the hearing is to convene.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 3.004, eff. Sept. 1,

1985; Acts 1987, 70th Leg., ch. 977, Sec. 4, eff. June 19, 1987.

Sec. 11.133. HEARING. At the time and place stated in the notice, the commission shall hold a hearing on the application. Any person may appear at the hearing in person or by attorney or may enter his appearance in writing. Any person who appears may present objection to the issuance of the permit. The commission may receive evidence, orally or by affidavit, in support of or in opposition to the issuance of the permit, and it may hear arguments.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.134. ACTION ON APPLICATION. (a) After the hearing, the commission shall make a written decision granting or denying the application. The application may be granted or denied in whole or in part.

(b) The commission shall grant the application only if:

(1) the application conforms to the requirements prescribed by this chapter and is accompanied by the prescribed fee;

(2) unappropriated water is available in the source of supply;

(3) the proposed appropriation:

(A) is intended for a beneficial use;

(B) does not impair existing water rights or vested riparian rights;

(C) is not detrimental to the public welfare;

(D) considers any applicable environmental flow standards established under Section 11.1471 and, if applicable, the assessments performed under Sections 11.147(d) and (e) and Sections 11.150, 11.151, and 11.152; and

(E) addresses a water supply need in a manner that is consistent with the state water plan and the relevant approved regional water plan for any area in which the proposed appropriation is located, unless the commission determines that conditions warrant waiver of this requirement; and

(4) the applicant has provided evidence that reasonable diligence will be used to avoid waste and achieve water conservation

as defined by Section 11.002(8)(B).

(c) Beginning January 5, 2002, the commission may not issue a water right for municipal purposes in a region that does not have an approved regional water plan in accordance with Section 16.053(i) unless the commission determines that conditions warrant waiver of this requirement.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 133, Sec. 1.09; Acts 1997, 75th Leg., ch. 1010, Sec. 4.01, eff. Sept. 1, 1997; Acts 1999, 76th Leg., ch. 1223, Sec. 1, eff. June 18, 1999; Acts 2001, 77th Leg., ch. 966, Sec. 2.08, eff. Sept. 1, 2001.

Amended by:

Acts 2007, 80th Leg., R.S., Ch. 1351 (H.B. 3), Sec. 1.12, eff. September 1, 2007.

Acts 2007, 80th Leg., R.S., Ch. 1430 (S.B. 3), Sec. 1.12, eff. September 1, 2007.

Sec. 11.135. ISSUANCE OF PERMIT. (a) On approval of an application, the commission shall issue a permit to the applicant. The applicant's right to take and use water is limited to the extent and purposes stated in the permit.

(b) The permit shall be in writing and attested by the seal of the commission, and it shall contain substantially the following information:

(1) the name of the person to whom the permit is issued;  
 (2) the date the permit is issued;  
 (3) the date the original application was filed;  
 (4) the use or purpose for which the appropriation is to be made;

(5) the amount or volume of water authorized to be appropriated for each purpose; if use of the appropriated water is authorized for multiple purposes, the permit shall contain a special condition limiting the total amount of water that may actually be diverted for all of the purposes to the amount of water appropriated;

(6) a general description of the source of supply from which the appropriation is proposed to be made;

(7) the time within which construction or work must begin and the time within which it must be completed; and

(8) any other information the commission prescribes.

(c) If the appropriation is for irrigation, the commission shall also place in the permit a description and statement of the approximate area of the land to be irrigated.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.011, eff. Sept. 1, 1985; Acts 1997, 75th Leg., ch. 1010, Sec. 2.10, eff. June 19, 1997.

Sec. 11.1351. PERMIT RESTRICTIONS. In granting an application, the commission may direct that stream flow restrictions and other conditions and restrictions be placed in the permit being issued to protect the priority of senior water rights.

Added by Acts 1987, 70th Leg., ch. 404, Sec. 1, eff. Sept. 1, 1987.

Sec. 11.136. RECORDING OF PERMIT. (a) The commission shall transmit the permit by registered mail to the county clerk of the county in which the appropriation is to be made.

(b) When the county clerk receives the permit and is paid the recording fee (as prescribed by Subchapter B, Chapter 118, Local Government Code, he shall file and record the permit in a well-bound book kept for that purpose. He shall index the permit alphabetically in the name of the applicant and of the stream or source of water supply. After he has recorded the permit, the county clerk shall deliver the permit, on demand, to the applicant.

(c) When the permit is filed in the office of the county clerk, it is constructive notice of:

- (1) the filing of the application;
- (2) the issuance of the permit; and
- (3) all the rights arising under the filing of the application and the issuance of the permit.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1987, 70th Leg., ch. 149, Sec. 45, eff. Sept. 1, 1987.

Sec. 11.137. SEASONAL PERMITS. (a) The commission may issue seasonal permits in the same manner that it issues regular permits.

The provisions of this chapter governing issuance of regular permits apply to issuance of seasonal permits.

(b) The right to take, use, or divert water under seasonal permit is limited to the portion or portions of the calendar year stated in the permit.

(c) In a seasonal permit, the commission shall specify the conditions necessary to fully protect prior appropriations or vested rights on the stream.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.138. TEMPORARY PERMITS. (a) The commission may issue temporary permits for beneficial purposes to the extent that they do not interfere with or adversely affect prior appropriations or vested rights on the stream from which water is to be diverted under such temporary permit. The commission may, by appropriate order, authorize any member of the commission to approve and issue temporary permits without notice and hearing if it appears to such issuing party that sufficient water is available at the proposed point of diversion to satisfy the requirements of the temporary permit as well as all existing rights. No temporary permit issued without notice and hearing shall authorize more than 10 acre-feet of water, nor may it be for a term in excess of one year.

(b) The commission may prescribe rules governing notice and procedure for the issuance of temporary permits.

(c) As between temporary permits, the one applied for first has priority.

(d) The commission may not issue a temporary permit for a period exceeding three calendar years.

(e) A temporary permit does not vest in its holder a permanent right to the use of water.

(f) A temporary permit expires and shall be cancelled by the commission in accordance with the terms of the permit.

(g) The commission may prescribe by rule the fees to be paid for issuance of temporary permits, but no fee for issuance or extension of a temporary permit shall exceed \$500.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1981, 67th Leg., p. 978, ch. 367, Sec. 5, 42, eff.

June 10, 1981; Acts 1985, 69th Leg., ch. 795, Sec. 1.012, eff. Sept. 1, 1985.

Sec. 11.1381. TERM PERMITS. (a) Until a water right is perfected to the full extent provided by Section 11.026 of this code, the commission may issue permits for a term of years for use of state water to which a senior water right has not been perfected.

(b) The commission shall refuse to grant an application for a permit under this section if the commission finds that there is a substantial likelihood that the issuance of the permit will jeopardize financial commitments made for water projects that have been built or that are being built to optimally develop the water resources of the area.

(c) The commission shall refuse to grant an application for a term permit if the holder of the senior appropriative water right can demonstrate that the issuance of the term permit would prohibit the senior appropriative water right holder from beneficially using the senior rights during the term of the term permit. Such demonstration will be made using reasonable projections based on accepted methods.

(d) A permit issued under this section is subordinate to any senior appropriative water rights.

Added by Acts 1987, 70th Leg., ch. 405, Sec. 1, eff. Sept. 1, 1987.

Sec. 11.139. EMERGENCY AUTHORIZATIONS. (a) Except as provided by Section 11.148 of this code, the commission may grant an emergency permit, order, or amendment to an existing permit, certified filing, or certificate of adjudication after notice to the governor for an initial period of not more than 120 days if the commission finds that emergency conditions exist which present an imminent threat to the public health and safety and which override the necessity to comply with established statutory procedures and there are no feasible practicable alternatives to the emergency authorization. Such emergency action may be renewed once for not longer than 60 days.

(b) A person desiring to obtain an emergency authorization under this section shall submit to the commission a sworn application containing the following information:

(1) a description of the condition of emergency justifying

the granting of the emergency authorization;

(2) a statement setting forth facts which support the findings required under this section;

(3) an estimate of the dates on which the proposed authorization should begin and end;

(4) a description of the action sought and the activity proposed to be allowed, mandated, or prohibited; and

(5) any other statements or information required by the commission.

(c) If the commission finds the applicant's statement made under Subsection (b) of this section to be correct, the commission may grant emergency authorizations under this section without notice and hearing or with such notice and hearing as the commission considers practicable under the circumstances.

(d) If the commission grants an emergency authorization under this section without a hearing, the authorization shall fix a time and place for a hearing to be held before the commission. The hearing shall be held as soon after the emergency authorization is granted as is practicable but not later than 20 days after the emergency authorization is granted.

(e) At the hearing, the commission shall affirm, modify, or set aside the emergency authorization. Any hearing on an emergency authorization shall be conducted in accordance with Chapter 2001, Government Code, and rules of the commission.

(f) If an imminent threat to the public health and safety exists which requires emergency action before the commission can take action as provided by Subsections (a) through (c) of this section and there are no feasible alternatives, the executive director may grant an emergency authorization after notice to the governor. If the executive director issues an emergency authorization under this subsection, the commission shall hold a hearing as provided for in Subsections (d) and (e) of this section. The requirements of Subsection (b) of this section shall be satisfied by the applicant before action is taken by the executive director on the request for emergency authorization.

(g) The requirements of Section 11.132 of this code relating to the time for notice, newspaper notice, and method of giving a person notice do not apply to a hearing held on an application for an emergency authorization under this section, but such general notice of the hearing shall be given as the commission, under Subsections

(c) and (e) of this section, considers practicable under the circumstances.

(h) The commission may grant an emergency authorization under this section for the temporary transfer and use of all or part of a permit, certified filing, or certificate of adjudication for other than domestic or municipal use to a retail or wholesale water supplier for public health and safety purposes. In addition to the requirements contained in Subsection (b) of this section, the commission may direct that the applicant will timely pay the amounts for which the applicant may be potentially liable under Subsection (j) of this section and to the extent authorized by law will fully indemnify and hold harmless the state, the executive director, and the commission from any and all liability for the authorization sought. The commission may order bond or other surety in a form acceptable to the commission as a condition for such emergency authorization. The commission may not grant an emergency authorization under this section which would cause a violation of a federal regulation.

(i) In transferring the amount of water requested by the applicant, the executive director or the commission shall allocate the requested amount among two or more permits, certified filings, or certificates of adjudication for other than domestic or municipal use.

(j) The person granted an emergency authorization under Subsection (h) of this section is liable to the owner and the owner's agent or lessee from whom the use is transferred for the fair market value of the water transferred as well as for any damages caused by the transfer of use. If, within 60 days of the termination of the authorization, the parties do not agree on the amount due, or if full payment is not made, either party may file a complaint with the commission to determine the amount due. The commission may use dispute resolution procedures for a complaint filed under this subsection. After exhausting all administrative remedies under this subsection, an owner from whom the use is transferred may file suit to recover or determine the amount due in a district court in the county where the owner resides or has its headquarters. The prevailing party in a suit filed under this subsection is entitled to recover court costs and reasonable attorney's fees.

(k) The commission may prescribe rules and adopt fees which are necessary to carry out the provisions of this section.

(1) An emergency authorization does not vest in the grantee any right to the diversion, impoundment, or use of water and shall expire and be cancelled in accordance with its terms.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.013, eff. Sept. 1, 1985; Acts 1997, 75th Leg., ch. 1010, Sec. 3.03, eff. June 19, 1997.

Sec. 11.140. PERMITS FOR STORAGE FOR PROJECT DEVELOPMENT. The commission may issue permits for storage solely for the purpose of optimum development of projects. The commission may convert these permits to permits for beneficial use if application to have them converted is made to the commission.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.141. DATE OF PRIORITY. When the commission issues a permit, the priority of the appropriation of water and the claimant's right to use the water date from the date of filing of the application.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.142. PERMIT EXEMPTIONS. (a) Without obtaining a permit, a person may construct on the person's own property a dam or reservoir with normal storage of not more than 200 acre-feet of water for domestic and livestock purposes. A person who temporarily stores more than 200 acre-feet of water in a dam or reservoir described by this subsection is not required to obtain a permit for the dam or reservoir if the person can demonstrate that the person has not stored in the dam or reservoir more than 200 acre-feet of water on average in any 12-month period. This exemption does not apply to a commercial operation.

Text of subsec. (b) as amended by Acts 2001, 77th Leg., ch. 966, Sec. 2.09

(b) Without obtaining a permit, a person may construct on the

person's property a dam or reservoir with normal storage of not more than 200 acre-feet of water for fish and wildlife purposes if the property on which the dam or reservoir will be constructed is qualified open-space land, as defined by Section 23.51, Tax Code. This exemption does not apply to a commercial operation.

Text of subsec. (b) as amended by Acts 2001, 77th Leg., ch. 1427, Sec. 1

(b) Without obtaining a permit, a person may construct on the person's property in an unincorporated area a dam or reservoir with normal storage of not more than 200 acre-feet of water for commercial or noncommercial wildlife management, including fishing, but not including fish farming.

(c) Without obtaining a permit, a person who is drilling and producing petroleum and conducting operations associated with drilling and producing petroleum may take for those purposes state water from the Gulf of Mexico and adjacent bays and arms of the Gulf of Mexico in an amount not to exceed one acre-foot during each 24-hour period.

(d) Without obtaining a permit, a person may construct or maintain a reservoir as part of a surface coal mining operation under Chapter 134, Natural Resources Code, if the water in the reservoir is used solely for:

- (1) sediment control; or
- (2) compliance with applicable laws, rules, or regulations relating to fire or dust suppression.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 718, Sec. 1, eff. June 14, 1985; Acts 1995, 74th Leg., ch. 335, Sec. 1, eff. Sept. 1, 1995; Acts 1997, 75th Leg., ch. 1010, Sec. 2.11, eff. Sept. 1, 1997; Acts 2001, 77th Leg., ch. 966, Sec. 2.09, eff. Sept. 1, 2001; Acts 2001, 77th Leg., ch. 1427, Sec. 1, eff. Sept. 1, 2001.

Amended by:

Acts 2009, 81st Leg., R.S., Ch. 63 (S.B. [1711](#)), Sec. 1, eff. May 19, 2009.

Sec. 11.1421. PERMIT EXEMPTION FOR MARICULTURE ACTIVITIES. (a) In this section, "mariculture" means the propagation and rearing of aquatic species, including shrimp, other crustaceans, finfish,

mollusks, and other similar creatures in a controlled environment using brackish or marine water.

(b) Without obtaining a permit and subject to the requirements and limitations provided by Subsections (c) through (e) of this section, a person who is engaged in mariculture operations on land may take for that purpose state water from the Gulf of Mexico and adjacent bays and arms of the Gulf of Mexico in an amount appropriate to those mariculture activities.

(c) Before a person first takes water under Subsection (b) of this section, the person must give notice to the commission of the proposed appropriation.

(d) Each appropriation of water made under Subsection (b) of this section shall be reported to the commission in the manner provided by the commission's rules.

(e) After notice and hearing, if the commission determines that as a result of low freshwater inflows appropriation of water under Subsection (b) of this section would interfere with natural productivity of bays and estuaries, the commission shall issue an order requiring interruption or reduction of the appropriation.

Added by Acts 1987, 70th Leg., ch. 544, Sec. 2, eff. Aug. 31, 1987.

Sec. 11.1422. PERMIT EXEMPTION FOR HISTORIC CEMETERIES. (a) Without obtaining a permit, a tax-exempt nonprofit corporation that owns a cemetery may divert from a river not more than 200 acre-feet of water each year to irrigate the grounds of the cemetery if the cemetery:

- (1) borders the river; and
- (2) is more than 100 years old.

(b) The executive director or a watermaster who has jurisdiction over the river from which a cemetery diverts water under this section by order may restrict a diversion authorized by this section if the executive director or watermaster determines the diversion will harm a person downstream of the cemetery who acquired a water right before the date this section took effect. The executive director or watermaster shall limit the restriction to the extent of the harm and to the period of the harm.

Added by Acts 1995, 74th Leg., ch. 183, Sec. 2, eff. May 23, 1995.

Sec. 11.143. USE OF WATER FROM EXEMPT DAM OR RESERVOIR FOR NONEXEMPT PURPOSES. (a) The owner of a dam or reservoir exempted under Section 11.142(a) or (b) who desires to use water from the dam or reservoir for a purpose not described by that subsection shall obtain a permit to do so. The owner may obtain a regular permit, a seasonal permit, or a permit for a term of years. The owner may elect to obtain the permit by proceeding under this section or under the other provisions of this chapter governing issuance of permits.

(b) If the applicant elects to proceed under this section, he shall submit to the commission a sworn application, on a form furnished by the commission, containing the following information:

- (1) the name and post-office address of the applicant;
- (2) the nature and purpose of the use and the amount of water to be used annually for each purpose;
- (3) the major watershed and the tributary (named or unnamed) on which the dam or reservoir is located;
- (4) the county in which the dam or reservoir is located;
- (5) the approximate distance and direction from the county seat of the county to the location of the dam or reservoir;
- (6) the survey or the portion of the survey on which the dam or reservoir is located and, to the best of the applicant's knowledge and belief, the distance and direction of the midpoint of the dam or reservoir from a corner of the survey, which information the executive director may require to be marked on an aerial photograph or map furnished by the commission;
- (7) the approximate surface area, to the nearest acre, of the reservoir when it is full and the average depth in feet when it is full; and
- (8) the approximate number of square miles in the drainage area above the dam or reservoir.

(c) If the permit is sought for irrigation, the application must also specify:

- (1) the total number of irrigable acres in the area;
- (2) the number of acres to be irrigated within the area in any one year; and
- (3) the approximate distance and direction of the land to be irrigated from the midpoint of the dam or reservoir.

(d) Except as otherwise specifically provided by this subsection, before the commission may approve the application and issue the permit, it shall give notice and hold a hearing as

prescribed by this section. The commission may act on the application without holding a public hearing if:

(1) not less than 30 days before the date of action on the application by the commission, the applicant has published the commission's notice of the application at least once in a newspaper regularly published or circulated within the section of the state where the source of water is located;

(2) not less than 30 days before the date of action on the application by the commission, the commission mails a copy of the notice by first-class mail, postage prepaid, to each person whose claim or appropriation has been filed with the commission and whose diversion point is downstream from that described in the application; and

(3) within 30 days after the date of the newspaper publication of the commission's notice, a public hearing is not requested in writing by a commissioner, the executive director, or an affected person who objects to the application.

(e) In the notice, the commission shall:

(1) state the name and post-office address of the applicant;

(2) state the date the application was filed;

(3) state the purpose and extent of the proposed appropriation of water;

(4) identify the source of supply and the place where the water is stored; and

(5) specify the time and place of the hearing.

(f) The notice shall be published only once, at least 20 days before the date stated in the notice for the hearing on the application, in a newspaper having general circulation in the county where the dam or reservoir is located. At least 15 days before the date set for the hearing, the commission shall transmit a copy of the notice by first-class mail to each person whose claim or appropriation has been filed with the commission and whose diversion point is downstream from that described in the application.

(g) If on the date specified in the notice prescribed by Subsection (d) of this section, the commission determines that a public hearing must be held, the matter shall be remanded for hearing without the necessity of issuing further notice other than advising all parties of the time and place where the hearing is to convene.

(h) The applicant shall pay the filing fee prescribed by

Section 5.701(c) at the time he files the application.

(i) The commission shall approve the application and issue the permit as applied for in whole or part if it determines that:

- (1) there is unappropriated water in the source of supply;
- (2) the applicant has met the requirements of this section;
- (3) the water is to be used for a beneficial purpose;
- (4) the proposed use is not detrimental to the public welfare or to the welfare of the locality; and
- (5) the proposed use will not impair existing water rights.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.014, 3.003, eff. Sept. 1, 1985; Acts 1987, 70th Leg., ch. 977, Sec. 5, eff. June 19, 1987; Acts 2001, 77th Leg., ch. 1427, Sec. 2, 3, eff. Sept. 1, 2001. Amended by:

Acts 2011, 82nd Leg., R.S., Ch. 91 (S.B. 1303), Sec. 26.002, eff. September 1, 2011.

Sec. 11.144. APPROVAL FOR ALTERATIONS. All holders of permits and certified filings shall obtain the approval of the commission before making any alterations, enlargements, extensions, or other changes to any reservoir, dam, main canal, or diversion work on which a permit has been granted or a certified filing recorded. A detailed statement and plans for alterations or changes shall be filed with the commission and approved by the executive director before the alterations or changes are made. This section does not apply to the ordinary maintenance or emergency repair of the facility.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1981, 67th Leg., p. 3150, ch. 828, Sec. 1, eff. June 17, 1981; Acts 1985, 69th Leg., ch. 795, Sec. 1.015, eff. Sept. 1, 1985.

Sec. 11.145. WHEN CONSTRUCTION MUST BEGIN. (a) If a permit is for appropriation by direct diversion, construction of the proposed facilities shall begin within the time fixed by the commission, which shall not exceed two years after the date the permit is issued. The appropriator shall work diligently and continuously to the completion of the construction. The commission may, by entering an order of

record, extend the time for beginning construction. The commission may establish fees, not to exceed \$1,000, for extending the time to begin construction of the proposed facilities.

(b) If the permit contemplates construction of a storage reservoir, construction shall begin within the time fixed by the commission, not to exceed two years after the date the permit is issued. The commission, by entering an order of record, may extend the time for beginning construction. The commission may fix fees, not to exceed \$1,000, for extending the time to begin construction of reservoirs.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1981, 67th Leg., p. 3155, ch. 828, Sec. 3, eff. June 17, 1981; Acts 1985, 69th Leg., ch. 795, Sec. 1.015, eff. Sept. 1, 1985.

Sec. 11.146. FORFEITURES AND CANCELLATION OF PERMIT FOR INACTION. (a) If a permittee fails to begin construction within the time specified in Section 11.145 of this code, he forfeits all rights to the permit, subject to notice and hearing as prescribed by this section.

(b) After beginning construction if the appropriator fails to work diligently and continuously to the completion of the work, the appropriation is subject to cancellation in whole or part, subject to notice and hearing as prescribed by this section.

(c) If the commission believes that an appropriation or permit should be declared forfeited under this section or any other sections of this code, it should give the appropriator or permittee 30 days notice and provide him with an opportunity to be heard.

(d) After the hearing, the commission by entering an order of record may cancel the appropriation in whole or part. The commission shall immediately transmit a certified copy of the cancellation order by certified mail to the county clerk of the county in which the permit is recorded. The county clerk shall record the cancellation order.

(e) Except as provided by Section 11.1381 of this code, if a permit has been issued for the use of water, the water is not subject to a new appropriation until the permit has been cancelled in whole or part as provided by this section.

(f) Except as provided by Subchapter E of this chapter, none of the provisions of this code may be construed as intended to impair, cause, or authorize or may impair, cause, or authorize the forfeiture of any rights acquired by any declaration of appropriation or by any permit if the appropriator has begun or begins the work and development contemplated by his declaration of appropriation or permit within the time provided by the law under which the declaration of appropriation was made or the permit was granted and has prosecuted or continues to prosecute it with all reasonable diligence toward completion.

(g) This section does not apply to a permit for construction of a reservoir designed for the storage of more than 50,000 acre-feet of water.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1987, 70th Leg., ch. 405, Sec. 2, eff. Sept. 1, 1987; Acts 2001, 77th Leg., ch. 966, Sec. 2.10, eff. Sept. 1, 2001.

Sec. 11.147. EFFECTS OF PERMIT ON BAYS AND ESTUARIES AND INSTREAM USES. (a) In this section, "beneficial inflows" means a salinity, nutrient, and sediment loading regime adequate to maintain an ecologically sound environment in the receiving bay and estuary system that is necessary for the maintenance of productivity of economically important and ecologically characteristic sport or commercial fish and shellfish species and estuarine life upon which such fish and shellfish are dependent.

(b) In its consideration of an application for a permit to store, take, or divert water, the commission shall assess the effects, if any, of the issuance of the permit on the bays and estuaries of Texas. For permits issued within an area that is 200 river miles of the coast, to commence from the mouth of the river thence inland, the commission shall include in the permit any conditions considered necessary to maintain beneficial inflows to any affected bay and estuary system, to the extent practicable when considering all public interests and the studies mandated by Section 16.058 as evaluated under Section 11.1491.

(c) For the purposes of making a determination under Subsection (b) of this section, the commission shall consider among other factors:

(1) the need for periodic freshwater inflows to supply nutrients and modify salinity to preserve the sound environment of the bay or estuary, using any available information, including studies and plans specified in Section 11.1491 of this code and other studies considered by the commission to be reliable; together with existing circumstances, natural or otherwise, that might prevent the conditions imposed from producing benefits;

(2) the ecology and productivity of the affected bay and estuary system;

(3) the expected effects on the public welfare of not including in the permit some or all of the conditions considered necessary to maintain the beneficial inflows to the affected bay or estuary system;

(4) the quantity of water requested and the proposed use of water by the applicant, as well as the needs of those who would be served by the applicant;

(5) the expected effects on the public welfare of the failure to issue all or part of the permit being considered; and

(6) for purposes of this section, the declarations as to preferences for competing uses of water as found in Sections 11.024 and 11.033, Water Code, as well as the public policy statement in Section 1.003, Water Code.

(d) In its consideration of an application to store, take, or divert water, the commission shall include in the permit, to the extent practicable when considering all public interests, those conditions considered by the commission necessary to maintain existing instream uses and water quality of the stream or river to which the application applies. In determining what conditions to include in the permit under this subsection, the commission shall consider among other factors:

(1) the studies mandated by Section 16.059; and

(2) any water quality assessment performed under Section 11.150.

(e) The commission shall include in the permit, to the extent practicable when considering all public interests, those conditions considered by the commission necessary to maintain fish and wildlife habitats. In determining what conditions to include in the permit under this subsection, the commission shall consider any assessment performed under Section 11.152.

(e-1) Any permit for a new appropriation of water or an

amendment to an existing water right that increases the amount of water authorized to be stored, taken, or diverted must include a provision allowing the commission to adjust the conditions included in the permit or amended water right to provide for protection of instream flows or freshwater inflows. With respect to an amended water right, the provision may not allow the commission to adjust a condition of the amendment other than a condition that applies only to the increase in the amount of water to be stored, taken, or diverted authorized by the amendment. This subsection does not affect an appropriation of or an authorization to store, take, or divert water under a permit or amendment to a water right issued before September 1, 2007. The commission shall adjust the conditions if the commission determines, through an expedited public comment process, that such an adjustment is appropriate to achieve compliance with applicable environmental flow standards adopted under Section 11.1471. The adjustment:

(1) in combination with any previous adjustments made under this subsection may not increase the amount of the pass-through or release requirement for the protection of instream flows or freshwater inflows by more than 12.5 percent of the annualized total of that requirement contained in the permit as issued or of that requirement contained in the amended water right and applicable only to the increase in the amount of water authorized to be stored, taken, or diverted under the amended water right;

(2) must be based on appropriate consideration of the priority dates and diversion locations of any other water rights granted in the same river basin that are subject to adjustment under this subsection; and

(3) must be based on appropriate consideration of any voluntary contributions to the Texas Water Trust, and of any voluntary amendments to existing water rights to change the use of a specified quantity of water to or add a use of a specified quantity of water for instream flows dedicated to environmental needs or bay and estuary inflows as authorized by Section 11.0237(a), that actually contribute toward meeting the applicable environmental flow standards.

(e-2) Any water right holder who makes a contribution or amends a water right as described by Subsection (e-1)(3) is entitled to appropriate credit for the benefits of the contribution or amendment against the adjustment of the holder's water right under Subsection

(e-1).

(e-3) Notwithstanding Subsections (b)-(e), for the purpose of determining the environmental flow conditions necessary to maintain freshwater inflows to an affected bay and estuary system, existing instream uses and water quality of a stream or river, or fish and aquatic wildlife habitats, the commission shall apply any applicable environmental flow standard, including any environmental flow set-aside, adopted under Section 11.1471 instead of considering the factors specified by those subsections.

(f) On receipt of an application for a permit to store, take, or divert water, the commission shall send a copy of the permit application and any subsequent amendments to the Parks and Wildlife Department. At its option, the Parks and Wildlife Department may be a party in hearings on applications for permits to store, take, or divert water. In making a final decision on any application for a permit, the commission, in addition to other information, evidence, and testimony presented, shall consider all information, evidence, and testimony presented by the Parks and Wildlife Department and the board.

(g) The failure of the Parks and Wildlife Department to appear as a party does not relieve the commission of the requirements of this section.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 133, Sec. 4.01; Acts 1987, 70th Leg., ch. 419, Sec. 3, eff. Sept. 1, 1987; Acts 1987, 70th Leg., ch. 977, Sec. 5, eff. June 19, 1987; Acts 2001, 77th Leg., ch. 966, Sec. 2.11, eff. Sept. 1, 2001; Acts 2003, 78th Leg., ch. 1242, Sec. 3, eff. June 20, 2003.

Amended by:

Acts 2007, 80th Leg., R.S., Ch. 1351 (H.B. 3), Sec. 1.13, eff. September 1, 2007.

Acts 2007, 80th Leg., R.S., Ch. 1430 (S.B. 3), Sec. 1.13, eff. September 1, 2007.

Sec. 11.1471. ENVIRONMENTAL FLOW STANDARDS AND SET-ASIDES. (a) The commission by rule shall:

(1) adopt appropriate environmental flow standards for each river basin and bay system in this state that are adequate to support

a sound ecological environment, to the maximum extent reasonable considering other public interests and other relevant factors;

(2) establish an amount of unappropriated water, if available, to be set aside to satisfy the environmental flow standards to the maximum extent reasonable when considering human water needs; and

(3) establish procedures for implementing an adjustment of the conditions included in a permit or an amended water right as provided by Sections 11.147(e-1) and (e-2).

(b) In adopting environmental flow standards for a river basin and bay system under Subsection (a)(1), the commission shall consider:

(1) the definition of the geographical extent of the river basin and bay system adopted by the advisory group under Section 11.02362(a) and the definition and designation of the river basin by the board under Section 16.051(c);

(2) the schedule established by the advisory group under Section 11.02362(d) or (e) for the adoption of environmental flow standards for the river basin and bay system, if applicable;

(3) the environmental flow analyses and the recommended environmental flow regime developed by the applicable basin and bay expert science team under Section 11.02362(m);

(4) the recommendations developed by the applicable basin and bay area stakeholders committee under Section 11.02362(o) regarding environmental flow standards and strategies to meet the flow standards;

(5) any comments submitted by the advisory group to the commission under Section 11.02362(q);

(6) the specific characteristics of the river basin and bay system;

(7) economic factors;

(8) the human and other competing water needs in the river basin and bay system;

(9) all reasonably available scientific information, including any scientific information provided by the science advisory committee; and

(10) any other appropriate information.

(c) Environmental flow standards adopted under Subsection (a)(1) must consist of a schedule of flow quantities, reflecting seasonal and yearly fluctuations that may vary geographically by

specific location in a river basin and bay system.

(d) As provided by Section 11.023, the commission may not issue a permit for a new appropriation or an amendment to an existing water right that increases the amount of water authorized to be stored, taken, or diverted if the issuance of the permit or amendment would impair an environmental flow set-aside established under Subsection (a)(2). A permit for a new appropriation or an amendment to an existing water right that increases the amount of water authorized to be stored, taken, or diverted that is issued after the adoption of an applicable environmental flow set-aside must contain appropriate conditions to ensure protection of the environmental flow set-aside.

(e) An environmental flow set-aside established under Subsection (a)(2) for a river basin and bay system other than the middle and lower Rio Grande must be assigned a priority date corresponding to the date the commission receives environmental flow regime recommendations from the applicable basin and bay expert science team and be included in the appropriate water availability models in connection with an application for a permit for a new appropriation or for an amendment to an existing water right that increases the amount of water authorized to be stored, taken, or diverted.

(f) An environmental flow standard or environmental flow set-aside adopted under Subsection (a) may be altered by the commission in a rulemaking process undertaken in accordance with a schedule established by the commission. In establishing a schedule, the commission shall consider the applicable work plan approved by the advisory group under Section 11.02362(p). The commission's schedule may not provide for the rulemaking process to occur more frequently than once every 10 years unless the work plan provides for a periodic review under Section 11.02362(p) to occur more frequently than once every 10 years. In that event, the commission may provide for the rulemaking process to be undertaken in conjunction with the periodic review if the commission determines that schedule to be appropriate. A rulemaking process undertaken under this subsection must provide for the participation of stakeholders having interests in the particular river basin and bay system for which the process is undertaken.

Added by Acts 2007, 80th Leg., R.S., Ch. 1351 (H.B. 3), Sec. 1.14, eff. September 1, 2007.

Added by Acts 2007, 80th Leg., R.S., Ch. 1430 (S.B. 3), Sec. 1.14, eff. September 1, 2007.

Sec. 11.148. EMERGENCY SUSPENSION OF PERMIT CONDITIONS AND EMERGENCY AUTHORITY TO MAKE AVAILABLE WATER SET ASIDE FOR ENVIRONMENTAL FLOWS. (a) Permit conditions relating to beneficial inflows to affected bays and estuaries and instream uses may be suspended by the commission if the commission finds that an emergency exists and cannot practically be resolved in other ways.

(a-1) State water that is set aside by the commission to meet the needs for freshwater inflows to affected bays and estuaries and instream uses under Section 11.1471(a)(2) may be made available temporarily for other essential beneficial uses if the commission finds that an emergency exists that cannot practically be resolved in another way.

(b) Before the commission suspends a permit condition under Subsection (a) or makes water available temporarily under Subsection (a-1), it must give written notice to the Parks and Wildlife Department of the proposed action. The commission shall give the Parks and Wildlife Department an opportunity to submit comments on the proposed action within 72 hours from such time and the commission shall consider those comments before issuing its order implementing the proposed action.

(c) The commission may suspend the permit condition under Subsection (a) or make water available temporarily under Subsection (a-1) without notice to any other interested party other than the Parks and Wildlife Department as provided by Subsection (b). However, all affected persons shall be notified immediately by publication, and a hearing to determine whether the suspension should be continued shall be held within 15 days of the date on which the order to suspend is issued.

Added by Acts 1985, 69th Leg., ch. 133, Sec. 4.02.

Amended by:

Acts 2007, 80th Leg., R.S., Ch. 1351 (H.B. 3), Sec. 1.15, eff. September 1, 2007.

Sec. 11.1491. EVALUATION OF BAYS AND ESTUARIES DATA. (a) The Parks and Wildlife Department and the commission shall have joint responsibility to review the studies prepared under Section 16.058, to determine inflow conditions necessary for the bays and estuaries, and to provide information necessary for water resources management. Each agency shall designate an employee to share equally in the oversight of the program. Other responsibilities shall be divided between the Parks and Wildlife Department and the commission to maximize present in-house capabilities of personnel and to minimize costs to the state. Each agency shall have reasonable access to all information produced by the other agency. Publication of reports completed under this section shall be submitted for comment to the commission, the Parks and Wildlife Department, the advisory group, the science advisory committee, and any applicable basin and bay area stakeholders committee and basin and bay expert science team.

(b) Repealed by Acts 2007, 80th Leg., R.S., Ch. 1351, Sec. 1.25, eff. September 1, 2007.

(c) The board may authorize the use of money from the research and planning fund established by Chapter 15 of this code to accomplish the purposes of this section. These funds shall be used by the commission in cooperation with the Parks and Wildlife Department for interagency contracts with cooperating agencies and universities, and contracts with private sector establishments, as necessary, to accomplish the purposes of this section.

Added by Acts 1985, 69th Leg., ch. 133, Sec. 4.02. Renumbered from Sec. 11.149 and amended by Acts 1987, 70th Leg., ch. 419, Sec. 1, eff. Sept. 1, 1987.

Amended by:

Acts 2007, 80th Leg., R.S., Ch. 1351 (H.B. 3), Sec. 1.17, eff. September 1, 2007.

Acts 2007, 80th Leg., R.S., Ch. 1430 (S.B. 3), Sec. 1.17, eff. September 1, 2007.

Acts 2007, 80th Leg., R.S., Ch. 1430 (S.B. 3), Sec. 1.25, eff. September 1, 2007.

Sec. 11.150. EFFECTS OF PERMITS ON WATER QUALITY. In consideration of an application for a permit under this subchapter, the commission shall assess the effects, if any, of the issuance of the permit on water quality in this state.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 3.001, eff. Sept. 1, 1985.

Sec. 11.1501. CONSIDERATION AND REVISION OF PLANS. In considering an application for a permit to store, take, or divert surface water, or for an amendment to a permit, certified filing, or certificate of adjudication, the commission shall consider the state water plan and any approved regional water plan for the area or areas in which the water is proposed to be stored, diverted, or used.

Added by Acts 1997, 75th Leg., ch. 1010, Sec. 4.02, eff. Sept. 1, 1997.

Sec. 11.151. EFFECTS OF PERMITS ON GROUNDWATER. In considering an application for a permit to store, take, or divert surface water, the commission shall consider the effects, if any, on groundwater or groundwater recharge.

Added by Acts 1997, 75th Leg., ch. 1010, Sec. 4.02, eff. Sept. 1, 1997.

Sec. 11.152. ASSESSMENT OF EFFECTS OF PERMITS ON FISH AND WILDLIFE HABITATS. In its consideration of an application for a permit to store, take, or divert water in excess of 5,000 acre feet per year, the commission shall assess the effects, if any, on the issuance of the permit on fish and wildlife habitats and may require the applicant to take reasonable actions to mitigate adverse impacts on such habitat. In determining whether to require an applicant to mitigate adverse impacts on a habitat, the commission may consider

any net benefit to the habitat produced by the project. The commission shall offset against any mitigation required by the U.S. Fish and Wildlife Service pursuant to 33 C.F.R. Parts 320-330 any mitigation authorized by this section.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 3.001, eff. Sept. 1, 1985. Renumbered from Sec. 11.149 by Acts 1987, 70th Leg., ch. 167, Sec. 5.01(a)(56), eff. Sept. 1, 1987.

Amended by:

Acts 2009, 81st Leg., R.S., Ch. 87 (S.B. 1969), Sec. 24.002, eff. September 1, 2009.

Sec. 11.153. PROJECTS FOR STORAGE OF APPROPRIATED WATER IN AQUIFERS. (a) The commission shall investigate the feasibility of storing appropriated water in various types of aquifers around the state by encouraging the issuance of temporary or term permits for demonstration projects for the storage of appropriated water for subsequent retrieval and beneficial use.

(b) A permit described by Subsection (a) must be for only the duration of the pilot project to provide the commission and the board further opportunity to evaluate the storage of appropriated water in aquifers for subsequent retrieval and beneficial use.

(c) At the conclusion of a pilot project, a permit holder may file an appropriate application for a permit or permit amendment. After considering the success of the project and the criteria set out in Section 11.154, the commission shall determine whether to issue a permit or permit amendment authorizing the continued storage of appropriated water in the aquifer.

(d) The commission shall only issue a final order granting a permit or amendment to a permit authorizing the storage of appropriated water in aquifers for subsequent beneficial use where completed pilot projects or historically demonstrated projects have been shown to be feasible under the criteria provided in Sections 11.154(c) and (d).

(e) The board shall participate in the study of the pilot projects authorized by Subsection (a). The pilot projects are eligible for grants from the water loan assistance fund established by Section 15.101. The board may authorize use of money from the research and planning fund established by Section 15.402 to

participate in the study of pilot projects.

Added by Acts 1995, 74th Leg., ch. 309, Sec. 2, eff. June 5, 1995.  
Amended by Acts 1997, 75th Leg., ch. 1010, Sec. 4.03, eff. Sept. 1, 1997.

Sec. 11.154. PERMITS TO STORE APPROPRIATED WATER IN AQUIFERS.

(a) An application filed with the commission to undertake a project under Section 11.153 must include:

(1) the information required for an application for a permit or permit amendment to appropriate state water;

(2) all information required for an application for a permit for a Class V injection well without requiring a separate hearing or notice; and

(3) a map or plat showing the injection facility and the aquifer in which the water will be stored.

(b) If the application is for a permit or permit amendment to store appropriated water in a groundwater reservoir or a subdivision of a groundwater reservoir, as defined by Chapter 36, that is under the jurisdiction of a groundwater conservation district:

(1) the applicant shall:

(A) provide a copy of the application to each groundwater conservation district that has jurisdiction over the reservoir or subdivision;

(B) cooperate with each district that has jurisdiction over the reservoir or subdivision to ensure compliance with the rules of each district;

(C) cooperate with each district that has jurisdiction over the reservoir or subdivision to develop rules regarding the injection, storage, and withdrawal of appropriated water stored in the aquifer; and

(D) comply with the rules governing the injection, storage, and withdrawal of appropriated water stored in the reservoir or subdivision that are adopted by each district that has jurisdiction over the reservoir or subdivision; and

(2) the commission shall require that any agreement the applicant reaches with a district that has jurisdiction over the reservoir or subdivision regarding the terms for the injection, storage, and withdrawal of appropriated water be included as a

condition of the permit or permit amendment.

(c) On receipt of an application for a permit or an amendment to an existing permit from an applicant with a completed pilot or historically demonstrated project, the commission shall evaluate the success of the project for purposes of issuing a final order granting a permit or permit amendment authorizing the storage of appropriated water incident to a beneficial use. The commission shall consider whether:

(1) the introduction of water into the aquifer will alter the physical, chemical, or biological quality of native groundwater to a degree that the introduction would:

(A) render groundwater produced from the aquifer harmful or detrimental to people, animals, vegetation, or property; or

(B) require treatment of the groundwater to a greater extent than the native groundwater requires before being applied to that beneficial use;

(2) the water stored in the receiving aquifer can be successfully harvested from the aquifer for beneficial use; and

(3) reasonable diligence will be used to protect the water stored in the receiving aquifer from unauthorized withdrawals to the extent necessary to maximize the permit holder's ability to retrieve and beneficially use the stored water without experiencing unreasonable loss of appropriated water.

(d) In making its evaluation under Subsection (c), the commission may consider all relevant facts, including:

(1) the location and depth of the aquifer in which the stored water is located;

(2) the nature and extent of the surface development and activity above the stored water;

(3) the permit holder's ability to prevent unauthorized withdrawals by contract or the exercise of the power of eminent domain;

(4) the existence of an underground water conservation district with jurisdiction over the aquifer storing the water and the district's ability to adopt rules to protect stored water; and

(5) the existence of any other political subdivision or state agency authorized to regulate the drilling of wells.

(e) A permit to store appropriated water in a groundwater reservoir or subdivision, as defined by Chapter 36, shall provide as

a condition to the permit that the permit holder shall:

(1) register the permit holder's injection and recovery wells with a groundwater conservation district that has jurisdiction over the reservoir or subdivision, if any; and

(2) each calendar month, provide the district, if any, with a written report showing for the previous calendar month:

(A) the amount of water injected for storage; and

(B) the amount of water recaptured for use.

Added by Acts 1995, 74th Leg., ch. 309, Sec. 2, eff. June 5, 1995.  
Amended by Acts 1997, 75th Leg., ch. 1010, Sec. 4.04, eff. Sept. 1, 1997.

Sec. 11.155. AQUIFER STORAGE PILOT PROJECT REPORTS. (a) On completion of each pilot project, the board and the commission jointly shall:

(1) prepare a report evaluating the success of the project; and

(2) provide copies of the report to the governor, lieutenant governor, and speaker of the house of representatives.

(b) The board shall make other studies, investigations, and surveys of the aquifers in the state as it considers necessary to determine the occurrence, quantity, quality, and availability of other aquifers in which water may be stored and subsequently retrieved for beneficial use. The board shall undertake the studies, investigations, and surveys in the following order of priority:

(1) the aquifers described in Section 11.153(a);

(2) areas designated by the commission as "priority groundwater management areas" under Section 35.008; and

(3) other areas of the state in a priority to be determined by the board's ranking of where the greatest need exists.

(c) Repealed by Acts 2003, 78th Leg., ch. 1057, Sec. 9.

Added by Acts 1995, 74th Leg., ch. 309, Sec. 2, eff. June 5, 1995.  
Amended by Acts 1997, 75th Leg., ch. 1010, Sec. 4.05, eff. Sept. 1, 1997; Acts 2003, 78th Leg., ch. 1057, Sec. 9, eff. June 20, 2003.

**SUBCHAPTER E. CANCELLATION OF PERMITS, CERTIFIED FILINGS, AND  
CERTIFICATES OF ADJUDICATION FOR NONUSE**

Sec. 11.171. DEFINITIONS. As used in this subchapter:

(1) "Other interested person" means any person other than a record holder who is interested in the permit or certified filing or any person whose direct interest would be served by the cancellation of the permit or certified filing in whole or part.

(2) "Certified filing" means a declaration of appropriation or affidavit that was filed with the State Board of Water Engineers under the provisions of Section 14, Chapter 171, General Laws, Acts of the 33rd Legislature, 1913, as amended.

(3) "Certificate of adjudication" means a certificate issued by the commission under Section 11.323 of this code.

(4) "Permit" means an authorization by the commission granting a person the right to use water.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1991, 72nd Leg., ch. 309, Sec. 1, eff. Sept. 1, 1991.

Sec. 11.172. GENERAL PRINCIPLE. A permit, certified filing, or certificate of adjudication is subject to cancellation in whole or part for 10 years nonuse as provided by this subchapter.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.173. CANCELLATION IN WHOLE OR IN PART. (a) Except as provided by Subsection (b) of this section, if all or part of the water authorized to be appropriated under a permit, certified filing, or certificate of adjudication has not been put to beneficial use at any time during the 10-year period immediately preceding the cancellation proceedings authorized by this subchapter, then the permit, certified filing, or certificate of adjudication is subject to cancellation in whole or in part, as provided by this subchapter, to the extent of the 10 years nonuse.

(b) A permit, certified filing, or certificate of adjudication or a portion of a permit, certified filing, or certificate of adjudication is exempt from cancellation under Subsection (a):

(1) to the extent of the owner's participation in the Conservation Reserve Program authorized by the Food Security Act, Pub.L. No. 99-198, Secs. 1231-1236, 99 Stat. 1354, 1509-1514 (1985)

or a similar governmental program;

(2) if a significant portion of the water authorized to be used pursuant to a permit, certified filing, or certificate of adjudication has been used in accordance with a specific recommendation for meeting a water need included in the regional water plan approved pursuant to Section 16.053;

(3) if the permit, certified filing, or certificate of adjudication:

(A) was obtained to meet demonstrated long-term public water supply or electric generation needs as evidenced by a water management plan developed by the holder; and

(B) is consistent with projections of future water needs contained in the state water plan;

(4) if the permit, certified filing, or certificate of adjudication was obtained as the result of the construction of a reservoir funded, in whole or in part, by the holder of the permit, certified filing, or certificate of adjudication as part of the holder's long-term water planning; or

(5) to the extent the nonuse resulted from:

(A) the implementation of water conservation measures under a water conservation plan submitted by the holder of the permit, certified filing, or certificate of adjudication as evidenced by implementation reports submitted by the holder;

(B) a suspension, adjustment, or other restriction on the use of the water authorized to be appropriated under the permit, certified filing, or certificate of adjudication imposed under an order issued by the executive director; or

(C) an inability to appropriate the water authorized to be appropriated under the permit, certified filing, or certificate of adjudication due to drought conditions.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1986, 69th Leg., 3rd C.S., ch. 33, Sec. 1, eff. Oct. 15, 1986; Acts 1991, 72nd Leg., ch. 309, Sec. 2, eff. Sept. 1, 1991; Acts 1997, 75th Leg., ch. 1010, Sec. 4.06, eff. Sept. 1, 1997; Acts 2001, 77th Leg., ch. 966, Sec. 2.12, eff. Sept. 1, 2001.

Amended by:

Acts 2005, 79th Leg., Ch. 1044 (H.B. [1225](#)), Sec. 1, eff. June 18, 2005.

Acts 2013, 83rd Leg., R.S., Ch. 1020 (H.B. [2615](#)), Sec. 2, eff.

September 1, 2013.

Sec. 11.174. COMMISSION MAY INITIATE PROCEEDINGS. When the commission finds that its records do not show that some portion of the water has been used during the past 10 years, the executive director may initiate proceedings, terminated by public hearing, to cancel the permit, certified filing, or certificate of adjudication in whole or in part.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.016, eff. Sept. 1, 1985; Acts 1991, 72nd Leg., ch. 309, Sec. 3, eff. Sept. 1, 1991.

Sec. 11.175. NOTICE. (a) At least 45 days before the date of the hearing, the commission shall send notice of the hearing to the holder of the permit, certified filing, or certificate of adjudication being considered for cancellation in whole or in part. Notice shall be sent by certified mail, return receipt requested, to the last address shown by the records of the commission. The commission shall also send notice by regular mail to all other holders of permits, certified filings, certificates of adjudication, and claims of unadjudicated water rights filed pursuant to Section 11.303 of this code in the same watershed.

(b) The commission shall also have the notice of the hearing published once a week for two consecutive weeks, at least 30 days before the date of the hearing, in a newspaper published in each county in which diversion of water from the source of supply was authorized or proposed to be made and in each county in which the water was authorized or proposed to be used, as shown by the records of the commission. If in any such county no newspaper is published, then the notice may be published in a newspaper having general circulation in the county.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1991, 72nd Leg., ch. 309, Sec. 4, eff. Sept. 1, 1991.

Sec. 11.176. HEARING. (a) Except as provided by Subsection (b) of this section, the commission shall hold a hearing and shall

give the holder of the permit, certified filing, or certificate of adjudication and other interested persons an opportunity to be heard and to present evidence on any matter pertinent to the questions at issue.

(b) A hearing on the cancellation of a permit, certified filing, or certificate of adjudication as provided by this chapter is unnecessary if the right to such hearing is expressly waived by the affected holder of a permit, certified filing, or certificate of adjudication.

(c) A permit, certified filing, or certificate of adjudication for a term does not vest in the holder of a permit, certified filing, or certificate of adjudication any right to the diversion, impoundment, or use of water for longer than the term of the permit, certified filing, or certificate of adjudication and shall expire and be cancelled in accordance with its terms without further need for notice or hearing.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1991, 72nd Leg., ch. 309, Sec. 5, eff. Sept. 1, 1991; Acts 1997, 75th Leg., ch. 1010, Sec. 2.12, eff. Sept. 1, 1997.

Sec. 11.177. COMMISSION FINDING; ACTION. (a) At the conclusion of the hearing, the commission shall cancel the permit, certified filing, or certificate of adjudication in whole or in part to the extent that it finds that:

(1) the water or any portion of the water appropriated under the permit, certified filing, or certificate of adjudication has not been put to an authorized beneficial use during the 10-year period; and

(2) the holder has not used reasonable diligence in applying the water or the unused portion of the water to an authorized beneficial use or is otherwise unjustified in the nonuse.

(b) In determining what constitutes reasonable diligence or a justified nonuse as used in Subsection (a)(2), the commission shall give consideration to:

(1) whether sufficient water is available in the source of supply to meet all or part of the appropriation during the 10-year period of nonuse;

(2) whether the nonuse is justified by the holder's

participation in the federal Conservation Reserve Program or a similar governmental program as provided by Section 11.173(b)(1);

(3) whether the existing or proposed authorized purpose and place of use are consistent with an approved regional water plan as provided by Section 16.053;

(4) whether the permit, certified filing, or certificate of adjudication has been deposited into the Texas Water Bank as provided by Sections 15.7031 and 15.704 or whether it can be shown that the water right or water available under the right is currently being made available for purchase through private marketing efforts; or

(5) whether the permit, certified filing, or certificate of adjudication has been reserved to provide for instream flows or bay and estuary inflows.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1991, 72nd Leg., ch. 309, Sec. 6, eff. Sept. 1, 1991; Acts 1997, 75th Leg., ch. 1010, Sec. 2.12, eff. Sept. 1, 1997; Acts 2001, 77th Leg., ch. 966, Sec. 2.13, eff. Sept. 1, 2001.

Sec. 11.183. RESERVOIR. If the holder of a permit, certified filing, or certificate of adjudication has facilities for the storage of water in a reservoir, the commission may allow him to retain the impoundment to the extent of the conservation storage capacity of the reservoir for domestic, livestock, or recreation purposes.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.184. MUNICIPAL CERTIFIED FILING. Regardless of other provisions of this subchapter, no portion of a certified filing held by a city, town, village, or municipal water district, authorizing the use of water for municipal purposes, shall be cancelled if water has been put to use under the certified filing for municipal purposes at any time during the 10-year period immediately preceding the institution of cancellation proceedings.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.185. EFFECT OF INACTION. Failure to initiate cancellation proceedings under this subchapter does not validate or improve the status of any permit, certified filing, or certificate of adjudication in whole or in part.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.186. SUBSEQUENT PROCEEDINGS ON SAME WATER RIGHT. Once cancellation proceedings have been initiated against a particular permit, certified filing, or certificate of adjudication and a hearing has been held, further cancellation proceedings shall not be initiated against the same permit, certified filing, or certificate of adjudication within the five-year period immediately following the date of the hearing.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

#### **SUBCHAPTER F. ARTESIAN WELLS**

Sec. 11.201. ARTESIAN WELL DEFINED. An artesian well is an artificial water well in which the water, when properly cased, will rise by natural pressure above the first impervious stratum below the surface of the ground.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.202. RIGHT TO DRILL ARTESIAN WELL. (a) Except as provided by this section, a person is entitled to drill an artesian well for domestic purposes or for stock raising without complying with the general provisions of this code regulating the use of water.

(b) The artesian well must be on that person's own land and must be properly and securely cased.

(c) When water is reached containing mineral or other substances injurious to vegetation or agriculture, the artesian well must be securely capped or its flow controlled so as not to injure another person's land or properly plugged so as to prevent the water

from rising above the first impervious stratum below the surface of the ground.

(d) Except as provided by Subsection (e) of this section, after September 1, 1991, and before January 1, 1994, a person may not drill and operate a free-flowing artesian well in a sole or principal source aquifer as designated by 40 C.F.R., Part 149, pursuant to Section 1424(e), Safe Drinking Water Act (42 U.S.C. 300h-3(e)) that will result in a flow of more than 5,000 gallons per minute or that is within 1,000 feet of another well if the combined flows would exceed 5,000 gallons per minute.

(e) The commission may grant for a well an exemption from the prohibition provided by Subsection (d) of this section for any beneficial use that does not waste water. The commission by rule may delegate the authority to grant exemptions under this subsection to a local water district.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1991, 72nd Leg., 2nd C.S., ch. 4, Sec. 1, eff. Aug. 29, 1991.

Sec. 11.203. ARTESIAN WELL: DRILLING RECORD. A person who drills an artesian well or has one drilled shall keep a complete and accurate record of the depth, thickness, and character of the different strata penetrated and when the well is completed shall transmit a copy of the record to the commission by registered mail.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.017, eff. Sept. 1, 1985; Acts 1997, 75th Leg., ch. 1072, Sec. 13, eff. Sept. 1, 1997.

Sec. 11.204. REPORT OF NEW ARTESIAN WELL. Within one year after an artesian well is drilled, the owner or operator shall transmit to the commission a sworn report stating the result of the drilling operation, the use to which the water will be applied, and the contemplated extent of the use.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.018, eff. Sept. 1, 1985.

Sec. 11.205. WASTING WATER FROM ARTESIAN WELL. Unless the water from an artesian well is used for a purpose and in a manner in which it may be lawfully used on the owner's land, it is waste and unlawful to wilfully cause or knowingly permit the water to run off the owner's land or to percolate through the stratum above which the water is found.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1991, 72nd Leg., 2nd C.S., ch. 4, Sec. 2, eff. Aug. 29, 1991; Acts 1997, 75th Leg., ch. 1072, Sec. 14, eff. Sept. 1, 1997.

Sec. 11.206. IMPROPERLY CASED WELL: NUISANCE. An artesian well that is not tightly cased, capped, and furnished with mechanical appliances that readily and effectively prevent water from flowing out of the well and running over the surface of the ground above the well or wasting through the strata through which it passes is a public nuisance and subject to abatement by the executive director.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1981, 67th Leg., p. 3150, ch. 828, Sec. 1, eff. June 17, 1981.

Sec. 11.207. ANNUAL REPORT. (a) Not later than March 1 of each year, a person who during any part of the preceding calendar year owned or operated an artesian well for any purpose other than domestic use shall file a report to the commission on a form supplied by the commission.

(b) The report shall state:

- (1) the quantity of water which was obtained from the well;
- (2) the nature of the uses to which the water was applied;
- (3) the change in the level of the well's water table; and
- (4) other information required by the commission.

(c) If water from the well was used for irrigation, the report shall also state the acreage and yield of each crop irrigated.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept.

1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.019, eff. Sept. 1, 1985; Acts 1987, 70th Leg., ch. 977, Sec. 6, eff. June 19, 1987.

**SUBCHAPTER G. WATER RIGHTS ADJUDICATION ACT**

Sec. 11.301. SHORT TITLE. This subchapter may be cited as the Water Rights Adjudication Act.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.302. DECLARATION OF POLICY. The conservation and best utilization of the water resources of this state are a public necessity, and it is in the interest of the people of the state to require recordation with the commission of claims of water rights which are presently unrecorded, to limit the exercise of these claims to actual use, and to provide for the adjudication and administration of water rights to the end that the surface-water resources of the state may be put to their greatest beneficial use. Therefore, this subchapter is in furtherance of the public rights, duties, and functions mentioned in this section and in response to the mandate expressed in Article XVI, Section 59 of the Texas Constitution and is in the exercise of the police powers of the state in the interest of the public welfare.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1981, 67th Leg., p. 961, ch. 367, Sec. 1, eff. June 10, 1981; Acts 1985, 69th Leg., ch. 795, Sec. 1.020, eff. Sept. 1, 1985.

Sec. 11.303. RECORDATION AND LIMITATION OF CERTAIN WATER RIGHTS CLAIMS. (a) This section applies to:

- (1) claims of riparian water rights;
- (2) claims under Section 11.143 of this code to impound, divert, or use state water for other than domestic or livestock purposes, for which no permit has been issued;
- (3) claims of water rights under the Irrigation Acts of 1889 and 1895 which were not filed with the State Board of Water Engineers in accordance with the Irrigation Act of 1913, as amended;

and

(4) other claims of water rights except claims under permits or certified filings.

(b) Any claim to which this section applies shall be recognized only if valid under existing law and only to the extent of the maximum actual application of water to beneficial use without waste during any calendar year from 1963 to 1967, inclusive. However, in any case where a claimant of a riparian right has prior to August 28, 1967, commenced or completed the construction of works designed to apply a greater quantity of water to beneficial use, the right shall be recognized to the extent of the maximum amount of water actually applied to beneficial use without waste during any calendar year from 1963 to 1970, inclusive.

(c) On or before September 1, 1969, every person claiming a water right to which this section applies shall file with the commission a statement setting forth:

- (1) the name and address of the claimant;
- (2) the location and the nature of the right claimed;
- (3) the stream or watercourse and the river basin in which the right is claimed;
- (4) the date of commencement of works;
- (5) the dates and volumes of use of water; and
- (6) other information the commission may require to show the nature and extent of the claim.

(d) A person who files a statement as provided in this section shall certify under oath that the statements made in support of his claim are true and correct to the best of his knowledge and belief.

(e) A claimant who desires recognition of a right based on use from 1968 to 1970, inclusive, as provided in Subsection (b) of this section shall file an additional sworn statement on or before July 1, 1971.

(f) The commission shall prescribe forms for the sworn statements required by this section, but use of the commission forms is not mandatory.

(g) On or before January 1, 1968, and June 1, 1969, the commission shall cause notice of the requirements of this section to be published once each week for two consecutive weeks in newspapers having general circulation in each county of the state and by first-class mail to each user of surface water who has filed a report of water use with the commission.

(h) On sworn petition, notice, and hearing as prescribed for applications for permits and upon finding of extenuating circumstances and good cause shown for failure to timely file, the commission may authorize the filing of the sworn statement or statements required by this section until entry of a preliminary determination of claims of water rights in accordance with Section 11.309 of this code which includes the area described in the petition or, if a preliminary determination has not been entered, until September 1, 1974.

(i) Since the filing of all claims to use public water is necessary for the conservation and best utilization of the water resources of the state, failure to file a sworn statement in substantial compliance with this section extinguishes and bars any claim of water rights to which this section applies.

(j) A sworn statement submitted under this section is binding on the person submitting it and his successors in interest, but is not binding on the commission or any other person in interest.

(k) Nothing in this section shall be construed to recognize any water right which did not exist before August 28, 1967.

(l) This section does not apply to use of water for domestic or livestock purposes.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1981, 67th Leg., p. 978, ch. 367, Sec. 2, eff. June 10, 1981; Acts 1985, 69th Leg., ch. 795, Sec. 1.021, eff. Sept. 1, 1985.

Sec. 11.304. ADJUDICATION OF WATER RIGHTS. The water rights in any stream or segment of a stream may be adjudicated as provided in this subchapter:

- (1) on the commission's own motion;
- (2) on petition to the commission signed by 10 or more claimants of water rights from the source of supply; or
- (3) on petition of the executive director.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1981, 67th Leg., p. 961, ch. 367, Sec. 1, eff. June 10, 1981.

Sec. 11.305. INVESTIGATION. (a) Promptly after a petition is filed under Section 11.304 of this Code, the commission shall consider whether the adjudication would be in the public interest. If the commission finds that an adjudication would be in the public interest, it shall enter an order to that effect, designating the stream or segment to be adjudicated. The executive director shall have an investigation made of the area involved in order to gather relevant data and information essential to the proper understanding of the claims of water rights involved. The results of the investigation shall be reduced to writing and made a matter of record in the commission office.

(b) In connection with the investigation, the executive director shall have a map or plat made showing with substantial accuracy the course of the stream or segment and the location of reservoirs, diversion works, and places of use, including lands which are being irrigated or have facilities for irrigation.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1981, 67th Leg., p. 978, ch. 367, Sec. 3, eff. June 10, 1981; Acts 1985, 69th Leg., ch. 795, Sec. 1.022, eff. Sept. 1, 1985.

Sec. 11.306. NOTICE OF ADJUDICATION. (a) The commission shall prepare a notice of adjudication which describes the stream or segment to be adjudicated and the date by which all claims of water rights in the stream or segment shall be filed with the commission. The date shall not be less than 90 days after the date the notice is issued.

(b) The notice shall be published once a week for two consecutive weeks in one or more newspapers having general circulation in the counties in which the stream or segment is located.

(c) The notice shall also be sent by first-class mail to each claimant of water rights whose diversion is within the stream or segment to be adjudicated, to the extent that the claimants can reasonably be ascertained from the records of the commission.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1981, 67th Leg., p. 978, ch. 367, Sec. 4, eff. June 10, 1981; Acts 1985, 69th Leg., ch. 795, Sec. 1.023, eff. Sept. 1,

1985.

Sec. 11.307. FILING OF SWORN CLAIMS. (a) Every person claiming a water right of any nature, except for domestic or livestock purposes, from the stream or segment under adjudication shall file a sworn claim with the commission within the time prescribed in the notice of adjudication, including any extensions of the prescribed time, setting forth:

- (1) the name and post-office address of the claimant;
- (2) the location and nature of the right claimed, including a description of any permit or certified filing under which the claim is made;
- (3) the purpose of the use;
- (4) a description of works and irrigated land; and
- (5) all other information necessary to show the nature and extent of the claim.

(b) The commission shall prescribe forms for claims, but use of the commission forms is not mandatory.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1981, 67th Leg., p. 961, ch. 367, Sec. 1, eff. June 10, 1981; Acts 1985, 69th Leg., ch. 795, Sec. 1.024, eff. Sept. 1, 1985.

Sec. 11.308. HEARINGS ON CLAIMS; NOTICE. The commission shall set a time and a place for hearing all claims. Not less than 30 days before commencement of the hearings, the commission shall give notice of the hearings by certified mail to all persons who have filed claims in accordance with Section 11.307 of this code, or this notice may be included in the notice of adjudication provided in Section 11.306 of this code. The hearings shall be conducted as provided in Section 11.337 of this code.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.309. PRELIMINARY DETERMINATION OF CLAIMS. (a) On completion of the hearings, the commission shall make a preliminary

determination of the claims to water rights under adjudication.

(b) One copy of the preliminary determination shall be furnished without charge to each person who filed a claim in accordance with Section 11.307 of this code. Additional copies of the preliminary determination shall be made available for public inspection at convenient locations throughout the river basin, as designated by the commission. Copies shall also be made available to other interested persons at a reasonable price, based on the cost of reproduction.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.310. EVIDENCE OPEN TO INSPECTION. All evidence presented to or considered by the commission shall be open to public inspection for a period of not less than 60 days, as fixed by the commission, after the notice prescribed in Section 11.312 of this code is issued.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.311. DATE FOR FILING CONTESTS. The commission shall set a date for filing contests on the preliminary determination, which date shall not be less than 30 days after the period for public inspection of the evidence has closed.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.312. NOTICE OF PRELIMINARY DETERMINATION; COPIES. (a) Promptly after the preliminary determination is made as provided in Section 11.309 of this code, the commission shall publish notice of the determination once a week for two consecutive weeks in one or more newspapers having general circulation in the river basin in which the stream or segment that is the subject of the adjudication is located.

(b) The commission shall also send notice by first-class mail

to each claimant of water rights within the river basin in which the stream or segment is located, to the extent that the claimants can be reasonably ascertained from the records of the commission.

(c) Each notice shall state:

(1) the place and the period of time that the preliminary determination and evidence presented to or considered by the commission will be open for public inspection;

(2) the locations throughout the river basin where copies of the preliminary determination will be available for public inspection;

(3) the method of ordering copies of the preliminary determination and the charge for copies;

(4) the date by which contests on the preliminary determination must be filed.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.025, eff. Sept. 1, 1985.

Sec. 11.313. FILING CONTESTS. (a) Any water right claimant affected by the preliminary determination, including any claimant to water rights within the river basin but outside the stream or segment under adjudication, who disputes the preliminary determination may within the time for filing contests prescribed by the commission in the notice, including any extension of the time, file a written contest with the commission, stating with reasonable certainty the grounds of his contest.

(b) The statement filed to contest a preliminary determination must be verified by an affidavit of the contestant, his agent, or his attorney.

(c) If the contest is directed against the preliminary determination of the water rights of other claimants, a copy shall be served on each of these claimants or his attorney by certified mail, and proof of service shall be filed with the commission.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.314. HEARING ON CONTEST; NOTICE. After the time for

filing contests has expired, the commission shall prepare a notice setting forth the part of the preliminary determination to which each contest is directed and the time and place of a hearing on the contest. The notice shall be sent to each claimant of water rights within the river basin in which the stream or segment is located, to the extent that the claimants can be reasonably ascertained from the records of the commission. The hearing shall be conducted as provided in Section 11.337 of this code.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1981, 67th Leg., p. 961, ch. 367, Sec. 1, eff. June 10, 1981; Acts 1985, 69th Leg., ch. 795, Sec. 1.026, eff. Sept. 1, 1985.

Sec. 11.315. FINAL DETERMINATION. On completion of the hearings on all contests, the commission shall make a final determination of the claims to water rights under adjudication. The commission shall send a copy of the final determination and any modification of the final determination to each claimant whose rights are adjudicated and to each contesting party.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.316. APPLICATION FOR REHEARING. Within 30 days from the date of the final determination, any affected party may apply to the commission for a rehearing. Applications for rehearing which in the opinion of the commission are without merit may be denied without notice to other parties, but no application for rehearing shall be granted without notice to each claimant whose rights are adjudicated and to each contesting party.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.317. FILING FINAL DETERMINATION WITH DISTRICT COURT.

(a) As soon as practicable after the disposition of all applications for rehearing, the commission shall file a certified copy of the

final determination, together with all evidence presented to or considered by the commission, in a district court of any county in which the stream or segment under adjudication is located. However, if the stream or segment under adjudication includes all or parts of three or more counties and if 10 or more affected persons who appeared in the proceedings petition the commission to do so, the commission shall file the action in a convenient district court of a judicial district which is not within the river basin of the stream or segment under adjudication.

(b) The commission shall obtain an order from the court fixing a time not less than 30 days from the date of the order for the filing of exceptions to the final determination and also fixing a time not less than 60 days from the date of the order for the commencement of hearings on exceptions.

(c) The commission shall immediately give written notice of the court order by certified mail to all parties who appeared in the proceedings before the commission. The commission shall file proof of the service with the court.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.318. EXCEPTIONS TO FINAL DETERMINATION. (a) Any affected person who appeared in the proceeding before the commission may file exceptions to the final determination. An exception must state with a reasonable degree of certainty the grounds for the exception and must specify the particular paragraphs and pages of the determination to which the exception is taken.

(b) Three copies of the exceptions shall be filed in court, and a copy shall be served on the commission. The commission shall make copies of all exceptions available at a reasonable price, based on the cost of reproduction.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.319. HEARINGS ON EXCEPTIONS. (a) The court shall hear any exceptions that have been filed. The commission and all affected persons who appeared in the proceedings before the commission are

entitled to appear and be heard on the exceptions. The court may permit other parties in interest to appear and be heard for good cause shown.

(b) The court may conduct nonjury hearings and proceedings at any convenient location within the state. Actual expenses incurred by the court outside its judicial district shall be taxed as costs.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.320. SCOPE OF JUDICIAL REVIEW. (a) In passing on exceptions, the court shall determine all issues of law and fact independently of the commission's determination. The substantial evidence rule shall not be used. The court shall not consider any exception which was not brought to the commission's attention by application for rehearing. The court shall not consider any issue of fact raised by an exception unless the record of evidence before the commission reveals that the question was genuinely in issue before the commission.

(b) A party in interest may demand a jury trial of any issue of fact, but the court may in its discretion have a separate trial with a separate jury of any such issue.

(c) The legislature declares that the provisions of this section are not severable from the remainder of this subchapter and that this subchapter would not have been passed without the inclusion of this section. If this section is for any reason held invalid, unconstitutional, or inoperative in any way, the holding applies to the entire subchapter so that the entire subchapter is null and void.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.321. EVIDENCE. Any exception heard by the court without a jury may be resolved on the record of evidence before the commission, or the court may take additional evidence or direct that additional evidence be heard by the commission.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.322. FINAL DECREE. (a) After the final hearing, the court shall enter a decree affirming or modifying the order of the commission.

(b) The court may assess the costs as it deems just.

(c) An appeal may be taken from the decree of the court in the same manner and with the same effect as in other civil cases.

(d) The final decree in every water right adjudication is final and conclusive as to all existing and prior rights and claims to the water rights in the adjudicated stream or segment of a stream. The decree is binding on all claimants to water rights outside the adjudicated stream or segment of a stream.

(e) Except for domestic and livestock purposes or rights subsequently acquired by permit, a water right is not recognized in the adjudicated stream or segment of a stream unless the right is included in the final decree of the court.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.323. CERTIFICATE OF ADJUDICATION. (a) When a final determination of the rights to the waters of a stream has been made in accordance with the procedure provided in this subchapter and the time for a rehearing has expired, the commission shall issue to each person adjudicated a water right a certificate of adjudication, signed by the presiding officer of the commission and bearing the seal of the commission.

(b) In the certificate, the commission shall include:

(1) a reference to the final decree;

(2) the name and post-office address of the holder of the adjudicated right;

(3) the priority, extent, and purpose of the adjudicated right and, if the right is for irrigation, a description of the irrigated land; and

(4) all other information in the decree relating to the adjudicated right.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 2001, 77th Leg., ch. 965, Sec. 16.02, eff. Sept. 1,

2001.

Sec. 11.324. RECORDATION OF CERTIFICATE. (a) The commission shall transmit the certificate of adjudication or a true copy to the county clerk of each county in which the appropriation is made.

(b) On receipt of the recording fee from the holder of the certificate, the county clerk shall file and record the certificate in a well-bound book provided and kept for that purpose only. The clerk shall index the certificate alphabetically under the name of the holder of the certificate of adjudication and under the name of the stream or source of water supply.

(c) When a certificate of adjudication is filed and recorded as provided in this section, the county clerk shall deliver the certificate on demand to the holder.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.325. WATER DIVISIONS. The commission shall divide the state into water divisions for the purpose of administering adjudicated water rights. Water divisions may be created from time to time as the necessity arises. The divisions shall be constituted to secure the best protection to the holders of water rights and the most economical supervision on the part of the state.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.027, eff. Sept. 1, 1985.

Sec. 11.326. APPOINTMENT OF WATERMASTER. (a) The executive director may appoint one watermaster for each water division.

(b) A watermaster holds office until a successor is appointed. The executive director may remove a watermaster at any time.

(c) The executive director may employ assistant watermasters and other employees necessary to aid a watermaster in the discharge of his duties.

(d) In a water division in which the office of watermaster is vacant, the executive director has the powers of a watermaster.

(e) The executive director shall supervise and generally direct the watermaster in the performance of his duties as defined in Section 11.327. A watermaster is responsible to the executive director for the proper performance of his duties.

(f) A person dissatisfied with any action of a watermaster may apply to the executive director for relief.

(g) For a water basin in which a watermaster is not appointed, the executive director shall:

(1) evaluate the water basin at least once every five years to determine whether a watermaster should be appointed; and

(2) report the findings and make recommendations to the commission.

(h) The commission shall:

(1) determine the criteria or risk factors to be considered in an evaluation under Subsection (g); and

(2) include the findings and recommendations under Subsection (g) in the commission's biennial report to the legislature.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1997, 75th Leg., ch. 696, Sec. 1, eff. Sept. 1, 1997.

Amended by:

Acts 2011, 82nd Leg., R.S., Ch. 1021 (H.B. 2694), Sec. 5.05, eff. September 1, 2011.

Sec. 11.3261. WATERMASTER ADVISORY COMMITTEE. (a) The executive director shall establish a watermaster advisory committee consisting of a minimum of nine members, but no more than 15 members, who are holders of water rights or representatives of holders of water rights in the water division of a watermaster. In appointing members of the advisory committee the executive director shall consider geographic representation, amount of water rights held, different types of holders of water rights and users such as water districts, municipal suppliers, irrigators, and industrial users, and experience and knowledge in water management practices.

(b) An advisory committee member is not entitled to reimbursement of expenses incurred or to compensation.

(c) An advisory committee member shall serve a term of two years from the date of initial appointment by the executive director

and hold office until a successor is appointed.

(d) The advisory committee shall meet within 30 days following initial appointment by the executive director and elect a presiding officer who shall serve on an annual basis. Following the first meeting, the committee shall meet regularly as necessary.

(e) The advisory committee's duties include:

(1) providing recommendations to the executive director regarding activities of benefit to the holders of water rights in the administration and distribution of water to holders of water rights;

(2) review and comment to the executive director on the annual budget of the watermaster operations; and

(3) other duties as may be requested by the executive director with regard to the watermaster operations or as requested by holders of water rights in a water division which the committee deems of benefit to the administration of water rights in water divisions.

Added by Acts 1997, 75th Leg., ch. 696, Sec. 2, eff. Sept. 1, 1997.

Sec. 11.327. DUTIES OF WATERMASTER. (a) A watermaster shall divide the water of the streams or other sources of supply of his division in accordance with the adjudicated water rights.

(b) A watermaster shall regulate or cause to be regulated the controlling works of reservoirs and diversion works in time of water shortage, as is necessary because of the rights existing in the streams of his division, or as is necessary to prevent the waste of water or its diversion, taking, storage, or use in excess of the quantities to which the holders of water rights are lawfully entitled.

(c) A watermaster may regulate the distribution of water from any system of works that serves users whose rights have been separately determined.

(d) A watermaster's duties shall not include activities which relate to other programs of the commission, except in situations of imminent threat to public health and safety or the environment.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1997, 75th Leg., ch. 696, Sec. 3, eff. Sept. 1, 1997.

Sec. 11.3271. POWERS AND DUTIES OF RIO GRANDE WATERMASTER;

DELIVERY OF WATER DOWN BANKS AND BED OF RIO GRANDE. (a) This section applies only to the watermaster with jurisdiction over the Rio Grande and the water division for which that watermaster is appointed.

(b) The watermaster shall divide the water of the streams or other sources of supply of the division in accordance with the adjudicated water rights.

(c) The watermaster shall regulate or cause to be regulated the controlling works of reservoirs and diversion works in time of water shortage, as is necessary because of the rights existing in the streams of the division, or as is necessary to prevent the waste of water or its diversion, taking, storage, or use in excess of the quantities to which the holders of water rights are lawfully entitled.

(d) The watermaster may regulate the distribution of water from any system of works that serves users whose rights have been separately determined.

(e) The watermaster's duties do not include activities that relate to other programs of the commission, except as provided by this section. The watermaster's duties shall include activities that relate to situations of imminent threat to public health and safety or the environment. The commission shall adopt rules:

(1) defining situations of imminent threat under this section; and

(2) addressing the watermaster's duties in response to terrorism.

(f) The watermaster may store in a reservoir for release at a later time water in transit that is being conveyed down the banks and bed of the Rio Grande under a permit issued by the commission and in accordance with rules prescribed by the commission. In this section, "water in transit" means privately owned water, not including state water, that a person has pumped from an underground reservoir and that is in transit between the point of discharge into the river and the place of use or the point of diversion by a person who has contracted with the owner of the water to purchase the water. The contract must specify that the contract is for the purchase and delivery of a specified amount of water less the carriage losses incurred in transit, as described and measured according to commission rules.

(g) The watermaster may store water under Subsection (f) only

if the storage does not hinder the ability of any other holders of Rio Grande surface water rights to store the maximum authorized capacity in a reservoir as specified by commission rules and relevant permits, certified filings, or certificates of adjudication.

(h) Before granting a permit to convey water down the banks and bed of the Rio Grande, the commission shall adopt rules that provide for the methods and procedures by which the watermaster shall account for any discharge, delivery, conveyance, storage, diversion, or associated loss of water conveyed down the banks and bed of the Rio Grande. A permit to convey water down the banks and bed of the Rio Grande may not allow the permit holder to share in any beneficial state water inflows into the Rio Grande. The permit holder is entitled to convey only the amount of water specified in the permit, less the carriage losses incurred in transit, as described and measured according to commission rules. A rule adopted by the commission under this subsection must be consistent with the Treaty Relating to the Utilization of the Waters of the Colorado and Tijuana Rivers, and of the Rio Grande (Rio Bravo) from Fort Quitman, Texas, to the Gulf of Mexico, concluded by the United States and the United Mexican States on February 3, 1944, and with any minute order adopted by the International Boundary and Water Commission.

(i) In considering an application for a permit to convey water down the banks and bed of the Rio Grande, the commission shall consider the quality of the water to be conveyed. The commission may not issue a permit if it determines that the water to be conveyed would degrade the water quality of the Rio Grande.

Text of subsec. (j) as added by Acts 2003, 78th Leg., ch. 385, Sec. 6.01

(j) Notwithstanding any other law, the watermaster is the official recorder for all instruments, including deeds, deeds of trust, financing statements, security agreements, and liens, that the commission authorizes or requires to be filed in connection with water rights relating to water in the lower, middle, or upper basin of the Rio Grande that are subject to a permit, certified filing, or certificate of adjudication. An instrument shall be filed with the watermaster under this subsection in the same manner as required by other law for the same type of instrument. The filing of an instrument under this subsection results in the same legal and administrative status and consequences as a filing under other law for the same type of instrument. An instrument filed under this

subsection shall be construed by a court, financial institution, or other affected person in the same manner as an instrument of the same type that is filed under other law. The watermaster may charge and collect a fee for the recordation of instruments under this subsection in the same amount as the fee collected by the county clerk of Cameron County for the recordation of similar instruments. The commission by rule shall prescribe the procedures necessary for the proper implementation of this subsection, including reasonable transition provisions, if appropriate.

Text of subsec. (j) as added by Acts 2003, 78th Leg., ch. 281, Sec. 1

(j) The watermaster shall maintain a central repository which shall be made available to the public that includes certified copies of all instruments, including deeds, deeds of trust, and liens, that the commission requires to be filed in connection with water rights relating to water in the lower, middle, or upper basin of the Rio Grande and that are subject to a permit, certified filing, or certificate of adjudication. On or after September 1, 2003, a lien against a water right shall not be effective against third parties unless a certified copy of the instrument is filed with the watermaster and all requirements under other law are met. The validity of any liens or filings made prior to September 1, 2003, is not affected by this section. This section does not affect the validity of a lien as between the holder of the water right and the holder of the lien or the requirements or validity of any other law governing the perfection and recordation of these instruments. The executive director may charge a fee for the filing of certified copies of instruments. A fee collected under this section shall be deposited to the credit of the watermaster fund.

(k) This section does not apply to the Rio Grande above the Fort Quitman Dam.

Added by Acts 2003, 78th Leg., ch. 281, Sec. 1, eff. Sept. 1, 2003 and Acts 2003, 78th Leg., ch. 385, Sec. 6.01, eff. Sept. 1, 2003.

Sec. 11.328. WATERMASTER'S NOTICE POSTED. If, in the performance of his duties, a watermaster regulates diversion works or the controlling works of reservoirs, he shall attach to the works a written notice, properly dated and signed, stating that the works have been properly regulated and are wholly under his control. The

notice is legal notice to all parties interested in the diversion and distribution of the water served by the diversion works or reservoir.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.329. COMPENSATION AND EXPENSES OF WATERMASTER. (a) The commission shall pay the compensation and necessary expenses of a watermaster, assistant watermasters, and other necessary employees, but the holders of water rights that have been determined or adjudicated and are to be administered by the watermaster shall reimburse the commission for the compensation and expenses. Necessary expenses shall be limited to costs associated with streamflow measurement and monitoring, water accounting, assessment billing and collection associated with a watermaster's operation, and other duties a watermaster may be required to perform under this subchapter.

(b) After the adjudication decree becomes final, and each fiscal year thereafter, the executive director shall provide notice to each holder of water rights under the decree, at least 30 days prior to the commission's holding a public hearing as provided in Subsection (c), of the proposed budget for their watermaster operations showing the amount of compensation and expenses that will be required annually for the administration of the water rights so determined. This budget shall be furnished to the watermaster advisory committee for comment at least 30 days prior to notification to each holder of water rights.

(c) The commission shall hold a public hearing on the proposed fiscal year budget for each watermaster operation. The commission shall determine the apportionment of the costs of administration of adjudicated water rights among the holders of the rights. After a public hearing, the commission shall issue an order assessing the annual cost against the holders of water rights to whom the water will be distributed under the final decree. The commission shall equitably apportion the costs. The executive director may provide for payments in installments and shall specify the dates by which payments shall be made to the commission. At the request of the watermaster advisory committee the commission may modify a fiscal year budget for any water division.

Text of subsec. (d) as amended by Acts 1997, 75th Leg., ch. 333, Sec.

3

(d) The executive director shall deposit all collections under this section to the credit of the watermaster administration account.

Text of subsec. (d) as amended by Acts 1997, 75th Leg., ch. 696, Sec.

4

(d) The executive director shall collect the assessments and shall account for assessments separately for each water division and shall deposit assessments collected to a special fund known as the watermaster fund established and governed by Section 11.3291.

(e) No water shall be diverted, taken, or stored by, or delivered to, any person while he is delinquent in the payment of his assessed costs.

(f) An order of the commission assessing costs remains in effect until the commission issues a further order. The commission may modify, revoke, or supersede an order assessing costs with a subsequent order. The commission may issue supplementary orders from time to time to apply to new diversions.

(g) The commission may not assess costs under this section against a holder of a non-priority hydroelectric right that owns or operates privately owned facilities that collectively have a capacity of less than two megawatts or against a holder of a water right placed in the Texas Water Trust for a term of at least 20 years.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.028, eff. Sept. 1, 1985; Acts 1987, 70th Leg., ch. 118, Sec. 1, eff. Aug. 31, 1987; Acts 1997, 75th Leg., ch. 333, Sec. 3, eff. Sept. 1, 1997; Acts 1997, 75th Leg., ch. 696, Sec. 4, eff. Sept. 1, 1997; Acts 1997, 75th Leg., ch. 1423, Sec. 20.01, eff. Sept. 1, 1997; Acts 2001, 77th Leg., ch. 234, Sec. 1, eff. Sept. 1, 2001.

Amended by:

Acts 2007, 80th Leg., R.S., Ch. 1351 (H.B. 3), Sec. 1.18, eff. September 1, 2007.

Acts 2007, 80th Leg., R.S., Ch. 1430 (S.B. 3), Sec. 1.18, eff. September 1, 2007.

Sec. 11.3291. WATERMASTER FUND. (a) The watermaster fund is created as a special fund in the state treasury and shall be

administered by the commission under this subchapter and rules adopted by the commission.

(b) The legislature hereby appropriates without further legislative action any funds deposited in the watermaster's fund as provided in this subchapter. The watermaster fund shall be used: (1) to pay the compensation and expenses of the watermaster in each water division; (2) to pay expenditures for equipment, facilities, and capital expenditures necessary to the watermaster operation when recommended by the watermaster advisory committee and the executive director and approved by the commission when hearings are required as provided in Section 11.329; and (3) to pay into the general revenue fund for use without further appropriation for purposes of providing overhead and administrative expenses of the commission in an amount not greater than 10 percent times the approved annual budget under this subchapter in a water division. Any amounts not used in one fiscal year shall be carried over and used for the following fiscal year's operational expenses of the watermaster.

(c) The watermaster fund shall be accounted for separately according to the appropriate water division from which the watermaster's assessment is collected.

(d) The watermaster fund shall consist of:

- (1) fees collected in each water division;
- (2) money from gifts, grants, or donations to the fund for designated or general lawful use; and
- (3) money from any other source designated by the legislature or the commission.

(e) The commission may invest, reinvest, and direct the investment of any available money in the fund as provided by law for the investment of money under Section 404.024, Government Code.

Added by Acts 1997, 75th Leg., ch. 696, Sec. 5, eff. Sept. 1, 1997.

Sec. 11.330. OUTLET FOR FREE PASSAGE OF WATER. The owner of any works for the diversion or storage of water shall maintain a substantial headgate at the point of diversion, or a gate on each discharge pipe of a pumping plant, constructed so that it can be locked at the proper place by the watermaster, or a suitable outlet in a dam to allow the free passage of water that the owner of the dam is not entitled to divert or impound. The commission shall adopt

rules, and the executive director shall enforce the rules, governing the type and location of the headgates or gates and the outlets to allow the free passage of water.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1981, 67th Leg., p. 3150, ch. 828, Sec. 1, eff. June 17, 1981; Acts 1985, 69th Leg., ch. 795, Sec. 1.029, eff. Sept. 1, 1985.

Sec. 11.331. MEASURING DEVICES. The commission, by rule, may require the owner of any works for the diversion, taking, storage, or distribution of water to construct and maintain suitable measuring devices at points that will enable the watermaster to determine the quantities of water to be diverted, taken, stored, released, or distributed in order to satisfy the rights of the respective users.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1981, 67th Leg., p. 3150, ch. 828, Sec. 1, eff. June 17, 1981; Acts 1985, 69th Leg., ch. 795, Sec. 1.029, eff. Sept. 1, 1985.

Sec. 11.332. INSTALLATION OF FLUMES. The commission, by rule, may require flumes to be installed along the line of any ditch if necessary for the protection of water rights or other property.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1981, 67th Leg., p. 3150, ch. 828, Sec. 1, eff. June 17, 1981; Acts 1985, 69th Leg., ch. 795, Sec. 1.029, eff. Sept. 1, 1985.

Sec. 11.333. FAILURE TO COMPLY WITH COMMISSION RULES. If the owner of waterworks using state water refuses or neglects to comply with the rules adopted pursuant to Section 11.330, 11.331, or 11.332 of this code, the executive director, after 10 days notice or after a period of additional time that is reasonable under the circumstances, may direct the watermaster to make adjustments of the control works to prevent the owner of the works from diverting, taking, storing, or distributing any water until he has fully complied with the rules.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1981, 67th Leg., p. 3150, ch. 828, Sec. 1, eff. June 17, 1981; Acts 1985, 69th Leg., ch. 795, Sec. 1.029, eff. Sept. 1, 1985.

Sec. 11.334. SUIT AGAINST COMMISSION FOR INJURY. Any person who is injured by an act of the commission under this subchapter may bring suit against the commission to review the action or to obtain an injunction. If the water right involved has been adjudicated as provided in this subchapter, the court shall issue an injunction only if it is shown that the commission has failed to carry into effect the decree adjudicating the water right.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.029, eff. Sept. 1, 1985.

Sec. 11.335. ADMINISTRATION OF WATER RIGHTS NOT ADJUDICATED.

(a) If any area in which water rights of record in the office of the commission have not been adjudicated, the claimants of the rights and the commission may enter into a written agreement for their administration.

(b) An agreement made under authority of this section shall provide:

(1) the basis and manner of distribution of the water to which the agreement relates;

(2) the services of a special watermaster, and assistants if necessary, to carry out the agreement; and

(3) the allocation, collection, and payment of the annual costs of administration.

(c) An agreement to administer unadjudicated water rights shall be recorded in the offices of the commission and of the county clerk of each county in which any of the works or lands affected by the agreement are located.

(d) The administration of water rights by agreement is governed by the provisions of this subchapter except as regards allocation and payment of the expenses of the administration.

(e) No agreement authorized by this section impairs any vested

right to the use of water or creates any additional rights to the use of water.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.030, eff. Sept. 1, 1985.

Sec. 11.336. ADMINISTRATION OF PERMITS ISSUED AFTER ADJUDICATION. Permits, other than temporary permits, that are issued by the commission to appropriate water from an adjudicated stream or segment are subject to administration in the same manner as is provided in this subchapter for adjudicated water rights.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.337. HEARINGS: NOTICE AND PROCEDURE. (a) The commission shall give notice of a hearing or other proceeding it orders under this subchapter in the manner prescribed in the procedural rules of the commission, unless this subchapter specifically provides otherwise.

(b) In any proceeding in any part of the state, the commission may:

- (1) take evidence, including the testimony of witnesses;
- (2) administer oaths;
- (3) issue subpoenas and compel the attendance of witnesses in the same manner as subpoenas are issued out of the courts of the state;
- (4) compel witnesses to testify and give evidence; and
- (5) order the taking of depositions and issue commissions for the taking of depositions in the same manner as depositions are obtained in civil actions.

(c) Evidence may be taken by a duly appointed reporter before the commission or before an authorized representative who has the power to administer oaths.

(d) If a person neglects or refuses to comply with an order or subpoena issued by the commission or refuses to testify on any matter about which he may be lawfully interrogated, the commission may apply to a district court of the county in which the proceeding is held to

punish him in the manner provided by law for such disobedience in civil actions.

(e) The commission may adjourn its proceedings from time to time and from place to place.

(f) When a proceeding before the commission is concluded, the commission shall render a decision as to the matters concerning which the proceeding was held.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.338. CANCELLATION OF WATER RIGHTS. Nothing in this subchapter recognizes any abandoned or cancelled water right or impairs in any way the power of the commission under general law to forfeit, cancel, or find abandoned any water right, including adjudicated water rights.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.339. UNDERGROUND WATER NOT AFFECTED. This subchapter does not apply to underground water as defined in Chapter 52 of this code.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.340. ABATEMENT OF CERTAIN CIVIL SUITS. (a) Nothing in this subchapter prevents or precludes a person who claims the right to divert water from a stream from filing and prosecuting to a conclusion a suit against other claimants of the right to divert or use water from the same stream. However, if the commission has ordered a determination of water rights as provided in this subchapter or if the commission orders such a determination within 90 days after notice of the filing of a suit, the suit shall be abated on the motion of the commission or any party in interest as to any issues involved in the water rights determination.

(b) If a suit is abated as provided in Subsection (a) of this

section, the court may grant or continue any temporary relief necessary to preserve the status quo pending a final determination of the water rights involved.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.341. LIMITATION ON ACTIONS. This subchapter does not affect any action or proceeding instituted before August 28, 1967, or any right accrued before that date except those specifically provided for in this subchapter.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

#### **SUBCHAPTER H. COURT-APPOINTED WATERMASTER**

Sec. 11.401. SCOPE OF SUBCHAPTER. The provisions of this subchapter apply to a suit if:

- (1) the state is a party;
- (2) the purpose of the suit is to determine the right of the parties to divert or use water of a surface stream; and
- (3) rights are asserted to use water in, or divert water to, not more than four counties.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.402. APPOINTMENT AND AUTHORITY OF WATERMASTER. (a) A court having jurisdiction over a suit described in Section 11.401 of this code may appoint a watermaster with power to allocate and distribute, under the supervision of the court, the water taken into judicial custody.

(b) The court may not appoint a watermaster with authority to act both upstream and downstream from an existing reservoir on any surface stream of the state. However, once a watermaster is appointed, the construction of a new reservoir does not invalidate his appointment or restrict his authority over that portion of the stream contemplated by the original order of appointment.

(c) Under terms and conditions prescribed by the court, the watermaster may incur necessary expenses, appoint necessary deputies and assistants, and perform duties and assume responsibilities delegated to him by the court.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.403. COMPENSATION OF WATERMASTER. The court shall fix the compensation of the watermaster and his staff.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.404. EXPENSES AND ASSESSMENT OF COSTS OF WATERMASTER.

(a) Except as provided by Subsection (e), the trial court shall assess the costs and expenses of the watermaster and his staff against all persons receiving an allocation of the water in judicial custody. The court shall assess the costs and expenses monthly or at other time intervals ordered by the court.

(b) The court shall assess the costs and expenses on the basis of:

- (1) acreage;
- (2) acre-feet of allocated water;
- (3) per capita; or
- (4) any other formula the court, after notice and hearing, determines to be the most equitable.

(c) During the pendency of an appeal, the trial court, in its discretion, may assess costs against some parties on one basis and against other parties on another basis.

(d) The costs and expenses are not to be taxed as ordinary court costs, but are to be considered costs necessary to protect the rights and privileges of the parties receiving allocations of water during the litigation and are to be paid by those parties.

(e) The court may not assess costs and expenses under this section against:

- (1) a holder of a non-priority hydroelectric right that owns or operates privately owned facilities that collectively have a capacity of less than two megawatts; or

(2) a holder of a water right placed in the Texas Water Trust for a term of at least 20 years.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 2001, 77th Leg., ch. 234, Sec. 2, eff. Sept. 1, 2001.

Amended by:

Acts 2007, 80th Leg., R.S., Ch. 1351 (H.B. 3), Sec. 1.19, eff. September 1, 2007.

Acts 2007, 80th Leg., R.S., Ch. 1430 (S.B. 3), Sec. 1.19, eff. September 1, 2007.

Sec. 11.405. FAILURE TO PAY ASSESSED COSTS. If the costs and expenses assessed are not paid within the time prescribed by the court, the court after notice and hearing may withdraw or limit allocations of water to any party failing or refusing to pay his share until all costs and expenses assessed against him are paid in full.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.406. JUDICIAL CUSTODY OF WATER DURING APPEAL. If a party appeals the judgment of the trial court, that court may retain custody of the water which it has previously taken into judicial custody and over which it has appointed a watermaster. Until final judgment is entered in the case, the trial court has exclusive jurisdiction to administer, allocate, and distribute the water retained in its custody, as provided in Section 11.407 of this code.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.407. ALLOCATION AND DISTRIBUTION OF WATER DURING APPEAL. During the pendency of an appeal, the trial court shall limit the allocation and distribution of the water in its custody to the parties adjudicated to have a valid right to use the water. However, if any party prosecutes an appeal and files a supersedeas bond, the trial court shall make any necessary adjustments in the

water allocations and allocate to that party the same amount of water that he received during the proceedings in the trial court.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.408. RETENTION OF WATERMASTER DURING APPEAL. During the pendency of an appeal, the trial court may retain the watermaster in office with the same authority he had during the trial proceedings.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 11.409. VIOLATIONS OF COURT ORDERS. If a party violates any order of the trial court either during trial proceedings or during an appeal, the trial court may limit or withdraw his allocation of water until he corrects the violation to the satisfaction of the court.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

#### **SUBCHAPTER I. COMMISSION-APPOINTED WATERMASTER**

Sec. 11.451. COMMISSION AUTHORITY. On petition of 25 or more holders of water rights in a river basin or segment of a river basin or on its own motion the commission may authorize the executive director to appoint a watermaster for a river basin or segment of a river basin if the commission finds that the rights of senior water rights holders in the basin or segment of the basin are threatened.

Added by Acts 1987, 70th Leg., ch. 779, Sec. 1, eff. Sept. 1, 1987.

Sec. 11.452. PROCEDURE FOR DETERMINATION. (a) On receiving a petition for appointment of a watermaster or on its own motion, the commission shall call and hold a hearing to determine if a need exists for appointment of a watermaster for the river basin or

segment of the river basin.

(b) At the hearing persons who hold water rights in the river basin or segment of the river basin may appear before the commission and submit testimony and evidence relating to the need for appointment of a watermaster.

(c) After the hearing, the commission shall make a written determination as to whether a threat exists to the rights of senior water rights holders in the river basin or segment of the river basin and shall issue an order either finding that a threat exists and directing appointment of a watermaster or denying appointment of a watermaster.

Added by Acts 1987, 70th Leg., ch. 779, Sec. 1, eff. Sept. 1, 1987.

Sec. 11.453. APPOINTMENT OF WATERMASTER. (a) On issuance of an order under Section 11.452 of this chapter directing appointment of a watermaster, the executive director shall appoint a watermaster for the river basin or segment of the river basin covered by the commission order.

(b) A person appointed as a watermaster under this section may not be:

(1) the holder of a water right in the river basin or segment of the river basin to be under his jurisdiction as watermaster;

(2) a purchaser of water from the holder of a water right in the river basin or segment of the river basin under his jurisdiction as watermaster; or

(3) a landowner of any land adjacent to the river or segment of the river under his jurisdiction as watermaster.

(c) A watermaster holds office until a successor is appointed. The executive director may remove a watermaster at any time.

(d) The executive director may employ assistant watermasters and other employees necessary to aid a watermaster in the discharge of his duties.

(e) In a segment or basin in which the office of watermaster is vacant, the executive director has the powers of a watermaster.

(f) The executive director shall supervise and generally direct the watermaster in the performance of his duties. A watermaster is responsible to the executive director for the proper performance of

his duties.

(g) A person dissatisfied with any action of a watermaster may apply to the executive director for relief.

Added by Acts 1987, 70th Leg., ch. 779, Sec. 1, eff. Sept. 1, 1987.

Sec. 11.4531. WATERMASTER ADVISORY COMMITTEE. (a) For each river basin or segment of a river basin for which the executive director appoints a watermaster under this subchapter, the executive director shall appoint a watermaster advisory committee consisting of at least nine but not more than 15 members. A member of the advisory committee must be a holder of a water right or a representative of a holder of a water right in the river basin or segment of the river basin for which the watermaster is appointed. In appointing members to the advisory committee, the executive director shall consider:

- (1) geographic representation;
- (2) amount of water rights held;
- (3) different types of holders of water rights and users, including water districts, municipal suppliers, irrigators, and industrial users; and
- (4) experience and knowledge of water management practices.

(b) An advisory committee member is not entitled to reimbursement of expenses or to compensation.

(c) An advisory committee member serves a two-year term expiring August 31 of each odd-numbered year and holds office until a successor is appointed.

(d) The advisory committee shall meet within 30 days after the date the initial appointments have been made and shall select a presiding officer to serve a one-year term. The committee shall meet regularly as necessary.

(e) The advisory committee shall:

- (1) make recommendations to the executive director regarding activities of benefit to the holders of water rights in the administration and distribution of water to holders of water rights in the river basin or segment of the river basin for which the watermaster is appointed;
- (2) review and comment to the executive director on the annual budget of the watermaster operation; and
- (3) perform other advisory duties as requested by the

executive director regarding the watermaster operation or as requested by holders of water rights and considered by the committee to benefit the administration of water rights in the river basin or segment of the river basin for which the watermaster is appointed.

Added by Acts 2007, 80th Leg., R.S., Ch. 1351 (H.B. 3), Sec. 1.20, eff. September 1, 2007.

Added by Acts 2007, 80th Leg., R.S., Ch. 1430 (S.B. 3), Sec. 1.20, eff. September 1, 2007.

Sec. 11.454. DUTIES AND AUTHORITY OF THE WATERMASTER. Section 11.327 applies to the duties and authority of a watermaster appointed for a river basin or segment of a river basin under this subchapter in the same manner as that section applies to the duties and authority of a watermaster appointed for a water division under Subchapter G.

Added by Acts 1987, 70th Leg., ch. 779, Sec. 1, eff. Sept. 1, 1987.  
Amended by:

Acts 2007, 80th Leg., R.S., Ch. 1351 (H.B. 3), Sec. 1.21, eff. September 1, 2007.

Acts 2007, 80th Leg., R.S., Ch. 1430 (S.B. 3), Sec. 1.21, eff. September 1, 2007.

Sec. 11.455. COMPENSATION AND EXPENSES OF WATERMASTER. (a) Section 11.329 applies to the payment of the compensation and expenses of a watermaster appointed for a river basin or segment of a river basin under this subchapter in the same manner as that section applies to the payment of the compensation and expenses of a watermaster appointed for a water division under Subchapter G.

(b) The executive director shall deposit the assessments collected under this section to the credit of the watermaster fund.

(c) Money deposited under this section to the credit of the watermaster fund may be used only for the purposes specified by Section 11.3291 with regard to the watermaster operation under this subchapter with regard to which the assessments were collected.

Added by Acts 1987, 70th Leg., ch. 779, Sec. 1, eff. Sept. 1, 1987.  
Amended by:

Acts 2007, 80th Leg., R.S., Ch. 1351 (H.B. 3), Sec. 1.21, eff. September 1, 2007.

Acts 2007, 80th Leg., R.S., Ch. 1430 (S.B. 3), Sec. 1.21, eff. September 1, 2007.

Sec. 11.456. MAINTAINING CURRENT STATUS. (a) To protect water rights holders in a river basin or segment of a river basin during the proceedings under Section 11.452 of this code, the commission may issue an order or orders at the beginning of the proceedings under Section 11.452 of this code or may request the attorney general to seek injunctive relief to protect the water rights holders during the proceedings.

(b) On request of the commission, the attorney general shall seek injunctive relief to carry out the purpose of Subsection (a) of this section.

(c) The commission is not required to comply with the requirements of Chapter 2001, Government Code in issuing orders under Subsection (a) of this section and there is no right of appeal from those orders.

Added by Acts 1987, 70th Leg., ch. 779, Sec. 1, eff. Sept. 1, 1987.  
Amended by Acts 1995, 74th Leg., ch. 76, Sec. 5.95(49), eff. Sept. 1, 1995.

Sec. 11.457. ASSISTANCE TO WATERMASTER. The executive director shall provide the watermaster with such staff and facilities as are necessary to carry out this subchapter.

Added by Acts 1987, 70th Leg., ch. 779, Sec. 1, eff. Sept. 1, 1987.

Sec. 11.458. APPLICATION OF SUBCHAPTER. This subchapter shall not apply to any river basin or segment of a river basin in which a watermaster has been appointed pursuant to Subchapter G or H of this chapter.

Added by Acts 1987, 70th Leg., ch. 779, Sec. 1, eff. Sept. 1, 1987.

**SUBCHAPTER J. WETLANDS**

Sec. 11.501. TITLE OF ACT. This Act shall be known and may be cited as the "Wetlands Act."

Added by Acts 1989, 71st Leg., ch. 1202, Sec. 1, eff. Aug. 28, 1989.

Sec. 11.502. DEFINITION. (1) The definition of the term "wetlands" within the State of Texas, for purposes of the Clean Water Act, 33 U.S.C. 1311, 1344; the Erodible Land and Wetland Conservation and Reserve Program, 16 U.S.C. 3801-3845; the Emergency Wetlands Resources Act of 1986, 16 U.S.C. 3901-3932; the National Environmental Policy Act of 1969, 42 U.S.C. 4321-4370a, all statutory foundation for the Federal Wildlife Service's National Wetlands Inventory mapping, including the Water Bank Program for Wetlands Preservation, 16 U.S.C. 1301-1311; the Water Resources development project (wetland areas), 42 U.S.C. 1962d-5e; and the Migratory Bird Conservation Act, 16 U.S.C. 715-715r; and all Texas laws, rules, and regulations adopted pursuant to Chapter 2001, Government Code and interpretation and implementation of any kind whatsoever of both federal and state laws by agencies of the state, including any amendment or revision thereto, relating to wetlands, means an area (including a swamp, marsh, bog, prairie pothole, or similar area) having a predominance of hydric soils that are inundated or saturated by surface or groundwater at a frequency and duration sufficient to support and that under normal circumstances supports the growth and regeneration of hydrophytic vegetation.

(2) The term "hydric soil" means soil that, in its undrained condition, is saturated, flooded, or ponded long enough during a growing season to develop an anaerobic condition that supports the growth and regeneration of hydrophytic vegetation.

(3) The term "hydrophytic vegetation" means a plant growing in: water or a substrate that is at least periodically deficient in oxygen during a growing season as a result of excessive water content.

(4) The term "wetlands" does not include:

- (A) irrigated acreage used as farmland;
- (B) man-made wetlands of less than one acre; or
- (C) man-made wetlands not constructed with wetland creation as a stated objective, including but not limited to

impoundments made for the purpose of soil and water conservation which have been approved or requested by soil and water conservation districts.

Added by Acts 1989, 71st Leg., ch. 1202, Sec. 1, eff. Aug. 28, 1989.  
Amended by Acts 1995, 74th Leg., ch. 76, Sec. 5.95(49), eff. Sept. 1, 1995.

Sec. 11.503. APPLICABILITY TO MAN-MADE WETLANDS. Section 11.502(4)(C) applies only to man-made wetlands, the construction or creation of which commences on or after the effective date of this Act.

Added by Acts 1989, 71st Leg., ch. 1202, Sec. 1, eff. Aug. 28, 1989.

Sec. 11.504. APPLICABILITY TO CERTAIN MINING-RELATED ACTIVITIES. This Act shall not apply to surface mining and reclamation.

Added by Acts 1989, 71st Leg., ch. 1202, Sec. 1, eff. Aug. 28, 1989.  
Amended by:

Acts 2009, 81st Leg., R.S., Ch. 87 (S.B. 1969), Sec. 24.003, eff. September 1, 2009.

Sec. 11.505. APPLICABILITY TO STATE REVOLVING LOAN FUND PROGRAM. This Act shall not apply to the state revolving loan fund program.

Added by Acts 1989, 71st Leg., ch. 1202, Sec. 1, eff. Aug. 28, 1989.  
Amended by:

Acts 2009, 81st Leg., R.S., Ch. 87 (S.B. 1969), Sec. 24.004, eff. September 1, 2009.

Sec. 11.506. CONFLICT BETWEEN STATE AND FEDERAL LAW. If the state definition conflicts with the federal definition in any manner, the federal definition prevails.

Added by Acts 1989, 71st Leg., ch. 1202, Sec. 1, eff. Aug. 28, 1989.  
Amended by:

Acts 2009, 81st Leg., R.S., Ch. 87 (S.B. 1969), Sec. 24.005, eff. September 1, 2009.

**SUBCHAPTER K. CONCHO RIVER WATERMASTER PROGRAM**

Sec. 11.551. DEFINITIONS. In this subchapter:

(1) "Advisory committee" means the Concho River Watermaster Advisory Committee appointed under Section 11.557.

(2) "Executive director" means the executive director of the Texas Commission on Environmental Quality.

(3) "Program" means the Concho River Watermaster Program, a division of the South Texas Watermaster established by the Texas Commission on Environmental Quality and operating pursuant to rules and regulations promulgated by the Texas Commission on Environmental Quality.

(4) "Water right holder" means a person who holds a certificated right in water under the jurisdiction of the watermaster acting under this subchapter.

(5) "Water user" means a person, including a water right holder, who uses water under the jurisdiction of the watermaster acting under this subchapter.

Added by Acts 2005, 79th Leg., Ch. 749 (H.B. 2815), Sec. 1, eff. September 1, 2005.

Sec. 11.552. CONCHO RIVER WATERMASTER PROGRAM. The Concho River Watermaster Program is established to ensure compliance with water rights in the area described by Section 11.553.

Added by Acts 2005, 79th Leg., Ch. 749 (H.B. 2815), Sec. 1, eff. September 1, 2005.

Sec. 11.553. JURISDICTION OF WATERMASTER. The geographical and jurisdictional boundaries of a watermaster acting under this subchapter shall be the Concho River segment of the Colorado River Basin that includes the Concho River and all of its tributaries, downstream on the main stem of the Concho River to a point on the

Concho River prior to reaching, and upstream of the O. H. Ivie Reservoir located at and including the diversion point of Certificate of Adjudication No. 14-1393 (River Order No. 4954450000) in Concho County.

Added by Acts 2005, 79th Leg., Ch. 749 (H.B. 2815), Sec. 1, eff. September 1, 2005.

Sec. 11.554. WATERMASTER; APPOINTMENT OF DEPUTY WATERMASTER.

(a) The watermaster for the South Texas Watermaster Program shall serve as the watermaster for the program.

(b) The watermaster shall appoint a deputy watermaster, who must reside in the area described by Section 11.553.

(c) The watermaster or deputy watermaster may not be:

(1) a water right holder in the river basin or segment of the river basin under the program's jurisdiction;

(2) a purchaser of water from a water right holder in the river basin or segment of the river basin under the program's jurisdiction; or

(3) a landowner of any land adjacent to the river or segment of the river under the program's jurisdiction.

Added by Acts 2005, 79th Leg., Ch. 749 (H.B. 2815), Sec. 1, eff. September 1, 2005.

Sec. 11.555. DUTIES AND AUTHORITY OF WATERMASTER. The watermaster has the same duties and authority under the Concho River Watermaster Program as the watermaster has under the South Texas Watermaster Program.

Added by Acts 2005, 79th Leg., Ch. 749 (H.B. 2815), Sec. 1, eff. September 1, 2005.

Sec. 11.556. APPOINTMENT OF NONVOTING MEMBER OF SOUTH TEXAS WATERMASTER ADVISORY COMMITTEE. (a) The executive director shall appoint a person who resides in the area described by Section 11.553 to the South Texas Watermaster Advisory Committee.

(b) Except as otherwise provided by this section, Section

11.3261 applies to a member of the South Texas Watermaster Advisory Committee appointed under this section.

(c) A member of the South Texas Watermaster Advisory Committee appointed under this section may attend all meetings of that committee and enter into discussions at the meetings, but the person may not vote at the meetings.

Added by Acts 2005, 79th Leg., Ch. 749 (H.B. 2815), Sec. 1, eff. September 1, 2005.

Sec. 11.557. CONCHO RIVER WATERMASTER ADVISORY COMMITTEE. (a) The Concho River Watermaster Advisory Committee consists of 13 members appointed by the executive director as follows:

(1) six members selected from nominations received, one representing the City of Paint Rock and one representing each of the following stream segments or tributaries of the Concho River: Spring Creek, Dove Creek, South Concho, Middle Concho, and main stem of the Concho below Certificate of Adjudication No. 14-1337 (River Order No. 5460010000);

(2) six members selected from a list of candidates submitted by the City of San Angelo; and

(3) one member selected at the executive director's discretion.

(b) If the executive director does not receive nominations or a list of candidates as specified under Subsection (a), after reasonable notice the executive director may appoint to the advisory committee the appropriate number of members selected at the executive director's discretion.

(c) If a vacancy occurs on the advisory committee, the executive director shall fill the vacancy for the unexpired term by appointing a person selected in the same manner as the person being replaced.

(d) An advisory committee member shall serve for a term of two years.

(e) An advisory committee member serves without compensation.

(f) The advisory committee shall:

(1) provide recommendations to the watermaster and deputy watermaster regarding activities of benefit to the water right holders in the administration and distribution of water;

(2) advise the watermaster and deputy watermaster on complaints and enforcement matters;

(3) review, hold a public hearing on, and make recommendations on the annual budget proposed by the watermaster so as to cover all costs of the Concho River Watermaster Program; and

(4) provide assistance as requested by the watermaster, deputy watermaster, or water right holders.

(g) Actions of the advisory committee in which a vote is taken must receive a two-thirds affirmative vote of the members present to be approved.

Added by Acts 2005, 79th Leg., Ch. 749 (H.B. 2815), Sec. 1, eff. September 1, 2005.

Sec. 11.558. FEES. Fees assessed under the Concho River Watermaster Program shall be of the same type and rate as those assessed under the South Texas Watermaster Program but may be adjusted as necessary to pay all expenses of the Concho River Watermaster Program. All costs of the Concho River Watermaster Program shall be assessed solely upon the water right holders subject to the Concho River Watermaster Program.

Added by Acts 2005, 79th Leg., Ch. 749 (H.B. 2815), Sec. 1, eff. September 1, 2005.

Sec. 11.559. REFERENDUM. (a) On or after September 1, 2009, a water right holder may petition the advisory committee to conduct a referendum on the continuation of the program.

(b) The advisory committee shall conduct a referendum if it receives a petition signed by at least 50 percent of the water right holders.

(c) A referendum under this section must be held on a uniform election date, as provided by Section 41.001, Election Code.

(d) Only current water right holders are eligible to vote in the referendum.

(e) If at least 60 percent of the votes in the referendum favor discontinuing the program, the program shall be discontinued.

(f) A referendum under this section cannot be held more than once every four years.

(g) For purposes of this section, a water right holder shall be considered as one water right holder regardless of the number or amount of water rights held under a permit or certificate of adjudication.

Added by Acts 2005, 79th Leg., Ch. 749 (H.B. 2815), Sec. 1, eff. September 1, 2005.

Sec. 11.560. COLORADO RIVER BASIN WATERMASTER PROGRAM. If a watermaster program is established for the entire Colorado River Basin, the Concho River Watermaster Program is discontinued, and the area described by Section 11.553 is under the jurisdiction of the watermaster for the Colorado River Basin Watermaster Program.

Added by Acts 2005, 79th Leg., Ch. 749 (H.B. 2815), Sec. 1, eff. September 1, 2005.

Sec. 11.561. APPLICABILITY OF OTHER LAW AND COMMISSION RULES. A provision of this code or a rule adopted by the commission that relates to watermasters and does not conflict with the provisions of this subchapter applies to the program established under this subchapter.

Added by Acts 2005, 79th Leg., Ch. 749 (H.B. 2815), Sec. 1, eff. September 1, 2005.

## **CHAPTER 12. PROVISIONS GENERALLY APPLICABLE TO WATER RIGHTS**

### **SUBCHAPTER A. GENERAL PROVISIONS**

Sec. 12.001. DEFINITIONS. The definitions contained in Subchapter A, Chapter 11 of this code apply to this chapter.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

### **SUBCHAPTER B. GENERAL POWERS AND DUTIES RELATING TO WATER RIGHTS**

Sec. 12.011. PERMIT APPLICATIONS. The commission shall receive, administer, and act on all applications for permits and

permit amendments:

- (1) to appropriate public water for beneficial use or storage; or
- (2) to construct works for the impoundment, storage, diversion, or transportation of public water.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.031, eff. Sept. 1, 1985.

Sec. 12.012. EVALUATION OF OUTSTANDING PERMITS. The commission shall actively and continually evaluate outstanding permits and certified filings and shall carry out measures to cancel wholly or partially the certified filings and permits that are subject to cancellation.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.031, eff. Sept. 1, 1985.

Sec. 12.013. RATE-FIXING POWER. (a) The utility commission shall fix reasonable rates for the furnishing of raw or treated water for any purpose mentioned in Chapter 11 or 12 of this code.

(b) In this section, "political subdivision" means incorporated cities, towns or villages, counties, river authorities, water districts, and other special purpose districts.

(c) The utility commission in reviewing and fixing reasonable rates for furnishing water under this section may use any reasonable basis for fixing rates as may be determined by the utility commission to be appropriate under the circumstances of the case being reviewed; provided, however, the utility commission may not fix a rate which a political subdivision may charge for furnishing water which is less than the amount required to meet the debt service and bond coverage requirements of that political subdivision's outstanding debt.

(d) The utility commission's jurisdiction under this section relating to incorporated cities, towns, or villages shall be limited to water furnished by such city, town, or village to another political subdivision on a wholesale basis.

(e) The utility commission may establish interim rates and

compel continuing service during the pendency of any rate proceeding.

(f) The utility commission may order a refund or assess additional charges from the date a petition for rate review is received by the utility commission of the difference between the rate actually charged and the rate fixed by the utility commission, plus interest at the statutory rate.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 170 (H.B. 1600), Sec. 2.07, eff. September 1, 2013.

Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 7, eff. September 1, 2013.

Sec. 12.014. USE OF COMMISSION SURVEYS; POLICY. The commission shall make use of surveys, studies, and investigations conducted by the staff of the commission in order to ascertain the character of the principal requirements of the district regional division of the watershed areas of the state for beneficial uses of water, to the end that distribution of the right to take and use state water may be more equitably administered in the public interest, that privileges granted for recognized uses may be economically coordinated so as to achieve the maximum of public value from the state's water resources, and that the distinct regional necessities for water control and conservation and for control of harmful floods may be recognized.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.031, eff. Sept. 1, 1985.

Sec. 12.015. POWER TO CONDEMN WORKS. (a) The commission may condemn existing works if their existence or operation may, in the judgment of the commission, become a public menace or dangerous to life and property.

(b) In all cases of proposed condemnation, the commission shall notify the interested party of the contemplated action and shall specify a time for him to appear and be heard.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 12.016. POWER TO INSPECT. The executive director or his authorized agent may inspect any impoundment, diversion, or distribution works during construction to determine whether or not they are being constructed in a safe manner and whether or not they are being constructed according to the order of the commission.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 12.017. POWER TO ENTER LAND. Any member or employee of the commission may enter any person's land, natural waterway, or artificial waterway for the purpose of making an investigation that would, in the judgment of the executive director, assist the commission in the discharge of its duties.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.031, eff. Sept. 1, 1985.

#### **SUBCHAPTER C. PROJECTS**

Sec. 12.051. FEDERAL PROJECTS. (a) In this section:

(1) "Federal project" means an engineering undertaking or work to construct, enlarge, or extend a dam, lake, reservoir, or other water-storage or flood-control work or a drainage, reclamation, or canalization undertaking or any combination of these financed in whole or in part with funds of the United States.

(2) "Engineering report" means the plans, data, profiles, maps, estimates, and drawings prepared in connection with a federal project.

(3) "Federal agency" means the Corps of Engineers of the United States Army, the Bureau of Reclamation of the Department of Interior, the Soil Conservation Service of the Department of Agriculture, the United States Section of the International Boundary and Water Commission, or any other agency of the United States, the function of which includes the conservation, development, retardation

by impounding, control, or study of the water resources of Texas or the United States.

(b) When the governor receives an engineering report submitted by a federal agency seeking the governor's approval of a federal project, he shall immediately forward the report to the board for its study concerning the feasibility of the federal project.

(c) The board shall hold a public hearing to receive the views of persons and groups who might be affected by the proposed federal project. The board shall publish notice of the time, date, place, nature, and purpose of the public hearing once each week for two consecutive weeks before the date stated in the notice in a newspaper having general circulation in the section of the state where the federal project is to be located or the work done.

(d) After hearing all the evidence both for and against approval of the federal project, the board shall enter its order approving or disapproving the feasibility of the federal project, and the order shall include the board's reasons for approval or disapproval.

(e) In determining feasibility, the board shall consider, among other relevant factors:

(1) the effect of the federal project on water users on the stream as certified by the commission;

(2) the public interest to be served;

(3) the development of damsites to the optimum potential for water conservation;

(4) the integration of the federal project with other water conservation activities;

(5) the protection of the state's interests in its water resources; and

(6) the engineering practicality of the federal project, including cost of construction, operation, and maintenance.

(f) The board shall forward to the governor a certified copy of its order. The board's finding that the federal project is either feasible or not feasible is final, and the governor shall notify the federal agency that the federal project has been either approved or disapproved.

(g) The provisions of this section do not apply to the state soil conservation board as long as that board is designated by the governor as the authorized state agency having supervisory responsibility to approve or disapprove of projects designed to

effectuate watershed-protection and flood-prevention programs initiated in cooperation with the United States Department of Agriculture.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.032, eff. Sept. 1, 1985; Acts 1987, 70th Leg., ch. 20, Sec. 1, eff. Sept. 1, 1987.

Sec. 12.052. DAM SAFETY. (a) The commission shall make and enforce rules and orders and shall perform all other acts necessary to provide for the safe construction, maintenance, repair, and removal of dams located in this state. In performing the commission's duties under this subsection, the commission shall identify and focus on the most hazardous dams in the state.

(b) Rules and orders made by the commission shall be made after proper notice and hearing as provided in the rules of the commission.

(b-1) The commission may enter into an agreement with an owner of a dam who is required to reevaluate the adequacy of an existing dam or spillway. The agreement may include timelines to achieve compliance with the commission's design criteria and may authorize deferral of compliance with the criteria, as appropriate.

(c) If the owner of a dam that is required to be constructed, reconstructed, repaired, or removed in order to comply with the rules and orders promulgated under Subsection (a) of this section wilfully fails or refuses to comply within the 30-day period following the date of the commission's final, nonappealable order to do so or if a person wilfully fails to comply with any rule or other order issued by the commission under this section within the 30-day period following the effective date of the order, he is liable to a penalty of not more than \$5,000 a day for each day he continues to violate this section. The state may recover the penalty by suit brought for that purpose in the district court of Travis County.

(d) If the commission determines that the existing condition of the dam is creating or will cause extensive or severe property damage or economic loss to others or is posing an immediate and serious threat to human life or health and that other procedures available to the commission to remedy or prevent the occurrence of the situation will result in unreasonable delay, the commission may issue an emergency order, either mandatory or prohibitory in nature, directing

the owner of a dam to repair, modify, maintain, dewater, or remove the dam which the commission determines is unsafe. The emergency order may be issued without notice to the dam owner or with notice the commission considers practicable under the circumstances. The notice does not have to comply with Chapter 2001, Government Code.

(e) If the commission issues an emergency order under authority of this section without notice to the dam owner, the commission shall fix a time and place for a hearing which shall be held as soon as practicable to affirm, modify, or set aside the emergency order. The notice does not have to comply with Chapter 2001, Government Code. If the nature of the commission's action requires further proceedings, those proceedings shall be conducted as appropriate under Chapter 2001, Government Code.

(e-1) The commission shall exempt an owner of a dam located on private property from meeting requirements related to dam safety if the dam:

- (1) at maximum capacity impounds less than 500 acre-feet;
- (2) has a hazard classification of low or significant;
- (3) is located in a county with a population of less than 350,000; and
- (4) is not located inside the corporate limits of a municipality.

(e-2) Notwithstanding Subsection (e-1), an owner of a dam shall comply with operation and maintenance requirements established by commission rule.

(e-3) Repealed by Acts 2013, 83rd Leg., R.S., Ch. 641, Sec. 2, eff. September 1, 2013.

(f) Nothing in this section or in rules or orders made by the commission shall be construed to relieve an owner or operator of a dam or reservoir of the legal duties, obligations, or liabilities incident to ownership or operation.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1981, 67th Leg., p. 3150, ch. 828, Sec. 1, eff. June 17, 1981; Acts 1985, 69th Leg., ch. 795, Sec. 1.033, eff. Sept. 1, 1985; Acts 1995, 74th Leg., ch. 76, Sec. 5.95(63), eff. Sept. 1, 1995; Acts 1997, 75th Leg., ch. 1010, Sec. 3.04, eff. Sept. 1, 1997.  
Amended by:

Acts 2011, 82nd Leg., R.S., Ch. 1021 (H.B. [2694](#)), Sec. 1.07, eff. September 1, 2011.

Acts 2013, 83rd Leg., R.S., Ch. 641 (H.B. 677), Sec. 1, eff. September 1, 2013.

Acts 2013, 83rd Leg., R.S., Ch. 641 (H.B. 677), Sec. 2, eff. September 1, 2013.

#### **SUBCHAPTER D. WATER DISTRICTS**

Sec. 12.081. CONTINUING RIGHT OF SUPERVISION OF DISTRICTS AND AUTHORITIES CREATED UNDER ARTICLE III, SECTION 52 AND ARTICLE XVI, SECTION 59 OF THE TEXAS CONSTITUTION. (a) The powers and duties of all districts and authorities created under Article III, Section 52 and Article XVI, Section 59 of the Texas Constitution are subject to the continuing right of supervision of the State of Texas by and through the commission or its successor, and this supervision may include but is not limited to the authority to:

(1) inquire into the competence, fitness, and reputation of the officers and directors of any district or authority;

(2) require, on its own motion or on complaint by any person, audits or other financial information, inspections, evaluations, and engineering reports;

(3) issue subpoenas for witnesses to carry out its authority under this subsection;

(4) institute investigations and hearings using examiners appointed by the commission;

(5) issue rules necessary to supervise the districts and authorities, except that such rules shall not apply to water quality ordinances adopted by any river authority which meet or exceed minimum requirements established by the commission; and

(6) the right of supervision granted herein shall not apply to matters relating to electric utility operations.

(b) The commission shall prepare and submit to the governor, lieutenant governor, and speaker of the house a report of any findings made under this section.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.034, eff. Sept. 1, 1985; Acts 1989, 71st Leg., ch. 196, Sec. 2, eff. Aug. 28, 1989; Acts 1995, 74th Leg., ch. 76, Sec. 11.283, eff. Sept. 1, 1995.

Sec. 12.082. DUTY TO INVESTIGATE FRESH WATER SUPPLY DISTRICT PROJECTS. (a) In this section:

(1) "District" means fresh water supply district.

(2) "Designated agent" means any licensed engineer selected by the executive director to perform the functions specified in this section.

(b) The commission shall investigate and report on the organization and feasibility of all districts created under Chapter 53 of this code which issue bonds under the provisions of that chapter.

(c) A district that wants to issue bonds for any purpose shall submit to the commission a written application for investigation, together with a copy of the engineer's report and a copy of the data, profiles, maps, plans, and specifications made in connection with the engineer's report.

(d) The executive director or his designated agent shall examine the application and other information and shall visit the project and carefully inspect it. The executive director or his designated agent may ask for and shall be supplied with additional data and information requisite to a reasonable and careful investigation of the project and proposed improvements.

(e) The executive director or his designated agent shall file with the commission written suggestions for changes and improvements and shall furnish a copy of the suggestions to the board of the district. If the commission finally approves or refuses to approve the project or the issuance of bonds for the improvements it shall make a full written report, file it in its office, and furnish a copy of the report to the board of the district.

(f) During the course of construction of the project and improvements, no substantial alterations shall be made in the plans and specifications without the approval of the executive director. The executive director or his designated agent has full authority to inspect the improvements at any time during construction to determine if the project is being constructed in accordance with approved plans and specifications.

(g) If the executive director finds that the project is not being constructed in accordance with the approved plans and specifications, the executive director immediately shall notify in writing by certified mail each member of the board of the district and its manager. If, within 10 days after the notice is mailed, the

board of the district does not take steps to insure that the project is being constructed in accordance with the approved plans and specifications, the executive director shall give written notice of that fact to the attorney general.

(h) After the attorney general receives the notice, he may bring an action for injunctive relief, or he may bring quo warranto proceedings against the directors. Venue for either of these actions is exclusively in the district of Travis County.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.035, eff. Sept. 1, 1985.

Sec. 12.083. DISTRICTS; CREATION, INVESTIGATIONS AND BONDS.

(a) The commission succeeds to the duties and responsibilities of the Texas Water Rights Commission with regard to the creation of districts as defined by Section 50.001(1) of this code and to approve or disapprove the issuance of the bonds of all such districts.

(b) The executive director shall investigate and report on the organization and feasibility of all districts as defined by Section 50.001(1) of this code.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

**SUBCHAPTER E. FEES**

Sec. 12.112. FEES: EXEMPTIONS. (a) The commission, the board, and the Parks and Wildlife Commission are exempted from payment of any filing, recording, or use fees required by this code.

(b) The board is exempt from payment of any other fees required by this code or any other statute relating to applications for water rights or amendments thereto or relating to water resources administration to the extent the board has not contracted for the sale of water under a water right on which such fees are based.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.036, eff. Sept. 1, 1985; Acts 1993, 73rd Leg., ch. 647, Sec. 4, eff. Aug. 30, 1993.

Sec. 12.113. DISPOSITION OF FEES, ETC. (a) The commission shall immediately deposit in the State Treasury the fees and charges it collects.

(b) The commission shall deposit all costs collected under Subchapter G, Chapter 11 of this code in the State Treasury to the credit of the watermaster administration account, from which the commission shall pay all expenses necessary to efficiently administer and perform the duties described in Sections 11.325 through 11.335 of this code.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.036, eff. Sept. 1, 1985; Acts 1997, 75th Leg., ch. 333, Sec. 4, eff. Sept. 1, 1997.

Sec. 12.114. DISPOSITION OF FEES PENDING DETERMINATION. The commission shall hold all fees, except filing fees, which are paid with an application until the commission finally determines whether the application should be granted. If the application is not granted, the commission shall return the fees to the applicant.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.036, eff. Sept. 1, 1985.

## **CHAPTER 13. WATER RATES AND SERVICES**

### **SUBCHAPTER A. GENERAL PROVISIONS**

Sec. 13.001. LEGISLATIVE POLICY AND PURPOSE. (a) This chapter is adopted to protect the public interest inherent in the rates and services of retail public utilities.

(b) The legislature finds that:

(1) retail public utilities are by definition monopolies in the areas they serve;

(2) the normal forces of competition that operate to regulate prices in a free enterprise society do not operate for the reason stated in Subdivision (1) of this subsection; and

(3) retail public utility rates, operations, and services are regulated by public agencies, with the objective that this regulation will operate as a substitute for competition.

(c) The purpose of this chapter is to establish a comprehensive

regulatory system that is adequate to the task of regulating retail public utilities to assure rates, operations, and services that are just and reasonable to the consumers and to the retail public utilities.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 3.005, eff. Sept. 1, 1985. Amended by Acts 1989, 71st Leg., ch. 567, Sec. 1, eff. Sept. 1, 1989.

Sec. 13.002. DEFINITIONS. In this chapter:

(1) "Affected person" means any landowner within an area for which a certificate of public convenience and necessity is filed, any retail public utility affected by any action of the regulatory authority, any person or corporation whose utility service or rates are affected by any proceeding before the regulatory authority, or any person or corporation that is a competitor of a retail public utility with respect to any service performed by the retail public utility or that desires to enter into competition.

(1-a) "Landowner," "owner of a tract of land," and "owners of each tract of land" include multiple owners of a single deeded tract of land as shown on the appraisal roll of the appraisal district established for each county in which the property is located.

(2) "Affiliated interest" or "affiliate" means:

(A) any person or corporation owning or holding directly or indirectly five percent or more of the voting securities of a utility;

(B) any person or corporation in any chain of successive ownership of five percent or more of the voting securities of a utility;

(C) any corporation five percent or more of the voting securities of which is owned or controlled directly or indirectly by a utility;

(D) any corporation five percent or more of the voting securities of which is owned or controlled directly or indirectly by any person or corporation that owns or controls directly or indirectly five percent or more of the voting securities of any utility or by any person or corporation in any chain of successive ownership of five percent of those utility securities;

(E) any person who is an officer or director of a utility or of any corporation in any chain of successive ownership of five percent or more of voting securities of a public utility;

(F) any person or corporation that the utility commission, after notice and hearing, determines actually exercises any substantial influence or control over the policies and actions of a utility or over which a utility exercises such control or that is under common control with a utility, such control being the possession directly or indirectly of the power to direct or cause the direction of the management and policies of another, whether that power is established through ownership or voting of securities or by any other direct or indirect means; or

(G) any person or corporation that the utility commission, after notice and hearing, determines is exercising substantial influence over the policies and actions of the utility in conjunction with one or more persons or corporations with which they are related by ownership or blood relationship, or by action in concert, that together they are affiliated within the meaning of this section, even though no one of them alone is so affiliated.

(3) "Allocations" means, for all retail public utilities, the division of plant, revenues, expenses, taxes and reserves between municipalities or between municipalities and unincorporated areas, where those items are used for providing water or sewer utility service in a municipality or for a municipality and unincorporated areas.

(4) "Board" means the Texas Water Development Board.

(4-a) "Class A utility" means a public utility that provides retail water or sewer utility service through 10,000 or more taps or connections.

(4-b) "Class B utility" means a public utility that provides retail water or sewer utility service through 500 or more taps or connections but fewer than 10,000 taps or connections.

(4-c) "Class C utility" means a public utility that provides retail water or sewer utility service through fewer than 500 taps or connections.

(5) "Commission" means the Texas Commission on Environmental Quality.

(6) "Commissioner" means a member of the commission.

(7) "Corporation" means any corporation, joint-stock company, or association, domestic or foreign, and its lessees,

assignees, trustees, receivers, or other successors in interest, having any of the powers or privileges of corporations not possessed by individuals or partnerships but does not include municipal corporations unless expressly provided in this chapter.

(8) "Executive director" means the executive director of the commission.

(9) "Facilities" means all the plant and equipment of a retail public utility, including all tangible and intangible real and personal property without limitation, and any and all means and instrumentalities in any manner owned, operated, leased, licensed, used, controlled, furnished, or supplied for, by, or in connection with the business of any retail public utility.

(10) "Incident of tenancy" means water or sewer service, provided to tenants of rental property, for which no separate or additional service fee is charged other than the rental payment.

(11) "Member" means a person who holds a membership in a water supply or sewer service corporation and is a record owner of a fee simple title to property in an area served by a water supply or sewer service corporation or a person who is granted a membership and who either currently receives or will be eligible to receive water or sewer utility service from the corporation. In determining member control of a water supply or sewer service corporation, a person is entitled to only one vote regardless of the number of memberships the person owns.

(12) "Municipality" means cities existing, created, or organized under the general, home-rule, or special laws of this state.

(13) "Municipally owned utility" means any utility owned, operated, and controlled by a municipality or by a nonprofit corporation whose directors are appointed by one or more municipalities.

(14) "Order" means the whole or a part of the final disposition, whether affirmative, negative, injunctive, or declaratory in form, of the regulatory authority in a matter other than rulemaking, but including issuance of certificates of convenience and necessity and rate setting.

(15) "Person" includes natural persons, partnerships of two or more persons having a joint or common interest, mutual or cooperative associations, water supply or sewer service corporations, and corporations.

(16) "Proceeding" means any hearing, investigation, inquiry, or other fact-finding or decision-making procedure under this chapter and includes the denial of relief or the dismissal of a complaint.

(17) "Rate" means every compensation, tariff, charge, fare, toll, rental, and classification or any of those items demanded, observed, charged, or collected whether directly or indirectly by any retail public utility for any service, product, or commodity described in Subdivision (23) of this section and any rules, regulations, practices, or contracts affecting that compensation, tariff, charge, fare, toll, rental, or classification.

(18) "Regulatory authority" means, in accordance with the context in which it is found, the commission, the utility commission, or the governing body of a municipality.

(19) "Retail public utility" means any person, corporation, public utility, water supply or sewer service corporation, municipality, political subdivision or agency operating, maintaining, or controlling in this state facilities for providing potable water service or sewer service, or both, for compensation.

(20) "Retail water or sewer utility service" means potable water service or sewer service, or both, provided by a retail public utility to the ultimate consumer for compensation.

(21) "Service" means any act performed, anything furnished or supplied, and any facilities or lines committed or used by a retail public utility in the performance of its duties under this chapter to its patrons, employees, other retail public utilities, and the public, as well as the interchange of facilities between two or more retail public utilities.

(22) "Test year" means the most recent 12-month period, beginning on the first day of a calendar or fiscal year quarter, for which operating data for a retail public utility are available.

(22-a) "Utility commission" means the Public Utility Commission of Texas.

(23) "Water and sewer utility," "public utility," or "utility" means any person, corporation, cooperative corporation, affected county, or any combination of these persons or entities, other than a municipal corporation, water supply or sewer service corporation, or a political subdivision of the state, except an affected county, or their lessees, trustees, and receivers, owning or operating for compensation in this state equipment or facilities for

the transmission, storage, distribution, sale, or provision of potable water to the public or for the resale of potable water to the public for any use or for the collection, transportation, treatment, or disposal of sewage or other operation of a sewage disposal service for the public, other than equipment or facilities owned and operated for either purpose by a municipality or other political subdivision of this state or a water supply or sewer service corporation, but does not include any person or corporation not otherwise a public utility that furnishes the services or commodity only to itself or its employees or tenants as an incident of that employee service or tenancy when that service or commodity is not resold to or used by others.

(24) "Water supply or sewer service corporation" means a nonprofit corporation organized and operating under Chapter 67 that provides potable water service or sewer service for compensation and that has adopted and is operating in accordance with by-laws or articles of incorporation which ensure that it is member-owned and member-controlled. The term does not include a corporation that provides retail water or sewer service to a person who is not a member, except that the corporation may provide retail water or sewer service to a person who is not a member if the person only builds on or develops property to sell to another and the service is provided on an interim basis before the property is sold.

(25) "Wholesale water or sewer service" means potable water or sewer service, or both, provided to a person, political subdivision, or municipality who is not the ultimate consumer of the service.

(26) "Affected county" is a county to which Subchapter B, Chapter 232, Local Government Code, applies.

Sec. 13.004. JURISDICTION OF UTILITY COMMISSION OVER CERTAIN WATER SUPPLY OR SEWER SERVICE CORPORATIONS. (a) Notwithstanding any other law, the utility commission has the same jurisdiction over a water supply or sewer service corporation that the utility commission has under this chapter over a water and sewer utility if the utility commission finds that the water supply or sewer service corporation:

(1) is failing to conduct annual or special meetings in compliance with Section 67.007; or

(2) is operating in a manner that does not comply with the requirements for classifications as a nonprofit water supply or sewer service corporation prescribed by Sections 13.002(11) and (24).

(b) If the water supply or sewer service corporation voluntarily converts to a special utility district operating under Chapter 65, the utility commission's jurisdiction provided by this section ends.

#### **SUBCHAPTER B. ADMINISTRATIVE PROVISIONS**

Sec. 13.011. EMPLOYEES. (a) The utility commission and the executive director of the commission, subject to approval, as applicable, by the utility commission or the commission, shall employ any engineering, accounting, and administrative personnel necessary to carry out each agency's powers and duties under this chapter.

(b) The executive director and the commission's staff are responsible for the gathering of information relating to all matters within the jurisdiction of the commission under this subchapter. The utility commission and the utility commission's staff are responsible for the gathering of information relating to all matters within the jurisdiction of the utility commission under this subchapter. The duties of the utility commission, the executive director, and the staff of the utility commission or commission, as appropriate, include:

(1) accumulation of evidence and other information from water and sewer utilities, from the utility commission or commission, as appropriate, and the governing body of the respective agency, and from other sources for the purposes specified by this chapter;

(2) preparation and presentation of evidence before the utility commission or commission, as appropriate, or its appointed examiner in proceedings;

(3) conducting investigations of water and sewer utilities under the jurisdiction of the utility commission or commission, as appropriate;

(4) preparation of recommendations that the utility commission or commission, as appropriate, undertake an investigation of any matter within its jurisdiction;

(5) preparation of recommendations and a report for inclusion in the annual report of the utility commission or commission, as appropriate;

(6) protection and representation of the public interest before the utility commission or commission, as appropriate; and

(7) other activities that are reasonably necessary to enable the utility commission and the executive director and the

staff of the utility commission or commission, as appropriate, to perform their duties.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 3.005, eff. Sept. 1, 1985.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 170 (H.B. 1600), Sec. 2.10, eff. September 1, 2013.

Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 10, eff. September 1, 2013.

Sec. 13.014. ATTORNEY GENERAL TO REPRESENT COMMISSION OR UTILITY COMMISSION. The attorney general shall represent the commission or the utility commission under this chapter in all matters before the state courts and any court of the United States.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 3.005, eff. Sept. 1, 1985.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 170 (H.B. 1600), Sec. 2.11, eff. September 1, 2013.

Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 11, eff. September 1, 2013.

Sec. 13.015. INFORMAL PROCEEDING. A proceeding involving a retail public utility as defined by Section 13.002 of this code may be an informal proceeding, except that the proceeding is subject to the public notice requirements of this chapter and the rules and orders of the regulatory authority involved.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 3.005, eff. Sept. 1, 1985. Amended by Acts 1987, 70th Leg., ch. 539, Sec. 3, eff. Sept. 1, 1987; Acts 1989, 71st Leg., ch. 567, Sec. 3, eff. Sept. 1, 1989.

Sec. 13.016. RECORD OF PROCEEDINGS; RIGHT TO HEARING. A record shall be kept of all proceedings before the regulatory authority, unless all parties waive the keeping of the record, and all the parties are entitled to be heard in person or by attorney.

Added by Acts 1987, 70th Leg., ch. 539, Sec. 4, eff. Sept. 1, 1987.

Sec. 13.017. OFFICE OF PUBLIC UTILITY COUNSEL; POWERS AND DUTIES. (a) In this section, "counsellor" and "office" have the meanings assigned by Section 11.003, Utilities Code.

(b) The independent Office of Public Utility Counsel represents the interests of residential and small commercial consumers under this chapter. The office:

(1) shall assess the effect of utility rate changes and other regulatory actions on residential consumers in this state;

(2) shall advocate in the office's own name a position determined by the counsellor to be most advantageous to a substantial number of residential consumers;

(3) may appear or intervene, as a party or otherwise, as a matter of right on behalf of:

(A) residential consumers, as a class, in any proceeding before the utility commission, including an alternative dispute resolution proceeding; and

(B) small commercial consumers, as a class, in any proceeding in which the counsellor determines that small commercial consumers are in need of representation, including an alternative dispute resolution proceeding;

(4) may initiate or intervene as a matter of right or otherwise appear in a judicial proceeding:

(A) that involves an action taken by an administrative agency in a proceeding, including an alternative dispute resolution proceeding, in which the counsellor is authorized to appear; or

(B) in which the counsellor determines that residential consumers or small commercial consumers are in need of representation;

(5) is entitled to the same access as a party, other than utility commission staff, to records gathered by the utility commission under Section 13.133;

(6) is entitled to discovery of any nonprivileged matter that is relevant to the subject matter of a proceeding or petition before the utility commission;

(7) may represent an individual residential or small commercial consumer with respect to the consumer's disputed complaint concerning retail utility services that is unresolved before the

utility commission;

(8) may recommend legislation to the legislature that the office determines would positively affect the interests of residential and small commercial consumers; and

(9) may conduct consumer outreach and education programs for residential and small commercial consumers.

(c) This section does not:

(1) affect a duty the office is required to perform under other law; or

(2) limit the authority of the utility commission to represent residential or small commercial consumers.

(d) The appearance of the counsellor in a proceeding does not preclude the appearance of other parties on behalf of residential or small commercial consumers. The counsellor may not be grouped with any other party.

Added by Acts 2013, 83rd Leg., R.S., Ch. 170 (H.B. 1600), Sec. 2.12, eff. September 1, 2013.

Added by Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 12, eff. September 1, 2013.

### **SUBCHAPTER C. JURISDICTION**

Sec. 13.041. GENERAL POWERS OF UTILITY COMMISSION AND COMMISSION; RULES; HEARINGS. (a) The utility commission may regulate and supervise the business of each water and sewer utility within its jurisdiction, including ratemaking and other economic regulation. The commission may regulate water and sewer utilities within its jurisdiction to ensure safe drinking water and environmental protection. The utility commission and the commission may do all things, whether specifically designated in this chapter or implied in this chapter, necessary and convenient to the exercise of these powers and jurisdiction. The utility commission may consult with the commission as necessary in carrying out its duties related to the regulation of water and sewer utilities.

(b) The commission and the utility commission shall adopt and enforce rules reasonably required in the exercise of powers and jurisdiction of each agency, including rules governing practice and procedure before the commission and the utility commission.

(c) The commission and the utility commission may call and hold

hearings, administer oaths, receive evidence at hearings, issue subpoenas to compel the attendance of witnesses and the production of papers and documents, and make findings of fact and decisions with respect to administering this chapter or the rules, orders, or other actions of the commission or the utility commission.

(c-1) In addition to the powers and duties of the State Office of Administrative Hearings under Title 2, Utilities Code, the utility commission may delegate to an administrative law judge of the State Office of Administrative Hearings the responsibility and authority to issue interlocutory orders related to interim rates under this chapter.

(d) The utility commission may issue emergency orders, with or without a hearing:

(1) to compel a water or sewer service provider that has obtained or is required to obtain a certificate of public convenience and necessity to provide continuous and adequate water service, sewer service, or both, if the discontinuance of the service is imminent or has occurred because of the service provider's actions or failure to act; and

(2) to compel a retail public utility to provide an emergency interconnection with a neighboring retail public utility for the provision of temporary water or sewer service, or both, for not more than 90 days if service discontinuance or serious impairment in service is imminent or has occurred.

(e) The utility commission may establish reasonable compensation for the temporary service required under Subsection (d)(2) and may allow the retail public utility receiving the service to make a temporary adjustment to its rate structure to ensure proper payment.

(f) If an order is issued under Subsection (d) without a hearing, the order shall fix a time, as soon after the emergency order is issued as is practicable, and place for a hearing to be held before the utility commission.

(g) The regulatory assessment required by Section 5.701(n) is not a rate and is not reviewable by the utility commission under Section 13.043. The commission has the authority to enforce payment and collection of the regulatory assessment.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 3.005, eff. Sept. 1, 1985. Amended by Acts 1987, 70th Leg., ch. 539, Sec. 5, eff. Sept.

1, 1987; Acts 1989, 71st Leg., ch. 567, Sec. 4, eff. Sept. 1, 1989; Acts 1991, 72nd Leg., 1st C.S., ch. 3, Sec. 4.02, eff. Sept. 1, 1991. Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 170 (H.B. 1600), Sec. 2.13, eff. September 1, 2013.

Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 13, eff. September 1, 2013.

Sec. 13.042. JURISDICTION OF MUNICIPALITY; ORIGINAL AND APPELLATE JURISDICTION OF UTILITY COMMISSION. (a) Subject to the limitations imposed in this chapter and for the purpose of regulating rates and services so that those rates may be fair, just, and reasonable and the services adequate and efficient, the governing body of each municipality has exclusive original jurisdiction over all water and sewer utility rates, operations, and services provided by a water and sewer utility within its corporate limits.

(b) The governing body of a municipality by ordinance may elect to have the utility commission exercise exclusive original jurisdiction over the utility rates, operation, and services of utilities, within the incorporated limits of the municipality.

(c) The governing body of a municipality that surrenders its jurisdiction to the utility commission may reinstate its jurisdiction by ordinance at any time after the second anniversary of the date on which the municipality surrendered its jurisdiction to the utility commission, except that the municipality may not reinstate its jurisdiction during the pendency of a rate proceeding before the utility commission. The municipality may not surrender its jurisdiction again until the second anniversary of the date on which the municipality reinstates jurisdiction.

(d) The utility commission shall have exclusive appellate jurisdiction to review orders or ordinances of those municipalities as provided in this chapter.

(e) The utility commission shall have exclusive original jurisdiction over water and sewer utility rates, operations, and services not within the incorporated limits of a municipality exercising exclusive original jurisdiction over those rates, operations, and services as provided in this chapter.

(f) This subchapter does not give the utility commission power or jurisdiction to regulate or supervise the rates or service of a

utility owned and operated by a municipality, directly or through a municipally owned corporation, within its corporate limits or to affect or limit the power, jurisdiction, or duties of a municipality that regulates land and supervises water and sewer utilities within its corporate limits, except as provided by this code.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 3.005, eff. Sept. 1, 1985. Amended by Acts 1987, 70th Leg., ch. 539, Sec. 6, eff. Sept. 1, 1987; Acts 1989, 71st Leg., ch. 567, Sec. 5, eff. Sept. 1, 1989. Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 170 (H.B. 1600), Sec. 2.14, eff. September 1, 2013.

Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 14, eff. September 1, 2013.

Sec. 13.0421. RATES CHARGED BY CERTAIN MUNICIPALLY OWNED UTILITIES. (a) This section applies to a municipally owned water and sewer utility that on January 1, 1989, required some or all of its wholesale customers to assess a surcharge for service against residential customers who reside outside the municipality's municipal boundaries.

(b) A municipality may not require a municipal utility district to assess a surcharge against users of water or sewer service prior to the annexation of the municipal utility district.

Added by Acts 1989, 71st Leg., ch. 567, Sec. 8, eff. Sept. 1, 1989.

Sec. 13.043. APPELLATE JURISDICTION. (a) Any party to a rate proceeding before the governing body of a municipality may appeal the decision of the governing body to the utility commission. This subsection does not apply to a municipally owned utility. An appeal under this subsection must be initiated within 90 days after the date of notice of the final decision by the governing body, or within 30 days if the appeal relates to the rates of a Class A utility, by filing a petition for review with the utility commission and by serving copies on all parties to the original rate proceeding. The utility commission shall hear the appeal de novo and shall fix in its final order the rates the governing body should have fixed in the action from which the appeal was taken and may include reasonable

expenses incurred in the appeal proceedings. The utility commission may establish the effective date for the utility commission's rates at the original effective date as proposed by the utility provider and may order refunds or allow a surcharge to recover lost revenues. The utility commission may consider only the information that was available to the governing body at the time the governing body made its decision and evidence of reasonable expenses incurred in the appeal proceedings.

(b) Ratepayers of the following entities may appeal the decision of the governing body of the entity affecting their water, drainage, or sewer rates to the utility commission:

(1) a nonprofit water supply or sewer service corporation created and operating under Chapter 67;

(2) a utility under the jurisdiction of a municipality inside the corporate limits of the municipality;

(3) a municipally owned utility, if the ratepayers reside outside the corporate limits of the municipality;

(4) a district or authority created under Article III, Section 52, or Article XVI, Section 59, of the Texas Constitution that provides water or sewer service to household users; and

(5) a utility owned by an affected county, if the ratepayer's rates are actually or may be adversely affected. For the purposes of this section ratepayers who reside outside the boundaries of the district or authority shall be considered a separate class from ratepayers who reside inside those boundaries.

(c) An appeal under Subsection (b) must be initiated by filing a petition for review with the utility commission and the entity providing service within 90 days after the effective day of the rate change or, if appealing under Subdivision (b)(2) or (5), within 90 days after the date on which the governing body of the municipality or affected county makes a final decision. The petition must be signed by the lesser of 10,000 or 10 percent of those ratepayers whose rates have been changed and who are eligible to appeal under Subsection (b).

(d) In an appeal under Subsection (b) of this section, each person receiving a separate bill is considered a ratepayer, but one person may not be considered more than one ratepayer regardless of the number of bills the person receives. The petition for review is considered properly signed if signed by a person, or the spouse of a person, in whose name utility service is carried.

(e) In an appeal under Subsection (b), the utility commission shall hear the appeal de novo and shall fix in its final order the rates the governing body should have fixed in the action from which the appeal was taken. The utility commission may establish the effective date for the utility commission's rates at the original effective date as proposed by the service provider, may order refunds or allow a surcharge to recover lost revenues, and may allow recovery of reasonable expenses incurred by the retail public utility in the appeal proceedings. The utility commission may consider only the information that was available to the governing body at the time the governing body made its decision and evidence of reasonable expenses incurred by the retail public utility in the appeal proceedings. The rates established by the utility commission in an appeal under Subsection (b) remain in effect until the first anniversary of the effective date proposed by the retail public utility for the rates being appealed or until changed by the service provider, whichever date is later, unless the utility commission determines that a financial hardship exists.

(f) A retail public utility that receives water or sewer service from another retail public utility or political subdivision of the state, including an affected county, may appeal to the utility commission a decision of the provider of water or sewer service affecting the amount paid for water or sewer service. An appeal under this subsection must be initiated within 90 days after the date of notice of the decision is received from the provider of water or sewer service by the filing of a petition by the retail public utility.

(g) An applicant for service from an affected county or a water supply or sewer service corporation may appeal to the utility commission a decision of the county or water supply or sewer service corporation affecting the amount to be paid to obtain service other than the regular membership or tap fees. In addition to the factors specified under Subsection (j), in an appeal brought under this subsection the utility commission shall determine whether the amount paid by the applicant is consistent with the tariff of the water supply or sewer service corporation and is reasonably related to the cost of installing on-site and off-site facilities to provide service to that applicant. If the utility commission finds the amount charged to be clearly unreasonable, it shall establish the fee to be paid for that applicant. An appeal under this subsection must be

initiated within 90 days after the date written notice is provided to the applicant or member of the decision of an affected county or water supply or sewer service corporation relating to the applicant's initial request for that service. A determination made by the utility commission on an appeal under this subsection is binding on all similarly situated applicants for service, and the utility commission may not consider other appeals on the same issue until the applicable provisions of the tariff of the water supply or sewer service corporation are amended.

(h) The utility commission may, on a motion by the utility commission or by the appellant under Subsection (a), (b), or (f), establish interim rates to be in effect until a final decision is made.

(i) The governing body of a municipally owned utility or a political subdivision, within 60 days after the date of a final decision on a rate change, shall provide individual written notice to each ratepayer eligible to appeal who resides outside the boundaries of the municipality or the political subdivision. The notice must include, at a minimum, the effective date of the new rates, the new rates, and the location where additional information on rates can be obtained. The governing body of a municipally owned utility or a political subdivision may provide the notice electronically if the utility or political subdivision has access to a ratepayer's e-mail address.

(j) In an appeal under this section, the utility commission shall ensure that every rate made, demanded, or received by any retail public utility or by any two or more retail public utilities jointly shall be just and reasonable. Rates shall not be unreasonably preferential, prejudicial, or discriminatory but shall be sufficient, equitable, and consistent in application to each class of customers. The utility commission shall use a methodology that preserves the financial integrity of the retail public utility. For agreements between municipalities the utility commission shall consider the terms of any wholesale water or sewer service agreement in an appellate rate proceeding.

(k) Not later than the 30th day after the date of a final decision on a rate change, the commissioners court of an affected county shall provide written notice to each ratepayer eligible to appeal. The notice must include the effective date of the new rates, the new rates, and the location where additional information on rates

may be obtained.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 3.005, eff. Sept. 1, 1985. Amended by Acts 1987, 70th Leg., ch. 539, Sec. 7, eff. Sept. 1, 1987; Acts 1989, 71st Leg., ch. 567, Sec. 6, eff. Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 15, eff. September 1, 2013.

Sec. 13.044. RATES CHARGED BY MUNICIPALITY TO DISTRICT. (a) This section applies to rates charged by a municipality for water or sewer service to a district created pursuant to Article XVI, Section 59, of the Texas Constitution, or to the residents of such district, which district is located within the corporate limits or the extraterritorial jurisdiction of the municipality and the resolution, ordinance, or agreement of the municipality consenting to the creation of the district requires the district to purchase water or sewer service from the municipality.

(b) Notwithstanding the provisions of any resolution, ordinance, or agreement, a district may appeal the rates imposed by the municipality by filing a petition with the utility commission. The utility commission shall hear the appeal de novo and the municipality shall have the burden of proof to establish that the rates are just and reasonable. The utility commission shall fix the rates to be charged by the municipality and the municipality may not increase such rates without the approval of the utility commission.

Added by Acts 1989, 71st Leg., ch. 567, Sec. 7, eff. Sept. 1, 1989.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 170 (H.B. 1600), Sec. 2.16, eff.

September 1, 2013.

Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 16, eff. September 1, 2013.

Sec. 13.045. NOTIFICATION REGARDING USE OF REVENUE. At least annually and before any rate increase, a municipality shall notify in writing each water and sewer retail customer of any service or capital expenditure not water or sewer related funded in whole or in part by customer revenue.

Added by Acts 1997, 75th Leg., ch. 1010, Sec. 6.28, eff. Sept. 1, 1997.

Sec. 13.046. TEMPORARY RATES FOR SERVICES PROVIDED FOR NONFUNCTIONING SYSTEM; SANCTIONS FOR NONCOMPLIANCE. (a) The utility commission by rule shall establish a procedure that allows a retail public utility that takes over the provision of services for a nonfunctioning retail water or sewer utility service provider to charge a reasonable rate for the services provided to the customers of the nonfunctioning system and to bill the customers for the services at that rate immediately to recover service costs.

(b) The rules must provide a streamlined process that the retail public utility that takes over the nonfunctioning system may use to apply to the utility commission for a ruling on the reasonableness of the rates the utility is charging under Subsection (a). The process must allow for adequate consideration of costs for interconnection or other costs incurred in making services available and of the costs that may necessarily be incurred to bring the nonfunctioning system into compliance with utility commission and commission rules.

(c) The utility commission shall provide a reasonable period for the retail public utility that takes over the nonfunctioning system to bring the nonfunctioning system into compliance with utility commission and commission rules during which the utility commission or the commission may not impose a penalty for any deficiency in the system that is present at the time the utility takes over the nonfunctioning system. The utility commission must consult with the utility before determining the period and may grant

an extension of the period for good cause.

#### **SUBCHAPTER D. MUNICIPALITIES AND COUNTIES**

Sec. 13.081. FRANCHISES. This chapter may not be construed as in any way limiting the rights and powers of a municipality to grant or refuse franchises to use the streets and alleys within its limits and to make the statutory charges for their use, but no provision of any franchise agreement may limit or interfere with any power conferred on the utility commission by this chapter. If a municipality performs regulatory functions under this chapter, it may make such other charges as may be provided in the applicable franchise agreement, together with any other charges permitted by this chapter.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 3.005, eff. Sept. 1, 1985.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 170 (H.B. 1600), Sec. 2.18, eff. September 1, 2013.

Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 18, eff. September 1, 2013.

Sec. 13.082. LOCAL UTILITY SERVICE; EXEMPT AND NONEXEMPT AREAS.

(a) Notwithstanding any other provision of this section, municipalities shall continue to regulate each kind of local utility service inside their boundaries until the utility commission has assumed jurisdiction over the respective utility pursuant to this chapter.

(b) If a municipality does not surrender its jurisdiction, local utility service within the boundaries of the municipality shall be exempt from regulation by the utility commission under this

chapter to the extent that this chapter applies to local service, and the municipality shall have, regarding service within its boundaries, the right to exercise the same regulatory powers under the same standards and rules as the utility commission or other standards and rules not inconsistent with them. The utility commission's rules relating to service and response to requests for service for utilities operating within a municipality's corporate limits apply unless the municipality adopts its own rules.

(c) Notwithstanding any election, the utility commission may consider water and sewer utilities' revenues and return on investment in exempt areas in fixing rates and charges in nonexempt areas and may also exercise the powers conferred necessary to give effect to orders under this chapter for the benefit of nonexempt areas. Likewise, in fixing rates and charges in the exempt area, the governing body may consider water and sewer utilities' revenues and return on investment in nonexempt areas.

(d) Utilities serving exempt areas are subject to the reporting requirements of this chapter. Those reports and tariffs shall be filed with the governing body of the municipality as well as with the utility commission.

(e) This section does not limit the duty and power of the utility commission to regulate service and rates of municipally regulated water and sewer utilities for service provided to other areas in Texas.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 3.005, eff. Sept. 1, 1985. Amended by Acts 1989, 71st Leg., ch. 567, Sec. 9, eff. Sept. 1, 1989.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 170 (H.B. 1600), Sec. 2.19, eff. September 1, 2013.

Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 19, eff. September 1, 2013.

Sec. 13.083. RATE DETERMINATION. A municipality regulating its water and sewer utilities under this chapter shall require from those utilities all necessary data to make a reasonable determination of rate base, expenses, investment, and rate of return within the municipal boundaries. The standards for this determination shall be

based on the procedures and requirements of this chapter, and the municipality shall retain any personnel necessary to make the determination of reasonable rates required under this chapter.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 3.005, eff. Sept. 1, 1985.

Sec. 13.084. AUTHORITY OF GOVERNING BODY; COST REIMBURSEMENT. The governing body of any municipality or the commissioners court of an affected county shall have the right to select and engage rate consultants, accountants, auditors, attorneys, engineers, or any combination of these experts to conduct investigations, present evidence, advise and represent the governing body, and assist with litigation on water and sewer utility ratemaking proceedings. The water and sewer utility engaged in those proceedings shall be required to reimburse the governing body or the commissioners court for the reasonable costs of those services and shall be allowed to recover those expenses through its rates with interest during the period of recovery.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 3.005, eff. Sept. 1, 1985. Amended by Acts 1989, 71st Leg., ch. 567, Sec. 10, eff. Sept. 1, 1989; Acts 1995, 74th Leg., ch. 979, Sec. 9, eff. June 16, 1995.

Sec. 13.085. ASSISTANCE BY UTILITY COMMISSION. On request, the utility commission may advise and assist municipalities and affected counties in connection with questions and proceedings arising under this chapter. This assistance may include aid to municipalities or an affected county in connection with matters pending before the utility commission, the courts, the governing body of any municipality, or the commissioners court of an affected county, including making members of the staff available to them as witnesses and otherwise providing evidence.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 3.005, eff. Sept. 1, 1985. Amended by Acts 1995, 74th Leg., ch. 979, Sec. 10, eff. June 16, 1995.

September 1, 2013.

Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 20, eff. September 1, 2013.

Sec. 13.086. FAIR WHOLESale RATES FOR WHOLESale WATER SALES TO A WATER DISTRICT. (a) A municipality that makes a wholesale sale of water to a special district created under Section 52, Article III, or Section 59, Article XVI, Texas Constitution, and that operates under Title 4 or under Chapter 36 shall determine the rates for that sale on the same basis as for other similarly situated wholesale purchasers of the municipality's water.

(b) This section does not apply to a sale of water under a contract executed before the effective date of this section.

Added by Acts 1997, 75th Leg., ch. 1010, Sec. 6.29, eff. Sept. 1, 1997.

Sec. 13.087. MUNICIPAL RATES FOR CERTAIN RECREATIONAL VEHICLE PARKS. (a) In this section:

(1) "Nonsubmetered master metered utility service" means potable water service that is master metered but not submetered and wastewater service that is based on master metered potable water service.

(2) "Recreational vehicle" includes a:

(A) "house trailer" as that term is defined by Section 501.002, Transportation Code; and

(B) "towable recreational vehicle" as that term is defined by Section 541.201, Transportation Code.

(3) "Recreational vehicle park" means a commercial property:

(A) that is designed primarily for recreational vehicle transient guest use; and

(B) for which fees for site service connections for recreational vehicles, as defined by Section 522.004(b), Transportation Code, are paid daily, weekly, or monthly.

(b) A municipally owned utility that provides nonsubmetered master metered utility service to a recreational vehicle park shall determine the rates for that service on the same basis the utility

uses to determine the rates for other commercial businesses that serve transient customers and receive nonsubmetered master metered utility service from the utility.

(b-1) A municipally owned utility that provides nonsubmetered master metered utility service to a recreational vehicle park may not charge a recreational vehicle park a fee that the utility does not charge other commercial businesses that serve transient customers and receive nonsubmetered master metered utility service from the utility.

(c) Notwithstanding any other provision of this chapter, the utility commission has jurisdiction to enforce this section.

Added by Acts 2005, 79th Leg., Ch. 523 (H.B. 841), Sec. 1, eff. September 1, 2005.

Acts 2013, 83rd Leg., R.S., Ch. 991 (H.B. 2152), Sec. 1, eff. September 1, 2013.

#### **SUBCHAPTER E. RECORDS, REPORTS, INSPECTIONS, RATES, AND SERVICES**

Sec. 13.131. RECORDS OF UTILITY; RATES, METHODS, AND ACCOUNTS.

(a) Every water and sewer utility shall keep and render to the regulatory authority in the manner and form prescribed by the utility commission uniform accounts of all business transacted. The utility commission may also prescribe forms of books, accounts, records, and memoranda to be kept by those utilities, including the books, accounts, records, and memoranda of the rendition of and capacity for service as well as the receipts and expenditures of money, and any other forms, records, and memoranda that in the judgment of the utility commission may be necessary to carry out this chapter.

(b) In the case of a utility subject to regulation by a federal regulatory agency, compliance with the system of accounts prescribed for the particular class of utilities by that agency may be considered a sufficient compliance with the system prescribed by the

utility commission. However, the utility commission may prescribe forms of books, accounts, records, and memoranda covering information in addition to that required by the federal agency. The system of accounts and the forms of books, accounts, records, and memoranda prescribed by the utility commission for a utility or class of utilities may not conflict or be inconsistent with the systems and forms established by a federal agency for that utility or class of utilities.

(c) The utility commission shall fix proper and adequate rates and methods of depreciation, amortization, or depletion of the several classes of property of each utility and shall require every utility to carry a proper and adequate depreciation account in accordance with those rates and methods and with any other rules the utility commission prescribes. Rules adopted under this subsection must require the book cost less net salvage of depreciable utility plant retired to be charged in its entirety to the accumulated depreciation account in a manner consistent with accounting treatment of regulated electric and gas utilities in this state. Those rates, methods, and accounts shall be utilized uniformly and consistently throughout the rate-setting and appeal proceedings.

(d) Every utility shall keep separate accounts to show all profits or losses resulting from the sale or lease of appliances, fixtures, equipment, or other merchandise. A profit or loss may not be taken into consideration by the regulatory authority in arriving at any rate to be charged for service by a utility to the extent that the merchandise is not integral to the provision of utility service.

(e) Every utility is required to keep and render its books, accounts, records, and memoranda accurately and faithfully in the manner and form prescribed by the utility commission and to comply with all directions of the regulatory authority relating to those books, accounts, records, and memoranda. The regulatory authority may require the examination and audit of all accounts.

(f) In determining the allocation of tax savings derived from application of methods such as liberalized depreciation and amortization and the investment tax credit, the regulatory authority shall equitably balance the interests of present and future customers and shall apportion those benefits between consumers and the utilities accordingly. If any portion of the investment tax credit has been retained by a utility, that amount shall be deducted from the original cost of the facilities or other addition to the rate

base to which the credit applied to the extent allowed by the Internal Revenue Code.

(g) Repealed by Acts 1987, 70th Leg., ch. 539, Sec. 32, eff. Sept. 1, 1987.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 3.005, eff. Sept. 1, 1985. Amended by Acts 1987, 70th Leg., ch. 539, Sec. 32, eff. Sept. 1, 1987.

Amended by:

Acts 2009, 81st Leg., R.S., Ch. 1242 (S.B. 2306), Sec. 1, eff. June 19, 2009.

Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 22, eff. September 1, 2013.

Sec. 13.132. POWERS OF UTILITY COMMISSION. (a) The utility commission may:

(1) require that water and sewer utilities report to it any information relating to themselves and affiliated interests both inside and outside this state that it considers useful in the administration of this chapter, including any information relating to a transaction between the utility and an affiliated interest inside or outside this state, to the extent that the transaction is subject to the utility commission's jurisdiction;

(2) establish forms for all reports;

(3) determine the time for reports and the frequency with which any reports are to be made;

(4) require that any reports be made under oath;

(5) require that a copy of any contract or arrangement between any utility and any affiliated interest be filed with it and require that such a contract or arrangement that is not in writing be reduced to writing;

(6) require that a copy of any report filed with any federal agency or any governmental agency or body of any other state be filed with it; and

(7) require that a copy of annual reports showing all payments of compensation, other than salary or wages subject to the withholding of federal income tax, made to residents of Texas, or

with respect to legal, administrative, or legislative matters in Texas, or for representation before the Texas Legislature or any governmental agency or body be filed with it.

(b) On the request of the governing body of any municipality, the utility commission may provide sufficient staff members to advise and consult with the municipality on any pending matter.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 3.005, eff. Sept. 1, 1985.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 170 (H.B. 1600), Sec. 2.23, eff. September 1, 2013.

Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 23, eff. September 1, 2013.

Sec. 13.1325. ELECTRONIC COPIES OF RATE INFORMATION. On request, the utility commission shall provide, at a reasonable cost, electronic copies of or Internet access to all information provided to the utility commission under Sections 13.016 and 13.043 and Subchapter F to the extent that the information is available and is not confidential. Copies of all information provided to the utility commission shall be provided to the Office of Public Utility Counsel, on request, at no cost to the office.

Added by Acts 2011, 82nd Leg., R.S., Ch. 1021 (H.B. 2694), Sec. 7.01, eff. September 1, 2011.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 170 (H.B. 1600), Sec. 2.24, eff. September 1, 2013.

Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 24, eff. September 1, 2013.

Sec. 13.133. INSPECTIONS; EXAMINATION UNDER OATH; COMPELLING PRODUCTION OF RECORDS; INQUIRY INTO MANAGEMENT AND AFFAIRS. (a) Any regulatory authority and, when authorized by the regulatory authority, its counsel, agents, and employees may, at reasonable times and for reasonable purposes, inspect and obtain copies of the papers, books, accounts, documents, and other business records and inspect the plant, equipment, and other property of any utility

within its jurisdiction. The regulatory authority may examine under oath or may authorize the person conducting the investigation to examine under oath any officer, agent, or employee of any utility in connection with the investigation.

(b) The regulatory authority may require, by order or subpoena served on any utility, the production within this state at the time and place it may designate of any books, accounts, papers, or records kept by that utility outside the state or verified copies of them if the regulatory authority so orders. A utility failing or refusing to comply with such an order or subpoena violates this chapter.

(c) A member, agent, or employee of the regulatory authority may enter the premises occupied by a utility to make inspections, examinations, and tests and to exercise any authority provided by this chapter.

(d) A member, agent, or employee of the regulatory authority may act under this section only during reasonable hours and after giving reasonable notice to the utility.

(e) The utility is entitled to be represented when inspections, examinations, and tests are made on its premises. Reasonable time for the utility to secure a representative shall be allowed before beginning an inspection, examination, or test.

(f) The regulatory authority may inquire into the management and affairs of all utilities and shall keep itself informed as to the manner and method in which they are conducted and may obtain all information to enable it to perform management audits. The utility shall report to the regulatory authority on the status of the implementation of the recommendations of the audit and shall file subsequent reports at the times the regulatory authority considers appropriate.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 3.005, eff. Sept. 1, 1985. Amended by Acts 1989, 71st Leg., ch. 567, Sec. 11, eff. Sept. 1, 1989.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 170 (H.B. 1600), Sec. 2.25, eff. September 1, 2013.

Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 25, eff. September 1, 2013.

Sec. 13.134. REPORT OF ADVERTISING OR PUBLIC RELATIONS EXPENSES. (a) The regulatory authority may require an annual report from each utility company of all its expenditures for business gifts and entertainment and institutional, consumption-inducing, and other advertising or public relations expenses.

(b) The regulatory authority shall not allow as costs or expenses for ratemaking purposes any of the expenditures that the regulatory authority determines not to be in the public interest. The cost of legislative advocacy expenses shall not in any case be allowed as costs or expenses for ratemaking purposes.

(c) Reasonable charitable or civic contributions may be allowed not to exceed the amount approved by the regulatory authority.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 3.005, eff. Sept. 1, 1985.

Sec. 13.135. UNLAWFUL RATES, RULES, AND REGULATIONS. A utility may not charge, collect, or receive any rate for utility service or impose any rule or regulation other than as provided in this chapter.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 3.005, eff. Sept. 1, 1985.

Sec. 13.136. FILING TARIFFS OF RATES, RULES, AND REGULATIONS; ANNUAL FINANCIAL REPORT. (a) Every utility shall file with each regulatory authority tariffs showing all rates that are subject to the original or appellate jurisdiction of the regulatory authority and that are in force at the time for any utility service, product, or commodity offered. Every utility shall file with and as a part of those tariffs all rules and regulations relating to or affecting the rates, utility service, product, or commodity furnished.

(b) The utility commission by rule shall require each utility to annually file a service, financial, and normalized earnings report in a form and at times specified by utility commission rule. The report must include information sufficient to enable the utility commission to properly monitor utilities in this state. The utility commission shall make available to the public information in the report the utility does not file as confidential.

(b-1) The utility commission shall provide copies of a report

described by Subsection (b) that include information filed as confidential to the Office of Public Utility Counsel on request, at no cost to the office.

(c) Every water supply or sewer service corporation shall file with the utility commission tariffs showing all rates that are subject to the appellate jurisdiction of the utility commission and that are in force at the time for any utility service, product, or commodity offered. Every water supply or sewer service corporation shall file with and as a part of those tariffs all rules and regulations relating to or affecting the rates, utility service, product, or commodity furnished. The filing required under this subsection shall be for informational purposes only.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 3.005, eff. Sept. 1, 1985. Amended by Acts 1987, 70th Leg., ch. 539, Sec. 8, eff. Sept. 1, 1987; Acts 1989, 71st Leg., ch. 567, Sec. 12, eff. Sept. 1, 1989; Acts 1991, 72nd Leg., ch. 678, Sec. 3, eff. Sept. 1, 1991.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 170 (H.B. 1600), Sec. 2.26, eff. September 1, 2013.

Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 26, eff. September 1, 2013.

Sec. 13.137. OFFICE AND OTHER BUSINESS LOCATIONS OF UTILITY; RECORDS; REMOVAL FROM STATE. (a) Every utility shall:

(1) make available and notify its customers of a business location where its customers may make payments to prevent disconnection of or to restore service:

(A) in each county in which the utility provides service; or

(B) not more than 20 miles from the residence of any residential customer if there is no location to receive payments in the county; and

(2) have an office in a county of this state or in the immediate area in which its property or some part of its property is located in which it shall keep all books, accounts, records, and memoranda required by the utility commission to be kept in this state.

(b) The utility commission by rule may provide for waiving the

requirements of Subsection (a)(1) for a utility for which meeting those requirements would cause a rate increase or otherwise harm or inconvenience customers. The rules must provide for an additional 14 days to be given for a customer to pay before a utility that is granted a waiver may disconnect service for late payment.

(c) Books, accounts, records, or memoranda required by the regulatory authority to be kept in the state may not be removed from the state, except on conditions prescribed by the utility commission.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 3.005, eff. Sept. 1, 1985. Amended by Acts 1989, 71st Leg., ch. 567, Sec. 13, eff. Sept. 1, 1989; Acts 2001, 77th Leg., ch. 966, Sec. 10.01, eff. Sept. 1, 2001.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 170 (H.B. 1600), Sec. 2.27, eff. September 1, 2013.

Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 27, eff. September 1, 2013.

Sec. 13.138. COMMUNICATIONS BY UTILITIES WITH REGULATORY AUTHORITY; REGULATIONS AND RECORDS. The regulatory authority may prescribe regulations governing communications by utilities and their affiliates and their representatives with the regulatory authority or any member or employee of the regulatory authority.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 3.005, eff. Sept. 1, 1985. Amended by Acts 1989, 71st Leg., ch. 567, Sec. 14, eff. Sept. 1, 1989.

Sec. 13.139. STANDARDS OF SERVICE. (a) Every retail public utility that possesses or is required to possess a certificate of public convenience and necessity and every district and affected county that furnishes retail water or sewer utility service, shall furnish the service, instrumentalities, and facilities as are safe, adequate, efficient, and reasonable.

(b) The governing body of a municipality, as the regulatory authority for public utilities operating within its corporate limits, and the utility commission or the commission as the regulatory authority for public utilities operating outside the corporate limits

of any municipality, after reasonable notice and hearing on its own motion, may:

(1) ascertain and fix just and reasonable standards, classifications, regulations, service rules, minimum service standards or practices to be observed and followed with respect to the service to be furnished;

(2) ascertain and fix adequate and reasonable standards for the measurement of the quantity, quality, pressure, or other condition pertaining to the supply of the service;

(3) prescribe reasonable regulations for the examination and testing of the service and for the measurement of service; and

(4) establish or approve reasonable rules, regulations, specifications, and standards to secure the accuracy of all meters, instruments, and equipment used for the measurement of any utility service.

(c) Any standards, classifications, regulations, or practices observed or followed by any utility may be filed by it with the regulatory authority and shall continue in force until amended by the utility or until changed by the regulatory authority in accordance with this section.

(d) Not later than the 90th day after the date on which a retail public utility that has a certificate of public convenience and necessity reaches 85 percent of its capacity, as compared to the commission's minimum capacity requirements for a public drinking water system, the retail public utility shall submit to the executive director a planning report that includes details on how the retail public utility will provide the expected service to the remaining areas within the boundaries of its certificated area. The executive director may waive the reporting requirement if the executive director finds that the projected growth of the area will not require the utility to exceed its capacity. The commission by rule may require the submission of revised reports at specified intervals.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 3.005, eff. Sept. 1, 1985. Amended by Acts 1989, 71st Leg., ch. 567, Sec. 15, eff. Sept. 1, 1989; Acts 1991, 72nd Leg., ch. 678, Sec. 4, eff. Sept. 1, 1991; Acts 1995, 74th Leg., ch. 76, Sec. 11.285, eff. Sept. 1, 1995; Acts 1995, 74th Leg., ch. 400, Sec. 3, eff. Sept. 1, 1995; Acts 1995, 74th Leg., ch. 979, Sec. 11, eff. June 16, 1995.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 170 (H.B. 1600), Sec. 2.28, eff. September 1, 2013.

Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 28, eff. September 1, 2013.

Sec. 13.1395. STANDARDS OF EMERGENCY OPERATIONS. (a) In this section:

(1) "Affected utility" means a retail public utility, exempt utility, or provider or conveyor of potable or raw water service that furnishes water service to more than one customer:

(A) in a county with a population of 3.3 million or more; or

(B) in a county with a population of 550,000 or more adjacent to a county with a population of 3.3 million or more.

(2) "Emergency operations" means the operation of a water system during an extended power outage at a minimum water pressure of 35 pounds per square inch.

(3) "Extended power outage" means a power outage lasting for more than 24 hours.

(b) An affected utility shall:

(1) ensure the emergency operation of its water system during an extended power outage as soon as safe and practicable following the occurrence of a natural disaster; and

(2) adopt and submit to the commission for its approval an emergency preparedness plan that demonstrates the utility's ability to provide emergency operations.

(c) The commission shall review an emergency preparedness plan submitted under Subsection (b). If the commission determines that the plan is not acceptable, the commission shall recommend changes to the plan. The commission must make its recommendations on or before the 90th day after the commission receives the plan. In accordance with commission rules, an emergency preparedness plan shall provide for one of the following:

(1) the maintenance of automatically starting auxiliary generators;

(2) the sharing of auxiliary generator capacity with one or more affected utilities;

(3) the negotiation of leasing and contracting agreements, including emergency mutual aid agreements with other retail public

utilities, exempt utilities, or providers or conveyors of potable or raw water service, if the agreements provide for coordination with the division of emergency management in the governor's office;

(4) the use of portable generators capable of serving multiple facilities equipped with quick-connect systems;

(5) the use of on-site electrical generation or distributed generation facilities;

(6) hardening the electric transmission and distribution system serving the water system;

(7) for existing facilities, the maintenance of direct engine or right angle drives; or

(8) any other alternative determined by the commission to be acceptable.

(d) Each affected utility that supplies, provides, or conveys surface water shall include in its emergency preparedness plan under Subsection (b) provisions for the actual installation and maintenance of automatically starting auxiliary generators or distributive generation facilities for each raw water intake pump station, water treatment plant, pump station, and pressure facility necessary to provide water to its wholesale customers.

(e) The commission shall adopt rules to implement this section as an alternative to any rule requiring elevated storage.

(f) The commission shall provide an affected utility with access to the commission's financial, managerial, and technical contractors to assist the utility in complying with the applicable emergency preparedness plan submission deadline.

(g) The commission by rule shall create an emergency preparedness plan template for use by an affected utility when submitting a plan under this section. The emergency preparedness plan template shall contain:

(1) a list and explanation of the preparations an affected utility may make under Subsection (c) for the commission to approve the utility's emergency preparedness plan; and

(2) a list of all commission rules and standards pertaining to emergency preparedness plans.

(h) An emergency generator used as part of an approved emergency preparedness plan under Subsection (c) must be operated and maintained according to the manufacturer's specifications.

(i) The commission shall inspect each utility to ensure that the utility complies with the approved plan.

(j) The commission may grant a waiver of the requirements of this section to an affected utility if the commission determines that compliance with this section will cause a significant financial burden on customers of the affected utility.

(k) An affected utility may adopt and enforce limitations on water use while the utility is providing emergency operations.

(l) Except as specifically required by this section, information provided by an affected utility under this section is confidential and is not subject to disclosure under Chapter 552, Government Code.

(m) The commission shall coordinate with the utility commission in the administration of this section.

Added by Acts 2009, 81st Leg., R.S., Ch. 1349 (S.B. 361), Sec. 1, eff. June 19, 2009.

Amended by:

Acts 2011, 82nd Leg., R.S., Ch. 723 (H.B. 805), Sec. 1, eff. June 17, 2011.

Acts 2013, 83rd Leg., R.S., Ch. 170 (H.B. 1600), Sec. 2.29, eff. September 1, 2013.

Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 29, eff. September 1, 2013.

Sec. 13.1396. COORDINATION OF EMERGENCY OPERATIONS. (a) In this section:

(1) "Affected utility" has the meaning assigned by Section 13.1395.

(2) Repealed by Acts 2011, 82nd Leg., R.S., Ch. 539, Sec. 2, eff. June 17, 2011.

(3) "Electric utility" means the electric transmission and distribution utility providing electric service to the water and wastewater facilities of an affected utility.

(4) "Retail electric provider" has the meaning assigned by Section 31.002, Utilities Code.

(b) An affected utility shall submit to the office of emergency management of each county in which the utility has more than one customer, the utility commission, and the office of emergency management of the governor a copy of:

(1) the affected utility's emergency preparedness plan

approved under Section 13.1395; and

(2) the commission's notification to the affected utility that the plan is accepted.

(c) Each affected utility shall submit to the utility commission, each electric utility that provides transmission and distribution service to the affected utility, each retail electric provider that sells electric power to the affected utility, the office of emergency management of each county in which the utility has water and wastewater facilities that qualify for critical load status under rules adopted by the utility commission, and the division of emergency management of the governor:

(1) information identifying the location and providing a general description of all water and wastewater facilities that qualify for critical load status; and

(2) emergency contact information for the affected utility, including:

(A) the person who will serve as a point of contact and the person's telephone number;

(B) the person who will serve as an alternative point of contact and the person's telephone number; and

(C) the affected utility's mailing address.

(d) An affected utility shall:

(1) annually submit the information required by Subsection (c) to each electric utility that provides transmission and distribution service to the affected utility and to each retail electric provider that sells electric power to the affected utility; and

(2) immediately update the information provided under Subsection (c) as changes to the information occur.

(e) Each affected utility shall submit annually to each electric utility that provides transmission and distribution service to the affected utility and to each retail electric provider that sells electric power to the affected utility any forms reasonably required by an electric utility or retail electric provider for determining critical load status, including a critical care eligibility determination form or similar form.

(f) Not later than May 1 of each year, each electric utility and each retail electric provider shall determine whether the facilities of the affected utility qualify for critical load status under rules adopted by the utility commission.

(g) If an electric utility determines that an affected utility's facilities do not qualify for critical load status, the electric utility and the retail electric provider, not later than the 30th day after the date the electric utility or retail electric provider receives the information required by Subsections (c) and (d), shall provide a detailed explanation of the electric utility's determination to the affected utility and the office of emergency management of each county in which the affected utility's facilities are located.

Sec. 13.140. EXAMINATION AND TEST OF EQUIPMENT. (a) The regulatory authority may examine and test any meter, instrument, or equipment used for the measurement of service of any utility and may enter any premises occupied by any utility for the purpose of making the examinations and tests and exercising any power provided for in this chapter and may set up and use on those premises any apparatus and appliances necessary for those purposes. The utility may be represented at the making of the examinations, tests, and inspections.

(b) The utility and its officers and employees shall facilitate the examinations, tests, and inspections by giving every reasonable aid to the regulatory authority and any person or persons designated by the regulatory authority for those duties.

(c) Any consumer or user may have a meter or measuring device tested by the utility once without charge after a reasonable period to be fixed by the regulatory authority by rule and at shorter intervals on payment of reasonable fees fixed by the regulatory

authority. The regulatory authority shall declare and establish reasonable fees to be paid for other examining and testing of those meters and other measuring devices on the request of the consumer.

(d) If the test is requested to be made within the period of presumed accuracy as fixed by the regulatory authority since the last test of the same meter or other measuring device, the fee to be paid by the consumer or user at the time of his request shall be refunded to the consumer or user if the meter or measuring device is found unreasonably defective or incorrect to the substantial disadvantage of the consumer or user. If the consumer's request is made at a time beyond the period of presumed accuracy fixed by the regulatory authority since the last test of the same meter or measuring device, the utility shall make the test without charge to the consumer or user.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 3.005, eff. Sept. 1, 1985.

Sec. 13.141. BILLING FOR SERVICE TO STATE. A utility, utility owned by an affected county, or municipally owned utility may not bill or otherwise require the state or a state agency or institution to pay for service before the service is rendered.

Added by Acts 1993, 73rd Leg., ch. 660, Sec. 7, eff. Sept. 1, 1993.  
Amended by Acts 1995, 74th Leg., ch. 979, Sec. 12, eff. June 16, 1995.

Sec. 13.142. TIME OF PAYMENT OF UTILITY BILLS BY STATE. (a) In this section, "utility" includes a municipally owned utility.

(b) The utility commission shall adopt rules concerning payment of utility bills that are consistent with Chapter 2251, Government Code.

(c) This Act does not prohibit a utility from entering into an agreement with the state or a state agency to establish a levelized or average monthly service billing plan. The agreement must require reconciliation of the levelized or equalized bills quarterly.

Added by Acts 1993, 73rd Leg., ch. 660, Sec. 7, eff. Sept. 1, 1993.  
Amended by Acts 1995, 74th Leg., ch. 76, Sec. 5.95(7), eff. Sept. 1,

1995.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 170 (H.B. 1600), Sec. 2.31, eff. September 1, 2013.

Sec. 13.143. VOLUNTARY CONTRIBUTIONS. (a) A utility may implement as part of its billing process a program under which the utility collects from its customers a voluntary contribution, including a voluntary membership or subscription fee, on behalf of a local library, a volunteer fire department, or an emergency medical service.

(b) A utility that collects contributions under this section shall provide each customer at the time that the customer first becomes a customer, and at least annually thereafter, a written statement:

(1) describing the procedure by which the customer may make a contribution with the customer's bill payment;

(2) designating the local library, volunteer fire department, or emergency medical service to which the utility will deliver the contribution;

(3) informing the customer that a contribution is voluntary; and

(4) describing the deductibility status of the contribution under federal income tax law.

(c) A billing by the utility that includes a voluntary contribution under this section must clearly state that the contribution is voluntary and that it may be deducted from the billed amount.

(d) The utility shall promptly deliver contributions that it collects under this section to the designated local library, volunteer fire department, or emergency medical service, except that the utility may keep from the contributions an amount equal to the lesser of:

(1) the utility's expenses in administering the contribution program; or

(2) five percent of the amount collected as contributions.

(e) Amounts collected under this section are not rates and are

not subject to regulatory assessments, late payment penalties, or other utility-related fees and are not required to be shown in tariffs filed with the regulatory authority.

Added by Acts 1997, 75th Leg., ch. 409, Sec. 1, eff. May 28, 1997.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 263 (H.B. 693), Sec. 1, eff. June 14, 2013.

Sec. 13.144. NOTICE OF WHOLESALE WATER SUPPLY CONTRACT. A district or authority created under Section 52, Article III, or Section 59, Article XVI, Texas Constitution, a retail public utility, a wholesale water service, or other person providing a retail public utility with a wholesale water supply shall provide the utility commission and the commission with a certified copy of any wholesale water supply contract with a retail public utility within 30 days after the date of the execution of the contract. The submission must include the amount of water being supplied, term of the contract, consideration being given for the water, purpose of use, location of use, source of supply, point of delivery, limitations on the reuse of water, a disclosure of any affiliated interest between the parties to the contract, and any other condition or agreement relating to the contract.

Added by Acts 1997, 75th Leg., ch. 1010, Sec. 5.13, eff. Sept. 1, 1997. Renumbered from Sec. 13.143 by Acts 1999, 76th Leg., ch. 62, Sec. 19.01(110), eff. Sept. 1, 1999. Amended by Acts 2001, 77th Leg., ch. 966, Sec. 10.02, eff. Sept. 1, 2001.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 170 (H.B. 1600), Sec. 2.32, eff. September 1, 2013.

Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 32, eff. September 1, 2013.

Sec. 13.145. MULTIPLE SYSTEMS CONSOLIDATED UNDER TARIFF. (a) A utility may consolidate more than one system under a single tariff only if:

(1) the systems under the tariff are substantially similar in terms of facilities, quality of service, and cost of service; and

(2) the tariff provides for rates that promote water conservation for single-family residences and landscape irrigation.

(b) This section does not apply to a public utility that provided utility service in only 24 counties on January 1, 2003.

Added by Acts 2001, 77th Leg., ch. 966, Sec. 10.03, eff. Sept. 1, 2001.

Amended by:

Acts 2005, 79th Leg., Ch. 871 (S.B. 1063), Sec. 2, eff. September 1, 2005.

Sec. 13.146. WATER CONSERVATION PLAN. The commission shall require a retail public utility that provides potable water service to 3,300 or more connections to submit to the executive administrator of the board a water conservation plan based on specific targets and goals developed by the retail public utility and using appropriate best management practices, as defined by Section 11.002, or other water conservation strategies.

Added by Acts 2007, 80th Leg., R.S., Ch. 1352 (H.B. 4), Sec. 6, eff. June 15, 2007.

Added by Acts 2007, 80th Leg., R.S., Ch. 1430 (S.B. 3), Sec. 2.06, eff. September 1, 2007.

Sec. 13.147. CONSOLIDATED BILLING AND COLLECTION CONTRACTS.

(a) A retail public utility providing water service may contract with a retail public utility providing sewer service to bill and collect the sewer service provider's fees and payments as part of a consolidated process with the billing and collection of the water service provider's fees and payments. The water service provider may provide that service only for customers who are served by both providers in an area covered by both providers' certificates of public convenience and necessity. If the water service provider refuses to enter into a contract under this section or if the water service provider and sewer service provider cannot agree on the terms of a contract, the sewer service provider may petition the utility commission to issue an order requiring the water service provider to provide that service.

(b) A contract or order under this section must provide

procedures and deadlines for submitting billing and customer information to the water service provider and for the delivery of collected fees and payments to the sewer service provider.

(c) A contract or order under this section may require or permit a water service provider that provides consolidated billing and collection of fees and payments to:

(1) terminate the water services of a person whose sewage services account is in arrears for nonpayment; and

(2) charge a customer a reconnection fee if the customer's water service is terminated for nonpayment of the customer's sewage services account.

(d) A water service provider that provides consolidated billing and collection of fees and payments may impose on each sewer service provider customer a reasonable fee to recover costs associated with providing consolidated billing and collection of fees and payments for sewage services.

Added by Acts 2007, 80th Leg., R.S., Ch. 1430 (S.B. 3), Sec. 2.06, eff. September 1, 2007.

Sec. 13.148. WATER SHORTAGE REPORT. (a) A retail public utility and each entity from which the utility is obtaining wholesale water service for the utility's retail system shall notify the commission when the utility or entity is reasonably certain that the water supply will be available for less than 180 days.

(b) The commission shall adopt rules to implement this section and prescribe the form and content of notice required under this section.

Added by Acts 2013, 83rd Leg., R.S., Ch. 234 (H.B. 252), Sec. 1, eff.

September 1, 2013.

Sec. 13.148. NOTIFICATION OF WATER LOSS. (a) The commission by rule shall require a retail public utility that files a water audit required by Section 16.0121 to notify each of the utility's customers of the water loss reported in the water audit.

(b) A retail public utility shall provide the notice required under Subsection (a) on or with:

(1) the utility's next annual consumer confidence report delivered after the water audit is filed; or

(2) the next bill the customer receives after the water audit is filed.

Added by Acts 2013, 83rd Leg., R.S., Ch. 305 (H.B. 1461), Sec. 1, eff. September 1, 2013.

#### **SUBCHAPTER F. PROCEEDINGS BEFORE REGULATORY AUTHORITY**

Sec. 13.181. POWER TO ENSURE COMPLIANCE; RATE REGULATION. (a) Except for the provisions of Section 13.192, this subchapter shall apply only to a utility and shall not be applied to municipalities, counties, districts, or water supply or sewer service corporations.

(b) Subject to this chapter, the utility commission has all authority and power of the state to ensure compliance with the obligations of utilities under this chapter. For this purpose the regulatory authority may fix and regulate rates of utilities, including rules and regulations for determining the classification of customers and services and for determining the applicability of rates. A rule or order of the regulatory authority may not conflict with the rulings of any federal regulatory body. The utility commission may adopt rules which authorize a utility which is permitted under Section 13.242(c) to provide service without a certificate of public convenience and necessity to request or implement a rate increase and operate according to rules, regulations, and standards of service other than those otherwise

required under this chapter provided that rates are just and reasonable for customers and the utility and that service is safe, adequate, efficient, and reasonable.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 3.005, eff. Sept. 1, 1985. Amended by Acts 1989, 71st Leg., ch. 567, Sec. 16, eff. Sept. 1, 1989; Acts 1993, 73rd Leg., ch. 652, Sec. 1, eff. Aug. 30, 1993; Acts 1995, 74th Leg., ch. 979, Sec. 13, eff. June 16, 1995; Acts 1997, 75th Leg., ch. 1010, Sec. 6.03, eff. Sept. 1, 1997.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 170 (H.B. 1600), Sec. 2.34, eff. September 1, 2013.

Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 34, eff. September 1, 2013.

Sec. 13.182. JUST AND REASONABLE RATES. (a) The regulatory authority shall ensure that every rate made, demanded, or received by any utility or by any two or more utilities jointly shall be just and reasonable.

(b) Rates shall not be unreasonably preferential, prejudicial, or discriminatory but shall be sufficient, equitable, and consistent in application to each class of consumers.

(c) For ratemaking purposes, the utility commission may treat two or more municipalities served by a utility as a single class wherever the utility commission considers that treatment to be appropriate.

(d) The utility commission by rule shall establish a preference that rates under a consolidated tariff be consolidated by region. The regions under consolidated tariffs must be determined on a case-by-case basis.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 3.005, eff. Sept. 1, 1985. Amended by Acts 2001, 77th Leg., ch. 966, Sec. 10.04, eff. Sept. 1, 2001.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 170 (H.B. 1600), Sec. 2.35, eff. September 1, 2013.

Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 35, eff. September 1, 2013.

Sec. 13.183. FIXING OVERALL REVENUES. (a) In fixing the rates for water and sewer services, the regulatory authority shall fix its overall revenues at a level that will:

(1) permit the utility a reasonable opportunity to earn a reasonable return on its invested capital used and useful in rendering service to the public over and above its reasonable and necessary operating expenses; and

(2) preserve the financial integrity of the utility.

(b) In a rate proceeding, the regulatory authority may authorize collection of additional revenues from the customers to provide funds for capital improvements necessary to provide facilities capable of providing adequate and continuous utility service if an accurate accounting of the collection and use of those funds is provided to the regulatory authority. A facility constructed with surcharge funds is considered customer contributed capital or contributions in aid of construction and may not be included in invested capital, and depreciation expense is not allowed.

(c) To ensure that retail customers receive a higher quality, more affordable, or more reliable water or sewer service, to encourage regionalization, or to maintain financially stable and technically sound utilities, the regulatory authority, by rule or ordinance, as appropriate, may adopt specific alternative ratemaking methodologies for water or sewer rates based on factors other than rate of return and those specified in Section 13.185. Overall revenues determined according to an alternative ratemaking methodology adopted under this section must provide revenues to the utility that satisfy the requirements of Subsection (a). The regulatory authority may not approve rates under an alternative ratemaking methodology unless the regulatory authority adopts the methodology before the date the rate application was administratively complete.

(d) A regulatory authority other than the utility commission may not approve an acquisition adjustment for a system purchased before the effective date of an ordinance authorizing acquisition adjustments.

(e) In determining to use an alternative ratemaking methodology, the regulatory authority shall assure that rates, operations, and services are just and reasonable to the consumers and to the utilities.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 3.005, eff. Sept. 1, 1985. Amended by Acts 1987, 70th Leg., ch. 539, Sec. 9, eff. Sept. 1, 1987; Acts 1989, 71st Leg., ch. 567, Sec. 17, eff. Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 170 (H.B. 1600), Sec. 2.36, eff. September 1, 2013.

Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 36, eff. September 1, 2013.

Sec. 13.184. FAIR RETURN; BURDEN OF PROOF. (a) Unless the utility commission establishes alternate rate methodologies in accordance with Section 13.183(c), the utility commission may not prescribe any rate that will yield more than a fair return on the invested capital used and useful in rendering service to the public. The governing body of a municipality exercising its original jurisdiction over rates and services may use alternate ratemaking methodologies established by ordinance or by utility commission rule in accordance with Section 13.183(c). Unless the municipal regulatory authority uses alternate ratemaking methodologies established by ordinance or by utility commission rule in accordance with Section 13.183(c), it may not prescribe any rate that will yield more than a fair return on the invested capital used and useful in rendering service to the public.

(b) In fixing a reasonable return on invested capital, the regulatory authority shall consider, in addition to other applicable factors, the efforts and achievements of the utility in the conservation of resources, the quality of the utility's services, the efficiency of the utility's operations, and the quality of the utility's management.

(c) In any proceeding involving any proposed change of rates, the burden of proof shall be on the utility to show that the proposed change, if proposed by the utility, or that the existing rate, if it is proposed to reduce the rate, is just and reasonable.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 3.005, eff. Sept. 1, 1985. Amended by Acts 1997, 75th Leg., ch. 1010, Sec. 6.05, eff. Sept. 1, 1997.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 170 (H.B. 1600), Sec. 2.37, eff. September 1, 2013.

Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 37, eff. September 1, 2013.

Sec. 13.185. COMPONENTS OF INVESTED CAPITAL AND NET INCOME.

(a) Unless alternate methodologies are adopted as provided in Sections 13.183(c) and 13.184(a), the components of invested capital and net income shall be determined according to the rules stated in this section.

(b) Utility rates shall be based on the original cost of property used by and useful to the utility in providing service, including, if necessary to the financial integrity of the utility, construction work in progress at cost as recorded on the books of the utility. The inclusion of construction work in progress is an exceptional form of rate relief to be granted only on the demonstration by the utility by clear and convincing evidence that the inclusion is in the ratepayers' best interest and is necessary to the financial integrity of the utility. Construction work in progress may not be included in the rate base for major projects under construction to the extent that those projects have been inefficiently or imprudently planned or managed. Original cost is the actual money cost or the actual money value of any consideration paid, other than money, of the property at the time it shall have been dedicated to public use, whether by the utility that is the present owner or by a predecessor, less depreciation. Utility property funded by explicit customer agreements or customer contributions in aid of construction such as surcharges may not be included in invested capital.

(c) Cost of facilities, revenues, expenses, taxes, and reserves shall be separated or allocated as prescribed by the regulatory authority.

(d) Net income is the total revenues of the utility less all reasonable and necessary expenses as determined by the regulatory authority. The regulatory authority shall:

(1) base a utility's expenses on historic test year information adjusted for known and measurable changes, as determined by utility commission rules; and

(2) determine expenses and revenues in a manner consistent with Subsections (e) through (h) of this section.

(e) Payment to affiliated interests for costs of any services, or any property, right or thing, or for interest expense may not be allowed either as capital cost or as expense except to the extent that the regulatory authority finds that payment to be reasonable and necessary. A finding of reasonableness and necessity must include specific statements setting forth the cost to the affiliate of each item or class of items in question and a finding that the price to the utility is no higher than prices charged by the supplying affiliate to its other affiliates or divisions for the same item or items, or to unaffiliated persons or corporations.

(f) If the utility is a member of an affiliated group that is eligible to file a consolidated income tax return and if it is advantageous to the utility to do so, income taxes shall be computed as though a consolidated return had been filed and the utility had realized its fair share of the savings resulting from the consolidated return, unless it is shown to the satisfaction of the regulatory authority that it was reasonable to choose not to consolidate returns. The amounts of income taxes saved by a consolidated group of which a utility is a member due to the elimination in the consolidated return of the intercompany profit on purchases by the utility from an affiliate shall be applied to reduce the cost of those purchases. The investment tax credit allowed against federal income taxes to the extent retained by the utility shall be applied as a reduction in the rate-based contribution of the assets to which the credit applies to the extent and at the rate as allowed by the Internal Revenue Code.

(g) The regulatory authority may promulgate reasonable rules and regulations with respect to the allowance or disallowance of certain expenses for ratemaking purposes.

(h) The regulatory authority may not include for ratemaking purposes:

(1) legislative advocacy expenses, whether made directly or indirectly, including legislative advocacy expenses included in trade association dues;

(2) costs of processing a refund or credit under this subchapter; or

(3) any expenditure found by the regulatory authority to be unreasonable, unnecessary, or not in the public interest, including

executive salaries, advertising expenses, legal expenses, and civil penalties or fines.

(i) Water and sewer utility property in service that was acquired from an affiliate or developer before September 1, 1976, and that is included by the utility in its rate base shall be included in all ratemaking formulas at the installed cost of the property rather than the price set between the entities. Unless the funds for this property are provided by explicit customer agreements, the property is considered invested capital and not contributions in aid of construction or customer-contributed capital.

(j) Depreciation expense included in the cost of service includes depreciation on all currently used, depreciable utility property owned by the utility except for property provided by explicit customer agreements or funded by customer contributions in aid of construction. Depreciation on all currently used and useful developer or governmental entity contributed property shall be allowed in the cost of service.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 3.005, eff. Sept. 1, 1985. Amended by Acts 1987, 70th Leg., ch. 539, Sec. 10, eff. Sept. 1, 1987; Acts 1989, 71st Leg., ch. 567, Sec. 18, eff. Sept. 1, 1989; Acts 1997, 75th Leg., ch. 1010, Sec. 6.06, eff. Sept. 1, 1997.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 170 (H.B. 1600), Sec. 2.38, eff. September 1, 2013.

Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 38, eff. September 1, 2013.

Sec. 13.186. UNREASONABLE OR VIOLATIVE EXISTING RATES; INVESTIGATING COSTS OF OBTAINING SERVICE FROM ANOTHER SOURCE. (a) If the regulatory authority, after reasonable notice and hearing, on its own motion or on complaint by any affected person, finds that the existing rates of any utility for any service are unreasonable or in any way in violation of any law, the regulatory authority shall determine the just and reasonable rates, including maximum or minimum rates, to be observed and in force, and shall fix the same by order to be served on the utility. Those rates constitute the legal rates of the utility until changed as provided in this chapter.

(b) If a utility does not itself produce that which it

distributes, transmits, or furnishes to the public for compensation, but obtains it from another source, the regulatory authority may investigate the cost of that production in any investigation of the reasonableness of the rates of the utility.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 3.005, eff. Sept. 1, 1985. Amended by Acts 1989, 71st Leg., ch. 567, Sec. 19, eff. Sept. 1, 1989.

Sec. 13.1861. RATES CHARGED STATE. The rates that a utility or municipally owned utility charges the state or a state agency or institution may not include an amount representing a gross receipts assessment, regulatory assessment, or other similar expense. A regulatory authority may adopt reasonable rules specifying similar expenses to be excluded.

Added by Acts 1993, 73rd Leg., ch. 660, Sec. 8, eff. Sept. 1, 1993.

Sec. 13.187. CLASS A UTILITIES: STATEMENT OF INTENT TO CHANGE RATES; HEARING; DETERMINATION OF RATE LEVEL. (a) This section applies only to a Class A utility.

(a-1) A utility may not make changes in its rates except by sending by mail or e-mail a statement of intent to each ratepayer and to the regulatory authority having original jurisdiction at least 35 days before the effective date of the proposed change. The utility may send the statement of intent to a ratepayer by e-mail only if the ratepayer has agreed to receive communications electronically. The effective date of the new rates must be the first day of a billing period, and the new rates may not apply to service received before the effective date of the new rates. The statement of intent must include:

- (1) the information required by the regulatory authority's rules;
- (2) a billing comparison regarding the existing water rate and the new water rate computed for the use of:
  - (A) 10,000 gallons of water; and
  - (B) 30,000 gallons of water;
- (3) a billing comparison regarding the existing sewer rate and the new sewer rate computed for the use of 10,000 gallons, unless

the utility proposes a flat rate for sewer services; and

(4) a description of the process by which a ratepayer may intervene in the ratemaking proceeding.

(b) The utility shall mail, send by e-mail, or deliver a copy of the statement of intent to the Office of Public Utility Counsel, appropriate offices of each affected municipality, and any other affected persons as required by the regulatory authority's rules.

(c) When the statement of intent is delivered, the utility shall file with the regulatory authority an application to change rates. The application must include information the regulatory authority requires by rule and any appropriate cost and rate schedules and written testimony supporting the requested rate increase. If the utility fails to provide within a reasonable time after the application is filed the necessary documentation or other evidence that supports the costs and expenses that are shown in the application, the regulatory authority may disallow the nonsupported costs or expenses.

(d) Except as provided by Subsections (d-1) and (e), if the application or the statement of intent is not substantially complete or does not comply with the regulatory authority's rules, it may be rejected and the effective date of the rate change may be suspended until a properly completed application is accepted by the regulatory authority and a proper statement of intent is provided. The utility commission may also suspend the effective date of any rate change if the utility does not have a certificate of public convenience and necessity or a completed application for a certificate or to transfer a certificate pending before the utility commission or if the utility is delinquent in paying the assessment and any applicable penalties or interest required by Section 5.701(n).

(d-1) After written notice to the utility, a local regulatory authority may suspend the effective date of a rate change for not more than 90 days from the proposed effective date. If the local regulatory authority does not make a final determination on the proposed rate before the expiration of the suspension period, the proposed rate shall be considered approved. This approval is subject to the authority of the local regulatory authority thereafter to continue a hearing in progress.

(e) After written notice to the utility, the utility commission may suspend the effective date of a rate change for not more than 150 days from the proposed effective date. If the utility commission

does not make a final determination on the proposed rate before the expiration of the suspension period, the proposed rate shall be considered approved. This approval is subject to the authority of the utility commission thereafter to continue a hearing in progress.

(e-1) The 150-day period described by Subsection (e) shall be extended two days for each day a hearing exceeds 15 days.

(f) The regulatory authority shall, not later than the 30th day after the effective date of the change, begin a hearing to determine the propriety of the change. If the regulatory authority is the utility commission, the utility commission may refer the matter to the State Office of Administrative Hearings as provided by utility commission rules.

(g) A local regulatory authority hearing described by this section may be informal.

(g-1) If the regulatory authority is the utility commission, the utility commission shall give reasonable notice of the hearing, including notice to the governing body of each affected municipality and county. The utility is not required to provide a formal answer or file any other formal pleading in response to the notice, and the absence of an answer does not affect an order for a hearing.

(h) If, after hearing, the regulatory authority finds the rates currently being charged or those proposed to be charged are unreasonable or in violation of law, the regulatory authority shall determine the rates to be charged by the utility and shall fix the rates by order served on the utility.

(i) A utility may put a changed rate into effect throughout the area in which the utility sought to change its rates, including an area over which the utility commission is exercising appellate or original jurisdiction, by filing a bond with the utility commission if the suspension period has been extended under Subsection (e-1) and the utility commission fails to make a final determination before the 151st day after the date the rate change would otherwise be effective.

(j) The bonded rate may not exceed the proposed rate. The bond must be payable to the utility commission in an amount, in a form, and with a surety approved by the utility commission and conditioned on refund.

(k) Unless otherwise agreed to by the parties to the rate proceeding, the utility shall refund or credit against future bills:

(1) all sums collected under the bonded rates in excess of

the rate finally ordered; and

(2) interest on those sums at the current interest rate as determined by the regulatory authority.

(1) At any time during the pendency of the rate proceeding the regulatory authority may fix interim rates to remain in effect during the applicable suspension period under Subsection (d-1) or Subsections (e) and (e-1) or until a final determination is made on the proposed rate. If the regulatory authority does not establish interim rates, the rates in effect when the application described by Subsection (c) was filed continue in effect during the suspension period.

(m) If the regulatory authority sets a final rate that is higher than the interim rate, the utility shall be allowed to collect the difference between the interim rate and final rate unless otherwise agreed to by the parties to the rate proceeding.

(n) For good cause shown, the regulatory authority may at any time during the proceeding require the utility to refund money collected under a proposed rate before the rate was suspended or an interim rate was established to the extent the proposed rate exceeds the existing rate or the interim rate.

(o) If a regulatory authority other than the utility commission establishes interim rates or bonded rates, the regulatory authority must make a final determination on the rates not later than the first anniversary of the effective date of the interim rates or bonded rates or the rates are automatically approved as requested by the utility.

(p) Except to implement a rate adjustment provision approved by the regulatory authority by rule or ordinance, as applicable, or to adjust the rates of a newly acquired utility system, a utility or two or more utilities under common control and ownership may not file a statement of intent to increase its rates more than once in a 12-month period, unless the regulatory authority determines that a financial hardship exists. If the regulatory authority requires the utility to deliver a corrected statement of intent, the utility is not considered to be in violation of the 12-month filing requirement.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 3.005, eff. Sept. 1, 1985. Amended by Acts 1987, 70th Leg., ch. 539, Sec. 11, eff. Sept. 1, 1987; Acts 1989, 71st Leg., ch. 567, Sec. 20, eff. Sept. 1, 1989; Acts 1991, 72nd Leg., ch. 678, Sec. 5, eff. Sept. 1, 1991; Acts

Sec. 13.1871. CLASS B UTILITIES: STATEMENT OF INTENT TO CHANGE RATES; HEARING; DETERMINATION OF RATE LEVEL. (a) Except as provided by Section 13.1872, this section applies only to a Class B utility.

(b) A utility may not make changes in its rates except by sending by mail or e-mail a statement of intent to each ratepayer and to the regulatory authority having original jurisdiction at least 35 days before the effective date of the proposed change. The utility may send the statement of intent to a ratepayer by e-mail only if the ratepayer has agreed to receive communications electronically. The effective date of the new rates must be the first day of a billing period, and the new rates may not apply to service received before the effective date of the new rates. The statement of intent must include:

- (1) the information required by the regulatory authority's rules;
- (2) a billing comparison regarding the existing water rate and the new water rate computed for the use of:
  - (A) 10,000 gallons of water; and
  - (B) 30,000 gallons of water;
- (3) a billing comparison regarding the existing sewer rate and the new sewer rate computed for the use of 10,000 gallons, unless the utility proposes a flat rate for sewer services; and

(4) a description of the process by which a ratepayer may file a complaint under Subsection (i).

(c) The utility shall mail, send by e-mail, or deliver a copy of the statement of intent to the appropriate offices of each affected municipality and to any other affected persons as required by the regulatory authority's rules.

(d) When the statement of intent is delivered, the utility shall file with the regulatory authority an application to change rates. The application must include information the regulatory authority requires by rule and any appropriate cost and rate schedules supporting the requested rate increase. In adopting rules relating to the information required in the application, the utility commission shall ensure that a utility can file a less burdensome and complex application than is required of a Class A utility. If the utility fails to provide within a reasonable time after the application is filed the necessary documentation or other evidence that supports the costs and expenses that are shown in the application, the regulatory authority may disallow the nonsupported costs or expenses.

(e) Except as provided by Subsection (f) or (g), if the application or the statement of intent is not substantially complete or does not comply with the regulatory authority's rules, it may be rejected and the effective date of the rate change may be suspended until a properly completed application is accepted by the regulatory authority and a proper statement of intent is provided. The utility commission may also suspend the effective date of any rate change if the utility does not have a certificate of public convenience and necessity or a completed application for a certificate or to transfer a certificate pending before the utility commission or if the utility is delinquent in paying the assessment and any applicable penalties or interest required by Section 5.701(n).

(f) After written notice to the utility, a local regulatory authority may suspend the effective date of a rate change for not more than 90 days from the proposed effective date. If the local regulatory authority does not make a final determination on the proposed rate before the expiration of the suspension period, the proposed rate shall be considered approved. This approval is subject to the authority of the local regulatory authority thereafter to continue a hearing in progress.

(g) After written notice to the utility, the utility commission

may suspend the effective date of a rate change for not more than 205 days from the proposed effective date. If the utility commission does not make a final determination on the proposed rate before the expiration of the suspension period, the proposed rate shall be considered approved. This approval is subject to the authority of the utility commission thereafter to continue a hearing in progress.

(h) The 205-day period described by Subsection (g) shall be extended by two days for each day a hearing exceeds 15 days.

(i) If, before the 91st day after the effective date of the rate change, the regulatory authority receives a complaint from any affected municipality, or from the lesser of 1,000 or 10 percent of the ratepayers of the utility over whose rates the regulatory authority has original jurisdiction, the regulatory authority shall set the matter for hearing.

(j) If the regulatory authority receives at least the number of complaints from ratepayers required for the regulatory authority to set a hearing under Subsection (i), the regulatory authority may, pending the hearing and a decision, suspend the date the rate change would otherwise be effective. Except as provided by Subsection (h), the proposed rate may not be suspended for longer than:

- (1) 90 days by a local regulatory authority; or
- (2) 205 days by the utility commission.

(k) The regulatory authority may set the matter for hearing on its own motion at any time within 120 days after the effective date of the rate change.

(l) The hearing may be informal.

(m) The regulatory authority shall give reasonable notice of the hearing, including notice to the governing body of each affected municipality and county. The utility is not required to provide a formal answer or file any other formal pleading in response to the notice, and the absence of an answer does not affect an order for a hearing.

(n) The utility shall mail notice of the hearing to each ratepayer before the hearing. The notice must include a description of the process by which a ratepayer may intervene in the ratemaking proceeding.

(o) If, after hearing, the regulatory authority finds the rates currently being charged or those proposed to be charged are unreasonable or in violation of law, the regulatory authority shall determine the rates to be charged by the utility and shall fix the

rates by order served on the utility.

(p) A utility may put a changed rate into effect throughout the area in which the utility sought to change its rates, including an area over which the utility commission is exercising appellate or original jurisdiction, by filing a bond with the utility commission if the suspension period has been extended under Subsection (h) and the utility commission fails to make a final determination before the 206th day after the date the rate change would otherwise be effective.

(q) The bonded rate may not exceed the proposed rate. The bond must be payable to the utility commission in an amount, in a form, and with a surety approved by the utility commission and conditioned on refund.

(r) Unless otherwise agreed to by the parties to the rate proceeding, the utility shall refund or credit against future bills:

(1) all sums collected under the bonded rates in excess of the rate finally ordered; and

(2) interest on those sums at the current interest rate as determined by the regulatory authority.

Text of subsection as added by Acts 2013, 83rd Leg., R.S., Ch. 170,  
Sec. 2.40

(s) At any time during the pendency of the rate proceeding the regulatory authority may fix interim rates to remain in effect during the applicable suspension period under Subsection (f) or Subsections (g) and (h) or until a final determination is made on the proposed rate. If the regulatory authority does not establish interim rates, the rates in effect when the application described by Subsection (d) was filed continue in effect during the suspension period.

Text of subsection as added by Acts 2013, 83rd Leg., R.S., Ch. 171,  
Sec. 40

(s) At any time during the pendency of the rate proceeding the regulatory authority may fix interim rates to remain in effect during the applicable suspension period under Subsection (f) or Subsections (g) and (h) or until a final determination is made on the proposed rate. If the regulatory authority does not establish interim rates, the rates in effect when the application described by Subsection (e) was filed continue in effect during the suspension period.

(t) If the regulatory authority sets a final rate that is higher than the interim rate, the utility shall be allowed to collect

the difference between the interim rate and final rate unless otherwise agreed to by the parties to the rate proceeding.

(u) For good cause shown, the regulatory authority may at any time during the proceeding require the utility to refund money collected under a proposed rate before the rate was suspended or an interim rate was established to the extent the proposed rate exceeds the existing rate or the interim rate.

(v) If a regulatory authority other than the utility commission establishes interim rates or bonded rates, the regulatory authority must make a final determination on the rates not later than the first anniversary of the effective date of the interim rates or bonded rates or the rates are automatically approved as requested by the utility.

(w) Except to implement a rate adjustment provision approved by the regulatory authority by rule or ordinance, as applicable, or to adjust the rates of a newly acquired utility system, a utility or two or more utilities under common control and ownership may not file a statement of intent to increase its rates more than once in a 12-month period, unless the regulatory authority determines that a financial hardship exists. If the regulatory authority requires the utility to deliver a corrected statement of intent, the utility is not considered to be in violation of the 12-month filing requirement.

Added by Acts 2013, 83rd Leg., R.S., Ch. 170 (H.B. 1600), Sec. 2.40, eff. September 1, 2013.

Added by Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 40, eff. September 1, 2013.

Sec. 13.1872. CLASS C UTILITIES: RATE ADJUSTMENT. (a) This section applies only to a Class C utility.

(b) For purposes of this section, "price index" means an appropriate price index designated annually by the utility commission for the purposes of this section.

(c) A utility may not make changes in its rates except by:

(1) filing an application for a rate adjustment under the procedures described by Subsection (e) and sending by mail, or by e-mail if the ratepayer has agreed to receive communications electronically, a notice to each ratepayer describing the proposed rate adjustment at least 30 days before the effective date of the

proposed change; or

(2) complying with the procedures to change rates described by Section 13.1871.

(d) The utility shall mail, send by e-mail, or deliver a copy of the application to the appropriate offices of each affected municipality and to any other affected persons as required by the regulatory authority's rules.

(e) The utility commission by rule shall adopt procedures to allow a utility to receive without a hearing an annual rate adjustment based on changes in the price index. The rules must:

(1) include standard language to be included in the notice described by Subsection (c)(1) describing the rate adjustment process; and

(2) provide that an annual rate adjustment described by this section may not result in a rate increase to any class or category of ratepayer of more than the lesser of:

(A) five percent; or

(B) the percentage increase in the price index between the year preceding the year in which the utility requests the adjustment and the year in which the utility requests the adjustment.

(f) A utility may adjust the utility's rates using the procedures adopted under Subsection (e) not more than once each year and not more than four times between rate proceedings described by Section 13.1871.

Added by Acts 2013, 83rd Leg., R.S., Ch. 170 (H.B. 1600), Sec. 2.40, eff. September 1, 2013.

Added by Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 40, eff. September 1, 2013.

Sec. 13.188. ADJUSTMENT FOR CHANGE IN ENERGY COSTS. (a) Notwithstanding any other provision in this chapter, the utility commission by rule shall adopt a procedure allowing a utility to file with the utility commission an application to timely adjust the utility's rates to reflect an increase or decrease in documented energy costs in a pass through clause. The utility commission, by rule, shall require the pass through of documented decreases in energy costs within a reasonable time. The pass through, whether a decrease or increase, shall be implemented on no later than an annual

basis, unless the utility commission determines a special circumstance applies.

(b) Notwithstanding any other provision to the contrary, this adjustment is an uncontested matter not subject to a contested case hearing. However, the utility commission shall hold an uncontested public meeting:

(1) on the request of a member of the legislature who represents the area served by the water and sewer utility; or

(2) if the utility commission determines that there is substantial public interest in the matter.

(c) A proceeding under this section is not a rate case and Sections 13.187, 13.1871, and 13.1872 do not apply.

Added by Acts 2007, 80th Leg., R.S., Ch. 1430 (S.B. 3), Sec. 2.07, eff. September 1, 2007.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 170 (H.B. 1600), Sec. 2.41, eff. September 1, 2013.

Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 41, eff. September 1, 2013.

Sec. 13.189. UNREASONABLE PREFERENCE OR PREJUDICE AS TO RATES OR SERVICES. (a) A water and sewer utility as to rates or services may not make or grant any unreasonable preference or advantage to any corporation or person within any classification or subject any corporation or person within any classification to any unreasonable prejudice or disadvantage.

(b) A utility may not establish and maintain any unreasonable differences as to rates of service either as between localities or as between classes of service.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 3.005, eff. Sept. 1, 1985.

Sec. 13.190. EQUALITY OF RATES AND SERVICES. (a) A water and sewer utility may not directly or indirectly by any device or in any manner charge, demand, collect, or receive from any person a greater or lesser compensation for any service rendered or to be rendered by the utility than that prescribed in the schedule of rates of the

utility applicable to that service when filed in the manner provided in this chapter, and a person may not knowingly receive or accept any service from a utility for a compensation greater or less than that prescribed in the schedules, provided that all rates being charged and collected by a utility on the effective date of this chapter may be continued until schedules are filed.

(b) This chapter does not prevent a cooperative corporation from returning to its members the whole or any part of the net earnings resulting from its operations in proportion to their purchases from or through the corporation.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 3.005, eff. Sept. 1, 1985.

Sec. 13.191. DISCRIMINATION; RESTRICTION ON COMPETITION. A water and sewer utility may not discriminate against any person or corporation that sells or leases equipment or performs services in competition with the utility, and a utility may not engage in any other practice that tends to restrict or impair that competition.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 3.005, eff. Sept. 1, 1985.

Sec. 13.192. PAYMENTS IN LIEU OF TAXES. Payments made in lieu of taxes by a water and sewer utility to the municipality by which it is owned may not be considered an expense of operation for the purpose of determining, fixing, or regulating the rates to be charged for the provision of utility service to a school district or hospital district. No rates received by a utility from a school district or hospital district may be used to make or to cover the cost of making payments in lieu of taxes to the municipality by which the utility is owned.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 3.005, eff. Sept. 1, 1985.

#### **SUBCHAPTER G. CERTIFICATES OF CONVENIENCE AND NECESSITY**

Sec. 13.241. GRANTING CERTIFICATES. (a) In determining

whether to grant or amend a certificate of public convenience and necessity, the utility commission shall ensure that the applicant possesses the financial, managerial, and technical capability to provide continuous and adequate service.

(b) For water utility service, the commission shall ensure that the applicant:

(1) is capable of providing drinking water that meets the requirements of Chapter 341, Health and Safety Code, and requirements of this code; and

(2) has access to an adequate supply of water.

(c) For sewer utility service, the commission shall ensure that the applicant is capable of meeting the commission's design criteria for sewer treatment plants and the requirements of this code.

(d) Before the utility commission grants a new certificate of convenience and necessity for an area which would require construction of a physically separate water or sewer system, the applicant must demonstrate to the utility commission that regionalization or consolidation with another retail public utility is not economically feasible.

(e) The utility commission by rule shall develop a standardized method for determining under Section 13.246(f) which of two or more retail public utilities or water supply or sewer service corporations that apply for a certificate of public convenience and necessity to provide water or sewer utility service to an uncertificated area located in an economically distressed area is more capable financially, managerially, and technically of providing continuous and adequate service. In this subsection, "economically distressed area" has the meaning assigned by Section 15.001.

Added by Acts 1997, 75th Leg., ch. 1010, Sec. 6.07, eff. Sept. 1, 1997. Amended by Acts 1999, 76th Leg., ch. 404, Sec. 30, eff. Sept. 1, 1999.

Amended by:

Acts 2005, 79th Leg., Ch. 1145 (H.B. 2876), Sec. 2, eff. September 1, 2005.

Acts 2013, 83rd Leg., R.S., Ch. 170 (H.B. 1600), Sec. 2.42, eff. September 1, 2013.

Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 42, eff. September 1, 2013.

Sec. 13.242. CERTIFICATE REQUIRED. (a) Unless otherwise specified, a utility, a utility operated by an affected county, or a water supply or sewer service corporation may not in any way render retail water or sewer utility service directly or indirectly to the public without first having obtained from the utility commission a certificate that the present or future public convenience and necessity will require that installation, operation, or extension, and except as otherwise provided by this subchapter, a retail public utility may not furnish, make available, render, or extend retail water or sewer utility service to any area to which retail water or sewer utility service is being lawfully furnished by another retail public utility without first having obtained a certificate of public convenience and necessity that includes the area in which the consuming facility is located.

(b) A person that is not a retail public utility or a utility or water supply corporation that is operating under provisions pursuant to Subsection (c) may not construct facilities to provide water or sewer service to more than one service connection not on the property owned by the person and that are within the certificated area of a retail public utility without first obtaining written consent from the retail public utility. A person that violates this section or the reasonable and legal terms and conditions of any written consent is subject to the administrative penalties described by Section 13.4151 of this code.

(c) The utility commission may by rule allow a municipality or utility or water supply corporation to render retail water service without a certificate of public convenience and necessity if the municipality has given notice under Section 13.255 that it intends to provide retail water service to an area or if the utility or water supply corporation has less than 15 potential connections and is not within the certificated area of another retail public utility.

(d) A supplier of wholesale water or sewer service may not require a purchaser to obtain a certificate of public convenience and necessity if the purchaser is not otherwise required by this chapter to obtain the certificate.

Amended by:

Acts 2005, 79th Leg., Ch. 1145 (H.B. 2876), Sec. 3, eff. September 1, 2005.

Acts 2013, 83rd Leg., R.S., Ch. 170 (H.B. 1600), Sec. 2.43, eff. September 1, 2013.

Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 43, eff. September 1, 2013.

Sec. 13.243. EXCEPTIONS FOR EXTENSION OF SERVICE. A retail public utility is not required to secure a certificate of public convenience and necessity for:

(1) an extension into territory contiguous to that already served by it, if the point of ultimate use is within one-quarter mile of the boundary of the certificated area, and not receiving similar service from another retail public utility and not within the area of public convenience and necessity of another retail public utility; or

(2) an extension within or to territory already served by it or to be served by it under a certificate of public convenience and necessity.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 3.005, eff. Sept. 1, 1985. Amended by Acts 1987, 70th Leg., ch. 539, Sec. 14, eff. Sept. 1, 1987; Acts 1989, 71st Leg., ch. 567, Sec. 22, eff. Sept. 1, 1989.

Sec. 13.244. APPLICATION; MAPS AND OTHER INFORMATION; EVIDENCE AND CONSENT. (a) To obtain a certificate of public convenience and necessity or an amendment to a certificate, a public utility or water supply or sewer service corporation shall submit to the utility commission an application for a certificate or for an amendment as provided by this section.

(b) Each public utility and water supply or sewer service corporation shall file with the utility commission a map or maps showing all its facilities and illustrating separately facilities for production, transmission, and distribution of its services, and each certificated retail public utility shall file with the utility commission a map or maps showing any facilities, customers, or area

currently being served outside its certificated areas.

(c) Each applicant for a certificate or for an amendment shall file with the utility commission evidence required by the utility commission to show that the applicant has received the required consent, franchise, or permit of the proper municipality or other public authority.

(d) An application for a certificate of public convenience and necessity or for an amendment to a certificate must contain:

- (1) a description of the proposed service area by:
  - (A) a metes and bounds survey certified by a licensed state land surveyor or a registered professional land surveyor;
  - (B) the Texas State Plane Coordinate System;
  - (C) verifiable landmarks, including a road, creek, or railroad line; or
  - (D) if a recorded plat of the area exists, lot and block number;
- (2) a description of any requests for service in the proposed service area;
- (3) a capital improvements plan, including a budget and estimated timeline for construction of all facilities necessary to provide full service to the entire proposed service area;
- (4) a description of the sources of funding for all facilities;
- (5) to the extent known, a description of current and projected land uses, including densities;
- (6) a current financial statement of the applicant;
- (7) according to the tax roll of the central appraisal district for each county in which the proposed service area is located, a list of the owners of each tract of land that is:
  - (A) at least 50 acres; and
  - (B) wholly or partially located within the proposed service area; and
- (8) any other item required by the utility commission.

Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 44, eff. September 1, 2013.

Sec. 13.245. MUNICIPAL BOUNDARIES OR EXTRATERRITORIAL JURISDICTION OF CERTAIN MUNICIPALITIES. (a) This section applies only to a municipality with a population of 500,000 or more.

(b) Except as provided by Subsections (c), (c-1), and (c-2), the utility commission may not grant to a retail public utility a certificate of public convenience and necessity for a service area within the boundaries or extraterritorial jurisdiction of a municipality without the consent of the municipality. The municipality may not unreasonably withhold the consent. As a condition of the consent, a municipality may require that all water and sewer facilities be designed and constructed in accordance with the municipality's standards for facilities.

(c) If a municipality has not consented under Subsection (b) before the 180th day after the date the municipality receives the retail public utility's application, the utility commission shall grant the certificate of public convenience and necessity without the consent of the municipality if the utility commission finds that the municipality:

- (1) does not have the ability to provide service; or
- (2) has failed to make a good faith effort to provide service on reasonable terms and conditions.

(c-1) If a municipality has not consented under Subsection (b) before the 180th day after the date a landowner or a retail public utility submits to the municipality a formal request for service according to the municipality's application requirements and standards for facilities on the same or substantially similar terms as provided by the retail public utility's application to the utility commission, including a capital improvements plan required by Section 13.244(d)(3) or a subdivision plat, the utility commission may grant the certificate of public convenience and necessity without the consent of the municipality if:

- (1) the utility commission makes the findings required by Subsection (c);

(2) the municipality has not entered into a binding commitment to serve the area that is the subject of the retail public utility's application to the utility commission before the 180th day after the date the formal request was made; and

(3) the landowner or retail public utility that submitted the formal request has not unreasonably refused to:

(A) comply with the municipality's service extension and development process; or

(B) enter into a contract for water or sewer services with the municipality.

(c-2) If a municipality refuses to provide service in the proposed service area, as evidenced by a formal vote of the municipality's governing body or an official notification from the municipality, the utility commission is not required to make the findings otherwise required by this section and may grant the certificate of public convenience and necessity to the retail public utility at any time after the date of the formal vote or receipt of the official notification.

(c-3) The utility commission must include as a condition of a certificate of public convenience and necessity granted under Subsection (c-1) or (c-2) that all water and sewer facilities be designed and constructed in accordance with the municipality's standards for water and sewer facilities.

(c-4) Subsections (c-1), (c-2), and (c-3) do not apply to:

(1) a county that borders the United Mexican States and the Gulf of Mexico or a county adjacent to such a county;

(2) a county with a population of more than 30,000 and less than 35,000 that borders the Red River; or

(3) a county with a population of more than 100,000 and less than 200,000 that borders a county described by Subdivision (2).

(c-5) Subsections (c-1), (c-2), and (c-3) do not apply to:

(1) a county with a population of 130,000 or more that is adjacent to a county with a population of 1.5 million or more that is within 200 miles of an international border; or

(2) a county with a population of more than 40,000 and less than 50,000 that contains a portion of the San Antonio River.

(d) A commitment described by Subsection (c)(2) must provide that the construction of service facilities will begin within one year and will be substantially completed within two years after the date the retail public utility's application was filed with the

municipality.

(e) If the utility commission makes a decision under Subsection (d) regarding the grant of a certificate of public convenience and necessity without the consent of the municipality, the municipality or the retail public utility may appeal the decision to the appropriate state district court. The court shall hear the petition within 120 days after the date the petition is filed. On final disposition, the court may award reasonable fees to the prevailing party.

Added by Acts 2005, 79th Leg., Ch. 1145 (H.B. 2876), Sec. 5, eff. September 1, 2005.

Amended by:

Acts 2011, 82nd Leg., R.S., Ch. 1325 (S.B. 573), Sec. 1, eff. September 1, 2011.

Acts 2013, 83rd Leg., R.S., Ch. 170 (H.B. 1600), Sec. 2.45, eff. September 1, 2013.

Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 45, eff. September 1, 2013.

Sec. 13.2451. EXTENSION BEYOND EXTRATERRITORIAL JURISDICTION.

(a) Except as provided by Subsection (b), if a municipality extends its extraterritorial jurisdiction to include an area certificated to a retail public utility, the retail public utility may continue and extend service in its area of public convenience and necessity under the rights granted by its certificate and this chapter.

(b) The utility commission may not extend a municipality's certificate of public convenience and necessity beyond its extraterritorial jurisdiction if an owner of land that is located wholly or partly outside the extraterritorial jurisdiction elects to exclude some or all of the landowner's property within a proposed service area in accordance with Section 13.246(h). This subsection does not apply to a transfer of a certificate as approved by the utility commission.

(b-1) Subsection (b) does not apply to an extension of extraterritorial jurisdiction in a county that borders the United Mexican States and the Gulf of Mexico or a county adjacent to such a county.

(b-2) Subsection (b) does not apply to an extension of

extraterritorial jurisdiction in a county:

(1) with a population of more than 30,000 and less than 35,000 that borders the Red River; or

(2) with a population of more than 100,000 and less than 200,000 that borders a county described by Subdivision (1).

(b-3) Subsection (b) does not apply to an extension of extraterritorial jurisdiction in a county:

(1) with a population of 130,000 or more that is adjacent to a county with a population of 1.5 million or more that is within 200 miles of an international border; or

(2) with a population of more than 40,000 and less than 50,000 that contains a portion of the San Antonio River.

(c) The utility commission, after notice to the municipality and an opportunity for a hearing, may decertify an area outside a municipality's extraterritorial jurisdiction if the municipality does not provide service to the area on or before the fifth anniversary of the date the certificate of public convenience and necessity was granted for the area. This subsection does not apply to a certificate of public convenience and necessity for an area:

(1) that was transferred to a municipality on approval of the utility commission; and

(2) in relation to which the municipality has spent public funds.

(d) To the extent of a conflict between this section and Section 13.245, Section 13.245 prevails.

Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 46, eff. September 1, 2013.

Sec. 13.246. NOTICE AND HEARING; ISSUANCE OR REFUSAL; FACTORS

CONSIDERED. (a) If an application for a certificate of public convenience and necessity or for an amendment to a certificate is filed, the utility commission shall cause notice of the application to be given to affected parties and to each county and groundwater conservation district that is wholly or partly included in the area proposed to be certified. If requested, the utility commission shall fix a time and place for a hearing and give notice of the hearing. Any person affected by the application may intervene at the hearing.

(a-1) Except as otherwise provided by this subsection, in addition to the notice required by Subsection (a), the utility commission shall require notice to be mailed to each owner of a tract of land that is at least 25 acres and is wholly or partially included in the area proposed to be certified. Notice required under this subsection must be mailed by first class mail to the owner of the tract according to the most current tax appraisal rolls of the applicable central appraisal district at the time the utility commission received the application for the certificate or amendment. Good faith efforts to comply with the requirements of this subsection shall be considered adequate notice to landowners. Notice under this subsection is not required for a matter filed with the utility commission or the commission under:

- (1) Section 13.248 or 13.255; or
- (2) Chapter 65.

(b) The utility commission may grant applications and issue certificates and amendments to certificates only if the utility commission finds that a certificate or amendment is necessary for the service, accommodation, convenience, or safety of the public. The utility commission may issue a certificate or amendment as requested, or refuse to issue it, or issue it for the construction of only a portion of the contemplated system or facility or extension, or for the partial exercise only of the right or privilege and may impose special conditions necessary to ensure that continuous and adequate service is provided.

(c) Certificates of public convenience and necessity and amendments to certificates shall be granted by the utility commission on a nondiscriminatory basis after consideration by the utility commission of:

- (1) the adequacy of service currently provided to the requested area;
- (2) the need for additional service in the requested area,

including whether any landowners, prospective landowners, tenants, or residents have requested service;

(3) the effect of the granting of a certificate or of an amendment on the recipient of the certificate or amendment, on the landowners in the area, and on any retail public utility of the same kind already serving the proximate area;

(4) the ability of the applicant to provide adequate service, including meeting the standards of the commission, taking into consideration the current and projected density and land use of the area;

(5) the feasibility of obtaining service from an adjacent retail public utility;

(6) the financial ability of the applicant to pay for the facilities necessary to provide continuous and adequate service and the financial stability of the applicant, including, if applicable, the adequacy of the applicant's debt-equity ratio;

(7) environmental integrity;

(8) the probable improvement of service or lowering of cost to consumers in that area resulting from the granting of the certificate or amendment; and

(9) the effect on the land to be included in the certificated area.

(d) The utility commission may require an applicant for a certificate or for an amendment to provide a bond or other financial assurance in a form and amount specified by the utility commission to ensure that continuous and adequate utility service is provided.

(e) Where applicable, in addition to the other factors in this section the utility commission shall consider the efforts of the applicant:

(1) to extend service to any economically distressed areas located within the service areas certificated to the applicant; and

(2) to enforce the rules adopted under Section 16.343.

(f) If two or more retail public utilities or water supply or sewer service corporations apply for a certificate of public convenience and necessity to provide water or sewer utility service to an uncertificated area located in an economically distressed area and otherwise meet the requirements for obtaining a new certificate, the utility commission shall grant the certificate to the retail public utility or water supply or sewer service corporation that is more capable financially, managerially, and technically of providing

continuous and adequate service.

(g) In this section, "economically distressed area" has the meaning assigned by Section 15.001.

(h) Except as provided by Subsection (i), a landowner who owns a tract of land that is at least 25 acres and that is wholly or partially located within the proposed service area may elect to exclude some or all of the landowner's property from the proposed service area by providing written notice to the utility commission before the 30th day after the date the landowner receives notice of a new application for a certificate of public convenience and necessity or for an amendment to an existing certificate of public convenience and necessity. The landowner's election is effective without a further hearing or other process by the utility commission. If a landowner makes an election under this subsection, the application shall be modified so that the electing landowner's property is not included in the proposed service area. An applicant for a certificate of public convenience and necessity that has land removed from its proposed certificated service area because of a landowner's election under this subsection may not be required to provide service to the removed land for any reason, including the violation of law or utility commission or commission rules by the water or sewer system of another person.

(i) A landowner is not entitled to make an election under Subsection (h) but is entitled to contest the inclusion of the landowner's property in the proposed service area at a hearing held by the utility commission regarding the application if the proposed service area is located within the boundaries or extraterritorial jurisdiction of a municipality with a population of more than 500,000 and the municipality or a utility owned by the municipality is the applicant.

Sec. 13.247. AREA WITHIN MUNICIPALITY. (a) If an area is within the boundaries of a municipality, all retail public utilities certified or entitled to certification under this chapter to provide service or operate facilities in that area may continue and extend service in its area of public convenience and necessity within the area pursuant to the rights granted by its certificate and this chapter, unless the municipality exercises its power of eminent domain to acquire the property of the retail public utility under Subsection (d). Except as provided by Section 13.255, a municipally owned or operated utility may not provide retail water and sewer utility service within the area certificated to another retail public utility without first having obtained from the utility commission a certificate of public convenience and necessity that includes the areas to be served.

(b) Notwithstanding any other provision of law, a retail public utility may continue and extend service within its area of public convenience and necessity and utilize the roads, streets, highways, alleys, and public property to furnish retail utility service, subject to the authority of the governing body of a municipality to require any retail public utility, at its own expense, to relocate its facilities to permit the widening or straightening of streets, by giving to the retail public utility 30 days' notice and specifying the new location for the facilities along the right-of-way of the street or streets.

(c) This section may not be construed as limiting the power of municipalities to incorporate or extend their boundaries by annexation, or as prohibiting any municipality from levying taxes and other special charges for the use of the streets as are authorized by

Section 182.025, Tax Code.

(d) In addition to any other rights provided by law, a municipality with a population of more than 500,000 may exercise the power of eminent domain in the manner provided by Chapter 21, Property Code, to acquire a substandard water or sewer system if all the facilities of the system are located entirely within the municipality's boundaries. The municipality shall pay just and adequate compensation for the property. In this subsection, "substandard water or sewer system" means a system that is not in compliance with the municipality's standards for water and wastewater service.

Sec. 13.250. CONTINUOUS AND ADEQUATE SERVICE; DISCONTINUANCE, REDUCTION, OR IMPAIRMENT OF SERVICE. (a) Except as provided by this section or Section 13.2501 of this code, any retail public utility that possesses or is required to possess a certificate of public convenience and necessity shall serve every consumer within its certified area and shall render continuous and adequate service within the area or areas.

(b) Unless the utility commission issues a certificate that neither the present nor future convenience and necessity will be adversely affected, the holder of a certificate or a person who possesses facilities used to provide utility service shall not discontinue, reduce, or impair service to a certified service area or part of a certified service area except for:

(1) nonpayment of charges for services provided by the certificate holder or a person who possesses facilities used to provide utility service;

(2) nonpayment of charges for sewer service provided by another retail public utility under an agreement between the retail public utility and the certificate holder or a person who possesses facilities used to provide utility service or under a utility commission-ordered arrangement between the two service providers;

(3) nonuse; or

(4) other similar reasons in the usual course of business.

(c) Any discontinuance, reduction, or impairment of service, whether with or without approval of the utility commission, shall be in conformity with and subject to conditions, restrictions, and limitations that the utility commission prescribes.

(d) Except as provided by this subsection, a retail public utility that has not been granted a certificate of public convenience and necessity may not discontinue, reduce, or impair retail water or sewer service to any ratepayer without approval of the regulatory authority. Except as provided by this subsection, a utility or water supply corporation that is allowed to operate without a certificate of public convenience and necessity under Section 13.242(c) may not discontinue, reduce, or impair retail water or sewer service to any ratepayer without the approval of the regulatory authority. Subject to rules of the regulatory authority, a retail public utility, utility, or water supply corporation described in this subsection may

discontinue, reduce, or impair retail water or sewer service for:

- (1) nonpayment of charges;
- (2) nonuse; or
- (3) other similar reasons in the usual course of business.

(e) Not later than the 48th hour after the hour in which a utility files a bankruptcy petition, the utility shall report this fact to the utility commission and the commission in writing.

Sec. 13.2501. CONDITIONS REQUIRING REFUSAL OF SERVICE. The holder of a certificate of public convenience and necessity shall refuse to serve a customer within its certified area if the holder of the certificate is prohibited from providing the service under Section 212.012 or 232.0047, Local Government Code.

Added by Acts 1987, 70th Leg., ch. 1102, Sec. 6, eff. Sept. 1, 1987. Amended by Acts 1989, 71st Leg., ch. 1, Sec. 46(f), eff. Aug. 28, 1989; Acts 1989, 71st Leg., ch. 624, Sec. 3.13, eff. Sept. 1, 1989.

Sec. 13.2502. SERVICE EXTENSIONS BY WATER SUPPLY AND SEWER SERVICE CORPORATION OR SPECIAL UTILITY DISTRICT. (a) Notwithstanding Section 13.250, a water supply or sewer service corporation or a special utility district organized under Chapter 65 is not required to extend retail water or sewer utility service within the certificated area of the corporation or special utility district to a service applicant in a subdivision if the corporation or special utility district documents that:

(1) the developer of the subdivision has failed to comply with the subdivision service extension policy of the corporation or special utility district as set forth in the tariff of the corporation or the policies of the special utility district; and

(2) the service applicant purchased the property after the corporation or special utility district gave notice as provided by this section of the rules of the corporation or special utility district applicable to service to subdivisions from the corporation or special utility district.

(b) Publication of notice in a newspaper of general circulation in each county in which the corporation or special utility district is certificated for utility service of the requirement to comply with the subdivision service extension policy constitutes notice under this section. The notice must be published once a week for two consecutive weeks on a biennial basis and must contain information describing the subdivision service extension policy of the corporation or special utility district. The corporation or special utility district must be able to provide proof of publication through an affidavit of the publisher of the newspaper that specifies each county in which the newspaper is generally circulated.

(c) As an alternative to publication of notice as provided by Subsection (b), a corporation or special utility district may demonstrate by any reasonable means that a developer has been notified for purposes of this section, including:

(1) an agreement executed by the developer;

(2) correspondence with the developer that sets forth the subdivision service extension policy; or

(3) any other documentation that reasonably establishes that the developer should be aware of the subdivision service extension policy.

(d) This section does not limit or extend the jurisdiction of the utility commission under Section 13.043(g).

(e) For purposes of this section:

(1) "Developer" means a person who subdivides land or requests more than two water or sewer service connections on a single contiguous tract of land.

(2) "Service applicant" means a person, other than a developer, who applies for retail water or sewer utility service.

Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 51, eff. September 1, 2013.

Sec. 13.251. SALE, ASSIGNMENT, OR LEASE OF CERTIFICATE. Except as provided by Section 13.255, a utility or a water supply or sewer service corporation may not sell, assign, or lease a certificate of public convenience and necessity or any right obtained under a certificate unless the utility commission has determined that the purchaser, assignee, or lessee is capable of rendering adequate and continuous service to every consumer within the certified area, after considering the factors under Section 13.246(c). The sale, assignment, or lease shall be on the conditions prescribed by the utility commission.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 3.005, eff. Sept. 1, 1985. Amended by Acts 1987, 70th Leg., ch. 539, Sec. 17, eff. Sept. 1, 1987; Acts 1989, 71st Leg., ch. 567, Sec. 28, eff. Sept. 1, 1989; Acts 1991, 72nd Leg., ch. 678, Sec. 8, eff. Sept. 1, 1991.

Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 52, eff. September 1, 2013.

Sec. 13.252. INTERFERENCE WITH OTHER RETAIL PUBLIC UTILITY. If a retail public utility in constructing or extending a line, plant, or system interferes or attempts to interfere with the operation of a line, plant, or system of any other retail public utility, or furnishes, makes available, renders, or extends retail water or sewer utility service to any portion of the service area of another retail public utility that has been granted or is not required to possess a certificate of public convenience and necessity, the utility commission may issue an order prohibiting the construction, extension, or provision of service or prescribing terms and conditions for locating the line, plant, or system affected or for

the provision of the service.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 3.005, eff. Sept. 1, 1985. Amended by Acts 1987, 70th Leg., ch. 539, Sec. 18, eff. Sept. 1, 1987; Acts 1989, 71st Leg., ch. 567, Sec. 29, eff. Sept. 1, 1989. Amended by:

Sec. 13.253. IMPROVEMENTS IN SERVICE; INTERCONNECTING SERVICE.

(a) After notice and hearing, the utility commission or the commission may:

(1) order any retail public utility that is required by law to possess a certificate of public convenience and necessity or any retail public utility that possesses a certificate of public convenience and necessity and is located in an affected county as defined in Section 16.341 to:

(A) provide specified improvements in its service in a defined area if service in that area is inadequate or is substantially inferior to service in a comparable area and it is reasonable to require the retail public utility to provide the improved service; or

(B) develop, implement, and follow financial, managerial, and technical practices that are acceptable to the utility commission to ensure that continuous and adequate service is provided to any areas currently certificated to the retail public utility if the retail public utility has not provided continuous and adequate service to any of those areas and, for a utility, to provide financial assurance of the utility's ability to operate the system in accordance with applicable laws and rules, in the form of a bond or other financial assurance in a form and amount specified by the utility commission;

(2) order two or more public utilities or water supply or sewer service corporations to establish specified facilities for interconnecting service;

(3) order a public utility or water supply or sewer service corporation that has not demonstrated that it can provide continuous

and adequate service from its drinking water source or sewer treatment facility to obtain service sufficient to meet its obligation to provide continuous and adequate service on at least a wholesale basis from another consenting utility service provider; or

(4) issue an emergency order, with or without a hearing, under Section 13.041.

(b) If the utility commission has reason to believe that improvements and repairs to a water or sewer service system are necessary to enable a retail public utility to provide continuous and adequate service in any portion of its service area and the retail public utility has provided financial assurance under Section 341.0355, Health and Safety Code, or under this chapter, the utility commission, after providing to the retail public utility notice and an opportunity to be heard by the commissioners at a meeting of the utility commission, may immediately order specified improvements and repairs to the water or sewer system, the costs of which may be paid by the bond or other financial assurance in an amount determined by the utility commission not to exceed the amount of the bond or financial assurance. The order requiring the improvements may be an emergency order if it is issued after the retail public utility has had an opportunity to be heard at a meeting of the utility commission. After notice and hearing, the utility commission may require a retail public utility to obligate additional money to replace the financial assurance used for the improvements.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 3.005, eff. Sept. 1, 1985. Amended by Acts 1987, 70th Leg., ch. 539, Sec. 19, eff. Sept. 1, 1987; Acts 1989, 71st Leg., ch. 567, Sec. 30, eff. Sept. 1, 1989; Acts 1997, 75th Leg., ch. 1010, Sec. 6.09, eff. Sept. 1, 1997.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 170 (H.B. 1600), Sec. 2.54, eff. September 1, 2013.

Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 54, eff. September 1, 2013.

Sec. 13.254. REVOCATION OR AMENDMENT OF CERTIFICATE. (a) The utility commission at any time after notice and hearing may revoke or amend any certificate of public convenience and necessity with the written consent of the certificate holder or if the utility

commission finds that:

(1) the certificate holder has never provided, is no longer providing, is incapable of providing, or has failed to provide continuous and adequate service in the area, or part of the area, covered by the certificate;

(2) in an affected county as defined in Section 16.341, the cost of providing service by the certificate holder is so prohibitively expensive as to constitute denial of service, provided that, for commercial developments or for residential developments started after September 1, 1997, in an affected county as defined in Section 16.341, the fact that the cost of obtaining service from the currently certificated retail public utility makes the development economically unfeasible does not render such cost prohibitively expensive in the absence of other relevant factors;

(3) the certificate holder has agreed in writing to allow another retail public utility to provide service within its service area, except for an interim period, without amending its certificate; or

(4) the certificate holder has failed to file a cease and desist action pursuant to Section 13.252 within 180 days of the date that it became aware that another retail public utility was providing service within its service area, unless the certificate holder demonstrates good cause for its failure to file such action within the 180 days.

(a-1) As an alternative to decertification under Subsection (a), the owner of a tract of land that is at least 50 acres and that is not in a platted subdivision actually receiving water or sewer service may petition the utility commission under this subsection for expedited release of the area from a certificate of public convenience and necessity so that the area may receive service from another retail public utility. The fact that a certificate holder is a borrower under a federal loan program is not a bar to a request under this subsection for the release of the petitioner's land and the receipt of services from an alternative provider. On the day the petitioner submits the petition to the utility commission, the petitioner shall send, via certified mail, a copy of the petition to the certificate holder, who may submit information to the utility commission to controvert information submitted by the petitioner. The petitioner must demonstrate that:

(1) a written request for service, other than a request for

standard residential or commercial service, has been submitted to the certificate holder, identifying:

(A) the area for which service is sought;

(B) the timeframe within which service is needed for current and projected service demands in the area;

(C) the level and manner of service needed for current and projected service demands in the area;

(D) the approximate cost for the alternative provider to provide the service at the same level and manner that is requested from the certificate holder;

(E) the flow and pressure requirements and specific infrastructure needs, including line size and system capacity for the required level of fire protection requested; and

(F) any additional information requested by the certificate holder that is reasonably related to determination of the capacity or cost for providing the service;

(2) the certificate holder has been allowed at least 90 calendar days to review and respond to the written request and the information it contains;

(3) the certificate holder:

(A) has refused to provide the service;

(B) is not capable of providing the service on a continuous and adequate basis within the timeframe, at the level, at the approximate cost that the alternative provider is capable of providing for a comparable level of service, or in the manner reasonably needed or requested by current and projected service demands in the area; or

(C) conditions the provision of service on the payment of costs not properly allocable directly to the petitioner's service request, as determined by the utility commission; and

(4) the alternate retail public utility from which the petitioner will be requesting service possesses the financial, managerial, and technical capability to provide continuous and adequate service within the timeframe, at the level, at the cost, and in the manner reasonably needed or requested by current and projected service demands in the area.

(a-2) A landowner is not entitled to make the election described in Subsection (a-1) or (a-5) but is entitled to contest under Subsection (a) the involuntary certification of its property in a hearing held by the utility commission if the landowner's property

is located:

(1) within the boundaries of any municipality or the extraterritorial jurisdiction of a municipality with a population of more than 500,000 and the municipality or retail public utility owned by the municipality is the holder of the certificate; or

(2) in a platted subdivision actually receiving water or sewer service.

(a-3) Within 60 calendar days from the date the utility commission determines the petition filed pursuant to Subsection (a-1) to be administratively complete, the utility commission shall grant the petition unless the utility commission makes an express finding that the petitioner failed to satisfy the elements required in Subsection (a-1) and supports its finding with separate findings and conclusions for each element based solely on the information provided by the petitioner and the certificate holder. The utility commission may grant or deny a petition subject to terms and conditions specifically related to the service request of the petitioner and all relevant information submitted by the petitioner and the certificate holder. In addition, the utility commission may require an award of compensation as otherwise provided by this section.

(a-4) Chapter 2001, Government Code, does not apply to any petition filed under Subsection (a-1). The decision of the utility commission on the petition is final after any reconsideration authorized by the utility commission's rules and may not be appealed.

(a-5) As an alternative to decertification under Subsection (a) and expedited release under Subsection (a-1), the owner of a tract of land that is at least 25 acres and that is not receiving water or sewer service may petition for expedited release of the area from a certificate of public convenience and necessity and is entitled to that release if the landowner's property is located in a county with a population of at least one million, a county adjacent to a county with a population of at least one million, or a county with a population of more than 200,000 and less than 220,000 that does not contain a public or private university that had a total enrollment in the most recent fall semester of 40,000 or more, and not in a county that has a population of more than 45,500 and less than 47,500.

(a-6) The utility commission shall grant a petition received under Subsection (a-5) not later than the 60th day after the date the landowner files the petition. The utility commission may not deny a petition received under Subsection (a-5) based on the fact that a

certificate holder is a borrower under a federal loan program. The utility commission may require an award of compensation by the petitioner to a decertified retail public utility that is the subject of a petition filed under Subsection (a-5) as otherwise provided by this section.

(a-7) The utility shall include with the statement of intent provided to each landowner or ratepayer a notice of:

- (1) a proceeding under this section related to certification or decertification;
- (2) the reason or reasons for the proposed rate change; and
- (3) any bill payment assistance program available to low-income ratepayers.

(a-8) If a certificate holder has never made service available through planning, design, construction of facilities, or contractual obligations to serve the area a petitioner seeks to have released under Subsection (a-1), the utility commission is not required to find that the proposed alternative provider is capable of providing better service than the certificate holder, but only that the proposed alternative provider is capable of providing the requested service.

(a-9) Subsection (a-8) does not apply to a county that borders the United Mexican States and the Gulf of Mexico or a county adjacent to a county that borders the United Mexican States and the Gulf of Mexico.

(a-10) Subsection (a-8) does not apply to a county:

- (1) with a population of more than 30,000 and less than 35,000 that borders the Red River; or
- (2) with a population of more than 100,000 and less than 200,000 that borders a county described by Subdivision (1).

(a-11) Subsection (a-8) does not apply to a county:

- (1) with a population of 130,000 or more that is adjacent to a county with a population of 1.5 million or more that is within 200 miles of an international border; or
- (2) with a population of more than 40,000 and less than 50,000 that contains a portion of the San Antonio River.

(b) Upon written request from the certificate holder, the utility commission may cancel the certificate of a utility or water supply corporation authorized by rule to operate without a certificate of public convenience and necessity under Section 13.242(c).

(c) If the certificate of any retail public utility is revoked or amended, the utility commission may require one or more retail public utilities with their consent to provide service in the area in question. The order of the utility commission shall not be effective to transfer property.

(d) A retail public utility may not in any way render retail water or sewer service directly or indirectly to the public in an area that has been decertified under this section without providing compensation for any property that the utility commission determines is rendered useless or valueless to the decertified retail public utility as a result of the decertification.

(e) The determination of the monetary amount of compensation, if any, shall be determined at the time another retail public utility seeks to provide service in the previously decertified area and before service is actually provided. The utility commission shall ensure that the monetary amount of compensation is determined not later than the 90th calendar day after the date on which a retail public utility notifies the utility commission of its intent to provide service to the decertified area.

(f) The monetary amount shall be determined by a qualified individual or firm serving as independent appraiser agreed upon by the decertified retail public utility and the retail public utility seeking to serve the area. The determination of compensation by the independent appraiser shall be binding on the utility commission. The costs of the independent appraiser shall be borne by the retail public utility seeking to serve the area.

(g) For the purpose of implementing this section, the value of real property owned and utilized by the retail public utility for its facilities shall be determined according to the standards set forth in Chapter 21, Property Code, governing actions in eminent domain and the value of personal property shall be determined according to the factors in this subsection. The factors ensuring that the compensation to a retail public utility is just and adequate shall include: the amount of the retail public utility's debt allocable for service to the area in question; the value of the service facilities of the retail public utility located within the area in question; the amount of any expenditures for planning, design, or construction of service facilities that are allocable to service to the area in question; the amount of the retail public utility's contractual obligations allocable to the area in question; any

demonstrated impairment of service or increase of cost to consumers of the retail public utility remaining after the decertification; the impact on future revenues lost from existing customers; necessary and reasonable legal expenses and professional fees; and other relevant factors. The utility commission shall adopt rules governing the evaluation of these factors.

(g-1) If the retail public utilities cannot agree on an independent appraiser within 10 calendar days after the date on which the retail public utility notifies the utility commission of its intent to provide service to the decertified area, each retail public utility shall engage its own appraiser at its own expense, and each appraisal shall be submitted to the utility commission within 60 calendar days. After receiving the appraisals, the utility commission shall appoint a third appraiser who shall make a determination of the compensation within 30 days. The determination may not be less than the lower appraisal or more than the higher appraisal. Each retail public utility shall pay half the cost of the third appraisal.

(h) A certificate holder that has land removed from its certificated service area in accordance with this section may not be required, after the land is removed, to provide service to the removed land for any reason, including the violation of law or utility commission or commission rules by a water or sewer system of another person.

Sec. 13.255. SINGLE CERTIFICATION IN INCORPORATED OR ANNEXED AREAS. (a) In the event that an area is incorporated or annexed by a municipality, either before or after the effective date of this section, the municipality and a retail public utility that provides water or sewer service to all or part of the area pursuant to a certificate of convenience and necessity may agree in writing that all or part of the area may be served by a municipally owned utility, by a franchised utility, or by the retail public utility. In this section, the phrase "franchised utility" shall mean a retail public utility that has been granted a franchise by a municipality to provide water or sewer service inside municipal boundaries. The agreement may provide for single or dual certification of all or part of the area, for the purchase of facilities or property, and for such other or additional terms that the parties may agree on. If a franchised utility is to serve the area, the franchised utility shall also be a party to the agreement. The executed agreement shall be filed with the utility commission, and the utility commission, on receipt of the agreement, shall incorporate the terms of the agreement into the respective certificates of convenience and necessity of the parties to the agreement.

(b) If an agreement is not executed within 180 days after the municipality, in writing, notifies the retail public utility of its intent to provide service to the incorporated or annexed area, and if the municipality desires and intends to provide retail utility service to the area, the municipality, prior to providing service to the area, shall file an application with the utility commission to grant single certification to the municipally owned water or sewer utility or to a franchised utility. If an application for single certification is filed, the utility commission shall fix a time and place for a hearing and give notice of the hearing to the municipality and franchised utility, if any, and notice of the application and hearing to the retail public utility.

(c) The utility commission shall grant single certification to the municipality. The utility commission shall also determine whether single certification as requested by the municipality would result in property of a retail public utility being rendered useless or valueless to the retail public utility, and shall determine in its

order the monetary amount that is adequate and just to compensate the retail public utility for such property. If the municipality in its application has requested the transfer of specified property of the retail public utility to the municipality or to a franchised utility, the utility commission shall also determine in its order the adequate and just compensation to be paid for such property pursuant to the provisions of this section, including an award for damages to property remaining in the ownership of the retail public utility after single certification. The order of the utility commission shall not be effective to transfer property. A transfer of property may only be obtained under this section by a court judgment rendered pursuant to Subsection (d) or (e). The grant of single certification by the utility commission shall go into effect on the date the municipality or franchised utility, as the case may be, pays adequate and just compensation pursuant to court order, or pays an amount into the registry of the court or to the retail public utility under Subsection (f). If the court judgment provides that the retail public utility is not entitled to any compensation, the grant of single certification shall go into effect when the court judgment becomes final. The municipality or franchised utility must provide to each customer of the retail public utility being acquired an individual written notice within 60 days after the effective date for the transfer specified in the court judgment. The notice must clearly advise the customer of the identity of the new service provider, the reason for the transfer, the rates to be charged by the new service provider, and the effective date of those rates.

(d) In the event the final order of the utility commission is not appealed within 30 days, the municipality may request the district court of Travis County to enter a judgment consistent with the order of the utility commission. In such event, the court shall render a judgment that:

(1) transfers to the municipally owned utility or franchised utility title to property to be transferred to the municipally owned utility or franchised utility as delineated by the utility commission's final order and property determined by the utility commission to be rendered useless or valueless by the granting of single certification; and

(2) orders payment to the retail public utility of adequate and just compensation for the property as determined by the utility commission in its final order.

(e) Any party that is aggrieved by a final order of the utility commission under this section may file an appeal with the district court of Travis County within 30 days after the order becomes final. The hearing in such an appeal before the district court shall be by trial de novo on all issues. After the hearing, if the court determines that the municipally owned utility or franchised utility is entitled to single certification under the provisions of this section, the court shall enter a judgment that:

(1) transfers to the municipally owned utility or franchised utility title to property requested by the municipality to be transferred to the municipally owned utility or franchised utility and located within the singly certificated area and property determined by the court or jury to be rendered useless or valueless by the granting of single certification; and

(2) orders payment in accordance with Subsection (g) to the retail public utility of adequate and just compensation for the property transferred and for the property damaged as determined by the court or jury.

(f) Transfer of property shall be effective on the date the judgment becomes final. However, after the judgment of the court is entered, the municipality or franchised utility may take possession of condemned property pending appeal if the municipality or franchised utility pays the retail public utility or pays into the registry of the court, subject to withdrawal by the retail public utility, the amount, if any, established in the court's judgment as just and adequate compensation. To provide security in the event an appellate court, or the trial court in a new trial or on remand, awards compensation in excess of the original award, the municipality or franchised utility, as the case may be, shall deposit in the registry of the court an additional sum in the amount of the award, or a surety bond in the same amount issued by a surety company qualified to do business in this state, conditioned to secure the payment of an award of damages in excess of the original award of the trial court. On application by the municipality or franchised utility, the court shall order that funds deposited in the registry of the court be deposited in an interest-bearing account, and that interest accruing prior to withdrawal of the award by the retail public utility be paid to the municipality or to the franchised utility. In the event the municipally owned utility or franchised utility takes possession of property or provides utility service in

the singly certificated area pending appeal, and a court in a final judgment in an appeal under this section holds that the grant of single certification was in error, the retail public utility is entitled to seek compensation for any damages sustained by it in accordance with Subsection (g) of this section.

(g) For the purpose of implementing this section, the value of real property owned and utilized by the retail public utility for its facilities shall be determined according to the standards set forth in Chapter 21, Property Code, governing actions in eminent domain; the value of personal property shall be determined according to the factors in this subsection. The factors ensuring that the compensation to a retail public utility is just and adequate, shall, at a minimum, include: impact on the existing indebtedness of the retail public utility and its ability to repay that debt, the value of the service facilities of the retail public utility located within the area in question, the amount of any expenditures for planning, design, or construction of service facilities outside the incorporated or annexed area that are allocable to service to the area in question, the amount of the retail public utility's contractual obligations allocable to the area in question, any demonstrated impairment of service or increase of cost to consumers of the retail public utility remaining after the single certification, the impact on future revenues lost from existing customers, necessary and reasonable legal expenses and professional fees, factors relevant to maintaining the current financial integrity of the retail public utility, and other relevant factors.

(g-1) The utility commission shall adopt rules governing the evaluation of the factors to be considered in determining the monetary compensation under Subsection (g). The utility commission by rule shall adopt procedures to ensure that the total compensation to be paid to a retail public utility under Subsection (g) is determined not later than the 90th calendar day after the date on which the utility commission determines that the municipality's application is administratively complete.

(h) A municipality or a franchised utility may dismiss an application for single certification without prejudice at any time before a judgment becomes final provided the municipality or the franchised public utility has not taken physical possession of property of the retail public utility or made payment for such right pursuant to Subsection (f) of this section.

(i) In the event that a municipality files an application for single certification on behalf of a franchised utility, the municipality shall be joined in such application by such franchised utility, and the franchised utility shall make all payments required in the court's judgment to adequately and justly compensate the retail public utility for any taking or damaging of property and for the transfer of property to such franchised utility.

(j) This section shall apply only in a case where:

(1) the retail public utility that is authorized to serve in the certificated area that is annexed or incorporated by the municipality is a nonprofit water supply or sewer service corporation, a special utility district under Chapter 65, Water Code, or a fresh water supply district under Chapter 53, Water Code; or

(2) the retail public utility that is authorized to serve in the certificated area that is annexed or incorporated by the municipality is a retail public utility, other than a nonprofit water supply or sewer service corporation, and whose service area is located entirely within the boundaries of a municipality with a population of 1.7 million or more according to the most recent federal census.

(k) The following conditions apply when a municipality or franchised utility makes an application to acquire the service area or facilities of a retail public utility described in Subsection (j)(2):

(1) the utility commission or court must determine that the service provided by the retail public utility is substandard or its rates are unreasonable in view of the reasonable expenses of the utility;

(2) if the municipality abandons its application, the court or the utility commission is authorized to award to the retail public utility its reasonable expenses related to the proceeding hereunder, including attorney fees; and

(3) unless otherwise agreed by the retail public utility, the municipality must take the entire utility property of the retail public utility in a proceeding hereunder.

(1) For an area incorporated by a municipality, the compensation provided under Subsection (g) shall be determined by a qualified individual or firm to serve as independent appraiser, who shall be selected by the affected retail public utility, and the costs of the appraiser shall be paid by the municipality. For an

area annexed by a municipality, the compensation provided under Subsection (g) shall be determined by a qualified individual or firm to which the municipality and the retail public utility agree to serve as independent appraiser. If the retail public utility and the municipality are unable to agree on a single individual or firm to serve as the independent appraiser before the 11th day after the date the retail public utility or municipality notifies the other party of the impasse, the retail public utility and municipality each shall appoint a qualified individual or firm to serve as independent appraiser. On or before the 10th business day after the date of their appointment, the independent appraisers shall meet to reach an agreed determination of the amount of compensation. If the appraisers are unable to agree on a determination before the 16th business day after the date of their first meeting under this subsection, the retail public utility or municipality may petition the utility commission or a person the utility commission designates for the purpose to appoint a third qualified independent appraiser to reconcile the appraisals of the two originally appointed appraisers. The determination of the third appraiser may not be less than the lesser or more than the greater of the two original appraisals. The costs of the independent appraisers for an annexed area shall be shared equally by the retail public utility and the municipality. The determination of compensation under this subsection is binding on the utility commission.

(m) The utility commission shall deny an application for single certification by a municipality that fails to demonstrate compliance with the commission's minimum requirements for public drinking water systems.

Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 56, eff. September 1, 2013.

Sec. 13.2551. COMPLETION OF DECERTIFICATION. (a) As a condition to decertification or single certification under Section 13.254 or 13.255, and on request by an affected retail public utility, the utility commission may order:

(1) the retail public utility seeking to provide service to a decertified area to serve the entire service area of the retail public utility that is being decertified; and

(2) the transfer of the entire certificate of public convenience and necessity of a partially decertified retail public utility to the retail public utility seeking to provide service to the decertified area.

(b) The utility commission shall order service to the entire area under Subsection (a) if the utility commission finds that the decertified retail public utility will be unable to provide continuous and adequate service at an affordable cost to the remaining customers.

(c) The utility commission shall require the retail public utility seeking to provide service to the decertified area to provide continuous and adequate service to the remaining customers at a cost comparable to the cost of that service to its other customers and shall establish the terms under which the service must be provided. The terms may include:

(1) transferring debt and other contract obligations;

(2) transferring real and personal property;

(3) establishing interim service rates for affected customers during specified times; and

(4) other provisions necessary for the just and reasonable allocation of assets and liabilities.

(d) The retail public utility seeking decertification shall not charge the affected customers any transfer fee or other fee to obtain service other than the retail public utility's usual and customary rates for monthly service or the interim rates set by the utility commission, if applicable.

(e) The utility commission shall not order compensation to the decertificated retail utility if service to the entire service area is ordered under this section.

Added by Acts 2005, 79th Leg., Ch. 1145 (H.B. 2876), Sec. 11, eff. September 1, 2005.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 170 (H.B. 1600), Sec. 2.57, eff. September 1, 2013.

Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 57, eff. September 1, 2013.

Sec. 13.256. COUNTY FEE. (a) Notwithstanding any other provision of law, a county with a population of more than 2.8 million may not charge a water and sewer utility a fee for the privilege of installing or replacing a water or sewer line in the county's right-of-way.

(b) This section does not affect a franchise agreement or other contract entered into before September 1, 1995.

Added by Acts 1995, 74th Leg., ch. 628, Sec. 1, eff. Sept. 1, 1995.

Sec. 13.257. NOTICE TO PURCHASERS. (a) In this section, "utility service provider" means a retail public utility other than a district subject to Section 49.452 of this code.

(b) If a person proposes to sell or convey real property located in a certificated service area of a utility service provider, the person must give to the purchaser written notice as prescribed by this section. An executory contract for the purchase and sale of real property that has a performance period of more than six months is considered a sale of real property under this section.

(c) This section does not apply to:

- (1) a transfer of title under any type of lien foreclosure;
- (2) a transfer of title by deed in cancellation of indebtedness secured by a lien on the property conveyed;
- (3) a transfer of title by reason of a will or probate proceeding;
- (4) a transfer of title to or from a governmental entity;
- (5) a transfer of title to property located within the corporate limits of a municipality that is served by a municipally owned utility;
- (6) a transfer of title to property that receives water or

sewer service from a utility service provider on the date the property is transferred;

(7) a transfer of title by a trustee in bankruptcy;

(8) a transfer of title by a mortgagee or beneficiary under a deed of trust who acquired the property:

(A) at a sale conducted under a power of sale conferred by a deed of trust or other contract lien;

(B) at a sale under a court judgment foreclosing a lien; or

(C) by a deed in lieu of foreclosure;

(9) a transfer of title from one co-owner to another co-owner;

(10) a transfer of title between spouses or to a person in the lineal line of consanguinity of the transferor; or

(11) a transfer of a mineral interest, leasehold interest, or security interest.

(d) The notice must be executed by the seller and read as follows: "The real property, described below, that you are about to purchase may be located in a certificated water or sewer service area, which is authorized by law to provide water or sewer service to the properties in the certificated area. If your property is located in a certificated area there may be special costs or charges that you will be required to pay before you can receive water or sewer service. There may be a period required to construct lines or other facilities necessary to provide water or sewer service to your property. You are advised to determine if the property is in a certificated area and contact the utility service provider to determine the cost that you will be required to pay and the period, if any, that is required to provide water or sewer service to your property.

"The undersigned purchaser hereby acknowledges receipt of the foregoing notice at or before the execution of a binding contract for the purchase of the real property described in the notice or at closing of purchase of the real property.

\_\_\_\_\_  
Date

\_\_\_\_\_  
Signature of Purchaser

"Except for notices included as an addendum to or paragraph of a purchase contract, the notice must be executed by the seller and

purchaser, as indicated."

(e) The notice must be given to the prospective purchaser before the execution of a binding contract of purchase and sale. The notice may be given separately or as an addendum to or paragraph of the contract. If the seller fails to provide the notice required by this section, the purchaser may terminate the contract. If the seller provides the notice at or before the closing of the purchase and sale contract and the purchaser elects to close even though the notice was not timely provided before the execution of the contract, it is conclusively presumed that the purchaser has waived all rights to terminate the contract and recover damages or pursue other remedies or rights under this section. Notwithstanding any provision of this section to the contrary, a seller, title insurance company, real estate broker, or examining attorney, or an agent, representative, or person acting on behalf of the seller, company, broker, or attorney, is not liable for damages under Subsection (m) or (n) or liable for any other damages to any person for:

(1) failing to provide the notice required by this section to a purchaser before the execution of a binding contract of purchase and sale or at or before the closing of the purchase and sale contract if:

(A) the utility service provider did not file the map of the certificated service area in the real property records of the county in which the service area is located and with the utility commission depicting the boundaries of the service area of the utility service provider as shown in the real property records of the county in which the service area is located; and

(B) the utility commission did not maintain an accurate map of the certificated service area of the utility service provider as required by this chapter; or

(2) unintentionally providing a notice required by this section that is incorrect under the circumstances before the execution of a binding contract of purchase and sale or at or before the closing of the purchase and sale contract.

(f) The purchaser shall sign the notice or the purchase and sale contract that includes the notice to evidence the purchaser's receipt of the notice.

(g) At the closing of the purchase and sale contract, a separate copy of the notice with current information shall be executed by the seller and purchaser, acknowledged, and subsequently

recorded in the real property records of the county in which the property is located. In completing the notice to be executed by the seller and purchaser at the closing of the purchase and sale contract, any seller, title insurance company, real estate broker, or examining attorney, or any agent, representative, or person acting on behalf of the seller, company, broker, or attorney, may rely on the accuracy of the information required by this chapter that is last filed in the real property records by the utility service provider and the accuracy of the map of the certificated service area of the utility service provider. Any information taken from the map is, for purposes of this section, conclusively presumed to be correct as a matter of law. Any subsequent seller, purchaser, title insurance company, real estate broker, examining attorney, or lienholder may rely on the map of the certificated service area filed in the real property records by the utility service provider.

(h) In completing the notice required to be given to a prospective purchaser before the execution of a binding contract of purchase and sale, any seller, and any person completing the notice on behalf of the seller, may rely on the information contained in the map of the certificated service area filed in the real property records by the utility service provider. Any subsequent seller, purchaser, title insurance company, real estate broker, examining attorney, or lienholder may rely on the map of the certificated service area filed in the real property records by the utility service provider.

(i) If the notice is given at closing as provided by Subsection (g), a purchaser, or the purchaser's heirs, successors, or assigns, may not maintain an action for damages or maintain an action against a seller, title insurance company, real estate broker, or lienholder, or any agent, representative, or person acting on behalf of the seller, company, broker, or lienholder, by reason of the seller's use of the information filed with the utility commission by the utility service provider or the seller's use of the map of the certificated service area of the utility service provider filed in the real property records to determine whether the property to be purchased is within the certificated service area of the utility service provider. An action may not be maintained against a title insurance company for the failure to disclose that the described real property is included within the certificated service area of a utility service provider if the utility service provider did not file in the real property

records or with the utility commission the map of the certificated service area.

(j) Any purchaser who purchases real property in a certificated service area of a utility service provider and who subsequently sells or conveys the property is conclusively considered on the closing of the subsequent sale to have waived any previous right to damages under this section.

(k) It is the express intent of this section that any seller, title insurance company, examining attorney, vendor of property and tax information, real estate broker, or lienholder, or any agent, representative, or person acting on behalf of the seller, company, attorney, vendor, broker, or lienholder, may rely for the purpose of completing the notice required by this section on the accuracy of the map of the certificated service area of the utility service provider filed in the real property records by the utility service provider.

(l) Except as otherwise provided by Subsection (e), if any sale or conveyance of real property within the certificated service area of a utility service provider fails to comply with this section, the purchaser may file a suit for damages under Subsection (m) or (n).

(m) If the sale or conveyance of real property fails to comply with this section, the purchaser may file a suit for damages in the amount of all costs related to the purchase of the property plus interest and reasonable attorney's fees. The suit for damages may be filed jointly or severally against the individual or entity that sold or conveyed the property to the purchaser. Following the recovery of damages under this subsection, the amount of the damages shall be paid first to satisfy all unpaid obligations on each outstanding lien on the property and the remainder of the damage amount shall be paid to the purchaser. On payment of all damages respectively to each lienholder and the purchaser, the purchaser shall reconvey the property to the seller.

(n) If the sale or conveyance of the property fails to comply with this section, the purchaser may file a suit for damages in an amount not to exceed \$5,000, plus reasonable attorney's fees.

(o) A purchaser may not recover damages under both Subsections (m) and (n). An entry of a final decision awarding damages to the purchaser under either Subsection (m) or (n) precludes the purchaser from recovering damages under the other subsection. Notwithstanding general or special law or the common law of this state to the contrary, the relief provided under Subsections (m) and (n) provides

the exclusive remedy for a purchaser aggrieved by the seller's failure to comply with this section. Any action for damages under this section does not apply to, affect, alter, or impair the validity of any existing vendor's lien, mechanic's lien, or deed of trust lien on the property.

(p) A suit for damages under this section must be filed by the earlier of:

(1) a date on or before the 90th day after the date the purchaser discovers:

(A) the cost the purchaser is required to pay to the utility service provider to obtain water or sewer service; or

(B) the period required by the utility service provider to provide water or sewer service; or

(2) the fourth anniversary of the date the property was sold or conveyed to the purchaser.

(q) Notwithstanding any other provision of this section to the contrary, a purchaser may not recover damages under this section if the person:

(1) purchases an equity interest in real property and, in conjunction with the purchase, assumes any liens, including a purchase money lien; and

(2) does not require proof of title by abstract, title insurance policy, or any other method.

(r) A utility service provider shall:

(1) record in the real property records of each county in which the service area or a portion of the service area is located a certified copy of the map of the certificate of public convenience and necessity and of any amendment to the certificate as contained in the utility commission's records, and a boundary description of the service area by:

(A) a metes and bounds survey certified by a licensed state land surveyor or a registered professional land surveyor;

(B) the Texas State Plane Coordinate System;

(C) verifiable landmarks, including a road, creek, or railroad line; or

(D) if a recorded plat of the area exists, lot and block number; and

(2) submit to the utility commission evidence of the recording.

(s) Each county shall accept and file in its real property

records a utility service provider's map presented to the county clerk under this section if the map meets filing requirements, does not exceed 11 inches by 17 inches in size, and is accompanied by the appropriate fee. The recording required by this section must be completed not later than the 31st day after the date a utility service provider receives a final order from the utility commission granting an application for a new certificate or for an amendment to a certificate that results in a change in the utility service provider's service area.

#### **SUBCHAPTER H. SALE OF PROPERTY AND MERGERS**

Sec. 13.301. REPORT OF SALE, MERGER, ETC.; INVESTIGATION; DISALLOWANCE OF TRANSACTION. (a) A utility or a water supply or sewer service corporation, on or before the 120th day before the effective date of a sale, acquisition, lease, or rental of a water or sewer system that is required by law to possess a certificate of public convenience and necessity or the effective date of a merger or consolidation with such a utility or water supply or sewer service corporation, shall:

(1) file a written application with the utility commission; and

(2) unless public notice is waived by the utility commission for good cause shown, give public notice of the action.

(b) The utility commission may require that the person purchasing or acquiring the water or sewer system demonstrate adequate financial, managerial, and technical capability for providing continuous and adequate service to the requested area and any areas currently certificated to the person.

(c) If the person purchasing or acquiring the water or sewer system cannot demonstrate adequate financial capability, the utility commission may require that the person provide a bond or other financial assurance in a form and amount specified by the utility commission to ensure continuous and adequate utility service is provided.

(d) The utility commission shall, with or without a public hearing, investigate the sale, acquisition, lease, or rental to determine whether the transaction will serve the public interest.

(e) Before the expiration of the 120-day notification period, the utility commission shall notify all known parties to the transaction and the Office of Public Utility Counsel whether the utility commission will hold a public hearing to determine if the transaction will serve the public interest. The utility commission may hold a hearing if:

(1) the application filed with the utility commission or the public notice was improper;

(2) the person purchasing or acquiring the water or sewer system has not demonstrated adequate financial, managerial, and technical capability for providing continuous and adequate service to the service area being acquired and to any areas currently certificated to the person;

(3) the person or an affiliated interest of the person purchasing or acquiring the water or sewer system has a history of:

(A) noncompliance with the requirements of the utility commission, the commission, or the Department of State Health Services; or

(B) continuing mismanagement or misuse of revenues as a utility service provider;

(4) the person purchasing or acquiring the water or sewer system cannot demonstrate the financial ability to provide the necessary capital investment to ensure the provision of continuous and adequate service to the customers of the water or sewer system; or

(5) there are concerns that the transaction may not serve the public interest, after the application of the considerations provided by Section 13.246(c) for determining whether to grant a certificate of convenience and necessity.

(f) Unless the utility commission holds a public hearing, the sale, acquisition, lease, or rental may be completed as proposed:

(1) at the end of the 120-day period; or  
(2) at any time after the utility commission notifies the utility or water supply or sewer service corporation that a hearing will not be held.

(g) If the utility commission decides to hold a hearing or if the utility or water supply or sewer service corporation fails to make the application as required or to provide public notice, the sale, acquisition, lease, or rental may not be completed unless the utility commission determines that the proposed transaction serves the public interest.

(h) A sale, acquisition, lease, or rental of any water or sewer system required by law to possess a certificate of public convenience and necessity that is not completed in accordance with the provisions of this section is void.

(i) This section does not apply to:

- (1) the purchase of replacement property; or
- (2) a transaction under Section 13.255 of this code.

(j) If a public utility facility or system is sold and the facility or system was partially or wholly constructed with customer contributions in aid of construction derived from specific surcharges approved by the regulatory authority over and above revenues required for normal operating expenses and return, the public utility may not sell or transfer any of its assets, its certificate of convenience and necessity, or its controlling interest in an incorporated utility, unless the utility provides to the purchaser or transferee before the date of the sale or transfer a written disclosure relating to the contributions. The disclosure must contain, at a minimum, the total dollar amount of the contributions and a statement that the contributed property or capital may not be included in invested capital or allowed depreciation expense by the regulatory authority in rate-making proceedings.

(k) A utility or a water supply or sewer service corporation that proposes to sell, assign, lease, or rent its facilities shall notify the other party to the transaction of the requirements of this section before signing an agreement to sell, assign, lease, or rent its facilities.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 3.005, eff. Sept. 1, 1985. Amended by Acts 1987, 70th Leg., ch. 539, Sec. 21, eff. Sept. 1, 1987; Acts 1989, 71st Leg., ch. 567, Sec. 33, eff. Sept. 1, 1989;

Acts 1991, 72nd Leg., ch. 678, Sec. 9, eff. Sept. 1, 1991; Acts 1995, 74th Leg., ch. 400, Sec. 7, eff. Sept. 1, 1995; Acts 1997, 75th Leg., ch. 1010, Sec. 6.11, eff. Sept. 1, 1997.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 170 (H.B. 1600), Sec. 2.59, eff. September 1, 2013.

Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 59, eff. September 1, 2013.

Sec. 13.302. PURCHASE OF VOTING STOCK IN ANOTHER PUBLIC UTILITY: REPORT. (a) A utility may not purchase voting stock in another utility doing business in this state and a person may not acquire a controlling interest in a utility doing business in this state unless the person or utility files a written application with the utility commission not later than the 61st day before the date on which the transaction is to occur.

(b) The utility commission may require that a person acquiring a controlling interest in a utility demonstrate adequate financial, managerial, and technical capability for providing continuous and adequate service to the requested area and any areas currently certificated to the person.

(c) If the person acquiring a controlling interest cannot demonstrate adequate financial capability, the utility commission may require that the person provide a bond or other financial assurance in a form and amount specified by the utility commission to ensure continuous and adequate utility service is provided.

(d) The utility commission may hold a public hearing on the transaction if the utility commission believes that a criterion prescribed by Section 13.301(e) applies.

(e) Unless the utility commission holds a public hearing, the purchase or acquisition may be completed as proposed:

- (1) at the end of the 60-day period; or
- (2) at any time after the utility commission notifies the person or utility that a hearing will not be held.

(f) If the utility commission decides to hold a hearing or if the person or utility fails to make the application to the utility commission as required, the purchase or acquisition may not be completed unless the utility commission determines that the proposed transaction serves the public interest. A purchase or acquisition

that is not completed in accordance with the provisions of this section is void.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 3.005, eff. Sept. 1, 1985. Amended by Acts 1989, 71st Leg., ch. 567, Sec. 34, eff. Sept. 1, 1989; Acts 1991, 72nd Leg., ch. 678, Sec. 10, eff. Sept. 1, 1991; Acts 1997, 75th Leg., ch. 1010, Sec. 6.12, eff. Sept. 1, 1997.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 60, eff. September 1, 2013.

Sec. 13.303. LOANS TO STOCKHOLDERS: REPORT. A utility may not loan money, stocks, bonds, notes, or other evidences of indebtedness to any corporation or person owning or holding directly or indirectly any stock of the utility unless the utility reports the transaction to the utility commission within 60 days after the date of the transaction.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 3.005, eff. Sept. 1, 1985. Amended by Acts 1989, 71st Leg., ch. 567, Sec. 35, eff. Sept. 1, 1989.

Sec. 13.304. FORECLOSURE REPORT. (a) A utility that receives notice that all or a portion of the utility's facilities or property used to provide utility service are being posted for foreclosure shall notify the utility commission and the commission in writing of that fact not later than the 10th day after the date on which the utility receives the notice.

(b) A financial institution that forecloses on a utility or on any part of the utility's facilities or property that are used to provide utility service is not required to provide the 120-day notice prescribed by Section 13.301, but shall provide written notice to the

utility commission and the commission before the 30th day preceding the date on which the foreclosure is completed.

(c) The financial institution may operate the utility for an interim period prescribed by utility commission rule before transferring or otherwise obtaining a certificate of convenience and necessity. A financial institution that operates a utility during an interim period under this subsection is subject to each utility commission rule to which the utility was subject and in the same manner.

Added by Acts 1991, 72nd Leg., ch. 678, Sec. 11, eff. Sept. 1, 1991.  
Amended by Acts 1995, 74th Leg., ch. 400, Sec. 8, eff. Sept. 1, 1995.

#### **SUBCHAPTER I. RELATIONS WITH AFFILIATED INTERESTS**

Sec. 13.341. JURISDICTION OVER AFFILIATED INTERESTS. The utility commission has jurisdiction over affiliated interests having transactions with utilities under the jurisdiction of the utility commission to the extent of access to all accounts and records of those affiliated interests relating to such transactions, including but in no way limited to accounts and records of joint or general expenses, any portion of which may be applicable to those transactions.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 3.005, eff. Sept. 1, 1985.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 170 (H.B. 1600), Sec. 2.63, eff. September 1, 2013.

Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 63, eff. September 1, 2013.

Sec. 13.342. DISCLOSURE OF SUBSTANTIAL INTEREST IN VOTING SECURITIES. The utility commission may require the disclosure of the identity and respective interests of every owner of any substantial

interest in the voting securities of any utility or its affiliated interest. One percent or more is a substantial interest within the meaning of this section.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 3.005, eff. Sept. 1, 1985.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 170 (H.B. 1600), Sec. 2.64, eff. September 1, 2013.

Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 64, eff. September 1, 2013.

Sec. 13.343. WHOLESALE WATER CONTRACTS BETWEEN CERTAIN AFFILIATES. (a) The owner of a utility that supplies retail water service may not contract to purchase from an affiliated supplier wholesale water service for any of that owner's systems unless:

(1) the wholesale service is provided for not more than 90 days to remedy an emergency condition, as defined by utility commission or commission rule; or

(2) the utility commission determines that the utility cannot obtain wholesale water service from another source at a lower cost than from the affiliate.

(b) The utility may not purchase groundwater from any provider if:

(1) the source of the groundwater is located in a priority groundwater management area; and

(2) a wholesale supply of surface water is available.

Added by Acts 2001, 77th Leg., ch. 966, Sec. 10.07, eff. Sept. 1, 2001.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 170 (H.B. 1600), Sec. 2.65, eff. September 1, 2013.

Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 65, eff. September 1, 2013.

#### **SUBCHAPTER J. JUDICIAL REVIEW**

Sec. 13.381. RIGHT TO JUDICIAL REVIEW; EVIDENCE. Any party to a proceeding before the utility commission or the commission is

entitled to judicial review under the substantial evidence rule.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 3.005, eff. Sept. 1, 1985.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 170 (H.B. 1600), Sec. 2.66, eff. September 1, 2013.

Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 66, eff. September 1, 2013.

Sec. 13.382. COSTS AND ATTORNEY'S FEES. (a) Any party represented by counsel who alleges that existing rates are excessive or that rates prescribed by the utility commission are excessive and who is a prevailing party in proceedings for review of a utility commission order or decision may in the same action recover against the regulation fund reasonable fees for attorneys and expert witnesses and other costs incurred by him before the utility commission and the court. The amount of the attorney's fees shall be fixed by the court.

(b) On a finding by the court that an action under this subchapter was groundless and brought in bad faith and for the purpose of harassment, the court may award to the defendant retail public utility reasonable attorney's fees.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 3.005, eff. Sept. 1, 1985. Amended by Acts 1989, 71st Leg., ch. 567, Sec. 36, eff. Sept. 1, 1989.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 170 (H.B. 1600), Sec. 2.67, eff. September 1, 2013.

#### **SUBCHAPTER K. VIOLATIONS AND ENFORCEMENT**

Sec. 13.411. ACTION TO ENJOIN OR REQUIRE COMPLIANCE. (a) If the utility commission or the commission has reason to believe that any retail public utility or any other person or corporation is engaged in or is about to engage in any act in violation of this chapter or of any order or rule of the utility commission or the

commission entered or adopted under this chapter or that any retail public utility or any other person or corporation is failing to comply with this chapter or with any rule or order, the attorney general on request of the utility commission or the commission, in addition to any other remedies provided in this chapter, shall bring an action in a court of competent jurisdiction in the name of and on behalf of the utility commission or the commission against the retail public utility or other person or corporation to enjoin the commencement or continuation of any act or to require compliance with this chapter or the rule or order.

(b) If the utility commission or the executive director of the commission has reason to believe that the failure of the owner or operator of a water utility to properly operate, maintain, or provide adequate facilities presents an imminent threat to human health or safety, the utility commission or the executive director shall immediately:

- (1) notify the utility's representative; and
- (2) initiate enforcement action consistent with:
  - (A) this subchapter; and
  - (B) procedural rules adopted by the utility commission

or the commission.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 3.005, eff. Sept. 1, 1985. Amended by Acts 1989, 71st Leg., ch. 567, Sec. 37, eff. Sept. 1, 1989; Acts 1997, 75th Leg., ch. 1010, Sec. 6.30, eff. Sept. 1, 1997.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 170 (H.B. 1600), Sec. 2.68, eff. September 1, 2013.

Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 68, eff. September 1, 2013.

Sec. 13.4115. ACTION TO REQUIRE ADJUSTMENT TO CONSUMER CHARGE; PENALTY. In regard to a customer complaint arising out of a charge made by a public utility, if the utility commission finds that the utility has failed to make the proper adjustment to the customer's bill after the conclusion of the complaint process established by the utility commission, the utility commission may issue an order requiring the utility to make the adjustment. Failure to comply with

the order within 30 days of receiving the order is a violation for which the utility commission may impose an administrative penalty under Section 13.4151.

Added by Acts 2001, 77th Leg., ch. 965, Sec. 20.01, eff. Sept. 1, 2001.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 170 (H.B. 1600), Sec. 2.69, eff. September 1, 2013.

Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 69, eff. September 1, 2013.

Sec. 13.412. RECEIVERSHIP. (a) At the request of the utility commission or the commission, the attorney general shall bring suit for the appointment of a receiver to collect the assets and carry on the business of a water or sewer utility that:

- (1) has abandoned operation of its facilities;
- (2) informs the utility commission or the commission that the owner is abandoning the system;
- (3) violates a final order of the utility commission or the commission; or
- (4) allows any property owned or controlled by it to be used in violation of a final order of the utility commission or the commission.

(b) The court shall appoint a receiver if an appointment is necessary:

- (1) to guarantee the collection of assessments, fees, penalties, or interest;
- (2) to guarantee continuous and adequate service to the customers of the utility; or
- (3) to prevent continued or repeated violation of the final order.

(c) The receiver shall execute a bond to assure the proper performance of the receiver's duties in an amount to be set by the court.

(d) After appointment and execution of bond, the receiver shall take possession of the assets of the utility specified by the court. Until discharged by the court, the receiver shall perform the duties that the court directs to preserve the assets and carry on the

business of the utility and shall strictly observe the final order involved.

(e) On a showing of good cause by the utility, the court may dissolve the receivership and order the assets and control of the business returned to the utility.

(f) For purposes of this section and Section 13.4132, abandonment may include but is not limited to:

(1) failure to pay a bill or obligation owed to a retail public utility or to an electric or gas utility with the result that the utility service provider has issued a notice of discontinuance of necessary services;

(2) failure to provide appropriate water or wastewater treatment so that a potential health hazard results;

(3) failure to adequately maintain facilities, resulting in potential health hazards, extended outages, or repeated service interruptions;

(4) failure to provide customers adequate notice of a health hazard or potential health hazard;

(5) failure to secure an alternative available water supply during an outage;

(6) displaying a pattern of hostility toward or repeatedly failing to respond to the utility commission or the commission or the utility's customers; and

(7) failure to provide the utility commission or the commission with adequate information on how to contact the utility for normal business and emergency purposes.

(g) Notwithstanding Section 64.021, Civil Practice and Remedies Code, a receiver appointed under this section may seek approval from the utility commission and the commission to acquire the water or sewer utility's facilities and transfer the utility's certificate of convenience and necessity. The receiver must apply in accordance with Subchapter H.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 3.005, eff. Sept. 1, 1985. Amended by Acts 1991, 72nd Leg., ch. 678, Sec. 12, eff. Sept. 1, 1991; Acts 1997, 75th Leg., ch. 1010, Sec. 6.13, eff. Sept. 1, 1997.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 170 (H.B. 1600), Sec. 2.70, eff. September 1, 2013.

Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 70, eff. September 1, 2013.

Sec. 13.413. PAYMENT OF COSTS OF RECEIVERSHIP. The receiver may, subject to the approval of the court and after giving notice to all interested parties, sell or otherwise dispose of all or part of the real or personal property of a water or sewer utility against which a proceeding has been brought under this subchapter to pay the costs incurred in the operation of the receivership. The costs include:

- (1) payment of fees to the receiver for his services;
- (2) payment of fees to attorneys, accountants, engineers, or any other person or entity that provides goods or services necessary to the operation of the receivership; and
- (3) payment of costs incurred in ensuring that any property owned or controlled by a water or sewer utility is not used in violation of a final order of the utility commission or the commission.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 3.005, eff. Sept. 1, 1985.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 170 (H.B. 1600), Sec. 2.71, eff. September 1, 2013.

Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 71, eff. September 1, 2013.

Sec. 13.4131. SUPERVISION OF CERTAIN UTILITIES. (a) The utility commission, after providing to the utility notice and an opportunity for a hearing, may place a utility under supervision for gross or continuing mismanagement, gross or continuing noncompliance with this chapter or a rule adopted under this chapter, or noncompliance with an order issued under this chapter.

(b) While supervising a utility, the utility commission may require the utility to abide by conditions and requirements prescribed by the utility commission, including:

- (1) management requirements;
- (2) additional reporting requirements;

(3) restrictions on hiring, salary or benefit increases, capital investment, borrowing, stock issuance or dividend declarations, and liquidation of assets; and

(4) a requirement that the utility place the utility's funds into an account in a financial institution approved by the utility commission and use of those funds shall be restricted to reasonable and necessary utility expenses.

(c) While supervising a utility, the utility commission may require that the utility obtain approval from the utility commission before taking any action that may be restricted under Subsection (b). Any action or transaction which occurs without approval may be voided by the utility commission.

Added by Acts 1991, 72nd Leg., ch. 678, Sec. 13, eff. Sept. 1, 1991.  
Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 170 (H.B. 1600), Sec. 2.72, eff. September 1, 2013.

Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 72, eff. September 1, 2013.

Sec. 13.4132. OPERATION OF UTILITY THAT DISCONTINUES OPERATION OR IS REFERRED FOR APPOINTMENT OF RECEIVER. (a) The utility commission or the commission, after providing to the utility notice and an opportunity to be heard by the commissioners at a utility commission or commission meeting, may authorize a willing person to temporarily manage and operate a utility if the utility:

(1) has discontinued or abandoned operations or the provision of services; or

(2) has been or is being referred to the attorney general for the appointment of a receiver under Section 13.412.

(b) The utility commission or the commission may appoint a person under this section by emergency order, and notice of the action is adequate if the notice is mailed or hand-delivered to the last known address of the utility's headquarters.

(c) A person appointed under this section has the powers and duties necessary to ensure the continued operation of the utility and the provision of continuous and adequate services to customers, including the power and duty to:

(1) read meters;

- (2) bill for utility services;
- (3) collect revenues;
- (4) disburse funds;
- (5) access all system components; and
- (6) request rate increases.

(d) This section does not affect the authority of the utility commission or the commission to pursue an enforcement claim against a utility or an affiliated interest.

Added by Acts 1991, 72nd Leg., ch. 678, Sec. 13, eff. Sept. 1, 1991.  
Amended by Acts 1997, 75th Leg., ch. 1010, Sec. 6.14, eff. Sept. 1, 1997.

Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 73, eff. September 1, 2013.

Sec. 13.4133. EMERGENCY RATE INCREASE IN CERTAIN CIRCUMSTANCES.

(a) Notwithstanding the requirements of Subchapter F, the utility commission may authorize an emergency rate increase for a utility for which a person has been appointed under Section 13.4132 or for which a receiver has been appointed under Section 13.412 if the increase is necessary to ensure the provision of continuous and adequate services to the utility's customers.

(b) A utility that receives an emergency rate increase under this section shall provide to each ratepayer notice of the increase as soon as possible, but not later than the first utility bill issued at the new rate.

(c) The utility commission shall schedule a hearing to establish a final rate within 15 months after the date on which an emergency rate increase takes effect. The utility commission shall require the utility to provide notice of the hearing to each customer. The additional revenues collected under an emergency rate increase are subject to refund if the utility commission finds that the rate increase was larger than necessary to ensure continuous and adequate service.

Added by Acts 1991, 72nd Leg., ch. 678, Sec. 13, eff. Sept. 1, 1991.  
Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 170 (H.B. 1600), Sec. 2.74, eff. September 1, 2013.

Sec. 13.414. PENALTY AGAINST RETAIL PUBLIC UTILITY OR AFFILIATED INTEREST. (a) Any retail public utility or affiliated interest that violates this chapter, fails to perform a duty imposed on it, or fails, neglects, or refuses to obey an order, rule, direction, or requirement of the utility commission or the commission or decree or judgment of a court is subject to a civil penalty of not less than \$100 nor more than \$5,000 for each violation.

(b) A retail public utility or affiliated interest commits a separate violation each day it continues to violate Subsection (a) of this section.

(c) The attorney general shall institute suit on his own initiative or at the request of, in the name of, and on behalf of the utility commission or the commission in a court of competent jurisdiction to recover the penalty under this section.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 3.005, eff. Sept. 1, 1985. Amended by Acts 1989, 71st Leg., ch. 567, Sec. 38, eff. Sept. 1, 1989; Acts 1991, 72nd Leg., ch. 678, Sec. 14, eff. Sept. 1, 1991. Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 170 (H.B. 1600), Sec. 2.75, eff. September 1, 2013.

Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 75, eff. September 1, 2013.

Sec. 13.415. PERSONAL PENALTY. Any person who wilfully and knowingly violates this chapter is guilty of a third degree felony.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 3.005, eff. Sept. 1, 1985.

Sec. 13.4151. ADMINISTRATIVE PENALTY. (a) If a person, affiliated interest, or entity subject to the jurisdiction of the utility commission or the commission violates this chapter or a rule

or order adopted under this chapter, the utility commission or the commission, as applicable, may assess a penalty against that person, affiliated interest, or entity as provided by this section. The penalty may be in an amount not to exceed \$5,000 a day. Each day a violation continues may be considered a separate violation.

(b) In determining the amount of the penalty, the utility commission or the commission shall consider:

- (1) the nature, circumstances, extent, duration, and gravity of the prohibited acts or omissions;
  - (2) with respect to the alleged violator:
    - (A) the history and extent of previous violations;
    - (B) the degree of culpability, including whether the violation was attributable to mechanical or electrical failures and whether the violation could have been reasonably anticipated and avoided;
    - (C) the demonstrated good faith, including actions taken by the person, affiliated interest, or entity to correct the cause of the violation;
    - (D) any economic benefit gained through the violation;
- and
- (E) the amount necessary to deter future violations;
- and
- (3) any other matters that justice requires.

(c) If, after examination of a possible violation and the facts surrounding that possible violation, the utility commission or the executive director of the commission concludes that a violation has occurred, the utility commission or the executive director may issue a preliminary report stating the facts on which that conclusion is based, recommending that a penalty under this section be imposed on the person, affiliated interest, or retail public utility charged, and recommending the amount of that proposed penalty. The utility commission or the executive director shall base the recommended amount of the proposed penalty on the factors provided by Subsection (b), and shall analyze each factor for the benefit of the appropriate agency.

(d) Not later than the 10th day after the date on which the report is issued, the utility commission or the executive director of the commission shall give written notice of the report to the person, affiliated interest, or retail public utility charged with the violation. The notice shall include a brief summary of the charges,

a statement of the amount of the penalty recommended, and a statement of the right of the person, affiliated interest, or retail public utility charged to a hearing on the occurrence of the violation, the amount of the penalty, or both.

(e) Not later than the 20th day after the date on which notice is received, the person, affiliated interest, or retail public utility charged may give the appropriate agency written consent to the report described by Subsection (c), including the recommended penalty, or may make a written request for a hearing.

(f) If the person, affiliated interest, or retail public utility charged with the violation consents to the penalty recommended in the report described by Subsection (c) or fails to timely respond to the notice, the utility commission or the commission by order shall assess that penalty or order a hearing to be held on the findings and recommendations in the report. If the utility commission or the commission assesses the penalty recommended by the report, the utility commission or the commission shall give written notice to the person, affiliated interest, or retail public utility charged of its decision.

(g) If the person, affiliated interest, or retail public utility charged requests or the utility commission or the commission orders a hearing, the appropriate agency shall call a hearing and give notice of the hearing. As a result of the hearing, the appropriate agency by order may find that a violation has occurred and may assess a civil penalty, may find that a violation has occurred but that no penalty should be assessed, or may find that no violation has occurred. All proceedings under this subsection are subject to Chapter 2001, Government Code. In making any penalty decision, the appropriate agency shall analyze each of the factors provided by Subsection (b).

(h) The utility commission or the commission shall give notice of its decision to the person, affiliated interest, or retail public utility charged, and if the appropriate agency finds that a violation has occurred and has assessed a penalty, that agency shall give written notice to the person, affiliated interest, or retail public utility charged of its findings, of the amount of the penalty, and of the person's, affiliated interest's, or retail public utility's right to judicial review of the agency's order. If the utility commission or the commission is required to give notice of a penalty under this subsection or Subsection (f), the appropriate agency shall file

notice of that agency's decision in the Texas Register not later than the 10th day after the date on which the decision is adopted.

(i) Within the 30-day period immediately following the day on which the utility commission's or commission's order is final, as provided by Subchapter F, Chapter 2001, Government Code, the person, affiliated interest, or retail public utility charged with the penalty shall:

(1) pay the penalty in full; or

(2) if the person, affiliated interest, or retail public utility seeks judicial review of the fact of the violation, the amount of the penalty, or both:

(A) forward the amount of the penalty to the appropriate agency for placement in an escrow account; or

(B) post with the appropriate agency a supersedeas bond in a form approved by the agency for the amount of the penalty to be effective until all judicial review of the order or decision is final.

(j) Failure to forward the money to or to post the bond with the utility commission or the commission within the time provided by Subsection (i) constitutes a waiver of all legal rights to judicial review. If the person, affiliated interest, or retail public utility charged fails to forward the money or post the bond as provided by Subsection (i), the appropriate agency or the executive director of that agency may forward the matter to the attorney general for enforcement.

(k) Judicial review of the order or decision of the utility commission or the commission assessing the penalty shall be under the substantial evidence rule and may be instituted by filing a petition with a district court in Travis County, as provided by Subchapter G, Chapter 2001, Government Code.

(l) A penalty collected under this section shall be deposited in the state treasury to the credit of the general revenue fund.

(m) Notwithstanding any other provision of law, the utility commission or the commission may compromise, modify, extend the time for payment of, or remit, with or without condition, any penalty imposed under this section.

(n) Payment of a penalty under this section is full and complete satisfaction of the violation for which the penalty is assessed and precludes any other civil or criminal penalty for the same violation.

Added by Acts 1987, 70th Leg., ch. 539, Sec. 22, eff. Sept. 1, 1987. Amended by Acts 1989, 71st Leg., ch. 567, Sec. 39, eff. Sept. 1, 1989; Acts 1991, 72nd Leg., ch. 678, Sec. 15, eff. Sept. 1, 1991; Acts 1995, 74th Leg., ch. 76, Sec. 5.95(49), (53), (59), eff. Sept. 1, 1995.

Sec. 13.419. VENUE. Suits for injunction or penalties under this chapter may be brought in Travis County, in any county where this violation is alleged to have occurred, or in the county or residence of any defendant.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 3.005, eff. Sept. 1, 1985.

**SUBCHAPTER M. SUBMETERING AND NONSUBMETERING FOR APARTMENTS AND  
MANUFACTURED HOME RENTAL COMMUNITIES AND OTHER MULTIPLE USE  
FACILITIES**

Sec. 13.501. DEFINITIONS. In this subchapter:

(1) "Apartment house" means one or more buildings containing five or more dwelling units which are occupied primarily for nontransient use, including a residential condominium whether rented or owner occupied, and having rental paid, if a dwelling unit is rented, at intervals of one month or longer.

(2) "Dwelling unit" means:

(A) one or more rooms in an apartment house or condominium, suitable for occupancy as a residence, and containing kitchen and bathroom facilities; or

(B) a manufactured home in a manufactured home rental community.

(3) "Customer" means the individual, firm, or corporation in whose name a master meter has been connected by the utility service provider.

(4) "Nonsubmetered master metered utility service" means water utility service that is master metered for the apartment house but not submetered, and wastewater utility service based on master metered water utility service.

(5) "Owner" means the legal titleholder of an apartment house, manufactured home rental community, or multiple use facility and any individual, firm, or corporation that purports to be the landlord of tenants in the apartment house, manufactured home rental community, or multiple use facility.

(6) "Tenant" means a person who is entitled to occupy a dwelling unit or multiple use facility unit to the exclusion of others and who is obligated to pay for the occupancy under a written or oral rental agreement.

(7) "Multiple use facility" means commercial or industrial parks, office complexes, marinas, and others specifically identified in utility commission rules with five or more units.

(8) "Manufactured home rental community" means a property on which spaces are rented for the occupancy of manufactured homes for nontransient residential use and for which rental is paid at intervals of one month or longer.

Amended by Acts 1989, 71st Leg., ch. 567, Sec. 43, eff. Sept. 1, 1989; Acts 1999, 76th Leg., ch. 86, Sec. 1, eff. Aug. 30, 1999.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 170 (H.B. 1600), Sec. 2.79, eff. September 1, 2013.

Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 79, eff. September 1, 2013.

Sec. 13.502. SUBMETERING. (a) An apartment house owner,

manufactured home rental community owner, multiple use facility owner, or condominium manager may provide for submetering of each dwelling unit or rental unit for the measurement of the quantity of water, if any, consumed by the occupants of that unit.

(b) Except as provided by Subsections (c) and (d), a manager of a condominium or the owner of an apartment house, manufactured home rental community, or multiple use facility, on which construction begins after January 1, 2003, shall provide for the measurement of the quantity of water, if any, consumed by the occupants of each unit through the installation of:

(1) submeters, owned by the property owner or manager, for each dwelling unit or rental unit; or

(2) individual meters, owned by the retail public utility, for each dwelling unit or rental unit.

(c) An owner of an apartment house on which construction begins after January 1, 2003, and which provides government assisted or subsidized rental housing to low or very low income residents shall install a plumbing system in the apartment house that is compatible with the installation of submeters for the measurement of the quantity of water, if any, consumed by the occupants of each unit.

(d) On request by the property owner or manager, a retail public utility shall install individual meters owned by the utility in an apartment house, manufactured home rental community, multiple use facility, or condominium on which construction begins after January 1, 2003, unless the retail public utility determines that installation of meters is not feasible. If the retail public utility determines that installation of meters is not feasible, the property owner or manager shall install a plumbing system that is compatible with the installation of submeters or individual meters. A retail public utility may charge reasonable costs to install individual meters.

(e) An owner of an apartment house, manufactured home rental community, or multiple use facility or a manager of a condominium may not change from submetered billing to allocated billing unless:

(1) the utility commission approves of the change in writing after a demonstration of good cause, including meter reading or billing problems that could not feasibly be corrected or equipment failures; and

(2) the property owner meets rental agreement requirements established by the utility commission.

Amended by Acts 1989, 71st Leg., ch. 567, Sec. 43, eff. Sept. 1, 1989; Acts 1999, 76th Leg., ch. 86, Sec. 1, eff. Aug. 30, 1999; Acts 2001, 77th Leg., ch. 873, Sec. 1, eff. Sept. 1, 2001.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 170 (H.B. 1600), Sec. 2.80, eff. September 1, 2013.

Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 80, eff. September 1, 2013.

Sec. 13.503. SUBMETERING RULES. (a) The utility commission shall encourage submetering of individual rental or dwelling units by master meter operators or building owners to enhance the conservation of water resources.

(b) Notwithstanding any other law, the utility commission shall adopt rules and standards under which an owner, operator, or manager of an apartment house, manufactured home rental community, or multiple use facility that is not individually metered for water for each rental or dwelling unit may install submetering equipment for each individual rental or dwelling unit for the purpose of fairly allocating the cost of each individual rental or dwelling unit's water consumption, including wastewater charges based on water consumption. In addition to other appropriate safeguards for the tenant, the rules shall require that, except as provided by this section, an apartment house owner, manufactured home rental community owner, multiple use facility owner, or condominium manager may not impose on the tenant any extra charges, over and above the cost per gallon and any other applicable taxes and surcharges that are charged by the retail public utility to the owner or manager, and that the rental unit or apartment house owner or manager shall maintain adequate records regarding submetering and make the records available for inspection by the tenant during reasonable business hours. The rules shall allow an owner or manager to charge a tenant a fee for late payment of a submetered water bill if the amount of the fee does not exceed five percent of the bill paid late. All submetering equipment is subject to the rules and standards established by the utility commission for accuracy, testing, and record keeping of meters installed by utilities and to the meter-testing requirements of Section 13.140.

(c) Except as provided by Subsection (c-1), in addition to the

charges permitted under Subsection (b), the rules shall authorize the owner or manager of a manufactured home rental community or apartment house to impose a service charge of not more than nine percent of the costs related to submetering allocated to each submetered rental or dwelling unit.

(c-1) The rules may not authorize the owner or manager of an apartment house to impose a service charge under Subsection (c) on a resident who:

(1) resides in a unit of an apartment house that has received an allocation of low income housing tax credits under Subchapter DD, Chapter 2306, Government Code; or

(2) receives tenant-based voucher assistance under Section 8, United States Housing Act of 1937 (42 U.S.C. Section 1437f).

(d) For purposes of Subsection (c), "costs related to submetering" means water costs as well as any other applicable taxes and surcharges that are charged by the retail public utility to the owner or manager of a manufactured home rental community or apartment house.

(e) The utility commission may authorize a building owner to use submetering equipment that relies on integrated radio based meter reading systems and remote registration in a building plumbing system using submeters that comply with nationally recognized plumbing standards and are as accurate as utility water meters in single application conditions.

Amended by Acts 1989, 71st Leg., ch. 567, Sec. 43, eff. Sept. 1, 1989; Acts 1999, 76th Leg., ch. 86, Sec. 1, eff. Aug. 30, 1999; Acts 2003, 78th Leg., ch. 673, Sec. 1, eff. Sept. 1, 2003.

Amended by:

Acts 2009, 81st Leg., R.S., Ch. 151 (S.B. [2126](#)), Sec. 1, eff. September 1, 2009.

Acts 2013, 83rd Leg., R.S., Ch. 170 (H.B. [1600](#)), Sec. 2.81, eff. September 1, 2013.

Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. [567](#)), Sec. 81, eff. September 1, 2013.

Sec. 13.5031. NONSUBMETERING RULES. Notwithstanding any other law, the utility commission shall adopt rules and standards governing billing systems or methods used by manufactured home rental community

owners, apartment house owners, condominium managers, or owners of other multiple use facilities for prorating or allocating among tenants nonsubmetered master metered utility service costs. In addition to other appropriate safeguards for the tenant, those rules shall require that:

(1) the rental agreement contain a clear written description of the method of calculation of the allocation of nonsubmetered master metered utilities for the manufactured home rental community, apartment house, or multiple use facility;

(2) the rental agreement contain a statement of the average manufactured home, apartment, or multiple use facility unit monthly bill for all units for any allocation of those utilities for the previous calendar year;

(3) except as provided by this section, an owner or condominium manager may not impose additional charges on a tenant in excess of the actual charges imposed on the owner or condominium manager for utility consumption by the manufactured home rental community, apartment house, or multiple use facility;

(4) the owner or condominium manager shall maintain adequate records regarding the utility consumption of the manufactured home rental community, apartment house, or multiple use facility, the charges assessed by the retail public utility, and the allocation of the utility costs to the tenants;

(5) the owner or condominium manager shall maintain all necessary records concerning utility allocations, including the retail public utility's bills, and shall make the records available for inspection by the tenants during normal business hours; and

(6) the owner or condominium manager may charge a tenant a fee for late payment of an allocated water bill if the amount of the fee does not exceed five percent of the bill paid late.

Added by Acts 1989, 71st Leg., ch. 567, Sec. 43, eff. Sept. 1, 1989.  
Amended by Acts 1999, 76th Leg., ch. 86, Sec. 1, eff. Aug. 30, 1999;  
Acts 2003, 78th Leg., ch. 673, Sec. 2, eff. Sept. 1, 2003.

Sec. 13.504. IMPROPER RENTAL RATE INCREASE. If, during the 90-day period preceding the installation of individual meters or submeters, an owner, operator, or manager of an apartment house, manufactured home rental community, or other multiple use facility has increased rental rates and the increase is attributable to increased costs of utilities, the owner, operator, or manager shall immediately reduce the rental rate by the amount of the increase and refund all of the increase that has previously been collected within the 90-day period.

Amended by Acts 1987, 70th Leg., ch. 539, Sec. 26, eff. Sept. 1, 1987; Acts 1989, 71st Leg., ch. 567, Sec. 43, eff. Sept. 1, 1989; Acts 1999, 76th Leg., ch. 86, Sec. 1, eff. Aug. 30, 1999.

Sec. 13.505. ENFORCEMENT. In addition to the enforcement provisions contained in Subchapter K, if an apartment house owner, condominium manager, manufactured home rental community owner, or other multiple use facility owner violates a rule of the utility commission regarding submetering of utility service consumed exclusively within the tenant's dwelling unit or multiple use facility unit or nonsubmetered master metered utility costs, the tenant may recover three times the amount of any overcharge, a civil penalty equal to one month's rent, reasonable attorney's fees, and court costs from the owner or condominium manager. However, an owner of an apartment house, manufactured home rental community, or other multiple use facility or condominium manager is not liable for a civil penalty if the owner or condominium manager proves the violation was a good faith, unintentional mistake.

Amended by Acts 1987, 70th Leg., ch. 539, Sec. 26, eff. Sept. 1, 1987; Acts 1989, 71st Leg., ch. 567, Sec. 43, eff. Sept. 1, 1989; Acts 1999, 76th Leg., ch. 86, Sec. 1, eff. Aug. 30, 1999.

Amended by:

Sec. 13.506. PLUMBING FIXTURES. (a) After January 1, 2003,

before an owner of an apartment house, manufactured home rental community, or multiple use facility or a manager of a condominium may implement a program to bill tenants for submetered or allocated water service, the owner or manager must:

(1) meet the standards prescribed by Section 372.002, Health and Safety Code, for sink or lavatory faucets, faucet aerators, and showerheads; and

(2) perform a water leak audit of each dwelling unit or rental unit and each common area and repair any leaks found.

(b) Not later than the first anniversary of the date an owner of an apartment house, manufactured home rental community, or multiple use facility or a manager of a condominium begins to bill for submetered or allocated water service under Subsection (a), the owner or manager shall:

(1) remove any toilets that exceed a maximum flow of 3.5 gallons of water per flushing; and

(2) install toilets that meet the standards prescribed by Section 372.002, Health and Safety Code.

(c) Subsections (a) and (b) do not apply to a manufactured home rental community owner who does not own the manufactured homes located on the property of the manufactured home rental community.

Added by Acts 2001, 77th Leg., ch. 873, Sec. 2, eff. Sept. 1, 2001.  
Amended by:

Acts 2009, 81st Leg., R.S., Ch. 1316 (H.B. 2667), Sec. 5, eff. September 1, 2009.

#### **SUBCHAPTER N. PRIVATIZATION CONTRACTS**

Sec. 13.511. DEFINITIONS. In this subchapter:

(1) "Eligible city" means any municipality whose waterworks and sewer system is operated by a board of utility trustees pursuant to provisions of a home-rule charter.

(2) "Privatization contract" means any contract, agreement, or letter of intent or group of the same by which any eligible city contracts with a service provider to provide for the financing, acquisition, improvement, or construction of sewage treatment and disposal facilities pursuant to which such service provider or its assignee or subcontractor will own, operate, and maintain such facilities and provide sewage treatment and disposal services to the

eligible city or any contract pursuant to which such service provider agrees to operate and maintain, or have its subcontractor operate and maintain all or any part of the eligible city's sewage treatment and disposal facilities.

(3) "Service provider" means any person or group of persons who is a party to a privatization contract which thereby contracts to provide sewage treatment and disposal services to an eligible city.

Added by Acts 1987, 70th Leg., ch. 88, Sec. 1, eff. May 14, 1987.

Renumbered from Sec. 13.501 and amended by Acts 1989, 71st Leg., ch. 567, Sec. 44, eff. Sept. 1, 1989.

Sec. 13.512. AUTHORITY TO ENTER INTO PRIVATIZATION CONTRACTS. Any eligible city is authorized to enter into privatization contracts if such action is recommended by the board of utility trustees and authorized by the governing body of the eligible city pursuant to an ordinance. Any privatization contract entered into prior to the effective date of this Act is validated, ratified, and approved. Each eligible city shall file a copy of its privatization contract with the utility commission, for information purposes only, within 60 days of execution or the effective date of this Act, whichever is later.

Added by Acts 1987, 70th Leg., ch. 88, Sec. 1, eff. May 14, 1987.

Renumbered from Sec. 13.502 by Acts 1989, 71st Leg., ch. 567, Sec. 44, eff. Sept. 1, 1989.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 170 (H.B. 1600), Sec. 2.84, eff. September 1, 2013.

Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 84, eff. September 1, 2013.

Sec. 13.513. ELECTION BY ELIGIBLE CITY TO EXEMPT SERVICE PROVIDER FROM UTILITY COMMISSION JURISDICTION. A service provider shall not constitute a "water and sewer utility," a "public utility," a "utility," or a "retail public utility" within the meaning of this chapter as a result of entering into or performing a privatization contract, if the governing body of the eligible city shall so elect by ordinance and provide notice thereof in writing to the utility

commission; provided, however, this provision shall not affect the application of this chapter to an eligible city itself.

Notwithstanding anything contained in this section, any service provider who seeks to extend or render sewer service to any person or municipality other than, or in addition to, an eligible city may be a "public utility" for the purposes of this chapter with respect to such other person or municipality.

Added by Acts 1987, 70th Leg., ch. 88, Sec. 1, eff. May 14, 1987.  
Renumbered from Sec. 13.503 by Acts 1989, 71st Leg., ch. 567, Sec. 44, eff. Sept. 1, 1989.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 170 (H.B. 1600), Sec. 2.85, eff. September 1, 2013.

Acts 2013, 83rd Leg., R.S., Ch. 171 (S.B. 567), Sec. 85, eff. September 1, 2013.

Sec. 13.514. TERM AND PROVISIONS OF A PRIVATIZATION CONTRACT. A privatization contract may be for a term and contain provisions that the governing body of an eligible city determines are in the best interests of the eligible city, including provisions relating to allocation of liabilities, indemnification, and purchase of all or a portion of the facilities.

Added by Acts 1989, 71st Leg., ch. 567, Sec. 44, eff. Sept. 1, 1989.

Sec. 13.515. PAYMENTS UNDER A PRIVATIZATION CONTRACT. Payments by an eligible city under a privatization contract shall, if so provided, constitute an operating expense of the eligible city's sanitary sewer system or combined waterworks and sanitary sewer system, except that any payment for purchase of the facilities is payable from a pledge and lien on the net revenues of the eligible city's sanitary sewer system or combined waterworks and sanitary sewer system.

Added by Acts 1989, 71st Leg., ch. 567, Sec. 44, eff. Sept. 1, 1989.

#### **SUBTITLE C. WATER DEVELOPMENT**

**CHAPTER 15. TEXAS WATER ASSISTANCE PROGRAM****SUBCHAPTER A. GENERAL PROVISIONS**

Sec. 15.001. DEFINITIONS. In this chapter:

(1) "Board" means the Texas Water Development Board.

(2) "Commission" means the Texas Natural Resource Conservation Commission.

(3) "Executive administrator" means the executive administrator of the Texas Water Development Board.

(4) "Executive director" means the executive director of the Texas Natural Resource Conservation Commission.

(5) "Political subdivision" means a city, county, district or authority created under Article III, Section 52, or Article XVI, Section 59, of the Texas Constitution, any other political subdivision of the state, any interstate compact commission to which the state is a party, and any nonprofit water supply corporation created and operating under Chapter 67.

(6) "Project" means:

(A) any undertaking or work, including planning activities and work to obtain regulatory authority at the local, state, and federal level, to conserve, convey, and develop water resources in the state, to provide for the maintenance and enhancement of the quality of the water of the state, to provide nonstructural and structural flood control, drainage, subsidence control, recharge, chloride control, brush control, precipitation enhancement, and desalinization, to provide for the acquisition of water rights and the repair of unsafe dams, and to carry out other purposes defined by board rules;

(B) any undertaking or work outside the state to provide for the maintenance and enhancement of the quality of water by eliminating saline inflow through well pumping and deep well injection of brine; or

(C) any undertaking or work by Texas political subdivisions or institutions of higher education to conserve, convey, and develop water resources in areas outside Texas or to provide for the maintenance and enhancement of the quality of the water in areas adjoining Texas, if such undertaking or work will result in water being available for use in or for the benefit of Texas or will maintain and enhance the quality of water in Texas.

(7) "Fund" means the water assistance fund.

(8) "Loan fund" means the water loan assistance fund.

(9) "Conservation" means:

(A) the development of water resources; and

(B) those practices, techniques, and technologies that will reduce the consumption of water, reduce the loss or waste of water, improve the efficiency in the use of water, or increase the recycling and reuse of water so that a water supply is made available for future or alternative uses.

(10) "Federal agency" means any federal agency, including the United States Secretary of State, that may act or that is acting through the American Commissioner on the International Boundary and Water Commission, United States and Mexico.

(11) "Economically distressed area" means:

(A) an area in which water supply or sewer services are inadequate to meet minimal needs of residential users as defined by board rules and in which financial resources are inadequate to provide water supply or sewer services that will satisfy those needs; or

(B) for purposes of any federal funds for colonias deposited in the water assistance fund, an area that meets the federal criteria for use of such funds.

(12) "Nonborder colonia" means a residential community:

(A) located in an unincorporated area of a county all parts of which are at least 150 miles from the international border of this state;

(B) in which water or wastewater services are inadequate to meet minimal needs of residential users as defined by board rules;

(C) in which the average household income is less than the average household income for the county in which the community is located; and

(D) that consists of 11 or more dwellings that are located in close proximity to each other in an area that may be described as a community or neighborhood.

(13) "Regionalization" means development of a water supply or wastewater collection and treatment system that incorporates multiple service areas into an areawide service facility or any such system that serves an area that includes more than a single county, city, special district, or other political subdivision of the state.

Added by Acts 1981, 67th Leg., 1st C.S., p. 102, ch. 12, Sec. 1, eff.

Nov. 10, 1981. Amended by Acts 1985, 69th Leg., ch. 133, Sec. 1.06; Acts 1985, 69th Leg., ch. 133, Sec. 2.01; Acts 1985, 69th Leg., ch. 795, Sec. 1.038, eff. Sept. 1, 1985; Acts 1985, 69th Leg., ch. 821, Sec. 1, eff. Sept. 1, 1985; Acts 1987, 70th Leg., ch. 977, Sec. 8, eff. June 19, 1987; Acts 1989, 71st Leg., ch. 624, Sec. 2.01, eff. Sept. 1, 1989; Acts 1991, 72nd Leg., 1st C.S., ch. 3, Sec. 1.059, eff. Aug. 12, 1991; Acts 1993, 73rd Leg., ch. 844, Sec. 2, eff. Aug. 30, 1993; Acts 1997, 75th Leg., ch. 1010, Sec. 4.07, eff. Sept. 1, 1997; Acts 1999, 76th Leg., ch. 62, Sec. 18.54, eff. Sept. 1, 1999; Acts 2001, 77th Leg., ch. 966, Sec. 4.04, eff. Sept. 1, 2001; Acts 2001, 77th Leg., ch. 1367, Sec. 11.01, eff. Sept. 1, 2001; Acts 2003, 78th Leg., ch. 1275, Sec. 2(141), eff. Sept. 1, 2003.

Amended by:

Acts 2007, 80th Leg., R.S., Ch. 341 (S.B. 99), Sec. 14, eff. June 15, 2007.

Sec. 15.002. PURPOSE. (a) The legislature finds that it is in the public interest and to the benefit of the general public of the state to encourage and to assist in the planning and construction of projects to develop and conserve the storm water and floodwater as well as the ordinary flows of the rivers and streams of the state, to maintain and enhance the quality of the water of the state, to provide protection to the state's citizens from the floodwater of the rivers and streams of the state, to provide drainage, subsidence control, public beach nourishment, recharge, chloride control, brush control, weather modification, regionalization, and desalination, to provide for the management of aquatic vegetation, and other purposes as provided by law or board rule.

(b) The legislature finds that the conventional means of financing projects are inadequate to meet current and anticipated needs of the state. Therefore, it is the further intent of the legislature to provide a means of coordinating the development of projects through the board and to provide political subdivisions the maximum opportunity to finance projects through programs provided by this chapter. Projects may be in the state or outside the state, provided that out-of-state projects must be funded through a Texas political subdivision or an institution of higher education and must result in water being available for use in or for the benefit of Texas or maintain and enhance the quality of water in Texas.

(c) The legislature finds that serious health and sanitation problems face the citizens of this state from discharges of untreated and treated waste water into the Rio Grande. It is the intent of the legislature to provide a means of coordinating and financing the development of waste water treatment projects through cooperative efforts between this state, the United States, and the Republic of Mexico to improve the quality of water being discharged into the Rio Grande.

Added by Acts 1981, 67th Leg., 1st C.S., p. 102, ch. 12, Sec. 1, eff. Nov. 10, 1981. Amended by Acts 1985, 69th Leg., ch. 133, Sec. 2.02; Acts 1989, 71st Leg., ch. 624, Sec. 2.02, eff. Sept. 1, 1989; Acts 1991, 72nd Leg., ch. 295, Sec. 41, eff. June 7, 1991; Acts 1997, 75th Leg., ch. 1010, Sec. 4.08, eff. Sept. 1, 1997; Acts 1999, 76th Leg., ch. 1461, Sec. 3, eff. Sept. 1, 1999; Acts 2001, 77th Leg., ch. 966, Sec. 4.05, eff. Sept. 1, 2001.

Sec. 15.003. POWER TO DEFINE PURPOSES. The board, by rule, may define in greater detail the purposes enumerated in Section 15.002.

Added by Acts 1981, 67th Leg., 1st C.S., p. 102, ch. 12, Sec. 1, eff. Nov. 10, 1981.

Sec. 15.004. TRANSBASIN DIVERSION. Money on deposit in a fund created under Article III, Section 49-d-3, of the Texas Constitution shall not be used to finance or in aid of any project under this chapter that contemplates or results in the removal from the basin of origin of any surface water necessary to supply the reasonably foreseeable future water requirements for the next ensuing 50-year period within the river basin of origin, except on a temporary, interim basis.

Added by Acts 1981, 67th Leg., 1st C.S., p. 102, ch. 12, Sec. 1, eff. Nov. 10, 1981. Amended by Acts 1985, 69th Leg., ch. 133, Sec. 2.03.

Sec. 15.005. CONSIDERATION OF CERTAIN APPLICATIONS. (a) On submission of a project application under this chapter, the executive administrator shall determine if the application includes a project

that will have flood control as one of its purposes and if the political subdivision submitting the application includes all of the watershed in which the project is to be located.

(b) If the executive administrator finds that the application includes a project that has flood control as one of its purposes and that the watershed in which the project is located is partially located outside the political subdivision making the application, the executive administrator shall require the applicant to submit a written memorandum of understanding relating to the management of the watershed in which the project is to be located.

(c) The memorandum of understanding must be approved by all governing bodies of political subdivisions located in the watershed in which the project is to be located and must be signed by the presiding officers of each of those political subdivisions.

(d) The board shall not consider any application for which a memorandum of understanding must be filed under this section until that memorandum of understanding is filed with the executive administrator.

(e) The board shall adopt rules for carrying out this section.

Added by Acts 1981, 67th Leg., 1st C.S., p. 102, ch. 12, Sec. 1, eff. Nov. 10, 1981. Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.039, eff. Sept. 1, 1985; Acts 2003, 78th Leg., ch. 1057, Sec. 2, eff. June 20, 2003.

Sec. 15.006. OPEN MEETINGS AND OPEN RECORDS LAWS. Nonprofit water supply corporations which receive any assistance under this chapter are subject to Chapter 551, Government Code, and to Chapter 552, Government Code.

Added by Acts 1985, 69th Leg., ch. 133, Sec. 2.18. Amended by Acts 1995, 74th Leg., ch. 76, Sec. 5.95(78), (90), eff. Sept. 1, 1995.

Sec. 15.007. CONSIDERATIONS FOR CERTAIN FINANCIAL ASSISTANCE.

(a) If financial assistance is provided under Subchapter C or J of this chapter, any waste treatment facility to be financed under the application must consider cost-effective methods of treatment such as rock reed, root zone, ponding, irrigation, or other nonconventional methods that may have been developed by the National Aeronautics and

Space Administration or the Tennessee Valley Authority.

(b) Before granting an application for financial assistance under Subchapter C or J of this chapter, the board must find that any waste treatment facility to be financed under the application will consider cost-effective innovative methods of treatment such as rock reed, root zone, ponding, irrigation, or other nonconventional methods that may have been developed by the National Aeronautics and Space Administration or the Tennessee Valley Authority.

Added by Acts 1989, 71st Leg., ch. 624, Sec. 2.03, eff. Sept. 1, 1989.

Sec. 15.008. GRANT STANDARDS. The law regarding uniform grants and contract management, Chapter 783, Government Code, does not apply to a contract under Subchapter F, H, K, or P, or to a contract relating to an economically distressed area or nonborder colonia under Subchapter C.

Added by Acts 1991, 72nd Leg., ch. 422, Sec. 4, eff. Sept. 1, 1991.  
Amended by Acts 2001, 77th Leg., ch. 1234, Sec. 13, eff. Sept. 1, 2001; Acts 2001, 77th Leg., ch. 1367, Sec. 11.02, eff. Sept. 1, 2001.

#### **SUBCHAPTER B. WATER ASSISTANCE FUND**

Sec. 15.011. WATER ASSISTANCE FUND. (a) The water assistance fund is created and shall be administered by the board under this chapter and rules adopted by the board.

(b) After notice and hearing and subject to any limitations established by the General Appropriations Act, the board may transfer money from the fund to the loan fund created under Subchapter C, the storage acquisition fund created under Subchapter E, the research and planning fund created under Subchapter F, the hydrographic survey account created under Subchapter M, provided the hydrographic survey account transfer does not exceed \$425,000, the aquatic vegetation management fund created under Subchapter N, the rural community water and wastewater loan fund created under Subchapter O, the colonia self-help account created under Subchapter P, and the rural water assistance fund created under Subchapter R.

(c) The board may transfer money in the fund to the water bank

account to be used by the board for administration and operation of the Texas Water Bank.

Added by Acts 1981, 67th Leg., 1st C.S., p. 102, ch. 12, Sec. 1, eff. Nov. 10, 1981. Amended by Acts 1990, 71st Leg., 5th C.S., ch. 3, Sec. 2, eff. June 14, 1990; Acts 1991, 72nd Leg., 1st C.S., ch. 3, Sec. 1.060, eff. Aug. 12, 1991; Acts 1991, 72nd Leg., 1st C.S., ch. 4, Sec. 10.07, eff. Sept. 1, 1991; Acts 1993, 73rd Leg., ch. 477, Sec. 2, eff. Aug. 30, 1993; Acts 1993, 73rd Leg., ch. 647, Sec. 3, eff. Aug. 30, 1993; Acts 1999, 76th Leg., ch. 1461, Sec. 4, eff. Sept. 1, 1999; Acts 2001, 77th Leg., ch. 966, Sec. 4.06, eff. Sept. 1, 2001; Acts 2001, 77th Leg., ch. 1234, Sec. 14, eff. Sept. 1, 2001; Acts 2003, 78th Leg., ch. 1276, Sec. 18.002, eff. Sept. 1, 2003.

Sec. 15.012. MANAGEMENT OF FUND. (a) The board may invest, reinvest, and direct the investment of money accumulated in the fund.

(b) Money appropriated by the legislature to the fund shall be deposited in this fund. Gifts or grants from the United States government, local or regional governments, private sources, or other sources may be deposited in this fund.

(c) Money appropriated to the fund by the legislature for a specific purpose stated in Subchapter C, E, F, M, N, O, or P of this chapter shall be placed in the appropriate fund or account created by that subchapter.

(d) The money held in the fund may be invested as provided by law for investment of money under Section 404.024, Government Code.

Added by Acts 1981, 67th Leg., 1st C.S., p. 102, ch. 12, Sec. 1, eff. Nov. 10, 1981. Amended by Acts 1990, 71st Leg., 5th C.S., ch. 3, Sec. 3, eff. June 14, 1990; Acts 1991, 72nd Leg., 1st C.S., ch. 3, Sec. 1.061, eff. Aug. 12, 1991; Acts 1991, 72nd Leg., 1st C.S., ch. 4, Sec. 10.08, eff. Sept. 1, 1991; Acts 1993, 73rd Leg., ch. 477, Sec. 3, eff. Aug. 30, 1993; Acts 1993, 73rd Leg., ch. 844, Sec. 3, eff. Aug. 30, 1993; Acts 1999, 76th Leg., ch. 1461, Sec. 5, eff. Sept. 1, 1999; Acts 2001, 77th Leg., ch. 1234, Sec. 15, eff. Sept. 1, 2001.

#### **SUBCHAPTER C. WATER LOAN ASSISTANCE PROGRAM**

Sec. 15.101. WATER LOAN ASSISTANCE FUND. (a) The water loan assistance fund is created, to be funded by direct appropriation and by the board at its discretion from the fund.

(b) Repayments of loans shall be deposited in the water assistance fund.

Added by Acts 1981, 67th Leg., 1st C.S., p. 102, ch. 12, Sec. 1, eff. Nov. 10, 1981. Amended by Acts 1985, 69th Leg., ch. 133, Sec. 2.04.

Sec. 15.102. FINANCIAL ASSISTANCE. (a) The loan fund may be used by the board to provide loans of financial assistance to political subdivisions, federal agencies, or both political subdivisions and federal agencies acting jointly for the construction, acquisition, improvement, or enlargement of projects involving water conservation, water development, or water quality enhancement, providing nonstructural and structural flood control, or drainage, project recreation lands and revenue-generating recreational improvements within any watershed, or providing recharge, chloride control, subsidence control, brush control, weather modification, regionalization, or desalination as provided by legislative appropriations, this chapter, and the board rules.

(b) The loan fund may also be used by the board to provide:

(1) grants or loans for projects that include supplying water and wastewater services in economically distressed areas or nonborder colonias as provided by legislative appropriations, this chapter, and board rules, including projects involving retail distribution of those services; and

(2) grants for:

(A) projects for which federal grant funds are placed in the loan fund;

(B) projects, on specific legislative appropriation for those projects; or

(C) water conservation, desalination, brush control, weather modification, regionalization, and projects providing regional water quality enhancement services as defined by board rule, including regional conveyance systems.

(c) A political subdivision may enter into an agreement with a federal agency to submit a joint application for financial assistance under this subchapter. Before the board may grant financial

assistance under a joint application, the board must find that the project is designed to produce effluent that will meet federal and state approved water quality standards.

(d) A grant or loan of financial assistance under a joint application by the federal government and a political subdivision may be made only for a project that is covered by an international contract or treaty to which the United States government is a party, and a grant or loan made under such a joint application is subject to the provisions, terms, and conditions of the international contract or treaty to which the United States government is a party.

Added by Acts 1981, 67th Leg., 1st C.S., p. 102, ch. 12, Sec. 1, eff. Nov. 10, 1981. Amended by Acts 1985, 69th Leg., ch. 133, Sec. 2.04; Acts 1987, 70th Leg., ch. 977, Sec. 9, eff. June 19, 1987; Acts 1987, 70th Leg., ch. 1103, Sec. 2, eff. Sept. 1, 1987; Acts 1989, 71st Leg., ch. 624, Sec. 2.04, eff. Sept. 1, 1989; Acts 2001, 77th Leg., ch. 966, Sec. 4.07, eff. Sept. 1, 2001; Acts 2001, 77th Leg., ch. 1234, Sec. 16, eff. Sept. 1, 2001; Acts 2001, 77th Leg., ch. 1367, Sec. 11.03, eff. Sept. 1, 2001; Acts 2003, 78th Leg., ch. 1276, Sec. 18.003, eff. Sept. 1, 2003.

Amended by:

Acts 2007, 80th Leg., R.S., Ch. 1352 (H.B. 4), Sec. 7, eff. June 15, 2007.

Acts 2007, 80th Leg., R.S., Ch. 1430 (S.B. 3), Sec. 2.10, eff. September 1, 2007.

Sec. 15.103. APPLICATION FOR ASSISTANCE. (a) In an application to the board for financial assistance from the loan fund, the applicant shall include:

- (1) the name of each political subdivision or federal agency and its principal officers;
  - (2) a citation of the law under which each political subdivision or federal agency operates and was created;
  - (3) the total cost of the project;
  - (4) the amount of state financial assistance requested;
  - (5) the plan for repaying the total cost of the project;
- and
- (6) any other information the board requires in order to perform its duties and to protect the public interest.

(b) The board may not accept an application for a loan or grant of financial assistance from the loan fund unless it is submitted in affidavit form by the officials of the political subdivision or the chief administrator of the federal agency or both these officers and the chief administrator under a joint application. The board shall prescribe the affidavit form in its rules.

(c) The rules shall not restrict or prohibit the board from requiring additional factual material from an applicant.

(d) If an applicant has a program of water conservation, he shall state in his application that he has such a program and shall describe that program in the manner required by board rules.

(e) If the applicant claims an exemption under Subsection (c), Section 15.106 of this code, he shall state the exemption in his application and provide information relating to the exemption as required by board rules.

Added by Acts 1981, 67th Leg., 1st C.S., p. 102, ch. 12, Sec. 1, eff. Nov. 10, 1981. Amended by Acts 1985, 69th Leg., ch. 133, Sec. 1.05, 2.04; Acts 1987, 70th Leg., ch. 977, Sec. 9, eff. June 19, 1987; Acts 1987, 70th Leg., ch. 1103, Sec. 3, eff. Sept. 1, 1987; Acts 1989, 71st Leg., ch. 624, Sec. 2.05, eff. Sept. 1, 1989.

Sec. 15.104. FINDINGS REGARDING PERMITS. (a) The board shall not release funds for the construction of that portion of a project that proposes surface water or groundwater development until the executive administrator makes a written finding:

(1) that an applicant proposing surface-water development has the necessary water right authorizing it to appropriate and use the water that the project will provide; or

(2) that an applicant proposing groundwater development has the right to use water that the project will provide.

(b) The board may release funds for the costs of planning, engineering, architectural, legal, title, fiscal, or economic investigation, studies, surveys, or designs before making the finding required under Subsection (a) if the executive administrator determines that a reasonable expectation exists that the finding will be made before the release of funds for construction.

(c) If an applicant includes a proposal for a waste water treatment plant, the board may not deliver funds for the waste water

treatment plant until the applicant has received a permit for construction and operation of the waste water treatment plant and approval of the plans and specifications from the commission. If the applicant proposes a waste water treatment plant that is located outside of the jurisdiction of this state and that is not subject to the permitting authority of the commission, the board must review the plans and specifications in coordination with the commission and find that the waste water treatment plant is capable of producing effluent that will meet federal and state-approved water quality standards.

Added by Acts 1981, 67th Leg., 1st C.S., p. 102, ch. 12, Sec. 1, eff. Nov. 10, 1981. Amended by Acts 1985, 69th Leg., ch. 133, Sec. 2.04; Acts 1985, 69th Leg., ch. 795, Sec. 1.040, eff. Sept. 1, 1985; Acts 1987, 70th Leg., ch. 246, Sec. 1, eff. Aug. 31, 1987; Acts 1987, 70th Leg., ch. 1103, Sec. 4, eff. Sept. 1, 1987; Acts 1989, 71st Leg., ch. 624, Sec. 2.06, eff. Sept. 1, 1989; Acts 2001, 77th Leg., ch. 1234, Sec. 17, eff. Sept. 1, 2001.

Sec. 15.105. CONSIDERATIONS IN PASSING ON APPLICATION. (a) In passing on an application for financial assistance from the loan fund, the board shall consider but is not limited to:

(1) the needs of the area to be served by the project and the benefit of the project to the area in relation to the needs of other areas requiring state assistance in any manner and the benefits of those projects to the other areas;

(2) the availability of revenue to the applicant from all sources for the ultimate repayment of the cost of the project, including all interest;

(3) the relationship of the project to overall statewide needs;

(4) the ability of the applicant to finance the project without state assistance;

(5) for applications for grants or loans for economically distressed areas or nonborder colonias, the regulatory efforts by the county in which the project is located to control the construction of subdivisions that lack basic utility services; and

(6) for applications for grants under Section 15.102(b)(2), the ability of the applicant to construct the project without the grant and the benefits of the project to water and wastewater needs

of the state.

(b) The board by rule shall further define eligibility for grants under this subchapter.

Added by Acts 1981, 67th Leg., 1st C.S., p. 102, ch. 12, Sec. 1, eff. Nov. 10, 1981. Amended by Acts 1985, 69th Leg., ch. 133, Sec. 2.04; Acts 1987, 70th Leg., ch. 1103, Sec. 5, eff. Sept. 1, 1987; Acts 1989, 71st Leg., ch. 624, Sec. 2.07, eff. Sept. 1, 1989; Acts 2001, 77th Leg., ch. 966, Sec. 4.08, eff. Sept. 1, 2001; Acts 2001, 77th Leg., ch. 1367, Sec. 11.04, eff. Sept. 1, 2001.

Sec. 15.106. APPROVAL OF APPLICATION. (a) The board, by resolution, may approve an application for financial assistance if after considering the factors listed in Section 15.105 of this code and any other relevant factors, the board finds:

(1) that the public interest requires state participation in the project; and

(2) that in its opinion the revenue or taxes pledged by the political subdivision will be sufficient to meet all the obligations assumed by the political subdivision.

(b) Before the board grants the application or provides any financial assistance under an application, it shall require an applicant to adopt or to have already implemented a program of water conservation for the more efficient use of water that incorporates the practices, techniques, or technology prescribed by Subdivision (9)(B), Section 15.001, of this code and that the board determines will meet reasonably anticipated local needs and conditions. The program may include but is not limited to any or all of the following:

(1) restrictions on discretionary water uses, such as lawn watering;

(2) plumbing code standards for water conservation in new building construction;

(3) retrofit programs to improve water-use efficiency in existing buildings;

(4) educational programs;

(5) universal metering;

(6) conservation-oriented water rate structures;

(7) drought contingency plans; and

(8) distribution system leak detection and repair.

(b-1) Beginning May 1, 2005, all water conservation plans required under this section must include specific, quantified 5-year and 10-year targets for water savings. The entity preparing the plan shall establish the targets. Targets must include goals for water loss programs and goals for municipal use in gallons per capita per day.

(c) The board may not require a program of water conservation to be adopted under Subsection (b) of this section if:

(1) an emergency exists as determined by the board;

(2) the amount of financial assistance to be provided is \$500,000 or less;

(3) the applicant demonstrates and the board finds that the submission of such a program is not reasonably necessary to facilitate conservation or conservation measures; or

(4) the project consists of construction outside the jurisdiction of the State of Texas.

(d) To the extent funds are available, the board shall establish an educational and technical assistance program to assist political subdivisions in developing comprehensive water conservation plans required by this section and other sections of this code.

(e) If the political subdivision will utilize the project to furnish water or services to another political subdivision that in turn will furnish the water or services to the ultimate consumer, the requirements of the board relative to water conservation can be met through contractual agreements between the political subdivisions providing for establishment of a water conservation plan and other necessary measures.

(f) Rules adopted under this section must state the criteria for preparation, review, and enforcement of an applicant's conservation program.

Added by Acts 1981, 67th Leg., 1st C.S., p. 102, ch. 12, Sec. 1, eff. Nov. 10, 1981. Amended by Acts 1985, 69th Leg., ch. 133, Sec. 1.07; Acts 1987, 70th Leg., ch. 977, Sec. 10, eff. June 19, 1987; Acts 1989, 71st Leg., ch. 624, Sec. 2.08, eff. Sept. 1, 1989; Acts 2001, 77th Leg., ch. 966, Sec. 4.09, eff. Sept. 1, 2001; Acts 2003, 78th Leg., ch. 688, Sec. 2, eff. June 20, 2003.

## Sec. 15.107. METHOD OF MAKING FINANCIAL ASSISTANCE AVAILABLE.

(a) The board may make financial assistance available to successful applicants in any manner that it considers economically feasible including:

(1) contracts or agreements with a political subdivision for the payment of the principal of or interest on or both the principal of and interest on bonds or other obligations issued or to be issued by the political subdivision;

(2) contracts or agreements with a political subdivision for the purpose of providing the political subdivision's share of any cost-sharing required as a participant in or local sponsor of any federal project;

(3) purchase of the bonds or other obligations of a political subdivision for the purpose of completely or partially financing the project for which the application is being submitted; or

(4) contracts or agreements for the receipt of funds and performance of obligations in relation to any grant of funds provided by the board.

(b) Contracts or agreements entered into under Subdivision (1) of Subsection (a) of this section may cover all or any part of the debt service requirements in a given year and may cover debt service requirements in as many years of an issue as the board considers appropriate.

(c) In a determination on a loan for financial assistance, the board may approve interest deferral or the capitalization of interest costs and may approve periods of repayment for the loans of up to 50 years.

Added by Acts 1981, 67th Leg., 1st C.S., p. 102, ch. 12, Sec. 1, eff. Nov. 10, 1981. Amended by Acts 1985, 69th Leg., ch. 133, Sec. 2.04; Acts 1987, 70th Leg., ch. 1103, Sec. 6, eff. Sept. 1, 1987; Acts 2001, 77th Leg., ch. 966, Sec. 4.10, eff. Sept. 1, 2001.

Sec. 15.1071. SALE OF POLITICAL SUBDIVISION BONDS TO TEXAS WATER RESOURCES FINANCE AUTHORITY. (a) Notwithstanding any other provision of this chapter, the board may sell to the Texas Water Resources Finance Authority any political subdivision bonds purchased with money in the water loan assistance fund and may apply the

proceeds of a sale in the manner provided by this section.

(b) The board shall sell the political subdivision bonds at the price and under the terms that it determines to be reasonable.

(c) The board may sell political subdivision bonds to the Texas Water Resources Finance Authority without making a previous offer to the political subdivisions and without advertising, soliciting, or receiving bids for the sale.

(d) The board may enter into a contract with the Texas Water Resources Finance Authority to sell to the authority political subdivision bonds that are not owned by the board. For bonds sold under this subsection, the contract may provide that the board will receive from the authority the sales price for the political subdivision bonds in exchange for the board's agreement to transfer to the authority political subdivision bonds subsequently acquired by the board and to pay to the authority from the investment income received on the water assistance fund or the water loan assistance fund any amounts considered appropriate including without limitation an amount equal to the proportionate share of that investment income attributable to the money used to purchase the political subdivision bonds.

(e) Proceeds from the sale of bonds under this section shall be deposited in the water assistance fund and used for the purposes and in the manner provided by law.

(f) As part of a sales agreement with the Texas Water Resources Finance Authority, the board by contract may agree to perform the functions required to ensure that the political subdivisions pay the debt service on political subdivision bonds sold and observe the conditions and requirements stated in those bonds.

(g) The board may exercise any powers necessary to carry out the authority granted by this section including the authority to contract with any person to accomplish the purposes of this section.

Added by Acts 1987, 70th Leg., ch. 728, Sec. 3, eff. June 20, 1987.

Sec. 15.108. RECOMMENDATIONS FOR FUNDING BY LEGISLATURE. (a) If money is not available in the fund to provide money for projects approved under this subchapter, the board shall prepare and submit with its biennial budget request to the Legislative Budget Board and to the presiding officers of each house of the legislature a list of

all projects approved by the board under this subchapter.

(b) The list of projects submitted to the Legislative Budget Board and to the presiding officers of each house of the legislature shall include relevant information relating to each project and recommendations relating to the terms under which loans of financial assistance should be made to each applicant and projected amounts of money that will be required each biennium to fund each project to its completion.

Added by Acts 1985, 69th Leg., ch. 133, Sec. 2.04.

Sec. 15.109. DELIVERY OF LOANS OF FINANCIAL ASSISTANCE. (a) As money becomes available in the loan fund, the board shall deliver the funds under the approved applications.

(b) The board shall deliver money in the fund that is provided by legislative appropriation in the manner provided by and subject to the restrictions of the legislative appropriation.

Added by Acts 1985, 69th Leg., ch. 133, Sec. 2.04.

Sec. 15.110. REQUIREMENTS FOR POLITICAL SUBDIVISIONS AND FEDERAL AGENCIES. (a) Subject only to constitutional limitations, all contracting political subdivisions may issue and execute those bonds, notes, or other obligations necessary to conform to and comply with repayment obligations adopted by the board.

(b) Loans of financial assistance under this subchapter shall be repaid to the board, and the payments made to the board for these loans of financial assistance shall be made in compliance with terms and conditions established by the board.

Added by Acts 1981, 67th Leg., 1st C.S., p. 102, ch. 12, Sec. 1, eff. Nov. 10, 1981. Amended by Acts 1985, 69th Leg., ch. 133, Sec. 2.04; Acts 1989, 71st Leg., ch. 624, Sec. 2.09, 2.10, eff. Sept. 1, 1989.

Sec. 15.111. APPROVAL AND REGISTRATION. The board shall not contract for the payment of the principal of or interest on or both the principal of and interest on any bonds or other obligations that have not been approved by the attorney general and registered by the

comptroller.

Formerly Sec. 15.108, added by Acts 1981, 67th Leg., 1st C.S., p. 102, ch. 12, Sec. 1, eff. Nov. 10, 1981. Renumbered by Acts 1985, 69th Leg., ch. 133, Sec. 2.04.

Sec. 15.112. CONTRACTS INCONTESTABLE. Contracts entered into by the board for the payment of the principal of or interest on or both the principal of and interest on bonds or other obligations issued by a political subdivision are valid, binding, and incontestable after:

- (1) approval of the bonds or other obligations by the attorney general;
- (2) registration of the bonds or other obligations by the comptroller; and
- (3) purchase by and delivery of the bonds or other obligations to the purchaser.

Formerly Sec. 15.109, added by Acts 1981, 67th Leg., 1st C.S., p. 102, ch. 12, Sec. 1, eff. Nov. 10, 1981. Renumbered by Acts 1985, 69th Leg., ch. 133, Sec. 2.04.

Sec. 15.113. INSPECTION OF PROJECTS. (a) The board may inspect the construction of a project any time to assure that:

- (1) the contractor is substantially complying with the approved engineering plans of the project; and
- (2) the contractor is constructing the project in accordance with sound engineering principles.

(b) Inspection of a project by the board does not subject the state to any civil liability.

Formerly Sec. 15.110, added by Acts 1981, 67th Leg., 1st C.S., p. 102, ch. 12, Sec. 1, eff. Nov. 10, 1981. Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.040, eff. Sept. 1, 1985. Renumbered by Acts 1985, 69th Leg., ch. 133, Sec. 2.04. Amended by Acts 1987, 70th Leg., ch. 977, Sec. 11, eff. June 19, 1987.

Sec. 15.114. ALTERATION OF PLANS. After approval of

engineering plans, a political subdivision or federal agency shall not make any substantial or material alteration in the plans unless the executive administrator authorizes the alteration. For a waste water treatment plant or other facility required to have commission approval of plans and specifications, the commission must give its approval before a substantial or material alteration is made in those plans.

Formerly Sec. 15.111, added by Acts 1981, 67th Leg., 1st C.S., p. 102, ch. 12, Sec. 1, eff. Nov. 10, 1981. Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.040, eff. Sept. 1, 1985. Renumbered by Acts 1985, 69th Leg., ch. 133, Sec. 2.04. Amended by Acts 1987, 70th Leg., ch. 977, Sec. 12, eff. June 19, 1987; Acts 1989, 71st Leg., ch. 624, Sec. 2.11, eff. Sept. 1, 1989.

Sec. 15.115. CERTIFICATE OF APPROVAL. The executive administrator may consider the following as grounds for refusal to give a certificate of approval for any construction contract:

- (1) failure to construct the project according to the approved plans;
- (2) failure to construct the works in accordance with sound engineering principles; or
- (3) failure to comply with any terms of the contract.

Formerly Sec. 15.112, added by Acts 1981, 67th Leg., 1st C.S., p. 102, ch. 12, Sec. 1, eff. Nov. 10, 1981. Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.040, eff. Sept. 1, 1985. Renumbered by Acts 1985, 69th Leg., ch. 133, Sec. 2.04. Amended by Acts 1987, 70th Leg., ch. 977, Sec. 12, eff. June 19, 1987.

Sec. 15.116. SALE OF BONDS BY THE BOARD. The board may sell or dispose of bonds or other obligations purchased with money in the water loan assistance fund.

Added by Acts 1987, 70th Leg., ch. 1103, Sec. 7, eff. Sept. 1, 1987.

#### **SUBCHAPTER D. WATER BOND INSURANCE PROGRAM**

Sec. 15.201. DEFINITIONS. (a) In this subchapter:

(1) "Program" means the water bond insurance program.

(2) "Bonds" means bonds or other obligations of a political subdivision or water supply corporation issued to provide funds for a project defined in Subsection (b) of this section.

(3) "Insured bonds" means bonds or other obligations insured by the state under this subchapter.

(4) "Issuer" means a political subdivision or water supply corporation issuing bonds or other obligations eligible to be insured under the program.

(5) "Water supply corporation" means a nonprofit water supply corporation created and operating under Chapter 67.

(b) Notwithstanding the definition in Subdivision (6), Section 15.001, of this code, in this subchapter, "project" means any undertaking or work to conserve, convey, and develop surface or subsurface water resources of the state, to provide for the maintenance and enhancement of the quality of the water of the state, to provide for flood control and drainage, to provide recharge or chloride control, or to provide for desalinization, and to carry out other purposes defined by board rules.

Added by Acts 1985, 69th Leg., ch. 133, Sec. 2.05. Amended by Acts 1991, 72nd Leg., ch. 516, Sec. 2, eff. Sept. 1, 1991; Acts 1999, 76th Leg., ch. 62, Sec. 18.55, eff. Sept. 1, 1999.

Sec. 15.202. CREATION AND ADMINISTRATION OF PROGRAM. (a) The water bond insurance program is created pursuant to Article III, Section 49-d-4, of the Texas Constitution to insure to holders of insured bonds that in the event of default or impending default the state will pay, to the extent authorized by this subchapter, the principal of or interest on or both principal of and interest on the bonds.

(b) The board shall administer the program in the manner provided by this subchapter and by rules of the board.

(c) The legislature, in accordance with authorization provided by Article III, Section 49-d-4, of the Texas Constitution, authorizes the existence of the program to continue beyond the expiration date of the program provided by Subsection (g) of that section.

Added by Acts 1985, 69th Leg., ch. 133, Sec. 2.05. Amended by Acts 1991, 72nd Leg., ch. 52, Sec. 2, eff. May 1, 1991.

Sec. 15.203. ELIGIBLE BONDS. (a) Only revenue, general obligation, tax, or combination bonds issued by a political subdivision or a water supply corporation for a project qualifying for assistance under this subchapter and board rules are eligible to be insured under the program.

(b) Bonds issued for a term longer than 50 years are not eligible to be insured under the program.

Added by Acts 1985, 69th Leg., ch. 133, Sec. 2.05.

Sec. 15.204. RULES. The board shall adopt necessary rules to carry out this subchapter.

Added by Acts 1985, 69th Leg., ch. 133, Sec. 2.05.

Sec. 15.205. INSURANCE. The board may pledge the general credit of the state, to the extent authorized by Article III, Section 49-d-4, of the Texas Constitution, to insure the payment of the principal of or interest on or both the principal of and interest on eligible bonds issued by an issuer in the event of default or impending default of the insured bonds.

Added by Acts 1985, 69th Leg., ch. 133, Sec. 2.05.

Sec. 15.206. APPLICATION FOR INSURANCE. (a) An issuer may apply in writing to the board for the insurance of its bonds.

(b) The application must include the following information:

- (1) the name of the issuer;
- (2) citations of the laws under which the issuer is created and operates and under which the bonds to be insured are to be issued;
- (3) the total amount of bonds for which insurance coverage is sought and the anticipated interest rate on the bonds;
- (4) the term for which the bonds are to be issued;
- (5) the purpose or purposes for which the bonds are to be issued;

(6) financial information relating to the issuance of the bonds and to the financial stability and future of the issuer; and

(7) any other information the board requires by its rules or otherwise considers necessary in making a determination of the application.

(c) The board by rule shall prescribe the form and procedure for submitting and processing an application.

Added by Acts 1985, 69th Leg., ch. 133, Sec. 2.05.

Sec. 15.207. CONSIDERATIONS IN PASSING ON APPLICATION. In addition to criteria established in its rules, the board in passing on an application shall consider:

(1) the purpose or purposes for which the issuer is issuing the bonds;

(2) the financial ability of the issuer to meet its obligations under the bonds;

(3) the risk to the State of Texas in insuring the bonds and the ability of the state to pay the insurance coverage; and

(4) the needs of the area to be served by the project and the benefit of the project to the area in relation to the needs of other areas requiring similar state assistance and the benefits of those projects to other areas.

Added by Acts 1985, 69th Leg., ch. 133, Sec. 2.05.

Sec. 15.208. APPROVAL OF APPLICATION. (a) After notice and hearing, the board by resolution may approve an application if, after considering the information in the application and presented at the hearing, criteria established by this subchapter, and the rules and other relevant factors, the board finds:

(1) that the bonds are being issued to finance a project that serves the public interest;

(2) that there is strong evidence and a high degree of certainty that the issuer will be able to meet its obligations under the bonds; and

(3) that an applicant proposing surface water development has the necessary water right authorizing it to appropriate and use the water which the project will provide.

(b) If the board finds that an applicant is not using water efficiently, the board may require the applicant to develop a conservation program to provide for more efficient use of water.

(c) The board may establish an educational and technical assistance program to assist political subdivisions in developing comprehensive water conservation programs required by this section and other sections of this code.

(d) If the issuer plans to utilize the project to furnish water or services to a political subdivision that in turn plans to furnish the water or services to the ultimate consumer, the requirements of the board relative to water conservation can be met through contractual agreements between the issuer and the political subdivision providing for establishment of a water conservation program and other necessary measures.

Added by Acts 1985, 69th Leg., ch. 133, Sec. 2.05.

Sec. 15.209. CONTRACTS, AGREEMENTS, AND OTHER DOCUMENTS. (a) On approval of an application, the board shall enter into a contract with the issuer for the insurance of the bonds on terms and conditions agreed to by the parties. The terms and conditions must comply with this subchapter and rules adopted by the board.

(b) The insurance contract shall include:

(1) the extent of the insurance coverage;

(2) the terms and conditions of the insurance coverage;

(3) rights in addition to those provided by law reserved by the board against the issuer in the event the board must pay all or part of the insurance coverage; and

(4) any other provision required in order to be in compliance with the board's rules.

(c) The board shall execute any other documents necessary to legally bind the state to insure payment to the bondholders on default or impending default.

(d) For the insurance coverage of bonds to be effective, it must be approved by the attorney general as to the legality of the insurance coverage. Documents relating to the insurance of the bonds shall be submitted to the attorney general for approval at the same time as the bonds and records relating to the issuance of the bonds are submitted for approval. The bonds issued by a political

subdivision or water supply corporation and the insurance coverage approved by the board are valid, binding, and incontestable after:

- (1) approval by the attorney general;
- (2) registration by the comptroller; and
- (3) payment by and delivery to the buyer.

Added by Acts 1985, 69th Leg., ch. 133, Sec. 2.05.

Sec. 15.210. LIMITATION ON INSURANCE COVERAGE. (a) Except as provided by Subsection (c) of this section, the total principal balance of all insurance coverage issued by the board and outstanding may not exceed the dollar amount that equals two times the maximum amount of money that the state is authorized to pay under the program by the constitution.

(b) The board may not approve insurance coverage in any state fiscal year that exceeds a total of \$100 million for all applicants.

(c) The legislature, by a two-thirds vote of each house, may change the limitations provided by Subsections (a) and (b) of this section.

Added by Acts 1985, 69th Leg., ch. 133, Sec. 2.05.

Sec. 15.211. INSURANCE FEES. (a) The board shall adopt a schedule of fees to be charged an issuer for insurance coverage provided under this subchapter.

(b) Fees charged by the board under this section shall be calculated to provide a reasonable reserve against defaults and impending defaults.

(c) Fees collected under this section shall be deposited in a special reserve fund created in the state treasury for the purpose of paying amounts on default or impending default of any bonds without resorting to the general credit of the state. The board may invest any money credited to the reserve fund in investments authorized by law for state deposits.

Added by Acts 1985, 69th Leg., ch. 133, Sec. 2.05. Amended by Acts 1987, 70th Leg., ch. 1103, Sec. 8, eff. Sept. 1, 1987; Acts 1989, 71st Leg., ch. 308, Sec. 1, eff. June 14, 1989.

Sec. 15.212. PAYMENT BY STATE. (a) On receipt by the executive administrator from the paying agent for any insured bond of a written notice by registered or certified mail that a payment on the bond is due but has not been made to the paying agent by the issuer and that the issuer's reserves are insufficient to cover the payment, the executive administrator shall have a deposit of funds made with the paying agent sufficient to cover the payment due on the bond less any amount already held by the paying agent to pay the principal of and interest on the bond.

(b) On transfer of the payment to the paying agent under Subsection (a) of this section and on receipt of the uncanceled bond or coupon, the state becomes the owner of the bond or coupon and is subrogated to the rights of the bondholder with respect to the amount paid by the state.

(c) After making payment on the bonds under Subsection (a) of this section, the board shall attempt to collect from the issuer the amount paid by the state. The board may enter into agreements for the issuer to pay those claims, may enforce any provisions of the bonds relating to actions that may be taken by bondholders on default, or may sue the issuer to collect amounts paid by the state. The attorney general, at the request of the board, shall take all necessary legal action to assist the board in carrying out this subsection.

(d) Money collected under Subsection (c) of this section shall be deposited in the special reserve fund up to the amount used from that fund to pay the defaulted bonds. Any remaining money collected and not deposited in that fund shall be deposited in the general revenue fund.

Added by Acts 1985, 69th Leg., ch. 133, Sec. 2.05. Amended by Acts 1987, 70th Leg., ch. 977, Sec. 13, eff. June 19, 1987.

Sec. 15.213. REFUNDING BONDS. Without the express written consent of the board, insurance provided by the board under this subchapter shall not extend to refunding bonds issued to replace bonds that have been insured by the board. The board may give its consent under procedures provided by its rules.

Added by Acts 1985, 69th Leg., ch. 133, Sec. 2.05.

Sec. 15.214. INSPECTION OF PROJECTS. (a) The board may inspect at any time the construction of a project being constructed with proceeds of revenue bonds insured by the board to assure that:

(1) the contractor is substantially complying with the approved engineering plans of the project; and

(2) the contractor is constructing the project in accordance with sound engineering principles.

(b) Inspection of a project by the board does not subject the state to any civil liability.

Added by Acts 1985, 69th Leg., ch. 133, Sec. 2.05. Amended by Acts 1987, 70th Leg., ch. 977, Sec. 14, eff. June 19, 1987.

Sec. 15.215. ALTERATION OF PLANS. After approval of engineering plans, a political subdivision or water supply corporation may not make any substantial or material alteration in the plans unless the executive administrator authorizes the alteration.

Added by Acts 1985, 69th Leg., ch. 133, Sec. 2.05. Amended by Acts 1987, 70th Leg., ch. 977, Sec. 14, eff. June 19, 1987.

Sec. 15.216. CERTIFICATE OF APPROVAL. The board may consider the following as grounds for refusal to give a certificate of approval for any construction contract:

(1) failure to construct the project according to approved plans;

(2) failure to construct the project in accordance with sound engineering principles; or

(3) failure to comply with any terms of the contract.

Added by Acts 1985, 69th Leg., ch. 133, Sec. 2.05. Amended by Acts 1987, 70th Leg., ch. 977, Sec. 14, eff. June 19, 1987.

Sec. 15.217. OPEN RECORDS AND OPEN MEETINGS LAWS. Water supply corporations receiving any assistance under this Act are subject to Chapter 552, Government Code, and Chapter 551, Government Code.

Added by Acts 1985, 69th Leg., ch. 133, Sec. 2.05. Amended by Acts 1995, 74th Leg., ch. 76, Sec. 5.95(78), (90), eff. Sept. 1, 1995.

Sec. 15.218. REPORT. (a) Not later than January 1 of each odd-numbered year, the board shall prepare and submit to the governor, lieutenant governor, and speaker of the house a report relating to the financial impact of the bond insurance program during the immediately preceding biennium.

(b) The report shall include:

(1) the total amount of insurance coverage authorized by the board during the biennium;

(2) the number of insurance coverage authorizations granted by the board;

(3) a list of the issuers receiving insurance coverage from the board during the biennium and the amount of insurance coverage provided to each issuer;

(4) an analysis of the marketability of the bonds of the issuers receiving insurance coverage during the biennium and the effect that the insurance coverage had on interest rates and bond ratings for those issuers;

(5) an analysis of the marketability of bonds issued by the state and its agencies during the biennium and the effect that the bond insurance program had on interest rates on state bonds and the state's bond rating;

(6) an analysis of the impact on the commercial bond market and bond interest rates generally during the biennium as a result of the implementation of the bond insurance program with particular emphasis on the impact on bonds of political subdivisions and water supply corporations that did not participate in the program;

(7) recommendations for changes in the bond issuance program that will favorably affect marketability of state bonds and issuer's bonds, bond ratings, and interest rates; and

(8) any other information, analyses, and recommendations that the board considers necessary to give the governor and the legislature a complete understanding of the financial impact of the bond insurance program.

(c) The state comptroller on request shall provide to the board all information and assistance necessary for the board to prepare this report.

Added by Acts 1985, 69th Leg., ch. 133, Sec. 2.05. Amended by Acts 1987, 70th Leg., ch. 977, Sec. 14, eff. June 19, 1987; Acts 1997, 75th Leg., ch. 1423, Sec. 20.02, eff. Sept. 1, 1997.

#### **SUBCHAPTER E. STORAGE ACQUISITION PROGRAM**

Sec. 15.301. **FUND CREATED.** There is created a fund in the state treasury to be known as the storage acquisition fund which is to be funded by direct appropriations and by transfers from the fund at the discretion of the board.

Added by Acts 1981, 67th Leg., 1st C.S., p. 102, ch. 12, Sec. 1, eff. Nov. 10, 1981. Amended by Acts 1985, 69th Leg., ch. 133, Sec. 2.06.

Sec. 15.302. **AUTHORIZED PROJECTS.** (a) The board may use the storage acquisition fund for projects including the design, acquisition, lease, construction, reconstruction, development, or enlargement in whole or part of any existing or proposed water storage project.

(b) In addition, the board may, at its discretion and in accordance with its rules, contract with a political subdivision, under terms and conditions established by the board, to pay the principal of or interest on or both the principal of and interest on bonds or other obligations issued or to be issued by a political subdivision.

Added by Acts 1981, 67th Leg., 1st C.S., p. 102, ch. 12, Sec. 1, eff. Nov. 10, 1981.

Sec. 15.303. **JOINT VENTURES.** The board may act singly or in a joint venture in partnership with any political subdivision, with the United States, or with any other state to the extent permitted by law.

Added by Acts 1981, 67th Leg., 1st C.S., p. 102, ch. 12, Sec. 1, eff. Nov. 10, 1981.

Sec. 15.304. **PERMITS REQUIRED.** Except as provided by Section

15.3041 of this code, the board shall obtain permits from the commission for the storage, transportation, and application to beneficial use of water in reservoirs and associated works constructed by the board.

Added by Acts 1981, 67th Leg., 1st C.S., p. 102, ch. 12, Sec. 1, eff. Nov. 10, 1981. Amended by Acts 1985, 69th Leg., ch. 133, Sec. 4.03.

Sec. 15.3041. RESERVATION AND APPROPRIATION FOR BAYS AND ESTUARIES AND INSTREAM USES. (a) Five percent of the annual firm yield of water in any reservoir and associated works constructed with state financial participation under this chapter within 200 river miles from the coast, to commence from the mouth of the river thence inland, is appropriated to the Parks and Wildlife Department for use to make releases to bays and estuaries and for instream uses, and the commission shall issue permits for this water to the Parks and Wildlife Department under procedures adopted by the commission.

(b) The Parks and Wildlife Department in cooperation with the department shall manage this water for the purposes stated in this section.

(c) The Parks and Wildlife Department shall adopt necessary rules and shall enter into necessary memoranda of understanding with the department to provide necessary rules and procedures for managing the water and for release of the water for the purposes stated in this section.

(d) This section does not limit or repeal any other authority of or law relating to the department or the commission.

(e) Operating and maintenance costs for the percentage of annual firm yield appropriated to the Parks and Wildlife Department shall be paid by the local political subdivisions that are the project owners.

Added by Acts 1985, 69th Leg., ch. 133, Sec. 4.03.

Sec. 15.305. STORING WATER. The board may use any reservoir acquired, leased, constructed, reconstructed, developed, or enlarged by it under this chapter to store unappropriated state water and other water acquired by the state.

Added by Acts 1981, 67th Leg., 1st C.S., p. 102, ch. 12, Sec. 1, eff. Nov. 10, 1981.

Sec. 15.306. BOARD FINDINGS. Before the board may acquire storage facilities in any reservoir, the board shall find affirmatively that:

(1) it is reasonable to expect that the state will recover its investment in the facilities;

(2) the cost of the facilities exceeds the current financing capabilities of the area involved, and the facilities cannot be reasonably financed by local interests without state participation;

(3) the public interest will be served by acquisition of the facilities; and

(4) the facilities to be constructed or reconstructed contemplate the optimum development of the site which is reasonably reserved under all existing circumstances of the site.

Added by Acts 1981, 67th Leg., 1st C.S., p. 102, ch. 12, Sec. 1, eff. Nov. 10, 1981.

Sec. 15.3061. RECOMMENDATIONS FOR FUNDING BY LEGISLATURE. (a) If money is not available in the fund to provide money for projects approved under this subchapter, the board shall prepare and submit with its biennial budget request to the Legislative Budget Board and to the presiding officers of each house of the legislature a list of all projects approved by the board under this subchapter.

(b) The list of projects submitted to the Legislative Budget Board and to the presiding officers of each house of the legislature shall include relevant information relating to each project and recommendations relating to the priorities for funding.

Added by Acts 1985, 69th Leg., ch. 133, Sec. 2.06.

Sec. 15.307. FACILITIES WANTED BY POLITICAL SUBDIVISION. The board shall not acquire any facility to the extent that the board finds that the political subdivision:

(1) is willing and reasonably able to finance the

acquisition of the facility;

(2) has qualified by obtaining the necessary permit; and

(3) has proposals that are inconsistent with the objectives of the state water plan.

Added by Acts 1981, 67th Leg., 1st C.S., p. 102, ch. 12, Sec. 1, eff. Nov. 10, 1981. Amended by Acts 1987, 70th Leg., ch. 977, Sec. 14, eff. June 19, 1987.

Sec. 15.308. CONTRACTS: GENERAL AUTHORITY. (a) The board may execute contracts which include but are not limited to the design, management, acquisition, lease, construction, reconstruction, development, enlargement, operation, or maintenance, singularly or in any combination, of any existing or proposed storage project.

(b) The board shall obtain the approval of the attorney general as to the legality of all contracts authorized under this subchapter to which the board is a party.

Added by Acts 1981, 67th Leg., 1st C.S., p. 102, ch. 12, Sec. 1, eff. Nov. 10, 1981.

Sec. 15.309. SPECIFIC CONTRACTS AUTHORIZED. Contracts authorized by Section 15.308 of this code include but are not limited to the following:

(1) federal grants or grants from other sources;

(2) contracts which may be fully or partially secured by water purchase or repayment contracts executed by political subdivisions of the state for purchase of water and facilities necessary to supply present and future regional and local water requirements;

(3) contracts for goods and services necessary for the design, management, acquisition, lease, construction, reconstruction, development, enlargement, implementation, operation, or maintenance of any existing or proposed project or portion of the project; and

(4) contracts secured by the pledge of all or any part of funds in the storage acquisition fund.

Added by Acts 1981, 67th Leg., 1st C.S., p. 102, ch. 12, Sec. 1, eff. Nov. 10, 1981.

Sec. 15.310. CONTRACTS: FACILITIES ACQUIRED FOR A TERM OF YEARS. If facilities are acquired for a term of years, the board may include in the contract provisions for renewal that will protect the state's investment.

Added by Acts 1981, 67th Leg., 1st C.S., p. 102, ch. 12, Sec. 1, eff. Nov. 10, 1981.

Sec. 15.311. MAINTENANCE CONTRACTS. The board may execute contracts for the operation and maintenance of the state's interest in any project and may agree to pay reasonable operation and maintenance charges allocable to the state interest.

Added by Acts 1981, 67th Leg., 1st C.S., p. 102, ch. 12, Sec. 1, eff. Nov. 10, 1981.

Sec. 15.312. RECREATIONAL FACILITIES. The board may execute contracts with the United States and with state agencies and political subdivisions and with others to the extent authorized for the development and operation of recreational facilities at any project in which the state has acquired an interest. Income received by the board under these contracts shall be deposited in the water assistance fund.

Added by Acts 1981, 67th Leg., 1st C.S., p. 102, ch. 12, Sec. 1, eff. Nov. 10, 1981.

Sec. 15.313. BOARD MAY SELL OR LEASE PROJECTS. (a) The board may sell, transfer, or lease, to the extent of its ownership, a project acquired, constructed, reconstructed, developed, or enlarged with money from the storage acquisition fund.

(b) The board shall obtain the approval of the attorney general as to the legality of all contracts authorized under this subchapter to which the board is a party.

Added by Acts 1981, 67th Leg., 1st C.S., p. 102, ch. 12, Sec. 1, eff.

Nov. 10, 1981.

Sec. 15.314. PERMIT REQUIRED. Before the board grants the application to buy, receive, or lease the facilities, the applicant shall first secure a permit for water use from the commission. If the facilities are to be leased, the permit may be for a term of years.

Added by Acts 1981, 67th Leg., 1st C.S., p. 102, ch. 12, Sec. 1, eff. Nov. 10, 1981.

Sec. 15.315. CONTRACT MUST BE NEGOTIATED. The commission may issue a term permit until the applicant has executed a contract with the board for acquisition of the facilities.

Added by Acts 1981, 67th Leg., 1st C.S., p. 102, ch. 12, Sec. 1, eff. Nov. 10, 1981.

Sec. 15.316. RESERVOIR LAND. The board may lease acquired reservoir land until construction of the dam is completed without the necessity of a permit issued by the commission.

Added by Acts 1981, 67th Leg., 1st C.S., p. 102, ch. 12, Sec. 1, eff. Nov. 10, 1981.

Sec. 15.317. PRICE OF SALE. (a) The price of the sale or transfer of a state facility acquired on or subsequent to September 1, 1981, other than a facility acquired under a contract with the United States, shall be the sum of the direct cost of acquisition, plus an amount of interest calculated by multiplying the lending rate in effect at the date of acquisition by the amount of board money disbursed for the acquisition times the number of years and fraction of a year from the date or dates of the disbursement of funds to the date or dates of the sale or transfer of the state facility, plus the board's cost of operating and maintaining the facility from the date of acquisition to the date of sale or transfer, less any payments received by the board from the lease of the facility or the sale of

water from it.

(b) The purchaser of the board's interest in a state facility shall also assume, to the extent disclosed by the board at or before the sale, any and all direct, conditional, or contingent liabilities of the board attributed to the project in direct relation to the percentage of the project acquired by the purchaser.

Added by Acts 1981, 67th Leg., 1st C.S., p. 102, ch. 12, Sec. 1, eff. Nov. 10, 1981.

Sec. 15.318. PRICE OF SALE: FACILITIES ACQUIRED UNDER CONTRACTS WITH THE UNITED STATES. (a) The price of the sale or transfer of a state facility acquired on or subsequent to September 1, 1981, under a contract with the United States shall be the sum of the direct cost of acquisition, plus an amount of interest calculated by multiplying the lending rate in effect at the time of acquisition, by the amount of board money disbursed for the acquisition of the facility times the number of years and fraction of a year from the date or dates of disbursement of the money to the date or dates of sale or transfer, plus the board's cost of operating and maintaining the facility from the date of acquisition to the date of the sale or transfer of the facility, less any payments received by the board from the lease of the facility or the sale of water from it.

(b) If, in transferring any contract, the board remains in any way directly, conditionally, or contingently liable for the performance of any part of the contract, then the transferee, in addition to the payments prescribed by Subsection (a) of this section, as applicable, shall pay to the board annually one-half of one percent of the remaining amount owed to the other party to the contract, and shall continue these payments until the board is fully released from the contract.

Added by Acts 1981, 67th Leg., 1st C.S., p. 102, ch. 12, Sec. 1, eff. Nov. 10, 1981.

Sec. 15.319. COSTS DEFINED. With reference to the sale of a state facility, "direct cost of acquisition" means the principal amount the board has paid plus the amounts the board has agreed to pay under obligations not transferred to the purchaser for a facility

up to the date of sale, but does not include the board's cost of operating and maintaining the facility from the date of acquisition to the date of the sale or transfer of the facility.

Added by Acts 1981, 67th Leg., 1st C.S., p. 102, ch. 12, Sec. 1, eff. Nov. 10, 1981.

Sec. 15.320. LEASE PAYMENTS. In leasing a state facility for a term of years, the board shall require annual payments not less than the total of:

- (1) the annual principal and interest requirements applicable to the debt incurred by the state in acquiring the facility; and
- (2) the state's annual cost for operation, maintenance, and rehabilitation of the facility.

Added by Acts 1981, 67th Leg., 1st C.S., p. 102, ch. 12, Sec. 1, eff. Nov. 10, 1981.

Sec. 15.321. SALE OR LEASE: CONDITION PRECEDENT. (a) No sale, transfer, or lease of a state facility is valid unless the board first makes the following affirmative findings:

- (1) that the applicant has a permit granted by the commission;
- (2) that the sale, transfer, or lease serves the public interest; and
- (3) that the consideration for the sale, transfer, or lease is fair, just, reasonable, and in full compliance with the law.

(b) The consideration for a sale or transfer may be either money or revenue bonds which for the purposes of this section shall be deemed the same as money.

(c) The amount of money shall be equal to the price for purchasing the facilities as prescribed by Sections 15.317-15.318 of this code, or if revenue bonds constitute the consideration, the principal amount of revenue bonds shall be equal to the price for purchasing the facilities as prescribed by the provisions of Sections 15.317-15.318 of this code, and the revenue bonds shall bear interest at the rate prescribed in Section 17.128 of this code with regard to bonds purchased with the proceeds of the Texas water development

fund.

Added by Acts 1981, 67th Leg., 1st C.S., p. 102, ch. 12, Sec. 1, eff. Nov. 10, 1981.

Sec. 15.322. DISPOSITION OF PROCEEDS. (a) The money received from any sale, transfer, or lease of facilities, or in the case of a sale or transfer involving revenue bonds, the money received as matured interest or principal on the bonds shall be placed in the general revenue fund.

(b) If money received from a sale, transfer, or lease of facilities, or in the case of a sale or transfer involving revenue bonds, if the money received as matured interest or principal on the bonds, is money derived originally from the appropriation made in Section 2, Chapter 12, Acts of the 67th Legislature, 1st Called Session, 1981, or interest earned on that money, the money received as matured interest or principal on the bonds shall be placed in a special account in the water assistance fund.

Added by Acts 1981, 67th Leg., 1st C.S., p. 102, ch. 12, Sec. 1, eff. Nov. 10, 1981. Amended by Acts 1985, 69th Leg., ch. 133, Sec. 2.06.

Sec. 15.323. SALE OF STORED WATER. (a) The board may sell any unappropriated public water of the state and other water acquired by the state that is stored by or for it. The price shall be determined by the board.

(b) Except as provided by Subsection (c) of this section, money received from any sale shall be placed in the general revenue fund.

(c) Money received from a sale of unappropriated public water or other water acquired by the state and stored by it or for it in a facility for which funds were provided from the appropriation made in Section 2, Chapter 12, Acts of the 67th Legislature, 1st Called Session, 1981, or interest earned on the money constituting that appropriation, must be deposited in a special account in the water assistance fund.

Added by Acts 1981, 67th Leg., 1st C.S., p. 102, ch. 12, Sec. 1, eff. Nov. 10, 1981. Amended by Acts 1985, 69th Leg., ch. 133, Sec. 2.06.

Sec. 15.324. SALE CONTRACT: PROVISIONS, LIMITATIONS. (a) The board may determine the consideration and other provisions to be included in water sale contracts, but the consideration and other provisions shall be fair, reasonable, and nondiscriminatory. The board may include charges for standby service, which means holding water and conservation storage space for use and for actual delivery of water.

(b) The board shall make the same determinations with respect to the sale of water as are required by Section 15.321 of this code with respect to the sale or lease of facilities.

(c) The board shall not compete with any political subdivisions in the sale of water when this competition jeopardizes the ability of the political subdivision to meet obligations incurred to finance its own water supply projects.

Added by Acts 1981, 67th Leg., 1st C.S., p. 102, ch. 12, Sec. 1, eff. Nov. 10, 1981.

Sec. 15.325. EMERGENCY RELEASES OF WATER. (a) All water owned by the board in any facility may be released at the discretion of the board, with or without charge, to relieve any emergency condition arising from drought, public calamity, or any other reason causing a severe water shortage, if the commission first determines the existence of the emergency and requests the board to release water to alleviate the emergency condition.

(b) The executive administrator may authorize the release of water owned by the state from any facility in which the state has an interest under this subchapter for a period of not to exceed 72 hours from time of authorization to relieve an emergency condition that poses an imminent threat of flooding. The commission must approve any release of water that must be made beyond the 72-hour period provided by this subsection.

Added by Acts 1981, 67th Leg., 1st C.S., p. 102, ch. 12, Sec. 1, eff. Nov. 10, 1981. Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.041, eff. Sept. 1, 1985.

Sec. 15.326. PREFERENCES. The board shall give political subdivisions a preferential right, but not an exclusive right, to

purchase, acquire, or lease facilities and to purchase water from facilities. Preferences shall be given in these respects in accord with the provisions of Section 11.123 of this code. The board and the commission shall coordinate their efforts to meet these objectives and to assure that the public water of this state, which is held in trust for the use and benefit of the public, will be conserved, developed, and utilized in the greatest practicable measure for the public welfare.

Added by Acts 1981, 67th Leg., 1st C.S., p. 102, ch. 12, Sec. 1, eff. Nov. 10, 1981.

Sec. 15.327. LEASE OF LAND PRIOR TO PROJECT CONSTRUCTION. The board may lease tracts of land acquired for project purposes for a term of years for any purpose not inconsistent with ultimate project construction. The lease shall provide for expiration before initiation of project construction. The money received from such leases shall be placed in the water assistance fund.

Added by Acts 1981, 67th Leg., 1st C.S., p. 102, ch. 12, Sec. 1, eff. Nov. 10, 1981.

Sec. 15.328. LEASE CONTRIBUTION EQUIVALENT TO TAXES. The lease may provide for contribution by the lessee to units of local government of amounts equivalent to ad valorem taxes or special assessments.

Added by Acts 1981, 67th Leg., 1st C.S., p. 102, ch. 12, Sec. 1, eff. Nov. 10, 1981.

Sec. 15.329. INSPECTION OF PROJECTS. (a) The board may inspect the construction of a project any time to assure that:

- (1) the contractor is substantially complying with the approved engineering plans of the project; and
- (2) the contractor is constructing the project in accordance with sound engineering principles.

(b) Inspection of a project by the board does not subject the state to any civil liability.

Added by Acts 1981, 67th Leg., 1st C.S., p. 102, ch. 12, Sec. 1, eff. Nov. 10, 1981. Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.042, eff. Sept. 1, 1985; Acts 1987, 70th Leg., ch. 977, Sec. 14, eff. June 19, 1987.

Sec. 15.330. ALTERATION OF PLANS. After approval of engineering plans, a political subdivision shall not make any substantial or material alteration in the plans unless the executive administrator authorizes the alteration. For a waste water treatment plant or other facility required to have commission approval of the plans and specifications, the commission must give its approval before a substantial or material alteration is made in those plans.

Added by Acts 1981, 67th Leg., 1st C.S., p. 102, ch. 12, Sec. 1, eff. Nov. 10, 1981. Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.042, eff. Sept. 1, 1985; Acts 1987, 70th Leg., ch. 977, Sec. 14, eff. June 19, 1987.

Sec. 15.331. CERTIFICATE OF APPROVAL. The executive administrator may consider the following as grounds for refusal to give a certificate of approval for any construction contract:

- (1) failure to construct the project according to approved plans;
- (2) failure to construct the works in accordance with sound engineering principles; or
- (3) failure to comply with any terms of the contract.

Added by Acts 1981, 67th Leg., 1st C.S., p. 102, ch. 12, Sec. 1, eff. Nov. 10, 1981. Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.042, eff. Sept. 1, 1985; Acts 1987, 70th Leg., ch. 977, Sec. 14, eff. June 19, 1987.

#### **SUBCHAPTER F. RESEARCH AND PLANNING PROGRAM**

Sec. 15.401. PROGRAM CREATION. The research and planning program is created to provide money for research into and planning of the proper conservation, management, and development of the state's water resources, for regional planning by political subdivisions, for facility engineering in economically distressed areas, and for flood

control planning by political subdivisions. The program may also provide money for research and planning by Texas political subdivisions related to the proper conservation, management, and development of water resources of areas outside Texas if such research or planning will result in water being available for use in or for the benefit of Texas or will maintain and enhance the quality of water in Texas.

Added by Acts 1981, 67th Leg., 1st C.S., p. 102, ch. 12, Sec. 1, eff. Nov. 10, 1981. Amended by Acts 1991, 72nd Leg., ch. 516, Sec. 3, eff. Sept. 1, 1991; Acts 1997, 75th Leg., ch. 1010, Sec. 1.04, eff. Sept. 1, 1997.

Sec. 15.402. RESEARCH AND PLANNING FUND. The research and planning fund is created in the state treasury to be funded by direct appropriation and at the discretion of the board from the money in the fund.

Added by Acts 1981, 67th Leg. 1st C.S., p. 102, ch. 12, Sec. 1, eff. Nov. 10, 1981. Amended by Acts 1985, 69th Leg., ch. 133, Sec. 2.13.

Sec. 15.403. RULES. The board shall adopt rules to carry out this chapter.

Added by Acts 1981, 67th Leg., 1st C.S., p. 102, ch. 12, Sec. 1, eff. Nov. 10, 1981.

Sec. 15.404. RESEARCH CONTRACTS. (a) The board may enter into a contract with any person for research into any matter relating to the conservation and development of the state's water resources or for research by Texas political subdivisions related to the proper conservation and development of water resources of areas outside Texas if such research will result in water being available for use in or for the benefit of Texas or will help maintain and enhance the quality of water in Texas.

(b) Before a contract is awarded, the board may prepare written specifications for the proposed contract and may require each prospective contractor to prepare and submit to the board a written

proposal that includes:

- (1) a description of the proposed research project;
- (2) a detailed estimate of the cost of the proposed research project;
- (3) the estimated time required to complete the research project; and
- (4) any other information requested by the board or required by the board's rules.

(c) At a regular or specially called meeting of the board, the board may award a research contract to any person and may provide money from the research and planning fund in any amount the board considers adequate to carry out the research project under the contract.

(d) The board shall adopt rules providing criteria for research projects and for eligibility of persons to receive contract awards under this section.

(e) A contract made by the board under this section shall include:

- (1) a detailed description of the research project;
- (2) the time in which the research project is to be completed;
- (3) the total amount of money to be paid by the board from the research and planning fund for the research project; and
- (4) any other terms and conditions required by the board's rules or agreed to by the contracting parties.

(f) The board may enter into a supplemental contract with a contractor under this section to change any of the provisions of a contract awarded under this section including extension of time to complete the project, the award of more research funds, or changes in the planned research.

Added by Acts 1981, 67th Leg., 1st C.S., p. 102, ch. 12, Sec. 1, eff. Nov. 10, 1981. Amended by Acts 1997, 75th Leg., ch. 1010, Sec. 1.05, eff. Sept. 1, 1997.

Sec. 15.405. PLANNING CONTRACTS. (a) The board may enter into contracts with political subdivisions to pay from the research and planning fund all or part of the cost of developing flood control plans for the political subdivision.

(b) A political subdivision that desires money from the research and planning fund for flood control planning shall submit a written application to the board in the manner and form required by board rules.

(c) The application shall include:

(1) the name of the political subdivision;

(2) a citation to the laws under which the political subdivision was created and is operating including specific citation of all laws providing flood control authority;

(3) the amount requested from the board for flood control planning; and

(4) any other information required by the board in its rules or specifically requested by the board.

(d) After notice and hearing, the board may award the applicant all or part of the requested funds that are considered necessary by the board for the political subdivision to carry out adequate flood control planning.

(e) If the board grants an application under this section and awards funds for flood control planning, the board shall enter into a contract with the political subdivision that includes:

(1) a detailed statement of the purpose for which the money is to be used;

(2) the total amount of money to be paid from the research and planning fund under the contract; and

(3) any other terms and conditions required by board rules or agreed to by the contracting parties.

(f) The board shall adopt rules establishing criteria of eligibility for flood control planning money that considers:

(1) the relative need of the political subdivision for the money;

(2) the legal authority of the political subdivision to plan for and control flooding; and

(3) the effect of flood control planning by the political subdivision on overall flood control in the state and within the area in which the political subdivision is located.

(g) The board shall require that flood control plans developed under contracts entered into under this section be made available to the commission.

Added by Acts 1981, 67th Leg., 1st C.S., p. 102, ch. 12, Sec. 1, eff.

Nov. 10, 1981. Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.043, eff. Sept. 1, 1985.

Sec. 15.406. REGIONAL FACILITY PLANNING. (a) The board may enter into contracts with political subdivisions to pay from the research and planning fund all or part of the cost of developing regional facility plans.

(b) A political subdivision that desires money from the research and planning fund for regional facility planning shall submit a written application to the board in the manner and form required by board rules.

(c) The application shall include:

(1) the name of the political subdivision;

(2) a citation to the laws under which the political subdivision was created and is operating including specific citation of all laws providing authority to plan, develop, and operate regional facilities;

(3) the amount requested from the board for regional facility planning; and

(4) any other information required by the board in its rules or specifically requested by the board.

(d) After notice and hearing, the board may award the applicant all or part of the requested funds that are considered necessary by the board for the political subdivision to carry out adequate regional facility planning.

(e) If the board grants an application under this section and awards funds for regional facility planning, the board shall enter into a contract with the political subdivision that includes:

(1) a detailed statement of the purpose for which the money is to be used;

(2) the total amount of money to be paid from the research and planning fund under the contract; and

(3) any other terms and conditions required by board rules or agreed to by the contracting parties.

(f) The board shall adopt rules establishing criteria of eligibility for regional facility planning money that considers:

(1) the relative need of the political subdivision for the money;

(2) the legal authority of the political subdivision to

plan, develop, and operate regional facilities;

(3) the effect of regional facility planning by the political subdivision on overall regional facility planning, development, and operation in the state and within the area in which the political subdivision is located; and

(4) the degree to which the regional facility planning by the political subdivision is consistent with an approved regional water plan for the area in which the political subdivision is located.

(g) The board may require that regional facility plans developed under contracts entered into under this section be made available to the commission as provided by board rules.

Added by Acts 1985, 69th Leg., ch. 133, Sec. 2.13. Amended by Acts 1987, 70th Leg., ch. 977, Sec. 15, eff. June 19, 1987; Acts 1997, 75th Leg., ch. 1010, Sec. 1.06, eff. Sept. 1, 1997.

Sec. 15.4061. FUNDING FOR REGIONAL WATER PLANS. (a) The board may enter into contracts with political subdivisions designated as representatives of a regional water planning group under Section 16.053(c) of this code to pay from the research and planning fund all or part of the cost of developing or revising regional water plans as defined in Section 16.053 of this code.

(b) A political subdivision may submit, either individually or jointly with other political subdivisions, a written application to the board for the purpose of funding regional water planning from the research and planning fund.

(c) The application shall be in the manner and form required by board rules and include:

(1) the name of the political subdivision or political subdivisions;

(2) a citation to the laws under which the political subdivision was created and is operating, including specific citation of all laws providing authority to develop and implement a regional water plan;

(3) the amount requested from the board for regional water planning; and

(4) any other relevant information required by the board in its rules or specifically requested by the board.

(d) After notice and hearing, the board may award the applicant all or part of the requested funds that the board considers necessary for the political subdivision to carry out regional water planning.

(e) If the board grants an application under this section and awards funds for regional water planning, the board shall enter into a contract with the political subdivision or political subdivisions that includes:

(1) a detailed statement of the purpose for which the money is to be used;

(2) the total amount of money to be paid by the board from the research and planning fund under the contract; and

(3) any other terms and conditions required by the board's rules or agreed to by the contracting parties.

(f) The board shall adopt rules establishing criteria for eligibility for regional water planning money that include:

(1) the relative need of the political subdivision for the money;

(2) the legal authority of the political subdivision to develop and implement a regional water plan; and

(3) the degree to which regional water planning by the political subdivision or political subdivisions will address the water supply needs in the regional water planning area.

(g) The board may not provide funds under this section for activities for which existing information or data is sufficient for the planning effort, including:

(1) detailed evaluation of cost of water supply alternatives where recent information is available to evaluate the cost associated with the alternative;

(2) evaluation of groundwater resources for which current information is available from the board or other entity sufficient for evaluation of the resource;

(3) determination of water savings resulting from standard conservation practices for which current information is available from the board;

(4) revision of board demand and population projections;

(5) revision of environmental planning criteria for new surface water supply projects as defined in the state water plan guidelines established in Section 16.051(d) of this section; and

(6) collection of data describing groundwater or surface water resources where information for evaluation of the resource is

currently available.

(h) The board shall require that regional water plans developed or revised under contracts entered into under this section be made available to the commission, the Department of Agriculture, and the Parks and Wildlife Department.

Added by Acts 1997, 75th Leg., ch. 1010, Sec. 1.07, eff. Sept. 1, 1997. Amended by Acts 1999, 76th Leg., ch. 456, Sec. 1, eff. June 18, 1999; Acts 1999, 76th Leg., ch. 979, Sec. 1, eff. June 18, 1999.

Sec. 15.4063. ENVIRONMENTAL FLOWS FUNDING. The board may authorize the use of money in the research and planning fund:

(1) to compensate the members of the Texas environmental flows science advisory committee established under Section 11.02361 for attendance and participation at meetings of the committee and for transportation, meals, lodging, or other travel expenses associated with attendance at those meetings as provided by the General Appropriations Act;

(2) for contracts with cooperating state and federal agencies and universities and with private entities as necessary to provide technical assistance to enable the Texas environmental flows science advisory committee and the basin and bay expert science teams established under Section 11.02362 to perform their statutory duties;

(3) to compensate the members of the basin and bay expert science teams established under Section 11.02362 for attendance and participation at meetings of the basin and bay expert science teams and for transportation, meals, lodging, or other travel expenses associated with attendance at those meetings as provided by the General Appropriations Act; and

(4) for contracts with political subdivisions designated as representatives of basin and bay area stakeholders committees established under Section 11.02362 to fund all or part of the administrative expenses incurred in conducting meetings of the basin and bay area stakeholders committees or the pertinent basin and bay expert science teams.

Added by Acts 2007, 80th Leg., R.S., Ch. 1351 (H.B. 3), Sec. 1.22, eff. September 1, 2007.

Added by Acts 2007, 80th Leg., R.S., Ch. 1430 (S.B. 3), Sec. 1.22, eff. September 1, 2007.

Sec. 15.407. FACILITY ENGINEERING IN ECONOMICALLY DISTRESSED AREAS. (a) In this section, "economically distressed area" and "political subdivision" have the meanings assigned by Section 17.921.

(b) The board may enter into contracts with a political subdivision to pay from the research and planning fund all or part of the cost of facility engineering in economically distressed areas, including preparation of plans and specifications.

(c) The selection process used by a political subdivision to procure engineering services necessary for facility engineering is subject to review by and approval of the executive administrator. The executive administrator may assist a political subdivision in the selection of the provider of engineering services necessary for facility engineering in economically distressed areas.

(d) The board shall adopt rules governing the procurement of facility engineering services by a political subdivision awarded funds under this subchapter and may adopt other rules necessary to carry out the board's powers and duties under this subchapter.

(e) A political subdivision that desires money from the research and planning fund for facility engineering in an economically distressed area shall submit a written application to the board in the manner and form required by board rules.

(f) The application shall include:

- (1) the name of the political subdivision;
- (2) a citation to the laws under which the political subdivision was created and is operating;
- (3) the amount requested from the board for facility engineering in an economically distressed area; and
- (4) any other information required by the board in its rules or specifically requested by the board.

(g) After notice and hearing, the board may award the applicant all or part of the requested funds that are considered necessary by the board for the political subdivision to carry out adequate facility engineering in an economically distressed area.

(h) If the board grants an application under this section and awards funds for facility engineering in an economically distressed area, the board shall enter into a contract with the political subdivision that includes:

- (1) a detailed statement of the purpose for which the money

is to be used;

(2) the total amount of money to be paid from the research and planning fund under the contract; and

(3) any other terms and conditions required by board rules or agreed to by the contracting parties.

(i) Repealed by Acts 2005, 79th Leg., Ch. 927, Sec. 15, eff. September 1, 2005.

(j) If the board determines that planning activities undertaken by a political subdivision for which the board has committed funds under this subchapter have been inadequate or not completed in a timely manner, the board may terminate the contract with the political subdivision and on behalf of and in consultation with the political subdivision may perform or contract for facility engineering in the economically distressed area.

Added by Acts 1989, 71st Leg., ch. 624, Sec. 2.12, eff. Sept. 1, 1989. Amended by Acts 1995, 74th Leg., ch. 649, Sec. 1, eff. June 14, 1995; Acts 1999, 76th Leg., ch. 404, Sec. 32, eff. Sept. 1, 1999.

Amended by:

Acts 2005, 79th Leg., Ch. 927 (H.B. 467), Sec. 1, eff. September 1, 2005.

Acts 2005, 79th Leg., Ch. 927 (H.B. 467), Sec. 15, eff. September 1, 2005.

#### **SUBCHAPTER G. STATE WATER IMPLEMENTATION FUND FOR TEXAS**

Sec. 15.431. DEFINITIONS. In this subchapter:

(1) "Advisory committee" means the State Water Implementation Fund for Texas Advisory Committee.

(2) "Fund" means the state water implementation fund for Texas.

(3) "Historically underutilized business" has the meaning assigned by Section 2161.001, Government Code.

(4) "Trust company" means the Texas Treasury Safekeeping Trust Company.

Added by Acts 2013, 83rd Leg., R.S., Ch. 207 (H.B. 4), Sec. 2.02, eff. November 5, 2013.

Sec. 15.432. FUND. (a) The state water implementation fund for Texas is a special fund in the state treasury outside the general revenue fund to be used by the board, without further legislative appropriation, for the purpose of implementing the state water plan as provided by this subchapter. The board may establish separate accounts in the fund. The fund and the fund's accounts are kept and held by the trust company for and in the name of the board. The board has legal title to money and investments in the fund until money is disbursed from the fund as provided by this subchapter and board rules. It is the intent of the legislature that the fund will never be used:

(1) for a purpose other than the support of projects in the state water plan; or

(2) to certify that appropriations from the treasury are within the amount estimated to be available in a fund of the treasury affected by the appropriation.

(b) Money deposited to the credit of the fund may be used only as provided by this subchapter.

(c) The fund consists of:

(1) money transferred or deposited to the credit of the fund by law, including money from any source transferred or deposited to the credit of the fund at the board's discretion as authorized by law;

(2) the proceeds of any fee or tax imposed by this state that by statute is dedicated for deposit to the credit of the fund;

(3) any other revenue that the legislature by statute dedicates for deposit to the credit of the fund;

(4) investment earnings and interest earned on amounts credited to the fund; and

(5) money transferred to the fund under a bond enhancement agreement from another fund or account to which money from the fund was transferred under a bond enhancement agreement, as authorized by Section 15.435.

Added by Acts 2013, 83rd Leg., R.S., Ch. 207 (H.B. 4), Sec. 2.02, eff. November 5, 2013.

Sec. 15.433. MANAGEMENT AND INVESTMENT OF FUND. (a) The trust company shall hold and invest the fund, and any accounts established

in the fund, for and in the name of the board, taking into account the purposes for which money in the fund may be used. The fund may be invested with the state treasury pool.

(b) The overall objective for the investment of the fund is to maintain sufficient liquidity to meet the needs of the fund while striving to preserve the purchasing power of the fund.

(c) The trust company has any power necessary to accomplish the purposes of managing and investing the assets of the fund. In managing the assets of the fund, through procedures and subject to restrictions the trust company considers appropriate, the trust company may acquire, exchange, sell, supervise, manage, or retain any kind of investment that a prudent investor, exercising reasonable care, skill, and caution, would acquire or retain in light of the purposes, terms, distribution requirements, and other circumstances of the fund then prevailing, taking into consideration the investment of all the assets of the fund rather than a single investment.

(d) The trust company may charge fees to cover its costs incurred in managing and investing the fund. The fees must be consistent with the fees the trust company charges other state and local governmental entities for which it provides investment management services. The trust company may recover fees it charges under this subsection only from the earnings of the fund.

(e) The trust company annually shall provide a written report to the board and to the advisory committee with respect to the investment of the fund. The trust company shall contract with a certified public accountant to conduct an independent audit of the fund annually and shall present the results of each annual audit to the board and to the advisory committee. This subsection does not affect the state auditor's authority to conduct an audit of the fund under Chapter 321, Government Code.

(f) The trust company shall adopt a written investment policy that is appropriate for the fund. The trust company shall present the investment policy to the investment advisory board established under Section 404.028, Government Code. The investment advisory board shall submit to the trust company recommendations regarding the policy.

(g) The board annually shall provide to the trust company a forecast of the cash flows into and out of the fund. The board shall provide updates to the forecasts as appropriate to ensure that the trust company is able to achieve the objective specified by

Subsection (b).

(h) The trust company shall disburse money from the fund as directed by the board. The board shall direct disbursements from the fund on a semiannual schedule specified by the board and not more frequently than twice in any state fiscal year.

(i) An investment-related contract entered into under this section is not subject to Chapter 2260, Government Code.

Added by Acts 2013, 83rd Leg., R.S., Ch. 207 (H.B. 4), Sec. 2.02, eff. November 5, 2013.

Sec. 15.434. USE OF FUND; PAYMENTS TO AND FROM OTHER FUNDS OR ACCOUNTS. (a) At the direction of the board, the trust company shall make disbursements from the fund to another fund or account pursuant to a bond enhancement agreement authorized by Section 15.435 in the amounts the board determines are needed for debt service payments on or security provisions of the board's general obligation bonds or revenue bonds, after considering all other sources available for those purposes in the respective fund or account.

(b) Of the money disbursed from the fund during the five-year period between the adoption of a state water plan and the adoption of a new plan, the board shall undertake to apply not less than:

(1) 10 percent to support projects described by Section 15.435 that are for:

(A) rural political subdivisions as defined by Section 15.992; or

(B) agricultural water conservation; and

(2) 20 percent to support projects described by Section 15.435, including agricultural irrigation projects, that are designed for water conservation or reuse.

Added by Acts 2013, 83rd Leg., R.S., Ch. 207 (H.B. 4), Sec. 2.02, eff. November 5, 2013.

Sec. 15.435. BOND ENHANCEMENT AGREEMENTS. (a) A bond enhancement agreement entered into under this section is an agreement for professional services. A bond enhancement agreement must contain terms that are consistent with Section 15.433(h), and the agreement, including the period covered by the agreement and all other terms and

conditions of the agreement, must be approved by the board. An obligation to disburse money from the fund, or from a special account established by the board, in accordance with a bond enhancement agreement is a special obligation of the board payable solely from designated income and receipts of the fund or of the account, as determined by the board. An obligation to disburse money from the fund, or from a special account established by the board, in accordance with a bond enhancement agreement does not constitute indebtedness of the state.

(b) To facilitate the use of the fund for the purposes of this subchapter, the board may direct the trust company to enter into bond enhancement agreements to provide a source of revenue or security for the payment of the principal of and interest on general obligation bonds, including bonds issued under Section 49-d-9 or 49-d-11, Article III, Texas Constitution, or revenue bonds issued by the board to finance or refinance projects included in the state water plan if the proceeds of the sale of the bonds have been or will be deposited to the credit of:

- (1) the state water implementation revenue fund for Texas;
- (2) the water infrastructure fund;
- (3) the rural water assistance fund;
- (4) the Texas Water Development Fund II state participation account; or
- (5) the agricultural water conservation fund.

(c) If the trust company enters into a bond enhancement agreement under Subsection (b), the board may direct the trust company to make disbursements from the fund to another fund or account for the support of bonds the proceeds of which are used to provide financial assistance in the form of:

- (1) a loan bearing an interest rate of not less than 50 percent of the then-current market rate of interest available to the board;
- (2) a loan to finance a facility under repayment terms similar to the terms of debt customarily issued by the entity requesting assistance but not to exceed the lesser of:
  - (A) the expected useful life of the facility; or
  - (B) 30 years;
- (3) a deferral of loan repayment, including deferral of the repayment of:
  - (A) principal and interest; or

(B) accrued interest;

(4) incremental repurchase terms for an acquired facility, including terms for no initial repurchase payment followed by progressively increasing incremental levels of interest payment, repurchase of principal and interest, and ultimate repurchase of the entire state interest in the facility using simple interest calculations; or

(5) a combination of the methods of financing described by Subdivisions (1)-(4).

(d) The board may direct the trust company to enter into bond enhancement agreements with respect to bonds issued by the board before September 1, 2013, only if:

(1) those bonds otherwise satisfy the requirements of Subsections (b) and (c);

(2) the proceeds of those bonds were or are required to be used only for the implementation of water projects recommended through the state and regional water planning processes under Sections 16.051 and 16.053; and

(3) general revenue of the state was appropriated before September 1, 2013, for the payment of debt service on those bonds.

(e) The board may direct the trust company to enter into bond enhancement agreements with respect to refunding bonds issued by the board to refund bonds issued by the board the proceeds of which have been or are to be used for projects included in the state water plan and which otherwise satisfied the requirements of Subsections (b) and (c).

(f) The board may not direct the trust company to enter into a bond enhancement agreement with respect to bonds issued by the board the proceeds of which have been or are to be used to make grants.

(g) The board may not direct the trust company to enter into a bond enhancement agreement with respect to bonds issued by the board the proceeds of which may be used to provide financial assistance to an applicant if at the time of the request the applicant has failed to:

(1) submit or implement a water conservation plan in accordance with Section 11.1271; or

(2) satisfactorily complete a request by the executive administrator or a regional water planning group for information relevant to the project for which the financial assistance is sought, including a water infrastructure financing survey under Section

16.053(q).

(h) The board may not direct the trust company to enter into a bond enhancement agreement with respect to bonds issued by the board the proceeds of which may be used to provide financial assistance to an applicant unless at the time of the request the applicant has acknowledged its legal obligation to comply with any applicable requirements of:

(1) federal law relating to contracting with disadvantaged business enterprises; and

(2) state law relating to contracting with historically underutilized businesses.

(i) The board may not approve a bond enhancement agreement with respect to bonds issued by the board unless the agreement contains a provision to the effect that if the trust company makes a disbursement under the bond enhancement agreement from the fund to the credit of another fund or account as provided by Section 15.434(a), the board shall direct the comptroller to transfer an amount not to exceed that amount from the fund or account receiving the payment back to the fund if:

(1) money is available in the surplus balance in the fund or account for that purpose; and

(2) the money transferred back to the fund will not cause general obligation bonds that are payable from the fund or account receiving the payment to no longer be self-supporting for purposes of Section 49-j(b), Article III, Texas Constitution.

(j) For purposes of Subsection (i)(1), the surplus balance of a fund or account that receives a disbursement from the fund under a bond enhancement agreement is the amount of money on deposit in the fund or account, as determined by the board, that is attributable to the general obligation bonds or revenue bonds that are the subject of the bond enhancement agreement, including money received from the sale or other disposition of the board's rights to receive repayment of financial assistance, money received from the sale, transfer, or lease of an acquired facility, money received from the sale of water associated with an acquired facility, and related investment earnings, that exceeds the amount required to pay annual debt service on the bonds and any other amounts specified in the resolution or other proceedings authorizing the bonds and any related obligations.

(k) The board shall submit each bond enhancement agreement and the record relating to the agreement to the attorney general for

examination as to the validity of the agreement. If the attorney general finds that the agreement has been made in accordance with the constitution and other laws of this state, the attorney general shall approve the agreement and the comptroller shall register the agreement. If the agreement is not submitted at the same time that the bonds to which it relates are submitted, the agreement shall be treated as a public security solely for the purposes of Section 1202.004, Government Code.

(l) After a bond enhancement agreement has been approved and registered as provided by Subsection (k), the agreement is valid and is incontestable for any cause.

(m) At the direction of the board, the trust company shall make disbursements from the fund, or from a special account established by the board, in accordance with a bond enhancement agreement in the amounts the board determines are needed for debt service payments on, or for security provisions of, general obligation bonds or revenue bonds issued by the board the proceeds of the sale of which have been deposited in another fund administered by the board, or in an account in that other fund, for use in accordance with this subchapter, after the board considers all other sources available for those purposes in that other fund or account. Money transferred under this subsection may be deposited into that other fund or into a special account established by the trust company or a corporate trustee that is a trust company or a bank that has the powers of a trust company, as determined by the board.

Added by Acts 2013, 83rd Leg., R.S., Ch. 207 (H.B. 4), Sec. 2.02, eff. November 5, 2013.

Sec. 15.436. PRIORITIZATION OF PROJECTS BY REGIONAL WATER PLANNING GROUPS. (a) Each regional water planning group shall prioritize projects in its respective regional water plan for the purposes of Section 15.435. At a minimum, a regional water planning group must consider the following criteria in prioritizing each project:

- (1) the decade in which the project will be needed;
- (2) the feasibility of the project, including the availability of water rights for purposes of the project and the hydrological and scientific practicability of the project;

(3) the viability of the project, including whether the project is a comprehensive solution with a measurable outcome;

(4) the sustainability of the project, taking into consideration the life of the project; and

(5) the cost-effectiveness of the project, taking into consideration the expected unit cost of the water to be supplied by the project.

(b) In prioritizing projects, each regional water planning group shall include projects that meet long-term needs as well as projects that meet short-term needs.

(c) The board shall create a stakeholders committee composed of the presiding officer or a person designated by the presiding officer of each regional water planning group to establish uniform standards to be used by the regional water planning groups in prioritizing projects under this section. Uniform standards established under this subsection must be approved by the board. The board shall consult the stakeholders committee from time to time regarding regional prioritization of projects.

(d) Each regional water planning group shall submit to the board the prioritization developed by the group under this section together with the group's respective regional water plan developed and submitted under Section 16.053.

Added by Acts 2013, 83rd Leg., R.S., Ch. 207 (H.B. 4), Sec. 2.02, eff. November 5, 2013.

Sec. 15.437. PRIORITIZATION OF PROJECTS BY BOARD. (a) The board shall prioritize projects included in the state water plan for the purpose of providing financial assistance under this subchapter.

(b) The board shall establish a point system for prioritizing projects for which financial assistance is sought from the board. The system must include a standard for the board to apply in determining whether a project qualifies for financial assistance at the time the application for financial assistance is filed with the board.

(c) The board shall give the highest consideration in awarding points to projects that will have a substantial effect, including projects that will:

(1) serve a large population;

(2) provide assistance to a diverse urban and rural population;

(3) provide regionalization; or

(4) meet a high percentage of the water supply needs of the water users to be served by the project.

(d) In addition to the criteria provided by Subsection (c), the board must also consider at least the following criteria in prioritizing projects:

(1) the local contribution to be made to finance the project, including the up-front capital to be provided by the applicant;

(2) the financial capacity of the applicant to repay the financial assistance provided;

(3) the ability of the board and the applicant to timely leverage state financing with local and federal funding;

(4) whether there is an emergency need for the project, taking into consideration whether:

(A) the applicant is included at the time of the application on the list maintained by the commission of local public water systems that have a water supply that will last less than 180 days without additional rainfall; and

(B) federal funding for which the project is eligible has been used or sought;

(5) if the applicant is applying for financial assistance for the project under Subchapter Q, whether the applicant is ready to proceed with the project at the time of the application, including whether:

(A) all preliminary planning and design work associated with the project has been completed;

(B) the applicant has acquired the water rights associated with the project;

(C) the applicant has secured funding for the project from other sources; and

(D) the applicant is able to begin implementing or constructing the project;

(6) the demonstrated or projected effect of the project on water conservation, including preventing the loss of water, taking into consideration, if applicable, whether the applicant has filed a water audit with the board under Section 16.0121 that demonstrates that the applicant is accountable with regard to reducing water loss

and increasing efficiency in the distribution of water; and

(7) the priority given the project by the applicable regional water planning group under Section 15.436.

Added by Acts 2013, 83rd Leg., R.S., Ch. 207 (H.B. 4), Sec. 2.02, eff. November 5, 2013.

Sec. 15.438. ADVISORY COMMITTEE. (a) The State Water Implementation Fund for Texas Advisory Committee is composed of the following seven members:

(1) the comptroller, or a person designated by the comptroller;

(2) three members of the senate appointed by the lieutenant governor, including:

(A) a member of the committee of the senate having primary jurisdiction over matters relating to finance; and

(B) a member of the committee of the senate having primary jurisdiction over natural resources; and

(3) three members of the house of representatives appointed by the speaker of the house of representatives, including:

(A) a member of the committee of the house of representatives having primary jurisdiction over appropriations; and

(B) a member of the committee of the house of representatives having primary jurisdiction over natural resources.

(b) The following persons shall serve as staff support for the advisory committee:

(1) the deputy executive administrator of the board who is responsible for water science and conservation or a person who holds an equivalent position at the agency, or a person designated by that person;

(2) the deputy executive administrator of the board who is responsible for water resources planning and information or a person who holds an equivalent position at the agency, or a person designated by that person; and

(3) the chief financial officer of the board, or a person who holds an equivalent position at the agency.

(c) An appointed member of the advisory committee serves at the will of the person who appointed the member.

(d) The lieutenant governor shall appoint a co-presiding

officer of the advisory committee from among the members appointed by the lieutenant governor, and the speaker of the house of representatives shall appoint a co-presiding officer of the committee from among the members appointed by the speaker.

(e) The advisory committee may hold public hearings, formal meetings, or work sessions. Either co-presiding officer of the advisory committee may call a public hearing, formal meeting, or work session of the advisory committee at any time. The advisory committee may not take formal action at a public hearing, formal meeting, or work session unless a quorum of the committee is present.

(f) Except as otherwise provided by this subsection, a member of the advisory committee is not entitled to receive compensation for service on the committee or reimbursement for expenses incurred in the performance of official duties as a member of the committee. Service on the advisory committee by a member of the senate or house of representatives is considered legislative service for which the member is entitled to reimbursement and other benefits in the same manner and to the same extent as for other legislative service.

(g) The advisory committee shall submit comments and recommendations to the board regarding the use of money in the fund for use by the board in adopting rules under Section 15.439 and in adopting policies and procedures under Section 15.441. The submission must include:

(1) comments and recommendations on rulemaking related to the prioritization of projects in regional water plans and the state water plan in accordance with Sections 15.436 and 15.437;

(2) comments and recommendations on rulemaking related to establishing standards for determining whether projects meet the criteria provided by Section 15.434(b);

(3) an evaluation of the available programs for providing financing for projects included in the state water plan and guidelines for implementing those programs, including guidelines for providing financing for projects included in the state water plan that are authorized under Subchapter Q or R of this chapter, Subchapter E or F, Chapter 16, or Subchapter J, Chapter 17;

(4) an evaluation of the lending practices of the board and guidelines for lending standards;

(5) an evaluation of the use of funds by the board to provide support for financial assistance for water projects, including support for the purposes described by Section 15.435(c);

(6) an evaluation of whether premium financing programs should be established within the funds described by Section 15.435 to serve the purposes of this subchapter, especially in connection with projects described by Section 15.434(b);

(7) an evaluation of methods for encouraging participation in the procurement process by companies domiciled in this state or that employ a significant number of residents of this state; and

(8) an evaluation of the overall operation, function, and structure of the fund.

(h) The advisory committee shall review the overall operation, function, and structure of the fund at least semiannually and may provide comments and recommendations to the board on any matter.

(i) The advisory committee may adopt rules, procedures, and policies as needed to administer this section and implement its responsibilities.

(j) Chapter 2110, Government Code, does not apply to the size, composition, or duration of the advisory committee.

(k) The advisory committee is subject to Chapter 325, Government Code (Texas Sunset Act). Unless continued in existence as provided by that chapter, the advisory committee is abolished and this section expires September 1, 2023.

(l) The advisory committee shall make recommendations to the board regarding information to be posted on the board's Internet website under Section 15.440(b).

(m) The advisory committee shall evaluate and may provide comments or recommendations on the feasibility of the state owning, constructing, and operating water supply projects, including reservoirs and major water supply conveyance infrastructure, through existing financial assistance programs under Subchapter E of this chapter, Subchapter E or F, Chapter 16, or other mechanisms.

(n) The executive administrator shall provide an annual report to the advisory committee on:

(1) the board's compliance with statewide annual goals relating to historically underutilized businesses; and

(2) the participation level of historically underutilized businesses in projects that receive funding related to a bond enhancement agreement under this subchapter.

(o) If the aggregate level of participation by historically underutilized businesses in projects that receive funding related to a bond enhancement agreement under this subchapter does not meet

statewide annual goals adopted under Chapter 2161, Government Code, the advisory committee shall make recommendations to the board to improve the participation level.

Added by Acts 2013, 83rd Leg., R.S., Ch. 207 (H.B. 4), Sec. 2.02, eff. November 5, 2013.

Sec. 15.439. RULES. (a) The board shall adopt rules providing for the use of money in the fund that are consistent with this subchapter, including rules:

(1) establishing standards for determining whether projects meet the criteria provided by Section 15.434(b); and

(2) specifying the manner for prioritizing projects for purposes of Section 15.437.

(b) The board shall give full consideration to the recommendations of the advisory committee before adopting rules under this subchapter.

Added by Acts 2013, 83rd Leg., R.S., Ch. 207 (H.B. 4), Sec. 2.02, eff. November 5, 2013.

Sec. 15.440. REPORTING AND TRANSPARENCY REQUIREMENTS. (a) Not later than December 1 of each even-numbered year, the board shall provide a report to the governor, lieutenant governor, speaker of the house of representatives, and members of the legislature regarding the use of the fund, including the use of the fund to support projects that are for rural political subdivisions or agricultural water conservation or that are designed for water conservation or reuse as required by Section 15.434(b).

(b) The board shall post the following information on the board's Internet website regarding the use of the fund and regularly update the information posted:

(1) the progress made in developing needed water supply statewide and for the benefit of each regional water planning area; and

(2) for each regional water planning area, a description of each project funded through bonds supported by a bond enhancement agreement entered into under Section 15.435, including:

(A) the expected date of completion of the project; and

(B) the current status of the project.

Added by Acts 2013, 83rd Leg., R.S., Ch. 207 (H.B. 4), Sec. 2.02, eff. November 5, 2013.

Sec. 15.441. POLICIES AND PROCEDURES TO MITIGATE OR MINIMIZE ADVERSE EFFECTS OF CERTAIN FEDERAL LAWS. The board shall adopt, and may amend from time to time at the board's discretion, policies and procedures for the purpose of mitigating or minimizing the adverse effects, if any, of federal laws and regulations relating to income taxes, arbitrage, rebates, and related matters that may restrict the board's ability to freely invest all or part of the fund or to receive and retain all the earnings from the fund.

Added by Acts 2013, 83rd Leg., R.S., Ch. 207 (H.B. 4), Sec. 2.02, eff. November 5, 2013.

**SUBCHAPTER H. STATE WATER IMPLEMENTATION REVENUE FUND FOR TEXAS**

Sec. 15.471. DEFINITION. In this subchapter, "fund" means the state water implementation revenue fund for Texas.

Added by Acts 2013, 83rd Leg., R.S., Ch. 207 (H.B. 4), Sec. 2.02, eff. November 5, 2013.

Sec. 15.472. FUND. (a) The state water implementation revenue fund for Texas is a special fund in the state treasury outside the general revenue fund to be used by the board, without further legislative appropriation, only for the purpose of providing financing for projects included in the state water plan that are authorized under Subchapter Q or R of this chapter, Subchapter E or F, Chapter 16, or Subchapter J, Chapter 17. The board may establish separate accounts in the fund. The board has legal title to money and investments in the fund until the money is disbursed as provided by this subchapter and board rules. It is the intent of the legislature that the fund will never be used:

- (1) for a purpose other than the support of projects in the state water plan; or
- (2) to certify that appropriations from the treasury are

within the amount estimated to be available in a fund of the treasury affected by the appropriation.

(b) Money deposited to the credit of the fund may be used only as provided by this subchapter.

(c) The fund consists of:

(1) money transferred or deposited to the credit of the fund by law, including money from any source transferred or deposited to the credit of the fund at the board's discretion as authorized by law;

(2) the proceeds of any fee or tax imposed by this state that by statute is dedicated for deposit to the credit of the fund;

(3) any other revenue that the legislature by statute dedicates for deposit to the credit of the fund;

(4) investment earnings and interest earned on amounts credited to the fund;

(5) the proceeds from the sale of bonds, including revenue bonds issued by the board under this subchapter, that are designated by the board for the purpose of providing money for the fund;

(6) repayments of loans made from the fund;

(7) money from the sale, transfer, or lease of a project acquired, constructed, reconstructed, developed, or enlarged with money from the fund; and

(8) money disbursed to the fund from the state water implementation fund for Texas as authorized by Section 15.434.

Added by Acts 2013, 83rd Leg., R.S., Ch. 207 (H.B. 4), Sec. 2.02, eff. November 5, 2013.

Sec. 15.473. MANAGEMENT AND INVESTMENT OF FUND. (a) Money deposited to the credit of the fund shall be invested as determined by the board. The fund may be invested with the state treasury pool.

(b) The fund and any accounts established in the fund shall be kept and maintained by or at the direction of the board.

(c) At the direction of the board, the fund and any accounts established in the fund may be managed by the comptroller or a corporate trustee that is a trust company or a bank that has the powers of a trust company for and on behalf of the board and pending their use for the purposes provided by this subchapter may be invested as provided by an order, resolution, or rule of the board.

(d) The comptroller or corporate trustee shall manage the fund in strict accordance with this subchapter and the orders, resolutions, and rules of the board.

Added by Acts 2013, 83rd Leg., R.S., Ch. 207 (H.B. 4), Sec. 2.02, eff. November 5, 2013.

Sec. 15.474. USE OF FUND. (a) Except as provided by Subsection (c), money in the fund may be used by the board only to provide financing or refinancing, under terms specified by the board, for projects included in the state water plan that are authorized under Subchapter Q or R of this chapter, Subchapter E or F, Chapter 16, or Subchapter J, Chapter 17, including water conservation or reuse projects designed to reduce the need for this state or political subdivisions of this state to develop additional water resources.

(b) Financing or refinancing of projects described by Subsection (a) may be provided by using money in the fund to make loans to eligible political subdivisions or to purchase bonds or other obligations of eligible political subdivisions bearing interest at a rate or rates determined by the board, including a rate or rates below prevailing market rates.

(c) The board may use money in the fund:

(1) as a source of revenue or security for:

(A) the payment of the principal of and interest on:

(i) revenue bonds issued by the board under this subchapter; or

(ii) other bonds issued by the board if the proceeds of the bonds will be deposited in the fund; or

(B) a bond enhancement agreement;

(2) to acquire loans or other assets from another fund or account administered by the board, including political subdivision bonds sold or disposed of under Section 15.978 or 17.968; or

(3) to pay the necessary and reasonable expenses of paying agents, bond counsel, and financial advisory services and similar costs incurred by the board in administering the fund.

(d) The board, or comptroller or corporate trustee managing the fund at the direction of the board as provided by Section 15.473(c), shall withdraw from the fund and forward to another person any

amounts, as determined by the board, for timely payment of:

- (1) the principal of and interest on bonds described by Subsection (c)(1)(A) of this section that mature or become due; and
- (2) any cost related to bonds described by Subsection (c)(1)(A) of this section that become due, including payments under related credit agreements or bond enhancement agreements.

Added by Acts 2013, 83rd Leg., R.S., Ch. 207 (H.B. 4), Sec. 2.02, eff. November 5, 2013.

Sec. 15.475. ISSUANCE OF REVENUE BONDS. (a) The board may issue revenue bonds for the purpose of providing money for the fund.

(b) The board may issue revenue bonds to refund revenue bonds or bonds and obligations issued or incurred in accordance with other provisions of law.

(c) Revenue bonds issued under this subchapter are special obligations of the board payable only from and secured by designated income and receipts of the fund, or of one or more accounts in the fund, including principal of and interest paid and to be paid on fund assets or income from accounts created within the fund by the board, as determined by the board.

(d) Revenue bonds issued under this subchapter do not constitute indebtedness of the state as prohibited by the constitution.

(e) The board may require fund participants to make charges, levy taxes, or otherwise provide for sufficient money to pay acquired obligations.

(f) Revenue bonds issued under this subchapter must be authorized by resolution of the board and must have the form and characteristics and bear the designations as the resolution provides.

(g) Revenue bonds issued under this subchapter may:

- (1) bear interest at the rate or rates payable annually or otherwise;
- (2) be dated;
- (3) mature at the time or times, serially, as term revenue bonds, or otherwise in not more than 50 years from their dates;
- (4) be callable before stated maturity on the terms and at the prices, be in the denominations, be in the form, either coupon or registered, carry registration privileges as to principal only or as

to both principal and interest and as to successive exchange of coupon for registered bonds or one denomination for bonds of other denominations, and successive exchange of registered revenue bonds for coupon revenue bonds, be executed in the manner, and be payable at the place or places inside or outside the state, as provided by the resolution;

(5) be issued in temporary or permanent form;

(6) be issued in one or more installments and from time to time as required and sold at a price or prices and under terms determined by the board to be the most advantageous reasonably obtainable; and

(7) be issued on a parity with and be secured in the manner as other revenue bonds authorized to be issued by this subchapter or may be issued without parity and secured differently than other revenue bonds.

(h) Section 17.955 applies to revenue bonds issued under this subchapter in the same manner as that section applies to water financial assistance bonds.

(i) All proceedings relating to the issuance of revenue bonds issued under this subchapter shall be submitted to the attorney general for examination. If the attorney general finds that the revenue bonds have been authorized in accordance with law, the attorney general shall approve the revenue bonds, and the revenue bonds shall be registered by the comptroller. After the approval and registration, the revenue bonds are incontestable in any court or other forum for any reason and are valid and binding obligations in accordance with their terms for all purposes.

(j) The proceeds received from the sale of revenue bonds issued under this subchapter may be deposited or invested in any manner and in such investments as may be specified in the resolution or other proceedings authorizing those obligations. Money in the fund or accounts created by this subchapter or created in the resolution or other proceedings authorizing the revenue bonds may be invested in any manner and in any obligations as may be specified in the resolution or other proceedings.

Added by Acts 2013, 83rd Leg., R.S., Ch. 207 (H.B. 4), Sec. 2.02, eff. November 5, 2013.

Sec. 15.476. SUBCHAPTER CUMULATIVE OF OTHER LAWS. (a) This subchapter is cumulative of other laws on the subject, and the board may use provisions of other applicable laws in the issuance of bonds and other obligations and the execution of bond enhancement agreements, but this subchapter is wholly sufficient authority for the issuance of bonds and other obligations, the execution of bond enhancement agreements, and the performance of all other acts and procedures authorized by this subchapter.

(b) In addition to other authority granted by this subchapter, the board may exercise the authority granted to the governing body of an issuer with regard to the issuance of obligations under Chapter 1371, Government Code.

Added by Acts 2013, 83rd Leg., R.S., Ch. 207 (H.B. 4), Sec. 2.02, eff. November 5, 2013.

#### **SUBCHAPTER J. FINANCIAL ASSISTANCE FOR WATER POLLUTION CONTROL**

Sec. 15.601. CREATION OF FUND. (a) The state water pollution control revolving fund shall be administered by the board under this subchapter and rules adopted by the board. The fund shall be used to provide financial assistance to political subdivisions for construction of treatment works and to persons for nonpoint source pollution control and abatement projects under Section 15.603(h), in accordance with the capitalization grant program established under the Federal Water Pollution Control Act (33 U.S.C. 1251 et seq.).

(b) The board may establish one or more additional state revolving funds in accordance with other capitalization grant programs hereafter established by federal agencies or otherwise authorized by federal law. Such additional state revolving funds shall be held and administered by the board in the same manner as provided by Section 15.603 of this code for the administration of the state water pollution control revolving fund, except that such additional state revolving funds shall be held and administered in accordance with the federal legislation or federal agency program under which the additional state revolving fund was established and shall be used to provide financial assistance to political subdivisions for public works in accordance with such legislation or program. In the administration of such additional state revolving funds, the board shall have all rights and powers authorized to the

board pursuant to this subchapter in connection with the administration of the state water pollution control revolving fund, together with such additional rights and powers as are necessary or appropriate in connection with the administration of such additional state revolving funds.

(c) The board may, in its discretion, provide for the state water pollution control revolving fund to be merged into any additional state revolving fund hereafter created.

Added by Acts 1987, 70th Leg., ch. 420, Sec. 1, eff. June 17, 1987.  
Amended by Acts 1993, 73rd Leg., ch. 184, Sec. 1, eff. May 19, 1993;  
Acts 2001, 77th Leg., ch. 1234, Sec. 19, eff. Sept. 1, 2001.

Sec. 15.602. DEFINITIONS. In this subchapter:

(1) "Additional state revolving fund" means any state revolving fund hereafter established by the board to provide financial assistance to political subdivisions for public works in accordance with a capitalization grant program hereafter established by a federal agency or otherwise authorized by federal law.

(2) "Authorized investments" means any authorized investments described in Section 404.024, Government Code.

(3) "Community water system" means a public water system that:

(A) serves at least 15 service connections used by year-round residents of the area served by the system; or

(B) regularly serves at least 25 year-round residents.

(4) "Construction" shall have the meaning assigned by the Federal Water Pollution Control Act (33 U.S.C. 1251 et seq.).

(5) "Disadvantaged community" means an area meeting criteria established by board rule, which criteria shall be based on measures that may include single-family residential property valuation, income levels of residents of the area, or other similarly appropriate measures.

(5-a) "Eligible lending institution" means a financial institution that makes commercial loans, is either a depository of state funds or an institution of the Farm Credit System headquartered in this state, agrees to participate in a linked deposit program established under Section 15.611 and to provide collateral equal to the amount of linked deposits placed with it, and meets any other

requirements established by board rule.

(6) "Federal Act" means the Federal Water Pollution Control Act, as amended (33 U.S.C. 1251 et seq.).

(7) "Nonprofit noncommunity water system" means a public water system that is not operated for profit and that:

(A) is owned by a political subdivision or nonprofit entity; and

(B) is not a community water system.

(8) "Person" means an individual, corporation, partnership, association, state, municipality, commission, or political subdivision of a state or any interstate body, as defined by Section 502 of the federal act, including a political subdivision as defined by this subchapter, if the person is eligible for financial assistance under federal law establishing the revolving fund.

(9) "Political subdivision" means a municipality, intermunicipal, interstate, or state agency, any other public entity eligible for assistance under this subchapter, or a nonprofit water supply corporation created and operating under Chapter 67, if such entity is eligible for financial assistance under federal law establishing the state revolving fund or an additional state revolving fund.

(10) "Public water system" means a system that is owned by any person and that meets the definition of public water system in the Safe Drinking Water Act.

(11) "Public works" means any project to acquire, construct, improve, repair, or otherwise provide any buildings, structures, facilities, equipment, or other real or personal property or improvements designed for public use, protection, or enjoyment undertaken by a political subdivision and paid for, in whole or in part, out of public funds.

(12) "Revolving fund" means the state water pollution control revolving fund.

(13) "Safe Drinking Water Act" means Title XIV of the federal Public Health Service Act, commonly known as the Safe Drinking Water Act, as amended (42 U.S.C. Section 300f et seq.).

(14) "Safe drinking water revolving fund" means the fund established by the board as an additional state revolving fund to provide financial assistance in accordance with the federal program established pursuant to the provisions of the Safe Drinking Water Act.

(15) "Treatment works" has the meaning established by the federal act and the eligible components of the management programs established by Sections 319 and 320 of the federal act.

Added by Acts 1987, 70th Leg., ch. 420, Sec. 1, eff. June 17, 1987. Amended by Acts 1993, 73rd Leg., ch. 184, Sec. 2, eff. May 19, 1993; Acts 1993, 73rd Leg., ch. 477, Sec. 6, eff. Aug. 30, 1993; Acts 1997, 75th Leg., ch. 1010, Sec. 6.15, eff. Sept. 1, 1997; Acts 1999, 76th Leg., ch. 62, Sec. 18.56, eff. Sept. 1, 1999; Acts 2001, 77th Leg., ch. 966, Sec. 4.13, eff. Sept. 1, 2001; Acts 2003, 78th Leg., ch. 200, Sec. 19(a), eff. Sept. 1, 2003; Acts 2003, 78th Leg., ch. 352, Sec. 1, eff. Sept. 1, 2003.

Sec. 15.603. CREATION AND ADMINISTRATION OF PROGRAM. (a) The revolving fund is held separately from other funds by the board outside the State Treasury to provide financial assistance to political subdivisions for construction of treatment works and to persons for estuary management projects and for nonpoint source pollution control and abatement projects under Subsection (h).

(b) The board may execute agreements with the Environmental Protection Agency or any other federal agency to establish and administer the revolving fund and may discharge the duties and responsibilities required for the administration of the revolving fund.

(c) The revolving fund consists of money derived from federal grants, direct appropriations, investment earnings on amounts credited to the revolving fund, and, at the board's discretion, from any and all sources available.

(d) The revolving fund shall remain available in perpetuity for providing financial assistance in accordance with the federal act.

(e) All payments of principal and interest and all proceeds from the sale, refunding, or prepayment of bonds of political subdivisions acquired in carrying out the purposes of the revolving fund shall be deposited in the revolving fund.

(f) The board shall administer the revolving fund in the manner provided by the federal act, state law, and the rules of the board.

(g) The revolving fund and any accounts established in the revolving fund shall be kept and maintained by or at the direction of the board and do not constitute and are not a part of the State

Treasury. However, at the direction of the board, the revolving fund or accounts in the revolving fund may be kept and held in escrow and in trust by the comptroller for and on behalf of the board, shall be used only as provided by this subchapter, and pending such use shall be invested in authorized investments as provided by any order, resolution, or rule of the board. Legal title to money and investments in the revolving fund is in the board unless or until paid out as provided by this subchapter, the federal act, and the rules of the board. The comptroller, as custodian, shall administer the funds strictly and solely as provided by this subchapter and in the orders, resolutions, and rules, and the state shall take no action with respect to the revolving fund other than that specified in this subchapter, the federal act, and the rules of the board.

(h) The board may establish a separate account in the revolving fund to be used solely for providing financial assistance to persons for nonpoint source pollution control and abatement projects. The account shall be composed solely of funds appropriated by the legislature, funds provided as gifts or grants by the United States, interest earnings on amounts credited to the account, and repayments of loans made from the account. The board shall adopt rules establishing the criteria for eligibility and the terms of assistance for persons that receive financial assistance from the account.

(i) In addition to authorized purposes under Subsection (a), the revolving fund is held by the board to provide linked deposits to eligible financial institutions for loans to persons for nonpoint source pollution control projects.

Added by Acts 1987, 70th Leg., ch. 420, Sec. 1, eff. June 17, 1987. Amended by Acts 1997, 75th Leg., ch. 1010, Sec. 6.17, eff. Sept. 1, 1997; Acts 1997, 75th Leg., ch. 1423, Sec. 20.03, eff. Sept. 1, 1997; Acts 2001, 77th Leg., ch. 966, Sec. 4.14, eff. Sept. 1, 2001; Acts 2001, 77th Leg., ch. 1234, Sec. 20, eff. Sept. 1, 2001; Acts 2003, 78th Leg., ch. 200, Sec. 19(b), eff. Sept. 1, 2003; Acts 2003, 78th Leg., ch. 352, Sec. 2, eff. Sept. 1, 2003; Acts 2003, 78th Leg., ch. 1276, Sec. 18.004, eff. Sept. 1, 2003.

Sec. 15.604. FINANCIAL ASSISTANCE UNDER THE REVOLVING FUND.

(a) The board may use the revolving fund for financial assistance only as provided by the federal act:

(1) to make loans, on the conditions that:

(A) those loans are made at or below market interest rates, including interest-free loans, at terms not to exceed 20 years;

(B) principal and interest payments will begin not later than one year after completion of any treatment works and all loans will be fully amortized not later than 20 years after completion of the treatment works;

(C) the recipient of a loan will establish a dedicated source of revenue for repayment of loans; and

(D) the revolving fund will be credited with all payments of principal of and interest on all loans;

(2) to buy or refinance the debt obligation of political subdivisions at or below market rates if the debt obligations were incurred after March 7, 1985;

(3) to guarantee or purchase insurance for political subdivisions if the guarantee or insurance would improve access to market credit or reduce interest rates;

(4) as a source of revenue or security for the payment of principal and interest on bonds issued by the state if the proceeds of the sale of those bonds will be deposited in the revolving fund;

(5) to provide loan guarantees to similar revolving funds established by municipalities or intermunicipal agencies;

(6) to earn interest on revolving fund accounts;

(7) for the reasonable costs of administering the revolving fund and conducting activities provided for by Title VI of the federal act, except that those amounts may not exceed the amount authorized under Title VI of the federal act;

(8) to provide financial assistance to persons for a nonpoint source pollution control project under Section 319 of the federal act or for an estuary management project under Section 320 of the federal act;

(9) for other purposes as provided by the federal act; and

(10) to provide linked deposits to eligible lending institutions for loans to persons for nonpoint source pollution control projects.

(b) The board shall adopt rules specifying the manner in which any additional state revolving fund hereafter established by the board, or any capitalization grant under the state water pollution control revolving fund, the safe drinking water revolving fund, or

any additional state revolving fund, may be used to provide financial assistance to an eligible applicant for public works. Such rules shall require financial assistance to be provided for the purpose or purposes and on the terms authorized by the federal legislation or federal agency program under which the additional state revolving fund was established or the capitalization grant was awarded.

Added by Acts 1987, 70th Leg., ch. 420, Sec. 1, eff. June 17, 1987. Amended by Acts 1993, 73rd Leg., ch. 184, Sec. 3, eff. May 19, 1993; Acts 2001, 77th Leg., ch. 966, Sec. 4.15, eff. Sept. 1, 2001; Acts 2003, 78th Leg., ch. 200, Sec. 19(c), eff. Sept. 1, 2003; Acts 2003, 78th Leg., ch. 352, Sec. 3, eff. Sept. 1, 2003.

Amended by:

Acts 2009, 81st Leg., R.S., Ch. 1243 (S.B. [2314](#)), Sec. 1, eff. June 19, 2009.

Sec. 15.6041. FINANCIAL ASSISTANCE UNDER THE SAFE DRINKING WATER REVOLVING FUND. (a) The safe drinking water revolving fund shall be administered by the board under this subchapter and rules adopted by the board. The safe drinking water revolving fund shall be held and administered by the board in the same manner as provided by Section 15.603, except that the safe drinking water revolving fund shall be held and administered in accordance with the Safe Drinking Water Act and shall be used to provide financial assistance in accordance with that act and in the manner provided by rules adopted by the board:

(1) to political subdivisions for community water systems and for nonprofit noncommunity water systems;

(2) to persons other than political subdivisions for community water systems or nonprofit noncommunity water systems from the account established by Subsection (b)(1);

(3) to persons, including political subdivisions, for service to disadvantaged communities from the account established by Subsection (b)(2); and

(4) for other purposes authorized by the Safe Drinking Water Act.

(b) In addition to other accounts the board may establish in the safe drinking water revolving fund, the board shall establish the following separate accounts:

(1) the community/noncommunity water system financial assistance account, to be used solely for providing financial assistance to persons, other than political subdivisions, providing services through a community water system or a nonprofit noncommunity water system, which account shall be composed solely of funds appropriated by the legislature, funds provided as gifts or grants by the United States government, interest earnings on amounts credited to the account, and repayments of loans made from the account; and

(2) the disadvantaged community account, to be used solely for providing financial assistance under the terms of Subsections (c) and (d), which account shall be composed solely of funds appropriated by the legislature, funds provided as gifts or grants by the United States government, interest earnings on amounts credited to the account, and repayments of loans made from the account.

(c) The board may provide financial assistance from the disadvantaged community account to:

(1) a political subdivision:

(A) that is a disadvantaged community; or

(B) for a project serving an area that:

(i) is located outside the boundaries of the political subdivision; and

(ii) meets the definition of a disadvantaged community; or

(2) an owner of a community water system that is ordered by the commission to provide service to a disadvantaged community, provided that the financial assistance is for the sole purpose of providing service to a disadvantaged community.

(d) In providing financial assistance from the disadvantaged community account, the board shall determine the amount of a loan which the political subdivision cannot repay based on affordability criteria established by the board by rule. The board shall forgive repayment of that portion of the principal of the loan which the board determines the political subdivision cannot repay. Financial assistance from the disadvantaged community account may not exceed the allowable percentage of the amount of the capitalization grant received by the state pursuant to the Safe Drinking Water Act.

Added by Acts 1997, 75th Leg., ch. 1010, Sec. 6.16, eff. Sept. 1, 1997.

Sec. 15.605. RULES. The board shall adopt necessary rules to carry out this subchapter.

Added by Acts 1987, 70th Leg., ch. 420, Sec. 1, eff. June 17, 1987.

Sec. 15.606. LENDING RATE. The board shall determine and provide for the lending rates to be charged on loans from the revolving fund.

Added by Acts 1987, 70th Leg., ch. 420, Sec. 1, eff. June 17, 1987.

Sec. 15.607. APPROVAL OF APPLICATION. On review of recommendations by the executive administrator, the board by resolution may approve an application if the board finds that in its opinion the revenue or taxes or both revenue and taxes pledged by the applicant will be sufficient to meet all the obligations assumed by the applicant and that the application and assistance applied for meet the requirements of the federal act and state law. A program of water conservation for the more effective use of water shall be required in the same manner as required for approval of an application for financial assistance under Section 15.106 of this code.

Added by Acts 1987, 70th Leg., ch. 420, Sec. 1, eff. June 17, 1987.  
Amended by Acts 2001, 77th Leg., ch. 966, Sec. 4.16, eff. Sept. 1, 2001.

Sec. 15.608. APPROVAL AND REGISTRATION. The board may not buy or refinance any bonds or securities or guarantee or purchase insurance for bonds or securities of political subdivisions that have not been approved by the attorney general and registered by the comptroller.

Added by Acts 1987, 70th Leg., ch. 420, Sec. 1, eff. June 17, 1987.

Sec. 15.609. RECOVERY OF ADMINISTRATIVE COSTS. (a) The board may charge a recipient of financial assistance from the revolving

fund or an additional state revolving fund an origination fee and an annual fee. The board by rule shall set the fees at amounts it considers necessary to recover the costs incurred by the board in administering the revolving fund or an additional state revolving fund that are not paid from that fund.

(b) The board may establish one or more operating funds to finance the administration of the revolving fund or an additional state revolving fund. An operating fund must be held outside the state treasury and separate from the fund to which it relates. The board shall deposit to the credit of the appropriate operating fund the fees collected under Subsection (a). The board shall use money deposited to the credit of an operating fund to pay the board's costs of administering the revolving fund or additional state revolving fund to which the operating fund relates, including the cost of servicing debt obligations of recipients of financial assistance made available from the revolving fund or additional state revolving fund.

(c) The board may not transfer money in the revolving fund or an additional state revolving fund to an operating fund, but the board may transfer money in an operating fund to the revolving fund or additional state revolving fund to which the operating fund relates.

(d) Money in an operating fund shall be invested in authorized investments as provided by board order, resolution, or rule.

(e) The board may agree with the holder of a bond the proceeds of which will be deposited in the revolving fund or an additional state revolving fund that the board will use money in an operating fund only as provided by this section.

Added by Acts 1995, 74th Leg., ch. 281, Sec. 1, eff. June 5, 1995.

Sec. 15.610. LINKED DEPOSIT. A linked deposit is a deposit governed by a written deposit agreement between the board and an eligible lending institution that provides that:

(1) the eligible lending institution pay interest on the deposit at a rate determined by the board;

(2) the state not withdraw any part of the deposit before the expiration of a period set by a written advance notice of the intention to withdraw; and

(3) the eligible lending institution agree to lend the

value of the deposit to a person at a maximum rate that is the rate paid by the eligible lending institution to the board plus a maximum of four percent.

Added by Acts 2003, 78th Leg., ch. 200, Sec. 19(d), eff. Sept. 1, 2003; Acts 2003, 78th Leg., ch. 352, Sec. 4, eff. Sept. 1, 2003.

Sec. 15.611. LINKED DEPOSIT PROGRAM. (a) The board by rule may establish a nonpoint source pollution control linked deposit program in accordance with this subchapter.

(b) An eligible lending institution may participate in the program established under this section as provided by this subchapter.

Added by Acts 2003, 78th Leg., ch. 200, Sec. 19(d), eff. Sept. 1, 2003; Acts 2003, 78th Leg., ch. 352, Sec. 4, eff. Sept. 1, 2003.

Sec. 15.612. APPLICATION BY ELIGIBLE LENDING INSTITUTIONS TO PARTICIPATE IN LINKED DEPOSIT PROGRAM. To participate in the nonpoint source pollution control linked deposit program, an eligible lending institution must:

(1) solicit loan applications, which must contain a description of a proposed nonpoint source pollution control project;

(2) review applications to determine if applicants are eligible and creditworthy; and

(3) submit the applications of eligible and creditworthy applicants to the executive administrator with a certification:

(A) of the interest rate applicable to each applicant by the eligible lending institution; and

(B) of the proposed project by the appropriate person as required by Section 15.613.

Added by Acts 2003, 78th Leg., ch. 200, Sec. 19(d), eff. Sept. 1, 2003; Acts 2003, 78th Leg., ch. 352, Sec. 4, eff. Sept. 1, 2003.

Sec. 15.613. CERTIFICATION OF PROJECT. (a) An eligible lending institution must obtain from a director of a soil and water conservation district certification of an agricultural or

silvicultural nonpoint source pollution control project proposed for the district. The certification must state that:

(1) the applicant of the proposed project has a water quality management plan certified by the State Soil and Water Conservation Board; and

(2) the project furthers or implements the plan.

(b) An eligible lending institution must obtain from the executive director certification of a proposed nonpoint source pollution control project that is not an agricultural or silvicultural nonpoint source pollution control project. The certification must state that the applicant's proposed project implements the state's nonpoint source pollution management plan.

Added by Acts 2003, 78th Leg., ch. 200, Sec. 19(d), eff. Sept. 1, 2003; Acts 2003, 78th Leg., ch. 352, Sec. 4, eff. Sept. 1, 2003.

Sec. 15.614. APPROVAL OR REJECTION OF APPLICATION. The board may approve or reject an application of an eligible lending institution to participate in the program. The board may delegate its authority to approve or reject an application to the executive administrator.

Added by Acts 2003, 78th Leg., ch. 200, Sec. 19(d), eff. Sept. 1, 2003; Acts 2003, 78th Leg., ch. 352, Sec. 4, eff. Sept. 1, 2003.

Sec. 15.615. DEPOSIT AGREEMENT. If the board approves an application of an eligible lending institution, the board and the eligible lending institution shall enter into a written deposit agreement. The agreement shall contain the conditions on which the linked deposit is made. On execution of the agreement, the board shall place a linked deposit from the revolving fund with the eligible lending institution in accordance with the agreement. A delay in payment or a default on a loan by an applicant does not affect the validity of the deposit agreement.

Added by Acts 2003, 78th Leg., ch. 200, Sec. 19(d), eff. Sept. 1, 2003; Acts 2003, 78th Leg., ch. 352, Sec. 4, eff. Sept. 1, 2003.

Sec. 15.616. COMPLIANCE. (a) On accepting a linked deposit, an eligible lending institution must lend money to an approved applicant in accordance with the deposit agreement and this subchapter. The eligible lending institution shall forward a compliance report to the board in accordance with board rules. The board shall adopt rules regarding the compliance report.

(b) The board shall monitor compliance with this subchapter and inform the comptroller of noncompliance on the part of an eligible lending institution.

Added by Acts 2003, 78th Leg., ch. 200, Sec. 19(d), eff. Sept. 1, 2003; Acts 2003, 78th Leg., ch. 352, Sec. 4, eff. Sept. 1, 2003.

Sec. 15.617. STATE LIABILITY PROHIBITED. The state is not liable to an eligible lending institution for payment of the principal, interest, or any late charges on a loan made to an approved applicant. A linked deposit is not an extension of the state's credit within the meaning of any state constitutional prohibition.

Added by Acts 2003, 78th Leg., ch. 200, Sec. 19(d), eff. Sept. 1, 2003; Acts 2003, 78th Leg., ch. 352, Sec. 4, eff. Sept. 1, 2003.

Sec. 15.618. LIMITATIONS ON PROGRAM. (a) The maximum amount of a loan under the linked deposit program is \$250,000.

(b) The board may withdraw linked deposits from an eligible lending institution if the institution ceases to be either a state depository or a Farm Credit System institution headquartered in this state.

Added by Acts 2003, 78th Leg., ch. 200, Sec. 19(d), eff. Sept. 1, 2003; Acts 2003, 78th Leg., ch. 352, Sec. 4, eff. Sept. 1, 2003.

#### **SUBCHAPTER K. TEXAS WATER BANK**

Sec. 15.701. DEFINITIONS. In this subchapter:

(1) "Deposit" means the placement of a water right or the right to use water in the water bank for transfer.

(2) "Depositor" means a person who deposits or has on

deposit a water right in the water bank or trust.

(3) "Person" includes but is not limited to any individual, corporation, organization, government, or governmental subdivision or agency, including the board, business trust, estate, trust, partnership, association, and any other legal entity.

(4) "Transfer" means the conveyance of a water right or the right to use water under a water right in any of the following manners:

(A) the conveyance of legal title to a water right; or

(B) a contract or option contract to allow use of a water right.

(5) "Trust" means the Texas Water Trust.

(6) "Water bank" or "bank" means the Texas Water Bank.

(7) "Water right" means a right acquired or authorized under the laws of this state to impound, divert, or use state water, underground water, or water from any source to the extent authorized by law.

Added by Acts 1993, 73rd Leg., ch. 647, Sec. 1, eff. Aug. 30, 1993.  
Amended by Acts 1997, 75th Leg., ch. 1010, Sec. 2.13, eff. Sept. 1, 1997; Acts 2001, 77th Leg., ch. 966, Sec. 2.14, eff. Sept. 1, 2001.

Sec. 15.702. CREATION OF BANK. The Texas Water Development Board shall establish the Texas Water Bank. The board shall administer the water bank to facilitate water transactions to provide sources of adequate water supplies for use within the State of Texas.

Added by Acts 1993, 73rd Leg., ch. 647, Sec. 1, eff. Aug. 30, 1993.  
Amended by Acts 1997, 75th Leg., ch. 1010, Sec. 2.14, eff. Sept. 1, 1997.

Sec. 15.703. OPERATION OF THE BANK; RULES. (a) The board may take all actions necessary to operate the water bank and to facilitate the transfer of water rights from the water bank for future beneficial use including but not limited to:

(1) negotiating a sale price and terms acceptable to the depositor and purchaser;

(2) maintaining a registry of water bank deposits and those water users in need of additional supplies;

(3) informing water users in need of additional supply of water rights available in the bank;

(4) encouraging water right holders to implement water conservation practices and deposit the right to use the conserved water into the bank;

(5) establishing requirements for deposit of a water right into the water bank including minimum terms for deposit;

(6) purchasing, holding, and transferring water or water rights in its own name;

(7) establishing regional water banks;

(8) acting as a clearinghouse for water marketing information including water availability, pricing of water transactions, environmental considerations, and potential buyers and sellers of water rights;

(9) preparing and publishing a manual on structuring water transactions;

(10) accepting and holding donations of water rights to meet instream, water quality, fish and wildlife habitat, or bay and estuary inflow needs;

(11) entering into contracts with persons to pay for feasibility studies or the preparation of plans and specifications relating to water conservation efforts or to estimate the amount of water that would be saved through conservation efforts; and

(12) other actions to facilitate water transactions.

(b) The board may adopt rules necessary for implementation of the Texas Water Bank.

(c) The board may contract with any person to achieve the purposes of this subchapter.

Added by Acts 1993, 73rd Leg., ch. 647, Sec. 1, eff. Aug. 30, 1993. Amended by Acts 1997, 75th Leg., ch. 1010, Sec. 2.15, eff. Sept. 1, 1997; Acts 1999, 76th Leg., ch. 61, Sec. 1, eff. May 10, 1999.

Sec. 15.7031. TEXAS WATER TRUST. (a) The Texas Water Trust is established within the water bank to hold water rights dedicated to environmental needs, including instream flows, water quality, fish and wildlife habitat, or bay and estuary inflows.

(b) The board, in consultation with the Parks and Wildlife Department and the commission, shall adopt rules governing the

process for holding and transferring water rights.

(c) The dedication of any water rights placed in trust must be reviewed and approved by the commission, in consultation with the board and the Parks and Wildlife Department. In addition, the Department of Agriculture may provide input to the commission, as appropriate, during the review and approval process for dedication of water rights.

(d) Water rights may be held in the trust for a term specified by contractual agreement or in perpetuity.

Added by Acts 1997, 75th Leg., ch. 1010, Sec. 2.16, eff. Sept. 1, 1997. Amended by Acts 1999, 76th Leg., ch. 456, Sec. 2, eff. June 18, 1999; Acts 1999, 76th Leg., ch. 979, Sec. 2, eff. June 18, 1999.

Sec. 15.704. TRANSFERS AND CONDITIONS. (a) A water right may be deposited in the water bank for an initial term of up to 10 years, unless otherwise held in the Texas Water Trust as established under Section 15.7031 of this code, during which time the water right is exempt from cancellation by the commission under the terms of Subchapter E of Chapter 11 of this code. A water right is exempt from cancellation under this subsection only once even if it has been transferred or redeposited.

(b) The commission may not bring a cancellation action under Subchapter E of Chapter 11 of this code for a 10-year period following commission approval of any necessary actions relating to a water right which has been transferred while on deposit in the water bank.

(c) A contract or option contract to allow use of a water right under this subchapter:

(1) may include a requirement that the purchaser show diligence in pursuing feasible and practicable alternative water supplies; and

(2) does not vest any right in the purchaser beyond the stated terms and conditions of the contract or option contract.

Added by Acts 1993, 73rd Leg., ch. 647, Sec. 1, eff. Aug. 30, 1993. Amended by Acts 1997, 75th Leg., ch. 1010, Sec. 2.17, eff. Sept. 1, 1997.

Sec. 15.705. FEES. (a) The board may charge a transaction fee per transfer not to exceed one percent of the value of the water or water right received into or transferred from the water bank to cover expenses of the board in operating the water bank.

(b) The board shall place the fees in the water bank account of the water assistance fund where they shall be separately accounted for and used, with interest, only for the administration and operation of the water bank by the board.

Added by Acts 1993, 73rd Leg., ch. 647, Sec. 1, eff. Aug. 30, 1993.  
Amended by Acts 1999, 76th Leg., ch. 61, Sec. 2, eff. May 10, 1999.

Sec. 15.706. REPORTS. The commission and the board shall provide ready access by the other agency through manual or computer capabilities to all water rights permits, final water rights decisions, applications, amendments, contracts, computerized files, computer programs, and other information related to water rights and to the operation of the water bank. The commission shall provide the board with all notices of proposed water rights actions.

Added by Acts 1993, 73rd Leg., ch. 647, Sec. 1, eff. Aug. 30, 1993.

Sec. 15.707. WATER BANK ACCOUNT. (a) The water bank account is created as a special account in the water assistance fund and is composed of:

- (1) money appropriated to the board for the program;
- (2) fees collected by the board under this subchapter;
- (3) money transferred to the account from the water assistance fund in Section 15.011(c) of this code;
- (4) grants, contracts, gifts, or other such funds that the board may receive relating to this subchapter;
- (5) money received from the transfer of water or water rights held in the board's name in the bank; and
- (6) interest earned on the investment of money in the account.

(b) The money in the account may be used only for the administration and operation of the water bank by the board under this subchapter.

Added by Acts 1993, 73rd Leg., ch. 647, Sec. 1, eff. Aug. 30, 1993.  
Amended by Acts 1999, 76th Leg., ch. 61, Sec. 3, eff. May 10, 1999.

Sec. 15.708. OTHER TRANSFERS. Nothing in this subchapter shall prevent the sale or purchase of water or water rights by or through persons or entities outside of the water bank or the creation and operation of water banks by other persons to the extent allowed by law.

Added by Acts 1993, 73rd Leg., ch. 647, Sec. 1, eff. Aug. 30, 1993.

#### **SUBCHAPTER L. PLUMBING IMPROVEMENT LOANS**

Sec. 15.731. DEFINITIONS. In this subchapter:

- (1) "Fund" means the plumbing loan fund.
- (2) "Plumbing assistance loan" means a loan provided by the board to a political subdivision for the political subdivision's plumbing improvement loan program.
- (3) "Plumbing improvement loan" means a loan provided by a political subdivision to an individual under this subchapter.
- (4) "Political subdivision" means a county, a municipality, a nonprofit member-owned, member-controlled water supply corporation organized and operating under Chapter 67, or a district or authority created and operating under Article III, Section 52, or Article XVI, Section 59, of the Texas Constitution.
- (5) "Water conservation" has the meaning assigned by Section 17.921 of this code.

Added by Acts 1991, 72nd Leg., ch. 294, Sec. 6, eff. June 7, 1991.  
Amended by Acts 1999, 76th Leg., ch. 62, Sec. 18.57, eff. Sept. 1, 1999.

Sec. 15.732. PLUMBING LOAN FUND. (a) The plumbing loan fund is created.

(b) The fund is held separately from other funds outside the state treasury. The board shall keep and maintain the fund and any accounts established in the fund.

(c) At the direction of the board, the fund or accounts in the fund may be kept and held in escrow and in trust by the comptroller

for and on behalf of the board. If the fund or accounts in the fund are held in escrow and in trust by the comptroller, the fund or accounts may be used only as provided by this subchapter and, pending their use, shall be invested in authorized investments as provided by any order, resolution, or rule of the board.

(d) Legal title to money and investments in the fund is in the board unless or until paid out as provided by this subchapter or rules of the board.

(e) The comptroller, as custodian, shall administer the funds strictly and solely as provided by this subchapter and in the orders, resolutions, and rules of the board, and the state shall take no action with respect to the fund other than that specified in this subchapter, an agreement made with the Environmental Protection Agency or another federal agency, applicable federal requirements, and the rules of the board.

Added by Acts 1991, 72nd Leg., ch. 294, Sec. 6, eff. June 7, 1991.  
Amended by Acts 1997, 75th Leg., ch. 1423, Sec. 20.04, eff. Sept. 1, 1997.

Sec. 15.733. ADMINISTRATION AND OPERATION OF FUND. (a) The board shall administer the fund in accordance with state law, rules of the board, and any federal requirements imposed because of a grant of money to the fund by an agency of the federal government.

(b) The board may execute agreements with the Environmental Protection Agency or any other federal agency to establish and administer the fund and may discharge the duties and responsibilities required for the administration of the fund.

(c) The fund consists of money derived from federal grants, from earnings on the investment of money credited to the fund, and, at the board's discretion, from any other available source.

(d) The board shall deposit money received for repayment of a plumbing assistance loan made to a political subdivision in the fund.

(e) At the direction of the governor, any money in the fund may be transferred to the state water pollution control revolving fund under Subchapter J of this chapter.

(f) The fund remains available in perpetuity for providing loans under this subchapter, except to the extent that the fund may be reduced or eliminated as provided by this subchapter.

Added by Acts 1991, 72nd Leg., ch. 294, Sec. 6, eff. June 7, 1991.

Sec. 15.734. USE OF FUND. The board may use money in the fund, unless prohibited by an agreement made with a federal agency under this subchapter, to:

- (1) make a plumbing assistance loan;
- (2) administer the fund; and
- (3) grant or lend money to a political subdivision to defray the political subdivision's expenses incurred in administering a plumbing improvement loan program.

Added by Acts 1991, 72nd Leg., ch. 294, Sec. 6, eff. June 7, 1991.

Sec. 15.735. APPLICATION SUBMISSION AND APPROVAL. (a) A political subdivision located in the county of Brewster, Cameron, El Paso, Hidalgo, Hudspeth, Maverick, Presidio, Starr, Terrell, Val Verde, Webb, or Zapata in which residences do not have water or wastewater facilities that meet minimum standards established by the commission or in any other area designated by federal law to benefit from the fund may submit to the board an application for a plumbing assistance loan in accordance with rules adopted by the board. The application must include:

- (1) the legal name of the political subdivision and a citation to the law under which it operates and was created;
- (2) a description of the water conservation methods to be used in the provision of water and wastewater service in the area the political subdivision proposes to affect by its plumbing improvement loan program;
- (3) a map showing the location of the area the political subdivision proposes to affect by its plumbing improvement loan program;
- (4) a description of the subdivision's proposed plumbing improvement loan program; and
- (5) other information as required by board rule.

(b) The board may approve a plumbing assistance loan to a political subdivision only if the political subdivision is in a county that has adopted the model rules developed under Section 16.343 of this code. The board may approve a plumbing assistance

loan to a municipality only if the municipality has adopted the model rules developed under Section 16.343 of this code.

(c) The board may approve a plumbing assistance loan to a political subdivision only if the political subdivision is, or is in an area within the jurisdiction of, an authorized agent of the commission under Subchapter C, Chapter 366, Health and Safety Code.

(d) The board may not approve an application for a plumbing assistance loan to a political subdivision unless the board finds that the political subdivision is financially capable of managing a plumbing improvement loan program and that the public interest will be served by the plumbing assistance loan.

(e) The board shall set interest rates to be charged to political subdivisions on plumbing assistance loans.

Added by Acts 1991, 72nd Leg., ch. 294, Sec. 6, eff. June 7, 1991.  
Amended by Acts 1995, 74th Leg., ch. 76, Sec. 11.287, eff. Sept. 1, 1995.

Sec. 15.736. POLITICAL SUBDIVISION PLUMBING IMPROVEMENT LOAN PROGRAM ADMINISTRATION; PLUMBING ASSISTANCE LOAN REPAYMENT. (a) A political subdivision that receives a plumbing assistance loan shall establish and administer a program to make plumbing improvement loans to individuals at an interest rate lower than the current market rate, including charging no interest.

(b) A political subdivision may use the proceeds from a plumbing assistance loan to make a plumbing improvement loan to be used to pay:

(1) costs to connect a residence to a water distribution system;

(2) costs to provide yard service connections;

(3) costs to provide a residence with indoor plumbing facilities and fixtures;

(4) costs of connecting a residence to a sewer collection system or of providing a residence with a suitable on-site wastewater disposal system for the residence to meet applicable county or municipal code requirements;

(5) costs of building improvements or correction of building deficiencies necessary to allow plumbing to be installed in a residence;

(6) necessary connection fees and permit fees; or  
 (7) necessary costs of design related to plumbing improvements.

(c) The political subdivision shall repay its plumbing assistance loan from the money it receives as repayment of plumbing improvement loans it has made. To the extent the political subdivision is unable to collect the payments on its plumbing improvement loans made from the proceeds of a plumbing assistance loan, the political subdivision is not obligated to repay a plumbing assistance loan.

(d) A political subdivision shall use all reasonable means to collect payments on plumbing improvement loans. The board may bring a mandamus action in a district court in Travis County or may use any other legal means to compel a political subdivision to take action to collect plumbing improvement loan payments.

Added by Acts 1991, 72nd Leg., ch. 294, Sec. 6, eff. June 7, 1991.

Sec. 15.737. RULES. The board may adopt rules necessary to carry out this subchapter.

Added by Acts 1991, 72nd Leg., ch. 294, Sec. 6, eff. June 7, 1991.

#### **SUBCHAPTER M. HYDROGRAPHIC SURVEY PROGRAM**

Sec. 15.801. DEFINITIONS. In this subchapter:

(1) "Account" means the hydrographic survey account established under Section 15.802 of this code.

(2) "Program" means the hydrographic survey program established under this subchapter.

(3) "Survey" means a hydrographic survey performed by the board under Section 15.804 of this code.

Added by Acts 1991, 72nd Leg., 1st C.S., ch. 3, Sec. 1.062, eff. Aug. 12, 1991.

Sec. 15.802. HYDROGRAPHIC SURVEY ACCOUNT. The hydrographic survey account is created as a special account in the water assistance fund and is composed of:

- (1) money appropriated to the board for the program;
- (2) fees collected by the board under this subchapter;
- (3) money transferred to the account from the water assistance fund under Section 15.011(b) of this code; and
- (4) interest earned on the investment of money in the account.

Added by Acts 1991, 72nd Leg., 1st C.S., ch. 3, Sec. 1.062, eff. Aug. 12, 1991.

Sec. 15.803. USE OF ACCOUNT. Money in the account may be used only to pay the costs of surveys, the costs of insurance for watercraft and capital equipment, and the costs of capital equipment and personnel necessary to administer the program.

Added by Acts 1991, 72nd Leg., 1st C.S., ch. 3, Sec. 1.062, eff. Aug. 12, 1991. Amended by Acts 1993, 73rd Leg., ch. 477, Sec. 7, eff. Aug. 30, 1993.

Sec. 15.804. HYDROGRAPHIC SURVEYS. (a) On the request of a political subdivision or agency of this state or a neighboring state or a federal agency, the board may perform a hydrographic survey in this state or outside of this state if the information collected will benefit this state. The board may perform a survey under this section:

- (1) to determine:
  - (A) reservoir storage capacity;
  - (B) sedimentation levels;
  - (C) rates of sedimentation;
  - (D) projected water supply availability; or
  - (E) potential mitigative measures;
- (2) to conduct other bathymetric studies; or
- (3) to collect information relating to water-bearing formations.

(b) The board by rule shall prescribe fees for surveys performed under this section in an amount adequate to pay the necessary and reasonable costs of the program.

Added by Acts 1991, 72nd Leg., 1st C.S., ch. 3, Sec. 1.062, eff. Aug.

12, 1991. Amended by Acts 2001, 77th Leg., ch. 1234, Sec. 21, eff. Sept. 1, 2001.

Sec. 15.805. RULES. The board may adopt any rules reasonably necessary to administer the program.

Added by Acts 1991, 72nd Leg., 1st C.S., ch. 3, Sec. 1.062, eff. Aug. 12, 1991.

#### **SUBCHAPTER N. AQUATIC VEGETATION MANAGEMENT FUND**

Sec. 15.851. DEFINITIONS. In this subchapter:

(1) "Approved local plan" means a local plan authorized by Section 11.083, Parks and Wildlife Code, that has been approved by the Parks and Wildlife Commission, the Texas Natural Resource Conservation Commission, and the Department of Agriculture as required by Section 11.083, Parks and Wildlife Code.

(2) Notwithstanding Section 15.001, "fund" means the aquatic vegetation management fund established under this subchapter.

(3) Notwithstanding Section 15.001, "political subdivision" means a municipality, a county, a water district, or a state agency.

(4) "Water district" means a conservation and reclamation district or an authority created under authority of Section 52(b)(1) or (2), Article III, or Section 59, Article XVI, Texas Constitution, that has jurisdiction over a public body of surface water. The term does not include a navigation district or a port authority.

Added by Acts 1999, 76th Leg., ch. 1461, Sec. 2, eff. Sept. 1, 1999.

Sec. 15.852. CREATION OF FUND. (a) The aquatic vegetation management fund is a special account in the water assistance fund.

(b) The fund consists of:

(1) money appropriated to the board for the program established under this subchapter and Subchapter G, Chapter 11, Parks and Wildlife Code;

(2) money transferred by the board from other accounts in the water assistance fund under Section 15.011(b); and

(3) interest earned on the investment of money in the fund.

Added by Acts 1999, 76th Leg., ch. 1461, Sec. 2, eff. Sept. 1, 1999.

Sec. 15.853. USE OF FUND. (a) Money in the fund may be used only for the following purposes, in the following order of priority:

(1) grants to the Parks and Wildlife Department:

(A) to develop a state aquatic vegetation management plan in coordination with the Texas Natural Resource Conservation Commission, the Department of Agriculture, water districts and other political subdivisions with jurisdiction over public bodies of surface water, and public drinking water providers, as required by Section 11.082, Parks and Wildlife Code; or

(B) for research, outreach, and educational activities that relate to vegetation control;

(2) grants to political subdivisions to develop local aquatic vegetation management plans that conform to the state aquatic vegetation management plan, as authorized by Section 11.083, Parks and Wildlife Code; and

(3) grants to political subdivisions to manage aquatic vegetation infestations under the state plan or the approved local plan adopted by the political subdivision.

(b) The amount of funding for the purposes authorized by Subsection (a) may not exceed amounts equal to the following percentages of any biennial appropriation to the board for use under this subchapter:

(1) 30 percent, for purposes authorized by Subsection (a)(1); and

(2) 70 percent, for purposes authorized by Subsections (a)(2) and (3), of which not more than 35 percent may be used for purposes authorized by Subsection (a)(3) using chemical treatments.

Added by Acts 1999, 76th Leg., ch. 1461, Sec. 2, eff. Sept. 1, 1999.

Sec. 15.854. RULES. The board shall adopt rules necessary to administer this subchapter, including rules establishing procedures for application for and award of grants, distribution of grants, and administration of grants and the grant program established under this subchapter.

Added by Acts 1999, 76th Leg., ch. 1461, Sec. 2, eff. Sept. 1, 1999.

**SUBCHAPTER O. PROGRAM FOR WATER AND WASTEWATER FINANCIAL  
ASSISTANCE FOR DISADVANTAGED RURAL COMMUNITIES**

Sec. 15.901. DEFINITIONS. In this subchapter:

(1) "Fund" means the disadvantaged rural community water and wastewater financial assistance fund.

(2) Repealed by Acts 2005, 79th Leg., Ch. 1151, Sec. 17(1), eff. June 18, 2005.

(3) "Rural community" means:

(A) a municipality or county with a population of less than 5,000;

(B) any portion of a political subdivision with a service population of less than 5,000 that is located outside the boundaries or extraterritorial jurisdiction of a municipality; or

(C) a predominately residential area with a population of less than 5,000 that is located outside the corporate boundaries of a municipality.

(4) "Disadvantaged rural community" means a rural community with a median household income that is not greater than 75 percent of the median state household income for the most recent year for which the applicable statistics are available.

Added by Acts 2001, 77th Leg., ch. 1234, Sec. 22, eff. Sept. 1, 2001.

Amended by:

Acts 2005, 79th Leg., Ch. 1151 (H.B. [3029](#)), Sec. 2, eff. June 18, 2005.

Acts 2005, 79th Leg., Ch. 1151 (H.B. [3029](#)), Sec. 17(1), eff. June 18, 2005.

Sec. 15.902. DISADVANTAGED RURAL COMMUNITY WATER AND WASTEWATER FINANCIAL ASSISTANCE FUND. (a) The disadvantaged rural community water and wastewater financial assistance fund is an account in the water assistance fund.

(b) The fund consists of:

(1) money transferred to the fund from the water assistance fund under Section 15.011(b);

(2) proceeds from the sale of political subdivision bonds by the board to the Texas Water Resources Finance Authority as

provided by Section 17.0871; and

(3) repayments of loans made from the fund.

Added by Acts 2001, 77th Leg., ch. 1234, Sec. 22, eff. Sept. 1, 2001.

Amended by:

Acts 2005, 79th Leg., Ch. 1151 (H.B. 3029), Sec. 3, eff. June 18, 2005.

Acts 2005, 79th Leg., Ch. 1151 (H.B. 3029), Sec. 4, eff. June 18, 2005.

Sec. 15.903. FINANCIAL ASSISTANCE. (a) The fund may be used by the board to provide grants or loans of financial assistance to political subdivisions or water supply corporations for the construction, acquisition, or improvement of water and wastewater projects to provide service to disadvantaged rural communities.

(b) The board may make financial assistance available to a political subdivision or water supply corporation by entering into a grant agreement or a loan agreement and promissory note with the subdivision or corporation, as provided by this subchapter. A political subdivision or water supply corporation may apply for and accept the financial assistance.

(c) The loan agreement must provide for the payment of principal and interest on the debt incurred for the project at a rate to be determined by the board.

(d) The loan agreement must provide for the issuance of a promissory note payable to the board to evidence the obligation of the political subdivision or water supply corporation to repay the loan made in accordance with the terms of the loan agreement.

(e) Repealed by Acts 2005, 79th Leg., Ch. 1151, Sec. 17(2), eff. June 18, 2005.

Added by Acts 2001, 77th Leg., ch. 1234, Sec. 22, eff. Sept. 1, 2001.

Amended by Acts 2003, 78th Leg., ch. 608, Sec. 2, eff. June 20, 2003.

Amended by:

Acts 2005, 79th Leg., Ch. 1151 (H.B. 3029), Sec. 5, eff. June 18, 2005.

Acts 2005, 79th Leg., Ch. 1151 (H.B. 3029), Sec. 17(2), eff. June 18, 2005.

Sec. 15.904. USE OF SALES TAX AS LOAN SECURITY. (a) A political subdivision or water supply corporation may pledge a percentage of its revenue to the payment of debt incurred under a loan agreement entered into with the board under this subchapter. A municipality or county may pledge a percentage of the sales and use tax revenue received under Chapter 321 or 323, Tax Code, as applicable, to the payment of debt incurred under a loan agreement entered into with the board under this subchapter if a majority of the voters voting at an election called and held for that purpose authorize the municipality or county to pledge a portion of that revenue for that purpose.

(b) Sections 321.506, 321.507, and 323.505, Tax Code, do not apply to taxes pledged under this subchapter.

Added by Acts 2001, 77th Leg., ch. 1234, Sec. 22, eff. Sept. 1, 2001.  
Amended by:

Acts 2005, 79th Leg., Ch. 1151 (H.B. 3029), Sec. 6, eff. June 18, 2005.

Sec. 15.905. REVIEW AND APPROVAL OF LOAN AGREEMENT BY ATTORNEY GENERAL. (a) Before a loan agreement may become effective, a record of the proceedings of the board and the political subdivision or water supply corporation authorizing the execution of the loan agreement, the loan agreement, the promissory note, and any contract providing revenue or security to pay the promissory note must be submitted to the attorney general for review and approval.

(b) If the attorney general finds that the loan agreement and the promissory note are valid and binding obligations of the political subdivision or water supply corporation, the attorney general shall approve the documents and deliver them to the comptroller, the board, and the subdivision or corporation, together with a copy of the attorney general's legal opinion stating that approval.

Added by Acts 2001, 77th Leg., ch. 1234, Sec. 22, eff. Sept. 1, 2001.  
Amended by:

Acts 2005, 79th Leg., Ch. 1151 (H.B. 3029), Sec. 7, eff. June 18, 2005.

Sec. 15.906. REGISTRATION. On receipt of the documents required by Section 15.905(b), the comptroller shall register the record of the proceedings relating to the execution of a loan agreement.

Added by Acts 2001, 77th Leg., ch. 1234, Sec. 22, eff. Sept. 1, 2001.

Sec. 15.907. VALIDITY AND INCONTESTABILITY. On approval by the attorney general and registration by the comptroller, the loan agreement, the promissory note, a contract providing revenue or security, and any other obligation evidencing the debt are incontestable in a court and are valid, binding, and enforceable according to their terms.

Added by Acts 2001, 77th Leg., ch. 1234, Sec. 22, eff. Sept. 1, 2001.

Sec. 15.909. RULES. The board shall adopt necessary rules to administer this subchapter, including rules establishing procedures for application for and award of loans or grants.

Added by Acts 2001, 77th Leg., ch. 1234, Sec. 22, eff. Sept. 1, 2001.

Amended by:

Acts 2005, 79th Leg., Ch. 1151 (H.B. [3029](#)), Sec. 8, eff. June 18, 2005.

Sec. 15.910. APPLICATION FOR ASSISTANCE. (a) In an application to the board for financial assistance from the fund, a political subdivision or water supply corporation must include:

- (1) its name and its principal officers;
- (2) a citation of the law under which the subdivision or corporation operates and was created;
- (3) a description of the water or wastewater project for which the financial assistance will be used;
- (4) the total cost of the project;
- (5) the amount of state financial assistance requested;
- (6) the plan for repaying any loan provided by the board for the project; and
- (7) any other information the board requires in order to

perform its duties and to protect the public interest.

(b) The board may not accept an application for a loan or grant of financial assistance from the fund unless it is submitted in affidavit form by the officials of the political subdivision or water supply corporation. The board shall prescribe the affidavit form in its rules.

(c) If a political subdivision or water supply corporation has a program of water conservation, the subdivision or corporation shall state in the application that the subdivision or corporation has such a program.

(d) In an application to the board for financial assistance from the fund, a political subdivision or water supply corporation shall include household surveys for the disadvantaged rural community to be served by the project that are acceptable to the board and contain information adequate to establish:

- (1) the median household income of the disadvantaged rural community; and
- (2) the level of community support for the project.

Added by Acts 2001, 77th Leg., ch. 1234, Sec. 22, eff. Sept. 1, 2001.  
Amended by:

Acts 2005, 79th Leg., Ch. 1151 (H.B. [3029](#)), Sec. 9, eff. June 18, 2005.

Sec. 15.911. FINDINGS REGARDING PERMITS. (a) The board may not release funds for the construction phase of that portion of a project that proposes surface water or groundwater development until the executive administrator makes a written finding:

- (1) that the political subdivision or water supply corporation proposing surface water development has the necessary water right authorizing it to appropriate and use the water that the project will provide; or
- (2) that the subdivision or corporation proposing groundwater development has the right to use water that the project will provide.

(b) If the political subdivision or water supply corporation includes a proposal for a wastewater treatment project, the board may not release funds for the project construction until the subdivision or corporation has received a permit for the construction and

operation of the project and approval of the plans and specifications for the project in a manner that will satisfy commission requirements for design criteria and permit conditions that apply to construction activities.

Added by Acts 2001, 77th Leg., ch. 1234, Sec. 22, eff. Sept. 1, 2001.  
Amended by:

Acts 2005, 79th Leg., Ch. 1151 (H.B. 3029), Sec. 10, eff. June 18, 2005.

Sec. 15.912. CONSIDERATIONS IN ACTING ON APPLICATION. (a) In acting on an application for financial assistance, the board shall consider:

(1) the needs of the area to be served by the project and the benefit of the project to the area in relation to the needs of other areas requiring state assistance in any manner and the benefits of those projects to the other areas;

(2) the availability of revenue to the political subdivision or water supply corporation from all sources for any necessary repayment of the cost of the project, including all interest;

(3) the relationship of the project to overall statewide needs; and

(4) any other factors that the board considers relevant.

(b) The board may not accept an application for a loan or grant of financial assistance from the fund for a project recommended through the state and regional water planning processes under Sections 16.051 and 16.053 if the applicant has failed to satisfactorily complete a request by the executive administrator or a regional planning group for information relevant to the project, including a water infrastructure financing survey under Section 16.053(q).

Added by Acts 2001, 77th Leg., ch. 1234, Sec. 22, eff. Sept. 1, 2001.  
Amended by:

Acts 2005, 79th Leg., Ch. 1151 (H.B. 3029), Sec. 11, eff. June 18, 2005.

Acts 2011, 82nd Leg., R.S., Ch. 891 (S.B. 370), Sec. 2, eff. June 17, 2011.

Acts 2011, 82nd Leg., R.S., Ch. 983 (H.B. 1732), Sec. 2, eff.

September 1, 2011.

Sec. 15.913. APPROVAL OF APPLICATION. The board by resolution may approve an application for a loan or grant if, after considering the factors listed in Section 15.912 and any other relevant factors, the board finds that:

(1) the public interest requires state participation in the project; and

(2) the revenue or taxes pledged by the political subdivision or water supply corporation will be sufficient to meet all the obligations assumed by the subdivision or corporation during the period of any loan provided by the board.

Added by Acts 2001, 77th Leg., ch. 1234, Sec. 22, eff. Sept. 1, 2001.  
Amended by:

Acts 2005, 79th Leg., Ch. 1151 (H.B. 3029), Sec. 12, eff. June 18, 2005.

Sec. 15.914. CONSTRUCTION CONTRACT REQUIREMENTS. A political subdivision or water supply corporation receiving financial assistance under this subchapter shall require in all contracts for the construction of a project that:

(1) each bidder furnish a bid guarantee equivalent to five percent of the bid price;

(2) each contractor awarded a construction contract furnish performance and payment bonds as follows:

(A) the performance bond must include guarantees that work done under the contract will be completed and performed according to approved plans and specifications and in accordance with sound construction principles and practices; and

(B) the performance and payment bonds must be in a penal sum of not less than 100 percent of the contract price and remain in effect for one year after the date of approval by the engineer of the subdivision or corporation;

(3) payment be made in partial payments as the work progresses;

(4) each partial payment not exceed 95 percent of the amount due at the time of the payment as shown by the engineer of the

project, but, if the project is substantially complete, a partial release of the five percent retainage may be made by the subdivision or corporation with approval of the executive administrator;

(5) payment of the retainage remaining due on completion of the contract be made only after:

(A) approval by the engineer for the subdivision or corporation as required under the bond proceedings;

(B) approval by the subdivision or corporation by a resolution or other formal action; and

(C) certification by the executive administrator in accordance with the rules of the board that the work to be done under the contract has been completed and performed in a satisfactory manner and in accordance with sound engineering principles and practices;

(6) no valid approval be granted unless the work done under the contract has been completed and performed in a satisfactory manner according to approved plans and specifications; and

(7) labor from inside the disadvantaged rural community be used to the extent possible.

Added by Acts 2001, 77th Leg., ch. 1234, Sec. 22, eff. Sept. 1, 2001.  
Amended by:

Acts 2005, 79th Leg., Ch. 1151 (H.B. 3029), Sec. 13, eff. June 18, 2005.

Sec. 15.915. FILING CONSTRUCTION CONTRACT. The political subdivision or water supply corporation shall file with the board a certified copy of each construction contract it enters into for the construction of all or part of a project. Each contract must contain or have attached to it the specifications, plans, and details of all work included in the contract.

Added by Acts 2001, 77th Leg., ch. 1234, Sec. 22, eff. Sept. 1, 2001.  
Amended by:

Acts 2005, 79th Leg., Ch. 1151 (H.B. 3029), Sec. 14, eff. June 18, 2005.

Sec. 15.916. INSPECTION OF PROJECTS. (a) The board may inspect the construction of a project at any time to assure that:

(1) the contractor is substantially complying with the approved engineering plans of the project; and

(2) the contractor is constructing the project in accordance with sound engineering principles.

(b) Inspection of a project by the board does not subject the state to any civil liability.

Added by Acts 2001, 77th Leg., ch. 1234, Sec. 22, eff. Sept. 1, 2001.

Sec. 15.917. ALTERATION OF PLANS. After the executive administrator approves the engineering plans, a political subdivision or water supply corporation may not make any substantial or material alteration in the plans unless the executive administrator authorizes the alteration. The executive administrator shall review and approve or disapprove plans and specifications for all sewage collection, treatment, and disposal systems for which financial assistance is provided from the fund in a manner that will satisfy commission requirements for design criteria and permit conditions that apply to construction activities.

Added by Acts 2001, 77th Leg., ch. 1234, Sec. 22, eff. Sept. 1, 2001.

Amended by:

Acts 2005, 79th Leg., Ch. 1151 (H.B. 3029), Sec. 15, eff. June 18, 2005.

Sec. 15.918. CERTIFICATE OF APPROVAL. The executive administrator may consider the following as grounds for refusal to give a certificate of approval for any construction contract:

(1) failure to construct the project according to the approved plans;

(2) failure to construct the works in accordance with sound engineering principles; or

(3) failure to comply with any term of the contract.

Added by Acts 2001, 77th Leg., ch. 1234, Sec. 22, eff. Sept. 1, 2001.

Sec. 15.920. AUTHORITY OF POLITICAL SUBDIVISIONS OR WATER SUPPLY CORPORATIONS. Political subdivisions or water supply

corporations that receive financial assistance from the fund are granted all necessary authority to enter into grant agreements or loan agreements and issue promissory notes in connection with the financial assistance granted under this subchapter.

Added by Acts 2001, 77th Leg., ch. 1234, Sec. 22, eff. Sept. 1, 2001.  
Amended by:

Acts 2005, 79th Leg., Ch. 1151 (H.B. 3029), Sec. 16, eff. June 18, 2005.

#### **SUBCHAPTER P. COLONIA SELF-HELP PROGRAM**

Sec. 15.951. DEFINITIONS. In this subchapter:

(1) "Account" means the colonia self-help account.

(2) "Colonia" means a geographic area that:

(A) is an economically distressed area as defined by Section 17.921;

(B) is located in a county any part of which is within 50 miles of an international border; and

(C) consists of at least 11 dwellings, or of at least a lower number of dwellings as specified by the board for which the board determines that a self-help project will be cost-effective, that are located in close proximity to each other in an area that may be described as a community or neighborhood.

(2-a) "Nonprofit organization" means an organization qualifying for an exemption from federal income taxes under Section 501(c)(3), Internal Revenue Code of 1986.

(2-b) "Political subdivision" has the meaning assigned by Section 17.921.

(3) "Program" means the colonia self-help program established under this subchapter.

(4) "Retail public utility" has the meaning assigned by Section 13.002.

(5) "Self-help project" means a project in which the people who will benefit from the project actively participate.

Added by Acts 2001, 77th Leg., ch. 1234, Sec. 23, eff. Sept. 1, 2001.  
Amended by:

Acts 2007, 80th Leg., R.S., Ch. 341 (S.B. 99), Sec. 15, eff. June 15, 2007.

Acts 2009, 81st Leg., R.S., Ch. 60 (S.B. 1371), Sec. 1, eff.

September 1, 2009.

Sec. 15.952. CREATION OF ACCOUNT. (a) The colonia self-help account is an account in the water assistance fund that may be used by the board only for the purposes of this subchapter.

(b) The account consists of:

(1) money transferred by the legislature directly to the account;

(2) money transferred at the board's discretion from the fund; and

(3) gifts, grants, or donations to the account.

(c) Sections 403.095 and 404.071, Government Code, do not apply to the account.

Added by Acts 2001, 77th Leg., ch. 1234, Sec. 23, eff. Sept. 1, 2001.  
Amended by Acts 2003, 78th Leg., ch. 608, Sec. 6, eff. June 20, 2003.

Sec. 15.953. USE OF ACCOUNT. (a) The board may use funds in the account to reimburse a political subdivision or a nonprofit organization for eligible expenses incurred in a self-help project that results in the provision of adequate water or wastewater services to a colonia. Eligible expenses under this subsection include:

(1) construction expenses;

(2) facility planning expenses;

(3) platting expenses;

(4) surveying expenses;

(5) engineering expenses;

(6) equipment expenses; and

(7) other expenses necessary to provide water or wastewater services to the colonia, as determined appropriate by the board.

(b) The board may award a grant under the program directly to a political subdivision or nonprofit organization to reimburse the subdivision or organization for expenses incurred in a self-help project described by Subsection (a). If the board determines that a retail public utility described by Section 15.955(8) has made a commitment to the self-help project sufficient to ensure that retail water or wastewater service will be extended to the colonia, the

board may make an advance of grant funds. An advance under this subsection is subject to the terms determined by the board and may not exceed 10 percent of the total amount of the grant.

Added by Acts 2001, 77th Leg., ch. 1234, Sec. 23, eff. Sept. 1, 2001.  
Amended by:

Acts 2009, 81st Leg., R.S., Ch. 60 (S.B. 1371), Sec. 2, eff. September 1, 2009.

Sec. 15.954. ELIGIBLE POLITICAL SUBDIVISIONS AND NONPROFIT ORGANIZATIONS. To be eligible to receive a grant under the program, a political subdivision or a nonprofit organization must:

(1) demonstrate work experience relevant to extending retail water or wastewater utility service to colonias in coordination with retail public utilities; and

(2) develop a plan that requires self-help project beneficiaries to actively participate in the implementation of the project, in coordination with a retail public utility described by Section 15.955(8).

Added by Acts 2001, 77th Leg., ch. 1234, Sec. 23, eff. Sept. 1, 2001.  
Amended by:

Acts 2009, 81st Leg., R.S., Ch. 60 (S.B. 1371), Sec. 3, eff. September 1, 2009.

Sec. 15.955. GRANT APPLICATION. An eligible political subdivision or nonprofit organization must apply to the board for a grant under the program before incurring any expense associated with a self-help project described by Section 15.953(a). The application must include:

(1) the name of the political subdivision or nonprofit organization, the names of the political subdivision's authorized representative or the nonprofit organization's principal officers, and verification of the nonprofit organization's 501(c)(3) status;

(2) a description of the project area, the anticipated number of water and wastewater connections to be made, and the anticipated number of colonia residents to be served;

(3) a description of the existing water and wastewater facilities in the colonia;

(4) a description of the project and the aspect of the project for which the grant will be used;

(5) a description of the anticipated participation in the project by residents of the colonia;

(6) the estimated total cost of both the project and the aspect of the project for which the grant will be used;

(7) the amount of the grant that is requested from the account and the sources of funding for the entire project;

(8) from a retail public utility authorized to provide water or wastewater services to the colonia, a resolution in which the retail public utility:

(A) agrees to inspect the project during and after construction to ensure the adequacy of the project; and

(B) commits to provide the water or wastewater services that the project intends to use; and

(9) any other information required by the board.

Added by Acts 2001, 77th Leg., ch. 1234, Sec. 23, eff. Sept. 1, 2001.

Amended by:

Acts 2009, 81st Leg., R.S., Ch. 60 (S.B. [1371](#)), Sec. 4, eff. September 1, 2009.

Sec. 15.956. BOARD CONSIDERATIONS IN EVALUATING GRANT APPLICATION. In evaluating an application for a grant under the program, the board shall consider:

(1) the number of colonia residents to be served by the self-help project;

(2) the capability of the political subdivision or nonprofit organization to complete the self-help project in a timely manner;

(3) the quality of any projects previously completed by the applicant; and

(4) the commitment demonstrated by the retail public utility to provide water or wastewater services to the colonia on completion of the project.

Added by Acts 2001, 77th Leg., ch. 1234, Sec. 23, eff. Sept. 1, 2001.

Amended by:

Acts 2009, 81st Leg., R.S., Ch. 60 (S.B. [1371](#)), Sec. 5, eff. September 1, 2009.

Sec. 15.957. ACTION ON GRANT APPLICATION. (a) Not later than the 60th day after the date the board receives a complete application for a grant under the program, the board by written resolution shall:

- (1) approve the application; or
- (2) disapprove the application.

(b) On approval of an application, the board shall authorize the executive administrator of the board to execute a contract with the applicant for a grant to reimburse eligible expenses. The contract may provide a budget, schedule, terms for payment of funds, and any other terms the board or its executive administrator considers appropriate.

Added by Acts 2001, 77th Leg., ch. 1234, Sec. 23, eff. Sept. 1, 2001.

Sec. 15.958. RULES. The board shall adopt rules necessary to administer the program established under this subchapter.

Added by Acts 2001, 77th Leg., ch. 1234, Sec. 23, eff. Sept. 1, 2001.

#### **SUBCHAPTER Q. WATER INFRASTRUCTURE FUND**

Sec. 15.971. DEFINITIONS. In this subchapter:

(1) "Eligible political subdivision" means a city, county, district, or authority created under Section 52, Article III, or Section 59, Article XVI, Texas Constitution, including a groundwater district with a groundwater management plan certified by the board under Section 36.1072, any other political subdivision of the state, any interstate compact commission to which the state is a party, and any nonprofit water supply corporation created and operating under Chapter 67.

(2) "Fund" means the water infrastructure fund.

(3) "Metropolitan statistical area" means an area so designated by the United States Office of Management and Budget.

(4) "Political subdivision bonds" means bonds or other obligations issued by a political subdivision to fund a project and purchased by the board from money in the fund.

(5) "Project" means any undertaking or work, including planning and design activities and work to obtain regulatory

authority, to conserve, mitigate, convey, and develop water resources of the state, including any undertaking or work done outside the state that the board determines will result in water being available for use in or for the benefit of the state.

Added by Acts 2001, 77th Leg., ch. 966, Sec. 4.01, eff. Sept. 1, 2001. Renumbered from Water Code Sec. 15.901 by Acts 2003, 78th Leg., ch. 1275, Sec. 2(142), eff. Sept. 1, 2003.

Amended by:

Acts 2009, 81st Leg., R.S., Ch. 574 (S.B. [2312](#)), Sec. 1, eff. September 1, 2009.

Sec. 15.972. FINDINGS. The legislature finds that:

(1) the creation of the fund and the administration of the fund by the board will encourage the conservation and development of the water resources of the state;

(2) the use of the fund is in furtherance of the public purpose of conserving and developing the water resources of the state; and

(3) the use of the fund for the purposes provided by this subchapter is for the benefit of both the state and the political subdivisions to which the board makes financial assistance available in accordance with this subchapter and constitutes a program under, and is in furtherance of the public purposes set forth in, Section 52-a, Article III, Texas Constitution.

Added by Acts 2001, 77th Leg., ch. 966, Sec. 4.01, eff. Sept. 1, 2001. Renumbered from Water Code Sec. 15.902 by Acts 2003, 78th Leg., ch. 1275, Sec. 2(142), eff. Sept. 1, 2003.

Sec. 15.973. WATER INFRASTRUCTURE FUND. (a) The water infrastructure fund is a special fund in the state treasury to be administered by the board under this subchapter and rules adopted by the board under this subchapter. Money in the fund may be used to pay for the implementation of water projects recommended through the state and regional water planning processes under Sections 16.051 and 16.053.

(b) The fund consists of:

(1) appropriations from the legislature;

- (2) any other fees or sources of revenue that the legislature may dedicate for deposit to the fund;
- (3) repayments of loans made from the fund;
- (4) interest earned on money credited to the fund;
- (5) depository interest allocable to the fund;
- (6) money from gifts, grants, or donations to the fund;
- (7) money from revenue bonds or other sources designated by the board;
- (8) proceeds from the sale of political subdivision bonds or obligations held in the fund and not otherwise pledged to the discharge, repayment, or redemption of revenue bonds or other bonds, the proceeds of which were placed in the fund; and
- (9) money disbursed to the fund from the state water implementation fund for Texas as authorized by Section 15.434.

Added by Acts 2001, 77th Leg., ch. 966, Sec. 4.01, eff. Sept. 1, 2001. Amended by Acts 2003, 78th Leg., ch. 608, Sec. 1, eff. June 20, 2003. Renumbered from Water Code Sec. 15.903 by Acts 2003, 78th Leg., ch. 1275, Sec. 2(142), eff. Sept. 1, 2003.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 207 (H.B. 4), Sec. 2.03, eff. November 5, 2013.

Sec. 15.974. USE OF WATER INFRASTRUCTURE FUND. (a) The board may use the fund:

- (1) to make loans to political subdivisions at or below market interest rates for projects;
- (2) to make grants, low-interest loans, or zero interest loans to political subdivisions for projects to serve areas outside metropolitan statistical areas in order to ensure that the projects are implemented, or for projects to serve economically distressed areas;
- (3) to make loans at or below market interest rates for planning and design costs, permitting costs, and other costs associated with state or federal regulatory activities with respect to a project;
- (4) as a source of revenue or security for the payment of principal and interest on bonds issued by the board if the proceeds of the sale of the bonds will be deposited in the fund; and

(5) to pay the necessary and reasonable expenses of the board in administering the fund.

(b) The board shall transfer back to the state water implementation fund for Texas any money disbursed to the fund as described by Section 15.973(b)(9) if the requirements of Section 15.435 are satisfied.

(c) Principal and interest payments on loans made under Subsection (a)(3) may be deferred for a maximum of 10 years or until construction of the project is completed, whichever is earlier.

Added by Acts 2001, 77th Leg., ch. 966, Sec. 4.01, eff. Sept. 1, 2001. Renumbered from Water Code Sec. 15.904 by Acts 2003, 78th Leg., ch. 1275, Sec. 2(142), eff. Sept. 1, 2003.

Amended by:

Acts 2005, 79th Leg., Ch. 302 (S.B. 509), Sec. 1, eff. June 17, 2005.

Acts 2013, 83rd Leg., R.S., Ch. 207 (H.B. 4), Sec. 2.04, eff. November 5, 2013.

Sec. 15.975. APPROVAL OF APPLICATIONS. (a) On review and recommendation by the executive administrator, the board by resolution may approve an application if the board finds that:

(1) the application and the assistance applied for meet the requirements of this subchapter and board rules;

(2) the revenue or taxes, or both the revenue and taxes, pledged by the applicant will be sufficient to meet all the obligations assumed by the political subdivision; and

(3) the project will meet water needs in a manner consistent with the state and regional water plans as required by Section 16.053(j), unless otherwise specified by an act of the legislature.

(b) For an application under this subchapter, a program of water conservation through a more effective use of water shall be required in the same manner as for approval of an application for financial assistance under Section 15.106.

(c) The board may deliver funds for the part of a loan or grant for a project relating to surface water development, other than for planning and design costs, permitting costs, and other costs associated with federal and state regulatory activities with respect

to a project, only if the executive administrator makes a written finding that the applicant:

(1) has the necessary water rights authorizing the applicant to appropriate and use the water that the project will provide, if the applicant is proposing surface water development; or

(2) has the right to use water that the project will provide, if the applicant is proposing groundwater development.

(d) The board may not approve an application if the applicant has failed to satisfactorily complete a request by the executive administrator or a regional planning group for information relevant to the project, including a water infrastructure financing survey under Section 16.053(q).

Added by Acts 2001, 77th Leg., ch. 966, Sec. 4.01, eff. Sept. 1, 2001. Renumbered from Water Code Sec. 15.905 by Acts 2003, 78th Leg., ch. 1275, Sec. 2(142), eff. Sept. 1, 2003.

Amended by:

Acts 2011, 82nd Leg., R.S., Ch. 891 (S.B. 370), Sec. 1, eff. June 17, 2011.

Acts 2011, 82nd Leg., R.S., Ch. 983 (H.B. 1732), Sec. 1, eff. September 1, 2011.

Sec. 15.9751. PRIORITY FOR WATER CONSERVATION. The board shall give priority to applications for funds for the implementation of water supply projects in the state water plan by entities that:

(1) have already demonstrated significant water conservation savings; or

(2) will achieve significant water conservation savings by implementing the proposed project for which the financial assistance is sought.

Added by Acts 2007, 80th Leg., R.S., Ch. 1430 (S.B. 3), Sec. 2.11, eff. September 1, 2007.

Sec. 15.976. APPLICABLE LAW. Subchapter E, Chapter 17, applies to financial assistance made available from the fund, except that the board may also execute contracts as necessary to evidence grant agreements.

Added by Acts 2001, 77th Leg., ch. 966, Sec. 4.01, eff. Sept. 1, 2001. Renumbered from Water Code Sec. 15.906 by Acts 2003, 78th Leg., ch. 1275, Sec. 2(142), eff. Sept. 1, 2003.

Sec. 15.977. RULES. The board shall adopt rules necessary to carry out this subchapter, including rules establishing procedures for application for and for the award of financial assistance, for the investment of funds, and for the administration of the fund.

Added by Acts 2001, 77th Leg., ch. 966, Sec. 4.01, eff. Sept. 1, 2001. Renumbered from Water Code Sec. 15.907 by Acts 2003, 78th Leg., ch. 1275, Sec. 2(142), eff. Sept. 1, 2003.

Sec. 15.978. SALE OF POLITICAL SUBDIVISION BONDS. (a) The board may sell or dispose of political subdivision bonds at the price and under the terms that the board determines to be reasonable.

(b) The board may sell political subdivision bonds without making a previous offer to the political subdivision that issued the bonds and without advertising, soliciting, or receiving bids for sale.

(c) Notwithstanding other provisions of this chapter, the board may sell to the Texas Water Resources Finance Authority or to the state water implementation revenue fund for Texas any political subdivision bonds purchased with money in the water infrastructure fund and may apply the proceeds of a sale in the manner provided by this section.

(d) Proceeds from the sale of political subdivision bonds under this section shall be deposited in the fund for use as provided by Section 15.974.

(e) As part of a sales agreement with the Texas Water Resources Finance Authority, the board by contract may agree to perform the functions required to ensure that the political subdivision pays the debt service on political subdivision bonds sold and observes the conditions and requirements stated in those bonds.

(f) The board may exercise any powers necessary to carry out the authority granted by this section, including the authority to contract with any person to accomplish the purposes of this section.

Added by Acts 2001, 77th Leg., ch. 966, Sec. 4.01, eff. Sept. 1,

2001. Renumbered from Water Code, Sec. 15.908 and amended by Acts 2003, 78th Leg., ch. 1275, Sec. 2(142), 3(42), eff. Sept. 1, 2003. Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 207 (H.B. 4), Sec. 2.05, eff. November 5, 2013.

Sec. 15.979. FUNDING FOR LOCAL ECONOMIC DEVELOPMENT. (a) The board may use the fund to provide financial assistance to an eligible political subdivision to enable the political subdivision to fund loans and grants for projects that conserve and develop the water resources of the political subdivision for the ultimate benefit of the public, and that develop and diversify its local economy, consistent with the terms and conditions set forth in a program adopted by the governing body of the political subdivision under authority granted by Section 15.980.

(b) The board may not purchase political subdivision bonds issued for the purposes described by Subsection (a) that are secured in whole or in part by a pledge of ad valorem taxes unless the political subdivision submits evidence satisfactory to the board that the issuance of the bonds has been approved by the citizens of the political subdivision voting at an election held for the purposes described in Section 15.980.

Added by Acts 2001, 77th Leg., ch. 966, Sec. 4.01, eff. Sept. 1, 2001. Renumbered from Water Code Sec. 15.909 and amended by Acts 2003, 78th Leg., ch. 1275, Sec. 2(142), 3(43), eff. Sept. 1, 2003.

Sec. 15.980. AUTHORITY TO ESTABLISH ECONOMIC DEVELOPMENT PROGRAMS. (a) An eligible political subdivision may establish economic development programs and make loans and grants of public funds to assist in providing projects within the political subdivision that conserve and develop the water resources of the political subdivision for the ultimate benefit of the public. The authority granted to a political subdivision to make loans and grants in accordance with this section constitutes a program in furtherance of the public purposes provided by Section 52-a, Article III, Texas Constitution.

(b) Financial assistance received from the fund may be used by

an eligible political subdivision to make loans or grants to persons for projects that the political subdivision finds will conserve and develop the water resources of the political subdivision for the ultimate benefit of the public and assist in diversifying and developing the economy of the political subdivision and the state.

(c) In exercising the authority granted by this section, the governing body of an eligible political subdivision may determine the terms and conditions governing the loan or grant of money and determine whether to approve an agreement with a person who receives a loan or grant.

Added by Acts 2001, 77th Leg., ch. 966, Sec. 4.01, eff. Sept. 1, 2001. Renumbered from Water Code Sec. 15.910 by Acts 2003, 78th Leg., ch. 1275, Sec. 2(142), eff. Sept. 1, 2003.

Sec. 15.981. CERTAIN OBLIGATIONS RESTRICTED. An eligible political subdivision may not sell or incur obligations to fund an economic development program established under authority granted by Section 15.980 that are payable in whole or in part from ad valorem taxes unless the residents of the political subdivision, voting at an election held for the purpose, approve the issuance of obligations to fund an economic development program for the provision of loans or grants to persons to construct projects that will conserve and develop the water resources of the political subdivision for the ultimate benefit of the public and assist in developing and diversifying the local economy.

Added by Acts 2001, 77th Leg., ch. 966, Sec. 4.01, eff. Sept. 1, 2001. Renumbered from Water Code Sec. 15.911 and amended by Acts 2003, 78th Leg., ch. 1275, Sec. 2(142), 3(44), eff. Sept. 1, 2003.

#### **SUBCHAPTER R. RURAL WATER ASSISTANCE FUND**

Sec. 15.991. PURPOSE. The legislature finds that the rural areas of the state, characterized by small populations extended over disproportionately large service areas, require a means of financing water and water quality enhancement projects in addition to those established by other provisions of this chapter.

Added by Acts 2001, 77th Leg., ch. 966, Sec. 4.02, eff. Sept. 1,

2001. Amended by Acts 2003, 78th Leg., ch. 608, Sec. 3, eff. June 20, 2003. Renumbered from Water Code Sec. 15.951 by Acts 2003, 78th Leg., ch. 1275, Sec. 2(143), eff. Sept. 1, 2003.

Sec. 15.992. DEFINITIONS. In this subchapter:

(1) "District" means a conservation or reclamation district created under Section 52, Article III, or Section 59, Article XVI, Texas Constitution.

(2) "Federal agency" means an agency or other entity of the United States, including the United States Department of Agriculture or an agency or entity that is acting through or on behalf of that department.

(3) "Fund" means the rural water assistance fund.

(3-a) "Nonprofit water supply or sewer service corporation" means a corporation operating under Chapter 67.

(4) "Rural political subdivision" means:

(A) a nonprofit water supply or sewer service corporation, district, or municipality with a service area of 10,000 or less in population or that otherwise qualifies for financing from a federal agency; or

(B) a county in which no urban area exceeds 50,000 in population.

(5) "State agency" means an agency or other entity of the state, including the Department of Agriculture and the Texas Department of Housing and Community Affairs and any agency or authority that is acting through or on behalf of the Department of Agriculture or the Texas Department of Housing and Community Affairs.

Added by Acts 2001, 77th Leg., ch. 966, Sec. 4.02, eff. Sept. 1, 2001. Renumbered from Water Code Sec. 15.952 by Acts 2003, 78th Leg., ch. 1275, Sec. 2(143), eff. Sept. 1, 2003.

Amended by:

Acts 2011, 82nd Leg., R.S., Ch. 64 (S.B. 360), Sec. 1, eff. September 1, 2011.

Sec. 15.993. FUND. The rural water assistance fund is a special fund in the state treasury. The fund consists of:

(1) money directly appropriated to the board for a purpose

of the fund;

(2) repayment of principal and interest from loans made from the fund not otherwise needed as a source of revenue pursuant to Section 17.9615(b);

(3) money transferred by the board from any sources available;

(4) interest earned on the investment of money in the fund and depository interest allocable to the fund;

(5) money transferred to the fund from the water assistance fund in accordance with Section 15.011(b), including proceeds from the sale of political subdivision bonds by the board to the Texas Water Resources Finance Authority that are deposited in the water assistance fund as provided by Section 17.0871;

(6) money from gifts, grants, or donations to the fund;

(7) money disbursed to the fund from the state water implementation fund for Texas as authorized by Section 15.434; and

(8) any other fees or sources of revenue that the legislature may dedicate for deposit to the fund.

Added by Acts 2001, 77th Leg., ch. 966, Sec. 4.02, eff. Sept. 1, 2001. Amended by Acts 2003, 78th Leg., ch. 608, Sec. 4, eff. June 20, 2003. Renumbered from Water Code Sec. 15.953 by Acts 2003, 78th Leg., ch. 1275, Sec. 2(143), eff. Sept. 1, 2003.

Amended by:

Acts 2011, 82nd Leg., R.S., Ch. 64 (S.B. 360), Sec. 2, eff. September 1, 2011.

Acts 2013, 83rd Leg., R.S., Ch. 207 (H.B. 4), Sec. 2.06, eff. November 5, 2013.

Sec. 15.994. USE OF FUND. (a) The fund may be used to provide low-interest loans to rural political subdivisions for:

(1) water or water-related projects and for water quality enhancement projects, including:

(A) the construction of infrastructure facilities for wholesale or retail water or sewer service;

(B) desalination projects;

(C) the purchase or lease of water well fields;

(D) property necessary for water well fields;

(E) the purchase or lease of rights to produce

groundwater;

(F) onsite or wetland wastewater treatment facilities;

and

(G) the interim financing of construction projects;

(2) water projects included in the state water plan or a regional water plan;

(3) development of groundwater sources and acquisition of water rights, including groundwater and surface water rights;

(4) the acquisition of retail public utilities as defined by Section 13.002;

(5) the acquisition of water supply or sewer service facilities or systems owned by municipalities or other political subdivisions;

(6) construction, acquisition, or improvement of water and wastewater projects to provide service to an economically distressed area;

(7) planning and design costs, permitting costs, and other costs associated with state or federal regulatory activities with respect to a project; and

(8) obtaining water or wastewater service supplied by other political subdivisions or financing the consolidation or regionalizing of neighboring political subdivisions, or both.

(b) The fund may be used to provide zero interest loans, negative interest loans, loan forgiveness, or grants for any purpose described by Subsection (a) under criteria developed by the board.

(c) The board may use money in the fund to contract for outreach, financial, and technical assistance to assist rural political subdivisions in obtaining and using financing from the fund.

(d) The fund may be used to buy down interest rates on loans.

(e) A rural political subdivision may enter into an agreement with a federal agency, a state agency, or another rural political subdivision to submit a joint application for financial assistance under this subchapter.

(f) A nonprofit water supply or sewer service corporation is exempt from payment of any sales tax that may be incurred under other law or ordinance for any project financed by the fund.

(g) The fund may be used as a source of revenue for the payment of principal and interest on water financial assistance bonds issued by the board if the proceeds of the sale of these bonds will be

deposited into the rural water assistance fund.

(h) The board may coordinate its review of an application submitted under this subchapter with a federal agency to avoid duplication of efforts and costs.

(i) The board shall transfer back to the state water implementation fund for Texas any money disbursed to the fund as described by Section 15.993(7) if the requirements of Section 15.435 are satisfied.

Added by Acts 2001, 77th Leg., ch. 966, Sec. 4.02, eff. Sept. 1, 2001. Amended by Acts 2003, 78th Leg., ch. 608, Sec. 5, eff. June 20, 2003. Renumbered from Water Code Sec. 15.954 by Acts 2003, 78th Leg., ch. 1275, Sec. 2(143), eff. Sept. 1, 2003.

Amended by:

Acts 2011, 82nd Leg., R.S., Ch. 64 (S.B. 360), Sec. 3, eff. September 1, 2011.

Acts 2013, 83rd Leg., R.S., Ch. 207 (H.B. 4), Sec. 2.07, eff. November 5, 2013.

Sec. 15.995. FINANCIAL ASSISTANCE IN GENERAL. (a) The board shall adopt rules necessary to administer this subchapter, including rules establishing procedures for the application for and award of loans, the distribution of loans, the investment of funds, and the administration of loans and the fund.

(b) The board may not release from the fund money for the construction phase of parts of projects proposing surface water or groundwater development until the executive administrator makes a written finding that a rural political subdivision:

(1) has the necessary water right authorizing it to appropriate and use the water that the project will provide, if the rural political subdivision is proposing surface water development; or

(2) has the right to use water that the project will provide, if the rural political subdivision is proposing groundwater development.

(c) In passing on an application from a rural political subdivision for financial assistance, the board shall consider:

(1) the needs of the area to be served by the project, the benefit of the project to the area, the relationship of the project

to the overall state water needs, and the relationship of the project to the state water plan; and

(2) the availability of revenue to the rural political subdivision from all sources for the ultimate repayment of the cost of the water supply project, including all interest.

(d) The board by resolution may approve an application if, after considering the factors listed in Subsection (c) and other relevant factors, the board finds that:

(1) the public interest is served by state assistance for the project; and

(2) the revenue or taxes pledged by the rural political subdivision will be sufficient to meet all the obligations assumed by the rural political subdivision during the succeeding period of not more than 50 years.

(e) A program of water conservation for the more efficient use of water shall be required in the same manner as is required for approval of an application for financial assistance under Section 15.106.

(f) Sections 17.183-17.187 apply to the construction of projects funded pursuant to this subchapter.

Added by Acts 2001, 77th Leg., ch. 966, Sec. 4.02, eff. Sept. 1, 2001. Renumbered from Water Code Sec. 15.955 by Acts 2003, 78th Leg., ch. 1275, Sec. 2(143), eff. Sept. 1, 2003.

Amended by:

Acts 2011, 82nd Leg., R.S., Ch. 64 (S.B. 360), Sec. 4, eff. September 1, 2011.

Sec. 15.996. LOANS TO NONPROFIT WATER SUPPLY OR SEWER SERVICE CORPORATIONS. (a) In addition to any other method of providing financial assistance authorized by this subchapter, the board may make financial assistance available to an applicant that is a nonprofit water supply or sewer service corporation by entering into a loan agreement with the applicant.

(b) To be eligible to receive financial assistance under this section, the applicant must:

(1) execute a promissory note for the full amount of the loan; and

(2) provide to the board an attorney's opinion stating that

the applicant has the authority to incur the debt.

(c) An applicant for financial assistance under this section is not required to appoint or employ:

- (1) a bond counsel; or
- (2) a financial advisor.

Added by Acts 2011, 82nd Leg., R.S., Ch. 64 (S.B. 360), Sec. 5, eff. September 1, 2011.

## **CHAPTER 16. PROVISIONS GENERALLY APPLICABLE TO WATER DEVELOPMENT**

### **SUBCHAPTER A. GENERAL PROVISIONS**

Sec. 16.001. DEFINITIONS. In this chapter:

- (1) "Board" means the Texas Water Development Board.
- (2) "Commission" means the Texas Natural Resource Conservation Commission.
- (3) "Chairman" means the chairman of the Texas Water Development Board.
- (4) "Executive director" means the executive director of the Texas Natural Resource Conservation Commission.
- (5) "Executive administrator" means the executive administrator of the Texas Water Development Board.
- (6) "Development fund manager" means the development fund manager of the Texas Water Development Board.
- (7) "Political subdivision" means a county, city, or other body politic or corporate of the state, including any district or authority created under Article III, Section 52 or Article XVI, Section 59 of the Texas Constitution and including any interstate compact commission to which the state is a party and any nonprofit water supply corporation created and operating under Chapter 67.
- (8) "Bonds" means all Texas Water Development Bonds now or hereafter authorized by the Texas Constitution.
- (9) "Waste" has the same meaning as provided in Section 26.001 of this code.
- (10) "Water development bonds" means the Texas Water Development Bonds authorized by Article III, Sections 49-c and 49-d, of the Texas Constitution and bonds dedicated to use for the purposes of those sections under Article III, Sections 49-d-2, 49-d-6, and 49-d-7, of the Texas Constitution.
- (11) "State facility" means a project in which the board

has acquired an ownership interest.

(12) "Acquisition of a state facility" means the act or series of actions by the board in making payment for a state facility.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 133, Sec. 2.08, 2.14; Acts 1985, 69th Leg., ch. 795, Sec. 1.044, eff. Sept. 1, 1985; Acts 1985, 69th Leg., ch. 821, Sec. 2, eff. Sept. 1, 1985; Acts 1987, 70th Leg., ch. 7, Sec. 3(1), eff. March 24, 1987; Acts 1987, 70th Leg., ch. 1103, Sec. 9, eff. Sept. 1, 1987; Acts 1987, 70th Leg., 2nd C.S., ch. 66, Sec. 1; Acts 1989, 71st Leg., ch. 1062, Sec. 1; Acts 1991, 72nd Leg., 1st C.S., ch. 3, Sec. 1.064, eff. Aug. 12, 1991; Acts 1999, 76th Leg., ch. 62, Sec. 18.58, eff. Sept. 1, 1999.

Sec. 16.002. OPEN MEETINGS AND OPEN RECORDS LAWS. Nonprofit water supply corporations which receive any assistance under this chapter are subject to Chapter 551, Government Code, and to Chapter 552, Government Code.

Added by Acts 1985, 69th Leg., ch. 133, Sec. 2.19. Amended by Acts 1995, 74th Leg., ch. 76, Sec. 5.95(78), (90), eff. Sept. 1, 1995.

#### **SUBCHAPTER B. DUTIES OF THE EXECUTIVE ADMINISTRATOR**

Sec. 16.011. GENERAL RESPONSIBILITIES OF THE EXECUTIVE ADMINISTRATOR. The executive administrator shall determine the responsibilities of each administrative division of the board and its staff in carrying out the authority, duties, and functions provided in this code.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.045, eff. Sept. 1, 1985.

Sec. 16.012. STUDIES, INVESTIGATIONS, SURVEYS. (a) The executive administrator shall make studies, investigations, and surveys of the occurrence, quantity, quality, and availability of the surface water and groundwater of this state and shall, in cooperation

with other entities of the state, guide the development of a statewide water resource data collection and dissemination network. For these purposes the executive administrator shall collect, receive, analyze, process, and facilitate access to basic data and summary information concerning water resources of the state and provide guidance regarding data formats and descriptions required to access and understand Texas water resource data.

(b) The executive administrator shall:

- (1) determine suitable locations for future water facilities, including reservoir sites;
- (2) determine suitable, cost-effective water supply alternatives on a regional basis, including voluntary means of encouraging aggressive water conservation;
- (3) locate land best suited for irrigation;
- (4) make estimates of the cost of proposed irrigation works and the improvement of reservoir sites;
- (5) examine and survey reservoir sites;
- (6) monitor the effects of fresh water inflows upon the bays and estuaries of Texas;
- (7) monitor instream flows;
- (8) lead a statewide effort, in coordination with federal, state, and local governments, institutions of higher education, and other interested parties, to develop a network for collecting and disseminating water resource-related information that is sufficient to support assessment of ambient water conditions statewide;
- (9) make recommendations for optimizing the efficiency and effectiveness of water resource data collection and dissemination as necessary to ensure that basic water resource data are maintained and available for Texas; and
- (10) make basic data and summary information developed under this subsection accessible to state agencies and other interested persons.

(c) In performing the duties required under Subdivisions (1), (4), (5), (6), and (7) of Subsection (b), the executive administrator shall consider advice from the Parks and Wildlife Department. In addition, the Department of Agriculture may provide advice to the executive administrator, where appropriate, regarding any of the duties to be performed under Subsection (b).

(d) All entities of the state, including institutions of higher education, that collect or use water data or information shall

cooperate with the board in the development of a coordinated, efficient, and effective statewide water resource data collection and dissemination network.

(e) The executive administrator shall keep full and proper records of his work, observations, data, and calculations, all of which are the property of the state.

(f) In performing his duties under this section, the executive administrator shall assist the commission in carrying out the purposes and policies stated in Section 12.014 of this code.

(g) No later than December 31, 1999, the commission shall obtain or develop an updated water availability model for six river basins as determined by the commission. The commission shall obtain or develop an updated water availability model for all remaining river basins no later than December 31, 2001.

(h) Not later than December 31, 2003, the commission shall obtain or develop an updated water supply model for the Rio Grande. Recognizing that the Rio Grande is an international river touching on three states of the United States and five states of the United Mexican States and draining an area larger than the State of Texas, the model shall encompass to the extent practicable the significant water demands within the watershed of the river as well as the unique geology and hydrology of the region. The commission may collect data from all jurisdictions that allocate the waters of the river, including jurisdictions outside this state.

(i) Within 90 days of completing a water availability model for a river basin, the commission shall provide to all holders of existing permits, certified filings, and certificates of adjudication in that river basin the projected amount of water that would be available during a drought of record.

(j) Within 90 days of completing a water availability model for a river basin, the commission shall provide to each regional water planning group created under Section 16.053 of this code in that river basin the projected amount of water that would be available if cancellation procedures were instigated under the provisions of Subchapter E, Chapter 11, of this code.

(k) Within 90 days of completing a water availability model for a river basin, the commission, in coordination with the Parks and Wildlife Department and with input from the Department of Agriculture, where appropriate, shall determine the potential impact of reusing municipal and industrial effluent on existing water

rights, instream uses, and freshwater inflows to bays and estuaries. Within 30 days of making this determination, the commission shall provide the projections to the board and each regional water planning group created under Section 16.053 of this code in that river basin.

(l) The executive administrator shall obtain or develop groundwater availability models for major and minor aquifers in coordination with groundwater conservation districts and regional water planning groups created under Section 16.053 that overlie the aquifers. Modeling of major aquifers shall be completed not later than October 1, 2004. On completing a groundwater availability model for an aquifer, the executive administrator shall provide the model to each groundwater conservation district and each regional water planning group created under Section 16.053 overlying that aquifer.

(m) The executive administrator may conduct surveys of entities using groundwater and surface water for municipal, industrial, power generation, or mining purposes at intervals determined appropriate by the executive administrator to gather data to be used for long-term water supply planning. Recipients of the survey shall complete and return the survey to the executive administrator. A person who fails to timely complete and return the survey is not eligible for funding from the board for board programs and is ineligible to obtain permits, permit amendments, or permit renewals from the commission under Chapter 11. A person who fails to complete and return the survey commits an offense that is punishable as a Class C misdemeanor. This subsection does not apply to survey information regarding windmills used for domestic and livestock use.

(n) Information collected through field investigations on a landowner's property by the executive administrator after September 1, 2003, solely for use in the development of groundwater availability models under Subsection (l) of this section that reveals site-specific information about such landowner is not subject to Chapter 552, Government Code, and may not be disclosed to any person outside the board if the landowner on whose land the information is collected has requested in writing that such information be deemed confidential. If a landowner requests that his or her information not be disclosed, the executive administrator may release information regarding groundwater information only if the information is summarized in a manner that prevents the identification of an individual or specific parcel of land and the landowner. This subsection does not apply to a parcel of land that is publicly owned.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.045, eff. Sept. 1, 1985; Acts 1997, 75th Leg., ch. 1010, Sec. 7.01, eff. Sept. 1, 1997; Acts 1999, 76th Leg., ch. 456, Sec. 3, eff. June 18, 1999; Acts 1999, 76th Leg., ch. 518, Sec. 1, eff. June 18, 1999; Acts 1999, 76th Leg., ch. 979, Sec. 3, eff. June 18, 1999; Acts 1999, 76th Leg., ch. 1222, Sec. 1, eff. June 18, 1999; Acts 2001, 77th Leg., ch. 966, Sec. 2.15, eff. Sept. 1, 2001; Acts 2003, 78th Leg., ch. 1057, Sec. 3, 4, eff. June 20, 2003.

Sec. 16.0121. WATER AUDITS. (a) In this section, "retail public utility" has the meaning assigned by Section 13.002.

(b) Except as provided by Subsection (b-1), a retail public utility providing potable water shall perform and file with the board an annual water audit computing the utility's system water loss during the preceding year.

(b-1) A retail public utility providing potable water that does not receive from the board financial assistance and is providing service to 3,300 or fewer connections shall perform and file with the board every five years a water audit computing the utility's most recent annual system water loss.

(c) The board shall develop appropriate methodologies and submission dates for a water audit required under Subsection (b) or (b-1) for the following categories of retail public utilities:

(1) retail public utilities serving populations of 100,000 or more;

(2) retail public utilities serving populations of 50,000 or more but less than 100,000;

(3) retail public utilities serving populations of more than 10,000 but less than 50,000; and

(4) retail public utilities serving populations of 10,000 or less.

(d) In developing the methodologies required by Subsection (c), the board shall ensure that each methodology:

(1) is financially feasible for the category of retail public utility for which it is developed; and

(2) considers differences in population density, source of water supply, the mean income of the service population, and other factors determined by the board.

(e) The methodologies required by Subsection (c) shall account for various components of system water loss, including loss from distribution lines, inaccuracies in meters or accounting practices, and theft.

(f) The board shall compile the information included in the water audits required by Subsections (b) and (b-1) according to category of retail public utility and according to regional water planning area. The regional planning group for a regional planning area shall use the information to identify appropriate water management strategies in the development of a regional water plan under Section 16.053.

(g) A retail public utility providing potable water that receives from the board financial assistance shall use a portion of that financial assistance, or any additional financial assistance provided by the board for the purpose described by this subsection, to mitigate the utility's system water loss if, based on a water audit filed by the utility under this section, the water loss meets or exceeds the threshold established by board rule.

(h) For each category of retail public utility listed in Subsection (c), the board shall adopt rules regarding:

(1) the amount of system water loss that requires a utility to take action under Subsection (g); and

(2) the use of financial assistance from the board as required by Subsection (g) to mitigate system water loss.

Added by Acts 2003, 78th Leg., ch. 744, Sec. 1, eff. Sept. 1, 2003.

Amended by:

Acts 2011, 82nd Leg., R.S., Ch. 1041 (H.B. 3090), Sec. 1, eff. September 1, 2011.

Acts 2013, 83rd Leg., R.S., Ch. 278 (H.B. 857), Sec. 1, eff. September 1, 2013.

Acts 2013, 83rd Leg., R.S., Ch. 1139 (H.B. 3605), Sec. 1, eff. September 1, 2013.

Sec. 16.013. ENGINEERING, HYDROLOGIC, AND GEOLOGIC FUNCTIONS. The executive administrator shall advise and assist the board and the commission with regard to engineering, hydrologic, and geologic matters concerning the water resources of the state. The executive administrator shall evaluate, prepare, and publish engineering,

hydrologic, and geologic data, information, and reports relating to the water resources of the state.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.045, eff. Sept. 1, 1985.

Sec. 16.014. SILT LOAD OF STREAMS, ETC. The executive administrator shall determine the silt load of streams, make investigations and studies of the duty of water, and make surveys to determine the water needs of the distinct regional divisions of the watershed areas of the state.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.045, eff. Sept. 1, 1985.

Sec. 16.015. STUDIES OF UNDERGROUND WATER SUPPLY. The executive administrator may make studies and investigations of the physical characteristics of water-bearing formations and of the sources, occurrence, quantity, and quality of the underground water supply of the state and may study and investigate feasible methods to conserve, preserve, improve, and supplement this supply. The work shall first be undertaken in areas where, in the judgment of the board, the greatest need exists, and in determining the need, the board shall consider all beneficial uses essential to the general welfare of the state. Water-bearing formations may be explored by coring or other mechanical or electrical means when the area to be investigated has more than a local influence on water resources.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.045, eff. Sept. 1, 1985.

Sec. 16.016. POLLUTION OF RED RIVER TRIBUTARIES. Within the limits of available money and facilities, the executive administrator shall study salt springs, gypsum beds, and other sources of natural pollution of the tributaries of the Red River and shall study means

of eliminating this natural pollution and preventing it from reaching the Red River.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.045, eff. Sept. 1, 1985.

Sec. 16.017. TOPOGRAPHIC AND GEOLOGIC MAPPING. (a) The executive administrator shall carry out the program for topographic and geologic mapping of the state.

(b) The executive administrator shall operate as part of the Texas Natural Resources Information System a strategic mapping program to acquire, store, and distribute digital, geospatial information.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.045, eff. Sept. 1, 1985.

Amended by:

Acts 2007, 80th Leg., R.S., Ch. 1430 (S.B. 3), Sec. 2.12, eff. September 1, 2007.

Sec. 16.018. SOIL RESOURCE PLANNING. The executive administrator may contract with the State Soil Conservation Board for joint investigation and research in the field of soil resource planning. The State Soil Conservation Board may appoint a representative to advise and work with the executive administrator.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.045, eff. Sept. 1, 1985.

Sec. 16.019. COOPERATIVE AGREEMENTS. With the approval of the board, the executive administrator may negotiate and execute contracts with persons or with federal, state, or local agencies for joint or cooperative studies and investigations of the occurrence, quantity, and quality of the surface water and groundwater of the state; the topographical mapping of the state; and the collection,

processing, and analysis of other basic data relating to the development of the water resources of the state and for the administration and performance of these contracts.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.045, eff. Sept. 1, 1985.

Sec. 16.020. MASTER PLANS OF DISTRICTS, ETC. The executive director shall review and analyze master plans and other reports of conservation districts, river authorities, and state agencies and shall make its recommendations to the commission in all cases where approval of the commission is required by law or is requested by a district, authority, or agency.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.045, eff. Sept. 1, 1985.

Sec. 16.021. TEXAS NATURAL RESOURCES INFORMATION SYSTEM. (a) The executive administrator shall establish the Texas Natural Resources Information System (TNRIS) to serve Texas agencies and citizens as a centralized clearinghouse and referral center for:

- (1) natural resource data;
- (2) census data;
- (3) data related to emergency management; and
- (4) other socioeconomic data.

(b) The executive administrator may, on behalf of TNRIS, enter into partnerships with private entities to provide additional funding for improved access to TNRIS information. The board shall adopt administrative rules to describe the process of establishing partnerships, define the types of partnerships that may be formed, establish the fee collection process, and define the nondiscriminatory methods used to determine which private entities may enter into partnerships. Any process developed by the board must comply with all applicable laws regarding ethics, purchasing, and contracts.

(c) The executive administrator shall designate the director of the Texas Natural Resources Information System to serve as the state

geographic information officer. The state geographic information officer shall:

- (1) coordinate the acquisition and use of high-priority imagery and data sets;
  - (2) establish, support, and disseminate authoritative statewide geographic data sets;
  - (3) support geographic data needs of emergency management responders during emergencies;
  - (4) monitor trends in geographic information technology;
- and
- (5) support public access to state geographic data and resources.

(d) Not later than December 1, 2016, and before the end of each successive five-year period after that date, the board shall submit to the governor, lieutenant governor, and speaker of the house of representatives a report that contains recommendations regarding:

- (1) statewide geographic data acquisition needs and priorities, including updates on progress in maintaining the statewide digital base maps described by Subsection (e)(6);
  - (2) policy initiatives to address the acquisition, use, storage, and sharing of geographic data across the state;
  - (3) funding needs to acquire data, implement technologies, or pursue statewide policy initiatives related to geographic data;
- and
- (4) opportunities for new initiatives to improve the efficiency, effectiveness, or accessibility of state government operations through the use of geographic data.

(d-1) The board shall consult with stakeholders in preparing the report required by Subsection (d).

(e) The executive administrator shall:

- (1) further develop the Texas Natural Resources Information System by promoting and providing for effective acquisition, archiving, documentation, indexing, and dissemination of natural resource and related digital and nondigital data and information;
- (2) obtain information in response to disagreements regarding names and name spellings for natural and cultural features in the state and provide this information to the Board on Geographic Names of the United States Department of the Interior;
- (3) make recommendations to the Board on Geographic Names of the United States Department of the Interior for naming any

natural or cultural feature subject to the limitations provided by Subsection (f);

(4) make recommendations to the Department of Information Resources to adopt and promote standards that facilitate sharing of digital natural resource data and related socioeconomic data among federal, state, and local governments and other interested parties;

(5) acquire and disseminate natural resource and related socioeconomic data describing the Texas-Mexico border region; and

(6) coordinate, conduct, and facilitate the development, maintenance, and use of mutually compatible statewide digital base maps depicting natural resources and man-made features.

(f) A recommendation may not be made under Subsection (e)(3) for:

(1) a feature previously named under statutory authority or recognized by an agency of the federal government, the state, or a political subdivision of the state;

(2) a feature located on private property for which consent of the property owner cannot be obtained; or

(3) naming a natural or cultural feature for a living person.

(g) The board may establish one or more advisory committees to assist the board or the executive administrator in implementing this section, including by providing information in connection with the preparation of the report required by Subsection (d). In appointing members to an advisory committee, the board shall consider including representatives of:

(1) state agencies that are major users of geographic data;

(2) federal agencies;

(3) local governments; and

(4) the Department of Information Resources.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.045, eff. Sept. 1, 1985; Acts 1987, 70th Leg., ch. 21, Sec. 1, eff. Sept. 1, 1987; Acts 1997, 75th Leg., ch. 1010, Sec. 7.02, eff. Sept. 1, 1997; Acts 2001, 77th Leg., ch. 1234, Sec. 24, eff. Sept. 1, 2001.

Amended by:

Acts 2007, 80th Leg., R.S., Ch. 67 (S.B. 622), Sec. 1, eff. May 11, 2007.

Acts 2011, 82nd Leg., R.S., Ch. 1233 (S.B. 660), Sec. 6, eff.

September 1, 2011.

Sec. 16.022. WATER CONSERVATION STUDY. (a) The board and the State Soil and Water Conservation Board shall jointly conduct a study of the ways to improve or expand water conservation efforts and report to the legislature.

(b) The report must include:

(1) an assessment of both agricultural and municipal water conservation issues;

(2) information on existing conservation efforts by the board and the State Soil and Water Conservation Board;

(3) information on existing conservation efforts by municipalities receiving funding from the board, as specified in water conservation plans submitted by the municipalities as part of their applications for assistance;

(4) a discussion of future conservation needs;

(5) an analysis of programmatic approaches and funding for additional conservation efforts;

(6) an assessment of existing statutory authority and whether changes are needed to more effectively promote and fund conservation projects; and

(7) an assessment of the board's agricultural water conservation program.

(c) The report shall be issued as part of, or as a supplement to, the state water plan.

Added by Acts 2001, 77th Leg., ch. 1234, Sec. 24, eff. Sept. 1, 2001.

Sec. 16.023. STRATEGIC MAPPING ACCOUNT. (a) The strategic mapping account is an account in the general revenue fund. The account consists of:

(1) money directly appropriated to the board;

(2) money transferred by the board from other funds available to the board;

(3) money from gifts or grants from the United States government, state, regional, or local governments, educational institutions, private sources, or other sources;

(4) proceeds from the sale of maps, data, publications, and

other items; and

(5) interest earned on the investment of money in the account and depository interest allocable to the account.

(b) The account may be appropriated only to the board to:

(1) develop, administer, and implement the strategic mapping program;

(2) provide grants to political subdivisions for projects related to the development, use, and dissemination of digital, geospatial information; and

(3) administer, implement, and operate other programs of the Texas Natural Resources Information System, including:

(A) the operation of a Texas-Mexico border region information center for the purpose of implementing Section 16.021(e)(5);

(B) the acquisition, storage, and distribution of historical maps, photographs, and paper map products;

(C) the maintenance and enhancement of information technology; and

(D) the production, storage, and distribution of other digital base maps, as determined by the executive administrator.

(c) The board may invest, reinvest, and direct the investment of any available money in the fund as provided by law for the investment of money under Section 404.024, Government Code.

Added by Acts 2007, 80th Leg., R.S., Ch. 1430 (S.B. 3), Sec. 2.13, eff. September 1, 2007.

Amended by:

Acts 2011, 82nd Leg., R.S., Ch. 1233 (S.B. 660), Sec. 7, eff. September 1, 2011.

Sec. 16.024. FINANCIAL ASSISTANCE FOR DIGITAL, GEOSPATIAL INFORMATION PROJECTS. (a) A political subdivision seeking a grant under Section 16.023 must file an application with the board.

(b) An application must be filed in the manner and form required by board rules.

(c) In reviewing an application by a political subdivision for a grant, the board shall consider:

(1) the degree to which the political subdivision has used other available resources to finance the development, use, and

dissemination of digital, geospatial information;

(2) the willingness and ability of the political subdivision to develop, use, and disseminate digital, geospatial information; and

(3) the benefits that will be gained by making the grant.

(d) The board may approve a grant to a political subdivision only if the board finds that:

(1) the grant will supplement rather than replace money of the political subdivision;

(2) the public interest is served by providing the grant; and

(3) the grant will further the state's ability to gather, develop, use, and disseminate digital, geospatial information.

Added by Acts 2007, 80th Leg., R.S., Ch. 1430 (S.B. 3), Sec. 2.13, eff. September 1, 2007.

#### **SUBCHAPTER C. PLANNING**

Sec. 16.051. STATE WATER PLAN: DROUGHT, CONSERVATION, DEVELOPMENT, AND MANAGEMENT; EFFECT OF PLAN. (a) Not later than January 5, 2002, and before the end of each successive five-year period after that date, the board shall prepare, develop, formulate, and adopt a comprehensive state water plan that incorporates the regional water plans approved under Section 16.053. The state water plan shall provide for the orderly development, management, and conservation of water resources and preparation for and response to drought conditions, in order that sufficient water will be available at a reasonable cost to ensure public health, safety, and welfare; further economic development; and protect the agricultural and natural resources of the entire state.

(a-1) The state water plan must include:

(1) an evaluation of the state's progress in meeting future water needs, including an evaluation of the extent to which water management strategies and projects implemented after the adoption of the preceding state water plan have affected that progress; and

(2) an analysis of the number of projects included in the preceding state water plan that received financial assistance from the board.

(a-2) To assist the board in evaluating the state's progress in

meeting future water needs, the board may obtain implementation data from the regional water planning groups.

(b) The state water plan, as formally adopted by the board, shall be a guide to state water policy. The commission shall take the plan into consideration in matters coming before it.

(c) The board by rule shall define and designate river basins and watersheds.

(d) The board, in coordination with the commission, the Department of Agriculture, and the Parks and Wildlife Department, shall adopt by rule guidance principles for the state water plan which reflect the public interest of the entire state. When adopting guidance principles, due consideration shall be given to the construction and improvement of surface water resources and the application of principles that result in voluntary redistribution of water resources. The board shall review and update the guidance principles, with input from the commission, the Department of Agriculture, and the Parks and Wildlife Department, as necessary but at least every five years to coincide with the five-year cycle for adoption of a new water plan as described in Subsection (a).

(e) On adoption the board shall deliver the state water plan to the governor, the lieutenant governor, and the speaker of the house of representatives and present the plan for review to the appropriate legislative committees. The plan shall include legislative recommendations that the board believes are needed and desirable to facilitate more voluntary water transfers. The plan shall identify river and stream segments of unique ecological value and sites of unique value for the construction of reservoirs that the board recommends for protection under this section.

(f) The legislature may designate a river or stream segment of unique ecological value. This designation solely means that a state agency or political subdivision of the state may not finance the actual construction of a reservoir in a specific river or stream segment designated by the legislature under this subsection.

(g) The legislature may designate a site of unique value for the construction of a reservoir. A state agency or political subdivision of the state may not obtain a fee title or an easement that would significantly prevent the construction of a reservoir on a site designated by the legislature under this subsection.

(g-1) Notwithstanding any other provisions of law, a site is considered to be a designated site of unique value for the

construction of a reservoir if the site is recommended for designation in the 2007 state water plan adopted by the board and in effect on May 1, 2007. The designation of a unique reservoir site under this subsection terminates on September 1, 2015, unless there is an affirmative vote by a proposed project sponsor to make expenditures necessary in order to construct or file applications for permits required in connection with the construction of the reservoir under federal or state law.

(h) The board, the commission, or the Parks and Wildlife Department or a political subdivision affected by an action taken in violation of Subsection (f) or (g) may bring a cause of action to remedy or prevent the violation. A cause of action brought under this subsection must be filed in a district court in Travis County or in the county in which the action is proposed or occurring.

(i) For purposes of this section, the acquisition of fee title or an easement by a political subdivision for the purpose of providing retail public utility service to property in the reservoir site or allowing an owner of property in the reservoir site to improve or develop the property may not be considered a significant impairment that prevents the construction of a reservoir site under Subsection (g). A fee title or easement acquired under this subsection may not be considered the basis for preventing the future acquisition of land needed to construct a reservoir on a designated site.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.046, eff. Sept. 1, 1985; Acts 1991, 72nd Leg., ch. 516, Sec. 4, eff. Sept. 1, 1991; Acts 1997, 75th Leg., ch. 1010, Sec. 1.01, eff. Sept. 1, 1997; Acts 1999, 76th Leg., ch. 456, Sec. 4, eff. June 18, 1999; Acts 1999, 76th Leg., ch. 979, Sec. 4, eff. June 18, 1999; Acts 1999, 76th Leg., ch. 1223, Sec. 2, eff. June 18, 1999; Acts 2001, 77th Leg., ch. 966, Sec. 2.16, eff. Sept. 1, 2001.

Amended by:

Acts 2007, 80th Leg., R.S., Ch. 1430 (S.B. 3), Sec. 3.01, eff. September 1, 2007.

Acts 2007, 80th Leg., R.S., Ch. 1430 (S.B. 3), Sec. 4.01, eff. June 16, 2007.

Acts 2011, 82nd Leg., R.S., Ch. 1233 (S.B. 660), Sec. 8, eff. September 1, 2011.

Sec. 16.053. REGIONAL WATER PLANS. (a) The regional water planning group in each regional water planning area shall prepare a regional water plan, using an existing state water plan identified in Section 16.051 of this code and local water plans prepared under Section 16.054 of this code as a guide, if present, that provides for the orderly development, management, and conservation of water resources and preparation for and response to drought conditions in order that sufficient water will be available at a reasonable cost to ensure public health, safety, and welfare; further economic development; and protect the agricultural and natural resources of that particular region.

(b) No later than September 1, 1998, the board shall designate the areas for which regional water plans shall be developed, taking into consideration such factors as river basin and aquifer delineations, water utility development patterns, socioeconomic characteristics, existing regional water planning areas, political subdivision boundaries, public comment, and other factors the board deems relevant. The board shall review and update the designations as necessary but at least every five years.

(c) No later than 60 days after the designation of the regions under Subsection (b), the board shall designate representatives within each regional water planning area to serve as the initial coordinating body for planning. The initial coordinating body may then designate additional representatives to serve on the regional water planning group. The initial coordinating body shall designate additional representatives if necessary to ensure adequate representation from the interests comprising that region, including the public, counties, municipalities, industries, agricultural interests, environmental interests, small businesses, electric generating utilities, river authorities, water districts, and water utilities. The regional water planning group shall maintain adequate representation from those interests. In addition, the groundwater conservation districts located in each management area, as defined by Section 36.001, located in the regional water planning area shall appoint one representative of a groundwater conservation district located in the management area and in the regional water planning area to serve on the regional water planning group. In addition, representatives of the board, the Parks and Wildlife Department, and

the Department of Agriculture shall serve as ex officio members of each regional water planning group.

(d) The board shall provide guidelines for the consideration of existing regional planning efforts by regional water planning groups. The board shall provide guidelines for the format in which information shall be presented in the regional water plans.

(e) Each regional water planning group shall submit to the development board a regional water plan that:

(1) is consistent with the guidance principles for the state water plan adopted by the development board under Section 16.051(d);

(2) provides information based on data provided or approved by the development board in a format consistent with the guidelines provided by the development board under Subsection (d);

(2-a) is consistent with the desired future conditions adopted under Section 36.108 for the relevant aquifers located in the regional water planning area as of the date the board most recently adopted a state water plan under Section 16.051 or, at the option of the regional water planning group, established subsequent to the adoption of the most recent plan;

(3) identifies:

(A) each source of water supply in the regional water planning area, including information supplied by the executive administrator on the amount of modeled available groundwater in accordance with the guidelines provided by the development board under Subsections (d) and (f);

(B) factors specific to each source of water supply to be considered in determining whether to initiate a drought response;

(C) actions to be taken as part of the response; and

(D) existing major water infrastructure facilities that may be used for interconnections in the event of an emergency shortage of water;

(4) has specific provisions for water management strategies to be used during a drought of record;

(5) includes but is not limited to consideration of the following:

(A) any existing water or drought planning efforts addressing all or a portion of the region;

(B) approved groundwater conservation district management plans and other plans submitted under Section 16.054;

(C) all potentially feasible water management strategies, including but not limited to improved conservation, reuse, and management of existing water supplies, conjunctive use, acquisition of available existing water supplies, and development of new water supplies;

(D) protection of existing water rights in the region;

(E) opportunities for and the benefits of developing regional water supply facilities or providing regional management of water supply facilities;

(F) appropriate provision for environmental water needs and for the effect of upstream development on the bays, estuaries, and arms of the Gulf of Mexico and the effect of plans on navigation;

(G) provisions in Section 11.085(k)(1) if interbasin transfers are contemplated;

(H) voluntary transfer of water within the region using, but not limited to, regional water banks, sales, leases, options, subordination agreements, and financing agreements; and

(I) emergency transfer of water under Section 11.139, including information on the part of each permit, certified filing, or certificate of adjudication for nonmunicipal use in the region that may be transferred without causing unreasonable damage to the property of the nonmunicipal water rights holder;

(6) identifies river and stream segments of unique ecological value and sites of unique value for the construction of reservoirs that the regional water planning group recommends for protection under Section 16.051;

(7) assesses the impact of the plan on unique river and stream segments identified in Subdivision (6) if the regional water planning group or the legislature determines that a site of unique ecological value exists;

(8) describes the impact of proposed water projects on water quality; and

(9) includes information on:

(A) projected water use and conservation in the regional water planning area; and

(B) the implementation of state and regional water plan projects, including water conservation strategies, necessary to meet the state's projected water demands.

(e-1) On request of the Texas Water Advisory Council, a regional planning group shall provide the council a copy of that

planning group's regional water plan.

(f) No later than September 1, 1998, the board shall adopt rules:

(1) to provide for the procedures for adoption of regional water plans by regional water planning groups and for approval of regional water plans by the board; and

(2) to govern procedures to be followed in carrying out the responsibilities of this section.

(g) The board shall provide technical and financial assistance to the regional water planning groups in the development of their plans. The board shall simplify, as much as possible, planning requirements in regions with abundant water resources. The board, if requested, may facilitate resolution of conflicts within regions.

(h)(1) Prior to the preparation of the regional water plan, the regional water planning group shall, after notice, hold at least one public meeting at some central location within the regional planning area to gather suggestions and recommendations from the public as to issues that should be addressed in the plan or provisions that should be considered for inclusion in the plan.

(2) The regional water planning group shall provide an ongoing opportunity for public input during the preparation of the regional water plan.

(3) After the regional water plan is initially prepared, the regional water planning group shall, after notice, hold at least one public hearing at some central location within the regional water planning area. The group shall make copies of the plan available for public inspection at least one month before the hearing by providing a copy of the plan in the county courthouse and at least one public library of each county having land in the region. Notice for the hearing shall include a listing of these and any other location where the plan is available for review.

(4) After the regional water plan is initially prepared, the regional water planning group shall submit a copy of the plan to the board. The board shall submit comments on the regional water plan as to whether the plan meets the requirements of Subsection (e) of this section.

(5) If no interregional conflicts exist, the regional water planning group shall consider all public and board comments; prepare, revise, and adopt the final plan; and submit the adopted plan to the board for approval and inclusion in the state water plan.

(6) If an interregional conflict exists, the board shall facilitate coordination between the involved regions to resolve the conflict. If conflict remains, the board shall resolve the conflict. On resolution of the conflict, the involved regional water planning groups shall prepare revisions to their respective plans and hold, after notice, at least one public hearing at some central location within their respective regional water planning areas. The regional water planning groups shall consider all public and board comments; prepare, revise, and adopt their respective plans; and submit their plans to the board for approval and inclusion in the state water plan.

(7) The board may approve a regional water plan only after it has determined that:

(A) all interregional conflicts involving that regional water planning area have been resolved;

(B) the plan includes water conservation practices and drought management measures incorporating, at a minimum, the provisions of Sections 11.1271 and 11.1272; and

(C) the plan is consistent with long-term protection of the state's water resources, agricultural resources, and natural resources as embodied in the guidance principles adopted under Section 16.051(d).

(8) Notice required by Subdivision (1), (3), or (6) of this subsection must be:

(A) published once in a newspaper of general circulation in each county located in whole or in part in the regional water planning area before the 30th day preceding the date of the public meeting or hearing; and

(B) mailed to:

(i) each mayor of a municipality with a population of 1,000 or more that is located in whole or in part in the regional water planning area;

(ii) each county judge of a county located in whole or in part in the regional water planning area;

(iii) each special or general law district or river authority with responsibility to manage or supply water in the regional water planning area;

(iv) each retail public utility that:

(a) serves any part of the regional water planning area; or

(b) receives water from the regional water planning area; and

(v) each holder of record of a permit, certified filing, or certificate of adjudication for the use of surface water the diversion of which occurs in the regional water planning area.

(9) Notice published or mailed under Subdivision (8) of this subsection must contain:

(A) the date, time, and location of the public meeting or hearing;

(B) a summary of the proposed action to be taken;

(C) the name, telephone number, and address of the person to whom questions or requests for additional information may be submitted; and

(D) information on how the public may submit comments.

(10) The regional water planning group may amend the regional water plan after the plan has been approved by the board. Subdivisions (1)-(9) apply to an amendment to the plan in the same manner as those subdivisions apply to the plan.

(11) This subdivision applies only to an amendment to a regional water plan approved by the board. This subdivision does not apply to the adoption of a subsequent regional water plan for submission to the board as required by Subsection (i).

Notwithstanding Subdivision (10), the regional water planning group may amend the plan in the manner provided by this subdivision if the executive administrator makes a written determination that the proposed amendment qualifies for adoption in the manner provided by this subdivision before the regional water planning group votes on adoption of the amendment. A proposed amendment qualifies for adoption in the manner provided by this subdivision only if the amendment is a minor amendment, as defined by board rules, that will not result in the overallocation of any existing or planned source of water, does not relate to a new reservoir, and will not have a significant effect on instream flows or freshwater inflows to bays and estuaries. If the executive administrator determines that a proposed amendment qualifies for adoption in the manner provided by this subdivision, the regional water planning group may adopt the amendment at a public meeting held in accordance with Chapter 551, Government Code. The proposed amendment must be placed on the agenda for the meeting, and notice of the meeting must be given in the manner provided by Chapter 551, Government Code, at least two weeks

before the date the meeting is held. The public must be provided an opportunity to comment on the proposed amendment at the meeting.

(i) The regional water planning groups shall submit their adopted regional water plans to the board by January 5, 2001, for approval and inclusion in the state water plan. In conjunction with the submission of regional water plans, each planning group should make legislative recommendations, if any, to facilitate more voluntary water transfers in the region. Subsequent regional water plans shall be submitted at least every five years thereafter. Public participation for revised regional plans shall follow the procedures under Subsection (h).

(j) The board may provide financial assistance to political subdivisions under Subchapters E and F of this chapter, Subchapters C, D, E, F, J, O, Q, and R, Chapter 15, and Subchapters D, I, K, and L, Chapter 17, for water supply projects only if:

(1) the board determines that the needs to be addressed by the project will be addressed in a manner that is consistent with the state water plan;

(2) beginning January 5, 2002, the board:

(A) has approved a regional water plan as provided by Subsection (i), and any required updates of the plan, for the region of the state that includes the area benefiting from the proposed project; and

(B) determines that the needs to be addressed by the project will be addressed in a manner that is consistent with that regional water plan; and

(3) the board finds that the water audit required under Section 16.0121 has been completed and filed.

(k) The board may waive the requirements of Subsection (j) of this section if the board determines that conditions warrant the waiver.

(l) A political subdivision may contract with a regional water planning group to assist the regional water planning group in developing or revising a regional water plan.

(m) A cause of action does not accrue against a regional water planning group, a representative who serves on the regional water planning group, or an employee of a political subdivision that contracts with the regional water planning group under Subsection (l) for an act or omission in the course and scope of the person's work relating to the regional water planning group.

(n) A regional water planning group, a representative who serves on the regional water planning group, or an employee of a political subdivision that contracts with the regional water planning group under Subsection (l) is not liable for damages that may arise from an act or omission in the course and scope of the person's work relating to the regional water planning group.

(o) The attorney general, on request, shall represent a regional water planning group, a representative who serves on the regional water planning group, or an employee of a political subdivision that contracts with the regional water planning group under Subsection (l) in a suit arising from an act or omission relating to the regional water planning group.

(p) If a groundwater conservation district files a petition with the development board stating that a conflict requiring resolution may exist between the district's approved management plan developed under Section 36.1071 and an approved state water plan, the development board shall provide technical assistance to and facilitate coordination between the district and the involved region to resolve the conflict. Not later than the 45th day after the date the groundwater conservation district files a petition with the development board, if the conflict has not been resolved, the district and the involved region shall mediate the conflict. The district and the involved region may seek the assistance of the Center for Public Policy Dispute Resolution at The University of Texas School of Law or an alternative dispute resolution system established under Chapter 152, Civil Practice and Remedies Code, in obtaining a qualified impartial third party to mediate the conflict. The cost of the mediation services must be specified in the agreement between the parties and the Center for Public Policy Dispute Resolution or the alternative dispute resolution system. If the district and the involved region cannot resolve the conflict through mediation, the development board shall resolve the conflict not later than the 60th day after the date the mediation is completed as provided by Subsections (p-1) and (p-2).

(p-1) If the development board determines that resolution of the conflict requires a revision of an approved regional water plan, the development board shall suspend the approval of that plan and provide information to the regional water planning group. The regional water planning group shall prepare any revisions to its plan specified by the development board and shall hold, after notice, at

least one public hearing at some central location within the regional water planning area. The regional water planning group shall consider all public and development board comments, prepare, revise, and adopt its plan, and submit the revised plan to the development board for approval and inclusion in the state water plan.

(p-2) If the development board determines that resolution of the conflict requires a revision of the district's approved groundwater conservation district management plan, the development board shall provide information to the district. The groundwater district shall prepare any revisions to its plan based on the information provided by the development board and shall hold, after notice, at least one public hearing at some central location within the district. The groundwater district shall consider all public and development board comments, prepare, revise, and adopt its plan, and submit the revised plan to the development board.

(p-3) If the groundwater conservation district disagrees with the decision of the development board under Subsection (p), the district may appeal the decision to a district court in Travis County. Costs for the appeal shall be set by the court hearing the appeal. An appeal under this subsection is by trial de novo.

(p-4) On the request of the involved region or groundwater conservation district, the development board shall include discussion of the conflict and its resolution in the state water plan that the development board provides to the governor, the lieutenant governor, and the speaker of the house of representatives under Section 16.051(e).

(q) Each regional planning group shall examine the financing needed to implement the water management strategies and projects identified in the group's most recent approved regional plan and, not later than June 1, 2002, shall report to the board regarding:

(1) how local governments, regional authorities, and other political subdivisions in the region propose to pay for water infrastructure projects identified in the plan; and

(2) what role the regional planning group proposes for the state in financing projects identified in the plan, giving particular attention to proposed increases in the level of state participation in funding for regional projects to meet needs beyond the reasonable financing capability of local governments, regional authorities, and other political subdivisions involved in building water infrastructure.

Text of subsection as added by Acts 2005, 79th Leg., R.S., Ch. 1200  
(H.B. 578), Sec. 1

(r) Information described by Subsection (e)(3)(D) that is included in a regional water plan submitted to the board is excepted from required disclosure under the public information law, Chapter 552, Government Code.

Text of subsection as added by Acts 2005, 79th Leg., R.S., Ch. 1097  
(H.B. 2201), Sec. 8 and amended by Acts 2007, 80th Leg., R.S., Ch.  
1430 (S.B. 3), Sec. 2.15

(r) The board by rule shall provide for reasonable flexibility to allow for a timely amendment of a regional water plan, the board's approval of an amended regional water plan, and the amendment of the state water plan. If an amendment under this subsection is to facilitate planning for water supplies reasonably required for a clean coal project, as defined by Section 5.001, the rules may allow for amending a regional water plan without providing notice and without a public meeting or hearing under Subsection (h) if the amendment does not:

(1) significantly change the regional water plan, as reasonably determined by the board; or

(2) adversely affect other water management strategies in the regional water plan.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.047, eff. Sept. 1, 1985; Acts 1997, 75th Leg., ch. 1010, Sec. 1.02, eff. Sec. 16.054. LOCAL WATER PLANNING. (a) Notwithstanding the provisions of this subsection, groundwater districts are the state's preferred method of managing groundwater resources. It is the policy of the state that water resource management, water conservation, and drought planning should occur on an ongoing basis. The board, commission, and Parks and Wildlife Department shall make available where appropriate technical and financial assistance for such planning. In addition, the Department of Agriculture may provide input and assistance, as appropriate, for local water planning.

(b) Local plans may be submitted to the appropriate regional water planning group for the area as follows:

(1) holders of existing permits, certified filings, or certificates of adjudication for the appropriation of surface water in the amount of 1,000 acre-feet a year or more may submit plans required by Section 11.1271 of this code;

(2) retail and wholesale public water suppliers and irrigation districts may submit plans required by Section 11.1272 of this code;

(3) groundwater districts may submit management plans certified under Section 36.1072 of this code; and

(4) special districts may submit conservation or management plans required by general or special law.

(c) When preparing a plan to be submitted under this section, a person shall consider the implementation of a desalination program if practicable.

(d) The regional water planning group shall consider any plan submitted under this section when preparing the regional water plan

under Section 16.053 of this code. A political subdivision, including a groundwater conservation district, in the regional water planning area may request a regional water planning group to consider specific changes to a regional water plan based on changed conditions or new information. The regional water planning group shall consider the request and shall amend its regional water plan if it determines that an amendment is warranted. If the entity requesting the change is dissatisfied with the decision of the regional planning group, the entity may request that the board review the decision and consider changing the state-approved regional plan.

(e) After January 5, 2002, when preparing individual water plans that address drought or the development, management, or conservation of water resources from the holders of existing permits, certified filings, or certificates of adjudication, the water suppliers, special districts, irrigation districts, and other water users should ensure that the plan is not in conflict with the applicable approved regional water plan for their region.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.047, eff. Sept. 1, 1985; Acts 1997, 75th Leg., ch. 1010, Sec. 1.02, eff. Sept. 1, 1997; Acts 1999, 76th Leg., ch. 456, Sec. 6, eff. June 18, 1999; Acts 1999, 76th Leg., ch. 979, Sec. 6, eff. June 18, 1999; Acts 2001, 77th Leg., ch. 966, Sec. 2.20, eff. Sept. 1, 2001.

Sec. 16.055. DROUGHT RESPONSE PLAN. (a) The chief of the Texas Division of Emergency Management is the state drought manager. The state drought manager is responsible for managing and coordinating the drought response component of the state water plan.

(b) The drought preparedness council is created and shall meet as necessary to carry out the provisions of this section. The council is composed of one representative from each of the following entities, appointed by the administrative head of that entity:

- (1) the Texas Division of Emergency Management;
- (2) the board;
- (3) the commission;
- (4) the Parks and Wildlife Department;
- (5) the Department of Agriculture;
- (6) the Texas A&M AgriLife Extension Service;

- (7) the State Soil and Water Conservation Board;
- (8) the Texas Department of Housing and Community Affairs;
- (9) the Texas A&M Forest Service;
- (10) the Texas Department of Transportation;
- (11) the Texas Department of Economic Development;
- (12) the Public Utility Commission of Texas;
- (13) the independent organization certified under Section 39.151, Utilities Code, for the ERCOT power region; and
- (14) a representative of groundwater management interests who is appointed by the governor.

(c) The governor may designate any other person or a representative of any other entity to serve on the drought preparedness council.

(d) The state drought manager shall serve as chair of the drought preparedness council.

(e) The drought preparedness council shall be responsible for:

- (1) the assessment and public reporting of drought monitoring and water supply conditions;
- (2) advising the governor on significant drought conditions;
- (3) recommending specific provisions for a defined state response to drought-related disasters for inclusion in the state emergency management plan and the state water plan;
- (4) advising the regional water planning groups on drought-related issues in the regional water plans;
- (5) ensuring effective coordination among state, local, and federal agencies in drought-response planning; and
- (6) reporting to the legislature, not later than January 15 of each odd-numbered year, regarding significant drought conditions in the state.

(f) In performing its duties under this section, the drought preparedness council shall consider the following factors when determining whether a drought exists for the purposes of this section:

- (1) meteorological conditions and forecasts;
- (2) hydrological conditions and forecasts;
- (3) water use and demand forecasts;
- (4) water supply conditions and forecasts;
- (5) the potential impacts of the water shortage on:
  - (A) the public health, safety, and welfare;

- (B) economic development; and
- (C) agricultural and natural resources; and

(6) other factors deemed appropriate by the council.

(g) Immediately upon the declaration under Section 418.014 or 418.108, Government Code, of a state of disaster in a county due to drought conditions, the county shall:

(1) publish notice of the declaration of the state of disaster in one or more newspapers having general circulation in the county; and

(2) give notice of the declaration of the state of disaster to:

(A) the chairman of the regional water planning group in which the county is located; and

(B) each person or entity located in the county that is required to develop a water conservation plan under Section 11.1271 or a drought contingency plan under Section 11.1272.

(h) On receipt of the notice under Subsection (g)(2)(B), the person or entity shall immediately implement the person's or entity's water conservation plan and drought contingency plan, as applicable.

(i) Nothing in this section prevents a political subdivision or a person or entity required to develop a water conservation plan under Section 11.1271 or a drought contingency plan under Section 11.1272 from implementing water conservation measures.

(j) The board may notify the commission if the board determines that a person or entity has violated Subsection (h). Notwithstanding Section 7.051(b), a violation of Subsection (h) is enforceable in the manner provided by Chapter 7 for a violation of a provision of this code within the commission's jurisdiction or of a rule adopted by the commission under a provision of this code within the commission's jurisdiction.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1997, 75th Leg., ch. 1010, Sec. 1.02, eff. Sept. 1, 1997; Acts 1999, 76th Leg., ch. 979, Sec. 7, eff. June 18, 1999; Acts 1999, 76th Leg., ch. 1273, Sec. 1, eff. Sept. 1, 1999.

Amended by:

Acts 2009, 81st Leg., R.S., Ch. 1146 (H.B. 2730), Sec. 2B.10, eff. September 1, 2009.

Acts 2013, 83rd Leg., R.S., Ch. 557 (S.B. 662), Sec. 1, eff. September 1, 2013.

Acts 2013, 83rd Leg., R.S., Ch. 1094 (H.B. 3604), Sec. 1, eff. September 1, 2013.

Sec. 16.0551. STATE DROUGHT PREPAREDNESS PLAN. (a) The drought preparedness council shall develop and implement a comprehensive state drought preparedness plan for mitigating the effects of drought in the state and shall periodically update the plan. The plan shall be separate from the state water plan.

(b) The plan shall provide for:

(1) timely and systematic data collection, analysis, and dissemination of drought-related information;

(2) an organizational structure that:

(A) assures information flow between and within levels of government;

(B) defines the duties and responsibilities of all agencies with respect to drought; and

(C) assures coordination between the state and federal governments through integration with applicable national drought policies;

(3) maintenance of an inventory of state and federal programs for assessing and responding to drought emergencies, together with updated recommendations regarding appropriate action;

(4) a mechanism to improve the timely and accurate assessment of drought impact on agriculture, industry, municipalities, wildlife, and the health of the natural resource base;

(5) provision of accurate and timely information to the media to keep the public informed of current conditions; and

(6) procedures to evaluate and revise the plan on a continuous basis to keep the plan responsive to state needs.

(c) The state drought manager shall use existing resources to develop an information and communications network to forecast and inform interested parties and the public of the potential for drought, including programs and staff of state agencies and other political subdivisions and of state institutions of higher education.

Added by Acts 1999, 76th Leg., ch. 979, Sec. 8, eff. June 18, 1999.

Sec. 16.056. FEDERAL ASSISTANCE IN FINANCING REGIONAL WATER PLANS. The executive administrator may take all necessary action to qualify for federal assistance in financing the development and improvement of the regional water plans.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.047, eff. Sept. 1, 1985. Renumbered from Water Code Sec. 16.057 and amended by Acts 1997, 75th Leg., ch. 1010, Sec. 1.02, eff. Sept. 1, 1997.

Sec. 16.058. COLLECTION OF BAYS AND ESTUARIES DATA; CONDUCT OF STUDIES. (a) The Parks and Wildlife Department and the board shall have joint responsibility, in cooperation with other appropriate governmental agencies, to establish and maintain on a continuous basis a bay and estuary data collection and evaluation program and conduct studies and analyses to determine bay conditions necessary to support a sound ecological environment.

(b) The Parks and Wildlife Department and the board each shall designate an employee to share equally in the oversight of the program studies. Other responsibilities shall be divided between the Parks and Wildlife Department and the board to maximize present in-house capabilities of personnel and equipment and to minimize costs to the state.

(c) The Parks and Wildlife Department and the board each shall have reasonable access to all data, studies, analyses, information, and reports produced by the other agency.

(d) The studies shall be completed not later than December 31, 1989. Publication of completed studies shall be submitted for comment to both the board and the Parks and Wildlife Department.

(e) The board may authorize the use of money from the research and planning fund established by Chapter 15 of this code to accomplish the purposes of this section. That money shall be used by the board in cooperation with the Parks and Wildlife Department for interagency contracts with cooperating agencies and universities and contracts with private sector establishments, as necessary, to accomplish the purposes of this section.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.047, eff. Sept. 1, 1985; Acts 1987, 70th Leg., ch. 419, Sec. 2, eff. Sept. 1, 1987.

Sec. 16.059. COLLECTION OF INSTREAM FLOW DATA; CONDUCT OF STUDIES. (a) The Parks and Wildlife Department, the commission, and the board, in cooperation with other appropriate governmental agencies, shall jointly establish and continuously maintain an instream flow data collection and evaluation program and shall conduct studies and analyses to determine appropriate methodologies for determining flow conditions in the state's rivers and streams necessary to support a sound ecological environment. Any stream that consists only of floodwaters and is dry more than 75 percent of the year is exempt from this section.

(b) The Parks and Wildlife Department, the commission, and the board shall each designate an employee to share equally in the oversight of the program studies. Other responsibilities shall be divided between the Parks and Wildlife Department, the commission, and the board to maximize present in-house capabilities of personnel and equipment and to minimize costs to the state.

(c) The Parks and Wildlife Department, the commission, and the board shall each have reasonable access to all data, studies, analyses, information, and reports produced by the other agencies.

(d) The priority studies shall be completed not later than December 31, 2016. The Parks and Wildlife Department, the commission, and the board shall establish a work plan that prioritizes the studies and that sets interim deadlines providing for publication of flow determinations for individual rivers and streams on a reasonably consistent basis throughout the prescribed study period. Before publication, completed studies shall be submitted for comment to the commission, the board, and the Parks and Wildlife Department.

(e) Results of studies completed under this section shall be considered by the commission in its review of any management plan, water right, or interbasin transfer.

(f) The board may authorize the use of money from the research and planning fund established under Chapter 15 to accomplish the purposes of this section. The money shall be used by the board in cooperation with the commission and the Parks and Wildlife Department for interagency contracts with cooperating agencies and universities and contracts with private sector establishments, as necessary, to accomplish the purposes of this section.

Added by Acts 2001, 77th Leg., ch. 966, Sec. 4.17, eff. Sept. 1, 2001.

Amended by:

Acts 2007, 80th Leg., R.S., Ch. 1351 (H.B. 3), Sec. 1.23, eff. September 1, 2007.

Acts 2007, 80th Leg., R.S., Ch. 1430 (S.B. 3), Sec. 1.23, eff. September 1, 2007.

Sec. 16.060. DESALINATION STUDIES AND RESEARCH. (a) The board shall undertake or participate in research, feasibility and facility planning studies, investigations, and surveys as it considers necessary to further the development of cost-effective water supplies from seawater desalination in the state.

(b) The board shall prepare a biennial progress report on the implementation of seawater desalination activities in the state and shall submit it to the governor, lieutenant governor, and speaker of the house of representatives not later than December 1 of each even-numbered year. The report shall include:

(1) results of the board's studies and activities relative to seawater desalination during the preceding biennium;

(2) identification and evaluation of research, regulatory, technical, and financial impediments to the implementation of seawater desalination projects;

(3) evaluation of the role the state should play in furthering the development of large-scale seawater desalination projects in the state; and

(4) the anticipated appropriation from general revenues necessary to continue investigating water desalination activities in the state during the next biennium.

(c) The board shall actively pursue federal sources of funding for desalination projects in the state.

Added by Acts 2003, 78th Leg., ch. 49, Sec. 2, eff. May 15, 2003.

#### **SUBCHAPTER D. COOPERATION WITH FEDERAL GOVERNMENT**

Sec. 16.091. DESIGNATION OF BOARD. The board is designated as the state agency to cooperate with the Corps of Engineers of the United States Army and the Bureau of Reclamation of the United States

Department of the Interior in the planning of water resource development projects in this state.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.047, eff. Sept. 1, 1985.

Sec. 16.092. LOCAL SPONSORS FOR PROJECTS. (a) When a project is proposed for planning or development by the board, the Corps of Engineers of the United States Army, or the Bureau of Reclamation of the United States Department of the Interior, any political subdivision may apply to the executive director for designation as the cooperating local sponsor of the project.

(b) In the application the applicant shall:

(1) describe the purposes of the project;

(2) state the reasons for the application, the contemplated use of water the applicant might derive from the project if a permit for the use is subsequently granted by the commission; and

(3) cite the contributions the applicant is prepared to make to the planning or development of the project.

(c) No application for designation as a local sponsor shall cover more than one proposed project.

(d) The commission shall prescribe the form to be used in applications for designation as cooperating local sponsor. Before accepting the application, the commission may require that the applicant complete the prescribed form.

(e) Before making any designation of local sponsorship, the commission shall set the application for hearing and give public notice of the hearing. Any interested party may appear and be heard for or against the designation of the applicant as project sponsor.

(f) More than one cooperating local sponsor may be designated for each project, but each applicant must comply with the provisions of this section.

(g) After a public hearing, the commission, by written order, shall grant or reject the application and shall state its reasons. The commission may set a reasonable time period for any sponsorship designation.

(h) In granting any future permit for use of water stored in a project for which it has designated a local sponsor, the commission

shall fully recognize that sponsor's contributions to the planning and development of the project.

(i) To the extent that no local cooperator is prepared to undertake local sponsorship of a federal project in whole or part or to the extent that the board has an interest in the project, the board may be designated as sponsor of the project or as an additional cooperating sponsor.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.048, eff. Sept. 1, 1985; Acts 1987, 70th Leg., ch. 20, Sec. 2, eff. Sept. 1, 1987.

Sec. 16.093. PARTICIPATION IN FEDERAL PROGRAMS. (a) The board may execute agreements with the United States Environmental Protection Agency or its successor agency and any other federal agency that administers programs providing federal grants, loans, or other assistance to local or state governments or other persons for water supply projects, treatment works, or structural or nonstructural flood control measures, as those terms are defined by Section 17.001. The board may exercise all duties and responsibilities required for the administration by the board of a federal program described by this subsection.

(b) The executive administrator, with the approval of the board, may execute agreements with the United States Environmental Protection Agency or its successor agency and any other federal agency for activities described by Subsection (a).

(c) The board may accept and use federal funds for the purposes provided by Subsection (a).

Added as Sec. 21.101 by Acts 1977, 65th Leg., p. 253, ch. 120, Sec. 1, eff. Aug. 29, 1977. Renumbered from Sec. 26.048 and amended by Acts 1987, 70th Leg., ch. 977, Sec. 25, eff. June 19, 1987.

Amended by:

Acts 2005, 79th Leg., Ch. 21 (H.B. 1657), Sec. 1, eff. May 9, 2005.

#### **SUBCHAPTER E. ACQUISITION AND DEVELOPMENT OF FACILITIES**

Sec. 16.131. AUTHORIZED PROJECTS. (a) The board may use the state participation account of the development fund to encourage

optimum regional development of projects including the design, acquisition, lease, construction, reconstruction, development, or enlargement in whole or part of:

- (1) reservoirs and storm water retention basins for water supply, flood protection, and groundwater recharge;
  - (2) facilities for the transmission and treatment of water;
- and
- (3) treatment works as defined by Section 17.001.

(b) The board may not use the state participation account of the development fund to finance a project recommended through the state and regional water planning processes under Sections 16.051 and 16.053 if the applicant has failed to satisfactorily complete a request by the executive administrator or a regional planning group for information relevant to the project, including a water infrastructure financing survey under Section 16.053(q).

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 133, Sec. 2.15; Acts 1987, 70th Leg., ch. 1103, Sec. 10, eff. Sept. 1, 1987.

Amended by:

Acts 2011, 82nd Leg., R.S., Ch. 891 (S.B. 370), Sec. 3, eff. June 17, 2011.

Acts 2011, 82nd Leg., R.S., Ch. 983 (H.B. 1732), Sec. 3, eff. September 1, 2011.

Sec. 16.1311. PRIORITY FOR WATER CONSERVATION. The board shall give priority to applications for funds for implementation of water supply projects in the state water plan by entities that:

- (1) have already demonstrated significant water conservation savings; or
- (2) will achieve significant water conservation savings by implementing the proposed project for which the financial assistance is sought.

Added by Acts 2007, 80th Leg., R.S., Ch. 1430 (S.B. 3), Sec. 2.16, eff. September 1, 2007.

Sec. 16.132. JOINT VENTURES. The board may act singly or in a joint venture in partnership with any person or entity, including any

agency or political subdivision of this state, or with another state or its political subdivisions, or with the United States, or with a foreign nation, to the extent permitted by law.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 16.133. PERMITS REQUIRED. Except as provided by Section 16.1331 of this code, the board shall obtain permits from the commission for the storage, transportation, and application to beneficial use of water in reservoirs and associated works constructed by the board.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 133, Sec. 4.04.

Sec. 16.1331. RESERVATION AND APPROPRIATION FOR BAYS AND ESTUARIES AND INSTREAM USES. (a) Five percent of the annual firm yield of water in any reservoir and associated works constructed with state financial participation under this chapter within 200 river miles from the coast, to commence from the mouth of the river thence inland, is appropriated to the Parks and Wildlife Department for use to make releases to bays and estuaries and for instream uses, and the commission shall issue permits for this water to the Parks and Wildlife Department under procedures adopted by the commission.

(b) The Parks and Wildlife Department in cooperation with the commission shall manage this water for the purposes stated in this section.

(c) The Parks and Wildlife Department shall adopt necessary rules and shall enter into necessary memoranda of understanding with the commission to provide necessary rules and procedures for managing the water and for release of the water for the purposes stated in this section.

(d) This section applies only to reservoirs and associated works on which construction begins on or after September 1, 1985.

(e) This section does not limit or repeal any other authority of or law relating to the commission.

(f) Operating and maintenance costs for the percentage of annual firm yield appropriated to the Parks and Wildlife Department

shall be paid by local political subdivisions that are the project owners.

Added by Acts 1985, 69th Leg., ch. 133, Sec. 4.04. Amended by Acts 1995, 74th Leg., ch. 76, Sec. 11.288, eff. Sept. 1, 1995.

Sec. 16.134. STORING WATER. The board may use any reservoir acquired, leased, constructed, reconstructed, developed, or enlarged by it under this chapter to store unappropriated state water and other water acquired by the state.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 16.1341. PAYMENT FOR RELEASES AND PASS-THROUGHS FROM STATE RESERVOIRS. (a) If the commission orders, for the purpose of maintaining the ecological health of any bay and estuary system, a release or pass-through of appropriated water from an existing reservoir owned in part by the board on September 1, 1985, the board shall pay the amount necessary to pay all maintenance and operating costs associated with the storage and release of the water.

(b) If the order under Subsection (a) of this section results in a dedication that reduces the reservoir's firm yield water supply capability, the board is responsible for repayment of that portion of the construction cost indebtedness associated with that dedication.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 4.001, eff. Sept. 1, 1985.

Sec. 16.135. BOARD FINDINGS. Before the board may acquire a facility or interest in a facility, the board shall find affirmatively that:

(1) it is reasonable to expect that the state will recover its investment in the facility;

(2) the cost of the facility exceeds the current financing capabilities of the area involved, and the optimum regional development of the facility cannot be reasonably financed by local interests without state participation;

(3) the public interest will be served by acquisition of the facility; and

(4) the facility to be constructed or reconstructed contemplates the optimum regional development which is reasonably required under all existing circumstances of the site.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 133, Sec. 2.15.

Sec. 16.1351. RECREATIONAL ACCESS. If the board is acquiring an interest in a storage facility, it must also find affirmatively that the applicant has a plan to provide adequate public recreational access areas to suitable recreational resources.

Added by Acts 1985, 69th Leg., ch. 133, Sec. 2.22.

Sec. 16.136. FACILITIES WANTED BY POLITICAL SUBDIVISION. The board may acquire all or part of any authorized facility to the extent that the board finds that the political subdivision:

(1) is willing and reasonably able to finance that portion of the cost of the facility that the board does not acquire;

(2) has obtained all necessary permits;

(3) has proposals that are consistent with the objectives of the state water plan; and

(4) has a program of water conservation for the more efficient use of water as required by Section 15.106 of this code.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1987, 70th Leg., ch. 1103, Sec. 10, eff. Sept. 1, 1987; Acts 2001, 77th Leg., ch. 1234, Sec. 26, eff. Sept. 1, 2001.

Sec. 16.137. CONTRACTS: GENERAL AUTHORITY. (a) The board may execute contracts to the full extent that contracts are constitutionally authorized and not limited for the design, management, acquisition, lease, construction, reconstruction, development, enlargement, operation, or maintenance, singularly or in any combination, of any existing or proposed project.

(b) The board shall obtain the approval of the attorney general

as to the legality of all contracts authorized under this subchapter to which the board is a party.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 16.138. SPECIFIC CONTRACTS AUTHORIZED. Contracts authorized by Section 16.137 of this code shall include but are not limited to the following:

(1) contracts secured by the general credit of the state which shall constitute general obligations of the state in the same manner and with the same effect as water development bonds, and principal and interest on these contracts shall be paid in the manner provided for payment of principal and interest on state bonds by the constitution;

(2) federal grants or grants from other sources;

(3) contracts which may be fully or partially secured by water purchase or repayment contracts executed by political subdivisions of the state for purchase of water and facilities necessary to supply present and future regional and local water requirements;

(4) contracts with any person, including but not limited to the United States, local public agencies, power cooperatives, and investor-owned utilities, for financing, constructing, and operating facilities to operate and deliver pumping energy required for projects; and

(5) contracts for goods and services necessary for the design, management, acquisition, lease, construction, reconstruction, development, enlargement, implementation, operation, or maintenance of any existing or proposed project or portion of the project.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 16.139. CONTRACTS: FACILITIES ACQUIRED FOR A TERM OF YEARS. If facilities are acquired for a term of years, the board may include in the contract provisions for renewal that will protect the state's investment.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 16.140. MAINTENANCE CONTRACTS. The board may execute contracts for the operation and maintenance of the state's interest in any project and may agree to pay reasonable operation and maintenance charges allocable to the state interest.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 16.141. RECREATIONAL FACILITIES. The board may execute contracts with the United States and with state agencies and political subdivisions and with others to the extent authorized for the development and operation of recreational facilities at any project in which the state has acquired an interest. Income received by the board under these contracts may be used for the same purposes as income from the sale of water. The legislature may appropriate money for the development and operation of recreational facilities at projects in which the state has acquired an interest.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 16.142. RECOVERY OF ADMINISTRATIVE COSTS. (a) The board may charge an administrative fee to a political subdivision with which the board agrees to participate in a project under this subchapter.

(b) The board by rule shall set the fee at an amount it considers necessary to recover the costs incurred or to be incurred by the board in administering the project over its life, including the costs of processing an application, monitoring construction, and auditing and monitoring the project. The state auditor may review fees charged by the board to determine whether the fees are set consistent with this subsection, based on a risk assessment performed by the state auditor and subject to the legislative audit committee's approval of including the review in the audit plan under Section 321.013, Government Code.

(c) The board may require the payment of the fee in one or more payments.

(d) Fees shall be deposited as directed by the board for use in administering the program.

Added by Acts 1999, 76th Leg., ch. 1323, Sec. 1, eff. Sept. 1, 1999.  
Amended by Acts 2003, 78th Leg., ch. 785, Sec. 49, eff. Sept. 1, 2003.

Sec. 16.143. OPTION TO LEASE. (a) A former owner of real property used for agricultural purposes that was acquired, voluntarily or through the exercise of the power of eminent domain, for a reservoir whose site has been designated as unique for the construction of a reservoir under Section 16.051(g) is entitled to lease the property from the person who acquired the property under terms that allow the former owner to continue to use the property for agricultural purposes until the person who acquired the property determines that such use must be terminated to allow for the physical construction of the reservoir. Consistent with Subsection (b), the lease is subject to the terms and conditions set forth by the person who has acquired the property that are related to the use of the property by the former owner, including the term of the lease, the rent the former owner is required to pay under the lease, and the uses that may be allowed on the property during the term of the lease.

(b) A former owner of real property used for agricultural purposes is entitled to lease the property for the property's agricultural rental value until the person who acquired the property determines that the lease must be terminated to allow for the physical construction of the reservoir.

Added by Acts 2007, 80th Leg., R.S., Ch. 1430 (S.B. 3), Sec. 3.02, eff. September 1, 2007.

Sec. 16.144. ENVIRONMENTAL MITIGATION. (a) If a person proposing to construct a reservoir whose site has been designated as unique for the construction of a reservoir under Section 16.051(g) is required to mitigate future adverse environmental effects arising from the construction or operation of the reservoir or its related

facilities, the person shall, if authorized by the applicable regulatory authority, attempt to mitigate those effects by offering to contract with and pay an amount of money to an owner of real property located outside of the reservoir site to maintain the property through an easement instead of acquiring the fee simple title to the property for that purpose.

(b) An owner of real property may reject an offer made under Subsection (a). If agreement on the terms of an easement under Subsection (a) cannot be reached by the parties after a good faith attempt and offer is made, then the party constructing the reservoir may obtain fee title to the property through voluntary or involuntary means.

Added by Acts 2007, 80th Leg., R.S., Ch. 1430 (S.B. 3), Sec. 3.02, eff. September 1, 2007.

#### **SUBCHAPTER F. SALE OR LEASE OF FACILITIES**

Sec. 16.181. BOARD MAY SELL OR LEASE PROJECTS. (a) The board may sell, transfer, or lease, to the extent of its ownership, a project acquired, constructed, reconstructed, developed, or enlarged with money from the state participation account.

(b) The board shall obtain the approval of the attorney general as to the legality of all contracts authorized under this subchapter to which the board is a party.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870 Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 133, Sec. 2.16.

Sec. 16.182. PERMIT REQUIRED. Before the board grants the application to buy, receive, or lease the facilities, the applicant shall first secure a permit for water use from the commission. If the facilities are to be leased, the permit may be for a term of years.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 16.183. PERMIT: PARAMOUNT CONSIDERATION OF COMMISSION.

In passing on an application for a permit under this subchapter whether it proposes a use of water inside or outside the watershed of the impoundment, the commission shall give paramount consideration to recouping the state's investment in order to protect the public interest and promote the general welfare.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 16.184. CONTRACT MUST BE NEGOTIATED. The commission shall not issue the permit until the applicant has executed a contract with the board for acquisition of the facilities.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 16.185. RESERVOIR LAND. The board may lease acquired reservoir land until construction of the dam is completed without the necessity of a permit issued by the commission.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 16.186. PRICE OF SALE. (a) The price of the sale or transfer of a state facility acquired prior to September 1, 1977, other than a facility acquired under a contract with the United States, shall be the sum of the direct cost of acquisition, plus an amount of interest calculated when one-half of one percent is added to the weighted average effective interest rate in effect at the date of sale or transfer of the state facility times the amount of board money disbursed for the acquisition times the number of years and fraction of a year from the date or dates of purchase or acquisition to the date or dates of sale or transfer, plus the board's cost of operating and maintaining the facility from the date of acquisition to the date of sale or transfer, less any payments received by the board from the lease of the facility or the sale of water from it. The board may negotiate with a purchaser a different interest rate for calculation of the price of sale if the board determines that

establishment of a different interest rate would benefit the state and would expedite the sale of the board's interest in the facility.

(b) The price of the sale or transfer of a state facility acquired on or subsequent to September 1, 1977, other than a facility acquired under a contract with the United States, shall be the sum of the direct cost of acquisition, plus an amount of interest calculated by multiplying the lending rate in effect at the date of acquisition by the amount of board money disbursed for the acquisition times the number of years and fraction of a year from the date or dates of the purchase or acquisition to the date or dates of the sale or transfer of the state facility, plus the board's cost of operating and maintaining the facility from the date of acquisition to the date of sale or transfer, less any payments received by the board from the lease of the facility or the sale of water from it.

(c) The purchaser of the board's interest in a state facility shall also assume, to the extent disclosed by the board at or prior to the sale, any and all direct, conditional, or contingent liabilities of the board attributed to the project in direct relation to the percentage of the project acquired by the purchaser.

Amended by Acts 1977, 65th Leg., p. 671, ch. 254, Sec. 2, eff. May 25, 1977. Renumbered from 11.356 by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977. Amended by Acts 1989, 71st Leg., ch. 307, Sec. 1, eff. June 14, 1989.

Sec. 16.187. PRICE OF SALE: FACILITIES ACQUIRED UNDER CONTRACTS WITH THE UNITED STATES. (a) The price of the sale or transfer of a facility acquired prior to September 1, 1977, under a contract with the United States shall be the sum of the direct cost of acquisition, plus an amount of interest calculated by adding one-half of one percent to the weighted average effective interest rate in effect at the date of the sale or transfer of the state facility times the amount of board money disbursed for the acquisition times the number of years and fraction of a year for which the board paid interest to the other party to the contract, plus the board's cost of operating and maintaining the facility from the date of acquisition to the date of the sale or transfer, less any payments received by the board from the lease of the facility or the sale of water from it.

(b) The price of the sale or transfer of a state facility acquired on or subsequent to September 1, 1977, under a contract with the United States shall be the sum of the direct cost of acquisition, plus an amount of interest calculated by multiplying the lending rate in effect at the time of acquisition by the amount of board money disbursed for the acquisition of the facility times the number of years and fraction of a year from the date or dates of purchase or acquisition to the date or dates of sale or transfer, plus the board's cost of operating and maintaining the facility from the date of acquisition to the date of the sale or transfer of the facility, less any payments received by the board from the lease of the facility or the sale of water from it.

(c) If, in transferring any contract, the board remains in any way directly, conditionally, or contingently liable for the performance of any part of the contract, then the transferee, in addition to the payments prescribed by Subsection (a) or (b) of this section, as applicable, shall pay to the board annually one-half of one percent of the remaining amount owed to the other party to the contract, and shall continue these payments until the board is fully released from the contract.

Amended by Acts 1977, 65th Leg., p. 671, ch. 254, Sec. 2, eff. May 25, 1977. Renumbered from 11.357 and amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 16.1871. ACQUISITION DATE. (a) If the board has made an initial payment prior to September 1, 1977, to acquire a state facility, other than a facility acquired under a contract with the United States, the state facility shall be deemed to have been acquired prior to September 1, 1977, for purposes of Section 16.186 of this code. If the board makes its initial payment on or after September 1, 1977, to acquire a state facility, other than a facility acquired under a contract with the United States, the state facility shall be deemed to have been acquired on or after September 1, 1977, for purposes of Section 16.186 of this code.

(b) If the board has executed a contract with the United States prior to September 1, 1977, to purchase a state facility, the state facility shall be deemed to have been acquired prior to September 1, 1977, for purposes of Section 16.187 of this code. If the board

executes a contract with the United States on or after September 1, 1977, to purchase a state facility, the state facility shall be deemed to have been acquired on or after September 1, 1977, for purposes of Section 16.187 of this code.

Added by Acts 1977, 65th Leg., p. 673, ch. 254, Sec. 3, eff. May 25, 1977. Renumbered from Sec. 11.3571 and amended by Acts 1987, 70th Leg., ch. 977, Sec. 7, eff. June 19, 1987.

Sec. 16.188. COSTS DEFINED. With reference to the sale of a state facility, "direct cost of acquisition" means the principal amount the board has paid or agreed to pay for a facility up to the date of sale, but does not include the board's cost of operating and maintaining the facility from the date of acquisition to the date of the sale or transfer of the facility.

Amended by Acts 1977, 65th Leg., p. 671, ch. 254, Sec. 2, eff. May 25, 1977. Renumbered from 11.358 by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 16.189. LEASE PAYMENTS. In leasing a state facility for a term of years, the board shall require payments that will recover over the lease period not less than the total of:

- (1) all principal and interest requirements applicable to the debt incurred by the state in acquiring the facility; and
- (2) the state's cost for operation, maintenance, and rehabilitation of the facility.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1997, 75th Leg., ch. 1010, Sec. 5.02, eff. Sept. 1, 1997.

Sec. 16.190. SALE OR LEASE: CONDITION PRECEDENT. (a) No sale, transfer, or lease of a state facility is valid unless the board first makes the following affirmative findings:

- (1) that the applicant has a permit granted by the commission;
- (2) that the sale, transfer, or lease will contribute to

the conservation and development of the water resources of the state; and

(3) that the consideration for the sale, transfer, or lease is fair, just, and reasonable and in full compliance with the law.

(b) The consideration for any such sale or transfer may be either money or revenue bonds, which revenue bonds for the purposes hereof shall be deemed the same as money.

(c) The amount of money shall be equal to the price for purchasing the facilities as prescribed by the provisions of Section 16.187 of this code, or if revenue bonds constitute the consideration, the principal amount of revenue bonds shall be equal to the price for purchasing the facilities as prescribed by the provisions of Section 16.187 of this code, and such revenue bonds shall bear interest at the rate prescribed in Section 17.128 of this code with regard to bonds purchased with the proceeds of the Texas Water Development Fund.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 16.191. DISPOSITION OF PROCEEDS. (a) The money received from any sale, transfer, or lease of facilities as cash, or in the case of a sale or transfer involving revenue bonds, the money received as matured interest or principal on the bonds shall be used to pay the principal of and interest on water development bonds or to meet contractual obligations incurred by the board. The money shall be collected and credited to the proper special fund as is money received in payment of principal and interest on loans to political subdivisions under this code, taking into consideration the manner in which the facilities were acquired.

(b) When enough money has been collected to pay all outstanding indebtedness, including the principal of all state bonds and contractual obligations and the full amount of interest to accrue on these debts, the board may use any further amounts received from the sale, transfer, or lease of facilities to acquire additional facilities or to provide assistance to political subdivisions for water supply projects.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 16.192. SALE OF STORED WATER. The board may sell any unappropriated public water of the state and other water acquired by the state that is stored by or for it. The price will be determined by the board.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 16.193. PERMIT. (a) The board may not sell the water stored in a facility to any person who has not obtained a permit from the commission. The rights of the applicant in the water are governed by the terms and conditions of the permit. The permit may be for a term of years.

(b) Whether the application for a permit involves a proposed use of water inside or outside the watershed of the impoundment, the commission shall give paramount consideration to recouping the state's investment in order to protect the public interest and promote the general welfare.

(c) The permit shall be conditioned on continued payment of the obligations assumed under the contract with the board and may provide for cancellation at any time on breach of the contract.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 16.194. SALE CONTRACT: PROVISIONS, LIMITATIONS. (a) The board may determine the consideration and other provisions to be included in water sale contracts, but the consideration and other provisions shall be fair, reasonable, and nondiscriminatory. The board may include charges for standby service, which means holding water and conservation storage space for use and for actual delivery of water.

(b) The board shall make the same determinations with respect to the sale of water as are required in Section 16.190 of this code with respect to the sale or lease of facilities.

(c) The board shall not compete with any political subdivision in the sale of water when this competition jeopardizes the ability of

the political subdivision to meet obligations incurred to finance its own water supply projects.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 16.195. EMERGENCY RELEASES OF WATER. Unappropriated water and other water of the state stored in any facility acquired by and under the control of the board may be released without charge to relieve any emergency condition arising from drought, severe water shortage, or public calamity, if the commission first determines the existence of the emergency and requests the board to release water.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 16.196. PREFERENCES. The board shall give political subdivisions a preferential right, but not an exclusive right, to purchase, acquire, or lease facilities and to purchase water from facilities. Preferences shall be given in these respects in accord with the provisions of Section 11.123 of this code relating to preferences in the appropriation and use of state water. The board and the commission shall coordinate their efforts to meet these objectives and to assure that the public water of this state, which is held in trust for the use and benefit of the public, will be conserved, developed, and utilized in the greatest practicable measure for the public welfare.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 16.197. LEASE OF LAND PRIOR TO PROJECT CONSTRUCTION. The board may lease tracts of land acquired for project purposes for a term of years for any purpose not inconsistent with ultimate project construction. The lease shall be scheduled to expire before initiation of project construction.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept.

1, 1977.

Sec. 16.198. LEASE CONTRIBUTIONS EQUIVALENT TO TAXES. The lease may provide for contribution by the lessee to units of local government of amounts equivalent to ad valorem taxes or special assessments.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

#### **SUBCHAPTER G. IMPROVEMENTS**

Sec. 16.231. DESIGN OF IMPROVEMENTS OR SYSTEM OF IMPROVEMENTS. Insofar as possible, improvements necessary to reclaim overflowed land, swampland, and other land in this state that is not suitable for use because of temporary or permanent excessive accumulation of water on or contiguous to the land for agricultural or other use shall be designed with primary consideration to the topographic and hydrographic conditions and in such a manner that each division of a project shall be a complete, united project forming a coordinate part of an ultimately finished series of projects so constituted that the successful operation of each united project shall coordinate with the successful operation of other projects within the same hydraulic influence.

Formerly Sec. 16.233, amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977. Renumbered and amended by Acts 1981, 67th Leg., p. 3156, ch. 828, Sec. 8, eff. June 17, 1981.

Sec. 16.232. LOCATION OF PROJECTS; REPORTS. The executive director shall maintain files reflecting engineering reports, studies, drawings, and staff findings and recommendations pertaining to the location and effect of reclamation projects.

Formerly Sec. 16.234, amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977. Renumbered and amended by Acts 1981, 67th Leg., p. 3156, ch. 828, Sec. 8, eff. June 17, 1981. Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.049, eff. Sept. 1, 1985; Acts 1987, 70th Leg., ch. 977, Sec. 16, eff. June 19, 1987.

Sec. 16.233. COOPERATION WITH OTHER AGENCIES. In performing functions that are a part of duties assigned to the commission or board by this code or other law, the executive director, with the approval of the commission, or the executive administrator, with the approval of the board, may confer with federal and state agencies and with political subdivisions and may execute cooperative agreements with them. The executive director or executive administrator may cancel any such agreement on 10 days notice to the other party.

Formerly Sec. 16.235, amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977. Renumbered by Acts 1981, 67th Leg., p. 3156, ch. 828, Sec. 8, eff. June 17, 1981. Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.049, eff. Sept. 1, 1985.

Sec. 16.234. ADVICE TO DISTRICTS. The executive director shall confer with districts requesting technical advice on the adequate execution of proposed levee and drainage improvements.

Formerly Sec. 16.236, amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977. Renumbered by Acts 1981, 67th Leg., p. 3156, ch. 828, Sec. 8, eff. June 17, 1981.

Sec. 16.235. DISTRICTS TO FILE INFORMATION WITH COMMISSION. Immediately before having its bonds approved by the attorney general, each drainage district and levee improvement district shall file with the commission, on forms furnished by the commission, a complete record showing each step in the organization of the district, the amount of bonds to be issued, and a description of the area and boundaries of the district, accompanied by plans, maps, and profiles of improvements and the district engineer's estimates and reports on them.

Formerly Sec. 16.237, amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977. Renumbered by Acts 1981, 67th Leg., p. 3156, ch. 828, Sec. 8, eff. June 17, 1981. Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.049, eff. Sept. 1, 1985.

Sec. 16.236. CONSTRUCTION OF LEVEE WITHOUT APPROVAL OF PLANS; LEVEE SAFETY. (a) No person may construct, attempt to construct, cause to be constructed, maintain, or cause to be maintained any levee or other such improvement on, along, or near any stream of this state that is subject to floods, freshets, or overflows so as to control, regulate, or otherwise change the floodwater of the stream without first obtaining approval of the plans by the commission.

(b) The commission shall make and enforce rules and orders and shall perform all other acts necessary to provide for the safe construction, maintenance, repair, and removal of levees located in this state.

(c) If the owner of a levee that is required to be constructed, reconstructed, repaired, or removed to comply with the rules and orders promulgated under this section wilfully fails or refuses to comply within the 30-day period following the date of an order of the commission requiring such action or compliance or if a person wilfully fails to comply with any rule or order issued by the commission under this section within the 30-day period following the effective date of the order, the person is liable for a penalty of not more than \$1,000 a day for each day the person continues to violate this section. The state may recover the penalty by suit brought for that purpose in a district court of Travis County.

(d) If the commission determines that the existing condition of a levee is creating or will cause extensive or severe property damage or economic loss to others or is posing an immediate and serious threat to human life or health and that other procedures available to the commission to remedy or prevent such property damage or economic loss will result in unreasonable delay, the commission may issue an emergency order, either mandatory or prohibitory in nature, directing the owner of the levee to repair, modify, maintain, dewater, or remove the levee which the commission determines is unsafe. The emergency order may be issued without notice to the levee owner or with notice the commission considers practicable under the circumstances.

(e) If the commission issues an emergency order under authority of this section without notice to the levee owner, the commission shall fix a time and place for a hearing, to be held as soon as practicable but not later than 20 days after the emergency order is authorized, to affirm, modify, or set aside the emergency order. If the nature of the commission's action requires further proceedings,

those proceedings shall be conducted, as appropriate, under Chapter 2001, Government Code.

(f) Nothing in this section or in rules or orders adopted by the commission shall be construed to relieve an owner or operator of a levee of the legal duties, obligations, or liabilities incident to ownership or operation.

(g) Any person who violates any provision of Subsection (a) of this section is guilty of a Class C misdemeanor and upon conviction is punishable by a fine of not more than \$1,000. A separate offense is committed each day a structure constructed in violation of this section is maintained.

(h) Subsection (a) of this section does not apply to:

(1) any dam, reservoir, or canal system associated with a water right issued or recognized by the commission;

(2) dams authorized by Section 11.142 of this code;

(3) a levee or other improvement within the corporate limits of a city or town provided: (a) plans for the construction or maintenance or both must be approved by the city or town as a condition precedent to starting the project and (b) the city or town requires that such plans be in substantial compliance with rules and standards adopted by the commission;

(4) a levee or other improvement within the boundaries of any political subdivision which has qualified for the National Flood Insurance Program as authorized by the National Flood Insurance Act of 1968 (Title 42, U.S.C., Sections 4001-4127) provided: (a) plans for the construction or maintenance or both must be approved by the political subdivision which is participating in the national flood insurance program as a condition precedent to starting the project and (b) the political subdivision requires that such plans be in substantial compliance with rules and standards adopted by the commission;

(5) projects implementing soil and water conservation practices set forth in a conservation plan with a landowner or operator and approved by the governing board of a soil and water conservation district organized under the State Soil Conservation Law, as amended (Article 165a-4, Vernon's Texas Civil Statutes), provided that the governing board finds the practices do not significantly affect stream flooding conditions on, along, or near a state stream; or

(6) any levee or other improvement constructed outside of

the 100-year floodway. For the purposes of this section, "100-year floodway" is defined as the channel of a stream and the adjacent land areas that must be reserved in order to discharge the 100-year flood without cumulatively increasing the water surface elevation more than one foot above the 100-year flood elevation prior to encroachment.

(i) On projects located within the corporate limits of a city or town or within the boundaries of any political subdivision which are exempt from the provisions of Subsection (a) of this section by Subdivision (3) or (4) of Subsection (h) of this section, any person whose property is located outside of the corporate limits of such city or town or of the boundaries of such a political subdivision and whose property is affected or potentially affected by the effect of the project on the floodwaters of the stream may appeal the decision of such political subdivision. The appeal shall be in writing and shall specify the grounds therefor and a copy shall be sent by certified mail to the project applicant and to the city or town or such political subdivision. The timely filing of such an appeal with the executive director suspends the decision of the city or town or political subdivision until a final decision is rendered by the commission. The executive director shall review the complaint and investigate the facts surrounding the nature of the complaint. If the executive director finds that the complaint is frivolous or nonmeritorious or made solely for purposes of harassment or delay, then he shall dismiss the appeal. Otherwise, the executive director shall refer the appeal to the commission which shall after due notice hold a hearing to determine whether the project should be approved using the standards established by the commission and shall hear such appeal de novo under the procedural rules established by the commission for other reclamation projects.

Formerly Sec. 16.238, amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1979, 66th Leg., p. 1375, ch. 615, Sec. 1, eff. Aug. 27, 1979. Renumbered by Acts 1981, 67th Leg., p. 3156, ch. 828, Sec. 8, eff. June 17, 1981. Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.050, eff. Sept. 1, 1985; Acts 1997, 75th Leg., ch. 1010, Sec. 3.05, eff. Sept. 1, 1997.

Sec. 16.237. ADMINISTRATIVE PENALTY; CIVIL REMEDY. (a) If a person violates a commission rule or order adopted under Section

16.236 of this code, the commission may assess an administrative penalty against that person as provided by Section 11.0842 of this code.

(b) Nothing in this chapter affects the right of any private corporation, individual, or political subdivision that has a justiciable interest in pursuing any available common-law remedy to enforce a right or to prevent or seek redress or compensation for the violation of a right or otherwise redress an injury.

Added by Acts 1997, 75th Leg., ch. 1010, Sec. 3.06, eff. Sept. 1, 1997.

#### **SUBCHAPTER H. NAVIGATION FACILITIES**

Sec. 16.271. IMPROVEMENT OF STREAMS AND CANALS AND CONSTRUCTION OF FACILITIES WITHIN CYPRESS CREEK DRAINAGE BASIN. The board may improve streams and canals and construct all waterways and other facilities necessary to provide for navigation within the Cypress Creek drainage basin which is located in the northeast portion of the state.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 16.272. LONG-TERM CONTRACTS WITH THE UNITED STATES. The board may execute long-term contracts with the United States or any of its agencies for the acquisition and development of improvements and facilities under Section 16.271 of this code.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 16.273. TEMPORARY AUTHORITY TO ACT FOR DISTRICT. The board may act in behalf of a local district or districts until they can take over the project or projects in accordance with the board's agreement with the district or districts in acting as the sponsor.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

**SUBCHAPTER I. FLOOD INSURANCE**

Sec. 16.311. SHORT TITLE. This subchapter may be cited as the Flood Control and Insurance Act.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 16.312. PURPOSE. The State of Texas recognizes the personal hardships and economic distress caused by flood disasters since it has become uneconomic for the private insurance industry alone to make flood insurance available to those in need of such protection on reasonable terms and conditions. Recognizing the burden of the nation's resources, congress enacted the National Flood Insurance Act of 1968, as amended (42 U.S.C. Sections 4001 through 4127), whereby flood insurance can be made available through coordinated efforts of the federal government and the private insurance industry, by pooling risks, and the positive cooperation of state and local government. The purpose of this subchapter is to evidence a positive interest in securing flood insurance coverage under this federal program and to so procure for those citizens of Texas desiring to participate and in promoting the public interest by providing appropriate protection against the perils of flood losses and in encouraging sound land use by minimizing exposure of property to flood losses.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 16.313. DEFINITIONS. In this subchapter:

(1) "Political subdivision" means any political subdivision or body politic and corporate of the State of Texas and includes any county, river authority, conservation and reclamation district, water control and improvement district, water improvement district, water control and preservation district, fresh water supply district, irrigation district, and any type of district heretofore or hereafter created or organized or authorized to be created or organized pursuant to the provisions of Article XVI, Section 59 or Article III,

Section 52 of the Constitution of the State of Texas; "political subdivision" also means any interstate compact commission to which the State of Texas is a party, municipal corporation, or city whether operating under the Home Rule Amendment of the Constitution or under the General Law.

(2) "National Flood Insurance Act" means the National Flood Insurance Act of 1968, as amended (42 U.S.C. Sections 4001 through 4127), and the implementation and administration of the Act by the director of the Federal Emergency Management Agency.

(3) "Director" means the director of the Federal Emergency Management Agency.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 2001, 77th Leg., ch. 258, Sec. 1, eff. Sept. 1, 2001.

Sec. 16.314. COOPERATION OF BOARD. In recognition of the necessity for a coordinated effort at all levels of government, the board shall cooperate with the Federal Emergency Management Agency in the planning and carrying out of state participation in the National Flood Insurance Program; however, the responsibility for qualifying for the National Flood Insurance Program shall belong to any interested political subdivision, whether presently in existence or created in the future.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.051, eff. Sept. 1, 1985; Acts 2001, 77th Leg., ch. 258, Sec. 2, eff. Sept. 1, 2001.

Amended by:

Acts 2007, 80th Leg., R.S., Ch. 1323 (S.B. [1436](#)), Sec. 4, eff. September 1, 2007.

Sec. 16.3145. NATIONAL FLOOD INSURANCE PROGRAM ORDERS OR ORDINANCES. The governing body of each city and county shall adopt ordinances or orders, as appropriate, necessary for the city or county to be eligible to participate in the National Flood Insurance Program.

Added by Acts 1999, 76th Leg., ch. 1360, Sec. 1, eff. Aug. 30, 1999.

Sec. 16.315. POLITICAL SUBDIVISIONS; COMPLIANCE WITH FEDERAL REQUIREMENTS. All political subdivisions are hereby authorized to take all necessary and reasonable actions that are not less stringent than the requirements and criteria of the National Flood Insurance Program, including but not limited to:

(1) making appropriate land use adjustments to constrict the development of land which is exposed to flood damage and minimize damage caused by flood losses;

(2) guiding the development of proposed future construction, where practicable, away from a location which is threatened by flood hazards;

(3) assisting in minimizing damage caused by floods;

(4) authorizing and engaging in continuing studies of flood hazards in order to facilitate a constant reappraisal of the flood insurance program and its effect on land use requirements;

(5) engaging in floodplain management, adopting and enforcing permanent land use and control measures that are not less stringent than those established under the National Flood Insurance Act, and providing for the imposition of penalties on landowners who violate this subchapter or rules adopted or orders issued under this subchapter;

(6) declaring property, when such is the case, to be in violation of local laws, regulations, or ordinances which are intended to discourage or otherwise restrict land development or occupancy in flood-prone areas and notifying the director, or whomever the director designates, of such property;

(7) consulting with, giving information to, and entering into agreements with the Federal Emergency Management Agency for the purpose of:

(A) identifying and publishing information with respect to all flood areas, including coastal areas; and

(B) establishing flood-risk zones in all such areas and making estimates with respect to the rates of probable flood-caused loss for the various flood-risk zones for each of these areas;

(8) cooperating with the director's studies and investigations with respect to the adequacy of local measures in flood-prone areas as to land management and use, flood control, flood zoning, and flood damage prevention;

(9) taking steps, using regional, watershed, and multi-objective approaches, to improve the long-range management and use of

flood-prone areas;

(10) purchasing, leasing, and receiving property from the director when such property is owned by the federal government and lies within the boundaries of the political subdivision pursuant to agreements with the Federal Emergency Management Agency or other appropriate legal representative of the United States Government;

(11) requesting aid pursuant to the entire authorization from the board;

(12) satisfying criteria adopted and promulgated by the board pursuant to the National Flood Insurance Program;

(13) adopting permanent land use and control measures with enforcement provisions that are not less stringent than the criteria for land management and use adopted by the director;

(14) adopting more comprehensive floodplain management rules that the political subdivision determines are necessary for planning and appropriate to protect public health and safety;

(15) participating in floodplain management and mitigation initiatives such as the National Flood Insurance Program's Community Rating System, Project Impact, or other initiatives developed by federal, state, or local government; and

(16) collecting reasonable fees to cover the cost of administering a local floodplain management program.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.051, eff. Sept. 1, 1985; Acts 2001, 77th Leg., ch. 258, Sec. 2, eff. Sept. 1, 2001.

Amended by:

Acts 2007, 80th Leg., R.S., Ch. 1323 (S.B. 1436), Sec. 5, eff. September 1, 2007.

Acts 2007, 80th Leg., R.S., Ch. 1430 (S.B. 3), Sec. 2.17, eff. September 1, 2007.

Sec. 16.316. COORDINATION OF LOCAL, STATE, AND FEDERAL PROGRAMS BY BOARD. (a) The board shall aid, advise, and coordinate the efforts of present and future political subdivisions endeavoring to qualify for participation in the National Flood Insurance Program.

(b) Pursuant to the National Flood Insurance Program and state and local efforts complementing the program, the board shall aid, advise, and cooperate with political subdivisions, the Texas

Department of Insurance, and the Federal Emergency Management Agency when aid, advice, and cooperation are requested or deemed advisable by the board.

(c) The aforementioned aid may include but is not necessarily limited to:

- (1) coordinating local, state, and federal programs relating to floods, flood losses, and floodplain management;
- (2) evaluating the present structure of all federal, state, and political subdivision flood control programs within or adjacent to the state, including an assessment of the extent to which public and private floodplain management activities have been instituted;
- (3) carrying out studies with respect to the adequacy of present public and private measures, laws, regulations, and ordinances in flood-prone areas as to land management and use, flood control, flood zoning, and flood damage prevention;
- (4) evaluating all available engineering, hydrologic, and geologic data relevant to flood-prone areas and flood control in those areas;
- (5) carrying out floodplain studies and mapping programs of floodplains, flood-prone areas, and flood-risk zones;
- (6) encouraging the Federal Emergency Management Agency to evaluate flood-prone areas by river basin and river system;
- (7) coordinating the use of federal, state, and local grant money;
- (8) making floodplain maps and floodplain information accessible to the public, including in an electronic format through the board's Internet website; and
- (9) maintaining at least one staff member in each of the board's field offices to encourage participation in the National Flood Insurance Program by performing education and outreach and coordinating the efforts of political subdivisions.

(d) On the basis of such studies and evaluations, the board, to the extent of its capabilities, shall periodically identify and publish information and maps with respect to all floodplain areas, including the state's coastal area, which have flood hazards, and where possible aid the federal government in identifying and establishing flood-risk zones in all such areas.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.051, eff. Sept. 1,

1985; Acts 2001, 77th Leg., ch. 258, Sec. 3, eff. Sept. 1, 2001.  
Amended by:

Acts 2007, 80th Leg., R.S., Ch. 1323 (S.B. 1436), Sec. 6, eff.  
September 1, 2007.

Sec. 16.3161. FLOODPLAIN MANAGEMENT ACCOUNT. (a) The floodplain management account is a special fund in the state treasury outside the general revenue fund. The fund is composed of:

(1) money deposited to the credit of the account under Section 251.004, Insurance Code;

(2) money directly appropriated to the board; and

(3) money from gifts or grants from the United States government, local or regional governments, private sources, or other sources.

(b) The account shall be administered by the board in accordance with this section.

(c) The board may use the account to fund the performance of the board's functions under Section 16.316.

(d) The board may invest, reinvest, and direct the investment of any available money in the account as provided by law for the investment of money under Section 404.024, Government Code.

Added by Acts 2007, 80th Leg., R.S., Ch. 1323 (S.B. 1436), Sec. 7, eff. September 1, 2007.

Sec. 16.317. COOPERATION OF TEXAS DEPARTMENT OF INSURANCE. Pursuant to the National Flood Insurance Program, the Texas Department of Insurance shall aid, advise, and cooperate with political subdivisions, the board, and the Federal Emergency Management Agency when such aid, advice, and cooperation are requested or deemed advisable by the Texas Department of Insurance.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.051, eff. Sept. 1, 1985; Acts 2001, 77th Leg., ch. 258, Sec. 4, eff. Sept. 1, 2001.

Amended by:

Acts 2007, 80th Leg., R.S., Ch. 1323 (S.B. 1436), Sec. 8, eff. September 1, 2007.

Sec. 16.318. RULES. Political subdivisions which qualify for the National Flood Insurance Program, the Texas Department of Insurance, and the board may adopt and promulgate reasonable rules which are necessary for the orderly effectuation of the respective authorizations herein.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.051, eff. Sept. 1, 1985; Acts 2001, 77th Leg., ch. 258, Sec. 4, eff. Sept. 1, 2001.

Amended by:

Acts 2007, 80th Leg., R.S., Ch. 1323 (S.B. 1436), Sec. 9, eff. September 1, 2007.

Sec. 16.319. QUALIFICATION. Political subdivisions wishing to qualify under the National Flood Insurance Program shall have the authority to do so by complying with the directions of the Federal Emergency Management Agency and by:

(1) evidencing to the director a positive interest in securing flood insurance coverage under the National Flood Insurance Program; and

(2) giving to the director satisfactory assurance that measures will have been adopted for the political subdivision that will be not less stringent than the comprehensive criteria for land management and use developed by the Federal Emergency Management Agency.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1977, 65th Leg., 1st C.S., p. 58, ch. 4, Sec. 3, eff. Sept. 1, 1977; Acts 2001, 77th Leg., ch. 258, Sec. 4, eff. Sept. 1, 2001.

Amended by:

Acts 2007, 80th Leg., R.S., Ch. 1323 (S.B. 1436), Sec. 9A, eff. September 1, 2007.

Acts 2007, 80th Leg., R.S., Ch. 1430 (S.B. 3), Sec. 2.17, eff. September 1, 2007.

Sec. 16.320. COASTAL EROSION. The Commissioner of the General Land Office is authorized to perform all acts necessary to develop and implement a program for certification of structures subject to

imminent collapse due to erosion under the National Flood Insurance Act. This program shall include administrative rules adequate to meet all erosion-related requirements of the National Flood Insurance Act, including the establishment of required erosion zones in order for the state to receive approval to administer the program. This section shall apply to any amendment of or law replacing Section 4013(c) of the National Flood Insurance Act. Except as otherwise provided by this section, all actions taken by political subdivisions under Section 16.315 of this code with respect to structures in imminent danger of collapse from coastal erosion must comply with rules and regulations adopted by the commissioner under this section. A political subdivision may adopt rules that are more stringent than those adopted by the commissioner under this section, provided the stricter provisions are intended to ensure compliance with the National Flood Insurance Program's rules, regulations, and policies.

Added by Acts 1991, 72nd Leg., ch. 295, Sec. 38, eff. June 7, 1991.  
Amended by Acts 1997, 75th Leg., ch. 460, Sec. 1, eff. Sept. 1, 1997;  
Acts 2001, 77th Leg., ch. 258, Sec. 4, eff. Sept. 1, 2001.

Sec. 16.321. COASTAL FLOODING. The Commissioner of the General Land Office shall adopt and enforce reasonable rules and regulations necessary for protection from flooding on barrier islands, peninsulas, and mainland areas fronting on the Gulf of Mexico. Rules and regulations adopted pursuant to this section shall be limited to those matters that political subdivisions are authorized to address under Section 16.315 of this code. Except as otherwise provided by this section, all actions taken by political subdivisions under Section 16.315 of this code with respect to flooding on barrier islands, peninsulas, and mainland areas fronting on the Gulf of Mexico must comply with rules and regulations adopted by the commissioner under this section. A political subdivision may adopt rules that are more stringent than those adopted by the commissioner under this section, provided the stricter provisions are intended to ensure compliance with the National Flood Insurance Program's rules, regulations, and policies.

Added by Acts 1991, 72nd Leg., ch. 295, Sec. 39, eff. June 7, 1991.  
Amended by Acts 1997, 75th Leg., ch. 460, Sec. 2, eff. Sept. 1, 1997;  
Acts 2001, 77th Leg., ch. 258, Sec. 4, eff. Sept. 1, 2001.

Sec. 16.322. CIVIL PENALTY. A person who violates this subchapter or a rule adopted or order issued under this subchapter is subject to a civil penalty of not more than \$100 for each act of violation and for each day of violation.

Added by Acts 1997, 75th Leg., ch. 1346, Sec. 1, eff. Sept. 1, 1997.

Sec. 16.3221. CRIMINAL PENALTY. (a) A person commits an offense if the person violates this subchapter.

(b) An offense under this section is a Class C misdemeanor.

(c) Each violation of this subchapter and each day of a continuing violation is a separate offense.

Added by Acts 2001, 77th Leg., ch. 258, Sec. 5, eff. Sept. 1, 2001.

Sec. 16.323. ENFORCEMENT BY POLITICAL SUBDIVISION. (a) If it appears that a person has violated, is violating, or is threatening to violate this subchapter or a rule adopted or order issued under this subchapter, a political subdivision may institute a civil suit in the appropriate court for:

(1) injunctive relief to restrain the person from continuing the violation or threat of violation, including an order directing the person to remove illegal improvements and restore preexisting conditions;

(2) the assessment and recovery of the civil penalty provided by Section 16.322; or

(3) both the injunctive relief and the civil penalty.

(b) On application for injunctive relief and a finding that a person has violated, is violating, or is threatening to violate this subchapter or a rule adopted or order issued under this subchapter, the court shall grant the injunctive relief that the facts warrant.

Added by Acts 1997, 75th Leg., ch. 1346, Sec. 1, eff. Sept. 1, 1997.  
Amended by Acts 1999, 76th Leg., ch. 124, Sec. 1, eff. May 20, 1999;  
Acts 2001, 77th Leg., ch. 258, Sec. 6, eff. Sept. 1, 2001.

Sec. 16.324. COUNTY AUTHORITY TO SET FEE. The commissioners court of a county may set a reasonable fee for the county's issuance of a permit authorized by this subchapter for which a fee is not specifically prescribed. The fee must be set and itemized in the county's budget as part of the budget preparation process.

Added by Acts 2001, 77th Leg., ch. 951, Sec. 2, eff. Sept. 1, 2001.

#### **SUBCHAPTER J. ECONOMICALLY DISTRESSED AREAS**

Sec. 16.341. DEFINITIONS. In this subchapter:

Text of subdivision as amended by Acts 2005, 79th Leg., R.S., Ch. 708 (S.B. 425), Sec. 15

(1) "Affected county" means a county:

(A) that has a per capita income that averaged 25 percent below the state average for the most recent three consecutive years for which statistics are available and an unemployment rate that averaged 25 percent above the state average for the most recent three consecutive years for which statistics are available;

(B) that is adjacent to an international border; or

(C) that is located in whole or in part within 100 miles of an international border and contains the majority of the area of a municipality with a population of more than 250,000.

Text of subdivision as amended by Acts 2005, 79th Leg., R.S., Ch. 927 (H.B. 467), Sec. 2

(1) "Affected county" means a county that has an economically distressed area which has a median household income that is not greater than 75 percent of the median state household income.

(2) "Economically distressed area" has the meaning assigned by Section 17.921.

(3) "Political subdivision" means an affected county, a municipality located in an affected county, a district or authority created under Article III, Section 52, or Article XVI, Section 59, of the Texas Constitution, located in an affected county, or a nonprofit water supply corporation created and operating under Chapter 67, located in an affected county, that receives funds for facility engineering under Section 15.407 or financial assistance under Subchapter K, Chapter 17, or an economically distressed area in an affected county for which financial assistance is received under Subchapter C, Chapter 15.

(4) "Sewer services" or "sewer facilities" means treatment works as defined by Section 17.001 of this code or individual, on-site, or cluster treatment systems such as septic tanks and includes drainage facilities and other improvements for proper functioning of septic tank systems.

Added by Acts 1989, 71st Leg., ch. 624, Sec. 2.13. Amended by Acts 1999, 76th Leg., ch. 62, Sec. 18.59, eff. Sept. 1, 1999; Acts 1999, 76th Leg., ch. 404, Sec. 33, eff. Sept. 1, 1999.

Amended by:

Acts 2005, 79th Leg., Ch. 708 (S.B. 425), Sec. 15, eff. September 1, 2005.

Acts 2005, 79th Leg., Ch. 927 (H.B. 467), Sec. 2, eff. September 1, 2005.

Sec. 16.342. RULES. (a) The board shall adopt rules that are necessary to carry out the program provided by Subchapter K, Chapter 17, of this code and rules:

(1) incorporating existing minimum state standards and rules for water supply and sewer services established by the commission; and

(2) requiring compliance with existing rules of any state agency relating to septic tanks and other waste disposal systems.

(b) In developing rules under this section, the board shall examine other existing laws relating to counties and municipalities.

Added by Acts 1989, 71st Leg., ch. 624, Sec. 2.13. Amended by Acts 1995, 74th Leg., ch. 76, Sec. 11.289, eff. Sept. 1, 1995.

Sec. 16.343. MINIMUM STATE STANDARDS AND MODEL POLITICAL SUBDIVISION RULES. (a) The board shall, after consultation with the attorney general and the commission, prepare and adopt model rules to assure that minimum standards for safe and sanitary water supply and sewer services in residential areas of political subdivisions, including rules of any state agency relating to septic tanks and other waste disposal systems, are met.

(b) The model rules must:

(1) assure that adequate drinking water is available to the residential areas in accordance with Chapter 341, Health and Safety

Code, and the Rules and Regulations for Public Water Systems and the Drinking Water Standards Governing Water Quality and Reporting Requirements for Public Water Supply Systems adopted by the commission and other law and rules applicable to drinking water; and

(2) provide criteria applicable to tracts that were divided into two or more parts to lay out a subdivision and were not platted or recorded before September 1, 2005.

(c) The model rules must:

(1) assure that adequate sewer facilities are available to the residential areas through either septic tanks or an organized sewage disposal system that is a publicly or privately owned system for the collection, treatment, and disposal of sewage operated in accordance with the terms and conditions of a valid waste discharge permit issued by the commission or private sewage facilities in accordance with Chapter 366, Health and Safety Code, and the Construction Standards for On-Site Sewerage Facilities adopted by the commission and other law and rules applicable to sewage facilities; and

(2) provide criteria applicable to tracts that were divided into two or more parts to lay out a subdivision and were not platted or recorded before September 1, 2005.

(d) The model rules must prohibit the establishment of residential developments with lots of five acres or less in the political subdivision without adequate water supply and sewer services. Also, the model rules must prohibit more than one single-family, detached dwelling to be located on each lot.

(e) The model rules must provide criteria governing the distance that structures must be set back from roads or property lines to ensure proper operation of water supply and sewer services and to reduce the risk of fire hazards.

(f) The model rules may impose a platting or replatting requirement pursuant to Subsection (b)(2), (c)(2), or (d). Except as may be required by an agreement developed under Chapter 242, Local Government Code, a municipality that has adopted the model rules may impose the applicable platting requirements of Chapter 212, Local Government Code, and a county that has adopted the model rules may impose the applicable platting requirements of Chapter 232, Local Government Code, to real property that is required to be platted or replatted by the model rules under this section.

(g) Before an application for funds under Section 15.407 or

Subchapter P, Chapter 15, or Subchapter K, Chapter 17, may be considered by the board, if the applicant is located:

(1) in a municipality, the municipality must adopt and enforce the model rules in accordance with this section;

(2) in the extraterritorial jurisdiction of a municipality, the applicant must demonstrate that the model rules have been adopted and are enforced in the extraterritorial jurisdiction by the municipality or the county; or

(3) outside the extraterritorial jurisdiction of a municipality, the county must adopt and enforce the model rules in accordance with this section.

Added by Acts 1989, 71st Leg., ch. 624, Sec. 2.13. Amended by Acts 1991, 72nd Leg., ch. 14, Sec. 284(71), (78), eff. Sept. 1, 1991; Acts 1991, 72nd Leg., ch. 422, Sec. 5, eff. Sept. 1, 1991; Acts 1993, 73rd Leg., ch. 648, Sec. 4, eff. Sept. 1, 1993; Acts 1995, 74th Leg., ch. 76, Sec. 11.290, eff. Sept. 1, 1995; Acts 1995, 74th Leg., ch. 979, Sec. 15, eff. June 16, 1995; Acts 1999, 76th Leg., ch. 404, Sec. 34, eff. Sept. 1, 1999; Acts 2001, 77th Leg., ch. 1234, Sec. 27, eff. Sept. 1, 2001.

Amended by:

Acts 2005, 79th Leg., Ch. 927 (H.B. 467), Sec. 3, eff. September 1, 2005.

Acts 2005, 79th Leg., Ch. 927 (H.B. 467), Sec. 15, eff. September 1, 2005.

Acts 2013, 83rd Leg., R.S., Ch. 1364 (S.B. 1599), Sec. 5, eff. September 1, 2013.

Sec. 16.344. OVERSIGHT. (a) The board shall monitor the performance of a political subdivision that receives financial assistance under Subchapter K, Chapter 17, of this code to ensure that the project approved in the application and plans is constructed in the manner described in the application and plans and that the terms and conditions that govern the financial assistance are satisfied.

(b) A political subdivision that receives financial assistance shall submit to the board monthly or as often as otherwise required by board rules an account of expenditures for the project during the preceding month or other required period.

(c) A political subdivision that receives financial assistance shall furnish at the board's request additional information necessary for the board to monitor compliance with the approved application and plan for financial assistance and the terms and conditions of the financial assistance.

Added by Acts 1989, 71st Leg., ch. 624, Sec. 2.13.

Amended by:

Acts 2007, 80th Leg., R.S., Ch. 1430 (S.B. 3), Sec. 6.01, eff. September 1, 2007.

Sec. 16.345. AUTHORITY TO PARTICIPATE IN PROGRAM. (a) A political subdivision may exercise any authority necessary to participate in a program under Section 15.407 of this code or Subchapter K, Chapter 17, of this code and carry out the terms and conditions under which the funds or the financial assistance is provided.

(b) In addition to any other authority to issue bonds or other obligations or incur any debt, an affected county or another political subdivision, other than a nonprofit water supply corporation, eligible for financial assistance under Subchapter K, Chapter 17, of this code may issue bonds payable from and secured by a pledge of the revenues derived or to be derived from the operation of water supply or sewer service systems for the purpose of acquiring, constructing, improving, extending, or repairing water supply or sewer facilities. The bonds shall be issued in accordance with and an affected county or another political subdivision may exercise the powers granted by:

- (1) Subchapter B, Chapter 1502, Government Code;
- (2) Chapter 1201, Government Code;
- (3) Chapter 1371, Government Code; and
- (4) other laws of the state.

Added by Acts 1989, 71st Leg., ch. 624, Sec. 2.13. Amended by Acts 1999, 76th Leg., ch. 404, Sec. 35, eff. Sept. 1, 1999; Acts 1999, 76th Leg., ch. 1064, Sec. 44, eff. Sept. 1, 1999.

Sec. 16.346. EXAMINATION OF ABILITY OF A DISTRICT TO PROVIDE SERVICES AND FINANCING. (a) In connection with an application under

Subchapter K, Chapter 17, of this code, the board may consider and make any necessary investigations and inquiries as to the feasibility of creating a conservation and reclamation district under Article XVI, Section 59, of the Texas Constitution to provide, in lieu of financial assistance under the application, water supply and sewer services in the area covered by the application through issuance of district bonds to be sold on the regular bond market.

(b) In carrying out its authority under this section, the board may require the applicant to provide necessary information to assist the board in making a determination as to the feasibility of creating a district to provide the services and financing covered by the application.

Added by Acts 1989, 71st Leg., ch. 624, Sec. 2.13.

Sec. 16.347. REQUIREMENT OF IMPOSITION OF DISTRESSED AREAS WATER FINANCING FEE. (a) In this section:

(1) "Distressed areas water financing fee" means a fee imposed by a political subdivision on undeveloped property.

(2) "Undeveloped property" means a tract, lot, or reserve in an area in a political subdivision to be served by water supply or sewer services financed in whole or in part with financial assistance from the board under Subchapter K, Chapter 17, of this code for which a plat has been filed under Subchapter A, Chapter 212, or Chapter 232, Local Government Code.

(b) The board may require, as a condition for granting an application for financial assistance under Subchapter K, Chapter 17, of this code to a political subdivision in which a plat is required to be filed under Subchapter A, Chapter 212, or Chapter 232, Local Government Code, that the applicant impose a distressed areas water financing fee on undeveloped property in the political subdivision if the board determines that imposition of the fee would:

(1) reduce the amount of any financial assistance that the board may provide to accomplish the purposes of the political subdivision under the application; or

(2) assist the political subdivision to more effectively retire any debt undertaken by the political subdivision in connection with financial assistance made available by the board to the political subdivision.

Added by Acts 1989, 71st Leg., ch. 624, Sec. 2.13.

Sec. 16.348. SETTING OF FEE BY POLITICAL SUBDIVISION; LIEN; DELINQUENT FEES. (a) Before a political subdivision may set the amount of or impose a fee under Section 16.347 of this code, the political subdivision shall hold a hearing on the matter.

(b) Notice of the hearing shall be published in a newspaper of general circulation in the political subdivision once a week for two consecutive weeks. The first publication must occur not later than the 30th day before the date of the hearing. The political subdivision shall send, not later than the 30th day before the date of the hearing, notice of the hearing by certified mail, return receipt requested, to each owner of undeveloped property in the political subdivision. The tax assessor and collector of the political subdivision shall certify to the political subdivision the names of the persons owning undeveloped land in the political subdivision as reflected by the most recent certified tax roll of the political subdivision. Notice of the hearing also must be provided by certified mail, return receipt requested, to each mortgagee of record that has submitted a written request to be informed of any hearings. To be effective, the written request must be received by the political subdivision not later than the 60th day before the date of the hearing. The written request for notice must include the name and address of the mortgagee, the name of the property owner in the political subdivision, and a brief property description.

(c) The amount of a distressed areas water financing fee imposed by a political subdivision pursuant to this section must be reasonably related to that portion of the total amount required to be paid annually in repayment of financial assistance that can be attributed to undeveloped property in the area to be served by water supply and sewer services provided with that financial assistance.

(d) The distressed areas water financing fee or the lien securing the fee is not effective or enforceable until the governing body of the political subdivision has filed for recordation with the county clerk in each county in which any part of the political subdivision is located and the county clerk has recorded and indexed a duly affirmed and acknowledged notice of imposition of the distressed areas water financing fee containing the following information:

- (1) the name of the political subdivision;
- (2) the date of imposition by the political subdivision of the distressed areas water financing fee;
- (3) the year or years to which the distressed areas water financing fee applies; and
- (4) a complete and accurate legal description of the boundaries of the political subdivision.

(e) On January 1 of each year, a lien attaches to undeveloped property to secure payment of any fee imposed under this section and the interest, if any, on the fee. The lien shall be treated as if it were a tax lien and has the same priority as a lien for taxes of the political subdivision.

(f) If a distressed areas water financing fee imposed under Section 16.347 of this code is not paid in a timely manner, the political subdivision may file suit to foreclose the lien securing payment of the fee and interest. The political subdivision may recover, in addition to the fee and interest, reasonable costs, including attorney's fees, incurred by the political subdivision in enforcing the lien not to exceed 15 percent of the delinquent fee and interest. A suit authorized by this subsection must be filed not later than the fourth anniversary of the date the fee became due. A fee delinquent for more than four years and interest on the fee are considered paid unless a suit is filed before the expiration of the four-year period.

(g) A person owning undeveloped property for which a distressed areas water financing fee is assessed under this section may not construct or add improvements to the property if the fee is delinquent.

(h) A political subdivision shall, on the written request of any person and within five days after the date of the request, issue a certificate stating the amount of any unpaid distressed areas water financing fees, including interest on the fees, that have been imposed or assessed against a tract of property located in the political subdivision. The political subdivision may charge a fee not to exceed \$10 for each certificate. A certificate issued through fraud or collusion is void.

Added by Acts 1989, 71st Leg., ch. 624, Sec. 2.13.

Sec. 16.349. FEES. (a) A political subdivision that receives financial assistance may charge persons in an economically distressed area in which water supply and sewer services are furnished an amount for those services that is not less than the amount provided in the application for financial assistance.

(b) Except as provided by Subsection (c), the amount charged under Subsection (a) of this section may be equal to or less than the rates paid for water supply and sewer services by residents of the political subdivision.

(c) A political subdivision holding a certificate of convenience and necessity described by Section 13.242, that extends service to an economically distressed area outside the boundaries of the political subdivision, may not charge the residents of the area rates that exceed the lesser of:

- (1) the cost of providing service to the area; or
- (2) the rates charged other residents of the political subdivision plus 15 percent.

Added by Acts 1989, 71st Leg., ch. 624, Sec. 2.13. Amended by Acts 1995, 74th Leg., ch. 979, Sec. 16, eff. June 16, 1995.

Sec. 16.350. ELIGIBLE COUNTIES AND MUNICIPALITIES TO ADOPT RULES. (a) A county or municipality that applies for or receives funds or financial assistance under Section 15.407 of this code or Subchapter K, Chapter 17, of this code must adopt and enforce the model rules developed under Section 16.343 of this code to be eligible to participate in this program. The county or municipality by order or ordinance shall adopt and enter the model rules in the minutes of a meeting of its governing body and shall publish notice of that action in a newspaper with general circulation in the county or municipality. A municipality is eligible to participate in this program only if the county in which the project is located adopts and enforces the model rules.

(b) Rules adopted by the commissioners court under this section must apply to all the unincorporated area of the county.

(c) A municipality may adopt rules relating to water supply and sewer services within its corporate boundaries and extraterritorial jurisdiction that are more strict than those prepared under Section 16.343 of this code.

(d) A county or municipality that receives funds or financial assistance under Section 15.407 of this code or Subchapter K, Chapter 17, of this code may grant an exemption for a subdivision from the requirements of the model rules only if the county or municipality supplies the subdivision with water supply and sewer services that meet the standards of the model rules.

Added by Acts 1989, 71st Leg., ch. 624, Sec. 2.13. Amended by Acts 1991, 72nd Leg., ch. 422, Sec. 6, eff. Sept. 1, 1991.

Sec. 16.351. CONTRACT PREFERENCE. A political subdivision that receives financial assistance under Subchapter K, Chapter 17, of this code shall give preference in the award of political subdivision contracts to acquire, construct, extend, or provide water supply and sewer services or facilities to a bidder that agrees to use labor from inside the political subdivision to the extent possible.

Added by Acts 1989, 71st Leg., ch. 624, Sec. 2.13.

Sec. 16.352. ENFORCEMENT OF RULES. A person who violates a rule adopted by a municipality or county under this subchapter or under Subchapter B or C, Chapter 232, Local Government Code, is liable to the municipality or county for a civil penalty of not less than \$500 and not more than \$1,000 for each violation and for each day of a violation. The maximum civil penalty that may accrue each day is \$5,000. The appropriate attorney representing the municipality or county may sue to collect the penalty. The recovered penalty shall be deposited in the general fund of the municipality or county.

Added by Acts 1999, 76th Leg., ch. 404, Sec. 36, eff. Sept. 1, 1999.

Sec. 16.353. INJUNCTION. (a) In addition to any other remedy, the attorney general, the municipal attorney of the municipality in which a violation under Section 16.352 occurs, or the county or district attorney of the county in which a violation under Section 16.352 occurs may apply to a district court for, and the district court may grant, the state or the political subdivision an appropriate prohibitory or mandatory order, including a temporary

restraining order or a temporary or permanent injunction, enjoining a violation of this subchapter, the rules described by Section 16.352, or Subchapter B or C, Chapter 232, Local Government Code.

(b) An injunction issued under this section may be issued without the requirement of a bond or other undertaking.

Added by Acts 1999, 76th Leg., ch. 404, Sec. 36, eff. Sept. 1, 1999.

Sec. 16.3535. DAMAGES. In addition to any other remedy, the attorney general, the municipal attorney of the municipality in which a violation under Section 16.352 occurs, or the county or district attorney of the county in which a violation under Section 16.352 occurs may apply to a district court for, and the district court may grant, monetary damages to cover the cost of enforcing this subchapter, rules adopted under this subchapter, or Subchapter B or C, Chapter 232, Local Government Code.

Added by Acts 1999, 76th Leg., ch. 404, Sec. 36, eff. Sept. 1, 1999.

Sec. 16.354. ATTORNEY GENERAL ENFORCEMENT. In addition to the ability of any political subdivision to enforce this subchapter, the attorney general may file suit to:

- (1) enforce a rule adopted under Section 16.350;
- (2) recover a civil penalty under Section 16.352;
- (3) obtain injunctive relief under Section 16.353;
- (4) recover damages under Section 16.3535;
- (5) enforce a political subdivision's rules, recover any penalty, recover any damages, and obtain any injunctive relief; or
- (6) recover attorney's fees, investigative costs, and court costs.

Added by Acts 1999, 76th Leg., ch. 404, Sec. 36, eff. Sept. 1, 1999.

Sec. 16.3545. VENUE. A suit brought under this subchapter for injunctive relief or the recovery of a civil penalty or damages may be brought in a district court in:

- (1) the county in which the defendant resides;
- (2) the county in which the alleged violation or threat of

violation occurs; or  
(3) Travis County.

Added by Acts 1999, 76th Leg., ch. 404, Sec. 36, eff. Sept. 1, 1999.

Sec. 16.355. AUTHORITY OVER FACILITIES. A political subdivision may construct, contract for construction, operate, or contract with any person for operation of any water supply or sewer services or facilities provided by the political subdivision with financial assistance obtained under Subchapter K, Chapter 17, of this code.

Added by Acts 1989, 71st Leg., ch. 624, Sec. 2.13.

Sec. 16.356. USE OF REVENUE FROM OPERATION OF WATER SUPPLY OR SEWER SERVICE PROJECTS. (a) A political subdivision that receives financial assistance from the economically distressed areas program under Subchapter K, Chapter 17, may not use any revenue received from fees collected from a water supply or sewer service constructed in whole or in part from funds from the economically distressed areas program account for purposes other than utility purposes. The annual financial statement prepared by a municipality under Section 103.001, Local Government Code, must include a specific report on compliance with this section.

(b) At the request of the board or on the attorney general's own initiative, the attorney general may file suit to enjoin an actual or threatened violation of this section.

Added by Acts 1999, 76th Leg., ch. 404, Sec. 37, eff. Sept. 1, 1999.

#### **SUBCHAPTER K. WATER CONSERVATION**

Sec. 16.401. STATEWIDE WATER CONSERVATION PUBLIC AWARENESS PROGRAM. (a) The executive administrator shall develop and implement a statewide water conservation public awareness program to educate residents of this state about water conservation. The program shall take into account the differences in water conservation needs of various geographic regions of the state and shall be designed to complement and support existing local and regional water

conservation programs.

(b) The executive administrator is required to develop and implement the program required by Subsection (a) in a state fiscal biennium only if the legislature appropriates sufficient money in that biennium specifically for that purpose.

Added by Acts 2007, 80th Leg., R.S., Ch. 1352 (H.B. 4), Sec. 8, eff. June 15, 2007.

Added by Acts 2007, 80th Leg., R.S., Ch. 1430 (S.B. 3), Sec. 2.18, eff. September 1, 2007.

Sec. 16.402. WATER CONSERVATION PLAN REVIEW. (a) Each entity that is required to submit a water conservation plan to the commission under this code shall submit a copy of the plan to the executive administrator.

(b) Each entity that is required to submit a water conservation plan to the executive administrator, board, or commission under this code shall report annually to the executive administrator on the entity's progress in implementing the plan.

(c) The executive administrator shall review each water conservation plan and annual report to determine compliance with the minimum requirements established by Section 11.1271 and the submission deadlines developed under Subsection (e) of this section.

(d) The board may notify the commission if the board determines that an entity has violated this section or a rule adopted under this section. Notwithstanding Section 7.051(b), a violation of this section or of a rule adopted under this section is enforceable in the manner provided by Chapter 7 for a violation of a provision of this code within the commission's jurisdiction or of a rule adopted by the commission under a provision of this code within the commission's jurisdiction.

(e) The board and commission jointly shall adopt rules:

(1) identifying the minimum requirements and submission deadlines for the annual reports required by Subsection (b);

(2) requiring the methodology and guidance for calculating water use and conservation developed under Section 16.403 to be used in the reports required by Subsection (b); and

(3) providing for the enforcement of this section and rules adopted under this section.

(f) At a minimum, rules adopted under Subsection (e)(2) must require an entity to report the most detailed level of municipal water use data currently available to the entity. The board and commission may not adopt a rule that requires an entity to report municipal water use data that is more detailed than the entity's billing system is capable of producing.

Added by Acts 2007, 80th Leg., R.S., Ch. 1352 (H.B. 4), Sec. 8, eff. June 15, 2007.

Added by Acts 2007, 80th Leg., R.S., Ch. 1430 (S.B. 3), Sec. 2.18, eff. September 1, 2007.

Amended by:

Acts 2011, 82nd Leg., R.S., Ch. 1233 (S.B. 660), Sec. 10, eff. September 1, 2011.

Text of section as added by Acts 2011, 82nd Leg., R.S., Ch. 595 (S.B. 181), Sec. 2

For text of section as added by Acts 2011, 82nd Leg., R.S., Ch. 1233 (S.B. 660), Sec. 11, see other Sec. 16.403.

Sec. 16.403. WATER USE REPORTING. (a) The legislature finds that:

(1) tracking water use over time and evaluating the effects of water conservation programs or strategies are vital components of planning for and managing the state's water resources to estimate and meet future water demand requirements;

(2) gallons per capita per day, the common metric used by municipalities and water utilities for water supply planning and the calculation of water use, is not an accurate measure of water use or water conservation because a uniform, consistent methodology for the calculation of gallons per capita per day has not been established;

(3) using a single gallons per capita per day metric to compare the water use of municipalities and water utilities does not produce a reliable comparison because water use is dependent on several variables, including differences in the amount of water used for commercial and industrial sector activities, power production, permanent versus temporary service populations, and agricultural sector production;

(4) if valid water use comparisons and evaluations of a municipality's or water utility's water conservation programs are to

be made over time for statewide resource management and water supply planning and permitting purposes, the methodology used to calculate gallons per capita per day must be uniform for all water suppliers;

(5) a municipality's or water utility's industrial and agricultural sector's gallons per capita per day figures are not an accurate measure of actual water use and conservation by entities within those sectors because water use in the industrial and agricultural sectors is not population-dependent and therefore not accurately calculated using a population-based metric; and

(6) a sector-based water use metric, adjusted for variables in water use by municipalities and water utilities, is necessary in order to provide an accurate comparison of water use and water conservation among municipalities and water utilities.

(b) The board and the commission, in consultation with the Water Conservation Advisory Council, shall develop a uniform, consistent methodology and guidance for calculating water use and conservation to be used by a municipality or water utility in developing water conservation plans and preparing reports required under this code. At a minimum, the methodology and guidance must include:

(1) a method of calculating total water use by a municipality or water utility, including water billed and nonrevenue water used, and a method of calculating water use for each sector of water users served by a municipality or water utility;

(2) a method of calculating total water use by a municipality or water utility in gallons per capita per day;

(3) a method of classifying water users within sectors;

(4) a method of calculating water use in the residential sector that includes both single-family and multifamily residences, in gallons per capita per day;

(5) a method of calculating water use in the industrial, agricultural, commercial, and institutional sectors that is not dependent on a municipality's population or the number of customers served by a water utility; and

(6) guidelines on the use of service populations by a municipality or water utility in developing a per-capita-based method of calculation, including guidance on the use of permanent and temporary populations in making calculations.

(c) The board or the commission, as appropriate, shall use the methodology and guidance developed under Subsection (b) in evaluating

a water conservation plan, program of water conservation, survey, or other report relating to water conservation submitted to the board or the commission under:

- (1) Section 11.1271;
- (2) Section 13.146;
- (3) Section 15.106;
- (4) Section 15.607;
- (5) Section 15.975;
- (6) Section 15.995;
- (7) Section 16.012(m);
- (8) Section 16.402;
- (9) Section 17.125;
- (10) Section 17.277;
- (11) Section 17.857; or
- (12) Section 17.927.

(d) The board, in consultation with the commission and the Water Conservation Advisory Council, shall develop a data collection and reporting program for municipalities and water utilities with more than 3,300 connections.

(e) Not later than January 1 of each odd-numbered year, the board shall submit to the legislature a report that includes the most recent data relating to:

- (1) statewide water usage in the residential, industrial, agricultural, commercial, and institutional sectors; and
- (2) the data collection and reporting program developed under Subsection (d).

Added by Acts 2011, 82nd Leg., R.S., Ch. 595 (S.B. 181), Sec. 2, eff. June 17, 2011.

Text of section as added by Acts 2011, 82nd Leg., R.S., Ch. 1233  
(S.B. 660), Sec. 11

For text of section as added by Acts 2011, 82nd Leg., R.S., Ch. 595  
(S.B. 181), Sec. 2, see other Sec. 16.403.

Sec. 16.403. WATER USE REPORTING. (a) The board and the commission, in consultation with the Water Conservation Advisory Council, shall develop a uniform, consistent methodology and guidance for calculating water use and conservation to be used by a municipality or water utility in developing water conservation plans

and preparing reports required under this code. At a minimum, the methodology and guidance must include:

(1) a method of calculating water use for each sector of water users served by a municipality or water utility;

(2) a method of classifying water users within sectors;

(3) a method of calculating water use in the residential sector that includes both single-family and multifamily residences, in gallons per capita per day;

(4) a method of calculating water use in the industrial, agricultural, commercial, and institutional sectors that is not dependent on a municipality's population or the number of customers served by a water utility; and

(5) guidelines on the use of service populations by a municipality or water utility in developing a per-capita-based method of calculation, including guidance on the use of permanent and temporary populations in making calculations.

(b) The board or the commission, as appropriate, shall use the methodology and guidance developed under Subsection (a) in evaluating a water conservation plan, program of water conservation, survey, or other report relating to water conservation submitted to the board or the commission under:

(1) Section 11.1271;

(2) Section 13.146;

(3) Section 15.106;

(4) Section 15.607;

(5) Section 15.975;

(6) Section 15.995;

(7) Section 16.012(m);

(8) Section 16.402;

(9) Section 17.125;

(10) Section 17.277;

(11) Section 17.857; or

(12) Section 17.927.

(c) The board, in consultation with the commission and the Water Conservation Advisory Council, shall develop a data collection and reporting program for municipalities and water utilities with more than 3,300 connections.

(d) Not later than January 1 of each odd-numbered year, the board shall submit to the legislature a report that includes the most recent data relating to:

(1) statewide water usage in the residential, industrial, agricultural, commercial, and institutional sectors; and

(2) the data collection and reporting program developed under Subsection (c).

(e) Data included in a water conservation plan or report required under this code and submitted to the board or commission must be interpreted in the context of variations in local water use. The data may not be the only factor considered by the commission in determining the highest practicable level of water conservation and efficiency achievable in the jurisdiction of a municipality or water utility for purposes of Section 11.085(1).

Added by Acts 2011, 82nd Leg., R.S., Ch. 1233 (S.B. 660), Sec. 11, eff. September 1, 2011.

Text of section as added by Acts 2011, 82nd Leg., R.S., Ch. 595 (S.B. 181), Sec. 2

For text of section as added by Acts 2011, 82nd Leg., R.S., Ch. 1233 (S.B. 660), Sec. 11, see other Sec. 16.404.

Sec. 16.404. RULES AND STANDARDS. The commission and the board, as appropriate, shall adopt rules and standards as necessary to implement this subchapter. At a minimum, the rules adopted under this subchapter must require an entity to report the most detailed level of water use data currently available to the entity. The commission may not adopt a rule that requires an entity to report water use data that is more detailed than the entity's billing system is capable of producing. The rules may require that billing systems purchased after September 1, 2011, be capable of reporting detailed water use data described in this subchapter.

Added by Acts 2011, 82nd Leg., R.S., Ch. 595 (S.B. 181), Sec. 2, eff. June 17, 2011.

Text of section as added by Acts 2011, 82nd Leg., R.S., Ch. 1233 (S.B. 660), Sec. 11

For text of section as added by Acts 2011, 82nd Leg., R.S., Ch. 595 (S.B. 181), Sec. 2, see other Sec. 16.404.

Sec. 16.404. RULES AND STANDARDS. The commission and the board, as appropriate, shall adopt rules and standards as necessary to implement this subchapter.

Added by Acts 2011, 82nd Leg., R.S., Ch. 1233 (S.B. 660), Sec. 11, eff. September 1, 2011.

## CHAPTER 17. PUBLIC FUNDING

### SUBCHAPTER A. GENERAL PROVISIONS

Sec. 17.001. DEFINITIONS. In this chapter:

- (1) "Board" means the Texas Water Development Board.
- (2) "Commission" means the Texas Natural Resource Conservation Commission.
- (3) "Executive administrator" means the executive administrator of the Texas Water Development Board.
- (4) "Executive director" means the executive director of the Texas Natural Resource Conservation Commission.
- (5) "Development fund manager" means the development fund manager of the Texas Water Development Board.
- (6) "Political subdivision" means a state agency, a county, city, or other body politic or corporate of the state, including any district or authority created under Article III, Section 52 or Article XVI, Section 59 of the Texas Constitution and including any interstate compact commission to which the state is a party and any nonprofit water supply corporation created and operating under Chapter 76, Acts of the 43rd Legislature, 1st Called Session, 1933 (Article 1434a, Vernon's Texas Civil Statutes).
- (7) "Water supply project" means:
  - (A) any engineering undertaking or work to conserve and develop water resources of the state, including the control, storage, and preservation of its storm water and floodwater and the water of its rivers and streams for all useful and lawful purposes by the acquisition, improvement, extension, or construction of dams, reservoirs, brush control, precipitation enhancement, desalinization, and other water storage and conservation projects, which may include flood storage, including underground storage projects, filtration and water treatment plants, including any system necessary to transport water from storage to points of distribution or from storage to filtration and treatment plants, including facilities for

transporting water therefrom to wholesale purchasers or to retail purchasers as authorized by Section 17.072(c) of this code, by the acquisition, by purchase of rights in water, by the drilling of wells, or for any one or more of these purposes or methods;

(B) any engineering undertaking or work outside the state to provide for the maintenance and enhancement of the quality of water by eliminating saline inflow through well pumping and deep well injection of brine if such undertaking or work results in water being available for use in or for the benefit of Texas;

(C) any undertaking or work by Texas political subdivisions to conserve, convey, or develop water resources in areas outside Texas if such undertaking or work results in water being available for use in or for the benefit of Texas; or

(D) a channel storage reservoir located on an international boundary between Texas and Mexico that develops the water resources of Texas and the research, planning, and actions necessary to obtain regulatory authority at the local, state, and federal level.

(8) "Construction" means any one or more of the following:

(A) preliminary planning to determine the feasibility of a water supply project, treatment works, or flood control measures;

(B) engineering, architectural, legal, title, fiscal, or economic investigations or studies, surveys, designs, plans, working drawings, specifications, procedures, or other necessary actions;

(C) the expense of any condemnation or other legal proceeding;

(D) erecting, building, acquiring, altering, remodeling, improving, or extending a water supply project, treatment works, or flood control measures; or

(E) the inspection or supervision of any of the items listed in this subdivision.

(9) "Treatment works" means any devices and systems used in the storage, treatment, recycling, and reclamation of waste to implement this chapter or necessary to recycle or reuse water at the most economical cost over the estimated life of the works, including:

(A) intercepting sewers, outfall sewers, pumping, power, and other equipment and their appurtenances;

(B) extensions, improvements, remodeling, additions,

and alterations of items listed in Paragraph (A) of this subdivision;

(C) elements essential to provide a reliable recycled supply such as standby treatment units and clear well facilities;

(D) any works, including sites for works and acquisition of the land that will be a part of or used in connection with the treatment process or is used for ultimate disposal of residues resulting from treatment;

(E) any plant, disposal field, lagoon, canal, incinerator, area devoted to sanitary landfills, or other facilities installed for the purpose of treating, neutralizing, or stabilizing waste; or

(F) facilities to provide for the collection, control, and disposal of waste heat.

(10) "Water quality enhancement" means the construction of treatment works by political subdivisions with loans provided by water quality enhancement funds.

(11) "Water quality enhancement funds" means the proceeds from the sale of Texas Water Development Bonds issued under the authority of Article III, Section 49-d-1, of the Texas Constitution, and proceeds from the sale of bonds dedicated to water quality enhancement purposes under Article III, Sections 49-d-2, 49-d-6, and 49-d-7, of the Texas Constitution.

(12) "Flood control funds" means the proceeds from the sale of Texas Water Development Bonds issued under the authority of Article III, Sections 49-d-2, 49-d-6, and 49-d-7, of the Texas Constitution and reserved for flood control purposes.

(13) "Floodplain management plan" means a comprehensive plan for flood control within a watershed, based on analysis of alternative nonstructural and structural means of reducing flood hazards, including assessments of costs, benefits, and environmental effects and may include preliminary design of structural flood control projects.

(14) "Nonstructural flood control" includes measures such as:

(A) acquisition of floodplain land for use as public open space;

(B) acquisition and removal of buildings located in a floodplain; or

(C) relocation of residents of buildings removed from a floodplain.

(15) "Structural flood control" includes measures such as construction of storm water retention basins, enlargement of stream channels, beach nourishment, and modification or reconstruction of bridges.

(16) "Floodplain" means land subject to inundation by the 100-year-frequency flood.

(17) "Financial assistance" means any loan of funds from the water supply account, the water quality enhancement account, or the flood control account to a political subdivision for construction of a water supply project, including projects referenced in the state water plan, treatment works, or flood control measures through the purchase of bonds or other obligations of the political subdivision, and any loan of funds the source of which is the proceeds from water financial assistance bonds.

(18) "Bonds" means Texas Water Development Bonds authorized by the Texas Constitution.

(19) "Waste" has the same meaning as provided in Section 26.001 of this code.

(20) "Water development bonds" means the Texas Water Development Bonds authorized by Article III, Sections 49-c and 49-d, of the Texas Constitution and bonds dedicated to use for the purposes of those sections and for flood control purposes under Article III, Sections 49-d-2, 49-d-6, and 49-d-7, of the Texas Constitution.

(21) "Water quality enhancement bonds" means the Texas Water Development Bonds authorized by Article III, Section 49-d-1, of the Texas Constitution and bonds dedicated to use for the purposes of that section by Article III, Sections 49-d-2, 49-d-6, and 49-d-7, of the Texas Constitution.

(22) "Lending rate" means the rate of interest established by the board as the lending rate.

(23) "Conservation" means:

(A) the development of water resources; and

(B) those practices, techniques, and technologies that will reduce the consumption of water, reduce the loss or waste of water, improve the efficiency in the use of water, or increase the recycling and reuse of water so that a water supply is made available for future or alternative uses.

(24) "Regional facility" means a water supply, wastewater collection and treatment, flood control, or other system which incorporates multiple service areas or drainage areas into an

areawide service facility thereby reducing the number of required facilities, or any system which serves an area that is other than a single county, city, special district, or other political subdivision of the state the specified size of which is determined by:

- (A) population;
- (B) number of governmental entities served;
- (C) service capacity; or
- (D) any combination of the factors listed in Paragraphs

(A) through (C) of this subdivision.

Regional wastewater treatment facilities may also include those identified in the approved state water quality management plan and the annual updates to that plan.

(25) "Water financial assistance bonds" means the Texas Water Development Bonds authorized to be issued by Section 49-d-8, Article III, Texas Constitution, and dedicated to use for the purposes described in that section.

Amended by Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987; Acts 1987, 70th Leg., ch. 7, Sec. 1, 3(2), (3), eff. March 24, 1987; Acts 1987, 70th Leg., ch. 167, Sec. 5.01(a)(57) eff. Sept. 1, 1987; Acts 1987, 70th Leg., 2nd C.S., ch. 66, Sec. 2; Acts 1989, 71st Leg., ch. 1062, Sec. 2; Acts 1991, 72nd Leg., ch. 295, Sec. 42, eff. June 7, 1991; Acts 1991, 72nd Leg., 1st C.S., ch. 3, Sec. 1.065, eff. Aug. 12, 1991; Acts 1997, 75th Leg., ch. 1010, Sec. 5.04, eff. Sept. 1, 1997; Acts 1997, 75th Leg., ch. 1010, Sec. 5.05.

Sec. 17.002. OPEN MEETINGS AND OPEN RECORDS LAWS. Nonprofit water supply corporations which receive any assistance under this chapter are subject to Chapter 551, Government Code, and to Chapter 552, Government Code.

Added by Acts 1985, 69th Leg., ch. 133, Sec. 2.20. Amended by Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987; Acts 1995, 74th Leg., ch. 76, Sec. 5.95(78), (90), eff. Sept. 1, 1995.

Sec. 17.003. BOND REVIEW. (a) Bonds may not be issued under this chapter after January 1, 1988, and proceeds of bonds issued after January 1, 1988, may not be used to finance a project unless the issuance or project, as applicable, has been reviewed and

approved by the bond review board.

(b) A member of the bond review board may not be held liable for damages resulting from the performance of the members' functions under this chapter.

(c) Water financial assistance bonds that have been authorized but have not been issued are not considered to be state debt payable from the general revenue fund for purposes of Section 49-j, Article III, Texas Constitution, until the legislature makes an appropriation from the general revenue fund to the board to pay the debt service on the bonds.

(d) In requesting approval for the issuance of bonds under this chapter, the executive administrator shall certify to the bond review board whether the bonds are reasonably expected to be paid from:

- (1) the general revenues of the state; or
- (2) revenue sources other than the general revenues of the state.

(e) The bond review board shall verify whether debt service on bonds to be issued by the board under this chapter is state debt payable from the general revenues of the state, in accordance with the findings made by the board in the resolution authorizing the issuance of the bonds and the certification provided by the executive administrator under Subsection (d).

(f) Bonds issued under this chapter that are designed to be paid from the general revenues of the state shall cease to be considered bonds payable from those revenues if:

- (1) the bonds are backed by insurance or another form of guarantee that ensures payment from a source other than the general revenues of the state; or
- (2) the board demonstrates to the satisfaction of the bond review board that the bonds no longer require payment from the general revenues of the state and the bond review board so certifies to the Legislative Budget Board.

Added by Acts 1987, 70th Leg., 2nd C.S., ch. 66, Sec. 7.

**SUBCHAPTER B. WATER DEVELOPMENT BONDS**

Sec. 17.011. ISSUANCE OF WATER DEVELOPMENT BONDS. (a) The board, by resolution, from time to time may provide for the issuance of negotiable bonds in an aggregate amount not to exceed \$400 million pursuant to Article III, Section 49-c and Section 49-d, of the Texas Constitution, and the issuance of additional negotiable bonds in an aggregate amount not to exceed \$200 million pursuant to Article III, Section 49-d-1, of the Texas Constitution, not to exceed \$980 million pursuant to Article III, Section 49-d-2, of the Texas Constitution, not to exceed \$400 million pursuant to Article III, Section 49-d-6, of the Texas Constitution, and not to exceed \$500 million pursuant to Article III, Section 49-d-7, of the Texas Constitution.

(b) The board, by resolution, from time to time may provide for the issuance of negotiable bonds in an aggregate amount of not to exceed the total principal amount the board has obligated the Texas Water Development Fund for the acquisition of storage facilities by the execution of a contract with the United States or any of its agencies under Article III, Section 49-d, of the Texas Constitution, and to the extent the bond proceeds are utilized to reduce the board's obligation under a contract with the United States or any of its agencies under Article III, Section 49-d, of the Texas Constitution, the bonds may not be considered in determining the aggregate amount of bonds issued under Article III, Sections 49-c, 49-d, 49-d-2, 49-d-6, and 49-d-7, of the Texas Constitution, in addition to the contract with the United States or any of its agencies.

(c) Notwithstanding any other provision of this section, the board by resolution may issue water financial assistance bonds for any one or more of the purposes described in Section 49-d-8, Article III, Texas Constitution, in an aggregate principal amount not to exceed the amount of bonds authorized by Section 49-d-8, Article III, Texas Constitution, in accordance with the provisions of Subchapter L.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1981, 67th Leg., p. 3150, ch. 828, Sec. 1, eff. June 17, 1981; Acts 1985, 69th Leg., ch. 133, Sec. 2.07; Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987; Acts 1987, 70th Leg., 2nd C.S., ch. 66, Sec. 3; Acts 1989, 71st Leg., ch. 1062, Sec. 3; Acts 1997, 75th Leg., ch. 1010, Sec. 5.06, eff. Sept. 1, 1997.

Sec. 17.0111. DEDICATION OF CERTAIN BONDS. No more than \$250 million in principal amount of bonds authorized by Article III, Section 49-d-7, of the Texas Constitution, and issued under either that section or Article III, Section 49-d-8, of the Texas Constitution, may be dedicated to the purposes provided by Subchapter K .

Added by Acts 1989, 71st Leg., ch. 624, Sec. 2.14. Amended by Acts 1991, 72nd Leg., ch. 297, Sec. 1; Acts 1997, 75th Leg., ch. 1010, Sec. 5.07, eff. Sept. 1, 1997.

Sec. 17.0112. AUTHORIZATION OF CERTAIN BONDS FOR FINANCIAL ASSISTANCE. (a) The board may issue not more than \$25 million in bonds dedicated under Section 17.0111 of this code and may issue not more than \$50 million in bonds authorized under Article III, Texas Constitution, during a fiscal year to provide financial assistance for water supply and sewer services as provided under Subchapter K of this chapter.

(b) On request of the board, the bond review board by resolution may waive during any state fiscal year the limits provided by Subsection (a) and authorize the board to issue an additional amount of bonds if the bond review board finds that the amount of bonds authorized for that state fiscal year has been exhausted or there is not a sufficient amount of bonds to meet needs of the program during the state fiscal year and that the public health and safety require immediate authorization of additional bonds. Before the bond review board adopts such a resolution, it shall give notice and hold a hearing to determine whether the limits should be waived and the authorization given.

Added by Acts 1989, 71st Leg., ch. 624, Sec. 2.14. Amended by Acts 1993, 73rd Leg., ch. 844, Sec. 4, eff. Aug. 30, 1993.

Amended by:

Acts 2005, 79th Leg., Ch. 927 (H.B. 467), Sec. 4, eff. September 1, 2005.

Sec. 17.012. DESCRIPTION OF BONDS. The bonds shall be on a

parity and shall be called Texas Water Development Bonds. The board may issue them in one or several installments and shall date the bonds of each issue.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987.

Sec. 17.013. SALE PRICE OF BONDS. The board may sell an installment or series of bonds at prices determined by the board.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987.

Sec. 17.014. INTEREST ON BONDS. (a) The bonds of each issue shall bear interest payable annually or semiannually at the option of the board.

(b) The board may authorize bonds or notes to bear interest at a rate or rates not to exceed the maximum net effective interest rate allowed by law.

(c) The interest rates under Subsection (b) of this section may be fixed, variable, floating, adjustable, or otherwise, as determined in accordance with the resolution authorizing the issuance of the bonds or notes. The resolution may provide a formula, index, or contractual arrangement for the periodic determination of interest rates without the requirement of specific approval of each determination by the board.

(d) The resolution under which the bonds or notes are issued may delegate to one or more designated officers, employees, or agents of the board the authority to act on behalf of the board, while the bonds or notes remain outstanding, in fixing dates, prices, interest rates, interest payment periods, and other procedures specified in the resolution, so that, among other things, the interest on the bonds or notes may be adjusted by the officer, employee, or agent to permit the bonds or notes to be sold or resold in conjunction with secondary market transactions.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987.

Sec. 17.015. FORM, DENOMINATION, PLACE OF PAYMENT. The board shall:

- (1) determine the form of the bonds, including the form of any interest coupons to be attached;
- (2) fix the denomination of the bonds; and
- (3) fix the places of payment of the principal and interest.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987.

Sec. 17.016. MATURITY OF BONDS. The bonds of each issue shall mature, serially or otherwise, not more than 50 years from their date of issuance.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987.

Sec. 17.017. REDEMPTION BEFORE MATURITY. In the resolution providing for the issuance of bonds, the board may fix the price, terms, and conditions for redemption of bonds before maturity.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987.

Sec. 17.018. REGISTERED AND BEARER BONDS. The resolution may provide for registration of the bonds as to ownership, successive conversion and reconversion from registered to bearer bonds, and successive conversion and reconversion from bearer to registered bonds.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987.

Sec. 17.019. NOTICE OF BOND SALE. After the board decides to call for bids for the sale of bonds, the board shall publish an appropriate notice of the sale at least one time in one or more

recognized financial publications of general circulation published within the state and one or more recognized financial publications published outside the state.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987.

Sec. 17.020. COMPETITIVE BIDS. The board shall sell the bonds only after competitive bidding to the highest and best bidder. The board may reject any or all bids.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987.

Sec. 17.021. SECURITY FOR BIDS. The board shall require every bidder, except administrators of state funds, to include with the bid an exchange or cashier's check for a sum the board considers adequate as a forfeit guaranteeing acceptance of and payment for all bonds covered by the bids and accepted by the board.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987.

Sec. 17.022. APPROVAL OF BONDS; REGISTRATION. Before bonds are delivered to the purchasers, the bonds and the record pertaining to their issuance shall be submitted to the attorney general for his approval. When the attorney general's approval is obtained, the bonds shall be registered in the office of the state comptroller.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987.

Sec. 17.023. EXECUTION OF BONDS. The bonds shall be executed on behalf of the board as general obligations of the state in the following manner: the chairman of the board and the development fund manager shall sign the bonds; the board shall impress its seal on the bonds; the governor shall sign the bonds; and the Secretary of

State shall attest the bonds and impress on them the state seal.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987.

Sec. 17.024. FACSIMILE SIGNATURES AND SEALS. The resolution authorizing the issuance of an installment or series of bonds may prescribe the extent to which the board in executing the bonds and appurtenant coupons may use facsimile signatures and facsimile seals instead of manual signatures and manually impressed seals. Interest coupons may be signed by the facsimile signatures of the chairman of the board and the development fund manager.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987.

Sec. 17.025. SIGNATURE OF FORMER OFFICER. If an officer whose manual or facsimile signature appears on a bond or whose facsimile signature appears on any coupon ceases to be an officer before the bond is delivered, the signature is valid and sufficient for all purposes as if he had remained in office until the delivery had been made.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987.

Sec. 17.026. BONDS INCONTESTABLE. After approval by the attorney general, registration by the comptroller, and delivery to the purchasers, the bonds are incontestable and constitute general obligations of the state.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987.

Sec. 17.027. PAYMENT BY COMPTROLLER. The comptroller shall pay the principal of the bonds as they mature and the interest as it becomes payable.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987; Acts 1997, 75th Leg., ch. 1423, Sec. 20.05, eff. Sept. 1, 1997.

Sec. 17.028. PAYMENT ENFORCEABLE BY MANDAMUS. Payment of the bonds and performance of official duties prescribed by Article III, Sections 49-c, 49-d, 49-d-1, 49-d-2, 49-d-6, and 49-d-7, of the Texas Constitution and by this subchapter may be enforced in any court of competent jurisdiction by mandamus or other appropriate proceeding.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 133, Sec. 2.07; Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987; Acts 1987, 70th Leg., 2nd C.S., ch. 66, Sec. 4; Acts 1989, 71st Leg., ch. 1062, Sec. 3.

Sec. 17.029. REFUNDING BONDS. The board may provide by resolution for the issuance of refunding bonds to refund outstanding bonds issued under this chapter and their accrued interest. The board may sell the refunding bonds and use the proceeds to retire the outstanding bonds issued under this chapter, exchange the refunding bonds for the outstanding bonds, or refund the bonds in the manner provided by any other applicable statute, including Chapter 1207, Government Code.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987; Acts 2001, 77th Leg., ch. 1420, Sec. 8.406, eff. Sept. 1, 2001.

Sec. 17.030. BONDS NEGOTIABLE INSTRUMENTS. The bonds issued under the provisions of this chapter are negotiable instruments under the laws of this state.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987.

Sec. 17.031. BONDS NOT TAXABLE. Bonds issued under this chapter, the income from the bonds, and the profit made on their sale

are free from taxation within the state.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987.

Sec. 17.032. AUTHORIZED INVESTMENTS. Bonds issued under this chapter are legal and authorized investments for:

- (1) banks;
- (2) savings banks;
- (3) trust companies;
- (4) building and loan associations;
- (5) insurance companies;
- (6) fiduciaries;
- (7) trustees;
- (8) guardians; and

(9) sinking funds of cities, towns, villages, counties, school districts, and other political subdivisions and public agencies of the state.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987.

Sec. 17.033. SECURITY FOR DEPOSIT OF FUNDS. Bonds issued under this chapter when accompanied by all appurtenant unmatured coupons are lawful and sufficient security for all deposits of funds of the state or of a city, town, village, county, school district, or any other agency or political subdivision of the state at the par value of the bonds.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987.

Sec. 17.034. MUTILATED, LOST, DESTROYED BONDS. The board may provide for the replacement of any mutilated, lost, or destroyed bond.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987.

Sec. 17.035. SUBCHAPTER CUMULATIVE OF OTHER LAWS. (a) This subchapter is cumulative of other laws on the subject, and the board may use provisions of other applicable laws in the issuance of its bonds and other obligations, but this subchapter is wholly sufficient authority for the issuance of bonds and the performance of all other acts and procedures authorized by this subchapter.

(b) In addition to other authority granted by this subchapter, the board may exercise the authority granted to the governing body of an issuer with regard to issuance of obligations under Chapter 1371, Government Code.

Added by Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987.  
Amended by Acts 2001, 77th Leg., ch. 1420, Sec. 8.407, eff. Sept. 1, 2001.

#### **SUBCHAPTER C. FUNDING PROVISIONS**

Sec. 17.071. DISPOSITION OF MONEY RECEIVED. All money received by the board shall be deposited in the State Treasury and credited to the proper special fund as provided in this subchapter.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987.

Sec. 17.072. DEVELOPMENT FUND. (a) The Texas Water Development Fund, referred to as the "development fund," is a special revolving fund in the State Treasury.

(b) Except as provided by Subsections (f), (h), (j), and (k) of this section, proceeds from the sale of water development bonds, together with all proceeds (excluding accrued interest which shall be deposited into the interest and sinking fund) from the sale, refunding, or prepayment of political subdivision bonds acquired in carrying out the purposes set out in Article III, Sections 49-c, 49-d, 49-d-2, 49-d-6, and 49-d-7, of the Texas Constitution, shall be deposited in a special account in the development fund designated "water supply account," and other money for deposit therein as provided in this chapter shall be credited to the water supply account.

(c) The water supply account may be used for any water supply project and in any manner consistent with the provisions of the constitution, including retail distribution.

(d) Except as provided by Subsections (j) and (k) of this section, proceeds from the sale of water quality enhancement bonds, together with all proceeds (excluding accrued interest which shall be deposited into the interest and sinking fund) from the sale, refunding, or prepayment of political subdivision bonds acquired in carrying out the purposes in Article III, Section 49-d-1, of the Texas Constitution, shall be deposited in a special account in the development fund designated "water quality enhancement account," and other money for deposit therein as provided in this chapter shall be credited to the water quality enhancement account.

(e) The water quality enhancement account may be used for construction of treatment works in any manner consistent with the provisions of the constitution and this code.

(f) All proceeds from the sale of the \$400 million in water development bonds authorized by Article III, Section 49-d-2, of the Texas Constitution for the purposes of state participation in the acquisition and development of facilities, together with all proceeds, excluding accrued interest, from the sale, refunding, or prepayment of political subdivision bonds acquired in carrying out the purposes of the state participation program, shall be deposited in a special account designated as the state participation account created in the development fund. Other money designated for deposit in that account by this chapter and Chapter 16 of this code shall be deposited in the state participation account. Accrued interest from the proceeds of the sale, refunding, or prepayment of political subdivision bonds shall be deposited in the interest and sinking fund.

Text of subsec. (g) as amended by Acts 1987, 70th Leg., ch. 420, Sec. 4

(g) The state participation account may be used for any project authorized in Chapter 16 of this code and in any manner consistent with the constitution and this code.

Text of subsec. (g) as amended by Acts 1987, 70th Leg., ch. 1103, Sec. 1

(g) The state participation account may be used for any project defined by Chapter 16 of this code and in any manner consistent with

the constitution and this code.

(h) All proceeds from the sale of the \$300 million in water development bonds authorized by Article III, Sections 49-d-2, 49-d-6, and 49-d-7, of the Texas Constitution for the purposes of flood control, together with all proceeds, excluding accrued interest, from the sale, refunding, or prepayment of political subdivision bonds acquired in carrying out the purposes of the flood control program, shall be deposited in a special account designated as the flood control account created in the development fund. Other money designated for deposit in that account by this chapter shall be deposited in the flood control account. Accrued interest from the proceeds of the sale, refunding, or prepayment of political subdivision bonds shall be deposited in the interest and sinking fund.

(i) The flood control account may be used for any project and in any manner consistent with the constitution and this code.

(j) Proceeds from the sale of bonds pursuant to Section 17.0111 of this code, together with proceeds, other than accrued interest, from the sale, refunding, or prepayment of political subdivision bonds acquired in carrying out the purposes provided by Subchapter K of this chapter, shall be deposited in a special account in the development fund designated as the economically distressed areas account, with other money for deposit in that account as provided by this chapter, the General Appropriations Act, or other law of this state. Money from gifts or grants from the United States government, local or regional governments, private sources, or other sources for the purposes of assisting economically distressed areas also may be deposited in the economically distressed areas account. Within the economically distressed areas account, separate accounts may be created for bonds issued for purposes of Article III, Section 49-c, of the Texas Constitution, and bonds issued for purposes of Article III, Section 49-d-1, of the Texas Constitution.

(k) The economically distressed areas account may be used as provided by Subchapter K of this chapter in a manner that is consistent with the constitution and other law.

(l) Net proceeds from the sale of political subdivision bonds owned by the board and deposited in the water development fund may be used:

(1) to create reserve funds for revenue bonds issued by the board pursuant to Subchapter I of this chapter;

(2) to create reserve funds for the water bond insurance program authorized by Article III, Section 49-d-4, of the Texas Constitution;

(3) for the purchase of insurance for reserve funds created under this subsection; or

(4) for any purpose approved by the board.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1981, 67th Leg., p. 3155, ch. 828, Sec. 5, eff. June 17, 1981; Acts 1985, 69th Leg., ch. 133, Sec. 2.17; Acts 1987, 70th Leg., ch. 420, Sec. 4, eff. June 17, 1987; Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987; Acts 1987, 70th Leg., 2nd C.S., ch. 66, Sec. 5; Acts 1989, 71st Leg., ch. 309, Sec. 1, eff. Sept. 1, 1989; Acts 1989, 71st Leg., ch. 624, Sec. 2.15; Acts 1989, 71st Leg., ch. 1062, Sec. 4; Acts 1990, 71st Leg., 6th C.S., ch. 12, Sec. 2(35), eff. Sept. 6, 1990; Acts 1993, 73rd Leg., ch. 844, Sec. 5, eff. Aug. 30, 1993.

Sec. 17.073. WATER DEVELOPMENT AND ECONOMICALLY DISTRESSED AREAS CLEARANCE FUNDS. (a) The Texas Water Development Clearance Fund, referred to as the "clearance fund," is a special fund in the State Treasury. Transfers shall be made from this fund as provided by this subchapter.

(b) The Economically Distressed Areas Clearance Fund is a special fund in the State Treasury. Transfers shall be made from this fund as provided by this subchapter.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987; Acts 1989, 71st Leg., ch. 624, Sec. 2.16.

Sec. 17.074. INTEREST AND SINKING FUND. The Texas Water Development Bonds Interest and Sinking Fund, referred to as the "interest and sinking fund," is a special fund in the State Treasury into which there shall be paid, from sources specified in this chapter, amounts other than amounts required to be paid into the economically distressed areas interest and sinking fund sufficient to:

(1) pay the interest coming due on all outstanding bonds

other than bonds covered by Sections 17.0111 and 17.0112 of this code during the ensuing fiscal year;

(2) pay the principal on all bonds other than bonds covered by Sections 17.0111 and 17.0112 of this code that mature during the ensuing fiscal year, plus collection charges and exchanges on the bonds; and

(3) establish a reserve equal to the average annual principal and interest requirements on all outstanding bonds other than bonds covered by Sections 17.0111 and 17.0112 of this code.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987; Acts 1989, 71st Leg., ch. 624, Sec. 2.16.

Sec. 17.0741. ECONOMICALLY DISTRESSED AREAS INTEREST AND SINKING FUND. (a) The Economically Distressed Areas Interest and Sinking Fund is a special fund in the State Treasury to be used to pay debt service on bonds issued for the purposes provided by Subchapter K of this chapter. The fund is composed of:

(1) proceeds from the sale of political subdivision bonds to the Texas Water Resources Finance Authority in amounts provided by the General Appropriations Act;

(2) money provided by the federal government, the state, counties, or other local governmental entities and by private entities for the purpose of paying debt service on bonds issued for purposes provided by Subchapter K of this chapter; and

(3) any other money deposited to the credit of the fund.

(b) Money shall be paid into the economically distressed areas interest and sinking fund from sources specified in Subsection (a) of this section in amounts sufficient to:

(1) pay the interest coming due on all outstanding bonds during the ensuing fiscal year;

(2) pay the principal on all bonds that mature during the ensuing fiscal year, plus collection charges and exchanges on bonds; and

(3) establish a reserve equal to the average annual principal and interest requirements on all outstanding bonds.

Added by Acts 1989, 71st Leg., ch. 624, Sec. 2.16.

Sec. 17.075. ADMINISTRATIVE FUND. The Texas Water Development Board Administrative Fund, referred to as the "administrative fund," is a special fund in the State Treasury. From sources specified in this chapter, money shall be credited to this fund in amounts sufficient to pay the administrative expenses of the board as authorized by legislative appropriation.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987.

Sec. 17.076. COMBINED FACILITIES OPERATION AND MAINTENANCE FUND. (a) The Combined Facilities Operation and Maintenance Fund is a special fund in the State Treasury.

(b) Money received from the sale of water, standby service, and the lease of land needed for operation and maintenance of facilities shall be credited to this fund. Any of the money which is not needed for operation and maintenance of facilities may be credited to the interest and sinking fund or used to meet contractual obligations incurred by the board in acquiring facilities.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987.

Sec. 17.077. CREDITS TO CLEARANCE FUNDS. (a) Except as provided by Subsection (b) of this section, and except for proceeds from the sale of bonds and proceeds from the sale, refunding, or prepayment, of political subdivision bonds acquired in carrying out the purposes in Article III, Sections 49-c, 49-d, 49-d-1, 49-d-2, 49-d-6, and 49-d-7, of the Texas Constitution, and the proceeds from the sale, refinancing, or other liquidation of the investments made under Section 17.083 of this code which shall be deposited in the fund that provided the money for the investment, all money received by the board in any fiscal year, including all amounts received as repayment of loans to political subdivisions and interest on those loans, shall be credited to the clearance fund. Money in the clearance fund may be transferred at any time to the interest and sinking fund until the reserve in that fund is equal to the average annual principal and interest requirements on all outstanding bonds.

(b) Any amounts received as repayment of financial assistance

made to a political subdivision under Subchapter K of this chapter and interest on that financial assistance shall be deposited to the economically distressed areas clearance fund. Money in the economically distressed areas clearance fund may be transferred at any time to the economically distressed areas interest and sinking fund until the reserve in that fund is equal to the average annual principal and interest requirements on all outstanding bonds.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1981, 67th Leg., p. 3150, ch. 828, Sec. 1, eff. June 17, 1981; Acts 1985, 69th Leg., ch. 133, Sec. 2.07; Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987; Acts 1987, 70th Leg., 2nd C.S., ch. 66, Sec. 6; Acts 1989, 71st Leg., ch. 624, Sec. 2.17; Acts 1989, 71st Leg., ch. 1062, Sec. 5.

Sec. 17.078. TRANSFERS AT END OF FISCAL YEAR. (a) Not later than 15 days after the end of each fiscal year, any money credited to the clearance fund at the end of the fiscal year shall be transferred to the other special funds as prescribed by Sections 17.079 through 17.082 of this code.

(b) Not later than 15 days after the end of each fiscal year, any money credited to the economically distressed areas clearance fund shall be transferred to the other special funds as prescribed by Sections 17.0791 through 17.082 of this code.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987; Acts 1989, 71st Leg., ch. 624, Sec. 2.17.

Sec. 17.079. TRANSFERS TO INTEREST AND SINKING FUND. (a) The board shall determine:

(1) the amount of interest coming due on all bonds outstanding, except for those dedicated pursuant to Section 17.0111 of this code;

(2) the amount of principal of bonds maturing and becoming payable during the fiscal year, except for those bonds dedicated pursuant to Section 17.0111 of this code; and

(3) the average annual principal and interest requirements on all outstanding bonds, except for those bonds dedicated pursuant

to Section 17.0111 of this code.

(b) The comptroller shall transfer to the interest and sinking fund, after taking into account any money and securities on deposit in the interest and sinking fund, an amount necessary to pay:

(1) all principal and interest maturing on the bonds, except for those bonds dedicated pursuant to Section 17.0111 of this code, during the fiscal year;

(2) all collection charges and exchanges on the bonds in Subsection (b)(1) of this section; and

(3) the money sufficient to establish and maintain an additional reserve equal to the average annual principal and interest requirements on all outstanding bonds, except for those bonds dedicated pursuant to Section 17.0111 of this code.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987; Acts 1989, 71st Leg., ch. 624, Sec. 2.17.

Sec. 17.0791. TRANSFERS TO ECONOMICALLY DISTRESSED AREAS INTEREST AND SINKING FUND. (a) The board shall determine:

(1) the amount of interest coming due on all bonds outstanding dedicated pursuant to Section 17.0111 of this code;

(2) the amount of principal of those bonds maturing and becoming payable during the fiscal year; and

(3) the average annual principal and interest requirements on all outstanding bonds.

(b) The comptroller shall transfer to the economically distressed areas interest and sinking fund, after taking into account any money and securities on deposit in the economically distressed areas interest and sinking fund, an amount necessary to pay:

(1) all principal and interest maturing on the bonds dedicated pursuant to Section 17.0111 of this code during the fiscal year;

(2) all collection charges and exchanges on those bonds; and

(3) the money sufficient to establish and maintain an additional reserve equal to the average annual principal and interest requirements on all outstanding bonds.

Added by Acts 1989, 71st Leg., ch. 624, Sec. 2.17.

Sec. 17.080. ADDITIONAL FUNDS FOR PAYMENT OF BONDS. (a) If the amount transferred from the clearance fund plus the money and securities in the interest and sinking fund are insufficient to pay the interest coming due and the principal maturing on the bonds during the fiscal year, then after the transfer to the interest and sinking fund of as much money as is available in the clearance fund, the comptroller shall transfer out of the first money coming into the treasury, not otherwise appropriated by the constitution, the amount required to pay principal and interest on the bonds during the fiscal year, except for those bonds dedicated pursuant to Section 17.0111 of this code.

(b) If the amount transferred from the economically distressed areas clearance fund plus the money and securities in the economically distressed areas interest and sinking fund are insufficient to pay the interest coming due and the principal maturing on the bonds dedicated pursuant to Section 17.0111 of this code during the fiscal year, then after the transfer to the economically distressed areas interest and sinking fund of as much money as is available in the economically distressed areas clearance fund, the comptroller shall transfer out of the first money coming into the treasury, not otherwise appropriated by the constitution, the amount required to pay principal and interest on the bonds during the fiscal year.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987; Acts 1989, 71st Leg., ch. 624, Sec. 2.17; Acts 1997, 75th Leg., ch. 1423, Sec. 20.06, eff. Sept. 1, 1997.

Sec. 17.081. TRANSFERS TO ADMINISTRATIVE FUND. If money remains in the clearance fund or the economically distressed areas clearance fund after making the transfers provided in Section 17.079 of this code, then to the extent possible the comptroller shall transfer to the administrative fund an amount sufficient to cover the legislative appropriation for administrative expenses of the board for the fiscal year.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept.

1, 1977; Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987; Acts 1989, 71st Leg., ch. 624, Sec. 2.17.

Sec. 17.082. TRANSFERS TO DEVELOPMENT FUND. If money remains in the clearance fund or the economically distressed areas clearance fund after making the transfers provided in Sections 17.079, 17.0791, and 17.081 of this code, the comptroller shall transfer the balance to the appropriate account in the development fund at the end of each fiscal year to be used for any purpose for which proceeds of bonds in such account may be used.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987; Acts 1989, 71st Leg., ch. 624, Sec. 2.17.

Sec. 17.0821. TRANSFERS TO REVOLVING FUNDS. (a) In order to meet requirements of Title VI of the Federal Water Pollution Control Act, the board may direct the comptroller to transfer amounts from the water quality enhancement account to the state water pollution control revolving fund created by Section 15.601 of this code to provide financial assistance pursuant to this chapter.

(b) In order to meet requirements of any federal legislation or federal agency program under which an additional state revolving fund, as defined in Section 15.602 of this code, has been established, the board may direct the comptroller to transfer amounts from the water supply account, the flood control account, and the economically distressed areas account to such additional state revolving fund to provide financial assistance pursuant to this chapter.

(c) The board shall use the state water pollution control revolving fund in accordance with Section 15.604(4) of this code and the Federal Water Pollution Control Act, Section 603(d)(4), as a source of revenue to be deposited in accordance with this chapter for the payment of principal and interest on water quality enhancement bonds issued by the state, the proceeds of which are deposited into the state water pollution control revolving fund.

(d) In the event amounts are transferred to any additional state revolving fund, as defined in Section 15.602 of this code,

pursuant to Subsection (b) of this section, the board shall, to the extent permitted by the federal legislation or federal agency program under which such additional state revolving fund was established, use such additional state revolving fund as a source of revenue to be deposited in accordance with this chapter for the payment of principal and interest on water development bonds issued by the state, the proceeds of which are deposited into such additional state revolving fund.

Added by Acts 1987, 70th Leg., ch. 420, Sec. 2, eff. June 17, 1987.  
Amended by Acts 1993, 73rd Leg., ch. 184, Sec. 5, eff. May 19, 1993.

Sec. 17.083. INVESTMENT OF RESERVE MONEY. The board may invest any money credited to the development fund and not immediately required for its intended use and money in the interest and sinking fund and in the economically distressed areas interest and sinking fund, including the reserve portions of the interest and sinking fund and the economically distressed areas interest and sinking fund, in investments authorized by law for state deposits under Section 404.024, Government Code.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1987, 70th Leg., ch. 7, Sec. 2, eff. March 24, 1987; Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987; Acts 1989, 71st Leg., ch. 308, Sec. 2, eff. June 14, 1989; Acts 1989, 71st Leg., ch. 624, Sec. 2.17; Acts 1993, 73rd Leg., ch. 477, Sec. 8, eff. Aug. 30, 1993.

Sec. 17.084. LIMITATION ON BOARD INVESTMENT. The board is bound to the extent that the resolution authorizing the issuance of the bonds further restricts the investment of money in bonds of the United States.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987.

Sec. 17.085. SALE OF SECURITIES. All of the bonds and obligations owned in the interest and sinking fund, in the

economically distressed areas interest and sinking fund, or in the development fund are defined as securities. The board may sell securities owned in the interest and sinking fund, in the economically distressed areas interest and sinking fund, or in any account in the development fund at the governing market price.

Amended by Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987; Acts 1989, 71st Leg., ch. 624, Sec. 2.17.

Sec. 17.086. TRANSFERS TO BE MADE BY COMPTROLLER. The comptroller shall make the transfers required by this subchapter.

Amended by Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987.

Sec. 17.0871. SALE OF POLITICAL SUBDIVISION BONDS TO THE TEXAS WATER RESOURCES FINANCE AUTHORITY. (a) Notwithstanding any other provision of this chapter, the board may sell to the Texas Water Resources Finance Authority any political subdivision bonds purchased with money in the development fund or the agricultural water conservation fund and may apply the proceeds of the sale in the manner provided by this section.

(b) The board shall sell the political subdivision bonds at the price and under the terms that it determines to be reasonable.

(c) The board may sell political subdivision bonds to the Texas Water Resources Finance Authority without making a previous offer to the political subdivisions and without advertising, soliciting, or receiving bids for the sale.

(d) The board may enter into a contract with the Texas Water Resources Finance Authority to sell to the authority political subdivision bonds that are not owned by the board. For bonds sold under this subsection, the contract may provide that the board will receive from the Texas Water Resources Finance Authority the sales price for the political subdivision bonds in exchange for the board's agreement to transfer to the authority political subdivision bonds subsequently acquired by the board and to pay to the authority from the investment income received on the development fund or the agricultural water conservation fund, as applicable, an amount equal to the proportionate share of the investment income attributable to

the money used to purchase the political subdivision bonds.

(e) Proceeds from the sale excluding accrued interest may be used by the board together with other available money including money in the interest and sinking fund and reserve fund and other amounts that are pledged to repayment of bonds to be discharged, paid, or redeemed, to discharge, pay, or redeem, in whole or in part, outstanding water development bonds, water quality enhancement bonds, agricultural water conservation bonds, and obligations of the board under contracts entered into under Subchapter E of Chapter 16 of this code.

(f) Money to be used to make discharges, payments, or redemptions under Subsection (e) of this section may be deposited by the board with a paying agent or trustee selected by the board. The board may enter into an escrow or similar agreement with the paying agent or trustee with respect to the safekeeping, investment, reinvestment, administration, and disposition of the money on terms and conditions that the board considers reasonable.

(g) The accrued interest portion of proceeds from the sale of political subdivision bonds shall be disposed of as otherwise provided by this chapter. Money not applied to discharges, payments, or redemptions shall be deposited in the development fund, the administrative fund, the water assistance fund, or the agricultural water conservation fund, as appropriate, to be used for the purposes provided by law.

(h) As part of the sales agreement with the Texas Water Resources Finance Authority, the board by contract may agree to perform the functions required to ensure that the political subdivision pays the debt service on the political subdivision bonds and observes the conditions and requirements stated in those bonds.

Added by Acts 1987, 70th Leg., ch. 728, Sec. 4, eff. June 20, 1987.  
Amended by Acts 2001, 77th Leg., ch. 1234, Sec. 28, eff. Sept. 1, 2001.

#### **SUBCHAPTER D. ASSISTANCE TO POLITICAL SUBDIVISIONS FOR WATER SUPPLY PROJECTS**

Sec. 17.121. FINANCIAL ASSISTANCE. The water supply account may be used by the board to provide financial assistance to political subdivisions for the construction, acquisition, or improvement of

water supply projects, including those projects initiated for the sole purpose of conservation as defined in Section 17.001(23)(B) of this code.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1981, 67th Leg., p. 961, ch. 367, Sec. 1, eff. June 10, 1981; Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987; Acts 1989, 71st Leg., ch. 1062, Sec. 6.

Sec. 17.122. APPLICATION FOR ASSISTANCE. (a) In an application to the board for financial assistance for a water supply project, the applicant shall include:

- (1) the name of the political subdivision and its principal officers;
- (2) a citation of the law under which the political subdivision operates and was created;
- (3) a description of the water supply project for which the financial assistance will be used;
- (4) the total cost of the water supply project;
- (5) the amount of state financial assistance requested;
- (6) the plan for repaying the total cost of the water supply project;
- (7) the method for obtaining the financial assistance, whether by purchase of bonds or purchase of other obligations of the political subdivision; and
- (8) any other information the board requires.

(b) If an applicant has a program of water conservation, he shall state in his application that he has such a program and shall describe that program in the manner required by board rules.

(c) If the applicant claims an exemption under Subsection (c), Section 17.125, of this code, he shall state the exemption in his application and provide information relating to that exemption as provided by board rules.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 133, Sec. 1.03; Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987.

Sec. 17.123. FINDINGS REGARDING PERMITS. (a) The board shall

not release funds for the construction of that portion of a project that proposes surface water or groundwater development until the executive administrator makes a written finding:

(1) that an applicant proposing surface-water development has the necessary water right authorizing it to appropriate and use the water which the water supply project will provide; or

(2) that an applicant proposing groundwater development has the right to use water that the water supply project will provide.

(b) The board may release funds for the costs of planning, engineering, architectural, legal, title, fiscal, or economic investigation, studies, surveys, or designs before making the finding required under Subsection (a) if the executive administrator determines that a reasonable expectation exists that the finding will be made before the release of funds for construction.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.053, eff. Sept. 1, 1985; Acts 1987, 70th Leg., ch. 246, Sec. 2, eff. Aug. 31, 1987; Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987; Acts 2001, 77th Leg., ch. 1234, Sec. 29, eff. Sept. 1, 2001.

Sec. 17.124. CONSIDERATIONS IN PASSING ON APPLICATIONS. In passing on an application from a political subdivision for financial assistance for a water supply project, the board shall consider:

(1) the needs of the area to be served by the water supply project, the benefit of the water supply project to the area, the relationship of the water supply project to the overall, statewide water needs, and the relationship of the water supply project to the state water plan; and

(2) the availability of revenue to the political subdivision, from all sources, for the ultimate repayment of the cost of the water supply project, including interest.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 133, Sec. 2.12; Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987; Acts 1993, 73rd Leg., ch. 477, Sec. 9, eff. Aug. 30, 1993.

Sec. 17.1245. EVALUATION. (a) In passing on an application

for financial assistance from a retail public utility that provides potable water service to 3,300 or more connections, the board shall:

(1) evaluate for compliance with the board's best management practices the utility's water conservation plan required under Section 13.146; and

(2) issue a report to a utility detailing the results of the evaluation conducted under Subdivision (1).

(b) Not later than January 1 of each odd-numbered year, the board shall submit to the legislature a written summary of the results of evaluations conducted under Subsection (a)(1).

Added by Acts 2013, 83rd Leg., R.S., Ch. 1139 (H.B. 3605), Sec. 2, eff. September 1, 2013.

Sec. 17.125. APPROVAL OF APPLICATION. (a) The board by resolution may approve an application if, after considering the factors listed in Section 17.124 of this code and any other relevant factors, the board finds:

(1) that the public interest requires state assistance in the water supply project;

(2) and that in its opinion the revenue or taxes pledged by the political subdivision will be sufficient to meet all the obligations assumed by the political subdivision during the succeeding period of not more than 50 years.

(b) Before the board grants the application or provides any funds under an application, it shall require an applicant to adopt a program of water conservation for the more efficient use of water that incorporates the practices, techniques, or technology prescribed by Subdivision (23)(B), Section 17.001, of this code and that the board determines will meet reasonably anticipated local needs and conditions. The program may include but is not limited to any or all of the following:

(1) restrictions on discretionary water uses, such as lawn watering;

(2) plumbing code standards for water conservation in new building construction;

(3) retrofit programs to improve water-use efficiency in existing buildings;

(4) educational programs;

- (5) universal metering;
- (6) conservation-oriented water rate structures;
- (7) drought contingency plans; and
- (8) distribution system leak detection and repair.

(b-1) Beginning May 1, 2005, all water conservation plans required under this section must include specific, quantified 5-year and 10-year targets for water savings. The entity preparing the plan shall establish the targets. Targets must include goals for water loss programs and goals for municipal use in gallons per capita per day.

(b-2) The board shall give priority to applications for funds for implementation of water supply projects in the state water plan by entities that:

- (1) have already demonstrated significant water conservation savings; or
- (2) will achieve significant water conservation savings by implementing the proposed project for which the financial assistance is sought.

(c) The board may not require a program of water conservation to be adopted under Subsection (b) of this section if:

- (1) an emergency exists as determined by the board;
- (2) the amount of financial assistance to be provided is \$500,000 or less; or
- (3) the applicant demonstrates and the board finds that the submission of such a program is not reasonably necessary to facilitate conservation or conservation measures.

(d) To the extent funds are available, the board shall establish an educational and technical assistance program to assist political subdivisions in developing comprehensive water conservation plans required by this section and other sections of this code.

(e) If the political subdivision will utilize the water supply project to furnish water or services to another political subdivision that in turn will furnish the water or services to the ultimate consumer, the requirements of the board relative to water conservation can be met through contractual agreements between the political subdivisions providing for establishment of a water conservation plan and other measures.

(f) Rules adopted under this section must state the criteria for preparation, review, and enforcement of an applicant's conservation program.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 133, Sec. 1.04; Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987; Acts 1993, 73rd Leg., ch. 477, Sec. 10, eff. Aug. 30, 1993; Acts 2003, 78th Leg., ch. 688, Sec. 3, eff. June 20, 2003.

Amended by:

Acts 2007, 80th Leg., R.S., Ch. 1430 (S.B. 3), Sec. 2.19, eff. September 1, 2007.

Sec. 17.127. LIMITATION ON USE OF FUNDS. If there is insufficient money available to fund all applications under this subchapter, the board shall give preference to applications for political subdivisions that the board finds cannot reasonably finance the project without assistance from the state.

Amended by Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987.

Sec. 17.128. RECREATIONAL ACCESS. If the board is providing financial assistance for a water storage project, it must also find affirmatively that the applicant has a plan to provide adequate public recreational access areas to suitable recreational resources.

Amended by Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987.

#### **SUBCHAPTER E. PROVISIONS GENERALLY APPLICABLE TO FINANCIAL ASSISTANCE**

Sec. 17.171. DEFINITION. In this subchapter, "project" includes water supply projects, treatment works, and flood control measures.

Amended by Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987.

Sec. 17.172. APPLICABILITY. This subchapter applies to financial assistance made available from the water supply account, the water quality enhancement account, the flood control account, and

the economically distressed areas account under Subchapters D, F, G, and K of this chapter.

Amended by Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987; Acts 1989, 71st Leg., ch. 624, Sec. 2.18.

Sec. 17.173. METHOD OF FINANCIAL ASSISTANCE. The board may provide financial assistance by using money in the water supply account, the water quality enhancement account, the flood control account, and the economically distressed areas account to purchase bonds or other obligations issued by the political subdivision to finance the project. The board may purchase bonds or other obligations that are secondary or subordinate to other bonds or obligations issued by the political subdivision, including outstanding prior lien bonds previously issued by the political subdivision when this will avoid or reduce the necessity for issuing junior lien bonds for subsequent sale to the board. The board may purchase refunding bonds or obligations of a political subdivision issued for the purpose of refunding bonds or other obligations issued for the construction of any projects described in this chapter.

Amended by Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987; Acts 1989, 71st Leg., ch. 624, Sec. 2.18; Acts 1991, 72nd Leg., ch. 516, Sec. 5, eff. Sept. 1, 1991.

Sec. 17.174. CONDITIONAL APPROVAL. The board may make binding commitments to provide financial assistance for any project in accordance with this code conditioned on the future availability of money in the appropriate account of the development fund.

Amended by Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987.

Sec. 17.175. BOND MATURITY. The board may not purchase bonds or other securities which have a maturity date more than 50 years from the date of issuance.

Amended by Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1,

1987.

Sec. 17.176. INTEREST RATE. (a) Except as provided in Subsection (b) of this section, bonds and securities purchased by the board on or after September 1, 1977, with money derived from the sale of bonds issued under this chapter shall bear interest at the lending rate. The bonds shall bear coupons evidencing interest at a rate or combination of rates that will approximate the lending rate as nearly as the board deems practicable. The lending rate shall be affected by the payment of premiums or the deduction of discounts as necessary.

(b) Bonds and securities purchased by the board pursuant to applications for financial assistance approved by the board prior to September 1, 1977, shall bear interest at the rate prescribed by Subsection (a) of this section prior to this amendment. Outstanding prior lien bonds purchased by the board under Section 17.173 of this code need not bear the interest rate provided in Subsection (a) of this section, but the board may pay such price or prices for outstanding prior lien bonds which in its discretion will accomplish the objective of that section.

Amended by Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987.

Sec. 17.1765. CERTIFICATION OF APPLICATION. Before the board may purchase bonds or other obligations issued by a political subdivision, the political subdivision must certify to the board that the application for financial assistance filed with the board was approved in an open meeting.

Added by Acts 1997, 75th Leg., ch. 297, Sec. 1, eff. Sept. 1, 1997.

Sec. 17.177. APPROVAL AND REGISTRATION. The board shall not purchase any bonds or securities that have not been approved by the attorney general and registered by the comptroller.

Amended by Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987.

Sec. 17.178. BONDS INCONTESTABLE. The bonds or other securities issued by a political subdivision are valid, binding, and incontestable after:

- (1) approval by the attorney general;
- (2) registration by the comptroller; and
- (3) purchase by and delivery to the board.

Amended by Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987.

Sec. 17.179. SECURITY FOR BONDS. (a) Except as provided by Subsection (c) of this section, bonds purchased by the board shall be supported by:

- (1) all or part of the net revenue from the operation of the project;
- (2) taxes levied by the political subdivision for the purpose; or
- (3) a combination of taxes and net revenue, and revenue from other available sources.

(b) The board may require that the bonds be supported both by taxes and by net revenue from the operation of the project in any ratio the board considers necessary to fully secure the investment. The board shall establish other conditions and requirements it considers to be consistent with sound investment practices and in the public interest.

(c) Bonds purchased by the board under Subchapter K of this chapter may be additionally supported by money provided to the political subdivision by the federal or state government and by private donations.

(d) With respect to projects for which financial assistance is made available under this chapter, the Texas Water Development Board shall file semiannually with the Bond Review Board a report on the performance of loans made by the Texas Water Development Board in connection with the projects. The Bond Review Board shall review the reports filed by the Texas Water Development Board under this subsection to assess the adequacy of the security for the bonds purchased. The filing dates and the contents of the reports must

comply with any rules adopted by the Bond Review Board.

Amended by Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987; Acts 1989, 71st Leg., ch. 624, Sec. 2.18; Acts 1991, 72nd Leg., 1st C.S., ch. 4, Sec. 13.01, eff. Aug. 22, 1991; Acts 2001, 77th Leg., ch. 1420, Sec. 8.408, eff. Sept. 1, 2001.

Sec. 17.181. SALE OF BONDS BY BOARD. The board may sell or dispose of bonds purchased with money in the water supply account, the water quality enhancement account, the flood control account, or the economically distressed areas account.

Amended by Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987; Acts 1989, 71st Leg., ch. 624, Sec. 2.18.

Sec. 17.182. PROCEEDS FROM SALE. Unless used to pay debt service on bonds issued under this chapter, the proceeds from the sale of political subdivision bonds held by the board either shall be credited to the account from which financial assistance was made to the political subdivision, except that accrued interest shall be credited to the interest and sinking fund, or shall be deposited to the credit of the Texas Water Development Fund II, established within the state treasury pursuant to Section 49-d-8, Article III, Texas Constitution. However, no such proceeds shall be deposited to the credit of the Texas Water Development Fund II unless the executive administrator certifies to the board that the transfer of such proceeds into the Texas Water Development Fund II will not cause the board, in the fiscal year the transfer is made, to direct the comptroller to transfer out of the first money coming into the state treasury during that fiscal year funds sufficient for the payment of principal of or interest on water development bonds, other than water development bonds issued for the purposes described in Subsection (e), Section 49-d-7, Article III, Texas Constitution, coming due in that fiscal year.

Amended by Acts 1997, 75th Leg., ch. 1010, Sec. 5.08.

Sec. 17.183. CONSTRUCTION CONTRACT REQUIREMENTS. (a) The

governing body of each political subdivision receiving financial assistance from the board shall require in all contracts for the construction of a project:

(1) that each bidder furnish a bid guarantee equivalent to five percent of the bid price;

(2) that each contractor awarded a construction contract furnish performance and payment bonds:

(A) the performance bond shall include without limitation guarantees that work done under the contract will be completed and performed according to approved plans and specifications and in accordance with sound construction principles and practices; and

(B) the performance and payment bonds shall be in a penal sum of not less than 100 percent of the contract price and remain in effect for one year beyond the date of approval by the engineer of the political subdivision;

(3) that payment be made in partial payments as the work progresses;

(4) that each partial payment shall not exceed 95 percent of the amount due at the time of the payment as shown by the engineer of the project, but, if the project is substantially complete, a partial release of the five percent retainage may be made by the political subdivision with approval of the executive administrator;

(5) that payment of the retainage remaining due upon completion of the contract shall be made only after:

(A) approval by the engineer for the political subdivision as required under the bond proceedings;

(B) approval by the governing body of the political subdivision by a resolution or other formal action; and

(C) certification by the executive administrator in accordance with the rules of the board that the work to be done under the contract has been completed and performed in a satisfactory manner and in accordance with approved plans and specifications;

(6) that no valid approval may be granted unless the work done under the contract has been completed and performed in a satisfactory manner according to approved plans and specifications;

(7) that, if a political subdivision receiving financial assistance under Subchapter K of this chapter, labor from inside the political subdivision be used to the extent possible; and

(8) that the contract include a requirement that iron and

steel products and manufactured goods used in the project be produced in the United States, unless:

- (A) such products or goods are not:
  - (i) available in sufficient quantities;
  - (ii) readily available; or
  - (iii) of a satisfactory quality; or

(B) the use of such products or goods will increase the total cost of the project by more than 20 percent.

(b) Plans and specifications submitted to the board in connection with an application for financial assistance must include a seal by a licensed engineer affirming that the plans and specifications are consistent with and conform to current industry design and construction standards.

(c) For the purposes of Subsections (a)(8) and (d):

(1) "Component" means any article, material, or supply, whether a manufactured good or raw material, that is directly incorporated into a manufactured good.

(2) "Manufactured good" means an item produced as the result of a manufacturing process.

(3) "Manufacturing process" means the application of a process to alter the form or function of materials or elements of a product in a manner that adds value and transforms the materials or elements so that a new end product is produced that is functionally different from the product that would result from simple assembly of the materials or elements.

(4) "Produced in the United States" means:

(A) in the case of iron and steel products, products for which all manufacturing processes, from initial melting through application of coatings, take place in the United States, except metallurgical processes that involve the refinement of steel additives; and

(B) in the case of a manufactured good, a good for which:

- (i) all of the manufacturing process that produced the manufactured good takes place in the United States; and
- (ii) more than 60 percent of the components of the manufactured good, by cost, originate in the United States.

(d) For the purposes of Subsection (c)(4)(B)(ii), if a component originates in the United States, the entire cost of that component contributes to the determination of the percentage of the

components of the manufactured good that originate in the United States.

(e) This section shall be applied in a manner consistent with this state's obligations under any international agreement.

Amended by Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987; Acts 1989, 71st Leg., ch. 309, Sec. 2, eff. Sept. 1, 1989; Acts 1989, 71st Leg., ch. 624, Sec. 2.18; Acts 2003, 78th Leg., ch. 1057, Sec. 6, eff. June 20, 2003.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 207 (H.B. 4), Sec. 2.08, eff. September 1, 2013.

Acts 2013, 83rd Leg., R.S., Ch. 1139 (H.B. 3605), Sec. 3, eff. September 1, 2013.

Sec. 17.184. FILING CONSTRUCTION CONTRACT. The political subdivision shall file with the board a certified copy of each construction contract it enters into for the construction of all or part of a project. Each contract shall contain or have attached to it the specifications, plans, and details of all work included in the contract.

Amended by Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987.

Sec. 17.185. INSPECTION OF PROJECTS. (a) The board may inspect the construction of a project at any time to assure that the contractor is substantially complying with the approved engineering plans and specifications of the project.

(b) Inspection of a project by the board does not subject the state to any civil liability.

Amended by Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 207 (H.B. 4), Sec. 2.09, eff. September 1, 2013.

Sec. 17.186. ALTERATION OF PLANS. After the executive administrator approves of engineering plans, a political subdivision may not make any substantial or material alteration in the plans unless the executive administrator authorizes the alteration in accordance with rules of the board. For a waste water treatment plant or other facility required to have commission approval of the plans and specifications, the commission must give its approval before a substantial or material alteration is made in those plans.

Amended by Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987.

Sec. 17.187. CERTIFICATE OF APPROVAL. The executive administrator may consider the following as grounds for refusal to give a certificate of approval for any construction contract:

- (1) failure to construct the project according to approved plans and specifications; or
- (2) failure to comply with any term of the contract.

Amended by Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 207 (H.B. 4), Sec. 2.10, eff. September 1, 2013.

Sec. 17.188. OBTAINING FINANCIAL ASSISTANCE. (a) To obtain financial assistance under this chapter, a political subdivision may authorize and issue revenue bonds for the purpose of constructing projects and sell those bonds to the board in amounts as determined by the governing body of the political subdivision and approved by the board.

(b) Notwithstanding the provisions of any general or special law or charter provisions to the contrary, a political subdivision may authorize, issue, and sell its revenue bonds as provided by this section and create any encumbrance in connection with those bonds by a majority vote of the governing body of the political subdivision without the necessity of an election.

Amended by Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1,

1987; Acts 2001, 77th Leg., ch. 1420, Sec. 8.409, eff. Sept. 1, 2001.

Sec. 17.189. CONSIDERATIONS FOR CERTAIN FINANCIAL ASSISTANCE.

(a) If financial assistance is provided under Subchapter F, I, or K of this chapter, any treatment works to be financed under the application must consider cost-effective innovative, nonconventional methods of treatment such as rock reed, root zone, ponding, irrigation, or other methods that may have been developed by the National Aeronautics and Space Administration or the Tennessee Valley Authority.

(b) Before granting an application for financial assistance under Subchapter F, I, or K of this chapter that includes financing for treatment works, the board must find that any treatment works to be financed under the application will consider cost-effective innovative, nonconventional methods of treatment such as rock reed, root zone, ponding, irrigation, or other methods that may have been developed by the National Aeronautics and Space Administration or the Tennessee Valley Authority.

Added by Acts 1989, 71st Leg., ch. 624, Sec. 2.19.

**SUBCHAPTER F. FINANCIAL ASSISTANCE FOR WATER QUALITY ENHANCEMENT PURPOSES**

Sec. 17.271. PURPOSE. The purpose of this subchapter is to provide for making loans of water quality enhancement funds authorized by Article III, Sections 49-d-1, 49-d-2, 49-d-6, and 49-d-7, of the Texas Constitution to political subdivisions of the state for the construction of treatment works.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 133, Sec. 2.07; Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987; Acts 1987, 70th Leg., 2nd C.S., ch. 66, Sec. 6; Acts 1989, 71st Leg., ch. 1062, Sec. 5.

Sec. 17.272. FINANCIAL ASSISTANCE. The board may use water quality enhancement funds to provide financial assistance to political subdivisions for purposes of water quality enhancement.

Amended by Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987.

Sec. 17.273. AUTHORITY OF POLITICAL SUBDIVISION. A political subdivision may apply to the board for financial assistance and may use water quality enhancement funds for construction of treatment works in the manner provided in this subchapter.

Amended by Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987.

Sec. 17.274. APPLICATION FOR ASSISTANCE. (a) In an application to the board for financial assistance for water quality enhancement purposes, the applicant shall include:

- (1) the name of the political subdivision and its principal officers;
- (2) a citation of the law under which the political subdivision operates and was created;
- (3) a description of the treatment works for which the financial assistance will be used;
- (4) the estimated total cost of construction of the treatment works;
- (5) the amount of state financial assistance requested;
- (6) the method for obtaining the financial assistance, whether by purchase of bonds or purchase of other obligations of the political subdivision;
- (7) the plan for repaying the financial assistance; and
- (8) any other information the board requires.

(b) If the applicant has a program of water conservation, the applicant shall state in the application that it has a water conservation program and shall describe that program in the manner required by board rules.

(c) If the applicant claims an exemption under Subsection (d), Section 17.277, of this code, the applicant shall state the exemption in the application and provide information relating to that exemption as provided by board rules.

Amended by Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987.

Sec. 17.275. CONSIDERATIONS IN PASSING ON APPLICATION. In passing on an application from a political subdivision for financial assistance for water quality enhancement purposes, the board shall consider:

(1) the water quality needs of the waters into which effluent from the treatment works will be discharged, the benefit of the treatment works to such water quality needs, the relationship of the treatment works to the overall, statewide water quality needs; and the relationship of the treatment works to water quality planning for the state;

(2) the availability of revenue to the political subdivision, from all sources, for the ultimate repayment of the cost of the treatment works, including interest; and

(3) whether the political subdivision has been designated, pursuant to Section 26.082 of this code, to provide a regional system to serve all or part of the waste disposal needs of a defined area, the development of such systems being the declared policy of the legislature.

Amended by Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987; Acts 1993, 73rd Leg., ch. 477, Sec. 12, eff. Aug. 30, 1993.

Sec. 17.276. ACTION ON APPLICATION. (a) After an application is received for financial assistance, the executive administrator shall submit the application to the board together with comments and recommendations concerning the best method of making financial assistance available.

(b) The board may grant the application in whole or part or may deny the application.

(c) The board has the sole responsibility and authority for selecting the political subdivisions to whom financial assistance may be provided for treatment works and the amount of any such assistance.

(d) The board shall review and approve or disapprove plans and specifications for all sewerage collection, treatment, and disposal systems for which financial assistance is provided in any amount from water quality enhancement funds or funds granted under the Federal

Water Pollution Control Act, as amended, in a manner that will satisfy commission requirements for design criteria and permit conditions that apply to construction activities.

(e) The deliberations, proposals, decisions, and other actions of the board under this subchapter do not require the concurrence or approval of any other governmental agency, board, commission, council, political subdivision, or other governmental entity.

(f) When bonds or other obligations are purchased by the board, water quality enhancement funds shall be delivered to the political subdivisions entitled to receive them and shall be used only to pay construction costs of treatment works approved in this subchapter.

Amended by Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987; Acts 1991, 72nd Leg., ch. 516, Sec. 6, eff. Sept. 1, 1991; Acts 1993, 73rd Leg., ch. 477, Sec. 13, eff. Aug. 30, 1993; Acts 2003, 78th Leg., ch. 1057, Sec. 7, eff. June 20, 2003.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 207 (H.B. 4), Sec. 2.11, eff. September 1, 2013.

Sec. 17.277. APPROVAL OF APPLICATION. (a) The board by resolution may approve an application if, after considering the factors listed in Section 17.275 of this code and any other relevant factors, the board finds that the public interest will benefit from state assistance in the financing of the treatment works.

(b) Before the board grants the application or provides any funds under an application, it shall require an applicant to adopt a program of water conservation for the more efficient use of water that incorporates the practices, techniques, or technology prescribed by Subdivision (23)(B), Section 17.001, of this code and that the board determines will meet reasonably anticipated local needs and conditions. The program may include but is not limited to any or all of the following:

- (1) restrictions on discretionary water uses, such as lawn watering;
- (2) plumbing code standards for water conservation in new building construction;
- (3) retrofit programs to improve water-use efficiency in existing buildings;

- (4) educational programs;
- (5) universal metering;
- (6) conservation-oriented water rate structures;
- (7) drought contingency plans; and
- (8) distribution system leak detection and repair.

(b-1) Beginning May 1, 2005, all water conservation plans required under this section must include specific, quantified 5-year and 10-year targets for water savings. The entity preparing the plan shall establish the targets. Targets must include goals for water loss programs and goals for municipal use in gallons per capita per day.

(c) The board may not require a program of water conservation to be adopted under Subsection (b) of this section if:

- (1) an emergency exists as determined by the board;
- (2) the amount of financial assistance to be provided is \$500,000 or less; or
- (3) the applicant demonstrates and the board finds that the submission of such a program is not reasonably necessary to facilitate conservation or conservation measures.

(d) To the extent funds are available, the board shall establish an educational and technical assistance program to assist political subdivisions in developing comprehensive water conservation plans required by this section and other sections of this code.

(e) If the political subdivision will utilize the project to furnish water or services to another political subdivision that in turn will furnish the water or services to the ultimate consumer, the requirements of the board relative to water conservation can be met through contractual agreements between the political subdivisions providing for establishment of a water conservation plan and other measures.

(f) Rules adopted under this section must state the criteria for preparation, review, and enforcement of an applicant's conservation program.

Amended by Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987; Acts 1993, 73rd Leg., ch. 477, Sec. 14, eff. Aug. 30, 1993; Acts 2003, 78th Leg., ch. 688, Sec. 4, eff. June 20, 2003.

Sec. 17.278. FINDINGS REGARDING PERMITS. If an application

includes a proposal for a wastewater treatment plant, the board may not deliver funds for the wastewater treatment plant until the applicant has obtained a permit for the construction and operation of the plant and approval of the plans and specifications for the plant from the commission. If an application includes a proposal for a wastewater treatment plant that is located outside the jurisdiction of this state and that is not subject to the permitting authority of the commission, the board may not deliver funds for the wastewater treatment plant until after the board reviews the plans and specifications in coordination with the commission and finds that the wastewater treatment plant is capable of producing effluent that will meet federal and Texas-approved water quality standards and if effluent produced will result in water being available for use in or for the benefit of Texas.

Amended by Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987; Acts 1997, 75th Leg., ch. 1010, Sec. 5.09, eff. Sept. 1, 1997.

Sec. 17.279. LIMITATION ON USE OF FUNDS. If there is insufficient money available to fund all applications under this subchapter, the board shall give preference to applications for political subdivisions that the board finds cannot reasonably finance the treatment works without assistance from the state.

Amended by Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987.

#### **SUBCHAPTER G. FINANCIAL ASSISTANCE FOR FLOOD CONTROL**

Sec. 17.771. PURPOSE. The purpose of this subchapter is to provide for making loans of flood control funds authorized by Article III, Sections 49-d-2, 49-d-6, and 49-d-7, of the Texas Constitution, to political subdivisions of the state for the development of floodplain management plans and for structural and nonstructural flood control projects.

Added by Acts 1985, 69th Leg., ch. 133, Sec. 2.21. Amended by Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987; Acts 1987, 70th Leg., 2nd C.S., ch. 66, Sec. 6; Acts 1989, 71st Leg., ch. 1062, Sec. 5.

Sec. 17.772. FINANCIAL ASSISTANCE. The board may use flood control funds to provide financial assistance to political subdivisions for purposes of structural and nonstructural flood control and the development of floodplain management plans.

Amended by Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987.

Sec. 17.773. APPLICATION FOR ASSISTANCE. In an application to the board for financial assistance for flood control purposes, the applicant shall include:

- (1) the name of the political subdivision and its principal officers;
- (2) a citation of the law under which the political subdivision operates and was created;
- (3) a description of the flood control measures for which the financial assistance will be used;
- (4) the estimated total cost of the measures;
- (5) the amount of state financial assistance requested;
- (6) the method for obtaining the financial assistance, whether by purchase of bonds or purchase of other obligations of the political subdivision;
- (7) the plan for repaying the financial assistance; and
- (8) any other information the board requires.

Amended by Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987.

Sec. 17.774. CONSIDERATIONS IN PASSING ON APPLICATION. In passing on an application from a political subdivision for financial assistance for flood control purposes, the board shall consider:

- (1) the needs of the area to be served by the project and the benefit of the project to the area in relation to the needs of other areas requiring state assistance in any manner and the benefits of those projects to the other areas;
- (2) the availability of revenue to the political subdivision, from all sources, for the ultimate repayment of the cost

of the project, including interest;

(3) the capacity of the watershed to accommodate stormwater runoff;

(4) the impact of the project on watershed capacity along the entire watershed and the degree to which that capacity was considered in planning the project;

(5) whether the project will increase or decrease the volume or rate of stormwater runoff into any channel in the watershed;

(6) the effect of the project on surface water elevations within the watershed and any downstream watershed;

(7) the relationship of the project to any floodplain management plan for the watershed; and

(8) whether adequate consideration was given to the effects of the project with regard to erosion and sediment control.

Amended by Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987.

Sec. 17.775. ACTION ON APPLICATION. (a) After an application is received for financial assistance for flood control purposes, the executive administrator shall submit the application to the board together with comments and recommendations concerning the best method of making financial assistance available.

(b) The board may grant the application in whole or part or may deny the application.

(c) The board has the sole responsibility and authority for selecting the political subdivisions to whom financial assistance may be provided and the amount of any such assistance.

Amended by Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987; Acts 1991, 72nd Leg., ch. 516, Sec. 7, eff. Sept. 1, 1991.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 207 (H.B. 4), Sec. 2.12, eff. September 1, 2013.

Sec. 17.776. APPROVAL OF APPLICATION. The board by resolution may approve an application if, after considering the factors listed in Section 17.774 of this code and other relevant information, the

board finds:

(1) that the public interest requires state participation in the project;

(2) that in its opinion the taxes or revenues pledged by the political subdivision will be sufficient to meet all obligations assumed by the political subdivision;

(3) if the project would increase the volume or rate of stormwater runoff, that adequate consideration was given to alternative approaches that would decrease or hold constant the volume or rate of stormwater runoff;

(4) that the project proposed in the application will not increase the peak water surface elevation of any portion of any stream within the watershed or within any downstream watershed; and

(5) that adequate consideration was given to the effects of the project with regard to erosion and sediment control.

Amended by Acts 1987, 70th Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1987.

#### **SUBCHAPTER I. REVENUE BOND PROGRAM**

Sec. 17.851. PURPOSE. The purpose of this subchapter is to provide for the benefit of the public additional methods for financing the conservation and development of water resources of this state including an additional method for making financial assistance available to participants in the conservation and development of water resources of this state. This financial assistance is made available on terms and conditions prescribed by this subchapter, and it is found and determined that this subchapter is in furtherance of a public purpose.

Added by Acts 1987, 70th Leg., ch. 420, Sec. 3, eff. June 17, 1987.

Sec. 17.852. DEFINITIONS. In this subchapter:

(1) "Acquired obligations" means obligations of participants acquired under this subchapter.

(2) "Acquired obligations resolution" means the resolution, order, ordinance, or similar instrument duly adopted or passed by the governing body of a participant providing for payments of principal and interest to be made by the participant to the board and includes

sufficient money to pay the principal of, premium on, if any, and interest on the acquired obligations and to maintain the funds established or required to be established by the acquired obligations resolution.

(3) "Fund" means the Texas water resources fund.

(4) "Participant" means a political subdivision or agency of the state or a nonprofit corporation organized pursuant to Chapter 67, that is authorized to finance projects.

(5) "Project" includes water supply projects, treatment works, and flood control projects.

Added by Acts 1987, 70th Leg., ch. 420, Sec. 3, eff. June 17, 1987.  
Amended by Acts 1999, 76th Leg., ch. 62, Sec. 18.60, eff. Sept. 1, 1999.

Sec. 17.853. TEXAS WATER RESOURCES FUND. (a) The Texas water resources fund is in the State Treasury.

(b) The fund shall be administered by the board in accordance with this subchapter, and the board shall create accounts within the fund that will facilitate the conservation of water resources and the payment of revenue bonds issued for the conservation of water resources.

(c) The board may use the fund only:

(1) to provide state matching funds for federal funds provided to the state water pollution control revolving fund or to any additional state revolving fund created under Subchapter J, Chapter 15;

(2) to provide financial assistance from the proceeds of taxable bond issues to water supply corporations organized under Chapter 67, and other participants;

(3) to provide financial assistance to participants for the construction of water supply projects and treatment works;

(4) to provide financial assistance for an interim construction period to participants for projects for which the board will provide long-term financing through the water development fund;

(5) to provide financial assistance for water supply and sewer service projects in economically distressed areas as provided by Subchapter K, Chapter 17, to the extent the board can make that assistance without adversely affecting the current or future

integrity of the fund or of any other financial assistance program of the board;

(6) to provide funds to the water infrastructure fund created under Section 15.973; and

(7) to provide funds to the state water implementation revenue fund for Texas.

(d) Money in the fund may be invested by the board as permitted by this subchapter, other applicable law, or as provided by resolutions authorizing the issuance of revenue bonds.

Added by Acts 1987, 70th Leg., ch. 420, Sec. 3, eff. June 17, 1987.  
Amended by Acts 1989, 71st Leg., ch. 624, Sec. 2.20; Acts 1991, 72nd Leg., ch. 516, Sec. 8, eff. Sept. 1, 1991; Acts 1993, 73rd Leg., ch. 184, Sec. 4, eff. May 19, 1993; Acts 1999, 76th Leg., ch. 62, Sec. 18.61, eff. Sept. 1, 1999; Acts 2001, 77th Leg., ch. 966, Sec. 4.18, eff. Sept. 1, 2001; Acts 2003, 78th Leg., ch. 1275, Sec. 3(46), eff. Sept. 1, 2003.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 207 (H.B. 4), Sec. 2.13, eff. November 5, 2013.

Sec. 17.854. METHODS OF FINANCIAL ASSISTANCE. The board may use the fund to acquire obligations of political subdivisions in accordance with the purposes stated in Section 17.853 of this code.

Added by Acts 1987, 70th Leg., ch. 420, Sec. 3, eff. June 17, 1987.

Sec. 17.855. FINANCIAL ASSISTANCE BY ACQUISITION OF ACQUIRED OBLIGATIONS. (a) In an application to the board for financial assistance through the acquisition of acquired obligations, the participant shall include:

(1) the name of the participant and its principal officer or officers;

(2) a citation of the law under which the participant was created, operates, and proposes to issue its obligations to be acquired by the board;

(3) the total cost of the project;

(4) the amount of state financial assistance requested;

(5) the plan for paying the principal of and interest on

its obligations to be acquired by the board; and

(6) any other information the board requires in order to perform its duties and to protect the public interest.

(b) The board may not accept an application for financial assistance unless it is submitted in writing and subscribed to in affidavit form by an official representative of the participant. The board shall prescribe the affidavit form in its rules.

(c) The board may require additional factual material from an applicant.

Added by Acts 1987, 70th Leg., ch. 420, Sec. 3, eff. June 17, 1987.

Sec. 17.856. CONSIDERATION IN PASSING ON APPLICATION FOR FINANCIAL ASSISTANCE. In passing on an application for financial assistance for a participant, the board shall consider:

(1) the needs of the area to be served by the project;

(2) the availability to the participant of revenues, taxes, or a combination of revenues and taxes for payment of the acquired obligations of the participant; and

(3) the costs to be incurred in the development, construction, and operation of the project.

Added by Acts 1987, 70th Leg., ch. 420, Sec. 3, eff. June 17, 1987.

Sec. 17.857. APPROVAL OF APPLICATION. (a) The board by resolution may approve an application if the board finds:

(1) that the public interest requires state participation in the project; and

(2) that, in its opinion, the revenue, taxes, or combination of revenue and taxes pledged by the participant will be sufficient to pay the principal of and interest on the acquired obligations until the acquired obligations are fully paid.

(b) Before the board grants the application or provides any funds under an application, it shall require an applicant to adopt a program of water conservation for the more efficient use of water that incorporates the practices, techniques, or technology prescribed by Paragraph (B) of Subdivision (14) of Section 17.001 of this code and that the board determines will meet reasonably anticipated local needs and conditions. The program may include but is not limited to

any or all of the following:

- (1) restrictions on discretionary water uses, such as lawn watering;
- (2) plumbing code standards for water conservation in new building construction;
- (3) retrofit programs to improve water-use efficiency in existing buildings;
- (4) educational programs;
- (5) universal metering;
- (6) conservation-oriented water rate structures;
- (7) drought contingency plans; and
- (8) distribution system leak detection and repair.

(b-1) Beginning May 1, 2005, all water conservation plans required under this section must include specific, quantified 5-year and 10-year targets for water savings. The entity preparing the plan shall establish the targets. Targets must include goals for water loss programs and goals for municipal use in gallons per capita per day.

(c) The board may not require a program of water conservation to be adopted under Subsection (b) of this section if:

- (1) an emergency exists as determined by the board;
- (2) the amount of financial assistance to be provided is \$500,000 or less; or
- (3) the applicant demonstrates and the board finds that the submission of such a program is not reasonably necessary to facilitate conservation or conservation measures.

(d) If the political subdivision will utilize the project to furnish water or services to another political subdivision that in turn will furnish the water or services to the ultimate consumer, the requirements of the board relative to water conservation can be met through contractual agreements between the political subdivisions providing for establishment of a water conservation plan and other measures.

Added by Acts 1987, 70th Leg., ch. 420, Sec. 3, eff. June 17, 1987.  
Amended by Acts 2003, 78th Leg., ch. 688, Sec. 5, eff. June 20, 2003.

Sec. 17.858. ACQUISITION OF ACQUIRED OBLIGATIONS. (a) If the board approves an application for financial assistance under this

subchapter and is to purchase acquired obligations from a participant, the acquired obligations resolution must:

(1) provide for development, construction, and operation of the project by the participant or a person contracting with the participant; and

(2) provide that the participant shall make sufficient payments to the board to service the acquired obligations from:

(A) all or part of the revenues from the ownership or operation of the project;

(B) all or part of any other revenues or funds that may lawfully be pledged by the participant;

(C) taxes levied by the participant or other users of the project; or

(D) any combination of Paragraphs (A), (B), and (C) of this subdivision.

(b) The acquired obligations purchased by the board pursuant to this subchapter shall bear rates of interest and mature in amounts and at times as may be reasonably expected to provide funds for orderly payment of the revenue bonds issued by the board.

Added by Acts 1987, 70th Leg., ch. 420, Sec. 3, eff. June 17, 1987.

Sec. 17.859. ISSUANCE OF REVENUE BONDS BY THE BOARD. (a) The board may issue its revenue bonds for the purpose of providing money for the fund, and the money in the fund shall be used for acquiring interests in projects and for providing financial assistance to participants in accordance with this subchapter.

(b) The board may issue revenue bonds to refund revenue bonds or bonds and obligations issued or incurred in accordance with other provisions of law, and in addition to the authority granted by this subsection, the board may issue refunding bonds under other applicable law.

(c) The revenue bonds are special obligations of the board payable only from designated income and receipts of the board including principal of and interest paid and to be paid on acquired obligations, other designated obligations held by the board, or income from accounts created within the fund by the board, as determined by the board.

(d) The revenue bonds do not constitute indebtedness of the

state as prohibited by the constitution.

(e) The board may require participants to make charges, levy taxes, or otherwise provide for sufficient money to pay acquired obligations.

(f) Revenue bonds issued under this subchapter shall be authorized by resolution of the board and shall have the form and characteristics and bear the designations as are provided in the resolution.

(g) Revenue bonds may:

(1) bear interest at the rate or rates payable annually or otherwise;

(2) be dated;

(3) mature at the time or times, serially, as term, revenue bonds, or otherwise in not more than 50 years from their dates; and

(4) be callable before stated maturity on the terms and at the prices, be in the denominations, be in the form, either coupon or registered, carry registration privileges as to principal only or as to both principal and interest and as to successive exchange of coupon for registered bonds or one denomination for bonds of other denominations, and successive exchange of registered revenue bonds for coupon revenue bonds, be executed in the manner, and be payable at the place or places inside or outside the state, as provided by the resolution;

(5) be issued in temporary or permanent form;

(6) be issued in one or more installments and from time to time as required and sold at a price or prices and under terms determined by the board to be the most advantageous reasonably obtainable; and

(7) be issued on a parity with and be secured in the manner as other revenue bonds authorized to be issued by this subchapter or may be issued without parity and secured differently than other revenue bonds.

(h) All proceedings relating to the issuance of revenue bonds issued pursuant to this subchapter shall be submitted to the attorney general for examination. If the attorney general finds that the revenue bonds have been authorized in accordance with law, he shall approve the revenue bonds, and the revenue bonds shall be registered by the comptroller of public accounts. After the approval and registration, the revenue bonds are incontestable in any court or other forum for any reason and are valid and binding obligations in

accordance with their terms for all purposes.

(i) The proceeds received from the sale of revenue bonds may be deposited or invested in any manner and in the obligations as may be specified in the resolution or other proceedings authorizing those obligations. Money in the fund or accounts created by this subchapter or created in the resolution or other proceedings authorizing the revenue bonds may be invested in any manner and in any obligations as may be specified in the resolution or other proceedings.

Added by Acts 1987, 70th Leg., ch. 420, Sec. 3, eff. June 17, 1987.

**SUBCHAPTER J. AGRICULTURAL WATER CONSERVATION BOND PROGRAM**

Sec. 17.871. DEFINITIONS. In this subchapter:

(1) "Bonds" means Texas agricultural water conservation bonds authorized by Article III, Section 50-d, of the Texas Constitution and issued as bonds, notes, or other evidences of indebtedness in accordance with this subchapter.

(2) Repealed by Acts 2003, 78th Leg., ch. 200, Sec. 19(w)(2) and Acts 2003, 78th Leg., ch. 352, Sec. 23(2).

(3) "Eligible lending institution" means a financial institution that makes commercial loans, is either a depository of state funds or an institution of the Farm Credit System headquartered in this state, agrees to participate in a linked deposit program established under Section 17.905 and to provide collateral equal to the amount of linked deposits placed with it, and meets any other requirements established by board rule.

(4) "Fund" means the agricultural water conservation fund authorized by Section 50-d, Article III, of the Texas Constitution.

(5) "Person" means an individual, corporation, partnership, association, or other legal entity that is not a political subdivision.

(6) "Political subdivision" includes a district or authority created under Section 52, Article III, or Section 59, Article XVI, of the Texas Constitution, a municipality, a county, an institution of higher education as defined by Section 61.003, Education Code, any interstate compact commission to which the state is a party, and any nonprofit water supply corporation created and operating under Chapter 67.

(7) Repealed by Acts 2003, 78th Leg., ch. 200, Sec. 19(w)(2) and Acts 2003, 78th Leg., ch. 352, Sec. 23(2).

Added by Acts 1989, 71st Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1989. Amended by Acts 2001, 77th Leg., ch. 966, Sec. 4.19, eff. Sept. 1, 2001; Acts 2001, 77th Leg., ch. 1234, Sec. 30, eff. Sept. 1, 2001; Acts 2003, 78th Leg., ch. 200, Sec. 19(e), 19(w)(2), eff. Sept. 1, 2003; Acts 2003, 78th Leg., ch. 352, Sec. 5, 23(2), eff. Sept. 1, 2003.

Sec. 17.872. ISSUANCE OF BONDS. The board by resolution may provide for the issuance of negotiable bonds, to be known as Texas agricultural water conservation bonds, in an aggregate principal amount not to exceed \$200 million pursuant to Article III, Section 50-d, of the Texas Constitution.

Added by Acts 1989, 71st Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1989.

Sec. 17.873. CONDITIONS FOR ISSUANCE OF BONDS. (a) Bonds may be issued as various series and issues and shall be on a parity.

(b) Bonds may mature serially or otherwise not later than 50 years after the date on which they are issued.

(c) The bonds may bear no interest or interest at a rate or rates determined in accordance with law.

(d) Rates of interest on bonds may be fixed, variable, floating, adjustable, or otherwise, determined by the board or determined pursuant to any contractual arrangements approved by the board.

Added by Acts 1989, 71st Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1989.

Sec. 17.874. PERIODIC DETERMINATION OF INTEREST. A bond resolution or order may provide for payment of interest at any time or the periodic determination of interest rates or interest rate periods.

Added by Acts 1989, 71st Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1989.

Sec. 17.875. PERSONS DESIGNATED TO ACT AS AGENTS OF BOARD. (a) A bond resolution or order may delegate authority to one or more officers, employees, or agents designated by the board to act on behalf of the board during the time bonds are outstanding to:

(1) fix dates, prices, interest rates, and interest payment periods; and

(2) perform other procedures specified in the resolution.

(b) The person designated by the board may adjust the interest on bonds as necessary to permit the bonds to be sold or resold at par in conjunction with secondary market transactions.

Added by Acts 1989, 71st Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1989.

Sec. 17.876. SECURITY QUALIFICATIONS. The board may take any action necessary to qualify the bonds for offer and sale under the securities laws and regulations of the United States, this state, and other states.

Added by Acts 1989, 71st Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1989.

Sec. 17.877. INVESTMENT SECURITIES. The bonds and any interest coupons are investment securities under Chapter 8, Business & Commerce Code, and may be issued registrable as to principal or as to both principal and interest or may be made redeemable before maturity at the option of the board or may contain a mandatory redemption provision.

Added by Acts 1989, 71st Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1989.

Sec. 17.878. FORM OF BONDS. (a) The bonds may be issued in the form, denominations, and manner and under the terms, conditions, and details as provided by the board in the resolution or order authorizing their issuance.

(b) The bonds shall be signed and executed as provided by the board's resolution or order authorizing the issuance of the bonds.

Added by Acts 1989, 71st Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1989.

Sec. 17.879. FUNDS. (a) The bond proceeds shall be deposited in the state treasury to the credit of the fund.

(b) In the resolution or order authorizing issuance of bonds, the board may make additional covenants with respect to the bonds and may provide for the flow of funds and the establishment, maintenance, and investment of funds.

(c) By rule or in the resolution or order authorizing issuance of bonds or other resolution or order of the board, the board may establish an interest and sinking fund and may establish accounts in the funds, including an interest and sinking account, and may transfer money among the funds and accounts.

(d) The board may invest and reinvest money in the fund, the interest and sinking fund, and any account therein in any obligations or securities as provided by bond resolutions, orders of the board, and Section 404.024, Government Code.

Added by Acts 1989, 71st Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1989. Amended by Acts 2003, 78th Leg., ch. 200, Sec. 19(f), eff. Sept. 1, 2003; Acts 2003, 78th Leg., ch. 352, Sec. 6, eff. Sept. 1, 2003.

Sec. 17.880. SALE OF SECURITIES. (a) Loans, bonds of political subdivisions, and other obligations owned by the state and deposited in the fund or in the interest and sinking fund are considered to be securities under this subchapter.

(b) The board may sell securities owned in the interest and sinking fund or in any account in the fund at the governing market price.

Added by Acts 1989, 71st Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1989. Amended by Acts 2003, 78th Leg., ch. 200, Sec. 19(g), eff. Sept. 1, 2003; Acts 2003, 78th Leg., ch. 352, Sec. 7, eff. Sept. 1, 2003.

Sec. 17.881. SALE OF OBLIGATIONS TO TEXAS WATER RESOURCES FINANCE AUTHORITY. (a) Pursuant to Section 17.0871 and notwithstanding any other provision of this chapter, the board may sell to the Texas Water Resources Finance Authority any loans or bonds of borrower districts or lender districts purchased with money in the fund and may apply the proceeds of the sale in the manner provided by Section 17.0871.

(b) The board shall sell the loans or bonds of political subdivisions at the price and under the terms that it determines to be reasonable.

Added by Acts 1989, 71st Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1989. Amended by Acts 2003, 78th Leg., ch. 200, Sec. 19(h), eff. Sept. 1, 2003; Acts 2003, 78th Leg., ch. 352, Sec. 8, eff. Sept. 1, 2003.

Sec. 17.882. RESOLUTIONS, ORDERS, ETC. (a) The orders or resolutions of the board that provide for issuing bonds may include other provisions and covenants that the board determines necessary.

(b) The board may adopt and have executed any other proceedings, agreements, or trust agreements or instruments necessary and convenient in the issuance of bonds.

Added by Acts 1989, 71st Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1989.

Sec. 17.883. BOND REVIEW BOARD. Bonds may not be issued under this subchapter unless the issuance of the bonds has been reviewed and approved by the bond review board. Prior to issuance of bonds, the board shall estimate demand for conservation programs or projects based on a survey of eligible participants in the program. A summary of this information shall be furnished to the bond review board.

Added by Acts 1989, 71st Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1989. Amended by Acts 2003, 78th Leg., ch. 200, Sec. 19(i), eff. Sept. 1, 2003; Acts 2003, 78th Leg., ch. 352, Sec. 9, eff. Sept. 1, 2003.

Sec. 17.884. APPROVAL OF ATTORNEY GENERAL. The proceedings relating to the bonds issued under this subchapter are subject to review and approval by the attorney general in the same manner and with the same effects as provided by Chapter 1371, Government Code.

Added by Acts 1989, 71st Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1989. Amended by Acts 2001, 77th Leg., ch. 1420, Sec. 8.410, eff. Sept. 1, 2001.

Sec. 17.885. BONDS INCONTESTABLE. After approval of the proceedings relating to bonds issued under this subchapter by the attorney general, registration of the proceedings by the comptroller, and delivery to the purchasers, the bonds are incontestable and constitute general obligations of the state.

Added by Acts 1989, 71st Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1989.

Sec. 17.886. PAYMENT AND TRANSFERS BY COMPTROLLER. (a) The comptroller shall pay the principal of the bonds as they mature and the interest on the bonds as it becomes due.

(b) If the money and securities in the interest and sinking fund are insufficient to pay the interest that is due and the principal maturing on the bonds during the fiscal year, the comptroller shall transfer out of the first money coming into the treasury, not otherwise appropriated by the constitution, the amount required to pay principal of and interest on the bonds during the fiscal year.

(c) The comptroller shall make the transfers required by the board's bond resolution or order and this subchapter.

Added by Acts 1989, 71st Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1989.  
Amended by Acts 1997, 75th Leg., ch. 1423, Sec. 20.07, eff. Sept. 1, 1997.

Sec. 17.887. REFUNDING BONDS. (a) The board may provide by resolution for the issuance of refunding bonds to refund outstanding bonds issued under this chapter and accrued interest on those bonds.

(b) The board may sell the refunding bonds and use the proceeds to retire the outstanding bonds issued under this chapter, exchange the refunding bonds for the outstanding bonds, or refund the bonds in the manner provided by any other applicable statute, including Chapter 1207, Government Code.

Added by Acts 1989, 71st Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1989.  
Amended by Acts 2001, 77th Leg., ch. 1420, Sec. 8.411, eff. Sept. 1, 2001.

Sec. 17.888. MUTILATED, LOST, OR DESTROYED BONDS. The board may provide for the replacement of mutilated, lost, or destroyed bonds.

Added by Acts 1989, 71st Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1989.

Sec. 17.889. ELIGIBLE SECURITY. The bonds are eligible to secure deposits of public funds of the state and cities, counties, school districts, and other political subdivisions of the state. The bonds are lawful and sufficient security for deposits to the extent of their face value.

Added by Acts 1989, 71st Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1989.

Sec. 17.890. LEGAL INVESTMENTS. The bonds are legal and authorized investments for:

- (1) banks;
- (2) savings banks;
- (3) trust companies;
- (4) savings and loan associations;
- (5) insurance companies;
- (6) fiduciaries;
- (7) trustees;
- (8) guardians; and
- (9) sinking funds of cities, counties, school districts, and other political subdivisions of the state and other public funds of the state and its agencies, including the permanent school fund.

Added by Acts 1989, 71st Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1989.

Sec. 17.891. TAX EXEMPT BONDS. Since the board is performing an essential governmental function in the exercise of the powers conferred on it by this chapter, the bonds issued under this subchapter and the interest and income from the bonds, including any profit made on the sale of bonds, and all fees, charges, gifts, grants, revenues, receipts, and other money received or pledged to pay or secure the payment of the bonds are free from taxation and assessments of every kind by this state and any city, county,

district, authority, or other political subdivision of this state.

Added by Acts 1989, 71st Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1989.

Sec. 17.892. ENFORCEMENT BY MANDAMUS. Payment of the bonds and performance of official duties prescribed by Article III, Section 50-d, of the Texas Constitution and this subchapter may be enforced in a court of competent jurisdiction by mandamus or other appropriate proceedings.

Added by Acts 1989, 71st Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1989.

Sec. 17.893. SUBCHAPTER CUMULATIVE OF OTHER LAWS. (a) This subchapter is cumulative of other laws on the subject, and the board may use provisions of other applicable laws in the issuance of its bonds and other obligations, but this subchapter is wholly sufficient authority for the issuance of bonds and the performance of all other acts and procedures authorized by this subchapter.

(b) In addition to other authority granted by this subchapter, the board may exercise the powers granted to the governing body of an issuer with regard to issuance of obligations under Chapter 1371, Government Code.

Added by Acts 1989, 71st Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1989.  
Amended by Acts 2001, 77th Leg., ch. 1420, Sec. 8.412, eff. Sept. 1, 2001.

Sec. 17.894. BOND ENHANCEMENT AGREEMENTS; PAYMENT OF EXPENSES. (a) The board at any time and from time to time may enter into one or more bond enhancement agreements that the board determines to be necessary or appropriate to place the obligation of the board, as represented by the bonds, in whole or in part, on the interest rate, currency, cash flow, or other basis desired by the board. A bond enhancement agreement is an agreement for professional services and shall contain the terms and conditions and be for the period that the board approves.

(b) The fees and expenses of the board in connection with the issuance of the bonds and the providing of financial assistance to

political subdivisions may be paid from money in the fund, provided that any payments due from the board under a bond enhancement agreement, other than fees and expenses, that relate to the payment of debt service on the bonds constitute payments of principal of and interest on the bonds.

(c) Bond enhancement agreements may include, on terms and conditions approved by the board, interest rate swap agreements; currency swap agreements; forward payment conversion agreements; agreements providing for payments based on levels of or changes in interest rates or currency exchange rates; agreements to exchange cash flows or a series of payments; agreements, including options, puts, or calls, to hedge payment, currency, rate, spread, or other exposure; or other agreements that further enhance the marketability, security, or creditworthiness of water financial assistance bonds.

Added by Acts 1989, 71st Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1989. Amended by Acts 2001, 77th Leg., ch. 1234, Sec. 31, eff. Sept. 1, 2001; Acts 2003, 78th Leg., ch. 200, Sec. 19(j), eff. Sept. 1, 2003; Acts 2003, 78th Leg., ch. 352, Sec. 10, eff. Sept. 1, 2003.

Sec. 17.895. SOURCES OF ASSETS. The fund is composed of:

- (1) money and assets, including bond proceeds, attributable to the bonds;
- (2) investment income earned on money on deposit in the fund and depository interest earned on money on deposit in the state treasury;
- (3) money appropriated by the legislature;
- (4) repayments of principal and interest on loans made under this subchapter;
- (5) administrative fees charged by the board under the bond program;
- (6) money disbursed to the fund from the state water implementation fund for Texas as authorized by Section 15.434; and
- (7) any other funds, regardless of their source, that the board directs be deposited to the credit of the fund.

Added by Acts 1989, 71st Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1989. Amended by Acts 1997, 75th Leg., ch. 1010, Sec. 4.09, eff. Sept. 1, 1997; Acts 1999, 76th Leg., ch. 456, Sec. 7, eff. June 18, 1999;

Acts 1999, 76th Leg., ch. 979, Sec. 9, eff. June 18, 1999; Acts 2001, 77th Leg., ch. 966, Sec. 4.20, eff. Sept. 1, 2001; Acts 2003, 78th Leg., ch. 200, Sec. 19(k), eff. Sept. 1, 2003; Acts 2003, 78th Leg., ch. 352, Sec. 11, eff. Sept. 1, 2003.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 207 (H.B. 4), Sec. 2.14, eff. November 5, 2013.

Sec. 17.896. REPAYMENT PROCEEDS. The board shall designate a transfer of repayment of principal and interest on a loan made under this subchapter to the fund, the interest and sinking fund, or any account in the funds.

Added by Acts 1989, 71st Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1989. Amended by Acts 2003, 78th Leg., ch. 200, Sec. 19(1), eff. Sept. 1, 2003; Acts 2003, 78th Leg., ch. 352, Sec. 12, eff. Sept. 1, 2003.

Sec. 17.897. CONSERVATION PROGRAM. (a) A conservation program is:

(1) an agricultural water conservation technical assistance program, including a program for an on-farm soil and water conservation plan developed jointly by a landowner, an operator, and a local soil and water conservation district as provided by Subchapter H, Chapter 201, Agriculture Code;

(2) a research, demonstration, technology transfer, or educational program relating to agricultural water use and conservation;

(3) a precipitation enhancement program in an area of the state where the program, in the board's judgment, would be most effective; and

(4) any other agricultural water conservation program defined by board rule.

(b) The costs of a conservation program eligible for financial assistance under Section 17.899 are the costs of the capital equipment, materials, labor, preparation, installation, or administration directly associated with implementing and completing the program.

Added by Acts 1989, 71st Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1989.

Amended by Acts 2003, 78th Leg., ch. 200, Sec. 19(m), eff. Sept. 1, 2003; Acts 2003, 78th Leg., ch. 352, Sec. 13, eff. Sept. 1, 2003.

Sec. 17.898. CONSERVATION PROJECT. (a) A conservation project is a project that:

(1) improves water use efficiency of water delivery and application on existing irrigation systems;

(2) prepares irrigated land for conversion to dryland conditions;

(3) prepares dryland for more efficient use of natural precipitation;

(4) purchases and installs on public or private property devices designed to indicate the amount of water withdrawn for irrigation purposes;

(5) prepares and maintains land to be used for brush control activities in areas of the state where those activities in the board's judgment would be most effective, including activities conducted under Chapter 203, Agriculture Code; or

(6) implements any other agricultural water conservation project defined by board rule.

(b) The costs of a conservation project eligible for financial assistance under Section 17.899 are the costs of the capital equipment, materials, labor, preparation, installation, or administration directly associated with implementing and completing the project.

Added by Acts 1989, 71st Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1989. Amended by Acts 2003, 78th Leg., ch. 200, Sec. 19(n), eff. Sept. 1, 2003; Acts 2003, 78th Leg., ch. 352, Sec. 14, eff. Sept. 1, 2003.

Sec. 17.899. ELIGIBLE FUND USES. (a) Money in the fund, excluding money in the interest and sinking fund, may be used by the board to:

(1) provide a grant to a state agency to fund a conservation program or conservation project, including a conservation program that provides funding to a political subdivision or person for a conservation project;

(2) provide a grant or loan to a political subdivision for

a conservation program or conservation project;

(3) provide a linked deposit to an eligible financial institution for a loan to a person for a conservation project;

(4) pay for a board conservation program;

(5) make a transfer to the interest and sinking fund;

(6) pay the costs of a bond issuance; and

(7) pay for a board expense in administering the agricultural water conservation program under this subchapter.

(b) Money in the interest and sinking fund may be used for the payment of bonds or, to the extent there are funds in excess of bond payment requirements, for transfers to the fund, or any other account in the funds.

(c) The board shall transfer back to the state water implementation fund for Texas any money disbursed to the fund as described by Section 17.895(6) if the requirements of Section 15.435 are satisfied.

Added by Acts 1989, 71st Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1989.  
Amended by Acts 1993, 73rd Leg., ch. 477, Sec. 15, eff. Aug. 30, 1993; Acts 2003, 78th Leg., ch. 200, Sec. 19(o), eff. Sept. 1, 2003; Acts 2003, 78th Leg., ch. 352, Sec. 15, eff. Sept. 1, 2003.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 207 (H.B. 4), Sec. 2.15, eff. November 5, 2013.

Sec. 17.900. GRANT TO STATE AGENCY. (a) A state agency seeking a grant for a conservation program or conservation project must file an application with the board.

(b) In reviewing an application for a grant, the board shall consider:

(1) the commitment of the state agency to water conservation; and

(2) the benefits that will be gained by making the grant.

(c) To approve the grant, the board must find that:

(1) the grant funds will supplement rather than replace money of the state agency;

(2) the public interest is served by providing the grant;

and

(3) the grant will further water conservation in the state.

(d) If a state agency is applying for funds that have been provided by legislative appropriation for such state agency, the board shall review the application according to the terms of the legislative appropriation. To approve such grant, the board shall make the determination required by the legislative language.

(e) The board may make money available to a state agency in any manner that it considers feasible, including a grant agreement with the state agency.

Added by Acts 1989, 71st Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1989. Amended by Acts 2003, 78th Leg., ch. 200, Sec. 19(p), eff. Sept. 1, 2003; Acts 2003, 78th Leg., ch. 352, Sec. 16, eff. Sept. 1, 2003.

Sec. 17.901. GRANT OR LOAN TO POLITICAL SUBDIVISION. The board may make a grant or loan to a political subdivision for a conservation program or conservation project. A political subdivision seeking a grant or loan must file an application with the board.

Added by Acts 1989, 71st Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1989. Amended by Acts 2003, 78th Leg., ch. 200, Sec. 19(q), eff. Sept. 1, 2003; Acts 2003, 78th Leg., ch. 352, Sec. 17, eff. Sept. 1, 2003.

Sec. 17.902. REVIEW OF APPLICATION FOR AND APPROVAL OF GRANT.

(a) In reviewing an application by a political subdivision for a grant, the board shall consider:

(1) the degree to which the political subdivision has used other available resources to finance the use for which the application is being made;

(2) the willingness and ability of the political subdivision to raise revenue;

(3) the commitment of the political subdivision to water conservation; and

(4) the benefits that will be gained by making the grant.

(b) To approve a grant to a political subdivision, the board must find that:

(1) the grant funds will supplement rather than replace money of the political subdivision;

(2) the public interest is served by providing the grant;

and

- (3) the grant will further water conservation in the state.

Added by Acts 1989, 71st Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1989.  
Amended by Acts 2003, 78th Leg., ch. 200, Sec. 19(r), eff. Sept. 1, 2003; Acts 2003, 78th Leg., ch. 352, Sec. 18, eff. Sept. 1, 2003.

Sec. 17.9021. APPLICATION FOR AND APPROVAL OF LOAN. (a) In reviewing an application by a political subdivision for a loan, the board shall consider the ability of the political subdivision to repay the loan and whether the loan will further water conservation in this state.

(b) To approve a loan to a political subdivision, the board must determine that:

- (1) the public interest is served by providing the loan;  
(2) the political subdivision has the ability to repay the loan; and  
(3) the loan will further water conservation in the state.

(c) The board by rule shall establish the rate of interest it charges for a loan to a political subdivision.

Added by Acts 2003, 78th Leg., ch. 200, Sec. 19(s), eff. Sept. 1, 2003; Acts 2003, 78th Leg., ch. 352, Sec. 19, eff. Sept. 1, 2003.

Sec. 17.9022. FINANCING OF GRANT OR LOAN FOR POLITICAL SUBDIVISION; DEFAULT; VENUE. The board may make a loan or grant available to a political subdivision in any manner the board considers economically feasible, including purchase of bonds or securities of the political subdivision or execution of a loan or grant agreement with the political subdivision. The board may not purchase bonds or securities that have not been approved by the attorney general and registered by the comptroller.

Added by Acts 2003, 78th Leg., ch. 200, Sec. 19(s), eff. Sept. 1, 2003; Acts 2003, 78th Leg., ch. 352, Sec. 19, eff. Sept. 1, 2003.  
Amended by:

Acts 2011, 82nd Leg., R.S., Ch. 1233 (S.B. 660), Sec. 13, eff. September 1, 2011.

Sec. 17.903. CONTRACT AUTHORITY. (a) A political subdivision may borrow money for the purposes of this subchapter and may adopt necessary rules to carry out this subchapter.

(b) The board shall have the power to enter into any contracts to carry out the provisions of this subchapter.

Added by Acts 1989, 71st Leg., ch. 1103, Sec. 1, eff. Sept. 1, 1989.  
Amended by Acts 2001, 77th Leg., ch. 1234, Sec. 32, eff. Sept. 1, 2001; Acts 2003, 78th Leg., ch. 200, Sec. 19(t), eff. Sept. 1, 2003; Acts 2003, 78th Leg., ch. 352, Sec. 20, eff. Sept. 1, 2003.

Sec. 17.904. LINKED DEPOSIT. A linked deposit is a deposit governed by a written deposit agreement between the board and an eligible lending institution that provides that:

(1) the eligible lending institution pay interest on the deposit at a rate determined by the board;

(2) the state not withdraw any part of the deposit before the expiration of a period set by a written advance notice of the intention to withdraw; and

(3) the eligible lending institution agree to lend the value of the deposit to a person at a maximum rate that is the rate paid by the eligible lending institution to the board plus a maximum of four percent.

Added by Acts 2003, 78th Leg., ch. 200, Sec. 19(u), eff. Sept. 1, 2003; Acts 2003, 78th Leg., ch. 352, Sec. 21, eff. Sept. 1, 2003.

Sec. 17.905. LINKED DEPOSIT PROGRAM. (a) The board by rule may establish an agricultural water conservation linked deposit program in accordance with this subchapter.

(b) An eligible lending institution may participate in the program established under this section as provided by this subchapter.

Added by Acts 2003, 78th Leg., ch. 200, Sec. 19(u), eff. Sept. 1, 2003; Acts 2003, 78th Leg., ch. 352, Sec. 21, eff. Sept. 1, 2003.

Sec. 17.906. APPLICATION BY ELIGIBLE LENDING INSTITUTIONS TO

PARTICIPATE IN LINKED DEPOSIT PROGRAM. To participate in the agricultural water conservation linked deposit program, an eligible lending institution must:

- (1) solicit loan applications, which must contain a description of an agricultural water conservation project;
- (2) review applications to determine if applicants are eligible and creditworthy; and
- (3) submit the applications of eligible and creditworthy applicants to the executive administrator with a certification:
  - (A) of the interest rate applicable to each applicant by the eligible lending institution; and
  - (B) of the soil and water conservation district in which an applicant is located by a director of the district that states that:
    - (i) the applicant of the proposed project has a soil and water conservation plan approved by the district; and
    - (ii) the project furthers or implements the plan.

Added by Acts 2003, 78th Leg., ch. 200, Sec. 19(u), eff. Sept. 1, 2003; Acts 2003, 78th Leg., ch. 352, Sec. 21, eff. Sept. 1, 2003.

Sec. 17.907. APPROVAL OR REJECTION OF APPLICATION. The board may approve or reject an application of an eligible lending institution to participate in the program. The board may delegate its authority to approve or reject applications to the executive administrator.

Added by Acts 2003, 78th Leg., ch. 200, Sec. 19(u), eff. Sept. 1, 2003; Acts 2003, 78th Leg., ch. 352, Sec. 21, eff. Sept. 1, 2003.

Sec. 17.908. DEPOSIT AGREEMENT. If the board approves an application of an eligible lending institution, the board and the eligible lending institution shall enter into a written deposit agreement. The agreement shall contain the conditions on which the linked deposit is made. On execution of the agreement, the board shall place a linked deposit from the fund with the eligible lending institution in accordance with the agreement. A delay in payment or a default on a loan by an applicant does not affect the validity of the deposit agreement.

Added by Acts 2003, 78th Leg., ch. 200, Sec. 19(u), eff. Sept. 1, 2003; Acts 2003, 78th Leg., ch. 352, Sec. 21, eff. Sept. 1, 2003.

Sec. 17.909. COMPLIANCE. (a) On accepting a linked deposit, an eligible lending institution must lend money to an approved applicant in accordance with the deposit agreement and this subchapter. The eligible lending institution shall forward a compliance report to the board in accordance with board rules. The board shall adopt rules regarding the compliance report.

(b) The board shall monitor compliance with this subchapter and inform the comptroller of noncompliance on the part of an eligible lending institution.

Added by Acts 2003, 78th Leg., ch. 200, Sec. 19(u), eff. Sept. 1, 2003; Acts 2003, 78th Leg., ch. 352, Sec. 21, eff. Sept. 1, 2003.

Sec. 17.910. STATE LIABILITY PROHIBITED. The state is not liable to an eligible lending institution for payment of the principal, interest, or any late charges on a loan made to an approved applicant. A linked deposit is not an extension of the state's credit within the meaning of any state constitutional prohibition.

Added by Acts 2003, 78th Leg., ch. 200, Sec. 19(u), eff. Sept. 1, 2003; Acts 2003, 78th Leg., ch. 352, Sec. 21, eff. Sept. 1, 2003.

Sec. 17.911. LIMITATIONS ON PROGRAM. (a) The maximum amount of a loan under the linked deposit program is \$250,000.

(b) The board may withdraw linked deposits from an eligible lending institution if the institution ceases to be either a state depository or a Farm Credit System institution headquartered in this state.

Added by Acts 2003, 78th Leg., ch. 200, Sec. 19(u), eff. Sept. 1, 2003; Acts 2003, 78th Leg., ch. 352, Sec. 21, eff. Sept. 1, 2003.

Sec. 17.912. RULES. The board shall adopt rules necessary to

carry out this subchapter. Applications shall be in the form and manner as provided by board rules.

Added by Acts 2003, 78th Leg., ch. 200, Sec. 19(u), eff. Sept. 1, 2003; Acts 2003, 78th Leg., ch. 352, Sec. 21, eff. Sept. 1, 2003.

**SUBCHAPTER K. ASSISTANCE TO ECONOMICALLY DISTRESSED AREAS FOR WATER SUPPLY AND SEWER SERVICE PROJECTS**

Sec. 17.921. DEFINITIONS. In this subchapter:

- (1) "Economically distressed area" means an area in which:
  - (A) water supply or sewer services are inadequate to meet minimal needs of residential users as defined by board rules;
  - (B) financial resources are inadequate to provide water supply or sewer services that will satisfy those needs; and
  - (C) an established residential subdivision was located on June 1, 2005, as determined by the board.
- (2) "Financial assistance" means the funds provided by the board to political subdivisions for water supply and sewer services under this subchapter.
- (3) "Political subdivision" means a county, municipality, a nonprofit water supply corporation created and operating under Chapter 67, or district or authority created under Article III, Section 52, or Article XVI, Section 59, of the Texas Constitution.
- (4) "Water conservation" means those practices, techniques, and technologies that will reduce the consumption of water, reduce the loss or waste of water, improve the efficiency in the use of water, or increase the recycling and reuse of water so that a water supply is made available for future or alternative uses.
- (5) "Sewer services" and "sewer facilities" mean treatment works or individual, on-site, or cluster treatment systems such as septic tanks and include drainage facilities and other improvements for proper functioning of the sewer services and other facilities.
- (6) "Economically distressed areas account" means the economically distressed areas account in the Texas Water Development Fund or the economically distressed areas program account in the Texas Water Development Fund II.

Added by Acts 1989, 71st Leg., ch. 624, Sec. 2.21. Renumbered from Sec. 17.881 by Acts 1990, 71st Leg., 6th C.S., ch. 12, Sec. 2(36), eff. Sept. 6, 1990. Amended by Acts 1995, 74th Leg., ch. 979, Sec.

20, eff. June 16, 1995; Acts 1999, 76th Leg., ch. 62, Sec. 18.62, eff. Sept. 1, 1999; Acts 1999, 76th Leg., ch. 404, Sec. 38, eff. Sept. 1, 1999.

Amended by:

Acts 2005, 79th Leg., Ch. 927 (H.B. 467), Sec. 5, eff. September 1, 2005.

Sec. 17.922. FINANCIAL ASSISTANCE. (a) The economically distressed areas account may be used by the board to provide financial assistance to political subdivisions for the construction, acquisition, or improvement of water supply and sewer services, including providing funds from the account for the state's participation in federal programs that provide assistance to political subdivisions.

(b) To the extent practicable, the board shall use the funds in the economically distressed areas account in conjunction with the other financial assistance available through the board to encourage the use of cost-effective water supply and wastewater systems, including regional systems, to maximize the long-term economic development of counties eligible for financial assistance under the economically distressed areas program. Any savings derived from the construction of a regional system that includes or serves an economically distressed area project shall be factored into the board's determination of financial assistance for the economically distressed area in a manner that assures the economically distressed area receives appropriate benefits from the savings. In no event shall financial assistance provided from the economically distressed areas account be used to provide water supply or wastewater service to any area that is not an economically distressed area.

Added by Acts 1989, 71st Leg., ch. 624, Sec. 2.21. Renumbered from Sec. 17.882 by Acts 1990, 71st Leg., 6th C.S., ch. 12, Sec. 2(36), eff. Sept. 6, 1990. Amended by Acts 1993, 73rd Leg., ch. 844, Sec. 6, eff. Aug. 30, 1993.

Amended by:

Acts 2005, 79th Leg., Ch. 927 (H.B. 467), Sec. 6, eff. September 1, 2005.

Sec. 17.9225. RESIDENTIAL WATER AND SEWER CONNECTION ASSISTANCE. (a) The legislature finds that, due to public health and sanitation concerns, it is in the public interest to use funds in the economically distressed areas account to provide financial assistance for the costs associated with the initial connection to public water supply and sanitary sewer systems of residences that otherwise benefit from financial assistance.

(b) A political subdivision may use financial assistance to pay:

- (1) the costs of connecting a residence to a public water supply system constructed with financial assistance;
- (2) the costs of installing yard water service connections;
- (3) the costs of installing indoor plumbing facilities and fixtures;
- (4) the costs of connecting a residence to a sanitary sewer system constructed with financial assistance;
- (5) necessary connection and permit fees; and
- (6) necessary costs related to the design of plumbing improvements described by this subsection.

(c) Assistance under this section shall only be provided to residents who demonstrate an inability to pay for the improvements described in Subsection (b) in accordance with board rules. If the board determines that a resident to whom assistance has been provided is ineligible to receive the assistance, the board may seek reimbursement from the resident. The board shall adopt rules to implement the provisions of this section.

Added by Acts 2009, 81st Leg., R.S., Ch. 1301 (H.B. [2374](#)), Sec. 1, eff. September 1, 2009.

Without reference to the amendment of this section, this section was repealed by Acts 2005, 79th Leg., Ch. 927 (H.B. [467](#)), Sec. 15, eff. September 1, 2005.

Sec. 17.923. COUNTY ELIGIBILITY FOR FINANCIAL ASSISTANCE. To be eligible for financial assistance under this subchapter, a county:

- (1) must have a per capita income that averaged 25 percent below the state average for the most recent three consecutive years for which statistics are available and an unemployment rate that averaged 25 percent above the state average for the most recent three

consecutive years for which statistics are available;

(2) must be located adjacent to an international border; or

(3) must be located in whole or in part within 100 miles of an international border and contain the majority of the area of a municipality with a population of more than 250,000.

Added by Acts 1989, 71st Leg., ch. 624, Sec. 2.21. Renumbered from Sec. 17.883 by Acts 1990, 71st Leg., 6th C.S., ch. 12, Sec. 2(36), eff. Sept. 6, 1990.

Amended by:

Acts 2005, 79th Leg., Ch. 708 (S.B. 425), Sec. 16, eff. September 1, 2005.

Acts 2005, 79th Leg., Ch. 927 (H.B. 467), Sec. 15, eff. September 1, 2005.

Sec. 17.927. APPLICATION FOR FINANCIAL ASSISTANCE. (a) A political subdivision may apply to the board for financial assistance under this subchapter by submitting an application together with a plan for providing water supply and sewer services to an economically distressed area for which the financial assistance is to be used.

(b) The application and plan must include:

(1) the name of the political subdivision and its principal officers;

(2) a citation of the law under which the political subdivision was created and operates;

(3) a project plan, prepared and certified by an engineer registered to practice in this state, that must:

(A) describe the proposed planning, design, and construction activities necessary to provide water supply and sewer services that meet minimum state standards; and

(B) identify the households to which the water supply and sewer services will be provided;

(4) a budget that estimates the total cost of providing water supply and sewer services to the economically distressed area and a proposed schedule and method for repayment of financial assistance consistent with board rules and guidelines;

(5) a description of the existing water supply and sewer facilities located in the area to be served by the proposed project, including a statement prepared and certified by an engineer

registered to practice in this state that the facilities do not meet minimum state standards;

(6) documentation that the appropriate political subdivision has adopted the model rules developed under Section 16.343;

(7) information identifying the median household income for the area to be served by the proposed project; and

(8) the total amount of assistance requested from the economically distressed areas account.

(c) Before the board approves the application or provides any funds under an application, it shall require an applicant to adopt a program of water conservation for the more effective use of water that meets the criteria established under Section 17.125.

(d) Before considering an application, the board may require the applicant to:

(1) provide documentation to the executive administrator sufficient to allow review of the applicant's managerial, financial, and technical capabilities to operate the system for which assistance is being requested;

(2) provide a written determination by the commission on the applicant's managerial, financial, and technical capabilities to operate the system for which assistance is being requested;

(3) request that the comptroller perform a financial management review of the applicant and, if the review is performed, provide the board with the results of the review; or

(4) provide any other information required by the board or the executive administrator.

Added by Acts 1989, 71st Leg., ch. 624, Sec. 2.21. Renumbered from Sec. 17.887 by Acts 1990, 71st Leg., 6th C.S., ch. 12, Sec. 2(36), eff. Sept. 6, 1990. Amended by Acts 1991, 72nd Leg., ch. 14, Sec. 284(79), eff. Sept. 1, 1991; Acts 1995, 74th Leg., ch. 76, Sec. 16.01, eff. Sept. 1, 1995; Acts 1999, 76th Leg., ch. 404, Sec. 39, eff. Sept. 1, 1999; Acts 2001, 77th Leg., ch. 720, Sec. 2, eff. Sept. 1, 2001.

Amended by:

Acts 2005, 79th Leg., Ch. 927 (H.B. 467), Sec. 7, eff. September 1, 2005.

Sec. 17.928. FINDINGS REGARDING PERMITS. (a) The board shall not release funds for the construction of that portion of a project that proposes surface water or groundwater development until the executive administrator makes a written finding:

(1) that an applicant proposing surface-water development has the necessary water right authorizing it to appropriate and use the water that the water supply project will provide; or

(2) that an applicant proposing groundwater development has the right to use water that the water supply project will provide.

(b) The board may release funds for the costs of planning, engineering, architectural, legal, title, fiscal, or economic investigation, studies, surveys, or designs before making the finding required under Subsection (a) if the executive administrator determines that a reasonable expectation exists that the finding will be made before the release of funds for construction.

(c) If an applicant includes a proposal for treatment works, the board may not deliver funds for the treatment works until the applicant has received a permit for construction and operation of the treatment works and approval of the plans and specifications from the commission or unless such a permit is not required by the commission.

Added by Acts 1989, 71st Leg., ch. 624, Sec. 2.21. Renumbered from Sec. 17.888 by Acts 1990, 71st Leg., 6th C.S., ch. 12, Sec. 2(36), eff. Sept. 6, 1990. Amended by Acts 2001, 77th Leg., ch. 1234, Sec. 33, eff. Sept. 1, 2001.

Sec. 17.929. CONSIDERATIONS IN PASSING ON APPLICATION. (a) In passing on an application for financial assistance, the board shall consider:

(1) the need of the economically distressed area to be served by the water supply and sewer services in relation to the need of other political subdivisions requiring financial assistance under this subchapter and the relative costs and benefits of all applications;

(2) the availability to the area to be served by the project of revenue or financial assistance from alternative sources for the payment of the cost of the proposed project;

(3) the financing of the proposed water supply and sewer project including consideration of:

(A) the budget and repayment schedule submitted under Section 17.927(b)(4);

(B) other items included in the application relating to financing; and

(C) other financial information and data available to the board;

(4) whether the county and other appropriate political subdivisions have adopted model rules pursuant to Section 16.343 and the manner of enforcement of model rules; and

(5) the feasibility of achieving cost savings by providing a regional facility for water supply or wastewater service and the feasibility of financing the facility by using funds from the economically distressed areas account or any other financial assistance.

(b) At the time an application for financial assistance is considered, the board also must find that the area to be served by a proposed project has a median household income that is not greater than 75 percent of the median state household income for the most recent year for which statistics are available.

Added by Acts 1989, 71st Leg., ch. 624, Sec. 2.21. Renumbered from Sec. 17.889 by Acts 1990, 71st Leg., 6th C.S., ch. 12, Sec. 2(36), eff. Sept. 6, 1990. Amended by Acts 1993, 73rd Leg., ch. 844, Sec. 7, eff. Aug. 30, 1993.

Amended by:

Acts 2005, 79th Leg., Ch. 927 (H.B. 467), Sec. 8, eff. September 1, 2005.

Sec. 17.930. APPROVAL OR DISAPPROVAL OF APPLICATION. (a) The board may issue a decision to approve an application contingent on changes being made to the plan submitted with the application.

(b) After making the considerations provided by Section 17.929, the board by resolution shall:

(1) approve the plan and application as submitted;

(2) approve the plan and application subject to the requirements identified by the board or commission for the applicant to obtain the managerial, financial, and technical capabilities to operate the system and any other requirements, including training under Subchapter M, the board considers appropriate;

(3) deny the application and identify the requirements or remedial steps the applicant must complete before the applicant may be reconsidered for financial assistance;

(4) if the board finds that the applicant will be unable to obtain the managerial, financial, or technical capabilities to build and operate a system, deny the application and issue a determination that a service provider other than the applicant is necessary or appropriate to undertake the proposed project; or

(5) deny the application.

(c) The board shall notify the applicant in writing of its decision.

(d) The board may require the applicant to provide local funds in an amount approved by the board under this subchapter, and the board shall provide the remaining funds from the economically distressed areas account.

Added by Acts 1989, 71st Leg., ch. 624, Sec. 2.21. Renumbered from Sec. 17.890 by Acts 1990, 71st Leg., 6th C.S., ch. 12, Sec. 2(36), eff. Sept. 6, 1990. Amended by Acts 1993, 73rd Leg., ch. 844, Sec. 8, eff. Aug. 30, 1993; Acts 1999, 76th Leg., ch. 404, Sec. 40, eff. Sept. 1, 1999; Acts 2001, 77th Leg., ch. 720, Sec. 3, eff. Sept. 1, 2001.

Amended by:

Acts 2005, 79th Leg., Ch. 927 (H.B. 467), Sec. 9, eff. September 1, 2005.

Sec. 17.931. APPLICATION AMENDMENT. (a) A political subdivision may request the board in writing to approve a change to or a modification of the budget or project plan included in its application.

(b) A change or modification may not be implemented unless the board provides its written approval.

Added by Acts 1989, 71st Leg., ch. 624, Sec. 2.21. Renumbered from Sec. 17.891 by Acts 1990, 71st Leg., 6th C.S., ch. 12, Sec. 2(36), eff. Sept. 6, 1990.

Sec. 17.932. METHOD OF FINANCIAL ASSISTANCE. (a) The board may provide financial assistance to political subdivisions by using

money in the economically distressed areas account to purchase political subdivision bonds.

(b) The board may make financial assistance available to political subdivisions in any other manner that it considers feasible, including:

(1) contracts or agreements with a political subdivision for acceptance of financial assistance that establish any repayment based on the political subdivision's ability to repay the assistance and that establish requirements for acceptance of the assistance; or

(2) contracts or agreements for providing financial assistance in any federal or federally assisted project or program.

Added by Acts 1989, 71st Leg., ch. 624, Sec. 2.21. Renumbered from Sec. 17.892 by Acts 1990, 71st Leg., 6th C.S., ch. 12, Sec. 2(36), eff. Sept. 6, 1990.

Sec. 17.933. TERMS OF FINANCIAL ASSISTANCE. (a) The board may use money in the economically distressed areas account to provide financial assistance to a political subdivision in the form of a loan, including a loan with zero interest, grant, or other type of financial assistance to be determined by the board taking into consideration the information provided by Section 17.927(b)(7).

(b) In providing financial assistance to an applicant under this subchapter, the board may not provide to the applicant financial assistance for which repayment is not required in an amount that exceeds 50 percent of the total amount of the financial assistance plus interest on any amount that must be repaid, unless the Texas Department of Health issues a finding that a nuisance dangerous to the public health and safety exists resulting from water supply and sanitation problems in the area to be served by the proposed project. The board and the applicant shall provide to the Texas Department of Health information necessary to make a determination, and the board and the Texas Department of Health may enter into necessary memoranda of understanding to carry out this subsection.

(b-1) In providing financial assistance in the form of a loan under this subchapter to a conservation and reclamation district created under authority of Section 52(b)(1) or (2), Article III, or Section 59, Article XVI, Texas Constitution, the board shall make the loan to the district without charging interest.

(c) The total amount of financial assistance provided by the board to political subdivisions under this subchapter from state-issued bonds for which repayment is not required may not exceed at any time 90 percent of the total principal amount of issued and unissued bonds authorized under Article III of the Texas Constitution, for purposes of this subchapter plus outstanding interest on those bonds.

(d) In determining the amount and form of financial assistance and the amount and form of repayment, if any, the board shall consider:

(1) rates, fees, and charges that the average customer to be served by the project will be able to pay based on a comparison of what other families of similar income who are similarly situated pay for comparable services;

(2) sources of funding available to the political subdivision from federal and private funds and from other state funds;

(3) any local funds of the political subdivision to be served by the project if the economically distressed area to be served by the board's financial assistance is within the boundary of the political subdivision; and

(4) the just, fair, and reasonable charges for water and wastewater service as provided in this code.

(e) In making its determination under Subsection (d)(1) of this section, the board may consider any study, survey, data, criteria, or standard developed or prepared by any federal, state, or local agency, private foundation, banking or financial institution, or other reliable source of statistical or financial data or information.

(f) The board may provide financial assistance money under this subchapter for treatment works as defined by Section 17.001 of this code only if the board determines that it is not feasible in the area covered by the application to use septic tanks as the method for providing sewer services under the applicant's plan.

(g) Repealed by Acts 2005, 79th Leg., Ch. 927, Sec. 15, eff. September 1, 2005.

Added by Acts 1989, 71st Leg., ch. 624, Sec. 2.21. Renumbered from Sec. 17.893 by Acts 1990, 71st Leg., 6th C.S., ch. 12, Sec. 2(36), eff. Sept. 6, 1990. Amended by Acts 1991, 72nd Leg., ch. 422, Sec.

2, eff. Sept. 1, 1991; Acts 1993, 73rd Leg., ch. 844, Sec. 9, eff. Aug. 30, 1993; Acts 1995, 74th Leg., ch. 76, Sec. 11.291, eff. Sept. 1, 1995; Acts 1995, 74th Leg., ch. 979, Sec. 21, eff. June 16, 1995; Acts 1999, 76th Leg., ch. 404, Sec. 41, eff. Sept. 1, 1999; Acts 2003, 78th Leg., ch. 74, Sec. 1, eff. May 16, 2003.

Amended by:

Acts 2005, 79th Leg., Ch. 927 (H.B. 467), Sec. 10, eff. September 1, 2005.

Acts 2005, 79th Leg., Ch. 927 (H.B. 467), Sec. 15, eff. September 1, 2005.

Sec. 17.934. SEWER CONNECTIONS. (a) Notwithstanding any other law, a political subdivision that is located in a county in which a political subdivision has received financial assistance under this subchapter or under Subchapter F, Chapter 15, of this code may:

(1) provide for a sanitary sewer system; and

(2) require property owners to connect to the sewer system.

(b) The board may require, as a condition for granting an application for financial assistance under this subchapter to a political subdivision for construction of sewer services, that the applicant exercise its authority under this section.

Added by Acts 1991, 72nd Leg., ch. 422, Sec. 1, eff. Sept. 1, 1991.

Sec. 17.935. GRANT STANDARDS. The Uniform Grant and Contract Management Act of 1981 (Article 4413(32g), Vernon's Texas Civil Statutes) does not apply to financial assistance provided under this subchapter.

Added by Acts 1991, 72nd Leg., ch. 422, Sec. 3, eff. Sept. 1, 1991.

Sec. 17.936. RECOVERY OF ECONOMICALLY DISTRESSED AREA IMPACT FEES. (a) It is the intent of the legislature that a private developer not unduly benefit from the expenditure by the state of public funds on infrastructure for public benefit.

(b) In this section:

(1) "Capital improvement costs" includes:

(A) the construction contract price;

- (B) surveying and engineering fees;
  - (C) land acquisition costs, including land purchases, court awards and costs, attorney's fees, and expert witness fees;
  - (D) fees actually paid or contracted to be paid to an independent, qualified engineer or financial consultant who is:
    - (i) preparing or updating the capital improvements plan; and
    - (ii) not an employee of the subdivision; and
  - (E) projected interest charges and other finance costs that are used for the payment of principal and interest on bonds, notes, or other obligations issued by or on behalf of the political subdivision to finance the capital improvements plan and that are not used to reimburse bond funds expended for facilities that are not identified in the capital improvements plan of the subdivision.
- (2) "Economically distressed areas program impact fees" means the pro rata share of the capital improvement costs attributable to each lot in an economically distressed area.
- (c) This section applies only to property located in:
- (1) the unincorporated area of an affected county, as defined by Section 16.341; and
  - (2) an economically distressed area, as defined by Section 16.341.
- (d) The provider of water or wastewater utility service to an economically distressed area may recover from a developer or owner of an undeveloped lot economically distressed areas program impact fees as provided by rules adopted by the board.

Added by Acts 1995, 74th Leg., ch. 979, Sec. 22, eff. June 16, 1995.

#### **SUBCHAPTER L. WATER FINANCIAL ASSISTANCE BOND PROGRAM**

Sec. 17.951. DEFINITIONS. In this subchapter:

- (1) "Fund" means the Texas Water Development Fund II.
- (2) "Resolution" means any resolution or order approved by the board authorizing the issuance of water financial assistance bonds.

Added by Acts 1997, 75th Leg., ch. 1010, Sec. 5.03.

Sec. 17.952. ISSUANCE OF WATER FINANCIAL ASSISTANCE BONDS. The

board by resolution may provide for the issuance of water financial assistance bonds, which shall be general obligation bonds of the state, in an aggregate principal amount not to exceed the principal amount authorized to be issued by the Texas Constitution.

Added by Acts 1997, 75th Leg., ch. 1010, Sec. 5.03.

Amended by:

Acts 2005, 79th Leg., Ch. 927 (H.B. 467), Sec. 11, eff. September 1, 2005.

Sec. 17.953. CONDITIONS FOR ISSUANCE OF WATER FINANCIAL ASSISTANCE BONDS. (a) Water financial assistance bonds may be issued as various series and issues.

(b) Water financial assistance bonds may mature, serially or otherwise, not later than 50 years after the date on which they are issued.

(c) Water financial assistance bonds may be issued as bonds, notes, or other obligations as permitted by law and may be in the form and denominations and be issued in the manner and under the terms, conditions, and details as provided by resolution.

(d) Water financial assistance bonds may be sold at public or private sale at a price or prices and on terms determined by the board.

(e) Water financial assistance bonds shall be signed and executed as provided by resolution.

(f) Water financial assistance bonds may bear no interest or bear interest at a rate or rates determined in accordance with law.

(g) Rates of interest on water financial assistance bonds may be fixed, variable, floating, adjustable, or otherwise, as determined by the board or determined pursuant to any contractual arrangements approved by the board. The resolution may provide for the payment of interest at any time or the periodic determination of interest rates or interest rate periods.

Added by Acts 1997, 75th Leg., ch. 1010, Sec. 5.03.

Sec. 17.954. BOND ENHANCEMENT AGREEMENTS; PAYMENT OF EXPENSES.

(a) The board at any time and from time to time may enter into one or more bond enhancement agreements that the board determines to be

necessary or appropriate to place the obligation of the board, as represented by the water financial assistance bonds, in whole or in part, on the interest rate, currency, cash flow, or other basis desired by the board. A bond enhancement agreement is an agreement for professional services and shall contain the terms and conditions and be for the period that the board approves.

(b) The fees and expenses of the board in connection with the issuance of water financial assistance bonds and the providing of financial assistance to political subdivisions may be paid from money in the fund, provided that any payments due from the board under a bond enhancement agreement, other than fees and expenses, that relate to the payment of debt service on water financial assistance bonds constitute payments of principal of and interest on the water financial assistance bonds.

(c) Bond enhancement agreements may include, on terms and conditions approved by the board, interest rate swap agreements; currency swap agreements; forward payment conversion agreements; agreements providing for payments based on levels of or changes in interest rates or currency exchange rates; agreements to exchange cash flows or a series of payments; agreements, including options, puts, or calls, to hedge payment, currency, rate, spread, or other exposure; or other agreements that further enhance the marketability, security, or creditworthiness of water financial assistance bonds.

Added by Acts 1997, 75th Leg., ch. 1010, Sec. 5.03.

Sec. 17.955. PERSONS DESIGNATED TO ACT AS AGENTS OF BOARD. (a) In the resolution the board may delegate authority to one or more officers, employees, or agents designated by the board to act on behalf of the board during the time any series of water financial assistance bonds are outstanding to:

- (1) fix dates, prices, interest rates, amortization schedules, redemption features, and interest payment periods;
- (2) perform duties and obligations of the board under a bond enhancement agreement; and
- (3) perform other procedures specified in the resolution.

(b) The person designated by the board may adjust the interest on water financial assistance bonds and perform all duties described

in a bond enhancement agreement as necessary to permit the water financial assistance bonds to be sold or resold at par in conjunction with secondary market transactions.

Added by Acts 1997, 75th Leg., ch. 1010, Sec. 5.03.

Sec. 17.956. TEXAS WATER DEVELOPMENT FUND II. The fund is a special fund in the state treasury, and all water financial assistance bond proceeds shall be deposited in the state treasury to the credit of the fund. The fund shall contain a "state participation account," an "economically distressed areas program account," and a "financial assistance account," and proceeds from the sale of water financial assistance bonds issued for the purpose of providing financial assistance to political subdivisions shall be credited to such accounts as provided by resolution by the board. By resolution, the board may create additional accounts within the fund as the board determines are necessary or convenient for the administration of the fund.

Added by Acts 1997, 75th Leg., ch. 1010, Sec. 5.03.

Sec. 17.957. STATE PARTICIPATION ACCOUNT. (a) The Texas Water Development Fund II state participation account, referred to as the "state participation account," is an account established within the fund in the state treasury. Transfers shall be made from this account as provided by this subchapter.

(b) The state participation account is composed of:

(1) money and assets attributable to water financial assistance bonds designated by the board as issued for projects described in Section 16.131;

(2) money from the sale, transfer, or lease of a project described in Subdivision (1) that was acquired, constructed, reconstructed, developed, or enlarged with money from the state participation account;

(3) payments received under a bond enhancement agreement with respect to water financial assistance bonds designated by the board as issued for projects described in Section 16.131;

(4) investment income earned on money on deposit in the state participation account;

(5) money disbursed to the fund from the state water implementation fund for Texas as authorized by Section 15.434; and

(6) any other funds, regardless of their source, that the board directs be deposited to the credit of the state participation account.

(c) Money on deposit in the state participation account may be used by the board for projects described in Section 16.131 in the manner that the board determines necessary for the administration of the fund.

(d) The board shall transfer back to the state water implementation fund for Texas any money disbursed to the fund as described by Subsection (b)(5) of this section if the requirements of Section 15.435 are satisfied.

Added by Acts 1997, 75th Leg., ch. 1010, Sec. 5.03.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 207 (H.B. 4), Sec. 2.16, eff. November 5, 2013.

Sec. 17.958. ECONOMICALLY DISTRESSED AREAS PROGRAM ACCOUNT.

(a) The Texas Water Development Fund II economically distressed areas program account, referred to as the "economically distressed areas program account," is an account established within the fund in the state treasury. Transfers shall be made from this account as provided by this subchapter.

(b) The economically distressed areas program account is composed of:

(1) money and assets attributable to water financial assistance bonds designated by the board as issued for projects described in Subchapter K;

(2) money provided by the federal government, the state, political subdivisions, and private entities for the purpose of paying debt service on water financial assistance bonds issued for purposes provided by Subchapter K;

(3) payments received under a bond enhancement agreement with respect to water financial assistance bonds designated by the board as issued for purposes provided by Subchapter K;

(4) investment income earned on money on deposit in the economically distressed areas program account; and

(5) any other funds, regardless of their source, that the board directs be deposited to the credit of the economically distressed areas program account.

(c) Money on deposit in the economically distressed areas program account may be used by the board for purposes provided by Subchapter K in the manner that the board determines necessary for the administration of the fund.

Added by Acts 1997, 75th Leg., ch. 1010, Sec. 5.03.

Sec. 17.959. FINANCIAL ASSISTANCE ACCOUNT. (a) The Texas Water Development Fund II water financial assistance account, referred to as the "financial assistance account," is an account established within the fund in the state treasury. Transfers shall be made from this account as provided by this subchapter.

(b) The financial assistance account is composed of:

(1) money and assets attributable to water financial assistance bonds designated by the board as issued for purposes described in Section 49-d-8, Article III, Texas Constitution, other than for purposes described in Sections 17.957 and 17.958;

(2) payments received under a bond enhancement agreement with respect to water financial assistance bonds designated by the board as issued for purposes described in Section 49-d-8, Article III, Texas Constitution, other than for purposes described in Sections 17.957 and 17.958;

(3) investment income earned on money on deposit in the financial assistance account; and

(4) any other funds, regardless of their source, that the board directs be deposited to the credit of the financial assistance account.

(c) Money on deposit in the financial assistance account may be used by the board for any one or more of the purposes described in Section 49-d-8, Article III, Texas Constitution, other than for purposes described in Sections 17.957 and 17.958, in the manner that the board determines necessary for the administration of the fund.

Added by Acts 1997, 75th Leg., ch. 1010, Sec. 5.03.

Sec. 17.960. BOND RESOLUTIONS. (a) In the resolution, the

board may make additional covenants with respect to water financial assistance bonds and may provide for:

- (1) the flow of funds;
- (2) the establishment of accounts and subaccounts within the fund that the board determines are necessary for the administration of the fund;
- (3) at the discretion of the board, the payment of fees and expenses of the board in connection with providing financial assistance to political subdivisions as the board determines are necessary for the administration of the fund;
- (4) the maintenance, investment, and management of money within the fund and any accounts established by resolution by the board; and
- (5) any other provisions and covenants that the board determines are necessary for the administration of the fund.

(b) The board may invest and reinvest money in the fund and any account therein in any obligations or securities as provided by the resolution or by rule adopted by the board.

(c) The board may adopt and have executed other proceedings, agreements, or trust agreements or instruments necessary in the issuance of water financial assistance bonds, including, without limitation, bond enhancement agreements.

Added by Acts 1997, 75th Leg., ch. 1010, Sec. 5.03.

Sec. 17.961. TRANSFERS TO REVOLVING FUNDS. (a) In order to implement and administer a revolving loan program established under Title VI of the Federal Water Pollution Control Act (33 U.S.C. Section 1381 et seq.), the board may direct the comptroller to transfer amounts from the financial assistance account to the state water pollution control revolving fund created by Section 15.601 to provide financial assistance pursuant to this subchapter.

(b) In order to implement and administer a revolving loan program established by any other federal legislation, including, without limitation, Title XIV of the federal Public Health Service Act, or any federal agency program under which an additional state revolving fund, as defined in Section 15.602, has been established, the board may direct the comptroller to transfer amounts from the financial assistance account to such additional state revolving fund

to provide financial assistance pursuant to this subchapter.

(c) The board shall use the state water pollution control revolving fund in accordance with Section 15.604(a)(4) and Section 603(d)(4), Federal Water Pollution Control Act (33 U.S.C. Section 1383), as a source of revenue to be deposited in accordance with this subchapter for the payment of principal and interest on water financial assistance bonds issued by the board, the proceeds of which are deposited into the state water pollution control revolving fund, and to make payments under a bond enhancement agreement with respect to principal or interest on the water financial assistance bonds.

(d) In the event amounts are transferred to any additional state revolving fund, as defined in Section 15.602, pursuant to Subsection (b), the board shall, to the extent permitted by the federal legislation or federal agency program under which such additional state revolving fund was established, use the additional state revolving fund as a source of revenue to be deposited in accordance with this subchapter for the payment of principal and interest on water financial assistance bonds issued by the board, the proceeds of which are deposited into the additional state revolving fund, and to make payments under a bond enhancement agreement with respect to principal or interest on the water financial assistance bonds.

Added by Acts 1997, 75th Leg., ch. 1010, Sec. 5.03.

Sec. 17.9615. TRANSFERS TO RURAL WATER ASSISTANCE FUND. (a) The board may direct the comptroller to transfer amounts from the financial assistance account to the rural water assistance fund to provide financial assistance under this subchapter for the purposes provided in Section 15.994.

(b) The board shall use the rural water assistance fund as a source of revenue to be deposited in accordance with this subchapter for the payment of principal and interest on water financial assistance bonds issued by the board, the proceeds of which are to be deposited into the rural water assistance fund and to be used to make payments under a bond enhancement agreement with respect to principal or interest on the water financial assistance bonds.

Added by Acts 2001, 77th Leg., ch. 966, Sec. 4.22, eff. Sept. 1, 2001. Amended by Acts 2003, 78th Leg., ch. 1275, Sec. 3(47), eff.

Sept. 1, 2003.

Sec. 17.9616. TRANSFER TO WATER INFRASTRUCTURE FUND. (a) The board may direct the comptroller to transfer amounts from the financial assistance account to the water infrastructure fund to provide financial assistance under this subchapter for the purposes provided in Section 15.974.

(b) The board shall use the water infrastructure fund as a source of revenue to be deposited in accordance with this subchapter for the payment of principal and interest on water financial assistance bonds issued by the board, the proceeds of which are to be deposited into the water infrastructure fund and to be used to make payments under a bond enhancement agreement with respect to principal or interest on the water financial assistance bonds.

Added by Acts 2001, 77th Leg., ch. 966, Sec. 4.23, eff. Sept. 1, 2001. Amended by Acts 2003, 78th Leg., ch. 1275, Sec. 3(48), eff. Sept. 1, 2003.

Sec. 17.9617. TRANSFERS TO STATE WATER IMPLEMENTATION REVENUE FUND FOR TEXAS. (a) The board may direct the comptroller to transfer money or other assets from an account in the fund, including from the financial assistance account or from the state participation account, to the state water implementation revenue fund for Texas to provide financial assistance under this subchapter and Subchapter H, Chapter 15.

(b) A transfer of money or other assets from an account in the fund may not cause general obligation bonds that are payable from the fund or from an account in the fund to no longer be self-supporting for purposes of Section 49-j(b), Article III, Texas Constitution, as determined by the board.

(c) The board shall use the state water implementation revenue fund for Texas, or an account in that fund, as a source of revenue to be deposited in accordance with this subchapter for the payment of principal and interest on water financial assistance bonds issued by the board, the proceeds of which are to be deposited into the state water implementation revenue fund for Texas, or the account in that fund, and to be used to make payments under a bond enhancement

agreement with respect to principal or interest on the water financial assistance bonds.

Added by Acts 2013, 83rd Leg., R.S., Ch. 207 (H.B. 4), Sec. 2.17, eff. November 5, 2013.

Sec. 17.962. STATE APPROVALS. (a) Water financial assistance bonds may not be issued under this subchapter unless such issuance has been reviewed and approved by the bond review board.

(b) The proceedings relating to the water financial assistance bonds issued under this subchapter are subject to review and approval by the attorney general in the same manner and with the same effect as provided by Chapter 1371, Government Code.

(c) After approval by the attorney general of the proceedings relating to water financial assistance bonds issued under this subchapter, registration of the proceedings by the comptroller, and delivery of the water financial assistance bonds to the purchasers, the water financial assistance bonds are incontestable and constitute general obligations of the state.

Added by Acts 1997, 75th Leg., ch. 1010, Sec. 5.03. Amended by Acts 2001, 77th Leg., ch. 1420, Sec. 8.413, eff. Sept. 1, 2001.

Sec. 17.963. PAYMENT OF BOARD OBLIGATIONS. (a) The board shall cooperate with the comptroller to develop procedures for the payment of principal and interest on water financial assistance bonds and any obligation under a bond enhancement agreement, as the same become due and owing.

(b) If there is not enough money in any account of the fund available to pay the principal and interest on water financial assistance bonds issued for such account, including money to make payments by the board under a bond enhancement agreement with respect to principal or interest on such water financial assistance bonds, the board shall notify the comptroller of such occurrence, and the comptroller shall transfer out of the first money coming into the state treasury not otherwise appropriated by the constitution the amount required to pay the obligations of the board that are due and owing. The comptroller shall make the transfers required by Section 49-d-8, Article III, Texas Constitution, and this subchapter in the

manner specified in the resolution.

Added by Acts 1997, 75th Leg., ch. 1010, Sec. 5.03.

Sec. 17.964. ELIGIBLE SECURITY. Water financial assistance bonds are eligible to secure deposits of public funds of the state and political subdivisions of the state. Water financial assistance bonds are lawful and sufficient security for deposits to the extent of their face value.

Added by Acts 1997, 75th Leg., ch. 1010, Sec. 5.03.

Sec. 17.965. LEGAL INVESTMENTS. Water financial assistance bonds are legal and authorized investments for:

- (1) banks;
- (2) savings banks;
- (3) trust companies;
- (4) savings and loan associations;
- (5) insurance companies;
- (6) fiduciaries;
- (7) trustees;
- (8) guardians; and
- (9) sinking funds and other public funds of the state and

its agencies and of political subdivisions of the state.

Added by Acts 1997, 75th Leg., ch. 1010, Sec. 5.03.

Sec. 17.966. MUTILATED, LOST, OR DESTROYED BONDS. The board may provide for the replacement of mutilated, lost, or destroyed water financial assistance bonds.

Added by Acts 1997, 75th Leg., ch. 1010, Sec. 5.03.

Sec. 17.967. REFUNDING BONDS. (a) The board by resolution may provide for the issuance of water financial assistance bonds to refund outstanding bonds and water financial assistance bonds issued under this chapter and federal contractual obligations incurred under

Section 49-d, Article III, Texas Constitution.

(b) The board may sell the refunding water financial assistance bonds and use the proceeds to retire any of the outstanding obligations described in Subsection (a), exchange the refunding water financial assistance bonds for the outstanding bonds or water financial assistance bonds, or refund any of the outstanding obligations described in Subsection (a) in the manner provided by any other applicable statute, including Chapter 1207, Government Code.

Added by Acts 1997, 75th Leg., ch. 1010, Sec. 5.03. Amended by Acts 2001, 77th Leg., ch. 1420, Sec. 8.414, eff. Sept. 1, 2001.

Sec. 17.968. SALE OF POLITICAL SUBDIVISION BONDS BY THE BOARD; USE OF PROCEEDS. (a) The board may sell or dispose of political subdivision bonds or other assets purchased with money in the fund to any person, including the Texas Water Resources Finance Authority, or to another fund administered by the board, including the state water implementation revenue fund for Texas, and the board, in such manner as it shall determine, may apply the proceeds of the sale of political subdivision bonds or other assets held by the board to:

(1) pay debt service on water financial assistance bonds issued under this subchapter; or

(2) provide financial assistance to political subdivisions for any one or more of the purposes authorized by Section 49-d-8, Article III, Texas Constitution.

(a-1) A sale or disposition of political subdivision bonds or other assets may not cause general obligation bonds that are payable from the fund or from an account in the fund to no longer be self-supporting for purposes of Section 49-j(b), Article III, Texas Constitution, as determined by the board.

(b) The board shall sell the political subdivision bonds at the price and under the terms that it determines to be reasonable.

Added by Acts 1997, 75th Leg., ch. 1010, Sec. 5.03.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 207 (H.B. 4), Sec. 2.18, eff. November 5, 2013.

Sec. 17.969. TAX EXEMPT BONDS. Since the board is performing

an essential governmental function in the exercise of the powers conferred on it by this chapter, water financial assistance bonds issued under this subchapter and the interest and income from the water financial assistance bonds, including any profit made on the sale of water financial assistance bonds, and all fees, charges, gifts, grants, revenues, receipts, and other money received or pledged to pay or secure the payment of water financial assistance bonds are free from taxation and assessments of every kind by this state and any city, county, district, authority, or other political subdivision of this state.

Added by Acts 1997, 75th Leg., ch. 1010, Sec. 5.03.

Sec. 17.970. ENFORCEMENT BY MANDAMUS. Payment of water financial assistance bonds and obligations incurred under bond enhancement agreements and performance of official duties prescribed by Section 49-d-8, Article III, Texas Constitution, and this subchapter may be enforced in a court of competent jurisdiction by mandamus or other appropriate proceedings.

Added by Acts 1997, 75th Leg., ch. 1010, Sec. 5.03.

Sec. 17.971. SUBCHAPTER CUMULATIVE OF OTHER LAWS. (a) This subchapter is cumulative of other laws on the subject, and the board may use provisions of other applicable laws in the issuance of water financial assistance bonds and the execution of bond enhancement agreements, but this subchapter is wholly sufficient authority for the issuance of water financial assistance bonds, the execution of bond enhancement agreements, and the performance of all other acts and procedures authorized by this subchapter.

(b) In addition to other authority granted by this subchapter, the board may exercise the authority granted to the governing body of an issuer with regard to the issuance of obligations under Chapter 1371, Government Code.

(c) In exercising the powers granted to the board under this subchapter, the board may exercise any powers granted to it under this chapter and Chapter 16 including the powers described in Subchapters D, E, F, G, and K, notwithstanding any provision in this chapter or Chapter 16 that may be inconsistent with or in conflict

with the provisions of this subchapter as a result of the establishment of the fund as a fund separate and distinct from the existing Texas Water Development Fund, it being the intent of the legislature that the financial assistance made available to political subdivisions under this subchapter, in pursuance of the authority granted by Section 49-d-8, Article III, Texas Constitution, be provided by the board in the manner the board deems necessary to achieve the purposes of Section 49-d-8, Article III, Texas Constitution, and notwithstanding any other existing provisions in this chapter or Chapter 16, the provisions of this chapter and Chapter 16 shall be inclusive of the provisions of this subchapter and Section 49-d-8, Article III, Texas Constitution.

Added by Acts 1997, 75th Leg., ch. 1010, Sec. 5.03. Amended by Acts 2001, 77th Leg., ch. 1420, Sec. 8.415, eff. Sept. 1, 2001.

**SUBCHAPTER M. REQUIRED TRAINING FOR APPLICANTS FOR AND RECIPIENTS OF  
ECONOMICALLY DISTRESSED AREAS PROGRAM FINANCIAL ASSISTANCE**

Sec. 17.991. DEFINITIONS. In this subchapter:

(1) "Operating entity" means the governing body of a political subdivision responsible for providing water supply and sewer services and the management of its water and sewer system, as defined by rules of the board.

(2) "Political subdivision" has the meaning assigned by Section 17.921.

Added by Acts 2001, 77th Leg., ch. 720, Sec. 1, eff. Sept. 1, 2001.

Sec. 17.992. TRAINING FOR APPLICANTS. The board may require the operating entity of a political subdivision that applies for financial assistance under Subchapter K to complete a training program approved by the board if the board determines that training is necessary.

Added by Acts 2001, 77th Leg., ch. 720, Sec. 1, eff. Sept. 1, 2001.

Sec. 17.993. TRAINING FOR OPERATING ENTITIES. (a) The commission or the board may evaluate whether an operating entity

needs training if the operating entity:

- (1) requests financial assistance or an amendment to the project plan or budget;
- (2) requests more time to meet its obligations under a repayment schedule;
- (3) does not provide required documentation; or
- (4) has a history of compliance problems, as determined by the commission.

(b) The board or the commission may determine that training is necessary if, after an examination and evaluation of the operating entity's managerial, financial, and technical capabilities, the board or commission finds that the operating entity's managerial, financial, or technical capabilities are inadequate to ensure the project will meet program requirements or remain financially viable.

(c) The commission by rule shall establish a preenforcement threshold of noncompliance at which the commission may notify the board that an operating entity needs training.

(d) If the commission assesses a penalty against an operating entity in an enforcement action, the enforcement order must contain a provision requiring that the operating entity receive training as ordered by the board. The commission shall notify the board when the commission assesses a penalty against an operating entity.

Added by Acts 2001, 77th Leg., ch. 720, Sec. 1, eff. Sept. 1, 2001.

Amended by:

Acts 2005, 79th Leg., Ch. 927 (H.B. 467), Sec. 12, eff. September 1, 2005.

Sec. 17.994. TRAINING REQUIREMENTS. (a) The board by order shall require an operating entity to undergo appropriate training if the board:

- (1) determines that training is necessary under Section 17.992 or 17.993(a) or (b); or
- (2) receives notice from the commission that the commission finds that training is necessary under Section 17.993.

(b) The board shall refer the operating entity to an appropriate individual, association, business organization, or governmental entity for training required by the order.

(c) The person providing the training shall conduct an

assessment of the operating entity for which training is ordered, determine who needs training, and devise a training program to address the deficiencies identified in the assessment.

(d) The person providing the training shall present a proposed training program to the board for approval. If the training program is approved by the board, the person shall conduct the required training.

(e) On completion of the training, the person who provided the training shall issue a certificate of completion to the participants in the training and to the board.

(f) A political subdivision shall reimburse a participant in training for reasonable expenses incurred in completing the training.

(g) Not later than January 15 each year, each person who provides training under this section shall report to the board a list of political subdivisions for which the person provided training required under this section during the previous calendar year.

Added by Acts 2001, 77th Leg., ch. 720, Sec. 1, eff. Sept. 1, 2001.

**CHAPTER 20. TEXAS WATER RESOURCES FINANCE AUTHORITY**  
**SUBCHAPTER A. GENERAL PROVISIONS**

Sec. 20.001. LEGISLATIVE PURPOSE AND POLICY. (a) The legislature declares that it is the policy of the state to:

- (1) encourage and assist in the conservation and development of the water resources of the state for all useful and lawful purposes by the acquisition, improvement, extension, or construction of water resource conservation and development projects;
- (2) encourage the optimum development of the feasible sites available for the construction or enlargement of dams and reservoirs for conservation of the public water of the state held in trust for the use and benefit of the public through assistance and participation in the acquisition and development of water storage facilities and systems or works necessary for filtration, treatment, and transportation of water from storage to points of treatment, filtration, and distribution;
- (3) aid in the protection of the quality of the water resources of the state by encouraging and assisting in the financing of water quality enhancement projects; and
- (4) aid in flood control, drainage, subsidence control,

recharge, chloride control, agricultural soil and water conservation, and desalinization by encouraging and assisting in the financing of projects necessary to those purposes.

(b) The legislature finds that existing mechanisms for implementing the policies stated in Subsection (a) of this section may be enhanced by financing as provided in this subchapter.

(c) The legislature finds that to enhance the ability of the state to aid in the accomplishment of the purposes stated in Subsection (a) of this section, it is necessary to create a water resources finance authority for the purpose of increasing the availability of financing by purchasing political subdivision bonds, and the legislature declares that the creation of the authority for this purpose is a public purpose and a use for which public money may be borrowed, spent, advanced, loaned, granted, or appropriated, and that this use serves a public purpose in improving or otherwise benefitting the people of this state. Also, the legislature determines and declares the necessity of enacting this subchapter is in the public interest.

Added by Acts 1987, 70th Leg., ch. 728, Sec. 1, eff. June 20, 1987.

Sec. 20.002. DEFINITIONS AND CONSTRUCTION. In this subchapter:

(1) "Authority" means the Texas Water Resources Finance Authority.

(2) "Authorized investments" means:

(A) direct obligations of or obligations the principal of and interest on which are guaranteed by the United States;

(B) direct obligations of or participation certificates guaranteed by the Federal Intermediate Credit Bank, Federal Land Banks, Federal National Mortgage Association, Federal Home Loan Banks, and Banks for Cooperatives;

(C) direct obligations of or obligations the principal of and interest on which are guaranteed by the State of Texas;

(D) bonds of cities, counties, and other political subdivisions of this state, other than bonds issued by a political subdivision to finance a project covered by this chapter;

(E) certificates of deposit of state and national banks that satisfy the requirements of Section 2.015, Chapter 240, Acts of the 69th Legislature, Regular Session, 1985 (Article 4393-1, Vernon's

Texas Civil Statutes), and the rules of the comptroller and if the authority or a financial institution acting solely as agent for the authority possesses the collateral securing those deposits; and

(F) direct security repurchase agreements made only with state or national banks domiciled in the state under which the authority buys, holds in its possession or the possession of a financial institution acting solely as agent for the authority for a specified time, and then sells back any of the following securities, obligations, or participation certificates:

(i) United States government securities;

(ii) direct obligations of or obligations the principal of and interest on which are guaranteed by the United States; and

(iii) direct obligations of or participation certificates guaranteed by the Federal Intermediate Credit Bank, Federal Land Banks, Federal National Mortgage Association, Federal Home Loan Banks, and Banks for Cooperatives.

(3) "Board" means the board of directors of the authority.

(4) "Bond" means any type of interest-bearing obligation, including any bond, note, bond anticipation note, or other evidence of indebtedness under this chapter.

(5) "Development board" means the Texas Water Development Board.

(6) "Director" means a member of the board.

(7) "Political subdivision" means a city, county, or other body politic or corporate of the state, including any district or authority created under Article III, Section 52, or Article XVI, Section 59, of the Texas Constitution, a state agency, an entity created by an interstate compact to which the state is a party, and any nonprofit water supply corporation created and operating under Chapter 67.

(8) "Political subdivision bonds" means bonds, notes, or other securities that were issued by and any debt or other contractual obligations that were incurred by a political subdivision for the purpose of financing or refinancing projects for water resource development and conservation, water quality enhancement, flood control, drainage, subsidence control, recharge, chloride control, agricultural soil and water conservation, desalinization, or any combination of these purposes.

Added by Acts 1987, 70th Leg., ch. 728, Sec. 1, eff. June 20, 1987.  
Amended by Acts 1997, 75th Leg., ch. 891, Sec. 3.21, eff. Sept. 1,  
1997; Acts 1999, 76th Leg., ch. 62, Sec. 18.63, eff. Sept. 1, 1999.

#### **SUBCHAPTER B. ADMINISTRATIVE PROVISIONS**

Sec. 20.011. CREATION OF AUTHORITY. (a) The Texas Water Resources Finance Authority is created as a governmental entity and a body politic and corporate.

(b) The exercise of the powers and duties by the authority under this chapter constitutes an essential public purpose of the state in promoting the general welfare of the state and its citizens.

Added by Acts 1987, 70th Leg., ch. 728, Sec. 1, eff. June 20, 1987.

Sec. 20.012. BOARD OF DIRECTORS. (a) The authority is governed by a board of directors composed of the six directors of the development board.

(b) Each director serves on the board as an additional duty to those required of a member of the development board.

Added by Acts 1987, 70th Leg., ch. 728, Sec. 1, eff. June 20, 1987.

Sec. 20.013. COMPENSATION; REIMBURSEMENT. The directors are not entitled to receive compensation for their service on the board but are entitled to be reimbursed for their expenses in performing their powers and duties under this chapter.

Added by Acts 1987, 70th Leg., ch. 728, Sec. 1, eff. June 20, 1987.

Sec. 20.014. ORGANIZATION OF BOARD. (a) The board shall select from its membership one person to serve as chairman and one person to serve as vice-chairman.

(b) The person selected as chairman shall preside at meetings of the board and perform other duties directed by the board, and the vice-chairman shall preside at meetings of the board in the absence of the chairman.

(c) The board shall select persons to serve as secretary and

treasurer for the authority. The persons selected as secretary and treasurer are not required to be directors and the positions of secretary and treasurer may be held by one person. The board also may appoint assistant secretaries.

(d) The secretary is the custodian of the minutes, books, records, and seal of the board, and the secretary and the treasurer shall perform duties as directed by the board.

(e) The chairman, vice-chairman, secretary, and treasurer shall be selected by the board at the first meeting of the board following January 31 of each odd-numbered year.

Added by Acts 1987, 70th Leg., ch. 728, Sec. 1, eff. June 20, 1987.

Sec. 20.015. BOARD MEETINGS. (a) The board shall hold regular meetings at times provided by its rules and shall meet at least once each calendar year.

(b) The board may hold special meetings at the call of the chairman or on request of three or more directors.

Added by Acts 1987, 70th Leg., ch. 728, Sec. 1, eff. June 20, 1987.

Sec. 20.016. RULES AND RESOLUTIONS. The board may adopt rules that are necessary to carry out this chapter and may take official action by adoption of a resolution or order.

Added by Acts 1987, 70th Leg., ch. 728, Sec. 1, eff. June 20, 1987.

Sec. 20.017. LIABILITY. A director or officer of the authority is not liable for any bonds issued or contracts executed by the authority.

Added by Acts 1987, 70th Leg., ch. 728, Sec. 1, eff. June 20, 1987.

Sec. 20.018. GENERAL FISCAL AUTHORITY. The board may acquire, hold, invest and reinvest in authorized investments, deposit, use, and dispose of the authority's revenues, income, receipts, funds, and money from every source and may select its depository or

depositories, inside or outside the state, subject only to this chapter and any covenants with respect to the authority's bonds.

Added by Acts 1987, 70th Leg., ch. 728, Sec. 1, eff. June 20, 1987.

Sec. 20.019. PROPERTY TAX EXEMPT. (a) The property of the authority, its income, and its operations are exempt from all taxes and assessments imposed by the state and political subdivisions on property acquired or used by the authority under this chapter.

(b) If the authority is dissolved, all of its rights and properties vest in the state.

Added by Acts 1987, 70th Leg., ch. 728, Sec. 1, eff. June 20, 1987.

Sec. 20.020. FISCAL YEAR; ANNUAL AUDIT. (a) The authority shall operate on a fiscal year beginning September 1.

(b) The state auditor may audit the authority's books and accounts, based on a risk assessment performed by the state auditor and subject to the legislative audit committee's approval of including the audit in the audit plan under Section 321.013, Government Code. The cost of an audit shall be paid by the authority.

(c) A copy of the audit shall be filed with the governor and with both houses of the legislature on or before January 1 of each year, except if the audit is being made by the state auditor and is not available by January 1, it shall be filed as soon as it is available.

Added by Acts 1987, 70th Leg., ch. 728, Sec. 1, eff. June 20, 1987.  
Amended by Acts 2003, 78th Leg., ch. 785, Sec. 50, eff. Sept. 1, 2003.

Sec. 20.021. AUTHORITY EXPENSES. (a) Expenses incurred by the authority under this Act shall be paid solely from revenues or funds provided or to be provided under this chapter.

(b) This chapter may not be construed to authorize the authority to incur any indebtedness or liability on behalf of or payable by the state.

(c) The authority may not accept and is not entitled to receive

any money appropriated by the state.

(d) The board shall use all available sources of revenue and income to pay expenses of operation and maintenance of the authority, to pay the premium, principal of and interest on bonds, and to create and maintain any reserves or funds provided by resolutions authorizing the issuance of bonds.

Added by Acts 1987, 70th Leg., ch. 728, Sec. 1, eff. June 20, 1987.

Sec. 20.022. SUITS. The authority may sue and be sued in the courts of this state in the name of the authority, and the courts shall take judicial notice of the creation of the authority.

Added by Acts 1987, 70th Leg., ch. 728, Sec. 1, eff. June 20, 1987.

Sec. 20.023. SEAL. The board may adopt a seal for the authority.

Added by Acts 1987, 70th Leg., ch. 728, Sec. 1, eff. June 20, 1987.

#### **SUBCHAPTER C. POWERS AND DUTIES**

Sec. 20.041. GENERAL POWERS AND DUTIES. The authority may exercise any authority necessary or appropriate to carry out the purposes of this chapter.

Added by Acts 1987, 70th Leg., ch. 728, Sec. 1, eff. June 20, 1987.

Sec. 20.042. GIFTS, GRANTS, ETC. The board may request and accept for the authority grants, allocations, subsidies, guaranties, aid, contributions, services, labor, materials, gifts, and donations.

Added by Acts 1987, 70th Leg., ch. 728, Sec. 1, eff. June 20, 1987.

Sec. 20.043. CONTRACTS. The board on behalf of the authority may enter into contracts with any person to carry out this chapter.

Added by Acts 1987, 70th Leg., ch. 728, Sec. 1, eff. June 20, 1987.

Sec. 20.044. PURCHASE OF INSURANCE. The board may purchase for the authority and pay premiums on insurance of any type, in any amounts, and from any insurers the board considers advisable.

Added by Acts 1987, 70th Leg., ch. 728, Sec. 1, eff. June 20, 1987.

Sec. 20.045. CONTRACTS WITH DEVELOPMENT BOARD. The authority may enter into contracts with the development board and with consultants as necessary to perform the functions provided by this chapter.

Added by Acts 1987, 70th Leg., ch. 728, Sec. 1, eff. June 20, 1987.

#### **SUBCHAPTER D. POLITICAL SUBDIVISION BONDS**

Sec. 20.071. PURCHASE OF POLITICAL SUBDIVISION BONDS. The board may purchase political subdivision bonds including bonds that are acquired or owned by the development board.

Added by Acts 1987, 70th Leg., ch. 728, Sec. 1, eff. June 20, 1987.

Sec. 20.072. ACQUISITION OF CERTAIN DEVELOPMENT BOARD BONDS. If the board agrees to purchase political subdivision bonds from the development board that have not been purchased by the development board at the time of the agreement, the board may pay the purchase price for those bonds in exchange for the agreement of the development board to transfer those bonds to the board at the time the development board acquires them.

Added by Acts 1987, 70th Leg., ch. 728, Sec. 1, eff. June 20, 1987.

Sec. 20.073. PRICE AND TERMS OF PURCHASE. The board shall purchase political subdivision bonds at prices and under terms the board determines to be reasonable.

Added by Acts 1987, 70th Leg., ch. 728, Sec. 1, eff. June 20, 1987.

Sec. 20.074. REVENUE BONDS. (a) The board may issue revenue bonds in the name of the authority to finance the cost of acquisition of political subdivision bonds and to pay the cost of bond issuance.

(b) The board may provide for payment of the premium, principal of, and interest on revenue bonds by pledging all or part of the revenue derived from political subdivision bonds acquired or to be acquired by the authority or from other sources of funds available to the authority.

Added by Acts 1987, 70th Leg., ch. 728, Sec. 1, eff. June 20, 1987.

Sec. 20.075. CONTRACT FOR OBTAINING COMPLIANCE WITH POLITICAL SUBDIVISION BONDS. The board shall enter into a contract with the development board for the development board to perform the functions required to ensure that the political subdivisions pay the debt service on political subdivision bonds and observe the conditions and requirements set forth in those bonds.

Added by Acts 1987, 70th Leg., ch. 728, Sec. 1, eff. June 20, 1987.

Sec. 20.076. ENFORCEMENT OF POLITICAL SUBDIVISION BONDS. (a) If there is a default in the payment of principal of or interest on political subdivision bonds purchased by the authority or any other default as defined in the proceedings or indentures authorizing the issuance of the bonds, the attorney general shall institute appropriate proceedings for mandamus or other legal remedies to compel the political subdivision or its officers, agents, and employees to cure the default by performing those duties that they are legally obligated to perform.

(b) The proceedings shall be brought and venue shall be in a district court of Travis County.

(c) This section is cumulative of any other rights or remedies to which the board may be entitled.

Added by Acts 1987, 70th Leg., ch. 728, Sec. 1, eff. June 20, 1987.

**SUBCHAPTER E. BOND PROCEDURES**

Sec. 20.101. ISSUANCE OF BONDS. For the issuance of bonds under this chapter, the board may exercise the authority granted to the governing body of an issuer with regard to issuance of obligations under Chapter 1371, Government Code, to the extent that it is not inconsistent with this chapter.

Added by Acts 1987, 70th Leg., ch. 728, Sec. 1, eff. June 20, 1987.  
Amended by Acts 2001, 77th Leg., ch. 1420, Sec. 8.416, eff. Sept. 1, 2001.

Sec. 20.102. CONDITIONS FOR ISSUANCE OF BONDS. (a) Bonds may be issued as various series and issues.

(b) Bonds issued by the authority may mature serially or otherwise not later than 50 years after the date on which they are issued.

(c) The bonds may bear interest at a rate or rates determined in accordance with the resolution or order authorizing the issuance of the bonds but not to exceed the net effective interest rate authorized by Chapter 1204, Government Code.

(d) Rates of interest on bonds may be fixed, variable, floating, adjustable, or otherwise.

Added by Acts 1987, 70th Leg., ch. 728, Sec. 1, eff. June 20, 1987.  
Amended by Acts 2001, 77th Leg., ch. 1420, Sec. 8.417, eff. Sept. 1, 2001.

Sec. 20.103. PERIODIC DETERMINATION OF INTEREST. A bond resolution or order may provide for the periodic determination of interest rates without the board being required to give specific approval.

Added by Acts 1987, 70th Leg., ch. 728, Sec. 1, eff. June 20, 1987.

Sec. 20.104. PERSONS DESIGNATED TO ACT AS AGENTS OF BOARD. (a) A bond resolution or order may delegate to one or more officers, employees, or agents designated by the board authority to act on behalf of the board during the time bonds are outstanding to fix

dates, prices, interest rates, and interest payment periods and to perform other procedures specified in the resolution.

(b) The person designated by the board may adjust the interest on bonds as necessary to permit the bonds to be sold or resold at par in conjunction with secondary market transactions.

Added by Acts 1987, 70th Leg., ch. 728, Sec. 1, eff. June 20, 1987.

Sec. 20.105. SECURITY QUALIFICATIONS. The board may take any action necessary to qualify the authority bonds for offer and sale under the securities laws and regulations of the United States, this state, and other states of the United States.

Added by Acts 1987, 70th Leg., ch. 728, Sec. 1, eff. June 20, 1987.

Sec. 20.106. INVESTMENT SECURITIES. The bonds and any interest coupons are investment securities under Chapter 8, Business & Commerce Code, and may be issued registrable as to principal or as to both principal and interest or may be made redeemable before maturity at the option of the authority or may contain a mandatory redemption provision.

Added by Acts 1987, 70th Leg., ch. 728, Sec. 1, eff. June 20, 1987.

Sec. 20.107. FORM OF BONDS. (a) The authority's bonds may be issued in the form, denominations, and manner and under the terms, conditions, and details as provided by the board in the resolution or order authorizing their issuance.

(b) The bonds shall be signed and executed as provided by the board's resolution or order authorizing the issuance of the bonds.

Added by Acts 1987, 70th Leg., ch. 728, Sec. 1, eff. June 20, 1987.

Sec. 20.108. FUNDS. (a) In the resolution or order authorizing issuance of bonds, the board may make additional covenants with respect to the bonds and the pledged revenues and may provide for the flow of funds and the establishment, maintenance, and

investment of funds.

(b) The funds established may include an interest and sinking fund, a reserve fund, and other funds that will be kept and maintained by or under the direction of the board.

(c) Any funds established by the board are not to be part of the state treasury but, at the direction of the board, may be kept and held in escrow and in trust by the state treasury on behalf of the authority and the owners of the bonds and used only as provided by this chapter.

(d) Money in the funds shall be invested in authorized investments as provided by any bond resolutions and orders of the authority.

(e) Legal title to money in any fund is in the authority unless or until paid from the fund as provided by this chapter or the resolutions or orders authorizing the authority's bonds.

(f) The comptroller, as custodian of any of the funds, shall administer the funds solely and strictly as provided by this chapter and the resolutions or orders authorizing the bonds, and the state may not take any other action relating to any of those funds except those specified in this chapter and the resolutions and orders authorizing the bonds.

Added by Acts 1987, 70th Leg., ch. 728, Sec. 1, eff. June 20, 1987.  
Amended by Acts 1997, 75th Leg., ch. 1423, Sec. 20.08, eff. Sept. 1, 1997.

Sec. 20.109. RESOLUTIONS, ORDERS, ETC. (a) The resolutions or orders authorizing the bonds may prohibit the further issuance of bonds or other obligations payable from the pledged revenue or may reserve the right to issue additional bonds to be secured by a pledge of and payable from the revenue on a parity with or subordinate to the lien and pledge in support of the bonds being issued.

(b) The orders or resolutions of the board issuing bonds may include other provisions and covenants that the board determines necessary.

(c) In a resolution or order authorizing the issuance of the authority's bonds, the board may prescribe systems, methods, routines, and procedures under which the authority will function.

(d) The board may adopt and have executed any other proceedings

or instruments necessary and convenient in the issuance of bonds.

Added by Acts 1987, 70th Leg., ch. 728, Sec. 1, eff. June 20, 1987.

Sec. 20.110. APPROVAL OF ATTORNEY GENERAL. The bonds issued under this chapter are subject to review and approval by the attorney general in the same manner and with the same effect as provided by Chapter 1371, Government Code.

Added by Acts 1987, 70th Leg., ch. 728, Sec. 1, eff. June 20, 1987.  
Amended by Acts 2001, 77th Leg., ch. 1420, Sec. 8.418, eff. Sept. 1, 2001.

Sec. 20.111. BOND REVIEW BOARD. (a) Bonds may not be issued under this section unless the issuance has been reviewed and approved by the bond review board. The bond review board is composed of:

- (1) the governor;
- (2) the lieutenant governor;
- (3) the speaker of the house of representatives; and
- (4) the comptroller of public accounts.

(b) The governor is chairman of the review board. The bond review board may adopt rules governing application for review, the review process, and reporting requirements. A member of the bond review board may not be held liable for damages resulting from the performance of the members' functions under this section.

Added by Acts 1987, 70th Leg., ch. 728, Sec. 1, eff. June 20, 1987.  
Amended by Acts 1997, 75th Leg., ch. 1423, Sec. 20.09, eff. Sept. 1, 1997.

Sec. 20.112. REFUNDING BONDS. (a) The board may issue refunding bonds to refund all or part of its outstanding bonds issued under this chapter, including matured but unpaid interest.

(b) The board may refund bonds in the manner provided by general law for revenue bonds.

Added by Acts 1987, 70th Leg., ch. 728, Sec. 1, eff. June 20, 1987.

Sec. 20.113. ELIGIBLE SECURITY. The bonds are eligible to secure deposits of public funds of the state and cities, counties, school districts, and other political subdivisions of the state. The bonds are lawful and sufficient security for deposits to the extent of their face value.

Added by Acts 1987, 70th Leg., ch. 728, Sec. 1, eff. June 20, 1987.

Sec. 20.114. LEGAL INVESTMENTS. The bonds are legal and authorized investments for:

- (1) banks;
- (2) savings banks;
- (3) trust companies;
- (4) savings and loan associations;
- (5) insurance companies;
- (6) fiduciaries;
- (7) trustees;
- (8) guardians; and
- (9) sinking funds of cities, counties, school districts, and other political subdivisions of the state and other public funds of the state and its agencies, including the permanent school fund.

Added by Acts 1987, 70th Leg., ch. 728, Sec. 1, eff. June 20, 1987.

Sec. 20.115. TAX EXEMPT. Since the authority is performing an essential governmental function in the exercise of the powers conferred on it by this chapter, the bonds issued under this Act, and the interest and income from the bonds, including any profit made on the sale of bonds, and all fees, charges, gifts, grants, revenues, receipts, and other money received or pledged to pay or secure the payment of bonds are free from taxation and assessments of every kind by this state and any city, county, district, authority, or other political subdivision of this state.

Added by Acts 1987, 70th Leg., ch. 728, Sec. 1, eff. June 20, 1987.

Sec. 20.116. PLEDGE OF STATE FAITH AND CREDIT; COVENANT WITH OWNERS OF BONDS. (a) The authority's bonds are obligations solely

of the authority and are payable solely from funds of the authority, and this chapter and the authority's bonds are not and do not create or constitute a pledge, giving, or lending of the faith or credit or taxing authority of the state.

(b) Each bond of the authority must include a statement that the state is not obligated to pay the premium, principal of, or interest on the authority's bonds and that the faith or credit and the taxing authority of the state is not pledged, given, or loaned to those payments.

(c) The state pledges to and agrees with the owners of any bonds issued in accordance with this chapter that the state will not limit or alter the rights vested in the authority to fulfill the terms of any agreements made with the owners of the bonds or in any way impair the rights and remedies of those owners until the bonds, together with any premium and interest, interest on any unpaid premium or installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of those owners, are fully met and discharged. The authority may include this pledge and agreement of the state in any agreement with the owners of bonds.

Added by Acts 1987, 70th Leg., ch. 728, Sec. 1, eff. June 20, 1987.

Sec. 20.117. ENFORCEMENT BY MANDAMUS. A writ of mandamus and all other legal and equitable remedies are available to any party at interest to require the authority and any other party to carry out agreements and to perform functions and duties under this chapter, the Texas Constitution, or the authority's bond resolutions and orders.

Added by Acts 1987, 70th Leg., ch. 728, Sec. 1, eff. June 20, 1987.

**SUBTITLE D. WATER QUALITY CONTROL**  
**CHAPTER 26. WATER QUALITY CONTROL**  
**SUBCHAPTER A. ADMINISTRATIVE PROVISIONS**

Sec. 26.001. DEFINITIONS. As used in this chapter:

- (1) "Board" means the Texas Water Development Board.
- (2) "Commission" means the Texas Natural Resource

Conservation Commission.

(3) "Executive administrator" means the executive administrator of the Texas Water Development Board.

(4) "Executive director" means the executive director of the Texas Natural Resource Conservation Commission.

(5) "Water" or "water in the state" means groundwater, percolating or otherwise, lakes, bays, ponds, impounding reservoirs, springs, rivers, streams, creeks, estuaries, wetlands, marshes, inlets, canals, the Gulf of Mexico, inside the territorial limits of the state, and all other bodies of surface water, natural or artificial, inland or coastal, fresh or salt, navigable or nonnavigable, and including the beds and banks of all watercourses and bodies of surface water, that are wholly or partially inside or bordering the state or inside the jurisdiction of the state.

(6) "Waste" means sewage, industrial waste, municipal waste, recreational waste, agricultural waste, or other waste, as defined in this section.

(7) "Sewage" means waterborne human waste and waste from domestic activities, such as washing, bathing, and food preparation.

(8) "Municipal waste" means waterborne liquid, gaseous, or solid substances that result from any discharge from a publicly owned sewer system, treatment facility, or disposal system.

(9) "Recreational waste" means waterborne liquid, gaseous, or solid substances that emanate from any public or private park, beach, or recreational area.

(10) "Agricultural waste" means waterborne liquid, gaseous, or solid substances that arise from the agricultural industry and agricultural activities, including without limitation agricultural animal feeding pens and lots, structures for housing and feeding agricultural animals, and processing facilities for agricultural products. The term:

(A) includes:

(i) tail water or runoff water from irrigation associated with an animal feeding operation or concentrated animal feeding operation that is located in a major sole source impairment zone, as defined by Section 26.502; or

(ii) rainwater runoff from the confinement area of an animal feeding operation or concentrated animal feeding operation that is located in a major sole source impairment zone, as defined by Section 26.502; and

(B) does not include tail water or runoff water from

irrigation or rainwater runoff from other cultivated or uncultivated range land, pasture land, and farmland or rainwater runoff from an area of land located in a major sole source impairment zone, as defined by Section 26.502, that is not owned or controlled by an operator of an animal feeding operation or concentrated animal feeding operation on which agricultural waste is applied.

(11) "Industrial waste" means waterborne liquid, gaseous, or solid substances that result from any process of industry, manufacturing, trade, or business.

(12) "Other waste" means garbage, refuse, decayed wood, sawdust, shavings, bark, sand, lime, cinders, ashes, offal, oil, tar, dyestuffs, acids, chemicals, salt water, or any other substance, other than sewage, industrial waste, municipal waste, recreational waste, or agricultural waste.

(13) "Pollutant" means dredged spoil, solid waste, incinerator residue, sewage, garbage, sewage sludge, filter backwash, munitions, chemical wastes, biological materials, radioactive materials, heat, wrecked or discarded equipment, rock, sand, cellar dirt, and industrial, municipal, and agricultural waste discharged into any water in the state. The term:

(A) includes:

(i) tail water or runoff water from irrigation associated with an animal feeding operation or concentrated animal feeding operation that is located in a major sole source impairment zone as defined by Section 26.502; or

(ii) rainwater runoff from the confinement area of an animal feeding operation or concentrated animal feeding operation that is located in a major sole source impairment zone, as defined by Section 26.502; and

(B) does not include tail water or runoff water from irrigation or rainwater runoff from other cultivated or uncultivated rangeland, pastureland, and farmland or rainwater runoff from an area of land located in a major sole source impairment zone, as defined by Section 26.502, that is not owned or controlled by an operator of an animal feeding operation or concentrated animal feeding operation on which agricultural waste is applied.

(14) "Pollution" means the alteration of the physical, thermal, chemical, or biological quality of, or the contamination of, any water in the state that renders the water harmful, detrimental, or injurious to humans, animal life, vegetation, or property or to

public health, safety, or welfare, or impairs the usefulness or the public enjoyment of the water for any lawful or reasonable purpose.

(15) "Sewer system" means pipelines, conduits, storm sewers, canals, pumping stations, force mains, and all other constructions, devices, and appurtenant appliances used to transport waste.

(16) "Treatment facility" means any plant, disposal field, lagoon, incinerator, area devoted to sanitary landfills, or other facility installed for the purpose of treating, neutralizing, or stabilizing waste.

(17) "Disposal system" means any system for disposing of waste, including sewer systems and treatment facilities.

(18) "Local government" means an incorporated city, a county, a river authority, or a water district or authority acting under Article III, Section 52, or Article XVI, Section 59 of the Texas Constitution.

(19) "Permit" means an order issued by the commission in accordance with the procedures prescribed in this chapter establishing the treatment which shall be given to wastes being discharged into or adjacent to any water in the state to preserve and enhance the quality of the water and specifying the conditions under which the discharge may be made.

(20) "To discharge" includes to deposit, conduct, drain, emit, throw, run, allow to seep, or otherwise release or dispose of, or to allow, permit, or suffer any of these acts or omissions.

(21) "Point source" means any discernible, confined and discrete conveyance, including but not limited to any pipe, ditch, channel, tunnel, conduit, well, discrete fissure, container, rolling stock, concentrated animal feeding operation, or vessel or other floating craft, from which pollutants or wastes are or may be discharged into or adjacent to any water in the state.

(22) "Identified state supplement to an NPDES permit" means any part of a permit on which the commission has entered a written designation to indicate that the commission has adopted that part solely in order to carry out the commission's duties under state statutes and not in pursuance of administration undertaken to carry out a permit program under approval by the Administrator of the United States Environmental Protection Agency.

(23) "NPDES" means the National Pollutant Discharge Elimination System under which the Administrator of the United States

Environmental Protection Agency can delegate permitting authority to the State of Texas in accordance with Section 402(b) of the Federal Water Pollution Control Act.

(24) "Treatment works" means any devices and systems used in the storage, treatment, recycling, and reclamation of waste to implement this chapter or necessary to recycle or reuse water at the most economical cost over the estimated life of the works, including:

(A) intercepting sewers, outfall sewers, pumping, power, and other equipment and their appurtenances;

(B) extensions, improvements, remodeling, additions, and alterations of the items in Paragraph (A) of this subdivision;

(C) elements essential to provide a reliable recycled supply such as standby treatment units and clear-well facilities;

(D) any works, including sites and acquisition of the land that will be a part of or used in connection with the treatment process or is used for ultimate disposal of residues resulting from such treatment;

(E) any plant, disposal field, lagoon, canal, incinerator, area devoted to sanitary landfills, or other facilities installed for the purpose of treating, neutralizing, or stabilizing waste; and

(F) facilities to provide for the collection, control, and disposal of waste heat.

(25) "Person" means an individual, association, partnership, corporation, municipality, state or federal agency, or an agent or employee thereof.

(26) "Affected county" is a county to which Subchapter B, Chapter 232, Local Government Code, applies.

Amended by Acts 1977, 65th Leg., p. 1640, ch. 644, Sec. 1.

Renumbered from Sec. 21.003 and amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977. Amended by Acts 1981, 67th Leg., p. 985, ch. 367, Sec. 43, eff. June 10, 1981; Acts 1985, 69th Leg., ch. 795, Sec. 1.064, eff. Sept. 1, 1985; Acts 1987, 70th Leg., ch. 977, Sec. 19, eff. June 19, 1987; Acts 1989, 71st Leg., ch. 642, Sec. 1, eff. Aug. 28, 1989; Acts 1991, 72nd Leg., 1st C.S., ch. 3, Sec. 1.068, eff. Aug. 12, 1991; Acts 1995, 74th Leg., ch. 979, Sec. 24, eff. June 16, 1995; Acts 1999, 76th Leg., ch. 404, Sec. 43, eff. Sept. 1, 1999; Acts 2001, 77th Leg., ch. 965, Sec. 12.01, eff. Sept. 1, 2001.

Sec. 26.002. OWNERSHIP OF UNDERGROUND WATER. Nothing in this chapter affects ownership rights in underground water.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 26.003. POLICY OF THIS SUBCHAPTER. It is the policy of this state and the purpose of this subchapter to maintain the quality of water in the state consistent with the public health and enjoyment, the propagation and protection of terrestrial and aquatic life, and the operation of existing industries, taking into consideration the economic development of the state; to encourage and promote the development and use of regional and areawide waste collection, treatment, and disposal systems to serve the waste disposal needs of the citizens of the state; and to require the use of all reasonable methods to implement this policy.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 2001, 77th Leg., ch. 965, Sec. 1.26, eff. Sept. 1, 2001.

#### **SUBCHAPTER B. GENERAL POWERS AND DUTIES**

Sec. 26.011. IN GENERAL. Except as otherwise specifically provided, the commission shall administer the provisions of this chapter and shall establish the level of quality to be maintained in, and shall control the quality of, the water in this state as provided by this chapter. Waste discharges or impending waste discharges covered by the provisions of this chapter are subject to reasonable rules or orders adopted or issued by the commission in the public interest. The commission has the powers and duties specifically prescribed by this chapter and all other powers necessary or convenient to carry out its responsibilities. This chapter does not apply to discharges of oil covered under Chapter 40, Natural Resources Code.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.065, eff. Sept. 1,

1985; Acts 1991, 72nd Leg., ch. 10, Sec. 4, eff. March 28, 1991.

Sec. 26.012. STATE WATER QUALITY PLAN. The executive director shall prepare and develop a general, comprehensive plan for the control of water quality in the state which shall be used as a flexible guide by the commission when approved by the commission.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.065, eff. Sept. 1, 1985.

Sec. 26.013. RESEARCH, INVESTIGATIONS. The executive director shall conduct or have conducted any research and investigations it considers advisable and necessary for the discharge of the duties under this chapter.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 26.0135. WATERSHED MONITORING AND ASSESSMENT OF WATER QUALITY. (a) To ensure clean water, the commission shall establish the strategic and comprehensive monitoring of water quality and the periodic assessment of water quality in each watershed and river basin of the state. In order to conserve public funds and avoid duplication of effort, subject to adequate funding under Section 26.0291, river authorities shall, to the greatest extent possible and under the supervision of the commission, conduct water quality monitoring and assessments in their own watersheds. Watershed monitoring and assessments involving agricultural or silvicultural nonpoint source pollution shall be coordinated through the State Soil and Water Conservation Board with local soil and water conservation districts. The water quality monitoring and reporting duties under this section apply only to a river authority that has entered into an agreement with the commission to perform those duties. The commission, either directly or through cooperative agreements and contracts with local governments, shall conduct monitoring and assessments of watersheds where a river authority is unable to perform an adequate assessment of its own watershed. The monitoring

program shall provide data to identify significant long-term water quality trends, characterize water quality conditions, support the permitting process, and classify unclassified waters. The commission shall consider available monitoring data and assessment results in developing or reviewing wastewater permits and stream standards and in conducting other water quality management activities. The assessment must include a review of wastewater discharges, nonpoint source pollution, nutrient loading, toxic materials, biological health of aquatic life, public education and involvement in water quality issues, local and regional pollution prevention efforts, and other factors that affect water quality within the watershed. The monitoring and assessment required by this section is a continuing duty, and the monitoring and assessment shall be periodically revised to show changes in the factors subject to assessment.

(b) In order to assist in the coordination and development of assessments and reports required by this section, a river authority shall organize and lead a basin-wide steering committee that includes persons paying fees under Section 26.0291, private citizens, the State Soil and Water Conservation Board, representatives from other appropriate state agencies, political subdivisions, and other persons with an interest in water quality matters of the watershed or river basin. Based on committee and public input, each steering committee shall develop water quality objectives and priorities that are achievable considering the available technology and economic impact. The objectives and priorities shall be used to develop work plans and allocate available resources under Section 26.0291. Each committee member shall help identify significant water quality issues within the basin and shall make available to the river authority all relevant water quality data held by the represented entities. A river authority shall also develop a public input process that provides for meaningful comments and review by private citizens and organizations on each basin summary report. A steering committee established by the commission to comply with this subsection in the absence of a river authority or other qualified local government is not subject to Chapter 2110, Government Code.

(c) The purpose of the monitoring and assessment required by this section is to identify significant issues affecting water quality within each watershed and river basin of the state. Each river authority shall submit quality assured data collected in the river basin to the commission. The commission shall use the data to

develop the statewide water quality inventory and other assessment reports that satisfy federal reporting requirements. The data and reports shall also be used to provide sufficient information for the commission, the State Soil and Water Conservation Board, river authorities, and other governmental bodies to take appropriate action necessary to maintain and improve the quality of the state's water resources. The commission shall adopt rules that at a minimum require each river authority to:

(1) develop and maintain a basin-wide water quality monitoring program that minimizes duplicative monitoring, facilitates the assessment process, and targets monitoring to support the permitting and standards process;

(2) establish a watershed and river basin water quality database composed of quality assured data from river authorities, wastewater discharge permit holders, state and federal agencies, and other relevant sources and make the data available to any interested person;

(3) identify water quality problems and known pollution sources and set priorities for taking appropriate action regarding those problems and sources;

(4) develop a process for public participation that includes the basin steering committee and public review and input and that provides for meaningful review and comments by private citizens and organizations in the local watersheds; and

(5) recommend water quality management strategies for correcting identified water quality problems and pollution sources.

(d) In the appropriate year of the cycle provided by commission rules adopted to implement Section 26.0285, each river authority shall submit a written summary report to the commission, State Soil and Water Conservation Board, and Parks and Wildlife Department on the water quality assessment of the authority's watershed. The summary report must identify concerns relating to the watershed or bodies of water, including an identification of bodies of water with impaired or potentially impaired uses, the cause and possible source of use impairment, and recommended actions the commission may take to address those concerns. The summary report must discuss the public benefits from the water quality monitoring and assessment program, including efforts to increase public input in activities related to water quality and the effectiveness of targeted monitoring in assisting the permitting process. A river authority shall submit a

summary report after the report has been approved by the basin steering committee and coordinated with the public and the commission. A river authority shall hold basin steering committee meetings and shall invite users of water and wastewater permit holders in the watershed who pay fees under Section 26.0291 to review the draft of the work plans and summary report. A river authority shall inform those parties of the availability and location of the summary report for inspection and shall solicit input from those parties concerning their satisfaction with or suggestions for modification of the summary report for the watershed, the operation or effectiveness of the watershed monitoring and assessment program authorized by this section, and the adequacy, use, or equitable apportionment of the program's costs and funds. A river authority shall summarize all comments received from persons who pay fees under Section 26.0291 and from steering committee members and shall submit the report and the summaries to the governor, the lieutenant governor, and the speaker of the house of representatives not later than the 90th day after the date the river authority submits the summary report to the commission and other agencies.

(e) Each local government within the watershed of a river authority shall cooperate in making the assessment under Subsection (a) of this section and in preparing the report by providing to the river authority all information available to the local government about water quality within the jurisdiction of the local government, including the extraterritorial jurisdiction of a municipality.

(f) If more than one river authority is located in a watershed, all river authorities within the watershed shall cooperate in making the assessments and preparing the reports.

(g) For purposes of this section, solid waste and solid waste management shall have the same meaning as in Chapter 361, Health and Safety Code. Each river authority and local government is authorized and encouraged, but not required, to manage solid waste and to facilitate and promote programs for the collection and disposal of household consumer and agricultural products which contain hazardous constituents or hazardous substances and which, when disposed of improperly, represent a threat of contamination to the water resources of the state. Such programs may include the establishment of a permanent collection site, mobile collection sites, periodic collection events, or other methods which a river authority or local government may deem effective.

(h) The commission shall apportion, assess, and recover the reasonable costs of administering the water quality management programs under this section. Irrigation water rights, non-priority hydroelectric rights of a water right holder that owns or operates privately owned facilities that collectively have a capacity of less than two megawatts, and water rights held in the Texas Water Trust for terms of at least 20 years will not be subject to this assessment. The cost to river authorities and others to conduct water quality monitoring and assessment shall be subject to prior review and approval by the commission as to methods of allocation and total amount to be recovered. The commission shall adopt rules to supervise and implement the water quality monitoring, assessment, and associated costs. The rules shall ensure that water users and wastewater dischargers do not pay excessive amounts, that a river authority may recover no more than the actual costs of administering the water quality management programs called for in this section, and that no municipality shall be assessed cost for any efforts that duplicate water quality management activities described in Section 26.177.

(i) In this section:

(1) "Quality assured data" means data that complies with commission rules for the water quality monitoring program adopted under Subsection (c)(1), including rules governing the methods under which water samples are collected and analyzed and data from those samples is assessed and maintained.

(2) "River authority" means:

(A) a river authority as defined by Section 30.003 of this code that includes 10 or more counties; and

(B) any other river authority or special district created under Article III, Section 52, Subsection (b)(1) or (2), or Article XVI, Section 59, of the Texas Constitution that is designated by rule of the commission to comply with this section.

(j) Repealed by Acts 2001, 77th Leg., ch. 965, Sec. 3.06, eff. Sept. 1, 2001.

Added by Acts 1991, 72nd Leg., ch. 294, Sec. 1, eff. June 7, 1991.

Sec. 26.0136. WATER QUALITY MANAGEMENT. (a) The commission is the agency with primary responsibility for implementation of water quality management functions, including enforcement actions, within the state. Water quality management functions shall be oriented on a watershed basis in consideration of the priorities identified by river authorities and basin steering committees. The commission by rule shall coordinate the water quality responsibilities of river authorities within each watershed and shall, where appropriate, delegate water quality functions to local governments under Section 26.175 of this code. The State Soil and Water Conservation Board shall coordinate and administer all programs for abating agricultural or silvicultural nonpoint source pollution, as provided by Section 201.026, Agriculture Code.

(b) Nothing in this section is intended to enlarge, diminish, or supersede the water quality powers, including enforcement authority, authorized by law for river authorities, the State Soil and Water Conservation Board, and local governments. Nothing in this section is intended to enlarge, diminish, or supersede the responsibilities of the Texas Agricultural Extension Service and the Texas Agricultural Experiment Station to conduct educational programs and research regarding nonpoint source pollution and related water resource and water quality matters.

(c) The commission shall establish rules to make the optimum use of state and federal funding and grant programs related to water

quality programs of the commission.

(d) In this section, "river authority" has the meaning assigned by Section 26.0135(i) of this code.

Added by Acts 1991, 72nd Leg., ch. 294, Sec. 2, eff. June 7, 1991.  
Amended by Acts 1993, 73rd Leg., ch. 53, Sec. 2, eff. Sept. 1, 1993;  
Acts 1997, 75th Leg., ch. 101, Sec. 2, eff. Sept. 1, 1997.

Sec. 26.014. POWER TO ENTER PROPERTY. The members of the commission and employees and agents of the commission are entitled to enter any public or private property at any reasonable time for the purpose of inspecting and investigating conditions relating to the quality of water in the state or the compliance with any rule, regulation, permit or other order of the commission. Members, employees, or agents of the commission and commission contractors are entitled to enter public or private property at any reasonable time to investigate or monitor or, if the responsible party is not responsive or there is an immediate danger to public health or the environment, to remove or remediate a condition related to the quality of water in the state. Members, employees, commission contractors, or agents acting under this authority who enter private property shall observe the establishment's rules and regulations concerning safety, internal security, and fire protection, and if the property has management in residence, shall notify management or the person then in charge of his presence and shall exhibit proper credentials. If any member, employee, commission contractor, or agent is refused the right to enter in or on public or private property under this authority, the executive director may invoke the remedies authorized in Section 26.123 of this code.

Amended by Acts 1977, 65th Leg., p. 1640, ch. 644, Sec. 1.  
Renumbered from Sec. 21.064 and amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977. Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.067, eff. Sept. 1, 1985; Acts 1995, 74th Leg., ch. 883, Sec. 2, eff. Aug. 28, 1995.

Sec. 26.015. POWER TO EXAMINE RECORDS. The members of the commission and employees and agents of the commission may examine and copy during regular business hours any records or memoranda

pertaining to the operation of any sewer system, disposal system, or treatment facility or pertaining to any discharge of waste or pollutants into any water in the state, or any other records required to be maintained.

Amended by Acts 1977, 65th Leg., p. 1640, ch. 644, Sec. 1.  
Renumbered from Sec. 21.065 and amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977. Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.069, eff. Sept. 1, 1985.

Sec. 26.0151. PUBLIC INFORMATION. (a) The commission shall provide for publishing or otherwise releasing on a regular basis as public information:

(1) the results of inspections and investigations conducted under Section 26.014 of this code; and

(2) any other information routinely prepared by the commission relating to compliance with this chapter or with a rule or order adopted under this chapter.

(b) The commission shall establish a procedure by which, in response to a written request, a person or organization will be sent a copy of an inspection, investigation, or compliance report for a specified facility or system or for facilities or systems in a specified area or, on a regular basis, a copy of the information released under Subsection (a) of this section.

(c) The commission shall charge a reasonable fee for each copy sent under Subsection (b) of this section. The fee must be set at an amount that is estimated to recover the full cost of producing and copying and mailing a copy of the report and must be paid in cash or by cashier's check.

(d) A copy of a report shall be sent to the person or organization requesting it not later than the 30th day after the date on which the fee is paid or on which the report is made, whichever is later.

(e) This section does not apply to any information excepted under Subchapter C, Chapter 552, Government Code.

Added by Acts 1985, 69th Leg., ch. 749, Sec. 1, eff. Sept. 1, 1985.  
Amended by Acts 1987, 70th Leg., ch. 977, Sec. 21, eff. June 19, 1987; Acts 1995, 74th Leg., ch. 76, Sec. 5.95(101), eff. Sept. 1, 1995.

Sec. 26.017. COOPERATION. The commission shall:

(1) encourage voluntary cooperation by the people, cities, industries, associations, agricultural interests, and representatives of other interests in preserving the greatest possible utility of water in the state;

(2) encourage the formation and organization of cooperative groups, associations, cities, industries, and other water users for the purpose of providing a medium to discuss and formulate plans for attainment of water quality control;

(3) establish policies and procedures for securing close cooperation among state agencies that have water quality control functions;

(4) cooperate with the governments of the United States and other states and with official or unofficial agencies and organizations with respect to water quality control matters and with respect to formulation of interstate water quality control compacts or agreements, and when representation of state interests on a basin planning agency for water quality purposes is required under Section 3(c) of the Federal Water Pollution Control Act, as amended, or other federal legislation having a similar purpose, the representation shall include an officer or employee of the commission; and

(5) with respect to obtaining or administering the NPDES program in lieu of the government of the United States, not enter into any memorandum of agreement or other contractual relationship with or among state agencies or with the government of the United States which imposes any requirements upon the state other than or more stringent than those specifically set forth in Section 402(b) of the Federal Water Pollution Control Act, as amended.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.070, eff. Sept. 1, 1985; Acts 1995, 74th Leg., ch. 310, Sec. 2, eff. Aug. 28, 1995.

Sec. 26.018. CONTRACTS, INSTRUMENTS. With the approval of the commission, the executive director may make contracts and execute instruments that are necessary or convenient to the exercise of the commission's powers or the performance of its duties.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.070, eff. Sept. 1, 1985.

Sec. 26.019. ORDERS. The commission is authorized to issue orders and make determinations necessary to effectuate the purposes of this chapter.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1997, 75th Leg., ch. 1072, Sec. 15, eff. Sept. 1, 1997.

Sec. 26.0191. TEMPORARY OR EMERGENCY ORDER RELATING TO DISCHARGE OF WASTE OR POLLUTANTS. The commission may issue a temporary or emergency order relating to the discharge of waste or pollutants under Section 5.509.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1981, 67th Leg., p. 3150, ch. 828, Sec. 1, eff. June 17, 1981; Acts 1985, 69th Leg., ch. 795, Sec. 1.071, 5.011, eff. Sept. 1, 1985; Acts 1987, 70th Leg., ch. 977, Sec. 22, eff. June 19, 1987; Acts 1995, 74th Leg., ch. 76, Sec. 5.95(49), eff. Sept. 1, 1995; Acts 1997, 75th Leg., ch. 1072, Sec. 16, eff. Sept. 1, 1997.

Sec. 26.020. HEARING POWERS. The commission may call and hold hearings, administer oaths, receive evidence at the hearing, issue subpoenas to compel the attendance of witnesses and the production of papers and documents related to the hearing, and make findings of fact and decisions with respect to administering the provisions of this chapter or the rules, orders, or other actions of the commission.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 26.021. DELEGATION OF HEARING POWERS. (a) The commission may authorize the chief administrative law judge of the State Office

of Administrative Hearings to call and hold hearings on any subject on which the commission may hold a hearing.

(b) The commission may also authorize the chief administrative law judge to delegate to one or more administrative law judges the authority to hold any hearing the chief administrative law judge calls.

(c) At any hearing called under this section, the chief administrative law judge or the administrative law judge to whom a hearing is delegated may administer oaths and receive evidence.

(d) The individual or individuals holding a hearing under the authority of this section shall report the hearing in the manner prescribed by the commission.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1981, 67th Leg., p. 979, ch. 367, Sec. 8, eff. June 10, 1981; Acts 1995, 74th Leg., ch. 106, Sec. 3, eff. Sept. 1, 1995; Acts 1997, 75th Leg., ch. 1072, Sec. 17, eff. Sept. 1, 1997.

Sec. 26.022. NOTICE OF HEARINGS; CONTINUANCE. (a) Except as otherwise provided in Sections 5.501, 5.504, 5.509, and 26.176, the provisions of this section apply to all hearings conducted in compliance with this chapter.

(b) Notice of the hearing shall be published at least once in a newspaper regularly published or circulated in each county where, by virtue of the county's geographical relation to the subject matter of the hearing, the commission has reason to believe persons reside who may be affected by the action that may be taken as a result of the hearing. The date of the publication shall be not less than 20 days before the date set for the hearing.

(c) If notice of the hearing is required by this chapter to be given to a person, the notice shall be served personally or mailed not less than 20 days before the date set for the hearing to the person at his last address known to the commission. If the party is not an individual, the notice may be given to any officer, agent, or legal representative of the party.

(d) The individual or individuals holding the hearing, called the hearing body, shall conduct the hearing at the time and place stated in the notice. The hearing body may continue the hearing from time to time and from place to place without the necessity of

publishing, serving, mailing, or otherwise issuing a new notice.

(e) If a hearing is continued and a time and place for the hearing to reconvene are not publicly announced by the person conducting the hearing at the hearing before it is recessed, a notice of any further setting of the hearing shall be served personally or mailed in the manner prescribed in Subsection (c) of this section at a reasonable time before the new setting, but it is not necessary to publish a newspaper notice of the new setting.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1997, 75th Leg., ch. 1072, Sec. 18, eff. Sept. 1, 1997.

Sec. 26.023. WATER QUALITY STANDARDS. The commission by rule shall set water quality standards for the water in the state and may amend the standards from time to time. The commission has the sole and exclusive authority to set water quality standards for all water in the state. The commission shall consider the existence and effects of nonpoint source pollution, toxic materials, and nutrient loading in developing water quality standards and related waste load models for water quality. The commission shall develop standards based on all quality assured data obtained by the commission, including the local watershed and river basin database described by Section 26.0135(c)(2). In this section, "quality assured data" has the meaning assigned by Section 26.0135(i).

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.072, eff. Sept. 1, 1985; Acts 1991, 72nd Leg., ch. 294, Sec. 3, eff. June 7, 1991; Acts 1997, 75th Leg., ch. 101, Sec. 3, eff. Sept. 1, 1997.

Sec. 26.024. HEARINGS ON STANDARDS; CONSULTATION. Before setting or amending water quality standards, the commission shall:

(1) hold public hearings at which any person may appear and present evidence under oath, pertinent for consideration by the commission; and

(2) consult with the executive administrator to insure that the proposed standards are not inconsistent with the objectives of the state water plan.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.072 eff. Sept. 1, 1985.

Sec. 26.025. HEARINGS ON STANDARDS; NOTICE TO WHOM. (a) The commission shall provide notice of a hearing under Section 26.024 of this code by publishing the notice in the Texas Register.

(b) In addition to the requirements of Subsection (a) of this section, the commission shall also provide notice to each of the following that the commission believes may be affected:

(1) each local government whose boundary is contiguous to the water in question or whose boundaries contain all or part of the water, or through whose boundaries the water flows; and

(2) the holders of permits from the commission to discharge waste into or adjacent to the water in question.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.072, eff. Sept. 1, 1985; Acts 1987, 70th Leg., ch. 977, Sec. 21, eff. June 19, 1987; Acts 1991, 72nd Leg., ch. 392, Sec. 1, eff. June 6, 1991.

Sec. 26.026. STANDARDS TO BE PUBLISHED. The commission shall publish its water quality standards and amendments and shall make copies available to the public on written request.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.072, eff. Sept. 1, 1985.

Sec. 26.027. COMMISSION MAY ISSUE PERMITS. (a) The commission may issue permits and amendments to permits for the discharge of waste or pollutants into or adjacent to water in the state. No permit shall be issued authorizing the discharge of any radiological, chemical, or biological warfare agent or high-level radioactive waste. The commission may refuse to issue a permit when the commission finds that issuance of the permit would violate the provisions of any state or federal law or rule or regulation promulgated thereunder, or when the commission finds that issuance of

the permit would interfere with the purpose of this chapter.

(b) A person desiring to obtain a permit or to amend a permit shall submit an application to the commission containing all information reasonably required by the commission. The commission shall, at minimum, require an applicant who is an individual to provide:

- (1) the individual's full legal name and date of birth;
- (2) the street address of the individual's place of residence;
- (3) the identifying number from the individual's driver's license or personal identification certificate issued by the state or country in which the individual resides;
- (4) the individual's sex; and
- (5) any assumed business or professional name of the individual filed under Chapter 71, Business & Commerce Code.

(c) A person may not commence construction of a treatment facility until the commission has issued a permit to authorize the discharge of waste from the facility, except with the approval of the commission.

(d) The commission may not require under this chapter any permit for the placing of dredged or fill materials into or adjacent to water in the state for the purpose of constructing, modifying, or maintaining facilities or structures, but this does not change or limit any authority the commission may have with respect to the control of water quality. The commission may adopt rules and regulations to govern and control the discharge of dredged or fill materials consistent with the purpose of this chapter.

Amended by Acts 1977, 65th Leg., p. 1645, ch. 644, Sec. 7.

Renumbered from Sec. 21.079 and amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977. Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.074, eff. Sept. 1, 1985; Acts 1993, 73rd Leg., ch. 152, Sec. 2, eff. Sept. 1, 1993.

Amended by:

Acts 2007, 80th Leg., R.S., Ch. 885 (H.B. [2278](#)), Sec. 2.40, eff. April 1, 2009.

Sec. 26.0271. PERMITS AUTHORIZING REUSE WATER SYSTEM CONTRIBUTIONS AND DISCHARGES. (a) This section applies only to

wastewater treatment facilities operated by an agency of a home-rule municipality with a population of one million or more.

(b) In any permit or amendment to a permit issued under this chapter, at the request of the applicant the commission may authorize a wastewater treatment facility to contribute treated domestic wastewater produced by the facility as reclaimed water to a reuse water system if the commission has approved the use of reclaimed water from the wastewater treatment facility.

(c) In any permit or amendment to a permit issued under this chapter, at the request of the applicant the commission shall authorize, subject to any required approval by the United States Environmental Protection Agency, a wastewater treatment facility to:

- (1) contribute reclaimed water into a reuse water system operated by the agency; and
- (2) discharge reclaimed water contributed to a reuse water system at any outfall for which a discharge from the reuse water system is authorized in any permit issued for any wastewater treatment facility operated by the agency.

(d) For an effluent limitation violation occurring at an outfall permitted for reuse water system discharges by more than one wastewater treatment facility, the commission shall attribute the violation to the wastewater treatment facility contributing the reclaimed water causing the violation. For a violation that is not directly attributable to a specific wastewater treatment facility, the commission shall attribute the violation to the wastewater treatment facility contributing the greatest volume of reclaimed water to the reuse water system on the date of the violation.

Added by Acts 2009, 81st Leg., R.S., Ch. 409 (H.B. [1922](#)), Sec. 1, eff. June 19, 2009.

Sec. 26.028. ACTION ON APPLICATION. (a) Notice of an application for a permit, permit amendment, or permit renewal shall be given to the persons who in the judgment of the commission may be affected by the application, except as provided by this section.

(b) For any application involving an average daily discharge of five million gallons or more, the notice shall be given:

- (1) not later than 20 days before the date on which the commission acts on the application; and

(2) to each county judge in the county or counties located within 100 statute miles of the point of discharge who have requested in writing that the commission give that notice and through which water, into or adjacent to which waste or pollutants are to be discharged under the permit, flows after the discharge.

(c) Except as otherwise provided by this section, the commission, on the motion of a commissioner, or on the request of the executive director or any affected person, shall hold a public hearing on the application for a permit, permit amendment, or renewal of a permit.

(d) Notwithstanding any other provision of this chapter, the commission, at a regular meeting without the necessity of holding a public hearing, may approve an application to renew or amend a permit if:

(1) the applicant is not applying to:

(A) increase significantly the quantity of waste authorized to be discharged; or

(B) change materially the pattern or place of discharge;

(2) the activities to be authorized by the renewed or amended permit will maintain or improve the quality of waste authorized to be discharged;

(3) for NPDES permits, notice and the opportunity to request a public meeting shall be given in compliance with NPDES program requirements, and the commission shall consider and respond to all timely received and significant public comment; and

(4) the commission determines that an applicant's compliance history under the method for using compliance history developed by the commission under Section 5.754 raises no issues regarding the applicant's ability to comply with a material term of its permit.

(e) In considering an applicant's compliance history under Subsection (d)(4), the commission shall consider as evidence of compliance information regarding the applicant's implementation of an environmental management system at the facility for which the permit, permit amendment, or permit renewal is sought. In this subsection, "environmental management system" has the meaning assigned by Section 5.127.

(f) Notice of an application under Subsection (d) shall be mailed to the mayor and health authorities for the city or town, and

the county judge and health authorities for the county in which the waste is or will be discharged, at least 10 days before the commission meeting, and they may present information to the commission on the application.

(g) An application to renew a permit for a confined animal feeding operation which was issued between July 1, 1974, and December 31, 1977, may be set for consideration and may be acted on by the commission at a regular meeting without the necessity of holding a public hearing if the applicant does not seek to discharge into or adjacent to water in the state and does not seek to change materially the pattern or place of disposal.

(h) For the purposes of Subsection (c), the commission may act on the application without holding a public hearing if all of the following conditions are met:

(1) not less than 30 days before the date of action on the application by the commission, the applicant has published the commission's notice of the application at least once in a newspaper regularly published or circulated within each county where the proposed facility or discharge is located and in each county affected by the discharge;

(2) not less than 30 days before the date of action on the application by the commission, the applicant has served or mailed the commission's notice of the application to persons who in the judgment of the commission may be affected, including the county judges as required by Subsection (b). As part of his application the applicant shall submit an affidavit which lists the names and addresses of the persons who may be affected by the application and includes the source of the list;

(3) within 30 days after the date of the newspaper publication of the commission's notice, neither a commissioner, the executive director, nor an affected person who objects to the application has requested a public hearing.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1979, 66th Leg., p. 1984, ch. 781, Sec. 1, eff. Aug. 27, 1979; Acts 1981, 67th Leg., p. 3156, ch. 828, Sec. 6, eff. June 17, 1981; Acts 1985, 69th Leg., ch. 795, Sec. 5.012, eff. Sept. 1, 1985; Acts 1999, 76th Leg., ch. 795, Sec. 1, eff. Sept. 1, 1999; Acts 2001, 77th Leg., ch. 965, Sec. 16.05, eff. Sept. 1, 2001; Acts 2001, 77th Leg., ch. 1161, Sec. 2, eff. Sept. 1, 2001.

Amended by:

Acts 2011, 82nd Leg., R.S., Ch. 1021 (H.B. 2694), Sec. 4.13, eff. September 1, 2011.

Sec. 26.0281. CONSIDERATION OF COMPLIANCE HISTORY. In considering the issuance, amendment, or renewal of a permit to discharge effluent comprised primarily of sewage or municipal waste, the commission shall consider the compliance history of the applicant and its operator under the method for using compliance history developed by the commission under Section 5.754. In considering an applicant's compliance history under this subsection, the commission shall consider as evidence of compliance information regarding the applicant's implementation of an environmental management system at the facility for which the permit, permit amendment, or permit renewal is sought. In this section, "environmental management system" has the meaning assigned by Section 5.127.

Added by Acts 1985, 69th Leg., ch. 626, Sec. 1, eff. Aug. 26, 1985.

Amended by Acts 2001, 77th Leg., ch. 965, Sec. 16.06, eff. Sept. 1, 2001; Acts 2001, 77th Leg., ch. 1161, Sec. 3, eff. Sept. 1, 2001.

Amended by:

Acts 2011, 82nd Leg., R.S., Ch. 1021 (H.B. 2694), Sec. 4.14, eff. September 1, 2011.

Sec. 26.0282. CONSIDERATION OF NEED AND REGIONAL TREATMENT OPTIONS. In considering the issuance, amendment, or renewal of a permit to discharge waste, the commission may deny or alter the terms and conditions of the proposed permit, amendment, or renewal based on consideration of need, including the expected volume and quality of the influent and the availability of existing or proposed areawide or regional waste collection, treatment, and disposal systems not designated as such by commission order pursuant to provisions of this subchapter. This section is expressly directed to the control and treatment of conventional pollutants normally found in domestic wastewater.

Added by Acts 1989, 71st Leg., ch. 757, Sec. 1, eff. Sept. 1, 1989.

Sec. 26.0283. DENIAL OF APPLICATION FOR PERMIT; ASSISTANCE PROVIDED BY CERTAIN FORMER EMPLOYEES. (a) In this section, "former employee" means a person:

(1) who was previously employed by the commission as a supervisory or exempt employee; and

(2) whose duties during employment with the commission included involvement in or supervision of the commission's review, evaluation, or processing of applications.

(b) The commission shall deny an application for the issuance, amendment, renewal, or transfer of a permit and may not issue, amend, renew, or transfer the permit if the board determines that a former employee:

(1) participated personally and substantially as a former employee in the commission's review, evaluation, or processing of that application before leaving his employment with the commission; and

(2) after leaving his employment with the commission, provided assistance with the application for the issuance, amendment, renewal, or transfer of a permit, including assistance with preparation or presentation of the application or legal representation of the applicant.

(c) The commission shall provide an opportunity for a hearing to an applicant before denying an application under this section.

(d) Action taken under this section will not prejudice any application other than an application in which the former employee provided assistance.

Added by Acts 1989, 71st Leg., ch. 1175, Sec. 2, eff. Sept. 1, 1989.

Sec. 26.0285. EXPIRATION OF PERMITS WITHIN SAME WATERSHED. The commission shall, to the greatest extent practicable, require that all permits for the discharge of waste within a single watershed or within a region of a single watershed contain the same expiration date. The commission shall adopt and implement procedures for the simultaneous review and renewal of all those permits within a watershed or region of a watershed. The purpose of the review is to require comprehensive evaluation of the combined effects of permitted discharges on water quality within the watershed and to facilitate the receipt of information from the public and other entities

affected by those discharges. The watershed and river basin monitoring plans described by Section 26.0135(c) shall include targeted monitoring to assist the permitting process.

Added by Acts 1991, 72nd Leg., ch. 294, Sec. 4, eff. June 7, 1991.  
Amended by Acts 1997, 75th Leg., ch. 101, Sec. 4, eff. Sept. 1, 1997.

Sec. 26.0286. PROCEDURES APPLICABLE TO PERMITS FOR CERTAIN CONCENTRATED ANIMAL FEEDING OPERATIONS. (a) In this section:

(1) "Sole-source surface drinking water supply" means a body of surface water that is designated as a sole-source surface drinking water supply in rules adopted by the commission.

(2) "Protection zone" means an area so designated by commission rule under Subsection (c).

(3) "Liquid waste handling system" means a system in which fresh water or wastewater is used for transporting and land applying waste.

(b) The commission shall process an application for authorization to construct or operate a concentrated animal feeding operation as a specific permit under Section 26.028 subject to the procedures provided by Subchapter M, Chapter 5, if, on the date the commission determines that the application is administratively complete, any part of a pen, lot, pond, or other type of control or retention facility or structure of the concentrated animal feeding operation is located or proposed to be located within the protection zone of a sole-source surface drinking water supply. For the purposes of this subsection, a land application area is not considered a control or retention facility.

(c) For the purposes of this section only, when adopting rules under Section 26.023 to set water quality standards for water in the state, the commission by rule shall designate a surface water body as a sole-source surface drinking water supply if that surface water body is identified as a public water supply in rules adopted by the commission under Section 26.023 and is the sole source of supply of a public water supply system, exclusive of emergency water connections. At the same time, the commission shall designate as a protection zone any area within the watershed of a sole-source surface drinking water supply that is:

(1) within two miles of the normal pool elevation of a body

of surface water that is a sole-source surface drinking water supply;

(2) within two miles of that part of a perennial stream that is:

(A) a tributary of a sole-source surface drinking water supply; and

(B) within three linear miles upstream of the normal pool elevation of a sole-source surface drinking water supply; or

(3) within two miles of that part of a stream that is a sole-source surface drinking water supply, extending three linear miles upstream from the water supply intake.

(d) This section does not apply to a poultry operation that does not use a liquid waste handling system.

Added by Acts 1999, 76th Leg., ch. 1350, Sec. 3, eff. Sept. 1, 1999.  
Amended by Acts 2001, 77th Leg., ch. 681, Sec. 1, eff. Sept. 1, 2001;  
Acts 2001, 77th Leg., ch. 966, Sec. 8.01, eff. Sept. 1, 2001; Acts  
2003, 78th Leg., ch. 1276, Sec. 18.005, eff. Sept. 1, 2003.

Amended by:

Acts 2005, 79th Leg., Ch. 418 (S.B. 1707), Sec. 1, eff. September 1, 2005.

Acts 2005, 79th Leg., Ch. 418 (S.B. 1707), Sec. 2, eff. September 1, 2005.

Sec. 26.029. CONDITIONS OF PERMIT; AMENDMENT. (a) In each permit, the commission shall prescribe the conditions on which it is issued, including:

(1) the duration of the permit;

(2) the location of the point of discharge of the waste;

(3) the maximum quantity of waste that may be discharged under the permit at any time and from time to time;

(4) the character and quality of waste that may be discharged under the permit; and

(5) any monitoring and reporting requirements prescribed by the commission for the permittee.

(b) After a public hearing, notice of which shall be given to the permittee, the commission may require the permittee, from time to time, for good cause, in conformance with applicable laws, to conform to new or additional conditions.

(c) A permit does not become a vested right in the permittee.

(d) The notice required by Subsection (b) of this section shall be sent to the permittee at his last known address as shown by the records of the commission.

Amended by Acts 1977, 65th Leg., p. 1646, ch. 644, Sec. 8.  
Renumbered from Sec. 21.081 and amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977. Amended by Acts 1981, 67th Leg., p. 985, ch. 367, Sec. 44, eff. June 10, 1981; Acts 1985, 69th Leg., ch. 795, Sec. 1.075, eff. Sept. 1, 1985; Acts 1997, 75th Leg., ch. 1072, Sec. 20, eff. Sept. 1, 1997.

Sec. 26.0291. WATER QUALITY FEE. (a) An annual water quality fee is imposed on:

(1) each wastewater discharge permit holder for each wastewater discharge permit held; and

(2) each user of water in proportion to the user's water right, through permit or contract, as reflected in the commission's records, provided that the commission by rule shall ensure that no fee shall be assessed for the portion of a municipal or industrial water right directly associated with a facility or operation for which a fee is assessed under Subdivision (1) of this subsection.

(b) The fee is to supplement any other funds available to pay expenses of the commission related to:

(1) inspecting waste treatment facilities; and

(2) enforcing the laws of the state and the rules of the commission governing:

(A) waste discharge and waste treatment facilities, including any expenses necessary to administer the national pollutant discharge elimination system (NPDES) program;

(B) the water resources of this state, including the water quality management programs under Section 26.0135; and

(C) any other water resource management programs reasonably related to the activities of the persons required to pay a fee under this section.

(c) The fee for each year is imposed on each permit or water right in effect during any part of the year. The commission may establish reduced fees for inactive permits.

(d) Irrigation water rights are not subject to a fee under this section.

(e) The commission by rule shall adopt a fee schedule for determining the amount of the fee to be charged. Beginning September 1, 2009, the maximum amount of a fee under this section is \$100,000. On September 1 of each subsequent year, the commission shall adjust the maximum fee amount as necessary to reflect the percentage change during the preceding year in the Consumer Price Index for All Urban Consumers (CPI-U), U.S. City Average, published monthly by the United States Bureau of Labor Statistics, or its successor in function. Notwithstanding any adjustment for inflation under this subsection, the amount of the fee may not exceed \$150,000 for each permit or contract and the maximum annual fee under this section for a wastewater discharge or waste treatment facility that holds a water right for the use of water by the facility is \$150,000. In determining the amount of a fee under this section, the commission may consider:

(1) waste discharge permitting factors such as flow volume, toxic pollutant potential, level of traditional pollutant, and heat load;

(2) the designated uses and segment ranking classification of the water affected by discharges from the permitted facility;

(3) the expenses necessary to obtain and administer the NPDES program;

(4) the reasonable costs of administering the water quality management programs under Section 26.0135; and

(5) any other reasonable costs necessary to administer and enforce a water resource management program reasonably related to the activities of the persons required to pay a fee under this section.

(f) The fees collected under this section shall be deposited to the credit of the water resource management account, an account in the general revenue fund.

(g) The commission may adopt rules necessary to administer this section.

(h) A fee collected under this section is in addition to any other fee that may be charged under this chapter.

Added by Acts 1989, 71st Leg., ch. 642, Sec. 3. Amended by Acts 1993, 73rd Leg., ch. 746, Sec. 5; Acts 1995, 74th Leg., ch. 310, Sec. 3, eff. Aug. 28, 1995; Acts 1997, 75th Leg., ch. 333, Sec. 8, eff. Sept. 1, 1997; Acts 2001, 77th Leg., ch. 965, Sec. 3.04, eff. Sept. 1, 2001.

Amended by:

Acts 2009, 81st Leg., R.S., Ch. 157 (H.B. 1433), Sec. 1, eff. September 1, 2009.

Sec. 26.0292. FEES CHARGED TO AQUACULTURE FACILITIES. (a) "Aquaculture facility" means a facility engaged in aquaculture as defined in Section 134.001, Agriculture Code.

(b) Notwithstanding Sections 26.0135 and 26.0291, the combined fees charged to an aquaculture facility under those sections may not total more than \$5,000 in any year.

(c) The commission by rule shall provide that among aquaculture facilities, the fees charged under this section are reasonably assessed according to the pollutant load of the facility.

Added by Acts 1999, 76th Leg., ch. 1239, Sec. 10, eff. Sept. 1, 1999.

Sec. 26.030. PERMIT; EFFECT ON RECREATIONAL WATER. (a) In considering the issuance of a permit to discharge effluent into any body of water having an established recreational standard, the commission shall consider any unpleasant odor quality of the effluent and the possible adverse effect that it might have on the receiving body of water, and the commission may consider the odor as one of the elements of the water quality of the effluent.

(b) In considering the issuance of a permit to discharge effluent comprised primarily of sewage or municipal waste into any body of water that crosses or abuts any park, playground, or schoolyard within one mile of the point of discharge, the commission shall consider any unpleasant qualities of the effluent, including unpleasant odor, and any possible adverse effects that the discharge of the effluent might have on the recreational value of the park, playground, or schoolyard.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 424, Sec. 1, eff. June 11, 1985.

Sec. 26.0301. WASTEWATER OPERATIONS COMPANY REGISTRATION AND OPERATOR LICENSING. (a) The holders of permits to discharge wastewater from a sewage treatment facility shall employ a treatment

plant operator holding a valid license issued by the commission under Chapter 37 for the type of facility being operated.

(b) Every person that is in the business of providing sewage treatment or collection facility services under contract must hold a valid registration issued by the commission under Chapter 37.

(c) A person who performs process control activities at a sewage treatment facility or supervises the maintenance of a sewage collection system must hold a license issued by the commission under Chapter 37.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 5.010, eff. Sept. 1, 1985. Amended by Acts 1987, 70th Leg., ch. 400, Sec. 1, eff. Sept. 1, 1987; Acts 1993, 73rd Leg., ch. 564, Sec. 1.04, eff. June 11, 1993; Acts 1993, 73rd Leg., ch. 746, Sec. 6, eff. Aug. 30, 1993; Acts 1997, 75th Leg., ch. 333, Sec. 9, eff. Sept. 1, 1997; Acts 1997, 75th Leg., ch. 1072, Sec. 21, eff. Sept. 1, 1997; Acts 2001, 77th Leg., ch. 880, Sec. 6, eff. Sept. 1, 2001.

Sec. 26.0311. STANDARDS FOR CONTROL OF GRAYWATER. (a) In this section, "graywater" means wastewater from clothes washing machines, showers, bathtubs, handwashing lavatories, and sinks that are not used for disposal of hazardous or toxic ingredients. The term does not include wastewater:

(1) that has come in contact with toilet waste;

(2) from the washing of material, including diapers, soiled with human excreta; or

(3) from sinks used for food preparation or disposal.

(b) The commission by rule shall adopt and implement minimum standards for the use of graywater for:

(1) irrigation and other agricultural purposes;

(2) domestic use, to the extent consistent with Section 341.039, Health and Safety Code;

(3) commercial purposes; and

(4) industrial purposes.

(c) The standards adopted by the commission under Subsection (b) must assure that the use of graywater is not a nuisance and does not damage the quality of surface water and groundwater in this state.

Added by Acts 1987, 70th Leg., ch. 541, Sec. 1, eff. Sept. 1, 1987.

Amended by Acts 1993, 73rd Leg., ch. 233, Sec. 1, eff. Aug. 30, 1993; Acts 2003, 78th Leg., ch. 689, Sec. 1, eff. Sept. 1, 2003.

Sec. 26.033. RATING OF WASTE DISPOSAL SYSTEMS. (a) After consultation with the Texas Department of Health, the commission shall provide by rule for a system of approved ratings for municipal waste disposal systems and other waste disposal systems which the commission may designate.

(b) The owner or operator of a municipal waste disposal system which attains an approved rating has the privilege of erecting signs of a design approved by the commission on highways approaching or inside the boundaries of the municipality, subject to reasonable restrictions and requirements which may be established by the Texas Department of Transportation.

(c) In addition, the owner or operator of any waste disposal system, including a municipal system, which attains an approved rating has the privilege of erecting signs of a design approved by the commission at locations which may be approved or established by the commission, subject to such reasonable restrictions and requirements which may be imposed by any governmental entity having jurisdiction.

(d) If the waste disposal system fails to continue to achieve an approved rating, the commission may revoke the privilege. On due notice from the commission, the owner or operator of the system shall remove the signs.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.080, eff. Sept. 1, 1985; Acts 1995, 74th Leg., ch. 165, Sec. 22(74), eff. Sept. 1, 1995.

Sec. 26.034. APPROVAL OF DISPOSAL SYSTEM PLANS. (a) The commission may, on a case-by-case basis, review and approve plans and specifications for treatment facilities, sewer systems, and disposal systems that transport, treat, or dispose of primarily domestic wastes.

(b) Before beginning construction, every person who proposes to construct or materially alter the efficiency of any treatment works

to which this section applies shall submit completed plans and specifications to the commission.

(c) The commission by rule shall adopt standards to determine which plans and specifications the commission will review for approval. If the commission excludes certain plans and specifications from review and approval, the commission shall require that a registered professional engineer submit the plans to the commission and make a finding that the plans and specifications are in substantial compliance with commission standards and that any deviation from those standards is based on the best professional judgment of the registered professional engineer.

(d) Except as provided by Subsection (e), the commission may not require plans and specifications for a sewer system that transports primarily domestic waste to be submitted to the commission from:

(1) a municipality if:

(A) the municipality has its own internal engineering review staff;

(B) the plans and specifications subject to review are prepared by private engineering consultants; and

(C) the review is conducted by a registered professional engineer who is an employee of or consultant to the municipality separate from the private engineering consultant charged with the design of the plans and specifications under review; or

(2) an entity that is required by local ordinance to submit the plans and specifications for review and approval to a municipality.

(e) If the commission finds that a municipality's review and approval process does not provide for substantial compliance with commission standards, the commission shall require all plans and specifications reviewed by the municipality under Subsection (d) to be submitted to the commission for review and approval.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1981, 67th Leg., p. 961, ch. 367, Sec. 1, eff. June 10, 1981; Acts 1985, 69th Leg., ch. 795, Sec. 1.081, eff. Sept. 1, 1985; Acts 1987, 70th Leg., ch. 397, Sec. 1, eff. Sept. 1, 1987; Acts 1995, 74th Leg., ch. 924, Sec. 1, eff. Aug. 28, 1995.

Sec. 26.0345. DISCHARGE FROM AQUACULTURE FACILITIES. (a) In addition to wastewater permit conditions established under the authority of Sections 5.102, 5.103, 5.120, and 26.040, the Texas Natural Resource Conservation Commission, in consultation with the Department of Agriculture and the Parks and Wildlife Department, shall establish permit conditions relating to suspended solids in a discharge permit for an aquaculture facility located within the coastal zone and engaged in shrimp production that are based on levels and measures adequate to prevent:

(1) potential significant adverse responses in aquatic organisms, changes in flow patterns of receiving waters, or untimely filling of bays with settled solids; or

(2) a potential significant adverse response in aquatic plants from attenuation of light by suspended solids in discharges.

(b) In this section, "coastal zone" has the meaning assigned by Section 33.004, Natural Resources Code.

Added by Acts 1999, 76th Leg., ch. 1239, Sec. 9, eff. Sept. 1, 1999.

Sec. 26.035. FEDERAL GRANTS. The executive director with the approval of the commission or the executive administrator with the approval of the board, as applicable under this code or other laws, may execute agreements with the United States Environmental Protection Agency or any other federal agency that administers programs providing federal cooperation, assistance, grants, or loans for research, development, investigation, training, planning, studies, programming, and construction related to methods, procedures, and facilities for the collection, treatment, and disposal of waste or other water quality control activities. The commission or board may accept federal funds for these purposes and for other purposes consistent with the objectives of this chapter and may use the funds as prescribed by law or as provided by agreement.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.081, eff. Sept. 1, 1985.

Sec. 26.036. WATER QUALITY MANAGEMENT PLANS. (a) The executive director shall develop and prepare, and from time to time

revise, comprehensive water quality management plans for the different areas of the state, as designated by the commission.

(b) The executive director may contract with local governments, regional planning commissions, planning agencies, other state agencies, colleges and universities in the state, and any other qualified and competent person to assist in developing and preparing, and from time to time revising, water quality management plans for areas designated by the commission.

(c) With funds provided for the purpose by legislative appropriation, the commission may make grants or interest-free loans to, or contract with, local governments, regional planning commissions, and planning agencies to pay administrative and other expenses of such entities for developing and preparing, and from time to time revising, water quality management plans for areas designated by the commission. The period of time for which funding under this provision may be provided for developing and preparing or for revising a plan may not exceed three consecutive years in each instance. Any loan made pursuant to this subsection shall be repaid when the construction of any project included in the plan is begun.

(d) Any person developing or revising a plan shall, during the course of the work, consult with the commission and with local governments and other federal, state, and local governmental agencies which in the judgment of the commission may be affected by or have a legitimate interest in the plan.

(e) Insofar as may be practical, the water quality management plans shall be reasonably compatible with the other governmental plans for the area, such as area or regional transportation, public utility, zoning, public education, recreation, housing, and other related development plans.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.082, eff. Sept. 1, 1985; Acts 1999, 76th Leg., ch. 194, Sec. 1, eff. May 24, 1999.

Sec. 26.037. APPROVAL OF PLANS. (a) The executive director may approve water quality management plans and revisions after a public participation opportunity has been provided that at a minimum meets federal public participation requirements. Approval of water quality management plans shall be consistent with applicable state

and federal requirements. The commission may adopt rules governing approval of water quality management plans. The commission shall provide an opportunity for an interested person to seek commission review of the executive director's decision regarding a water quality management plan approval or revision.

(b) When a water quality management plan has been approved as provided in this section, the plan may be furnished to the Federal Environmental Protection Agency or any other federal official or agency in fulfillment of any federal water quality management planning requirement specified for any purpose by the federal government.

(c) The board and the commission may use an approved water quality management plan or a plan in progress but not completed or approved in reviewing and making determinations on applications for permits and on applications for financial assistance for construction of treatment works.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.083, eff. Sept. 1, 1985; Acts 1999, 76th Leg., ch. 194, Sec. 2, eff. May 24, 1999.

Sec. 26.038. FISCAL CONTROL ON WATER QUALITY MANAGEMENT PLANNING. In administering the program for making grants and loans to and contracting with local governments, regional planning commissions, and planning agencies as authorized in Subsection (c) of Section 26.036 of this code, the commission shall adopt rules and procedures for the necessary engineering review and supervision, fiscal control, and fund accounting. The fiscal control and fund accounting procedures are supplemental to other procedures prescribed by law.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.084, eff. Sept. 1, 1985.

Sec. 26.039. ACCIDENTAL DISCHARGES AND SPILLS. (a) As used in this section:

(1) "Accidental discharge" means an act or omission through which waste or other substances are inadvertently discharged into

water in the state.

(2) "Spill" means an act or omission through which waste or other substances are deposited where, unless controlled or removed, they will drain, seep, run, or otherwise enter water in the state.

(3) "Other substances" means substances which may be useful or valuable and therefore are not ordinarily considered to be waste, but which will cause pollution if discharged into water in the state.

(b) Whenever an accidental discharge or spill occurs at or from any activity or facility which causes or may cause pollution, the individual operating, in charge of, or responsible for the activity or facility shall notify the commission as soon as possible and not later than 24 hours after the occurrence. The individual's notice to the commission must include the location, volume, and content of the discharge or spill.

(c) Activities which are inherently or potentially capable of causing or resulting in the spillage or accidental discharge of waste or other substances and which pose serious or significant threats of pollution are subject to reasonable rules establishing safety and preventive measures which the commission may adopt or issue. The safety and preventive measures which may be required shall be commensurate with the potential harm which could result from the escape of the waste or other substances.

(d) The provisions of this section are cumulative of the other provisions in this chapter relating to waste discharges, and nothing in this section exempts any person from complying with or being subject to any other provision of this chapter.

(e) If an accidental discharge or spill described by Subsection (b) from a wastewater treatment or collection facility owned or operated by a local government may adversely affect a public or private source of drinking water, the individual shall also notify appropriate local government officials and local media.

(f) The commission by rule shall specify the conditions under which an individual must comply with Subsection (e) and prescribe procedures for giving the required notice. The rules must also state the content of the notice and the manner of giving notice. In formulating the rules, the commission shall consider:

- (1) the nature and extent of the discharge or spill;
- (2) the potential effect of the discharge or spill; and
- (3) regional information about the susceptibility of a particular drinking water source to a specific type of pollution.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.085, eff. Sept. 1, 1985; Acts 1999, 76th Leg., ch. 208, Sec. 1, eff. Sept. 1, 1999.

Sec. 26.040. GENERAL PERMITS. (a) The commission may issue a general permit to authorize the discharge of waste into or adjacent to waters in the state by category of dischargers in a particular geographical area of the state or in the entire state if the dischargers in the category discharge storm water or:

- (1) engage in the same or substantially similar types of operations;
- (2) discharge the same types of waste;
- (3) are subject to the same requirements regarding effluent limitations or operating conditions;
- (4) are subject to the same or similar monitoring requirements; and
- (5) are, in the commission's opinion, more appropriately regulated under a general permit than under individual permits based on commission findings that:

(A) the general permit has been drafted to assure that it can be readily enforced and that the commission can adequately monitor compliance with the terms of the general permit; and

(B) the category of discharges covered by the general permit will not include a discharge of pollutants that will cause significant adverse effects to water quality.

(b) The commission shall publish notice of a proposed general permit in a daily or weekly newspaper of general circulation in the area affected by the activity that is the subject of the proposed general permit and in the Texas Register. For a statewide general permit, the commission shall designate one or more newspapers of statewide or regional circulation and shall publish notice of the proposed statewide general permit in each designated newspaper in addition to the Texas Register. The notice must include an invitation for written comments by the public to the commission regarding the proposed general permit and shall be published not later than the 30th day before the commission adopts the general permit. The commission by rule may require additional notice to be given.

(c) The commission may hold a public meeting to provide an

additional opportunity for public comment. The commission shall give notice of a public meeting under this subsection by publication in the Texas Register not later than the 30th day before the date of the meeting.

(d) If the commission receives public comment relating to issuance of a general permit, the commission may issue the general permit only after responding in writing to the comments. The commission shall issue a written response to comments on the permit at the same time the commission issues or denies the permit. The response is available to the public and shall be mailed to each person who made a comment.

(e) A general permit may provide that a discharger who is not covered by an individual permit may obtain authorization to discharge waste under a general permit by submitting to the commission written notice of intent to be covered by the general permit. A general permit shall specify the deadline for submitting and the information required to be included in a notice of intent. A general permit may authorize a discharger to begin discharging under the general permit immediately on filing a complete and accurate notice of intent, or it may specify a date or period of time after the commission receives the discharger's notice of intent on which the discharger may begin discharging unless the executive director before that time notifies the discharger that it is not eligible for authorization under the general permit.

(f) A general permit may authorize a discharger to discharge without submitting a notice of intent if the commission finds that a notice of intent requirement would be inappropriate.

(g) Authorization to discharge under a general permit does not confer a vested right. After written notice to the discharger, the executive director may suspend a discharger's authority to discharge under a general permit and may require a person discharging under a general permit to obtain authorization to discharge under an individual permit as required by Section 26.027 or other law.

(h) Notwithstanding other provisions of this chapter, the commission, after hearing, shall deny or suspend a discharger's authority to discharge under a general permit if the commission determines that the discharger's compliance history is classified as unsatisfactory according to commission standards under Sections 5.753 and 5.754 and rules adopted and procedures developed under those sections. A hearing under this subsection is not subject to Chapter

2001, Government Code.

(i) A general permit may be issued for a term not to exceed five years. After notice and comment as provided by Subsections (b)-(d), a general permit may be amended, revoked, or canceled by the commission or renewed by the commission for an additional term or terms not to exceed five years each. A general permit remains in effect until amended, revoked, or canceled by the commission or, unless renewed by the commission, until expired. If before a general permit expires the commission proposes to renew that general permit, that general permit remains in effect until the date on which the commission takes final action on the proposed renewal.

(j) The commission may through a renewal or amendment process for a general permit add or delete requirements or limitations to the permit. The commission shall provide a reasonable time to allow a discharger covered by the general permit to make the changes necessary to comply with the additional requirements.

(k) The commission may impose a reasonable and necessary fee under Section 26.0291 on a discharger covered by a general permit.

(l) The issuance, amendment, renewal, suspension, revocation, or cancellation of a general permit or of authority to discharge under a general permit is not subject to Subchapters C-F, Chapter 2001, Government Code.

(m) The commission may adopt rules as necessary to implement and administer this section.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.086, eff. Sept. 1, 1985; Acts 1997, 75th Leg., ch. 1085, Sec. 1, eff. Sept. 1, 1997; Acts 1999, 76th Leg., ch. 1373, Sec. 1, eff. Sept. 1, 1999; Acts 2001, 77th Leg., ch. 965, Sec. 16.07, eff. Sept. 1, 2001.

Amended by:

Acts 2011, 82nd Leg., R.S., Ch. 1021 (H.B. [2694](#)), Sec. 4.15, eff. September 1, 2011.

Sec. 26.0405. GENERAL PERMITS FOR CERTAIN SEWAGE TREATMENT AND DISPOSAL SYSTEMS. (a) To the extent not in conflict with state water quality standards or federal law, the commission shall issue one or more general permits for the discharge of treated sewage into or adjacent to water in this state by a sewage treatment and disposal

system if the system:

(1) produces not more than 5,000 gallons of waste each day;  
 (2) is in a county with a population of 2.8 million or more that is an authorized agent under Chapter 366, Health and Safety Code, and that has:

(A) adopted a resolution under Section 7.352 that authorizes the county to exercise enforcement power under Subchapter H, Chapter 7; and

(B) entered into an agreement with the commission to inspect, investigate, and otherwise monitor compliance with the permit;

(3) provides sewage treatment and disposal for a single-family residence for which the commission determines a connection to an existing or proposed area-wide or regional waste collection, treatment, and disposal system is not feasible; and

(4) is on a property that:

(A) was subdivided and developed before January 1, 1979; and

(B) is of insufficient size to accommodate on-site disposal of all wastewater in compliance with Chapter 366, Health and Safety Code.

(b) A person who discharges under a permit issued under this section is not required to hold a license or registration under Section 26.0301.

(c) For a permit issued under this section, the commission shall for each system:

(1) specify the design, operation, and maintenance requirements; and

(2) establish the primary and secondary treatment requirements.

(d) A system for which a permit is issued under this section is subject to design criteria established under Chapter 366, Health and Safety Code, and is not subject to design criteria established under Section 26.034.

Added by Acts 1999, 76th Leg., ch. 256, Sec. 1, eff. May 28, 1999.

Amended by Acts 2001, 77th Leg., ch. 880, Sec. 7, eff. Aug. 27, 2001.

Sec. 26.041. HEALTH HAZARDS. The commission may use any means

provided by this chapter to prevent a discharge of waste that is injurious to public health.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.086, eff. Sept. 1, 1985.

Sec. 26.042. MONITORING AND REPORTING. (a) The commission may prescribe reasonable requirements for a person making discharges of any waste or of any pollutant to monitor and report on his activities concerning collection, treatment, and disposal of the waste or pollutant.

(b) The commission may, by regulation, order, permit, or otherwise require the owner or operator of any source of a discharge of pollutants into any water in the state or of any source which is an industrial user of a publicly owned treatment works to:

(1) establish and maintain such records;

(2) make such reports;

(3) sample any discharges in accordance with such methods, at such locations, at such intervals, and in such manner as the commission shall prescribe; and

(4) provide such other information relating to discharges of pollutants into any water in the state or to introductions of pollutants into publicly owned treatment works as the commission may reasonably require.

(c) When in the judgment of the commission significant water quality management benefits will result or water quality management needs justify, the commission may also prescribe reasonable requirements for any person or persons making discharges of any waste or of any pollutant to monitor and report on the quality of any water in the state which the commission has reason to believe may be materially affected by the discharges.

Amended by Acts 1977, 65th Leg., p. 1640, ch. 644, Sec. 1.

Renumbered from Sec. 21.094 and amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977. Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.088, eff. Sept. 1, 1985.

Sec. 26.043. THE STATE OF TEXAS WATER POLLUTION CONTROL

COMPACT. (a) The legislature recognizes that various river authorities and municipal water districts and authorities of the state have signed, and that others are authorized to sign and may sign, a document entitled "The State of Texas Water Pollution Control Compact" (hereinafter called the "compact"), which was approved by Order of the Texas Water Quality Board on March 26, 1971, and which is now on file in the official records of the commission, wherein each of the signatories is by law an official agency of the state, created pursuant to Article XVI, Section 59 of the Texas Constitution and operating on a multiple county or regional basis, and that collectively those signatories constitute an agency of the state authorized to agree to pay, and to pay, for and on behalf of the state not less than 25 percent of the estimated costs of all water pollution control projects in the state, wherever located, for which federal grants are to be made pursuant to Clause (7), Subsection (b), Section 1158, Federal Water Pollution Control Act, as amended (33 U.S.C. Section 1158), or any similar law, in accordance with and subject to the terms and conditions of the compact. The compact provides a method for taking advantage of increased federal grants for water pollution control projects by virtue of the state payment which will be made from the proceeds from the sale of bonds by the signatories to the compact. The compact is hereby ratified and approved, and it is hereby provided that Section 30.026 of this code shall not constitute a limitation or restriction on any signatory with respect to any contract entered into pursuant to the compact or with respect to any water pollution control project in the state, wherever located, for which the aforesaid federal grants are to be made, and such signatory shall not be required to obtain the consent of any other river authority or conservation and reclamation district which is not a signatory with respect to any such contract or project. Each signatory to the compact is empowered and authorized to do any and all things and to take any and all action and to execute any and all contracts and documents which are necessary or convenient in carrying out the purposes and objectives of the compact and issuing bonds pursuant thereto, with reference to any water pollution control project in the state, wherever located, for which the aforesaid federal grants are to be made.

(b) It is further found, determined, and enacted that all bonds issued pursuant to said compact and all bonds issued to refund or refinance same are and will be for water quality enhancement

purposes, within the meaning of Article III, Section 49-d-1, as amended, of the Texas Constitution and any and all bonds issued by a signatory to said compact to pay for all or any part of a project pursuant to the compact and any bonds issued to refund or refinance any such bonds may be purchased by the Texas Water Development Board with money received from the sale of Texas Water Development Board bonds pursuant to said Article III, Section 49-d-1, as amended, of the Texas Constitution. The bonds or refunding bonds shall be purchased directly from any such signatory at such price as is necessary to provide the state payment and any other part of the cost of the project or necessary to accomplish the refunding, and all purchases shall constitute loans for water quality enhancement. The bonds or refunding bonds shall have the characteristics and be issued on such terms and conditions as are acceptable to the board. The proceeds received by any such signatory from the sale of any such bonds shall be used to provide the state payment pursuant to the compact and any other part of the cost of the project, and the proceeds from the sale of any such refunding bonds to refund any outstanding bonds issued pursuant to the compact shall be used to pay off and retire the bonds being refunded thereby.

(c) This subsection is not intended to interfere in any way with the operation of Article III, Section 49-d-1, as amended, of the Texas Constitution or the enabling legislation enacted pursuant thereto, and the aforesaid compact shall constitute merely a complementary or supplemental method for providing the state payment solely in instances that it is deemed necessary or advisable by the board.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1987, 70th Leg., ch. 977, Sec. 23, eff. June 19, 1987.

Sec. 26.044. DISPOSAL OF BOAT SEWAGE. (a) In this section:

(1) "Boat" means any vessel or other watercraft, whether moved by oars, paddles, sails, or other power mechanism, inboard or outboard, or any other vessel or structure floating on surface water in the state, whether or not capable of self-locomotion, including but not limited to cabin cruisers, houseboats, barges, marinas, and similar floating objects. The term does not include a vessel subject to inspection under 46 U.S.C. Section 3301.

(2) "Boat pump-out station" means any private or public shoreside, mobile, or floating installation either independent of or in addition to an organized waste collection, treatment, and disposal system used to receive boat sewage.

(3) "Shoreside, mobile, or floating installation" means marinas and other installations servicing boats on surface water in the state.

(4) "Surface water in the state" means all lakes, bays, ponds, impounding reservoirs, springs, rivers, streams, creeks, estuaries, marshes, inlets, canals, the Gulf of Mexico out three nautical miles into the Gulf, and all other bodies of surface water, natural or artificial, inland or coastal, fresh or salt, navigable or nonnavigable, and including the beds and banks of all watercourses and bodies of surface water, that are wholly or partially inside or bordering the state or inside the jurisdiction of the state, except waters beyond three nautical miles of any shore in the state.

(b) The commission shall issue rules concerning the disposal of sewage from boats located or operated on surface water in the state. The rules of the commission shall include provisions for the establishment of standards for sewage disposal devices, the certification of sewage disposal devices, including shoreside and mobile boat pump-out stations, and the visible and conspicuous display of evidence of certification of sewage disposal devices on each boat equipped with such device and on each shoreside and mobile pump-out device.

(c) The commission may delegate the administration and performance of the certification function to the executive director or to another governmental entity. The commission or delegated authority shall collect the following fees from applicants for certification:

Boat Pump-out Station (biennial):

Initial Certificates for Pump-out	\$35
-----------------------------------	------

Pump-out Renewal	\$25
------------------	------

Marine Sanitation Device (biennial):

Boat over 26 Feet or Houseboat	\$15
--------------------------------	------

Boat 26 Feet or less with Permanent Device	\$15
--	------

All certification fees shall be paid to the commission or delegated authority performing the certification function. All fees collected by any state agency shall be deposited to the credit of the water resource management account for use by the commission or delegated

authority.

(d) Before issuing any rules under Subsection (b), the commission or any person authorized by it under Section 26.021 on request may hold hearings on those rules in Austin and in five other locations in the state in order to provide the best opportunity for all citizens of the state to appear and present evidence to the commission.

(e) Notice of the hearing in Austin shall be published at least once in one or more newspapers having general circulation in the state. Notice of each of the other hearings shall be published at least once in one or more newspapers having general circulation in the region in which each hearing is to be held.

(f) Copies of each rule issued by the commission under this section shall be filed in the offices of the commission in Austin, in the office of the Secretary of State in Austin, and posted on the commission's Internet website. The commission shall provide for publication of notice of each rule issued under this section in at least one newspaper of general circulation in each county of the state and shall furnish the county judge of each county of the state a copy of the rules.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 239, Sec. 79, eff. Sept. 1, 1985; Acts 1985, 69th Leg., ch. 795, Sec. 1.089, eff. Sept. 1, 1985; Acts 1987, 70th Leg., ch. 977, Sec. 24, eff. June 19, 1987; Acts 1997, 75th Leg., ch. 333, Sec. 10, eff. Sept. 1, 1997.

Amended by:

Acts 2009, 81st Leg., R.S., Ch. 579 (S.B. [2445](#)), Sec. 1, eff. September 1, 2009.

Sec. 26.045. PUMP-OUT FACILITIES FOR BOAT SEWAGE. (a) In this section "boat," "boat pump-out station," "shoreside, mobile, or floating installation," and "surface water in the state" have the meanings assigned by Section 26.044.

(b) After a public hearing and after making every reasonable effort to bring about the establishment of an adequate number of boat pump-out stations on surface water in the state, the commission may enter an order requiring the establishment of boat pump-out stations by a local government that has any jurisdiction over at least a

portion of the surface water in the state or over land immediately adjacent to the water.

(c) If a local government is authorized to issue authorization for the operation of shoreside, mobile, or floating installations, the local government may require the installation and operation of boat pump-out stations where necessary. The local government shall require the installation and operation of boat pump-out stations if required by the commission.

(d) A local government responsible for establishing boat pump-out stations may issue bonds or may use general revenue funds from normal operations to finance the construction and operation of the pump-out facilities. Pump-out stations established as a result of this section will be self-sustaining with respect to costs and revenues collected from users of said facilities, and local governments are authorized to levy reasonable, appropriate charges or fees to recover cost of installation and operation of the pump-out stations. Nothing in this section is to be construed to require any local government to rebate to the State of Texas funds collected pursuant to this program.

(e) The hearings required by this section and other acts of the commission in carrying out the provisions of this section shall be handled as provided in the rules of the commission.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.090, eff. Sept. 1, 1985.

Amended by:

Acts 2009, 81st Leg., R.S., Ch. 579 (S.B. [2445](#)), Sec. 2, eff. September 1, 2009.

Sec. 26.046. HEARINGS ON PROTECTION OF EDWARDS AQUIFER FROM POLLUTION. (a) As used in this section, "Edwards Aquifer" means that portion of an arcuate belt of porous, waterbearing limestones composed of the Comanche Peak, Edwards, and Georgetown formations trending from west to east to northeast through Kinney, Uvalde, Medina, Bexar, Kendall, Comal, and Hays counties, respectively, and as defined in the most recent rules of the commission for the protection of the quality of the potable underground water in those counties.

(b) Annually, the commission shall hold a public hearing in Kinney, Uvalde, Medina, Bexar, Kendall, Comal, or Hays County, and a hearing in any other of those counties whose commissioners court requests that a hearing be held in its county, to receive evidence from the public on actions the commission should take to protect the Edwards Aquifer from pollution. Notice of the public hearing shall be given and the hearing shall be conducted in accordance with the rules of the commission.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1981, 67th Leg., p. 961, ch. 367, Sec. 1, eff. June 10, 1981; Acts 1985, 69th Leg., ch. 795, Sec. 1.091, eff. Sept. 1, 1985.

Sec. 26.0461. FEES FOR EDWARDS AQUIFER PLANS. (a) The commission may impose fees for processing plans or amendments to plans that are subject to review and approval under the commission's rules for the protection of the Edwards Aquifer and for inspecting the construction and maintenance of projects covered by those plans.

(b) The plans for which fees may be imposed are:

- (1) water pollution abatement plans;
- (2) plans for sewage collection systems;
- (3) plans for hydrocarbon storage facilities or hazardous substance storage facilities; and
- (4) contributing zone plans.

(c) The commission by rule shall adopt a fee schedule for fees that it may impose under this section.

(d) Except as provided by Subsection (d-1), a fee imposed under this section may not be less than \$100 or more than \$6,500.

(d-1) A fee imposed under this section may not be more than \$13,000 if the fee is for a water pollution abatement or contributing zone plan for a development of more than 40 acres.

(e) A fee charged under this section must be based on the following criteria:

- (1) if a pollution abatement or contributing zone plan, the area or acreage covered by the plan;
- (2) if a sewage collection systems plan, the number of linear feet of pipe or line;
- (3) if a hydrocarbon storage facility or hazardous

substance storage facility plan, the number of tanks; and

(4) the type of activity subject to regulation.

(f) The executive director shall charge and collect a fee imposed under this section and shall record the time at which the fee is due and render an account to the person charged with the fee.

(g) A fee imposed under this section is a separate charge in addition to any other fee that may be provided by law or rules of the commission.

(h) A fee collected under this section shall be deposited in the State Treasury to the credit of a special program to be used only for administering the commission's Edwards Aquifer program, including:

(1) monitoring surface water, stormwater, and groundwater quality in the Edwards Aquifer program area; and

(2) developing geographic information systems (GIS) data layers for the Edwards Aquifer program.

Added by Acts 1987, 70th Leg., ch. 417, Sec. 1, eff. Sept. 1, 1987.

Amended by Acts 1993, 73rd Leg., ch. 564, Sec. 1.05, eff. June 11, 1993; Acts 1993, 73rd Leg., ch. 746, Sec. 7, eff. Aug. 30, 1993; Acts 1997, 75th Leg., ch. 333, Sec. 11, eff. Sept. 1, 1997; Acts 1997, 75th Leg., ch. 743, Sec. 1, eff. Sept. 1, 1997.

Amended by:

Acts 2007, 80th Leg., R.S., Ch. 1088 (H.B. 3098), Sec. 1, eff. September 1, 2007.

Sec. 26.047. PERMIT CONDITIONS AND PRETREATMENT STANDARDS CONCERNING PUBLICLY OWNED TREATMENT WORKS. (a) The commission shall impose as conditions in permits for the discharge of pollutants from publicly owned treatment works requirements for information to be provided by the permittee concerning new introductions of pollutants or substantial changes in the volume or character of pollutants being introduced into such treatment works.

(b) The commission is authorized to impose as conditions in permits for the discharge of pollutants from publicly owned treatment works appropriate measures to establish and insure compliance by industrial users with any system of user charges required under state or federal law or any regulations or guidelines promulgated thereunder.

(c) The commission is authorized to apply, and to enforce pursuant to Subchapter D of this chapter, against industrial users of publicly owned treatment works, toxic effluent standards and pretreatment standards for the introduction into such treatment works of pollutants which interfere with, pass through, or otherwise are incompatible with such treatment works.

Added by Acts 1977, 65th Leg., p. 1646, ch. 644, Sec. 9. Renumbered from Sec. 21.099 and amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.092, eff. Sept. 1, 1985.

Sec. 26.048. PROHIBITION OF DISCHARGE TO A PLAYA FROM A CONCENTRATED ANIMAL FEEDING OPERATION. (a) Except as provided by Subsections (b) and (c) of this section, the commission may adopt rules under this section to prohibit:

(1) the discharge of agricultural waste from a concentrated animal feeding operation into a playa; or

(2) the use of a playa as a wastewater retention facility for agricultural waste.

(b) A concentrated animal feeding operation authorized to discharge agricultural waste into a playa or to use a playa as a wastewater retention facility for agricultural waste under this chapter before the adoption of rules under this section may continue that discharge into the playa or use of the playa for the retention of agricultural waste after the adoption of those rules. The operator of a concentrated animal feeding operation that uses a playa as a wastewater retention facility annually shall collect a water sample from each well providing water for the facility and shall have the sample analyzed for chlorides and nitrates. The operator shall provide copies of the analysis to the commission. If the results of an analysis when compared with analysis of water collected at an earlier date from the same well indicate a significant increase in the levels of chlorides or nitrates, the commission shall require that an investigation be made to determine the source of the contamination. If it is determined that contamination is occurring as a result of use of the playa as a retention facility for the waste from the concentrated feeding operation, the commission shall require action to correct the problem.

(c) The authorization for a concentrated animal feeding

operation to use a playa for agricultural waste discharge or retention under Subsection (b) of this section is not affected by the expansion of a concentrated animal feeding operation, a permit amendment, permit renewal, transfer of ownership or operation of a concentrated animal feeding operation, or by a suspension for not more than five years of operations at a concentrated animal feeding operation.

(d) Subsections (b) and (c) of this section do not restrict the application of commission rules that regulate concentrated animal feeding operations for the purpose of protecting water quality and that are not in conflict with those subsections.

(e) As used in this section:

(1) "Concentrated animal feeding operation" means a concentrated, confined livestock or poultry facility that is operated for meat, milk, or egg production or for growing, stabling, or housing livestock or poultry in pens or houses, in which livestock or poultry are fed at the place of confinement and crop or forage growth or feed is not produced in the confinement area.

(2) "Playa" means a flat-floored, clayey bottom of an undrained basin that is located in an arid or semi-arid part of the state, is naturally dry most of the year, and collects runoff from rain but is subject to rapid evaporation.

Added by Acts 1993, 73rd Leg., ch. 1040, Sec. 1, eff. Sept. 1, 1993.

Sec. 26.049. SANITARY SEWER OVERFLOWS. (a) The commission may not adopt a rule governing sanitary sewer overflows, issue a permit regarding sanitary sewer overflows, or initiate any enforcement action related to a sanitary sewer overflow or a threatened overflow that:

(1) is stricter than the national policy for sewer overflows; or

(2) seeks compliance in a manner that exceeds the minimum requirements of that policy.

(b) If the commission adopts a rule governing sanitary sewer overflows, the commission shall:

(1) employ the maximum flexibility allowed under the national policy for sewer overflows;

(2) allow alternative strategies for the control of

sanitary sewer overflows;

(3) consider the financial conditions and constraints of local governments that own separate sanitary sewer systems; and

(4) allow local governments that own separate sanitary sewer systems sufficient time to design and develop cost-effective methods for controlling sanitary sewer overflows before the commission begins an enforcement action to control sanitary sewer overflows.

(c) Until a national policy for separate sanitary sewer system overflows is finally adopted and if the commission adopts a rule governing sewer overflows, the commission may use the national combined sewer overflow policy as the basis for working with local governments to develop cost-effective programs to control sewer overflows. Implementation schedules developed may be based on the national combined sewer overflow policy.

(d) The commission may require a local government that substantially complies with the national policy for sewer overflows to provide additional controls only if the commission documents a water quality problem attributable to the local government that threatens human health, safety, or the environment.

(e) In this section:

(1) "National combined sewer overflow policy" means the Combined Sewer Overflow Control Policy of the United States Environmental Protection Agency dated April 8, 1994, and published April 19, 1994, as amended or superseded.

(2) "National policy for sewer overflows" means the Combined Sewer Overflow Control Policy of the United States Environmental Protection Agency dated April 8, 1994, and published April 19, 1994, as amended or superseded, or another national policy that is finally adopted by the United States Environmental Protection Agency after September 1, 1995, governing separate sanitary sewer system overflows.

(3) "Separate sanitary sewer system" means a wastewater collection system, separate and distinct from a storm sewer system, that conveys domestic, municipal, commercial, or industrial wastewaters to a publicly owned treatment plant.

(4) "Sanitary sewer overflow" means a discharge of wastewater, stormwater that has entered a separate sanitary sewer system, or a combination of wastewater and stormwater from a separate sanitary sewer system at a point or points before the water enters a

publicly owned treatment plant.

(f) Notwithstanding any other provision of this section, the commission shall establish criteria for evaluating whether to initiate an enforcement action related to sanitary sewer overflows that occur as the result of a blockage due to grease. The criteria shall include consideration of whether the discharge:

- (1) could reasonably have been prevented;
- (2) was minimized; and
- (3) was reported and the notice required by Section

26.039(e) was given.

(g) The adoption and enforcement by a separate sanitary sewer system of model standards for grease management recognized by the executive director shall be considered by the commission to be evidence tending to show that reasonable measures have been taken to prevent or minimize sanitary sewer overflows that occur as a result of blockage due to grease.

(h) When a home-rule municipality has a plan to control or minimize sanitary sewer overflows, Section 552.901, Local Government Code, does not limit the power of a home-rule municipality, in exercising its home-rule powers under Section 5, Article XI, Texas Constitution, to maintain, repair, relocate, or replace a water or sanitary sewer lateral or service line on private property without making an assessment against the property or a person.

Added by Acts 1995, 74th Leg., ch. 925, Sec. 1, eff. Sept. 1, 1995.  
Amended by Acts 2003, 78th Leg., ch. 1086, Sec. 1, eff. Sept. 1, 2003.

Amended by:

Acts 2007, 80th Leg., R.S., Ch. 885 (H.B. [2278](#)), Sec. 3.77(31), eff. April 1, 2009.

Sec. 26.0491. MODEL STANDARDS TO PREVENT DISCHARGE OF UNTREATED WASTEWATER FROM SANITARY SEWERS. (a) In this section, "separate sanitary sewer system" has the meaning assigned by Section 26.049.

(b) The commission shall adopt model standards for use by an operator of a separate sanitary sewer system that are designed to prevent the discharge of untreated wastewater from a separate sanitary sewer system as a result of blockage due to grease.

(c) The model standards shall include the following elements:

- (1) a requirement that grease be completely removed from grease traps on a regular basis;
- (2) a minimum schedule for cleaning of grease traps by a grease trap operator that is sufficient to prevent blockages in the collection system resulting from grease;
- (3) an opportunity to receive an exception from the cleaning schedule;
- (4) a requirement that new commercial and industrial facilities properly install and use grease traps;
- (5) a requirement that, at a commercial or industrial facility where a grease trap has previously been installed, a grease trap be properly used;
- (6) a requirement that alternative treatment methods be supported by scientific data determined by the commission to show that the method will prevent blockages in the collection system caused by grease and will not affect the performance of the system's treatment plant;
- (7) a uniform manifest system; and
- (8) a schedule of penalties.

Acts 2003, 78th Leg., ch. 1086, Sec. 2, eff. Sept. 1, 2003.

Amended by:

Acts 2005, 79th Leg., Ch. 728 (H.B. 2018), Sec. 22.002, eff. September 1, 2005.

Sec. 26.050. DIGITAL COPIES OF BOUNDARY LINES. The commission shall make available to the public digital copies of the Recharge, Transition, and Contributing Zone boundary lines, when they become available.

Added by Acts 2001, 77th Leg., ch. 965, Sec. 10.02, eff. Sept. 1, 2001.

Sec. 26.052. LIMITED LIABILITY FOR AQUATIC HERBICIDE APPLICATION. (a) In this section, "commercially licensed aquatic herbicide applicator" means a person who holds a commercial applicator license issued by the Department of Agriculture under Chapter 76, Agriculture Code, to apply aquatic herbicides.

(b) Except as provided by Chapter 12, Parks and Wildlife Code,

a commercially licensed aquatic herbicide applicator working under contract with a river authority organized pursuant to Section 59, Article XVI, Texas Constitution, is not liable for damages in excess of \$2 million for each occurrence of personal injury, property damage, or death resulting directly or indirectly from the application of aquatic herbicide in compliance with such contract, applicable law, and the license terms or permit.

(c) The control and elimination of noxious weeds, grasses, and vegetation in the rivers, tributaries, impoundments, and reservoirs of the state through the application by river authorities or their agents, employees, or contractors, in compliance with applicable law, licenses, and permits, of aquatic herbicides are essential governmental functions, and except to the extent provided in Chapter 101, Civil Practice and Remedies Code, nothing herein shall be deemed or construed to waive, limit, or restrict the governmental immunity of river authorities in the performance of such governmental functions.

(d) The limited liability provided by this section does not apply to a commercially licensed aquatic herbicide applicator if the applicator uses the wrong aquatic herbicide, fails to follow manufacturers' warnings, instructions, and directions for the application of the aquatic herbicide, fails to follow the directions of the river authority concerning the application of the aquatic herbicide, or applies the aquatic herbicide in a manner that violates federal or state law, rules, or regulations.

Added by Acts 2001, 77th Leg., ch. 966, Sec. 7.01, eff. Sept. 1, 2001. Renumbered from Water Code Sec. 26.050 by Acts 2003, 78th Leg., ch. 1275, Sec. 2(144), eff. Sept. 1, 2003.

Sec. 26.053. DON'T MESS WITH TEXAS WATER PROGRAM. (a) The commission by rule shall establish a program to prevent illegal dumping that affects the surface waters of this state by placing signs on major highway water crossings that notify drivers of a toll-free number to call to report illegal dumping.

(b) The commission shall establish a toll-free number hotline that will forward calls to the appropriate law enforcement agency.

(c) A local government may work with the commission to participate in the program. A local government that participates in

the program may contribute to the cost of operating the toll-free number hotline.

(d) The Texas Department of Transportation shall cooperate with the commission in the placement of signs described by Subsection (a).

(e) The Texas Department of Transportation shall post a sign that complies with program requirements at a major highway water crossing at the time a previously posted sign identifying the crossing or prohibiting dumping at the crossing is scheduled to be replaced.

Added by Acts 2011, 82nd Leg., R.S., Ch. 232 (H.B. 451), Sec. 1, eff. September 1, 2011.

#### **SUBCHAPTER C. REGIONAL AND AREA-WIDE SYSTEMS**

Sec. 26.081. REGIONAL OR AREA-WIDE SYSTEMS; GENERAL POLICY.

(a) The legislature finds and declares that it is necessary to the health, safety, and welfare of the people of this state to implement the state policy to encourage and promote the development and use of regional and area-wide waste collection, treatment, and disposal systems to serve the waste disposal needs of the citizens of the state and to prevent pollution and maintain and enhance the quality of the water in the state.

(b) Within any standard metropolitan statistical area in the state, the commission is authorized to implement this policy in the manner and in accordance with the procedure provided in Sections 26.081 through 26.086 of this code.

(c) In those portions of the state which are not within a standard metropolitan statistical area, the commission shall observe this state policy by encouraging interested and affected persons to cooperate in developing and using regional and area-wide systems. The commission may not use the procedure specified in Sections 26.081 through 26.086 of this code in these areas to implement this policy. However, this does not affect or diminish any authority which the commission may otherwise have and exercise under other provisions of this chapter.

(d) The term "standard metropolitan statistical area," as used in this section, means an area consisting of a county or one or more contiguous counties which is officially designated as such by the United States Office of Management and Budget or its successor in

this function.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.093, eff. Sept. 1, 1985.

Sec. 26.082. HEARING TO DEFINE AREA OF REGIONAL OR AREA-WIDE SYSTEMS. (a) Whenever it appears to the commission that because of the existing or reasonably foreseeable residential, commercial, industrial, recreational, or other economic development in an area a regional or area-wide waste collection, treatment, or disposal system or systems are necessary to prevent pollution or maintain and enhance the quality of the water in the state, the commission may hold a public hearing in or near the area to determine whether the policy stated in Section 26.081 of this code should be implemented in that area.

(b) Notice of the hearing shall be given to the local governments which in the judgment of the commission may be affected.

(c) If after the hearing the commission finds that a regional or area-wide system or systems are necessary or desirable to prevent pollution or maintain and enhance the quality of the water in the state, the commission may enter an order defining the area in which such a system or systems are necessary or desirable.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.094, eff. Sept. 1, 1985.

Sec. 26.083. HEARING TO DESIGNATE SYSTEMS TO SERVE THE AREA DEFINED; ORDER; ELECTION; ETC. (a) At the hearing held under Section 26.082 of this code or at a subsequent hearing held in or near an area defined under Section 26.082 of this code, the commission may consider whether to designate the person to provide a regional or area-wide system or systems to serve all or part of the waste collection, treatment, or disposal needs of the area defined.

(b) Notice of the hearing shall be given to the local governments and to owners and operators of any waste collection, treatment, and disposal systems who in the judgment of the commission may be affected.

(c) If after the hearing the commission finds that there is an existing or proposed system or systems then capable or which in the reasonably foreseeable future will be capable of serving the waste collection, treatment, or disposal needs of all or part of the area defined and that the owners or operators of the system or systems are agreeable to providing the services, the commission may enter an order designating the person to provide the waste collection, treatment, or disposal system or systems to serve all or part of the area defined.

(d) After the commission enters an order under Subsection (c) of this section and if the commission receives a timely and sufficient request for an election as provided in Section 26.087, the commission shall designate a presiding judge for an election, to determine whether the proposed regional or area-wide system or systems operated by the designated regional entity should be created.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.094, eff. Sept. 1, 1985.

Sec. 26.084. ACTIONS AVAILABLE TO COMMISSION AFTER DESIGNATIONS OF SYSTEMS. (a) After the commission has entered an order as authorized in Section 26.083 of this code, the commission may, after public hearing and after giving notice of the hearing to the persons who in the judgment of the commission may be affected, take any one or more of the following actions:

(1) enter an order requiring any person discharging or proposing to discharge waste into or adjacent to the water in the state in an area defined in an order entered under Section 26.082 of this code to use a regional or area-wide system designated under Section 26.083 of this code for the disposal of his waste;

(2) refuse to grant any permits for the discharge of waste or to approve any plans for the construction or material alteration of any sewer system, treatment facility, or disposal system in an area defined in an order entered under Section 26.082 of this code unless the permits or plans comply and are consistent with any orders entered under Sections 26.081 through 26.086 of this code; or

(3) cancel or suspend any permit, or amend any permit in any particular, which authorizes the discharge of waste in an area

defined in an order entered under Section 26.082 of this code.

(b) Before exercising the authority granted in this section, the commission shall find affirmatively:

(1) that there is an existing or proposed regional or area-wide system designated under Section 26.083 of this code which is capable or which in the reasonably foreseeable future will be capable of serving the waste collection, treatment, or disposal needs of the person or persons who are the subject of an action taken by the commission under this section;

(2) that the owner or operator of the designated regional or area-wide system is agreeable to providing the service;

(3) that it is feasible for the service to be provided on the basis of waste collection, treatment, and disposal technology, engineering, financial, and related considerations existing at the time, exclusive of any loss of revenue from any existing or proposed waste collection, treatment, or disposal systems in which the person or persons who are the subject of an action taken under this section have an interest;

(4) that inclusion of the person or persons who are the subject of an action taken by the commission under this section will not suffer undue financial hardship as a result of inclusion in a regional or area-wide system; and

(5) that a majority of the votes cast in any election held under Section 26.087 of this code favor the creation of the regional or area-wide system or systems operated by the designated regional entity.

(c) An action taken by the commission under Section 26.085 of this code, excluding any person or persons from a regional or area-wide system because the person or persons will suffer undue financial hardship as a result of inclusion in the regional or area-wide system, shall be subject to a review at a later time determined by the commission in accordance with the criteria set out in this section, not to exceed three years from the date of exclusion.

(d) If a person or persons excluded from a regional or area-wide system fail to operate the excluded facilities in a manner that will comply with its permits, the permits shall be subject to cancellation after review by the commission, and the facilities may become a part of the regional or area-wide system.

Amended by Acts 1977, 65th Leg., p. 255, ch. 121, Sec. 2, eff. Aug.

29, 1977. Renumbered from Sec. 21.204 and amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977. Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.095, eff. Sept. 1, 1985; Acts 1987, 70th Leg., ch. 977, Sec. 26, eff. June 19, 1987.

Sec. 26.085. INCLUSION AT A LATER TIME. Any person or persons who are the subject of an action taken by the commission under Section 26.084 of this code and who are excluded from a regional or area-wide system because the person or persons will suffer undue financial hardship as a result of inclusion in the regional or area-wide system may be added to the system at a later time under the provisions of Section 26.084 of this code.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 26.086. RATES FOR SERVICES BY DESIGNATED SYSTEMS. (a) On motion of any interested party and after a public hearing, the commission may set reasonable rates for the furnishing of waste collection, treatment, or disposal services to any person by a regional or area-wide system designated under Section 26.083 of this code.

(b) Notice of the hearing shall be given to the owner or operator of the designated regional or area-wide system, the person requesting the hearing, and any other person who in the judgment of the commission may be affected by the action taken by the commission as a result of the hearing.

(c) After the hearing, the commission shall enter an order setting forth its findings and the rates which may be charged for the services by the owner or operator of the designated regional or area-wide system.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 26.087. ELECTION FOR APPROVAL OF REGIONAL OR AREA-WIDE SYSTEM OR SYSTEMS. (a) After the commission under Sections 26.082 and 26.083 of this code, enters an order: defining an area for a

regional or area-wide system or systems; designating a regional entity to operate the regional or area-wide system or systems; and appointing a presiding judge for the election, an election shall be held within the boundaries of the proposed regional or area-wide system or systems to be operated by the designated regional entity upon the filing of a timely and sufficient request for an election except as provided in Subsection (i) of this section.

(b) Any person located within the boundaries of the proposed regional or area-wide system or systems requesting an election for the approval of the proposed regional or area-wide system or systems to be operated by the designated regional entity shall file a written request with the commission within 30 days of the date the commission enters an order under Section 26.083 of this code. The request shall include a petition signed by 50 persons holding title to the land within the proposed regional or area-wide system or systems, as indicated by the county tax rolls.

(c) Notice of the election shall state the day and place or places for holding the election, and the proposition to be voted on. The notice shall be published once a week for two consecutive weeks in a newspaper with general circulation in the county or counties in which the regional or area-wide system or systems is to be located. The first publication of the notice shall be at least 14 days before the day set for the election. Notice of the election shall be given to the local governments and to owners and operators of any waste collection, treatment, and disposal systems who in the judgment of the commission may be affected.

(d) Absentee balloting in the election shall begin 10 days before the election and shall end as provided in the Texas Election Code. The ballots for the election shall be printed to provide for voting for or against the regional or area-wide system to be operated by the designated regional entity.

(e) Immediately after the election, the presiding judge shall make returns of the result to the executive director. The executive director shall canvass the returns and report to the commission his findings of the results at the earliest possible time.

(f) If a majority of the votes cast in the election favor the creation of the regional or area-wide system or systems operated by the designated regional entity, then the commission shall declare the regional system is created and enter the results in its minutes. If a majority of the votes cast in the election are against the creation

of the regional or area-wide system or systems operated by the designated regional entity, then the commission shall declare that the regional system was defeated and enter the result in its minutes.

(g) The order canvassing the results of the confirmation election shall contain a description of the regional system's boundaries and shall be filed in the deed records of the county or counties in which the regional system is located.

(h) The legislature, through the General Appropriations Act, may provide funds for the conduct of elections required under this section. If no funds are appropriated for this purpose, the costs of conducting the election shall be assessed by the commission.

(i) This subsection applies to regional or area-wide system or systems and regional entities which have been designated prior to the effective date of this Act. An election to approve creation of a regional or area-wide system or systems and the designation of a regional entity to operate those systems as provided in this section shall not be required for those regional systems or entities to which this subsection applies.

Added by Acts 1977, 65th Leg., p. 256, ch. 121, Sec. 3, eff. Aug. 29, 1977. Renumbered from Sec. 21.206 and amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.096, eff. Sept. 1, 1985. Amended by Acts 1987, 70th Leg., ch. 977, Sec. 27, eff. June 19, 1987.

#### **SUBCHAPTER D. PROHIBITION AGAINST POLLUTION; ENFORCEMENT**

Sec. 26.121. UNAUTHORIZED DISCHARGES PROHIBITED. (a) Except as authorized by the commission, no person may:

(1) discharge sewage, municipal waste, recreational waste, agricultural waste, or industrial waste into or adjacent to any water in the state;

(2) discharge other waste into or adjacent to any water in the state which in itself or in conjunction with any other discharge or activity causes, continues to cause, or will cause pollution of any of the water in the state, unless the discharge complies with a person's:

(A) certified water quality management plan approved by the State Soil and Water Conservation Board as provided by Section 201.026, Agriculture Code; or

(B) water pollution and abatement plan approved by the

commission; or

(3) commit any other act or engage in any other activity which in itself or in conjunction with any other discharge or activity causes, continues to cause, or will cause pollution of any of the water in the state, unless the activity is under the jurisdiction of the Parks and Wildlife Department, the General Land Office, the Department of Agriculture, or the Railroad Commission of Texas, in which case this subdivision does not apply.

(b) In the enforcement of Subdivisions (2) and (3) of Subsection (a) of this section, consideration shall be given to the state of existing technology, economic feasibility, and the water quality needs of the water that might be affected. This subdivision does not apply to any NPDES activity.

(c) No person may cause, suffer, allow, or permit the discharge of any waste or the performance of any activity in violation of this chapter or of any permit or order of the commission.

(d) Except as authorized by the commission, no person may discharge any pollutant, sewage, municipal waste, recreational waste, agricultural waste, or industrial waste from any point source into any water in the state.

(e) No person may cause, suffer, allow, or permit the discharge from a point source of any waste or of any pollutant, or the performance or failure of any activity other than a discharge, in violation of this chapter or of any rule, regulation, permit, or other order of the commission.

Amended by Acts 1977, 65th Leg., p. 1643, ch. 644, Sec. 2.

Renumbered from Sec. 21.251 and amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977. Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.098, eff. Sept. 1, 1985; Acts 1989, 71st Leg., ch. 642, Sec. 4, eff. Aug. 28, 1989; Acts 1993, 73rd Leg., ch. 54, Sec. 4, eff. April 29, 1993; Acts 1997, 75th Leg., ch. 1010, Sec. 4.44, eff. Text of section effective upon delegation of NPDES permit authority

Sec. 26.1211. PRETREATMENT EFFLUENT STANDARDS.

(a) The commission is authorized to administer a program for the regulation of pretreatment of pollutants which are introduced into publicly owned treatment works.

(b) The commission is authorized to adopt regulations for the administration of this program consistent with 33 U.S.C. Section 1317 and rules adopted thereunder by the Environmental Protection Agency.

Added by Acts 1989, 71st Leg., ch. 642, Sec. 5, eff. Aug. 28, 1989.

Sec. 26.127. COMMISSION AS PRINCIPAL AUTHORITY. (a) The commission is the principal authority in the state on matters relating to the quality of the water in the state. The executive director has the responsibility for establishing a water quality sampling and monitoring program for the state. All other state agencies engaged in water quality or water pollution control activities shall coordinate those activities with the commission.

(b) The executive director may, on behalf of and with the consent of the commission, enter into contracts or other agreements with the Department of Agriculture for purposes of obtaining laboratory services for water quality testing.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.102, eff. Sept. 1, 1985; Acts 1999, 76th Leg., ch. 456, Sec. 9, eff. June 18, 1999; Acts 1999, 76th Leg., ch. 979, Sec. 11, eff. June 18, 1999.

Sec. 26.128. GROUNDWATER QUALITY. The executive director shall have investigated all matters concerning the quality of groundwater in the state.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 26.129. DUTY OF PARKS AND WILDLIFE DEPARTMENT. The Parks and Wildlife Department and its authorized employees shall enforce the provisions of this chapter to the extent that any violation affects aquatic life and wildlife as provided in Section 7.109.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Amended by:

Acts 2011, 82nd Leg., R.S., Ch. 91 (S.B. 1303), Sec. 26.003, eff. September 1, 2011.

Sec. 26.130. DUTY OF DEPARTMENT OF HEALTH. The Texas Department of Health shall continue to apply the authority vested in it by Chapter 341, Health and Safety Code, in the abatement of nuisances resulting from pollution not otherwise covered by this chapter. The Texas Department of Health shall investigate and make recommendations to the commission concerning the health aspects of matters related to the quality of the water in the state.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.102, eff. Sept. 1, 1985; Acts 1991, 72nd Leg., ch. 14, Sec. 284(70), eff. Sept. 1, 1991.

Text of section effective until delegation of RCRA authority to  
Railroad Commission of Texas

Sec. 26.131. DUTIES OF RAILROAD COMMISSION. (a) The Railroad Commission of Texas is solely responsible for the control and disposition of waste and the abatement and prevention of pollution of surface and subsurface water resulting from:

(1) activities associated with the exploration, development, and production of oil or gas or geothermal resources, including:

(A) activities associated with the drilling of injection water source wells which penetrate the base of useable quality water;

(B) activities associated with the drilling of cathodic protection holes associated with the cathodic protection of wells and pipelines subject to the jurisdiction of the Railroad Commission of Texas;

(C) activities associated with gasoline plants, natural gas or natural gas liquids processing plants, pressure maintenance plants, or repressurizing plants;

(D) activities associated with any underground natural gas storage facility, provided the terms "natural gas" and "storage facility" shall have the meanings set out in Section 91.173, Natural Resources Code;

(E) activities associated with any underground hydrocarbon storage facility, provided the terms "hydrocarbons" and "underground hydrocarbon storage facility" shall have the meanings set out in Section 91.201, Natural Resources Code; and

(F) activities associated with the storage, handling, reclamation, gathering, transportation, or distribution of oil or gas prior to the refining of such oil or prior to the use of such gas in any manufacturing process or as a residential or industrial fuel;

(2) except to the extent the activities are regulated by the Texas Department of Health under Chapter 401, Health and Safety Code, activities associated with uranium exploration consisting of the disturbance of the surface or subsurface for the purpose of or related to determining the location, quantity, or quality of uranium ore; and

(3) any other activities regulated by the Railroad Commission of Texas pursuant to Section 91.101, Natural Resources Code.

(b) The Railroad Commission of Texas may issue permits for the discharge of waste resulting from these activities, and the discharge of waste into water in this state resulting from these activities shall meet the water quality standards established by the commission.

(c) The term "waste" as used in this section does not include any waste that results from activities associated with gasoline plants, natural gas or natural gas liquids processing plants, pressure maintenance plants, or repressurizing plants if that waste is a hazardous waste as defined by the administrator of the United States Environmental Protection Agency pursuant to the federal Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act, 42 U.S.C. 6901 et seq., as amended.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1979, 66th Leg., p. 395, ch. 185, Sec. 3, eff. Aug. 27, 1979; Acts 1981, 67th Leg., p. 413, ch. 171, Sec. 2, eff. May 20, 1981; Acts 1985, 69th Leg., ch. 795, Sec. 1.103, eff. Sept. 1, 1985; Acts 1985, 69th Leg., ch. 921, Sec. 1, eff. June 15, 1985; Acts 1991, 72nd Leg., ch. 14, Sec. 284(89), eff. Sept. 1, 1991.

(D) activities associated with any underground natural gas storage facility, provided the terms "natural gas" and "storage facility" shall have the meanings set out in Section 91.173, Natural Resources Code;

(E) activities associated with any underground hydrocarbon storage facility, provided the terms "hydrocarbons" and "underground hydrocarbon storage facility" shall have the meanings set out in Section 91.201, Natural Resources Code; and

(F) activities associated with the storage, handling, reclamation, gathering, transportation, or distribution of oil or gas prior to the refining of such oil or prior to the use of such gas in any manufacturing process or as a residential or industrial fuel;

(2) except to the extent the activities are regulated by the Texas Department of Health under Chapter 401, Health and Safety Code, activities associated with uranium exploration consisting of the disturbance of the surface or subsurface for the purpose of or related to determining the location, quantity, or quality of uranium ore; and

(3) any other activities regulated by the Railroad

Commission of Texas pursuant to Section 91.101, Natural Resources Code.

(b) The Railroad Commission of Texas may issue permits for the discharge of waste resulting from these activities, and the discharge of waste into water in this state resulting from these activities shall meet the water quality standards established by the commission.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1979, 66th Leg., p. 395, ch. 185, Sec. 3, eff. Aug. 27, 1979; Acts 1981, 67th Leg., p. 413, ch. 171, Sec. 2, eff. May 20, 1981; Acts 1985, 69th Leg., ch. 795, Sec. 1.103, eff. Sept. 1, 1985; Acts 1985, 69th Leg., ch. 921, Sec. 1, eff. June 15, 1985; Acts 1991, 72nd Leg., ch. 14, Sec. 284(89), eff. Sept. 1, 1991.

Sec. 26.1311. DUTY OF STATE SOIL AND WATER CONSERVATION BOARD. The State Soil and Water Conservation Board and its authorized agents are responsible for the abatement and prevention of pollution resulting from agricultural or silvicultural nonpoint source pollution as provided by Section 201.026, Agriculture Code.

Added by Acts 1993, 73rd Leg., ch. 54, Sec. 5, eff. April 29, 1993.

Sec. 26.132. EVAPORATION PITS REQUIREMENTS. (a) In this section, "evaporation pit" means a pit into which water, including rainwater or storm water runoff, is or has been placed and retained for the purpose of collecting, after the water's evaporation, brine water or residual minerals, salts, or other substances present in the water, and for the purpose of storing brine water and minerals.

(b) This section applies only to evaporation pits:

(1) operated for the commercial production of brine water, minerals, salts, or other substances that naturally occur in groundwater; and

(2) that are not regulated by the Railroad Commission of Texas.

(c) The owner or operator of an evaporation pit shall ensure that the pit is lined as provided by this subsection and rules adopted under this subsection. An evaporation pit must have a liner designed by an engineer who holds a license issued under Chapter 1001, Occupations Code, to minimize surface water and groundwater

pollution risks. The liner must meet standards at least as stringent as those adopted by the commission for a Type I landfill managing Class I industrial solid waste.

(d) An owner or operator may not place or permit the placement of groundwater or on-site storm water runoff into an evaporation pit if the pit does not comply with this section or with rules adopted or orders issued under this section.

(e) The owner or operator of an evaporation pit shall ensure that:

(1) storm water runoff is diverted away from or otherwise prevented from entering the evaporation pit; and

(2) all berms and other structures used to manage storm water are properly constructed and maintained in a manner to prevent the threat of water pollution from the evaporation pit.

(f) The owner or operator of an evaporation pit may not by act or omission cause:

(1) water pollution from the evaporation pit; or

(2) a discharge from the evaporation pit into or adjacent to water in the state.

(g) The owner or operator of an evaporation pit shall ensure that the pit is located so that a failure of the pit or a discharge from the pit does not result in an adverse effect on water in the state.

(h) The owner or operator of an evaporation pit shall provide the commission with proof that the owner or operator has financial assurance adequate to ensure satisfactory closure of the pit.

(i) The owner or operator of an evaporation pit shall provide the commission with proof that the owner or operator of the pit has a third party pollution liability insurance policy that:

(1) is issued by an insurance company authorized to do business in this state that has a rating by the A. M. Best Company of "A-" or better;

(2) covers bodily injury and property damage to third parties caused by accidental sudden or nonsudden occurrences arising from operations at the pit; and

(3) is in an amount of not less than \$3 million.

(j) The commission shall adopt rules as necessary to protect surface water and groundwater quality from the risks presented by commercial evaporation pits and as necessary to administer and enforce this section, including rules:

(1) governing the location, design, construction, capacity, operations, maintenance, and closure of evaporation pits;

(2) ensuring that the owner or operator of an evaporation pit has adequate financial assurance; and

(3) requiring an owner or operator of an evaporation pit to obtain a permit from the commission for the operation of the pit.

(k) The commission shall impose against the owners of evaporation pits fees in amounts necessary to recover the costs of administering this section.

Added by Acts 2007, 80th Leg., R.S., Ch. 536 (S.B. 1037), Sec. 1, eff. September 1, 2007.

Sec. 26.135. EFFECT ON OTHER LAWS. (a) Nothing in this chapter affects the powers and duties of the commission and the Railroad Commission of Texas with respect to injection wells as provided in Chapter 27 of this code.

(b) The commission shall continue to exercise the authority granted to it in Chapter 1901, Occupations Code.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.103, eff. Sept. 1, 1985; Acts 1995, 74th Leg., ch. 76, Sec. 11.294, eff. Sept. 1, 1995; Acts 2003, 78th Leg., ch. 1276, Sec. 14A.847, eff. Sept. 1, 2003.

Sec. 26.137. COMMENT PERIOD FOR EDWARDS AQUIFER PROTECTION PLANS. The commission shall provide for a 30-day comment period in the review process for Edwards Aquifer Protection Plans in the Contributing Zone of the Edwards Aquifer as provided in 30 T.A.C. Section 213.4(a)(2).

Added by Acts 2001, 77th Leg., ch. 965, Sec. 10.04, eff. Sept. 1, 2001.

#### **SUBCHAPTER E. AUTHORITY OF LOCAL GOVERNMENTS**

Sec. 26.171. INSPECTION OF PUBLIC WATER. A local government may inspect the public water in its area and determine whether or not:

(1) the quality of the water meets the state water quality standards adopted by the commission;

(2) persons discharging effluent into the public water located in the areas of which the local government has jurisdiction have obtained permits for discharge of the effluent; and

(3) persons who have permits are making discharges in compliance with the requirements of the permits.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.103, eff. Sept. 1, 1985.

Sec. 26.172. RECOMMENDATIONS TO COMMISSION. A local government may make written recommendations to the commission as to what in its judgment the water quality standards should be for any public water within its territorial jurisdiction.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.103, eff. Sept. 1, 1985.

Sec. 26.173. POWER TO ENTER PROPERTY. (a) A local government has the same power as the commission has under Section 26.014 of this code to enter public and private property within its territorial jurisdiction to make inspections and investigations of conditions relating to water quality. The local government in exercising this power is subject to the same provisions and restrictions as the commission.

(b) When requested by the executive director, the result of any inspection or investigation made by the local government shall be transmitted to the commission for its consideration.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.103, eff. Sept. 1, 1985.

Sec. 26.175. COOPERATIVE AGREEMENTS. (a) A local government may execute cooperative agreements with the commission or other local

governments:

(1) to provide for the performance of water quality management, inspection, and enforcement functions and to provide technical aid and educational services to any party to the agreement; and

(2) for the transfer of money or property from any party to the agreement to another party to the agreement for the purpose of water quality management, inspection, enforcement, technical aid and education, and the construction, ownership, purchase, maintenance, and operation of disposal systems.

(b) When in the opinion of the executive director it would facilitate and enhance the performance by a local government of its water quality management, inspection, and enforcement functions pursuant to a cooperative agreement between the local government and the commission as authorized in Subsection (a) of this section, the executive director may assign and delegate to the local government during the period of the agreement such of the pertinent powers and functions vested in the commission under this chapter as in the judgment of the executive director may be necessary or helpful to the local government in performing those management, inspection, and enforcement functions.

(c) At any time and from time to time prior to the termination of the cooperative agreement, the executive director may modify or rescind any such assignment or delegation.

(d) The executive director shall notify immediately a local government to whom it assigns or delegates any powers and functions pursuant to Subsections (b) and (c) of this section or as to when it modifies or rescinds any such assignment or delegation.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.104, eff. Sept. 1, 1985.

Sec. 26.176. DISPOSAL SYSTEM RULES. (a) Every local government which owns or operates a disposal system is empowered to and shall, except as authorized in Subsection (c) of this section, enact and enforce rules, ordinances, orders, or resolutions, referred to in this section as rules, to control and regulate the type, character, and quality of waste which may be discharged to the

disposal system and, where necessary, to require pretreatment of waste to be discharged to the system, so as to protect the health and safety of personnel maintaining and operating the disposal system and to prevent unreasonable adverse effects on the disposal system.

(b) The local government in its rules may establish the charges and assessments which may be made to and collected from all persons who discharge waste to the disposal system or who have conduits or other facilities for discharging waste connected to the disposal system, referred to in this subsection as "users." The charges and assessments shall be equitable as between all users and shall correspond as near as can be practically determined to the cost of making the waste disposal services available to all users and of treating the waste of each user or class of users. The charges and assessments may include user charges, connection fees, or any other methods of obtaining revenue from the disposal system available to the local government. In establishing the charges and assessments, the local government shall take into account:

(1) the volume, type, character, and quality of the waste of each user or class of users;

(2) the techniques of treatment required;

(3) any capital costs and debt retirement expenses of the disposal system required to be paid for from the charges and assessments;

(4) the costs of operating and maintaining the system to comply with this chapter and the permits, rules, and orders of the commission; and

(5) any other costs directly attributable to providing the waste disposal service under standard, accepted cost-accounting practices.

(c) A local government may apply to the commission for an exception from the requirements of Subsections (a) and (b) of this section or for a modification of those requirements. The application shall contain the exception or modifications desired, the reasons the exception or modifications are needed, and the grounds authorized in this subsection on which the commission should grant the application. A public hearing on the application shall be held in or near the territorial area of the local government, and notice of the hearing shall be given to the local government. If after the hearing the commission in its judgment determines that the volume, type, character, and quality of the waste of the users of the system or of

a particular user or class of users of the system do not warrant the enactment and enforcement of rules containing the requirements prescribed in Subsections (a) and (b) of this section or that the enactment and enforcement of the rules would be impractical or unreasonably burdensome on the local government in relation to the public benefit to be derived, then the commission in its discretion may enter an order granting an exception to those requirements or modifying those requirements in any particular in response to circumstances shown to exist.

(d) At any time and from time to time as circumstances may require, the commission may amend or revoke any order it enters pursuant to Subsection (c) of this section. Before the commission amends or revokes such an order, a public hearing shall be held in or near the territorial area of the local government in question, and notice of the hearing shall be given to the local government. If after the hearing the commission in its judgment determines that the circumstances on which it based the order have changed significantly or no longer exist, the commission may revoke the order or amend it in any particular in response to the circumstances then shown to exist.

(e) In the event of any conflict between the provisions of this section and any other laws or parts of laws, the provisions of this section shall control.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.105, eff. Sept. 1, 1985.

Sec. 26.177. WATER POLLUTION CONTROL DUTIES OF CITIES. (a) A city may establish a water pollution control and abatement program for the city. If the watershed water quality assessment reports required by Section 26.0135 or other commission assessments or studies identify water pollution that is attributable to non-permitted sources in a city that has a population of 10,000 or more, the commission, after providing the city a reasonable time to correct the problem and after holding a public hearing, may require the city to establish a water pollution control and abatement program. The city shall employ or retain an adequate number of personnel on either a part-time or full-time basis as the needs and circumstances of the

city may require, who by virtue of their training or experience are qualified to perform the water pollution control and abatement functions required to enable the city to carry out its duties and responsibilities under this section.

(b) The water pollution control and abatement program of a city shall encompass the entire city and, subject to Section 26.179 of this code, may include areas within its extraterritorial jurisdiction which in the judgment of the city should be included to enable the city to achieve the objectives of the city for the area within its territorial jurisdiction. The city shall include in the program the services and functions which, in the judgment of the city or as may be reasonably required by the commission, will provide effective water pollution control and abatement for the city, including the following services and functions:

(1) the development and maintenance of an inventory of all significant waste discharges into or adjacent to the water within the city and, where the city so elects, within the extraterritorial jurisdiction of the city, without regard to whether or not the discharges are authorized by the commission;

(2) the regular monitoring of all significant waste discharges included in the inventory prepared pursuant to Subdivision (1) of this subsection;

(3) the collecting of samples and the conducting of periodic inspections and tests of the waste discharges being monitored to determine whether the discharges are being conducted in compliance with this chapter and any applicable permits, orders, or rules of the commission, and whether they should be covered by a permit from the commission;

(4) in cooperation with the commission, a procedure for obtaining compliance by the waste dischargers being monitored, including where necessary the use of legal enforcement proceedings;

(5) the development and execution of reasonable and realistic plans for controlling and abating pollution or potential pollution resulting from generalized discharges of waste which are not traceable to a specific source, such as storm sewer discharges and urban runoff from rainwater; and

(6) any additional services, functions, or other requirements as may be prescribed by commission rule.

(c) The water pollution control and abatement program required by Subsections (a) and (b) of this section must be submitted to the

commission for review and approval. The commission may adopt rules providing the criteria for the establishment of those programs and the review and approval of those programs.

(d) Any person affected by any ruling, order, decision, ordinance, program, resolution, or other act of a city relating to water pollution control and abatement outside the corporate limits of such city adopted pursuant to this section or any other statutory authorization may appeal such action to the commission or district court. An appeal must be filed with the commission within 60 days of the enactment of the ruling, order, decision, ordinance, program, resolution, or act of the city. The issue on appeal is whether the action or program is invalid, arbitrary, unreasonable, inefficient, or ineffective in its attempt to control water quality. The commission or district court may overturn or modify the action of the city. If an appeal is taken from a commission ruling, the commission ruling shall be in effect for all purposes until final disposition is made by a court of competent jurisdiction so as not to delay any permit approvals.

(e) The commission may adopt and assess reasonable and necessary fees adequate to recover the costs of the commission in administering this section.

(f) A city may contract with a river authority or another political subdivision to perform any or all services and functions that are part of a water pollution control and abatement program established under this section.

(g) The commission may assist cities in identifying and obtaining funds and technical assistance that may be available to assist a city, or a river authority or other political subdivision with whom a city has contracted, in performing any or all of the services or functions that are part of a water pollution control and abatement program established under this section.

(h) Property subject to a permit or plat in the extraterritorial jurisdiction of a municipality may not be subjected to new or additional water pollution regulations if the property is transferred to another municipality's extraterritorial jurisdiction, and all provisions of Chapter 245, Local Government Code, shall apply to the property. If the release of extraterritorial jurisdiction for the purpose of transferring it to another municipality results in property not being subject to any municipality's water pollution regulations on the date of release, the releasing municipality

retains its jurisdiction to enforce its water pollution regulations until the property is included in the extraterritorial jurisdiction of the receiving municipality.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 795, Sec. 1.106, eff. Sept. 1, 1985; Acts 1987, 70th Leg., ch. 983, Sec. 1, eff. Aug. 31, 1987; Acts 1989, 71st Leg., ch. 411, Sec. 1, eff. Aug. 28, 1989; Acts 1995, 74th Leg., ch. 975, Sec. 2, eff. June 16, 1995; Acts 1997, 75th Leg., ch. 101, Sec. 5, eff. Sept. 1, 1997; Acts 2001, 77th Leg., ch. 966, Sec. 11.01, eff. Sept. 1, 2001.

Sec. 26.178. FINANCIAL ASSISTANCE DEPENDENT ON WATER QUALITY PROGRAMS. All financial assistance from the board to a city having a population of 5,000 or more inhabitants shall be conditioned on the city submitting to the commission for review and in accordance with rules and submission schedules promulgated by the commission a water pollution control and abatement program as required by Section 26.177 of this code. The board may award grants from the research and planning fund of the water assistance fund to river authorities seeking such funds for purposes of performing regional water quality assessments described in Section 26.0135 of this code.

Added by Acts 1991, 72nd Leg., ch. 294, Sec. 5, eff. June 7, 1991.

Sec. 26.179. DESIGNATION OF WATER QUALITY PROTECTION ZONES IN CERTAIN AREAS. (a) In this section, "water quality protection" may be achieved by:

(1) maintaining background levels of water quality in waterways; or

(2) capturing and retaining the first 1.5 inches of rainfall from developed areas.

(b) For the purpose of Subsection (a)(1), "maintaining background levels of water quality in waterways" means maintaining background levels of water quality in waterways comparable to those levels which existed prior to new development as measured by the following constituents: total suspended solids, total phosphorus, total nitrogen, and chemical and biochemical oxygen demand.

Background levels shall be established either from sufficient data

collected from water quality monitoring at one or more sites located within the area designated as a water quality protection zone or, if such data are unavailable, from calculations performed and certified by a registered professional engineer utilizing the concepts and data from the National Urban Runoff Program (NURP) Study or other studies approved by the Texas Natural Resource Conservation Commission (commission) for the constituents resulting from average annual runoff, until such data collected at the site are available. Background levels for undeveloped sites shall be verified based on monitoring results from other areas of property within the zone prior to its development. The monitoring shall consist of a minimum of one stage (flow) composite sample for at least four storm events of one-half inch or more of rainfall that occur at least one month apart. Monitoring of the four constituents shall be determined by monitoring at four or more locations where runoff occurs. A minimum of four sample events per year for each location for rainfall events greater than one-half inch shall be taken. Monitoring shall occur for three consecutive years after each phase of development occurs within the Water Quality Protection Zone. Each new phase of development, including associated best management practices, will require monitoring for a three-year period. The results of the monitoring and a description of the best management practices being used throughout the zone shall be summarized in a technical report and submitted to the commission no later than April 1 of each calendar year during development of the property, although the commission may determine that monitoring is no longer required. The commission shall review the technical report. If the performance monitoring and best management practices indicate that background levels were not maintained during the previous year, the owner or developer of land within the water quality protection zone shall:

- (1) modify water quality plans developed under this section for future phases of development in the water quality protection zone to the extent reasonably feasible and practical; and
- (2) modify operational and maintenance practices in existing phases of the water quality protection zone to the extent reasonably feasible and practical.

Water quality monitoring shall not be required in areas using the methodology described by Subsection (a)(2).

(c) This section applies only to those areas within the extraterritorial jurisdiction, outside the full-purpose corporate

limits of a municipality with a population greater than 10,000, and in which the municipality either:

(1) has enacted or attempted to enforce three or more ordinances or amendments thereto attempting to regulate water quality or control or abate water pollution in the area within the five years preceding the effective date of this Act, whether or not such ordinances or amendments were legally effective upon the area; or

(2) enacts or attempts to enforce three or more ordinances or amendments thereto attempting to regulate water quality or control or abate water pollution in the area in any five-year period, whether or not such ordinances or amendments are legally effective upon the area.

(d) The owner or owners of a contiguous tract of land in excess of 1,000 acres that is located within an area subject to this section may designate the tract as a "water quality protection zone." Upon prior approval of the Commission, the owner of a contiguous tract of land containing less than 1,000 acres, but not less than 500 acres, that is located within an area subject to this section may also designate the tract as a "water quality protection zone." The tract shall be deemed contiguous if all of its parts are physically adjacent, without regard to easements, rights-of-way, roads, streambeds, and public or quasi-public land, or it is part of an integrated development under common ownership or control. The purpose of a water quality protection zone is to provide for the consistent protection of water quality in the zone without imposing undue regulatory uncertainty on owners of land in the zone.

(e) A water quality protection zone designated under this section shall be described by metes and bounds or other adequate legal description. The designation shall include a general description of the proposed land uses within the zone, a water quality plan for the zone, and a general description of the water quality facilities and infrastructure to be constructed for water quality protection in the zone.

(f) Creation of a water quality protection zone shall become immediately effective upon recordation of the designation in the deed records of the county in which the land is located. The designation shall be signed by the owner or owners of the land, and notice of such filing shall be given to the city clerk of the municipality within whose extraterritorial jurisdiction the zone is located and the clerk of the county in which the property is located.

(g) A water quality protection zone designation may be amended and a designation may specify the party or parties authorized to execute amendments to the zone designation and the zone's water quality plan. Land may be added to or excluded from a zone by amending the zone designation. An amendment to a zone designation adding land to or excluding land from a zone must describe the boundaries of the zone as enlarged or reduced by metes and bounds or other adequate legal description. An amendment to a zone designation is effective on its filing in the deed records of the county in which the land is located. On application by all owners of land in a zone, or by each party authorized by the zone designation or an amendment to the zone designation to amend the zone designation, the commission may terminate a zone on reasonable terms and conditions specified by the commission.

(h) The water quality plan for a zone, including the determination of background levels of water quality, shall be signed and sealed by a registered professional engineer acknowledging that the plan is designed to achieve the water quality protection standard defined in this section. On recordation in the deed records, the water quality plan shall be submitted to and accepted by the commission for approval, and the commission shall accept and approve the plan unless the commission finds that implementation of the plan will not reasonably attain the water quality protection as defined in this section. A water quality plan may be amended from time to time on filing with the commission, and all such amendments shall be accepted by the commission unless there is a finding that the amendment will impair the attainment of water quality protection as defined in this section. The commission shall adopt and assess reasonable and necessary fees adequate to recover the costs of the commission in administering this section. The commission's review and approval of a water quality plan shall be performed by the commission staff that is responsible for reviewing pollution abatement plans in the county where the zone is located. The review and approval of the plan or any amendment to the plan shall be completed within 120 days of the date it is filed with the commission. A public hearing on the plan shall not be required, and acceptance, review, and approval of the water quality plan or water quality protection zone shall not be delayed pending the adoption of rules. The commission shall have the burden of proof for the denial of a plan or amendments to a plan, and any such denial shall be

appealable to a court of competent jurisdiction. The water quality plan, or any amendment thereto, shall be effective upon recordation of the plan or the amendment in the deed records and shall apply during the period of review and approval by the commission or appeal of the denial of the plan or any amendment. New development under a plan may not proceed until the plan or amendment to the plan, as appropriate, has been approved by the commission.

(i) The water quality plan for a zone shall be a covenant running with the land.

(j) A municipality may not enforce in a zone any of its ordinances, land use ordinances, rules, or requirements including, but not limited to, the abatement of nuisances, pollution control and abatement programs or regulations, water quality ordinances, subdivision requirements, other than technical review and inspections for utilities connecting to a municipally owned water or wastewater system, or any environmental regulations which are inconsistent with the land use plan and the water quality plan or which in any way limit, modify, or impair the ability to implement and operate the water quality plan and the land use plan within the zone as filed; nor shall a municipality collect fees or assessments or exercise powers of eminent domain within a zone until the zone has been annexed for the municipality. A water quality protection zone may be annexed by a municipality only after the installation and completion of 90 percent of all facilities and infrastructure described in the water quality plan for the entire zone as being necessary to carry out such plan or the expiration of 20 years from the date of designation of the zone, whichever occurs first.

(k) Subdivision plats within a water quality protection zone shall be approved by the municipality in whose extraterritorial jurisdiction the zone is located and the commissioners court of the county in which the zone is located if:

(1) the plat complies with the subdivision design regulations of the county; and

(2) the plat is acknowledged by a registered professional engineer stating that the plat is in compliance with the water quality plan within the water quality protection zone.

(l) A water quality protection zone implementing a water quality plan which meets the requirements of this section shall be presumed to satisfy all other state and local requirements for the protection of water quality; provided, however, that:

(1) development in the zone shall comply with all state laws and commission rules regulating water quality which are in effect on the date the zoning is designated; and

(2) nothing in this section shall supersede or interfere with the applicability of water quality measures or regulations adopted by a conservation and reclamation district comprising more than two counties and which apply to the watershed area of a surface lake or surface reservoir that impounds at least 4,000 acre-feet of water.

(m)(1) One or more of the provisions of this section may be waived by the owner or owners of property that is or becomes subject to an agreement entered into after the effective date of this Act between the owner or owners of land within the zone and the municipality. The agreement shall be in writing, and the parties may agree:

(A) to guarantee continuation of the extraterritorial status of the zone and its immunity from annexation by the municipality for a period not to exceed 15 years after the effective date of the agreement;

(B) to authorize certain land uses and development within the zone;

(C) to authorize enforcement by the municipality of certain municipal land use and development regulations within the zone, in the same manner such regulations are enforced within the municipality's boundaries, as may be agreed by the landowner and the municipality;

(D) to vary any watershed protection regulations;

(E) to authorize or restrict the creation of political subdivisions within the zone; and

(F) to such other terms and considerations the parties consider appropriate, including, but not limited to, the continuation of land uses and zoning after annexation of the zone, the provision of water and wastewater service to the property within the zone, and the waiver or conditional waiver of provisions of this section.

(2) An agreement under this section shall meet the requirements of and have the same force and effect as an agreement entered into pursuant to Section 42.046, Local Government Code.

(n) In addition to the requirements of Subsections (a)(1) and (a)(2), the commission may require and enforce additional water quality protection measures to comply with mandatory federal water

quality requirements, standards, permit provisions, or regulations.

(o) This section does not apply to an area within the extraterritorial jurisdiction of a municipality with a population greater than 900,000 that has extended to the extraterritorial jurisdiction of the municipality an ordinance whose purpose is to prevent the pollution of an aquifer which is the sole or principal drinking water source for the municipality.

(p) If a municipality's action results in part of a zone being located outside the municipality's extraterritorial jurisdiction, the entire zone is removed from the municipality's extraterritorial jurisdiction. A zone removed from a municipality's extraterritorial jurisdiction may not be brought into the municipality's extraterritorial jurisdiction before the 20th anniversary of the date on which the zone was designated.

(q) In addition to the fees authorized under Subsection (h), the commission shall adopt and assess reasonable and necessary fees adequate to recover the commission's costs in monitoring water quality associated with water quality protection zones.

Added by Acts 1995, 74th Leg., ch. 975, Sec. 1, eff. June 16, 1995.  
Amended by Acts 1997, 74th Leg., ch. 21, Sec. 1, eff. April 25, 1997;  
Acts 1999, 76th Leg., ch. 225, Sec. 1, eff. May 24, 1999; Acts 1999,  
76th Leg., ch. 1543, Sec. 1, eff. June 19, 1999.

Sec. 26.180. NONPOINT SOURCE WATER POLLUTION CONTROL PROGRAMS OF CERTAIN MUNICIPALITIES. (a) This section applies to a municipality to which Section 42.903, Local Government Code, applies.

(b) The municipality shall exercise the powers granted under state law to a municipality to adopt ordinances to control and abate nonpoint source water pollution or to protect threatened or endangered species.

(c) The municipality by ordinance shall adopt a nonpoint source water pollution control and abatement program for the municipality and its extraterritorial jurisdiction before the municipality adopts a resolution or ordinance creating an extraterritorial jurisdiction under Section 42.903, Local Government Code. The municipality shall submit the ordinance creating the program to the commission. Notwithstanding any other law requiring the adoption of an ordinance creating an extraterritorial jurisdiction and approval by the

commission, the ordinance creating the program becomes effective and is enforceable by the municipality on the 90th day after the date the municipality submits the ordinance unless the ordinance is disapproved by the commission during the 90-day period.

(d) If the commission disapproves a program submitted under Subsection (c) of this section, the commission shall make recommendations to the municipality. The municipality shall adopt and incorporate the commission's recommendations in the program.

(e) The nonpoint source water pollution controls of the municipality that had extraterritorial jurisdiction over an area before the area was included in the extraterritorial jurisdiction of another municipality under Section 42.903, Local Government Code, are effective during the 90-day period that the program is pending before the commission or until an amended program satisfactory to the commission is adopted. The municipality, including the area in its extraterritorial jurisdiction under Section 42.903, Local Government Code, shall enforce the controls during the 90-day period.

(f) If a nonpoint source water pollution control and abatement program is adopted by a river authority that has boundaries that encompass the extraterritorial jurisdiction of the municipality, the standards under the program adopted by the municipality must meet or exceed the standards under the program adopted by the river authority.

(g) The municipality may not grant a waiver to its nonpoint source water pollution control and abatement program unless granting the waiver would demonstrably improve water quality.

Added by Acts 1991, 72nd Leg., ch. 16, Sec. 13.01(b), eff. Aug. 26, 1991. Renumbered from Water Code Sec. 26.178 by Acts 1995, 74th Leg., ch. 76, Sec. 17.01(52), eff. Sept. 1, 1995. Renumbered from Water Code Sec. 26.179 by Acts 1997, 75th Leg., ch. 165, Sec. 31.01(75), eff. Sept. 1, 1997.

#### **SUBCHAPTER F. CRIMINAL PROSECUTION**

Sec. 26.215. PEACE OFFICERS. For purposes of this subchapter, the authorized agents and employees of the Parks and Wildlife Department are constituted peace officers. These agents and employees are empowered to enforce the provisions of this subchapter the same as any other peace officer, and for such purpose shall have

the powers and duties of peace officers as set forth in the Code of Criminal Procedure, 1965, as amended.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977.

Sec. 26.2171. VENUE. An offense under this subchapter may be prosecuted in a county in which an element of the offense was committed or a county to which or through which the discharge, waste, or pollutant was transported.

Added by Acts 1991, 72nd Leg., 1st C.S., ch. 3, Sec. 8.26(b), eff. Sept. 1, 1991.

#### **SUBCHAPTER G. OIL AND HAZARDOUS SUBSTANCE SPILL PREVENTION AND CONTROL**

Sec. 26.261. SHORT TITLE. This subchapter may be cited as the Texas Hazardous Substances Spill Prevention and Control Act.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1983, 68th Leg., p. 4204, ch. 669, Sec. 1, eff. Sept. 1, 1983.

Sec. 26.262. POLICY AND CONSTRUCTION. It is the policy of this state to prevent the spill or discharge of hazardous substances into the waters in the state and to cause the removal of such spills and discharges without undue delay. This subchapter shall be construed to conform with Chapter 40, Natural Resources Code.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1983, 68th Leg., p. 4204, ch. 669, Sec. 1, eff. Sept. 1, 1983; Acts 1985, 69th Leg., ch. 930, Sec. 1, eff. Sept. 1, 1985; Acts 1991, 72nd Leg., ch. 10, Sec. 6, eff. March 28, 1991.

Sec. 26.263. DEFINITIONS. As used in this subchapter:

(1) "Discharge or spill" means an act or omission by which hazardous substances in harmful quantities are spilled, leaked,

pumped, poured, emitted, entered, or dumped onto or into waters in this state or by which those substances are deposited where, unless controlled or removed, they may drain, seep, run, or otherwise enter water in this state. The term "discharge" or "spill" under this subchapter shall not include any discharge to which Subchapter C, D, E, F, or G, Chapter 40, Natural Resources Code, applies or any discharge which is authorized by a permit issued pursuant to federal law or any other law of this state or, with the exception of spills in coastal waters, regulated by the Railroad Commission of Texas.

(2) "Account" means the Texas spill response account.

(3) "Harmful quantity" means that quantity of hazardous substance the discharge or spill of which is determined to be harmful to the environment or public health or welfare or may reasonably be anticipated to present an imminent and substantial danger to the public health or welfare by the administrator of the Environmental Protection Agency pursuant to federal law and by the executive director.

(4) "Hazardous substance" means any substance designated as such by the administrator of the Environmental Protection Agency pursuant to the Comprehensive Environmental Response, Compensation, and Liability Act (42 U.S.C. Sec. 9601 et seq.), regulated pursuant to Section 311 of the federal Clean Water Act (33 U.S.C. Sec. 1321 et seq.), or designated by the commission.

(5) "Person" includes an individual, firm, corporation, association, and partnership.

(6) "Person responsible" or "responsible person" means:

(A) the owner, operator, or demise charterer of a vessel from which a spill emanates;

(B) the owner or operator of a facility from which a spill emanates;

(C) any other person who causes, suffers, allows, or permits a spill or discharge.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1983, 68th Leg., p. 4204, ch. 669, Sec. 1, eff. Sept. 1, 1983; Acts 1985, 69th Leg., ch. 930, Sec. 2, eff. Sept. 1, 1985; Acts 1989, 71st Leg., ch. 99, Sec. 1, eff. Sept. 1, 1989; Acts 1991, 72nd Leg., ch. 10, Sec. 7, eff. March 28, 1991; Acts 1997, 75th Leg., ch. 333, Sec. 12, eff. Sept. 1, 1997.

Sec. 26.264. ADMINISTRATIVE PROVISIONS. (a) Except as provided in Chapter 40, Natural Resources Code, the commission shall be the state's lead agency in spill response, shall conduct spill response for the state, and shall otherwise administer this subchapter. The commission shall conduct spill response and cleanup for spills and discharges of hazardous substances other than oil in or threatening coastal waters. The commission shall cooperate with other agencies, departments, and subdivisions of this state and of the United States in implementing this subchapter. In the event of a discharge or spill and after reasonable effort to obtain entry rights from each property owner involved, if any, the executive director may enter affected property to carry out necessary spill response actions.

(b) The commission may issue rules necessary and convenient to carry out the purposes of this subchapter.

(c) The executive director shall enforce the provisions of this subchapter and any rules given effect pursuant to Subsection (b) of this section.

(d) The executive director with the approval of the commission may contract with any public agency or private persons or other entity for the purpose of implementing this subchapter.

(e) The executive director shall solicit the assistance of and cooperate with local governments, the federal government, other agencies and departments of this state, and private persons and other entities to develop regional contingency plans for prevention and control of hazardous substance spills and discharges. The executive director may solicit the assistance of spill cleanup experts in determining appropriate measures to be taken in cleaning up a spill or discharge. The executive director shall develop a list of spill cleanup experts to be consulted, but shall not be limited to that list in seeking assistance. No person providing such assistance shall be held liable for any acts or omissions of the executive director which may result from soliciting such assistance.

(f) The commission and the Texas Department of Transportation, in cooperation with the governor, the United States Coast Guard, and the Environmental Protection Agency, shall develop a contractual agreement whereby personnel, equipment, and materials in possession or under control of the Texas Department of Transportation may be diverted and utilized for spill and discharge cleanup as provided for in this subchapter. Under the agreement, the following conditions

shall be met:

(1) the commission and the Texas Department of Transportation shall develop and maintain written agreements and contracts on how such utilization will be effected, and designating agents for this purpose;

(2) personnel, equipment, and materials may be diverted only with the approval of the commission and the Texas Department of Transportation, acting through their designated agents, or by action of the governor;

(3) all expenses and costs of acquisition of such equipment and materials or resulting from such cleanup activities shall be paid from the account, subject to reimbursement as provided in this subchapter; and

(4) subsequent to such activities, a full report of all expenditures and significant actions shall be prepared and submitted to the governor and the Legislative Budget Board, and shall be reviewed by the commission.

(g) The executive director shall develop and revise from time to time written action and contractual plans with the designated on-scene coordinator provided for by federal law.

(h)(1) In developing rules and plans under this subchapter and in engaging in cleanup activities under this subchapter, the commission shall recognize the authority of the predesignated federal on-scene coordinator to oversee, coordinate, and direct all private and public activities related to cleanup of discharges and spills that are undertaken pursuant to the Comprehensive Environmental Response, Compensation, and Liability Act (42 U.S.C. Sec. 9601 et seq.), the federal Clean Water Act (33 U.S.C. Sec. 1321 et seq.), and the national contingency plan authorized by the federal Clean Water Act (33 U.S.C. Sec. 1321 et seq.).

(2) Nothing in this subchapter shall require the state-designated on-scene coordinator to defer to federal authority, unless preempted by federal law, if remedial action is unduly delayed or is ineffective.

(3) Nothing in this subchapter shall prevent the executive director from appointing a state-designated on-scene coordinator and acting independently if no on-scene federal coordinator is present or no action is being taken by an agency of the federal government.

(4) If an incident under this subchapter is eligible for federal funds, the commission shall seek reimbursement from the

designated agencies of the federal government for the reasonable costs incurred in cleanup operations, including but not limited to costs of personnel, equipment, the use of equipment, and supplies and restoration of land and aquatic resources held in trust or owned by the state.

(5) The commission may enter into contracts or cooperative agreements under Section 104(c) and (d) of the Comprehensive Environmental Response, Compensation, and Liability Act (42 U.S.C. Sec. 9601 et seq.) or Section 311 of the federal Clean Water Act (33 U.S.C. Sec. 1321 et seq.) to undertake authorized removal actions under this subchapter.

(i) The executive director shall after appropriate investigation prepare a report on state-funded cleanup of a discharge or spill, and this report shall provide the following information:

(1) a description of the incident, including location, amount, and characteristics of the material discharged or spilled and the prevailing weather conditions;

(2) the time and duration of discharge or spill and the time and method by which the discharge or spill was reported;

(3) the action taken, and by whom, to contain and clean up the discharge or spill;

(4) an assessment of both the short-term and long-term environmental impact of the accidental discharge or spill;

(5) the cost of cleanup operations incurred by the state;

(6) an evaluation of the principal causes of the discharge or spill and an assessment of how similar incidents might be prevented in the future; and

(7) a description of any legal action being taken to levy penalties or collect damages.

(j) This subchapter is cumulative of all other powers of the commission.

(k) In the event that a discharge or spill presents or threatens to present an occurrence of disaster proportions, the governor shall utilize the authority granted him under Chapter 418, Government Code, to make available and bring to bear all resources of the state to prevent or lessen the impact of such a disaster.

(1) To the extent practicable and in lieu of the provisions of this subchapter, for facilities permitted under Chapter 361, Health and Safety Code to store, process, or dispose of hazardous waste, the

department shall use procedures established under existing hazardous waste permits to abate or remove discharges or spills.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1983, 68th Leg., p. 4207, ch. 669, Sec. 2, eff. Sept. 1, 1983; Acts 1985, 69th Leg., ch. 795, Sec. 1.107, eff. Sept. 1, 1985; Acts 1985, 69th Leg., ch. 930, Sec. 3, eff. Sept. 1, 1985; Acts 1989, 71st Leg., ch. 99, Sec. 2, eff. Sept. 1, 1989; Acts 1989, 71st Leg., ch. 584, Sec. 105, eff. Sept. 1, 1989; Acts 1991, 72nd Leg., ch. 10, Sec. 8, eff. March 28, 1991; Acts 1991, 72nd Leg., ch. 14, Sec. 284(75), eff. Sept. 1, 1991; Acts 1995, 74th Leg., ch. 165, Sec. 22(75), eff. Sept. 1, 1995; Acts 1997, 75th Leg., ch. 333, Sec. 13, eff. Sept. 1, 1997.

Amended by:

Acts 2011, 82nd Leg., R.S., Ch. 91 (S.B. 1303), Sec. 26.004, eff. September 1, 2011.

Acts 2011, 82nd Leg., R.S., Ch. 91 (S.B. 1303), Sec. 26.005, eff. September 1, 2011.

Sec. 26.265. TEXAS SPILL RESPONSE ACCOUNT. (a) The Texas spill response account is an account in the general revenue fund. This account shall not exceed \$5 million, exclusive of fines and penalties received under this subchapter.

(b) The account shall consist of money appropriated to it by the legislature and any fines, civil penalties, or other reimbursement to the account provided for under this subchapter.

(c) The commission may expend money in the account only for the purposes of:

- (1) response to and investigation of spills and discharges;
- (2) obtaining personnel, equipment, and supplies required in the cleanup of discharges and spills; and
- (3) the assessment of damages to and the restoration of land and aquatic resources held in trust or owned by the state.

(d) In addition to any cause of action under Chapter 40, Natural Resources Code, the state has a cause of action against any responsible person for recovery of:

- (1) expenditures out of the account; and
- (2) costs that would have been incurred or paid by the responsible person if the responsible person had fully carried out

the duties under Section 26.266 of this code, including:

(A) reasonable costs of reasonable and necessary scientific studies to determine impacts of the spill on the environment and natural resources and to determine the manner in which to respond to spill impacts;

(B) costs of attorney services;

(C) out-of-pocket costs associated with state agency action;

(D) reasonable costs incurred by the state in cleanup operations, including costs of personnel, equipment, and supplies and restoration of land and aquatic resources held in trust or owned by the state; and

(E) costs of remediating injuries proximately caused by reasonable cleanup activities.

(e) The state's right to recover under Subsection (d) of this section arises whether or not expenditures have actually been made out of the account.

(f) It is the intent of the legislature that the state attempt to recover the costs of cleanup according to the following priority:

(1) a responsible person; and

(2) the federal government to the extent that recovery from a responsible person is insufficient to pay the costs of cleanup.

(g) In a suit brought under Subsection (d) of this section, any responsible person who, after reasonable notice has been given by the executive director, has failed, after a reasonable period, to carry out his duties under Section 26.266 of this code is liable to the state for twice the costs incurred by the state under this subchapter in cleaning up the spill or discharge. Reasonable notice under this subsection must include a statement as to the basis for finding the person to whom notice is sent to be a responsible person. Any responsible person held liable under this subsection or Subsection (d) of this section has the right to recover indemnity or contribution from any third party who caused, suffered, allowed, or permitted the spill or discharge. Liability arising under this subsection or Subsection (d) of this section does not affect any rights the responsible person has against a third party whose acts caused or contributed to the spill or discharge.

(h) Notwithstanding Subsection (g), a responsible person who enters into a settlement agreement with the state that resolves all liability of the person to the state for a site subject to Subchapter

F, Chapter 361, Health and Safety Code, is released from liability to a person described by Section 361.344(a), Health and Safety Code, for contribution or indemnity under this code regarding a matter addressed in the settlement agreement.

(i) A settlement agreement does not discharge the liability of a nonsettling person to the state unless the agreement provides otherwise.

(j) Notwithstanding Subsection (i), a settlement agreement reduces the potential liability to the state of the nonsettling persons by the amount of the settlement.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1983, 68th Leg., p. 4204, ch. 669, Sec. 1, eff. Sept. 1, 1983; Acts 1985, 69th Leg., ch. 795, Sec. 1.108, eff. Sept. 1, 1985; Acts 1985, 69th Leg., ch. 930, Sec. 4, eff. Sept. 1, 1985; Acts 1989, 71st Leg., ch. 99, Sec. 3, eff. Sept. 1, 1989; Acts 1991, 72nd Leg., ch. 10, Sec. 9, eff. March 28, 1991; Acts 1993, 73rd Leg., ch. 746, Sec. 3, eff. Aug. 30, 1993; Acts 1997, 75th Leg., ch. 333, Sec. 14, eff. Sept. 1, 1997; Acts 1997, 75th Leg., ch. 793, Sec. 19, eff. Sept. 1, 1997.

Sec. 26.266. REMOVAL OF SPILL OR DISCHARGE. (a) Any owner, operator, demise charterer, or person in charge of a vessel or of any on-shore facility or off-shore facility shall immediately undertake all reasonable actions to abate and remove the discharge or spill subject to applicable federal and state requirements, and subject to the control of the federal on-scene coordinator.

(b) In the event that the responsible person is unwilling or in the opinion of the executive director is unable to remove the discharge or spill, or the removal operation of the responsible person is inadequate, the commission may undertake the removal of the discharge or spill and may retain agents for these purposes who shall operate under the direction of the executive director.

(c) Any discharge or spill of a hazardous substance, the source of which is unknown, occurring in or having a potentially harmful effect on waters in this state or in waters beyond the jurisdiction of this state and which may reasonably be expected to enter waters in this state may be removed by or under the direction of the executive director. Any expense involved in the removal of an unexplained

discharge pursuant to this subsection shall be paid, on the commission's approval, from the account, subject to the authority of the commission to seek reimbursement from an agency of the federal government, and from the responsible person if the identity of that person is discovered.

(d) Deleted by Acts 1989, 71st Leg., ch. 99, Sec. 4, eff. Sept. 1, 1989.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1983, 68th Leg., p. 4209, ch. 669, Sec. 3, eff. Sept. 1, 1983; Acts 1985, 69th Leg., ch. 795, Sec. 1.109, eff. Sept. 1, 1985; Acts 1985, 69th Leg., ch. 930, Sec. 5, eff. Sept. 1, 1985; Acts 1989, 71st Leg., ch. 99, Sec. 4, eff. Sept. 1, 1989; Acts 1997, 75th Leg., ch. 333, Sec. 15, eff. Sept. 1, 1997.

Sec. 26.267. EXEMPTIONS. (a) No person shall be held liable under this subchapter for any spill or discharge resulting from an act of God, act of war, third party negligence, or an act of government.

(b) Nothing in this subchapter shall in any way affect or limit the liability of any person to any other person or to the United States, or to this state.

(c) Notwithstanding any other provision of this subchapter, the state or the commission shall utilize any and all procedures relating to releases or threatened releases of solid wastes contained in Chapter 361, Health and Safety Code prior to utilizing the provisions of this subchapter with respect to such releases or threatened releases.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1985, 69th Leg., ch. 930, Sec. 6, eff. Sept. 1, 1985; Acts 1987, 70th Leg., ch. 977, Sec. 29, eff. June 19, 1987; Acts 1991, 72nd Leg., ch. 14, Sec. 284(75), eff. Sept. 1, 1991; Acts 1991, 72nd Leg., ch. 16, Sec. 18.01, eff. Aug. 26, 1991.

#### **SUBCHAPTER H. POULTRY OPERATIONS**

Sec. 26.301. DEFINITIONS. In this subchapter:

(1) "Poultry" means chickens or ducks being raised or kept on any premises in the state for profit.

(2) "Poultry carcass" means the carcass, or part of a carcass, of poultry that died as a result of a cause other than intentional slaughter for use for human consumption.

(3) "Poultry facility" means a facility that:

(A) is used to raise, grow, feed, or otherwise produce poultry for commercial purposes; or

(B) is a commercial poultry hatchery that is used to produce chicks or ducklings.

(4) "Poultry litter" includes poultry excrement, bedding, and feed waste.

(5) "Liquid waste handling system" has the meaning assigned by Section 26.0286.

Added by Acts 1997, 75th Leg., ch. 1074, Sec. 1, eff. March 1, 1998.

Amended by:

Acts 2005, 79th Leg., Ch. 418 (S.B. 1707), Sec. 3, eff. September 1, 2005.

Sec. 26.302. REGULATION OF POULTRY FACILITIES. (a) A person who owns or operates a poultry facility shall ensure that the facility has adequate means or is adequately equipped to handle and dispose of poultry carcasses, poultry litter, and other poultry waste regardless of whether the person owns the poultry.

(b) A person who owns or operates a poultry facility shall implement and maintain a water quality management plan for the facility that is certified by the State Soil and Water Conservation Board under Section 201.026, Agriculture Code.

(b-1) The State Soil and Water Conservation Board may certify a water quality management plan for a poultry facility that:

(1) does not use a liquid waste handling system; and

(2) is required to obtain a permit or other authorization from the commission.

(b-2) The State Soil and Water Conservation Board in consultation with the Texas Commission on Environmental Quality by rule shall establish criteria to determine the geographic, seasonal, and agronomic factors that the board will consider to determine whether a persistent nuisance odor condition is likely to occur when assessing the siting and construction of new poultry facilities.

(b-3) The State Soil and Water Conservation Board may not

certify a water quality management plan for a poultry facility located less than one-half of one mile from a business, off-site permanently inhabited residence, or place of worship if the presence of the facility is likely to create a persistent odor nuisance for such neighbors, unless the poultry facility provides an odor control plan the executive director determines is sufficient to control odors. This subsection does not apply to:

(1) a revision of a previously certified and existing water quality management plan unless the revision is necessary because of an increase in poultry production of greater than 50 percent than the amount included in the existing certified water quality management plan for the facility; or

(2) any poultry facility located more than one-half of one mile from a surrounding business, permanently inhabited off-site residence, or place of worship established before the date of construction of the poultry facility.

(c) The commission may bring a cause of action to remedy or prevent a violation of this section.

(d) This section does not affect the authority of the commission to investigate or take enforcement action against an unauthorized discharge under Section 26.121.

Added by Acts 1997, 75th Leg., ch. 1074, Sec. 1, eff. March 1, 1998.

Amended by Acts 2001, 77th Leg., ch. 277, Sec. 1, eff. Jan. 1, 2002.

Amended by:

Acts 2005, 79th Leg., Ch. 418 (S.B. 1707), Sec. 4, eff. September 1, 2005.

Acts 2009, 81st Leg., R.S., Ch. 1386 (S.B. 1693), Sec. 2, eff. September 1, 2009.

Sec. 26.303. HANDLING AND DISPOSAL OF POULTRY CARCASSES. (a) Except as provided by Subsection (a-1), the commission by rule shall adopt requirements for the safe and adequate handling, storage, transportation, and disposal of poultry carcasses. The rules must:

(1) specify the acceptable methods for disposal of poultry carcasses, including:

(A) placement in a landfill permitted by the commission to receive municipal solid waste;

(B) composting;

(C) cremation or incineration;  
 (D) extrusion;  
 (E) on-farm freezing;  
 (F) rendering; and  
 (G) any other method the commission determines to be appropriate;

(2) require poultry carcasses stored on the site of a poultry facility to be stored in a varmint-proof receptacle to prevent odor, leakage, or spillage;

(3) prohibit the storage of poultry carcasses on the site of a poultry facility for more than 72 hours unless the carcasses are refrigerated or frozen; and

(4) authorize the on-site burial of poultry carcasses only in the event of a major die-off that exceeds the capacity of a poultry facility to handle and dispose of poultry carcasses by the normal means used by the facility.

(a-1) A rule adopted under Subsection (a) may not apply to the disposal of carcasses of poultry that died as a result of a disease, which is governed by Section 161.004, Agriculture Code.

(b) A person must obtain any permit required by other law before disposing of poultry carcasses as provided by Subsection (a)(1).

Added by Acts 1997, 75th Leg., ch. 1074, Sec. 1, eff. March 1, 1998.  
 Amended by:

Acts 2007, 80th Leg., R.S., Ch. 1198 (H.B. [1457](#)), Sec. 1, eff. September 1, 2007.

Acts 2007, 80th Leg., R.S., Ch. 1242 (H.B. [2543](#)), Sec. 17, eff. September 1, 2007.

Sec. 26.304. RECORDS OF SALE, PURCHASE, TRANSFER, OR APPLICATION OF POULTRY LITTER. (a) A poultry facility that sells or transfers poultry litter for off-site application must maintain until the second anniversary of the date of sale or transfer a record regarding:

- (1) the identity of the purchaser or applicator;
- (2) the physical destination of the poultry litter identified by the purchaser or transferee;
- (3) the date the poultry litter was removed from the

poultry facility; and

(4) the number of tons of poultry litter removed.

(b) A person that purchases or obtains poultry litter for land application must maintain until the second anniversary of the date of application a signed and dated proof of delivery document for every load of poultry litter applied to land. The landowner or the owner's tenant or agent shall note on the document the date or dates on which the poultry litter was applied to land.

(c) Subsection (b) does not apply to poultry litter that is:

- (1) taken to a composting facility;
- (2) used as a bio-fuel;
- (3) used in a bio-gasification process; or
- (4) otherwise beneficially used without being applied to

land.

Added by Acts 2009, 81st Leg., R.S., Ch. 1386 (S.B. 1693), Sec. 3, eff. September 1, 2009.

Sec. 26.305. INSPECTION OF RECORDS. The commission may inspect any record required to be maintained under this subchapter.

Added by Acts 2009, 81st Leg., R.S., Ch. 1386 (S.B. 1693), Sec. 3, eff. September 1, 2009.

#### **SUBCHAPTER I. UNDERGROUND AND ABOVEGROUND STORAGE TANKS**

Sec. 26.341. PURPOSE. (a) The legislature finds that leaking underground tanks storing certain hazardous, toxic, or otherwise harmful substances have caused and continue to pose serious groundwater contamination problems in Texas.

(b) The legislature declares that it is the policy of this state and the purpose of this subchapter to:

(1) maintain and protect the quality of groundwater and surface water resources in the state from certain substances in underground and aboveground storage tanks that may pollute groundwater and surface water resources; and

(2) require the use of all reasonable methods, including risk-based corrective action, to implement this policy.

Added by Acts 1987, 70th Leg., ch. 277, Sec. 1, eff. Sept. 1, 1987.

Amended by Acts 1989, 71st Leg., ch. 228, Sec. 1, eff. May 31, 1989;  
Acts 1995, 74th Leg., ch. 315, Sec. 1, eff. Sept. 1, 1995.

Sec. 26.342. DEFINITIONS. In this subchapter:

- (1) "Aboveground storage tank" means a nonvehicular device that is:
- (A) made of nonearthen materials;
  - (B) located on or above the surface of the ground or on or above the surface of the floor of a structure below ground such as a mineworking, basement, or vault; and
  - (C) designed to contain an accumulation of petroleum.
- (2) "Claim" means a demand in writing for a certain sum.
- (3) "Corporate fiduciary" means an entity chartered by the Banking Department of Texas, the Department of Savings and Mortgage Lending, the United States comptroller of the currency, or the director of the United States Office of Thrift Supervision that acts as a receiver, conservator, guardian, executor, administrator, trustee, or fiduciary of real or personal property.
- (4) "Eligible owner or operator" means a person designated as an eligible owner or operator for purposes of this subchapter by the commission under Section 26.3571(d) of this code.
- (5) "Hazardous substance" has the meaning assigned by Section 101(14) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (42 U.S.C. Section 9601 et seq.).
- (6) "Hydraulic fluid" means any regulated substance that can be used in a hydraulic lift system.
- (7) "Lender" means:
- (A) a state or national bank;
  - (B) a state or federal savings and loan association or savings bank;
  - (C) a credit union;
  - (D) a state or federal agency that customarily provides financing; or
  - (E) an entity that is registered with the Office of Consumer Credit Commissioner pursuant to Chapter 348 or 353, Finance Code, if the entity is regularly engaged in the business of extending credit and if extending credit represents the majority of the entity's total business activity.

(8) "Operator" means any person in day-to-day control of and having responsibility for the daily operation of the underground storage tank system.

(9) "Owner" means a person who holds legal possession or ownership of an interest in an underground storage tank system or an aboveground storage tank. If the actual ownership of an underground storage tank system or an aboveground storage tank is uncertain, unknown, or in dispute, the fee simple owner of the surface estate of the tract on which the tank system is located is considered the owner of the system unless that person can demonstrate by appropriate documentation, including a deed reservation, invoice, or bill of sale, or by other legally acceptable means that the underground storage tank system or aboveground storage tank is owned by another person. A person that has registered as an owner of an underground storage tank system or aboveground storage tank with the commission under Section 26.346 after September 1, 1987, shall be considered the tank system owner until such time as documentation demonstrates to the executive director's satisfaction that the legal interest in the tank system was transferred to a different person subsequent to the date of the tank registration. This definition is subject to the limitations found in Section 26.3514 (Limits on Liability of Lender), Section 26.3515 (Limits on Liability of Corporate Fiduciary), and Section 26.3516 (Limits on Liability of Taxing Unit).

(10) "Person" means an individual, trust, firm, joint-stock company, corporation, government corporation, partnership, association, state, municipality, commission, political subdivision of a state, an interstate body, a consortium, joint venture, commercial entity, or the United States government.

(11) "Petroleum product" means a petroleum product that is obtained from distilling and processing crude oil and that is capable of being used as a fuel for the propulsion of a motor vehicle or aircraft, including motor gasoline, gasohol, other alcohol blended fuels, aviation gasoline, kerosene, distillate fuel oil, and #1 and #2 diesel. The term does not include naphtha-type jet fuel, kerosene-type jet fuel, or a petroleum product destined for use in chemical manufacturing or feedstock of that manufacturing.

(12) "Petroleum storage tank" means:

(A) any one or combination of aboveground storage tanks that contain petroleum products and that are regulated by the commission; or

(B) any one or combination of underground storage tanks and any connecting underground pipes that contain petroleum products and that are regulated by the commission.

(13) "Regulated substance" means an element, compound, mixture, solution, or substance that, when released into the environment, may present substantial danger to the public health, welfare, or the environment.

(14) "Release" means any spilling including overfills, leaking, emitting, discharging, escaping, leaching, or disposing from an underground or aboveground storage tank into groundwater, surface water, or subsurface soils.

(15) "Risk-based corrective action" means site assessment or site remediation, the timing, type, and degree of which is determined according to case-by-case consideration of actual or potential risk to public health from environmental exposure to a regulated substance released from a leaking underground or aboveground storage tank.

(16) "Spent oil" means a regulated substance that is a lubricating oil or similar petroleum substance which has been refined from crude oil, used for its designed or intended purposes, and contaminated as a result of that use by physical or chemical impurities, including spent motor vehicle lubricating oils, transmission fluid, or brake fluid.

(16-a) "Subsurface soil" does not include backfill or native material that is placed immediately adjacent to or surrounding an underground storage tank system when the system is installed or the system's individual components are replaced unless free phase petroleum product is present in the backfill or native material.

(17) "Underground storage tank" means any one or combination of underground tanks and any connecting underground pipes used to contain an accumulation of regulated substances, the volume of which, including the volume of the connecting underground pipes, is 10 percent or more beneath the surface of the ground.

(18) "Vehicle service and fueling facility" means a facility where motor vehicles are serviced or repaired and where petroleum products are stored and dispensed from fixed equipment into the fuel tanks of motor vehicles.

Added by Acts 1987, 70th Leg., ch. 277, Sec. 1, eff. Sept. 1, 1987.

Amended by Acts 1989, 71st Leg., ch. 228, Sec. 1, eff. May 31, 1989;

Acts 1991, 72nd Leg., ch. 905, Sec. 1, eff. June 16, 1991; Acts 1995, 74th Leg., ch. 315, Sec. 2, eff. Sept. 1, 1995; Acts 1999, 76th Leg., ch. 62, Sec. 7.96, eff. Sept. 1, 1999; Acts 1999, 76th Leg., ch. 1441, Sec. 1, eff. Sept. 1, 1999; Acts 2001, 77th Leg., ch. 965, Sec. 14.01, eff. Sept. 1, 2001; Acts 2001, 77th Leg., ch. 1135, Sec. 1, eff. Sept. 1, 2001.

Amended by:

Acts 2005, 79th Leg., Ch. 722 (S.B. 485), Sec. 2, eff. September 1, 2005.

Acts 2005, 79th Leg., Ch. 1256 (H.B. 1987), Sec. 2, eff. September 1, 2005.

Acts 2007, 80th Leg., R.S., Ch. 921 (H.B. 3167), Sec. 6.068, eff. September 1, 2007.

Acts 2011, 82nd Leg., R.S., Ch. 117 (H.B. 2559), Sec. 25, eff. September 1, 2011.

Sec. 26.343. REGULATED SUBSTANCES. (a) Regulated substances under this subchapter include:

(1) a substance defined in Section 101(14) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (42 U.S.C. Section 9601 et seq.), but does not include a substance regulated as a hazardous waste under the federal Solid Waste Disposal Act (42 U.S.C. Section 6921 et seq.);

(2) petroleum, including crude oil or a fraction of it, that is liquid at standard conditions of temperature and pressure; and

(3) any other substance designated by the commission.

(b) Standard conditions of temperature and pressure under Subdivision (2) of Subsection (a) of this section are 60 degrees Fahrenheit and 14.7 pounds per square inch absolute.

Added by Acts 1987, 70th Leg., ch. 277, Sec. 1, eff. Sept. 1, 1987.

Sec. 26.344. EXEMPTIONS. (a) An underground or aboveground storage tank is exempt from regulation under this subchapter if the tank is:

(1) a farm or residential tank with a capacity of 1,100 gallons or less used for storing motor fuel for noncommercial

purposes;

(2) used for storing heating oil for consumptive use on the premises where stored;

(3) a septic tank;

(4) a surface impoundment, pit, pond, or lagoon;

(5) a storm water or waste water collection system;

(6) a flow-through process tank;

(7) a tank, liquid trap, gathering line, or other facility used in connection with an activity associated with the exploration, development, or production of oil, gas, or geothermal resources, or any other activity regulated by the Railroad Commission of Texas pursuant to Section 91.101, Natural Resources Code; or

(8) a transformer or other electrical equipment that contains a regulated substance and that is used in the transmission of electricity, to the extent that such a transformer or equipment is exempted by the United States Environmental Protection Agency under 40 C.F.R. Part 280.

(b) A storage tank is exempt from regulation under this subchapter if the sole or principal substance in the tank is a hazardous substance and the tank is located:

(1) in an underground area, including a basement, cellar, mineworking, drift, shaft, or tunnel; and

(2) on or above the surface of the floor of that area.

(c) An interstate pipeline facility, including gathering lines, or an aboveground storage tank connected to such a facility is exempt from regulation under this subchapter if the pipeline facility is regulated under 49 U.S.C. Section 60101 et seq. and its subsequent amendments or a succeeding law.

(d) An intrastate pipeline facility or an aboveground storage tank connected to such a facility is exempt from regulation under this subchapter if the pipeline facility is regulated under one of the following state laws:

(1) Chapter 111, Natural Resources Code;

(2) Chapter 117, Natural Resources Code; or

(3) Subchapter E, Chapter 121, Utilities Code.

(e) Except for Section 26.351 of this subchapter, in-ground hydraulic lifts that use a compressed air/hydraulic fluid system and hold less than 100 gallons of hydraulic oil, if exempt by the federal Environmental Protection Agency, are exempt under this subchapter.

(f) An aboveground storage tank that is located at or is part

of a petrochemical plant, a petroleum refinery, an electric generating facility, or a bulk facility as that term is defined by Section 26.3574(a) of this code is exempt from regulation under this subchapter but is not exempt for purposes of the fee imposed under Section 26.3574 of this code.

(g) Costs incurred as a result of a release from a storage tank system owned, operated, or maintained by a common carrier railroad are not reimbursable pursuant to the provisions of this section. Common carrier railroads are exempt from the fees collected pursuant to the provisions of this Act.

Added by Acts 1987, 70th Leg., ch. 277, Sec. 1, eff. Sept. 1, 1987.  
Amended by Acts 1989, 71st Leg., ch. 228, Sec. 1, eff. May 31, 1989;  
Acts 1999, 76th Leg., ch. 62, Sec. 18.64, eff. Sept. 1, 1999.  
Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 1177 (S.B. 901), Sec. 13, eff. September 1, 2013.

Sec. 26.3441. ABOVEGROUND STORAGE TANKS. (a) An aboveground storage tank that is not exempt from regulation under Section 26.344 of this code is subject to the registration requirements of Section 26.346 of this code and to regulation by the commission only to the extent prescribed by this subchapter.

(b) The commission may not develop a regulatory program for aboveground storage tanks that is more extensive than the regulatory program authorized by this subchapter unless additional regulation of aboveground storage tanks is necessary to comply or be in conformity with requirements adopted by the United States Environmental Protection Agency or with federal law.

Added by Acts 1989, 71st Leg., ch. 228, Sec. 2, eff. May 31, 1989.

Sec. 26.345. ADMINISTRATIVE PROVISIONS. (a) The commission shall administer this subchapter and may develop a regulatory program regarding underground and aboveground storage tanks in accordance with this subchapter.

(b) In implementing this subchapter, the commission shall cooperate with:

- (1) cities and towns;

(2) agencies, departments, and other political subdivisions of the state; and

(3) the United States and its agencies.

(c) The commission may adopt rules necessary to carry out the purposes of this subchapter.

(d) The commission may authorize the executive director to enter into contracts with a public agency, private person, or other entity for the purpose of implementing this subchapter.

(e) The commission may enter into contracts and cooperative agreements with the federal government to carry out remedial action for releases from underground and aboveground storage tanks as authorized by the federal Solid Waste Disposal Act (42 U.S.C. Section 6901 et seq.).

Added by Acts 1987, 70th Leg., ch. 277, Sec. 1, eff. Sept. 1, 1987.

Amended by Acts 1989, 71st Leg., ch. 228, Sec. 3, eff. May 31, 1989.

Sec. 26.346. REGISTRATION REQUIREMENTS. (a) An underground or aboveground storage tank must be registered with the commission unless the tank is exempt from regulation under Section 26.344 of this code or the tank is covered under Subsection (b) of this section. The commission by rule shall establish the procedures and requirements for establishing and maintaining current registration information concerning underground and aboveground storage tanks. The commission shall also require that an owner or operator of an underground storage tank used for storing motor fuels (as defined in commission rule) complete an annual underground storage tank compliance certification form.

(b) An underground storage tank is not required to be registered if the tank:

(1) does not contain a regulated substance; and

(2) is not in operation and has not been in operation since January 1, 1974.

(c) The commission shall issue to each person who owns or operates a petroleum storage tank that is registered under this section a registration and compliance confirmation certificate that includes a brief description of:

(1) the responsibility of the owner or operator under Section 26.3512 of this code;

(2) the rights of the owner or operator to participate in the petroleum storage tank remediation account and the groundwater protection cleanup program established under this subchapter; and

(3) the responsibility of the owner or operator of an underground storage tank to accurately complete the part of the registration form pertaining to the certification of compliance with underground storage tank administrative requirements and technical standards if the tank is used for storing motor fuels (as defined in commission rule).

(d) A person who has previously provided notice to the commission of an underground storage tank under Section 9002 of the federal Solid Waste Disposal Act (42 U.S.C. Section 6921 et seq.) is not required to register the tank with the commission under this section.

(e) The owner or operator of an underground or aboveground storage tank installed before December 1, 1995, that is required to be registered under this section and that has not been registered on or before December 31, 1995, is not eligible to receive reimbursement for that tank from the petroleum storage tank remediation account except for:

(1) an owner of a registered facility who discovers an unregistered tank while removing, upgrading, or replacing a tank or while performing a site assessment;

(2) a state or local governmental agency that purchases a right-of-way and discovers during construction an unregistered tank in the right-of-way; or

(3) a property owner who reasonably could not have known that a tank was located on the property because a title search or the previous use of the property does not indicate a tank on the property.

(f) The owner or operator of an underground or aboveground storage tank installed on or after December 1, 1995, must register the tank under this section not later than the 30th day after the date the installation is completed to be eligible for reimbursement for the new tank.

Added by Acts 1987, 70th Leg., ch. 277, Sec. 1, eff. Sept. 1, 1987.  
Amended by Acts 1989, 71st Leg., ch. 228, Sec. 4, eff. May 31, 1989;  
Acts 1995, 74th Leg., ch. 315, Sec. 3, eff. Sept. 1, 1995; Acts  
1997, 75th Leg., ch. 333, Sec. 16, eff. Sept. 1, 1997; Acts 1999,

76th Leg., ch. 1441, Sec. 2, eff. Sept. 1, 1999; Acts 2001, 77th Leg., ch. 965, Sec. 14.02, eff. Sept. 1, 2001; Acts 2001, 77th Leg., ch. 1135, Sec. 2, eff. Sept. 1, 2001.

Sec. 26.3465. FAILURE OR REFUSAL TO PROVIDE PROOF OF REGISTRATION OR CERTIFICATION OF COMPLIANCE. An owner or operator of an underground storage tank who fails or refuses to provide, on request of the commission, proof of registration of or certification of compliance for an underground storage tank is liable for a civil penalty under Subchapter D, Chapter 7.

Added by Acts 1999, 76th Leg., ch. 1441, Sec. 3, eff. Sept. 1, 1999.

Sec. 26.3467. DUTY TO ENSURE CERTIFICATION OF TANK BEFORE DELIVERY. (a) The owner or operator of an underground storage tank into which a regulated substance is to be deposited shall provide the common carrier a copy of the certificate of compliance for the specific underground storage tank into which the regulated substance is to be deposited before accepting delivery of the regulated substance into the underground storage tank. The owner or operator of an underground storage tank may comply with this subsection by obtaining a current copy of the certificate from the commission's Internet website.

(b) An owner or operator of an underground storage tank who violates Subsection (a) commits an offense that is punishable as provided by Section 7.156 for an offense under that section.

(c) A person who sells a regulated substance to a common carrier who delivers the regulated substance to the owner or operator of an underground storage tank into which the regulated substance is deposited, and who does not deliver the regulated substance into the underground storage tank, is not liable under this chapter with respect to that tank.

(d) A person may not deliver any regulated substance into an underground storage tank regulated under this chapter unless the underground storage tank has been issued a valid, current underground storage tank registration and certificate of compliance under Section 26.346. The commission may impose an administrative penalty against a person who violates this subsection. The commission shall adopt

rules as necessary to enforce this subsection.

(e) It is an affirmative defense to the imposition of an administrative penalty for a violation of Subsection (d) that the person delivering a regulated substance into an underground storage tank relied on:

(1) a valid paper delivery certificate presented by the owner or operator of the underground storage tank or displayed at the facility associated with the underground storage tank;

(2) a temporary delivery authorization presented by the owner or operator of the underground storage tank or displayed at the facility associated with the underground storage tank; or

(3) registration and self-certification information for the underground storage tank obtained from the commission's Internet website not more than 30 days before the date of delivery.

Added by Acts 1999, 76th Leg., ch. 1441, Sec. 3, eff. Sept. 1, 1999.

Amended by Acts 2003, 78th Leg., ch. 1283, Sec. 1, eff. Sept. 1, 2003.

Amended by:

Acts 2005, 79th Leg., Ch. 722 (S.B. 485), Sec. 3, eff. September 1, 2005.

Acts 2005, 79th Leg., Ch. 1256 (H.B. 1987), Sec. 3, eff. September 1, 2005.

Acts 2011, 82nd Leg., R.S., Ch. 1021 (H.B. 2694), Sec. 4.16, eff. September 1, 2011.

Sec. 26.347. TANK STANDARDS. (a) The commission shall adopt performance standards for existing underground storage tanks and underground storage tanks brought into use on or after the effective date of the standards.

(b) The performance standards for underground storage tanks must include design, construction, installation, release detection, and compatibility standards.

Added by Acts 1987, 70th Leg., ch. 277, Sec. 1, eff. Sept. 1, 1987.

Amended by Acts 1989, 71st Leg., ch. 228, Sec. 5, eff. May 31, 1989.

Sec. 26.3475. RELEASE DETECTION REQUIREMENTS; SPILL AND OVERFILL PREVENTION; CORROSION PROTECTION; NOTICE OF VIOLATION;

SHUTDOWN. (a) All piping in an underground storage tank system that routinely conveys regulated substances under pressure must comply with commission requirements for pressurized piping release detection equipment.

(b) All piping in an underground storage tank system that routinely conveys regulated substances under suction must comply with commission requirements for suction-type piping release detection equipment.

(c) A tank in an underground storage tank system must comply with commission requirements for:

- (1) tank release detection equipment; and
- (2) spill and overflow equipment.

(d) An underground storage tank system must comply with commission requirements for applicable tank integrity assessment and corrosion protection not later than December 22, 1998.

(e) The commission may issue a notice of violation to the owner or operator of an underground storage tank system that does not comply with this section, informing the owner or operator of the nature of the violation and that the commission may order the noncomplying underground storage tank system placed out of service if the owner or operator does not correct the violation within 30 days after the date the notice is received. If the owner or operator does not correct the violation within the prescribed time, the commission may order the noncomplying underground storage tank system out of service.

Added by Acts 1995, 74th Leg., ch. 315, Sec. 4, eff. Sept. 1, 1995.

Sec. 26.3476. SECONDARY CONTAINMENT REQUIRED FOR TANKS LOCATED OVER CERTAIN AQUIFERS. (a) In this section, "secondary containment" means a method by which a secondary wall or barrier is installed around an underground storage tank system in a manner designed to prevent a release of a regulated substance from migrating beyond the secondary wall or barrier before the release can be detected. A secondary containment system may include an impervious liner or vault surrounding a primary tank or piping system or a double-wall tank or piping system.

(b) An underground storage tank system, at a minimum, shall incorporate a method for secondary containment if the system is

located in:

(1) the outcrop of a major aquifer composed of limestone and associated carbonate rocks of Cretaceous age or older; and

(2) a county that:

(A) has a population of at least one million and relies on groundwater for at least 75 percent of the county's water supply; or

(B) has a population of at least 75,000 and is adjacent to a county described by Paragraph (A).

(c) Section 26.3475(e) applies to an underground storage tank system that is subject to this section as if a violation of this section were a violation of Section 26.3475.

(d) Notwithstanding Section 26.359(b), a political subdivision under this section may adopt standards for the containment of underground storage tank systems.

Added by Acts 2001, 77th Leg., ch. 965, Sec. 13.01, eff. Sept. 1, 2001.

Sec. 26.348. LEAK DETECTION AND RECORD MAINTENANCE. The commission shall adopt standards of performance for maintaining a leak detection system, an inventory control system together with tank testing, or a comparable system or method designed to identify releases in a manner consistent with the protection of human health and the environment. In addition, the commission shall adopt requirements for maintaining records of any leak detection monitoring that includes inventory control or tank testing system or comparable system.

Added by Acts 1987, 70th Leg., ch. 277, Sec. 1, eff. Sept. 1, 1987.

Sec. 26.349. REPORTING OF RELEASES AND CORRECTIVE ACTION. (a) The commission shall adopt requirements for the reporting of any releases and corrective action taken in response to a release from an underground or aboveground storage tank.

(b) Repealed by Acts 1997, 75th Leg., ch. 1082, Sec. 12, eff. Sept. 1, 1997.

Added by Acts 1987, 70th Leg., ch. 277, Sec. 1, eff. Sept. 1, 1987.

Amended by Acts 1989, 71st Leg., ch. 228, Sec. 6, eff. May 31, 1989.

Sec. 26.350. TANK CLOSURE REQUIREMENTS. The commission shall adopt requirements for the closure of tanks, including the removal, disposal, or removal and disposal of tanks to prevent future releases of regulated substances into the environment.

Added by Acts 1987, 70th Leg., ch. 277, Sec. 1, eff. Sept. 1, 1987.

Sec. 26.351. CORRECTIVE ACTION. (a) The commission shall use risk-based corrective action for taking corrective action in response to a release from an underground or aboveground storage tank.

Corrective action may include:

- (1) site cleanup, including the removal, treatment, and disposal of surface and subsurface contamination;
- (2) removal of underground or aboveground storage tanks;
- (3) measures to halt a release in progress or to prevent future or threatened releases of regulated substances;
- (4) well monitoring, taking of soil borings, and any other actions reasonably necessary to determine the extent of contamination caused by a release;
- (5) providing alternate water supplies; and
- (6) any other action reasonably necessary to protect the public health and safety or the environment from harm or threatened harm due to releases of regulated substances from underground or aboveground storage tanks.

(b) The owner or operator of an underground or aboveground storage tank shall immediately take all reasonable actions to prevent a threatened release of regulated substances from an underground or aboveground storage tank and to abate and remove any releases subject to applicable federal and state requirements. The owner or operator may be ordered to take corrective action under this subchapter.

(c) The commission may undertake corrective action in response to a release or a threatened release if:

- (1) the owner or operator of the underground or aboveground storage tank is unwilling to take corrective action;
- (2) the owner or operator of the underground or aboveground storage tank cannot be found;

(3) the owner or operator of the underground or aboveground storage tank, in the opinion of the executive director, is unable to take the corrective action necessary to protect the public health and safety or the environment; or

(4) notwithstanding any other provision of this chapter, the executive director determines that more expeditious corrective action than is provided by this chapter is necessary to protect the public health and safety or the environment from harm.

(c-1) The commission may undertake corrective action to remove an underground or aboveground storage tank that:

(1) is not in compliance with the requirements of this chapter;

(2) is out of service;

(3) presents a contamination risk; and

(4) is owned or operated by a person who is financially unable to remove the tank.

(c-2) The commission shall adopt rules to implement Subsection (c-1), including rules regarding:

(1) the determination of the financial ability of the tank owner or operator to remove the tank; and

(2) the assessment of the potential risk of contamination from the site.

(d) The commission may retain agents to take corrective action it considers necessary under this section. The agents shall operate under the direction of the executive director. Any expenses arising from corrective action taken by the commission or the executive director may be paid from the waste management account.

(e) The commission has the primary regulatory authority to direct the remediation of a release from an underground or aboveground storage tank that contains petroleum if the release does not present an immediate or imminent threat of fire or explosion.

(f) The person performing corrective action under this section, if the release was reported to the commission on or before December 22, 1998, shall meet the following deadlines:

(1) a complete site assessment and risk assessment (including, but not limited to, risk-based criteria for establishing target concentrations), as determined by the executive director, must be received by the agency no later than September 1, 2002;

(2) a complete corrective action plan, as determined by the executive director and including, but not limited to, completion of

pilot studies and recommendation of a cost-effective and technically appropriate remediation methodology, must be received by the agency no later than September 1, 2003. The person may, in lieu of this requirement, submit by this same deadline a demonstration that a corrective action plan is not required for the site in question under commission rules. Such demonstration must be to the executive director's satisfaction;

(3) for those sites found under Subdivision (2) to require a corrective action plan, that plan must be initiated and proceeding according to the requirements and deadlines in the approved plan no later than March 1, 2004;

(4) for sites which require either a corrective action plan or groundwater monitoring, a comprehensive and accurate annual status report concerning those activities must be submitted to the agency;

(5) for sites which require either a corrective action plan or groundwater monitoring, all deadlines set by the executive director concerning the corrective action plan or approved groundwater monitoring plan shall be met; and

(6) for sites that require either a corrective action plan or groundwater monitoring, have met all other deadlines under this subsection, and have submitted annual progress reports that demonstrate progress toward meeting closure requirements, a site closure request must be submitted to the executive director no later than September 1, 2011. The request must be complete, as judged by the executive director.

(g) For persons regulated under Subsection (f), their failure to comply with any deadline listed in Subsection (f) is a violation of this section and the executive director may enforce such a violation under Chapter 7 of this code. A missed deadline that is the fault of the person, his agent, or contractor shall also eliminate reimbursement eligibility as described at Section 26.3571(b). If it can be established to the executive director's satisfaction that the deadline was not missed at the fault of the person, his agent, or contractor, then reimbursement eligibility is not affected under this subsection.

(h) A person's liability to perform corrective action under this chapter is unrelated to any possible reimbursements the person may be eligible for under Section 26.3571.

(i) The commission shall by rule define "risk-based corrective action" for purposes of this section.

Sec. 26.3511. CORRECTIVE ACTION BY THE COMMISSION. (a)  
Notwithstanding Section 26.351(c) of this code, to the extent that  
the commission pays from the petroleum storage tank remediation  
account or from sources other than the waste management account the  
expenses of the investigations, cleanups, and corrective action  
measures it performs, the commission may undertake those corrective  
action measures described in Section 26.351 of this code in response  
to a release or a threatened release from an underground or  
aboveground storage tank under any circumstances in which the  
commission considers it necessary to protect the public health and  
safety or the environment.

(b) The state, the commission, and their agents or employees  
are not liable for damages arising out of the loss of access to or  
the use of real property or losses to a business located on the real  
property if those damages arise out of a delay in procuring services  
for corrective action, initiating corrective action, or completing  
corrective action on the property. This subsection applies only to  
cases in which the commission undertakes corrective action.

Added by Acts 1989, 71st Leg., ch. 228, Sec. 8, eff. May 31, 1989.  
Amended by Acts 1997, 75th Leg., ch. 333, Sec. 18, eff. Sept. 1,  
1997.

Sec. 26.3512. OWNER OR OPERATOR RESPONSIBILITY; LIMITATIONS ON ACCOUNT PAYMENTS FOR CORRECTIVE ACTION. (a) The provisions of this subchapter relating to the groundwater protection cleanup program and to the petroleum storage tank remediation account do not limit the responsibility or liability of an owner or operator of a petroleum storage tank required to take corrective action under an order issued in accordance with this subchapter by the commission.

(b) Funds from the petroleum storage tank remediation account may not be used to pay, and the owner or operator of a petroleum storage tank ordered by the commission to take corrective action is responsible for payment of, the following:

- (1) the owner or operator contribution described by Subsections (e)-(k);
- (2) any expenses for corrective action that exceed the applicable amount specified by Section 26.3573(m);
- (3) any expenses for corrective action that are not covered by payment from the petroleum storage tank remediation account under the rules or decisions of the commission under this subchapter;
- (4) any expenses for corrective action not ordered or agreed to by the commission;
- (5) any expenses for corrective action incurred for confirmed releases initially discovered and reported to the commission after December 22, 1998; and
- (6) any corrective action expenses for which reimbursement is prohibited under Section 26.3571, 26.3573, or 26.361.

(c) The owner or operator contribution under Subsection (b)(1) of this section may include the costs of site assessment.

(d) Subsection (b)(1) of this section does not prohibit payment from the petroleum storage tank remediation account of expenses incurred by an eligible owner or operator as a result of an order issued by the commission under Section 26.356 of this code if the commission finds that the eligible owner or operator is not responsible for the release from a petroleum storage tank. An eligible owner or operator covered by this subsection is eligible for reimbursement from the petroleum storage tank remediation account for the expenses incurred relating to corrective action that result from the order issued by the commission under Section 26.356 of this code.

(e) If an owner or operator submits a site assessment in

accordance with commission rules before December 23, 1996, the owner or operator shall pay under Subsection (b)(1) the first expenses for corrective action taken for each occurrence as follows:

- (1) a person who owns or operates 1,000 or more single petroleum storage tanks, the first \$10,000;
- (2) a person who owns or operates not fewer than 100 or more than 999 single petroleum storage tanks, the first \$5,000;
- (3) a person who owns or operates not fewer than 13 or more than 99 single petroleum storage tanks, the first \$2,500; and
- (4) a person who owns or operates fewer than 13 single petroleum storage tanks, the first \$1,000.

(f) If an owner or operator does not submit a site assessment in accordance with commission rules before December 23, 1996, the owner or operator shall pay under Subsection (b)(1) the first expenses for corrective action taken for each occurrence as follows:

- (1) a person who owns or operates 1,000 or more single petroleum storage tanks, the first \$20,000;
- (2) a person who owns or operates not fewer than 100 or more than 999 single petroleum storage tanks, the first \$10,000;
- (3) a person who owns or operates not fewer than 13 or more than 99 single petroleum storage tanks, the first \$5,000; and
- (4) a person who owns or operates fewer than 13 single petroleum storage tanks, the first \$2,000.

(g) If an owner or operator's corrective action plan is approved by the commission under Section 26.3572 before June 23, 1998, the owner or operator shall pay under Subsection (b)(1) the amount provided by Subsection (e) for the first expenses for corrective action taken for each occurrence.

(h) If an owner or operator's corrective action plan is not approved by the commission under Section 26.3572 before June 23, 1998, the owner or operator shall pay under Subsection (b)(1) the first expenses for corrective action taken for each occurrence as follows:

- (1) a person who owns or operates 1,000 or more single petroleum storage tanks, the first \$40,000;
- (2) a person who owns or operates not fewer than 100 or more than 999 single petroleum storage tanks, the first \$20,000;
- (3) a person who owns or operates not fewer than 13 or more than 99 single petroleum storage tanks, the first \$10,000; and
- (4) a person who owns or operates fewer than 13 single

petroleum storage tanks, the first \$4,000.

(i) If an owner or operator has a corrective action plan approved by the commission under Section 26.3572 and before December 23, 1999, has met the goals specified in the plan to be met by that date, the owner or operator shall pay under Subsection (b)(1) the amount specified by Subsection (e) for the first expenses for corrective action taken for each occurrence.

(j) If an owner or operator does not have a corrective action plan approved by the commission under Section 26.3572 and before December 23, 1999, has not met the goals specified in the plan to be met by that date, the owner or operator shall pay under Subsection (b)(1) the first expenses for corrective action taken for each occurrence as follows:

(1) a person who owns or operates 1,000 or more single petroleum storage tanks, the first \$80,000;

(2) a person who owns or operates not fewer than 100 or more than 999 single petroleum storage tanks, the first \$40,000;

(3) a person who owns or operates not fewer than 13 or more than 99 single petroleum storage tanks, the first \$20,000; and

(4) a person who owns or operates fewer than 13 single petroleum storage tanks, the first \$8,000.

(k) An owner or operator of a site for which a closure letter has been issued under Section 26.3572 shall pay under Subsection (b)(1) the first \$50,000 of expenses for corrective action for each occurrence.

Added by Acts 1989, 71st Leg., ch. 228, Sec. 8, eff. May 31, 1989.  
Amended by Acts 1991, 72nd Leg., ch. 905, Sec. 2, eff. June 16, 1991;

1997, 75th Leg., ch. 333, Sec. 19, eff. Sept. 1, 1997; Acts 1999,  
76th Leg., ch. 1441, Sec. 6, eff. Sept. 1, 1999; Acts 2001, 77th  
Leg., ch. 965, Sec. 14.04, eff. Sept. 1, 2001; Acts 2001, 77th Leg.,  
ch. 1135, Sec. 4, eff. Sept. 1, 2001.

Sec. 26.3513. LIABILITY AND COSTS: MULTIPLE OWNERS AND OPERATORS. (a) This section applies at a site where the owner and the operator are different persons or at a site where there is more than one underground storage tank, petroleum storage tank, or a combination of both.

(b) Each owner and operator of an underground storage tank or petroleum storage tank at a site to which this section applies and from which a release or threatened release occurs is responsible for taking all corrective action at the site which may be required under this subchapter; provided that liability for the expenses of corrective action among owners and operators may be apportioned as provided by this section.

(c) All owners and operators of underground storage tanks and petroleum storage tanks at a site to which this section applies shall attempt to negotiate a settlement among themselves as to the apportionment of expenses.

(d) If the owners and operators reach a settlement as to the apportionment of expenses on or before the 30th day from the date on which the commission issues an order requiring corrective action, they shall submit the settlement to the commission for review. If the commission approves the settlement, the parties shall be liable for the expenses of taking corrective action in accordance with the approved settlement. Any action for breach of contract on the settlement agreement shall be to the district court of Travis County.

(e) If the parties cannot reach a settlement by the 30th day after the commission issues its order, the commission shall file suit in the district court of Travis County. In its petition, the commission:

(1) shall request the court to apportion the expenses of corrective action among the owners and operators; and

(2) may request the court to award recovery of costs as provided by Section 26.355 of this code. In the alternative, the commission may file an action for recovery of costs at a later time.

(f) Where the owner or operator can prove by a preponderance of the evidence that liability for the expenses of taking corrective action in response to a release or threatened release is divisible, that person shall be liable for the expenses only to the extent that the impact to the groundwater, surface water, or subsurface soils is attributable to the release or threatened release from his underground storage tank or petroleum storage tank.

(g) The court may allocate corrective action costs among liable parties, using such equitable factors as the court determines are appropriate if the evidence is insufficient to establish each party's divisible portion of the liability for corrective action under Subsection (f) of this section and joint and several liability would

impose undue hardship on the owners and operators.

(h) If the court apportions liability for the expenses of corrective action as provided by Subsection (f) or (g) of this section, cost recovery against the owners and operators shall be based on the apportionment.

(i) The commission may use the petroleum storage tank remediation account to take corrective action at any time before, during, or after the conclusion of apportionment proceedings commenced under this section.

(j) Any owner or operator of a petroleum storage tank at the site may voluntarily undertake such corrective action at the site as the commission may agree to or require. An owner or operator who undertakes corrective action pursuant to this subsection may have contribution against all other owners and operators with tanks at the site.

(k) Nothing in this section:

(1) prohibits the commission from using the waste management account to take corrective action as provided by this subchapter and having cost recovery for the waste management account; or

(2) affects the assessment of administrative penalties by the commission for violations of this subchapter or rules or orders adopted thereunder.

(1) At the request of the commission, the attorney general shall file suit on behalf of the commission to seek the relief provided by this section.

(m) The commission shall consider the person who is in day-to-day control of a petroleum storage tank system at a site that is in violation of this subchapter to be the:

(1) person primarily responsible for taking corrective action, for corrective action costs, for receiving a notice of violation, or for paying a penalty assessed; and

(2) primary subject of an enforcement action or order under this subchapter.

Added by Acts 1989, 71st Leg., ch. 228, Sec. 8, eff. May 31, 1989.

Amended by Acts 1995, 74th Leg., ch. 315, Sec. 6, eff. Sept. 1, 1995;

Acts 1997, 75th Leg., ch. 333, Sec. 20, eff. Sept. 1, 1997.

Sec. 26.3514. LIMITS ON LIABILITY OF LENDER. (a) This section applies:

(1) to a lender that has a security or lienhold interest in an underground or aboveground storage tank, in real property on which an underground or aboveground storage tank is located, or in any other personal property attached to or located on property on which an underground or aboveground storage tank is located, as security for a loan to finance the acquisition or development of the property, to finance the removal, repair, replacement, or upgrading of the tank, or to finance the performance of corrective action in response to a release of a regulated substance from the tank; or

(2) to situations in which the real or personal property constitutes collateral for a commercial loan.

(b) A lender is not liable as an owner or operator under this subchapter solely because the lender holds indicia of ownership to protect a security or lienhold interest in property as described by Subsection (a) of this section.

(c) A lender that exercises control over a property before foreclosure to preserve the collateral or to retain revenues from the property for the payment of debt, or that otherwise exercises the control of a mortgagee in possession, is not liable as an owner or operator under this subchapter unless that control leads to action that the commission finds is causing or exacerbating contamination associated with the release of a regulated substance from a tank located on the property.

(d) A lender that has a bona fide security or lienhold interest in any real or personal property as described by Subsection (a) of this section and that forecloses on or receives an assignment or deed in lieu of foreclosure and becomes the owner of that real or personal property is not liable as an owner or operator under this subchapter if the lender removes from service any underground or aboveground storage tanks on the property in accordance with commission rules and takes and with due diligence completes corrective action in response to any release from those tanks in accordance with commission rules. A lender shall begin removal or corrective action as prescribed by the commission within a reasonable time, as set by the commission, after the date on which the lender becomes the owner of the property, but not to exceed 90 days after that date.

(e) If a lender removes a tank from service or takes corrective action at any time before or after foreclosure, the lender shall

perform corrective action in accordance with requirements adopted by the commission under this subchapter.

(f) A lender described by Subsection (a) is not liable as an owner or operator under this subchapter because the lender sells, releases, liquidates, or winds up operations and takes measures to preserve, protect, or prepare the secured aboveground or underground storage tank before sale or other disposition of the storage tank or the property if the lender:

(1) did not participate in the management of an aboveground or underground storage tank or real or personal property described by Subsection (a) before foreclosure or its equivalent on the storage tank or the property; and

(2) establishes, as provided by Subsection (g), that the ownership indicia maintained after foreclosure continue to be held primarily to protect a security interest.

(g) A lender may establish that the ownership indicia maintained after foreclosure continue to be held primarily to protect a security interest if, within 12 months after foreclosure, the lender:

(1) lists the aboveground or underground storage tank, or the facility or property on which the tank is located, with a broker, dealer, or agent who deals in that type of property; or

(2) advertises the aboveground or underground storage tank for sale or other disposition, at least monthly, in:

(A) a real estate publication;

(B) a trade or other publication appropriate for the aboveground or underground storage tank being advertised; or

(C) a newspaper of general circulation in the area in which the aboveground or underground storage tank is located.

(h) For purposes of Subsection (g), the 12-month period begins:

(1) when the lender acquires marketable title, if the lender, after the expiration of any redemption period or other waiting period required by law, was acting diligently to acquire marketable title; or

(2) on the date of foreclosure or its equivalent, if the lender does not act diligently to acquire marketable title.

(i) If a lender outbids, rejects, or does not act on an offer of fair consideration for the aboveground or underground storage tank or the facility or property on which the storage tank is located, it is presumed that the lender is not holding the ownership indicia

primarily to protect the security interest unless the lender is required, in order to avoid liability under federal or state law, to make the higher bid, obtain the higher offer, or seek or obtain an offer in a different manner.

Added by Acts 1991, 72nd Leg., ch. 905, Sec. 3, eff. June 16, 1991.  
Amended by Acts 1995, 74th Leg., ch. 315, Sec. 7, eff. Sept. 1, 1995.

Sec. 26.3515. LIMITS ON LIABILITY OF CORPORATE FIDUCIARY. (a) A corporate fiduciary or its agent is not liable in an individual capacity as an owner or operator of an underground or aboveground storage tank under this subchapter solely because:

(1) the corporate fiduciary or its agent has legal title to real or personal property for purposes of administering a trust or estate of which the property is a part; or

(2) the corporate fiduciary or its agent does not have legal title to the real or personal property but operates or manages the property under the terms of an estate or trust of which the property is a part.

(b) Subsection (a) of this section does not relieve a trust, estate, or beneficiary of any liability the trust, estate, or beneficiary may have as an owner or operator under this subchapter.

Added by Acts 1991, 72nd Leg., ch. 905, Sec. 3, eff. June 16, 1991.

Sec. 26.3516. LIMITS ON LIABILITY OF TAXING UNIT. (a) This section applies to a taxing unit that has foreclosed an ad valorem tax lien on real property on which an underground or aboveground storage tank is located, or on any other personal property attached to or located on property on which an underground or aboveground storage tank is located, as security for payment of ad valorem taxes.

(b) A taxing unit is not liable as an owner or operator under this subchapter solely because the taxing unit holds indicia of ownership because of a tax foreclosure sale under the Tax Code.

(c) If a taxing unit removes a tank from service or takes corrective action at any time after foreclosure, the taxing unit shall perform corrective action in accordance with requirements adopted by the commission under this subchapter.

(d) A taxing unit is not liable as an owner or operator under

this subchapter solely because the taxing unit sells, releases, liquidates, or winds up operations and takes measures to preserve, protect, or prepare the secured aboveground or underground storage tank before sale or other disposition of the storage tank or the property if the taxing unit:

(1) did not participate in the management of an aboveground or underground storage tank or real or personal property described by Subsection (a) before foreclosure or an equivalent action on the storage tank or the property; and

(2) establishes, as provided by Subsection (e), that the ownership indicia maintained after foreclosure continue to be held primarily to protect a payment of ad valorem taxes.

(e) A taxing unit may establish that the ownership indicia maintained after foreclosure continue to be held primarily to protect payment of ad valorem taxes if the taxing unit:

(1) lists the aboveground or underground storage tank, or the facility or property on which the tank is located, with a broker, dealer, or agent who deals in that type of property; or

(2) advertises the aboveground or underground storage tank for sale or other disposition in:

(A) a real estate publication;

(B) a trade or other publication appropriate for the aboveground or underground storage tank being advertised; or

(C) a newspaper of general circulation in the area in which the aboveground or underground storage tank is located.

Added by Acts 1999, 76th Leg., ch. 895, Sec. 1, eff. Sept. 1, 1999.

Sec. 26.352. FINANCIAL RESPONSIBILITY. (a) The commission by rule shall adopt requirements for maintaining evidence of financial responsibility for taking corrective action and compensating third parties for bodily injury and property damage caused by sudden and nonsudden accidental releases arising from operating an underground storage tank.

(b) The rules must require that, after December 22, 1998, the owner or operator of a site for which a closure letter has been issued under Section 26.3572 shall have insurance coverage or evidence of financial responsibility sufficient to satisfy all financial responsibility requirements under federal law or

regulations. The rules must require that an owner or operator of a site that has been issued a closure letter and who is eligible to have a portion of any future corrective action costs paid under Section 26.3512 shall have insurance coverage or evidence of financial responsibility sufficient to satisfy the first expenses for corrective action as provided by Section 26.3512(k).

(c) The commission shall seek the assistance of the Texas Department of Insurance in developing the minimum requirements for insurance coverage required under this section.

(d) A registration certificate issued by the commission under Section 26.346:

(1) may be submitted by an owner or operator of an underground storage tank to the United States Environmental Protection Agency as evidence of the owner's or operator's eligibility for funds for any expense for corrective action incurred for confirmed releases initially discovered and reported to the commission on or before December 22, 1998; and

(2) is not acceptable evidence of financial responsibility for:

(A) an underground storage tank that contains a petroleum substance other than:

(i) a petroleum product; or

(ii) spent oil or hydraulic fluid if the tank is located at a vehicle service and fueling facility and is used as part of the operations of that facility; or

(B) any expenses for corrective action for confirmed releases initially discovered and reported to the commission after December 22, 1998.

(e) An owner or operator of an underground storage tank used for storing petroleum products shall submit annually with the compliance certification form required by Section 26.346 proof that the owner or operator maintains evidence of financial responsibility as required by Subsection (a).

(e-1) An insurance company or other entity that provides insurance coverage or another form of financial assurance to an owner or operator of an underground storage tank for purposes of this section shall notify the commission if the insurance coverage or other financial assurance is canceled or not renewed. The insurance company or other entity shall mail, fax, or e-mail notice not later than the 30th day after the date the coverage terminates. The Texas

Department of Insurance shall adopt rules to implement and enforce this subsection.

(e-2) The owner or operator of a tank for which insurance coverage or other financial assurance has terminated shall dispose of any regulated substance in the tank at a properly licensed facility not later than the 90th day after the coverage terminates, unless the owner or operator provides the commission proof that the owner or operator maintains evidence of financial responsibility as required under Subsection (a).

(f) The commission shall enforce this section and may impose administrative and civil penalties on the owners or operators of underground storage tanks if acceptable evidence of financial responsibility is not maintained. The amount of an administrative or civil penalty imposed under this subsection may not be less than the annual cost, as estimated by the commission, of maintaining the minimum insurance coverage required for the tank as determined under Subsection (c).

(g) An owner or operator commits an offense if the owner or operator operates an underground storage tank knowing that acceptable evidence of financial responsibility does not exist and is subject to criminal prosecution as provided by Subchapter F.

(h) The commission may seek injunctive relief in the district courts of Travis County to force the temporary or permanent closure of an underground storage tank for which acceptable evidence of financial responsibility is not maintained.

(i) The commission may order an owner or operator of an underground storage tank that fails to maintain acceptable evidence of financial responsibility to place the tank out of service in the same manner that the commission may issue such an order under Section 26.3475(e).

Added by Acts 1987, 70th Leg., ch. 277, Sec. 1, eff. Sept. 1, 1987.  
Amended by Acts 1989, 71st Leg., ch. 228, Sec. 9, eff. May 31, 1989;  
Acts 1995, 74th Leg., ch. 315, Sec. 8, eff. Sept. 1, 1995.

Amended by:

Acts 2007, 80th Leg., R.S., Ch. 177 (H.B. 1956), Sec. 1, eff. September 1, 2007.

Sec. 26.354. EMERGENCY ORDERS. The commission may issue an

emergency order to an owner or operator of an underground or aboveground storage tank under Section 5.510.

Added by Acts 1987, 70th Leg., ch. 277, Sec. 1, eff. Sept. 1, 1987.  
Amended by Acts 1989, 71st Leg., ch. 228, Sec. 11, eff. May 31, 1989;  
Acts 1997, 75th Leg., ch. 1072, Sec. 22, eff. Sept. 1, 1997.

Sec. 26.355. RECOVERY OF COSTS. (a) If the commission has incurred any costs in undertaking corrective action or enforcement action with respect to the release of regulated substances from an underground or aboveground storage tank, the owner or the operator of the tank is liable to the state for all reasonable costs of those corrective and enforcement actions and for court costs and reasonable attorney's fees.

(b) An owner or operator of an underground or aboveground storage tank from which a regulated substance is released is liable to the state unless:

(1) the release was caused by:

(A) an act of God;

(B) an act of war;

(C) the negligence of the State of Texas or the United States; or

(D) an act or omission of a third party; or

(2) the site at which the release occurred has been admitted into the petroleum storage tank state-lead program under Section 26.3573(r-1).

(c) The state's right to recover under this section arises whether or not the commission:

(1) uses funds from the waste management account or the petroleum storage tank remediation account; or

(2) receives or will receive funds from the state, the federal government, or any other source for the purpose of corrective action or enforcement.

(d) If the commission uses money from the petroleum storage tank remediation account for corrective action or enforcement and if the costs are recovered under this section, the commission may not recover more than the amount of the applicable owner or operator contribution described by Section 26.3512 of this code from an eligible owner or operator for corrective action for each occurrence.

However, this limitation is not applicable to cost recovery actions initiated by the executive director at sites where the executive director has determined that the owner or operator is in violation of Section 26.351(f).

(e) An indemnification, hold harmless, or similar agreement or conveyance is not effective to transfer the liability imposed under this section from the owner or operator of an underground or aboveground storage tank or from a person who may be liable for a release or threat of release to any other person. This section does not bar any agreement to insure, hold harmless, or indemnify a party to the agreement for any liability under this section.

(f) This section does not bar a cause of action that an owner or operator or any other person subject to liability under this section or a guarantor has or would have by reason of subrogation or otherwise against any person.

(g) At the request of the commission, the attorney general shall initiate court proceedings to recover costs under this section.

(h) Except as provided by Subsection (i) of this section, money recovered in a court proceeding under this section shall be deposited in the State Treasury to the credit of the waste management account.

(i) If the commission uses money from the petroleum storage tank remediation account for corrective action or enforcement as provided by this subchapter, money recovered in a court proceeding under this section shall be deposited in the state treasury to the credit of the petroleum storage tank remediation account.

Acts 2005, 79th Leg., Ch. 722 (S.B. 485), Sec. 5, eff. September 1, 2005.

Acts 2005, 79th Leg., Ch. 899 (S.B. 1863), Sec. 5.02, eff. September 1, 2005.

Acts 2005, 79th Leg., Ch. 1256 (H.B. 1987), Sec. 5, eff. September 1, 2005.

Sec. 26.356. INSPECTIONS, MONITORING, AND TESTING. (a) For the purposes of developing or assisting in the development of a regulation, conducting a study, or enforcing this subchapter, an owner or operator of an underground or aboveground storage tank, on the request of the commission, shall:

(1) furnish information relating to the tank, including tank equipment and contents; and

(2) permit a designated agent or employee of the commission at all reasonable times to have access to and to copy all records relating to the tank.

(b) For the purposes of developing or assisting in the development of a regulation, conducting a study, or enforcing this subchapter, the commission, its designated agent, or employee may:

(1) enter at reasonable times an establishment or place in which an underground or aboveground storage tank is located;

(2) inspect and obtain samples of a regulated substance contained in the tank from any person; and

(3) conduct monitoring or testing of the tank, associated equipment, contents, or surrounding soils, air, surface water, or groundwater.

(c) The commission may order an owner or an operator of an underground or aboveground storage tank to conduct monitoring and testing if the commission finds that there is reasonable cause to believe that a release has occurred in the area in which the underground or aboveground storage tank is located.

(d) Each inspection made under this section must be begun and completed with reasonable promptness. Before a designated agent or employee of the commission enters private property to carry out a function authorized under this section, the agent or employee must give reasonable notice and exhibit proper identification to the manager or owner of the property or to another appropriate person, as provided by commission rule. The commission's designated agent or employee must observe the regulations of the establishment being inspected, including regulations regarding safety, internal security, and fire protection.

Added by Acts of 1987, 70th Leg., ch. 277, Sec. 1, eff. Sept. 1, 1987. Amended by Acts 1989, 71st Leg., ch. 228, Sec. 13, eff. May 31, 1989.

Sec. 26.357. STANDARDS AND RULES. (a) Standards and rules concerning underground storage tanks adopted by the commission under this subchapter must be at least as stringent as the federal requirements under Title VI of the Hazardous and Solid Waste Amendments of 1984 (42 U.S.C. Section 6901 et seq.).

(b) The commission may not impose standards or rules more stringent than the federal requirements unless the commission determines that more stringent standards or rules are necessary to protect human health or the environment.

Added by Acts 1987, 70th Leg., ch. 277, Sec. 1, eff. Sept. 1, 1987.  
Amended by Acts 1989, 71st Leg., ch. 228, Sec. 14, eff. May 31, 1989.

Sec. 26.3571. ELIGIBLE OWNER OR OPERATOR. (a) The commission by rule shall establish criteria to be met by a person to qualify as an eligible owner or operator.

(b) To be an eligible owner or operator for purposes of this subchapter, a person must not have missed any of the deadlines described in Section 26.351(f) and must:

(1) be one of the following:

(A) an owner or operator of a petroleum storage tank that is subject to regulation under this subchapter;

(B) an owner of land that can clearly prove that the land has been contaminated by a release of petroleum products from a petroleum storage tank that is subject to regulation under this subchapter, whether or not the tank is still attached to that land;  
or

(C) a lender that has a bona fide security or lienhold interest in or mortgage lien on any property contaminated by the release of petroleum products from a petroleum storage tank subject to regulation under this subchapter, or that forecloses on or receives an assignment or deed in lieu of foreclosure and becomes the owner of such property;

(2) be in compliance with this subchapter as determined by the commission; and

(3) meet qualifying criteria established by the commission under Subsection (a) of this section.

(c) The commission by rule may prescribe special conditions, consistent with the objective of formulating an overall plan for

remediation of an entire contaminated site, for designating as an eligible owner:

(1) a person described by Subsection (b)(1)(B) of this section who owns land contaminated by a release of petroleum products from a tank that was or is located on property the person does not own; or

(2) a lender described by Subsection (b)(1)(C) of this section.

(d) In determining whether an owner or operator is in compliance with this subchapter, the commission may consider such factors as the owner's or operator's compliance with tank registration, release detection and reporting, and corrective action requirements.

(e) The commission shall designate a person as an eligible owner or operator for purposes of this subchapter as provided by this section.

(f) The commission may not establish any requirements for eligibility under this section that are not consistent with this subchapter or with federal law and federal regulations.

(g) An otherwise eligible owner or operator who misses a deadline referenced in Subsection (b) shall be considered ineligible for reimbursement under this subchapter.

(h) Nothing in this section reduces the liability to perform corrective action created under Section 26.351 and other parts of this subchapter.

Added by Acts 1989, 71st Leg., ch. 228, Sec. 15, eff. May 31, 1989.  
Amended by Acts 1991, 72nd Leg., ch. 905, Sec. 5, eff. June 16, 1991;  
Acts 2001, 77th Leg., ch. 965, Sec. 14.06, eff. Sept. 1, 2001; Acts  
2001, 77th Leg., ch. 1135, Sec. 6, eff. Sept. 1, 2001.

Sec. 26.3572. GROUNDWATER PROTECTION CLEANUP PROGRAM. (a) The groundwater protection cleanup program is established, and the commission shall administer that program.

(b) In administering the program, the commission shall:

(1) negotiate with or direct responsible parties in site assessment and remediation matters using risk-based corrective action;

(2) approve site-specific corrective action plans for each

site as necessary, using risk-based corrective action;

(3) review and inspect site assessment and remedial activities and reports;

(4) use risk-based corrective action procedures as determined by commission rule to establish cleanup levels;

(5) adopt by rule criteria for assigning a priority to each site using risk-based corrective action and assign a priority to each site according to those criteria;

(6) adopt by rule criteria for:

(A) risk-based corrective action site closures; and

(B) the issuance of a closure letter to the owner or operator of a tank site on completion of the commission's corrective action requirements; and

(7) process claims for petroleum storage tank remediation account disbursement in accordance with this subchapter.

(c) The commission by rule may approve site assessment methodologies. The commission shall approve or disapprove a site assessment or corrective action plan, as defined by commission rule, on or before the 30th day after the commission receives the assessment or plan. The commission shall adopt by rule criteria to be used to determine:

(1) the necessity for site assessment; and

(2) the nature of the site assessment required.

(d) The commission may not approve a corrective action plan until the commission and the owner or operator of the site by agreement set specific goals in the plan for completing discrete corrective action tasks before specified dates. The owner or operator is responsible for meeting the goals.

Added by Acts 1989, 71st Leg., ch. 228, Sec. 16, eff. May 31, 1989.

Amended by Acts 1995, 74th Leg., ch. 315, Sec. 9, eff. Sept. 1, 1995; Acts 1997, 75th Leg., ch. 333, Sec. 22, eff. Sept. 1, 1997; Acts 2001, 77th Leg., ch. 965, Sec. 14.07, eff. Sept. 1, 2001; Acts 2001, 77th Leg., ch. 1135, Sec. 7, eff. Sept. 1, 2001.

Sec. 26.3573. PETROLEUM STORAGE TANK REMEDIATION ACCOUNT. (a) The petroleum storage tank remediation account is an account in the general revenue fund. The commission shall administer the account in accordance with this subchapter.

(b) The petroleum storage tank remediation account consists of money from:

- (1) fees charged under Section 26.3574 of this code;
- (2) the interest and penalties for the late payment of the fee charged under Section 26.3574 of this code;
- (3) funds received from cost recovery for corrective action and enforcement actions concerning petroleum storage tanks as provided by this subchapter; and
- (4) temporary cash transfers and other transfers from the general revenue fund authorized by Section 403.092(c), Government Code.

(c) Interest earned on amounts in the petroleum storage tank remediation account shall be credited to the general revenue fund.

(d) The commission may use the money in the petroleum storage tank remediation account to pay:

- (1) necessary expenses associated with the administration of the petroleum storage tank remediation account and the groundwater protection cleanup program;
- (2) expenses associated with investigation, cleanup, or corrective action measures performed in response to a release or threatened release from a petroleum storage tank, whether those expenses are incurred by the commission or pursuant to a contract between a contractor and an eligible owner or operator as authorized by this subchapter;
- (3) subject to the conditions of Subsection (f), expenses associated with investigation, cleanup, or corrective action measures performed in response to a release or threatened release of hydraulic fluid or spent oil from hydraulic lift systems or tanks located at a vehicle service and fueling facility and used as part of the operations of that facility;
- (4) expenses associated with assuring compliance with the commission's applicable underground or aboveground storage tank administrative and technical requirements, including technical assistance and support, inspections, enforcement, and the provision of matching funds for grants; and
- (5) expenses associated with investigation, cleanup, or corrective action measures performed under Section 26.351(c-1).

(e) To consolidate appropriations, the commission may transfer from the petroleum storage tank remediation account to the waste management account an amount equal to the amounts authorized under

Subsections (d)(1) and (4), subject to the requirements of those subsections.

(f) The commission may pay from the account expenses under Subsection (d)(3) of this section, whether or not the hydraulic fluid or spent oil contamination is mixed with petroleum product contamination, but the commission may require an eligible owner or operator to demonstrate that the release of spent oil is not mixed with any substance except:

- (1) hydraulic fluid from a hydraulic lift system;
- (2) petroleum products from a petroleum storage tank

system; or

(3) another substance that was contained in the hydraulic lift system or the spent oil tank owned or operated by the person claiming reimbursement.

(g) The commission, in accordance with this subchapter and rules adopted under this subchapter, may:

(1) contract directly with a person to perform corrective action and pay the contractor from the petroleum storage tank remediation account;

(2) reimburse an eligible owner or operator from the petroleum storage tank remediation account for the expenses of a corrective action that was:

(A) performed on or after September 1, 1987; and

(B) conducted in response to a confirmed release that was initially discovered and reported to the commission on or before December 22, 1998; or

(3) pay the claim of a person who has contracted with an eligible owner or operator to perform corrective action with funds from the petroleum storage tank remediation account.

(h) The commission shall administer the petroleum storage tank remediation account and by rule adopt guidelines and procedures for the use of and eligibility for that account, subject to the availability of money in that account, as the commission finds necessary to:

(1) make the most efficient use of the money available, including:

(A) establishing priorities for payments from the account; and

(B) suspending payments from the account; and

(2) provide the most effective protection to the

environment and provide for the public health and safety.

(i) Consistent with the objectives provided under Subsection (h) of this section and this subchapter, the commission may by rule adopt:

(1) guidelines the commission considers necessary for determining the amounts that may be paid from the petroleum storage tank remediation account; and

(2) guidelines concerning reimbursement for expenses incurred by an eligible owner or operator and covered under Section 26.3512(d) of this code.

(j) Repealed by Acts 2001, 77th Leg., ch. 880, Sec. 25(1), eff. Sept. 1, 2001.

(k) The commission shall hear any complaint regarding the payment of a claim from the petroleum storage tank remediation account arising from a contract between a contractor and an eligible owner or operator. A hearing held under this subsection shall be conducted in accordance with the procedures for a contested case under Chapter 2001, Government Code. An appeal of a commission decision under this subsection shall be to the district court of Travis County and the substantial evidence rule applies.

(l) The commission shall satisfy a claim for payment that is eligible to be paid under this subchapter and the rules adopted under this subchapter made by a contractor, from the petroleum storage tank remediation account as provided by this section and rules adopted by the commission under this section, regardless of whether the commission:

(1) contracts directly for the goods or services; or

(2) pays a claim under a contract executed by a petroleum storage tank owner or operator.

(m) The commission may use any amount up to \$1 million from the petroleum storage tank remediation account to pay expenses associated with the corrective action for each occurrence taken in response to a release from a petroleum storage tank.

(n) The petroleum storage tank remediation account may not be used for corrective action taken in response to a release from an underground storage tank if the sole or principal substance in the tank is a hazardous substance.

(o) The petroleum storage tank remediation account may be used to pay for corrective action in response to a release whether the action is taken inside or outside of the boundaries of the property

on which the leaking petroleum storage tank is located.

(p) The petroleum storage tank remediation account may not be used to compensate third parties for bodily injury or property damage.

(q) Notwithstanding any other law to the contrary, an owner or operator, or an agent of an owner or operator, is not entitled to and may not be paid interest on any claim for payment from the petroleum storage tank remediation account.

(r) Except as provided by Subsection (r-1), the petroleum storage tank remediation account may not be used to reimburse any person for corrective action performed after September 1, 2005.

(r-1) In this subsection, "state-lead program" means the petroleum storage tank state-lead program administered by the commission. The executive director shall grant an extension for corrective action reimbursement to a person who is an eligible owner or operator under Section 26.3571. The petroleum storage tank remediation account may be used to reimburse an eligible owner or operator for corrective action performed under an extension before August 31, 2011. Not later than July 1, 2011, an eligible owner or operator who is granted an extension under this subsection may apply to the commission in writing using a form provided by the commission to have the site subject to corrective action placed in the state-lead program. The eligible owner or operator must agree in the application to allow site access to state personnel and state contractors as a condition of placement in the state-lead program under this subsection. On receiving the application for placement in the state-lead program under this subsection, the executive director by order shall place the site in the state-lead program until the corrective action is completed to the satisfaction of the commission. An eligible owner or operator of a site that is placed in the state-lead program under this subsection is not liable to the commission for any costs related to the corrective action.

(s) The petroleum storage tank remediation account may not be used to reimburse any person for corrective action contained in a reimbursement claim filed with the commission after March 1, 2012.

(t) The commission may prohibit the use of the petroleum storage tank remediation account to pay for corrective action if the action is taken by:

(1) a contractor who is not registered under Section 26.364; or

(2) a supervisor who is not licensed under Section 26.366.

(u) The petroleum storage tank remediation account may not be used to pay for a site remediation that involves the installation or construction of on-site equipment, structures, or systems used in the extraction or management of wastes, except for soil excavation and landfill disposal or well sampling and monitoring, unless:

(1) the plans and specifications for the equipment, structures, or systems are sealed by an engineer licensed by the Texas Board of Professional Engineers; and

(2) the equipment, structures, or systems are constructed under the supervision of an engineer licensed by the Texas Board of Professional Engineers.

Sec. 26.35731. CONSIDERATION AND PROCESSING OF APPLICATIONS FOR

REIMBURSEMENT. (a) Except as provided by Subsection (b), the commission shall consider and process a claim by an eligible owner or operator for reimbursement from the petroleum storage tank remediation account in the order in which it is received. The commission shall consider and process all claims by eligible owners and operators for reimbursement from the account that were received before September 1, 1995, before the commission considers a claim received after that date.

Text of subsection as amended by Acts 2005, 79th Leg., R.S., Ch. 722 (S.B. 485), Sec. 7

(b) The commission may postpone considering, processing, or paying a claim for reimbursement from the petroleum storage tank remediation account for corrective action work begun without prior commission approval after September 1, 1993, that is filed with the commission before January 1, 2005.

Text of subsection as amended by Acts 2005, 79th Leg., R.S., Ch. 899 (S.B. 1863), Sec. 5.03

(b) The commission has discretion whether to postpone considering, processing, or paying a claim for reimbursement from the petroleum storage tank remediation account for corrective action work begun without prior commission approval after September 1, 1993, and filed with the commission prior to January 1, 2005.

(c) Not later than the 90th day after the date on which the commission receives a completed application for reimbursement from the petroleum storage tank remediation account, the commission shall send a fund payment report to the owner or operator of a petroleum storage tank system that is seeking reimbursement, if sufficient funds are available to make the payment.

Added by Acts 1995, 74th Leg., ch. 315, Sec. 11, eff. Sept. 1, 1995.

Amended by Acts 1997, 75th Leg., ch. 333, Sec. 24, eff. Sept. 1, 1997; Acts 1999, 76th Leg., ch. 1441, Sec. 7, eff. Sept. 1, 1999; Acts 2003, 78th Leg., ch. 200, Sec. 6(b), eff. Sept. 1, 2003.

Amended by:

Acts 2005, 79th Leg., Ch. 722 (S.B. 485), Sec. 7, eff. September 1, 2005.

Acts 2005, 79th Leg., Ch. 899 (S.B. 1863), Sec. 5.03, eff. September 1, 2005.

Sec. 26.35735. CLAIMS AUDIT. (a) The commission annually shall audit claims for payment from the petroleum storage tank remediation account.

(b) The commission shall conduct the audit in accordance with generally accepted accounting standards as prescribed by the American Institute of Certified Public Accountants, the Governmental Accounting Standards Board, the United States General Accounting Office, or other professionally recognized entities that prescribe auditing standards.

(c) The commission may use generally recognized sampling techniques to audit claims if the commission determines that the use of those techniques would be cost-effective and would promote greater efficiency in administering claims for payment from the petroleum storage tank remediation account.

(d) The commission may adopt rules necessary to implement this section.

(e) The commission may audit a claim for payment as required by this section only:

(1) under guidelines adopted by commission rule that relate to conducting an audit under this section and denying a claim as a result of that audit and that are in effect when the audit is conducted; or

(2) in a case of suspected fraud.

(f) Not later than the 90th day after an audit under this section has been completed, the commission shall send a copy of the audit to the person whose claim for payment is the subject of the audit.

Added by Acts 1993, 73rd Leg., ch. 533, Sec. 3, eff. Sept. 1, 1993.  
Amended by Acts 1995, 74th Leg., ch. 315, Sec. 12, eff. Sept. 1, 1995; Acts 1997, 75th Leg., ch. 333, Sec. 25, eff. Sept. 1, 1997.

Sec. 26.3574. FEE ON DELIVERY OF CERTAIN PETROLEUM PRODUCTS.

(a) In this section:

(1) "Bulk facility" means a facility, including pipeline terminals, refinery terminals, rail and barge terminals, and associated underground and aboveground tanks, connected or separate, from which petroleum products are withdrawn from bulk and delivered into a cargo tank or a barge used to transport those products. This

term does not include petroleum products consumed at an electric generating facility.

(2) "Cargo tank" means an assembly that is used for transporting, hauling, or delivering liquids and that consists of a tank having one or more compartments mounted on a wagon, truck, trailer, railcar, or wheels.

(3) "Withdrawal from bulk" means the removal of a petroleum product from a bulk facility storage tank for delivery directly into a cargo tank or a barge to be transported to another location other than another bulk facility for distribution or sale in this state.

(b) A fee is imposed on the delivery of a petroleum product on withdrawal from bulk of that product as provided by this subsection. Each operator of a bulk facility on withdrawal from bulk of a petroleum product shall collect from the person who orders the withdrawal a fee in an amount determined as follows:

(1) not more than \$3.75 for each delivery into a cargo tank having a capacity of less than 2,500 gallons;

(2) not more than \$7.50 for each delivery into a cargo tank having a capacity of 2,500 gallons or more but less than 5,000 gallons;

(3) not more than \$11.75 for each delivery into a cargo tank having a capacity of 5,000 gallons or more but less than 8,000 gallons;

(4) not more than \$15.00 for each delivery into a cargo tank having a capacity of 8,000 gallons or more but less than 10,000 gallons; and

(5) not more than \$7.50 for each increment of 5,000 gallons or any part thereof delivered into a cargo tank having a capacity of 10,000 gallons or more.

(b-1) The commission by rule shall set the amount of the fee in Subsection (b) in an amount not to exceed the amount necessary to cover the agency's costs of administering this subchapter, as indicated by the amount appropriated by the legislature from the petroleum storage tank remediation account for that purpose.

(c) The fee collected under Subsection (b) of this section shall be computed on the net amount of a petroleum product delivered into a cargo tank.

(d) A person who imports a petroleum product in a cargo tank or a barge destined for delivery into an underground or aboveground storage tank, regardless of whether or not the tank is exempt from

regulation under Section 26.344 of this code, other than a storage tank connected to or part of a bulk facility in this state, shall pay to the comptroller a fee on the number of gallons imported, computed as provided by Subsections (b) and (c) of this section. If a bulk facility operator imports a petroleum product in a cargo tank or a barge, the bulk facility operator is not required to pay the fee on that imported petroleum product if the petroleum product is delivered to a bulk facility from which the petroleum product will be withdrawn from bulk.

(e) A bulk facility operator who receives petroleum products on which the fee has been paid may take credit for the fee paid on monthly reports.

(f) Subsection (b) of this section does not apply to a delivery of a petroleum product destined for export from this state if the petroleum product is in continuous movement to a destination outside this state.

(g) Each operator of a bulk facility and each person covered by Subsection (d) of this section shall file an application with the comptroller for a permit to deliver a petroleum product into a cargo tank destined for delivery to an underground or aboveground storage tank, regardless of whether or not the tank is exempt from regulation under Section 26.344 of this code. A permit issued by the comptroller under this subsection is valid on and after the date of its issuance and until the permit is surrendered by the holder or canceled by the comptroller. An applicant for a permit issued under this subsection must use a form adopted or approved by the comptroller that contains:

(1) the name under which the applicant transacts or intends to transact business;

(2) the principal office, residence, or place of business in this state of the applicant;

(3) if the applicant is not an individual, the names of the principal officers of an applicant corporation, or the name of the member of an applicant partnership, and the office, street, or post office address of each; and

(4) any other information required by the comptroller.

(h) A permit must be posted in a conspicuous place or kept available for inspection at the principal place of business of the owner. A copy of the permit must be kept at each place of business or other place of storage from which petroleum products are delivered

into cargo tanks and in each motor vehicle used by the permit holder to transport petroleum products by him for delivery into petroleum storage tanks in this state.

(i) Each operator of a bulk facility and each person covered by Subsection (d) of this section shall:

(1) list, as a separate line item on an invoice or cargo manifest required under this section, the amount of the delivery fee due under this section; and

(2) on or before the 25th day of the month following the end of each calendar month, file a report with the comptroller and remit the amount of fees required to be collected or paid during the preceding month.

(j) Each operator of a bulk facility or his representative and each person covered by Subsection (d) of this section shall prepare the report required under Subsection (i) of this section on a form provided or approved by the comptroller.

(k) The cargo manifests or invoices or copies of the cargo manifests or invoices and any other records required under this section or rules of the comptroller must be maintained for a period of four years after the date on which the document or other record is prepared and be open for inspection by the comptroller at all reasonable times.

(l) As provided by the rules of the comptroller, the owner or lessee of a cargo tank or a common or contract carrier transporting a petroleum product shall possess a cargo manifest or an invoice showing the delivery point of the product, the amount of the required fee, and other information as required by rules of the comptroller.

(m) The comptroller shall adopt rules necessary for the administration, collection, reporting, and payment of the fees payable or collected under this section.

(n) A person who fails to file a report as provided by Subsection (i) of this section or who possesses a fee collected or payable under this section and who fails to remit the fee to the comptroller at the time and in the manner required by this section and rules of the comptroller shall pay a penalty of five percent of the amount of the fee due and payable. If the person fails to file the report or pay the fee before the 30th day after the date on which the fee or report is due, the person shall pay a penalty of an additional five percent of the amount of the fee due and payable.

(o) Chapters 101 and 111-113, and Sections 162.005, 162.007,

and 162.111(b)-(k), Tax Code, apply to the administration, payment, collection, and enforcement of fees under this section in the same manner that those chapters apply to the administration, payment, collection, and enforcement of taxes under Title 2, Tax Code.

(p) The comptroller may add a penalty of 75 percent of the amount of the fee, penalty, and interest due if failure to file the report or pay the fee when it comes due is attributable to fraud or an intent to evade the application of this section or a rule made under this section or Chapter 111, Tax Code.

(q) The comptroller may require a bond or other security from a permittee and may establish the amount of the bond or other security.

(r) A person forfeits to the state a civil penalty of not less than \$25 nor more than \$200 if the person:

(1) refuses to stop and permit the inspection and examination of a motor vehicle transporting petroleum products on demand of a peace officer or the comptroller;

(2) fails or refuses to comply with or violates a provision of this section; or

(3) fails or refuses to comply with or violates a comptroller's rule for administering or enforcing this section.

(s) A person commits an offense if the person:

(1) refuses to stop and permit the inspection and examination of a motor vehicle transporting petroleum products on the demand of a peace officer or the comptroller;

(2) makes a delivery of petroleum products into cargo tanks on which he knows the fee is required to be collected, if at the time the delivery is made he does not hold a valid permit issued under this section;

(3) makes a delivery of petroleum products imported into this state on which he knows a fee is required to be collected, if at the time the delivery is made he does not hold a valid permit issued under this section;

(4) refuses to permit the comptroller or the attorney general to inspect, examine, or audit a book or record required to be kept by any person required to hold a permit under this section;

(5) refuses to permit the comptroller or the attorney general to inspect or examine any plant, equipment, or premises where petroleum products are stored or delivered into cargo tanks;

(6) refuses to permit the comptroller or the attorney general to measure or gauge the contents of or take samples from a

storage tank or container on premises where petroleum products are stored or delivered into cargo tanks;

(7) is required to hold a permit under this section and fails or refuses to make or deliver to the comptroller a report required by this section to be made and delivered to the comptroller;

(8) refuses, while transporting petroleum products, to stop the motor vehicle he is operating when called on to do so by a person authorized to stop the motor vehicle;

(9) transports petroleum products for which a cargo manifest is required to be carried without possessing or exhibiting on demand by an officer authorized to make the demand a cargo manifest containing the information required to be shown on the manifest;

(10) mutilates, destroys, or secretes a book or record required by this section to be kept by any person required to hold a permit under this section;

(11) is required to hold a permit under this section or is the agent or employee of that person and makes a false entry or fails to make an entry in the books and records required under this section to be made by the person;

(12) transports in any manner petroleum products under a false cargo manifest;

(13) engages in a petroleum products transaction that requires that the person have a permit under this section without then and there holding the required permit;

(14) makes and delivers to the comptroller a report required under this section to be made and delivered to the comptroller, if the report contains false information;

(15) forges, falsifies, or alters an invoice or manifest prescribed by law; or

(16) fails to remit any fees collected by any person required to hold a permit under this section.

(t) The following criminal penalties apply to the offenses enumerated in Subsection (s) of this section:

(1) an offense under Subdivision (1) is a Class C misdemeanor;

(2) an offense under Subdivisions (2) through (7) is a Class B misdemeanor;

(3) an offense under Subdivisions (8) and (9) is a Class A misdemeanor;

(4) an offense under Subdivisions (10) through (15) is a felony of the third degree;

(5) an offense under Subdivision (16) is a felony of the second degree; and

(6) violations of three or more separate offenses under Subdivisions (10) through (15) committed pursuant to one scheme or continuous course of conduct may be considered as one offense and are punished as a felony of the second degree.

(u) The court may not fine a corporation or association under Section 12.51(c), Penal Code, unless the amount of the fine under that subsection is greater than the amount that could be fixed by the court under Section 12.51(b), Penal Code.

(v) In addition to a sentence imposed on a corporation, the court shall give notice of the conviction to the attorney general as required by Article 17A.09, Code of Criminal Procedure.

(w) The comptroller shall deduct two percent of the amount collected under this section as the state's charge for its services and shall credit the amount deducted to the general revenue fund. The balance of the fees, penalties, and interest collected by the comptroller shall be deposited in the state treasury to the credit of the petroleum storage tank remediation account.

(x) The commission shall report to the Legislative Budget Board at the end of each fiscal quarter on the financial status of the petroleum storage tank remediation account.

Added by Acts 1989, 71st Leg., ch. 228, Sec. 17, eff. May 31, 1989.  
Amended by Acts 1995, 74th Leg., ch. 315, Sec. 13, eff. Sept. 1, 1995; Acts 1997, 75th Leg., ch. 333, Sec. 26, eff. Sept. 1, 1997; Acts 1999, 76th Leg., ch. 1442, Sec. 2, eff. Sept. 1, 1999; Acts 2001, 77th Leg., ch. 965, Sec. 14.09, eff. Sept. 1, 2001; Acts 2001, 77th Leg., ch. 1135, Sec. 9, eff. Sept. 1, 2001.

Amended by:

Acts 2005, 79th Leg., Ch. 899 (S.B. 1863), Sec. 5.05, eff. September 1, 2005.

Acts 2007, 80th Leg., R.S., Ch. 1109 (H.B. 3554), Sec. 3, eff. August 27, 2007.

Acts 2009, 81st Leg., R.S., Ch. 1227 (S.B. 1495), Sec. 40, eff. September 1, 2009.

Acts 2011, 82nd Leg., R.S., Ch. 1021 (H.B. 2694), Sec. 4.19, eff. September 1, 2011.

For expiration of this section, see Subsection (e).

Sec. 26.35745. REPORT ON CORRECTIVE ACTIONS FOR PETROLEUM CONTAMINATED SITES AND FEES NECESSARY TO CONCLUDE PROGRAM. (a) The commission annually shall prepare a report regarding the status of corrective actions for sites reported to the commission under this subchapter as having had a release needing corrective action. The commission must issue the report to the legislature on or before November 1 of each year.

(b) Regarding sites reported to the commission under this subchapter as having had a release needing corrective action on or before December 22, 1998, and that remain in the commission's PST State-Lead Program on September 1, 2013, the report must include:

- (1) the total number of sites;
- (2) the total number of sites for which corrective action is ongoing;
- (3) the total number of sites monitored;
- (4) the projected costs of the corrective actions;
- (5) the projected costs of monitoring;
- (6) a projected timeline for issuing closure letters under this subchapter for all of the sites; and
- (7) for each site, the corrective action activities proposed and completed during the preceding state fiscal year.

(c) Regarding sites reported to the commission under this subchapter as having had a release needing corrective action after December 22, 1998, for which the commission has elected to assume responsibility for undertaking corrective action under this subchapter, the report must include:

- (1) the current status of each site;
- (2) the costs associated with the corrective action activities performed during the preceding state fiscal year for the sites;
- (3) amounts recovered under Section 26.355 related to the sites; and
- (4) enforcement actions taken against owners and operators related to those sites.

(d) The commission shall investigate the amount of fees that would be necessary to cover the costs necessary to conclude the programs and activities under this subchapter before September 1,

2021. The commission shall include in the annual report under this section the conclusions of the investigation and the commission's recommendations regarding the fees and programs and activities.

(e) This section expires September 1, 2021.

Added by Acts 2013, 83rd Leg., R.S., Ch. 835 (H.B. 7), Sec. 18, eff. June 14, 2013.

Sec. 26.358. COLLECTION, USE, AND DISPOSITION OF STORAGE TANK FEES AND OTHER REVENUES. (a) Revenues collected by the commission under this section shall be deposited to the credit of the waste management account.

(b) Under this subchapter, the commission may collect:

(1) fees imposed on facilities with underground or aboveground storage tanks used for the storage of regulated substances;

(2) the interest and penalties imposed under this section for the late payment of those fees;

(3) funds received from cost recovery for corrective and enforcement actions taken under this subchapter, except as provided by Subsection (c) of this section;

(4) funds received from insurers, guarantors, or other sources of financial responsibility; and

(5) funds from the federal government and other sources for use in connection with the storage tank program.

(c) If the commission uses money from the petroleum storage tank remediation account for corrective action or enforcement as provided by this subchapter, money recovered in a court proceeding under Section 26.355 of this code shall be deposited in the state treasury to the credit of the petroleum storage tank remediation account.

(d) The commission shall impose an annual facility fee on a facility that operates one or more underground or aboveground storage tanks if the fee charged under Section 26.3574 is discontinued. The commission may also impose reasonable interest and penalties for late payment of the fee as provided by commission rule. The commission may establish a fee schedule that will generate an amount of money sufficient to fund the commission's budget for the regulatory program regarding underground and aboveground storage tanks authorized by

this subchapter.

(e) Under this subchapter, the commission may use money in the waste management account to:

- (1) pay the costs of taking corrective action;
- (2) provide matching funds for grants and to fund contracts executed under this subchapter; and
- (3) pay for administrative expenses, rules development, enforcement, monitoring, and inspection costs, and other costs incurred in the course of carrying out the purposes and duties of this subchapter.

(f) The amount of an annual fee that the commission may impose on a facility under Subsection (d) is equal to the amount set by the commission for each aboveground storage tank and for each underground storage tank operated at the facility.

(g) The commission shall collect any fees imposed under this section on dates set by commission rule. The period between collection dates may not exceed two years.

(h) The commission shall adopt rules necessary to administer this section.

Added by Acts 1987, 70th Leg., ch. 277, Sec. 1, eff. Sept. 1, 1987.

Amended by Acts 1989, 71st Leg., ch. 228, Sec. 18, eff. May 31, 1989;  
Acts 1997, 75th Leg., ch. 333, Sec. 27, eff. Sept. 1, 1997.

Amended by:

Acts 2007, 80th Leg., R.S., Ch. 1109 (H.B. [3554](#)), Sec. 4, eff. August 27, 2007.

Sec. 26.359. LOCAL REGULATION OR ORDINANCE. (a) In this section, "local government" means a school district, county, municipality, junior college district, river authority, water district or other special district, or other political subdivision created under the constitution or a statute of this state.

(b) A regulation or ordinance adopted by a local government that imposes standards for the design, construction, installation, or operation of underground storage tanks is not valid.

Text of subsec. (c) as amended by Acts 2001, 77th Leg., ch. 965, Sec. 14.10

(c) This section does not apply to a regulation or ordinance in effect as of January 1, 2001.

Text of subsec. (c) as amended by Acts 2001, 77th Leg., ch. 966, Sec. 11.02

(c) This section does not apply to a rule adopted by the Edwards Aquifer Authority, or to a regulation or ordinance in effect as of January 1, 2001, or thereafter amended.

Added by Acts 1987, 70th Leg., ch. 277, Sec. 1, eff. Sept. 1, 1987.  
Amended by Acts 2001, 77th Leg., ch. 965, Sec. 14.10, eff. Sept. 1, 2001; Acts 2001, 77th Leg., ch. 966, Sec. 11.02, eff. Sept. 1, 2001.

Sec. 26.360. PRIVATIZATION OF PROGRAM. Notwithstanding other provisions of this subchapter, the commission by rule may authorize the privatization of any part of the program established under this subchapter.

Added by Acts 1995, 74th Leg., ch. 315, Sec. 14, eff. Sept. 1, 1995.

Sec. 26.361. EXPIRATION OF REIMBURSEMENT PROGRAM. Notwithstanding any other provision of this subchapter, the reimbursement program established under this subchapter expires September 1, 2012. On or after September 1, 2012, the commission may not use money from the petroleum storage tank remediation account to reimburse an eligible owner or operator for any expenses of corrective action or to pay the claim of a person who has contracted with an eligible owner or operator to perform corrective action.

Added by Acts 1995, 74th Leg., ch. 315, Sec. 14, eff. Sept. 1, 1995.  
Amended by Acts 1997, 75th Leg., ch. 333, Sec. 28, eff. Sept. 1, 1997; Acts 1999, 76th Leg., ch. 1442, Sec. 3, eff. Sept. 1, 1999; Acts 2001, 77th Leg., ch. 965, Sec. 14.10, eff. Sept. 1, 2001; Acts 2001, 77th Leg., ch. 1135, Sec. 10, eff. Sept. 1, 2001.

Amended by:

Acts 2005, 79th Leg., Ch. 722 (S.B. 485), Sec. 8, eff. September 1, 2005.

Acts 2005, 79th Leg., Ch. 899 (S.B. 1863), Sec. 5.06, eff. September 1, 2005.

Acts 2005, 79th Leg., Ch. 1256 (H.B. 1987), Sec. 7, eff. September 1, 2005.

Acts 2007, 80th Leg., R.S., Ch. 1109 (H.B. 3554), Sec. 5, eff.

August 27, 2007.

Sec. 26.362. SUIT TO TEST VALIDITY OF CLOSURE LETTER. The commission is immune from liability in any action against the commission to test the validity of a closure letter issued under Section 26.3572 if the letter is issued in accordance with commission rules.

Added by Acts 1995, 74th Leg., ch. 315, Sec. 14, eff. Sept. 1, 1995.

Sec. 26.363. RELIANCE ON CLOSURE LETTER. An owner or operator to whom a closure letter for a site has been issued under Section 26.3572 may not be held liable for the owner's or operator's conduct taken in reliance on and within the scope of the closure letter.

Added by Acts 1995, 74th Leg., ch. 315, Sec. 14, eff. Sept. 1, 1995.

Sec. 26.364. REGISTRATION OF PERSONS WHO CONTRACT TO PERFORM CORRECTIVE ACTION. (a) The commission may implement a program under Chapter 37 to register persons who contract to perform corrective action under this subchapter.

(b) The commission, on the request of an engineer licensed by the Texas Board of Professional Engineers, shall register the engineer in the program.

(c) An engineer registered in the program may contract to perform corrective action under this subchapter unless the Texas Board of Professional Engineers determines the engineer is not qualified to perform a corrective action.

(d) An engineer registered under this section is not subject to the commission's examination or continuing education requirements, fees, or disciplinary procedures.

(e) The commission may not adopt minimum qualifications for an engineer licensed by the Texas Board of Professional Engineers to contract with an eligible owner or operator to perform a corrective action under this subchapter.

(f) Any qualified contractor registered under Chapter 37 may conduct the characterization, study, appraisal, or investigation of a site.

Added by Acts 2001, 77th Leg., ch. 880, Sec. 9, eff. Sept. 1, 2001.

Sec. 26.365. REGISTRATION OF GEOSCIENTISTS WHO CONTRACT TO PERFORM CORRECTIVE ACTION. (a) In administering the program implemented under Section 26.364(a), the commission, on the request of a geoscientist licensed by the Texas Board of Professional Geoscientists, or an equivalent entity that licenses geoscientists, shall register the geoscientist in the program.

(b) A geoscientist registered in the program may contract to perform corrective action under this subchapter unless the Texas Board of Professional Geoscientists, or an equivalent entity that licenses geoscientists, determines that the geoscientist is not qualified to perform a corrective action.

(c) A geoscientist registered under this section is not subject to the commission's examination or continuing education requirements, fees, or disciplinary proceedings.

(d) The commission may not adopt minimum qualifications for a geoscientist licensed by the Texas Board of Professional Geoscientists, or an equivalent entity that licenses geoscientists, to contract with an eligible owner or operator to perform a corrective action under this subchapter.

Added by Acts 2001, 77th Leg., ch. 880, Sec. 9, eff. Sept. 1, 2001.

Sec. 26.366. LICENSURE OF PERSONS WHO SUPERVISE CORRECTIVE ACTIONS. (a) The commission may implement a program under Chapter 37 to license persons who supervise a corrective action under this subchapter.

(b) The commission, on the request of an engineer licensed by the Texas Board of Professional Engineers, shall license the engineer in the program.

(c) An engineer licensed in the program may supervise a corrective action under this subchapter unless the Texas Board of Professional Engineers determines the engineer is not qualified to supervise a corrective action.

(d) An engineer licensed under this section is not subject to the commission's examination or continuing education requirements, fees, or disciplinary procedures.

(e) The commission may not adopt minimum qualifications for an engineer licensed by the Texas Board of Professional Engineers to supervise a corrective action under this subchapter.

Added by Acts 2001, 77th Leg., ch. 880, Sec. 9, eff. Sept. 1, 2001.

Sec. 26.367. LICENSURE OF GEOSCIENTISTS WHO SUPERVISE CORRECTIVE ACTIONS. (a) In administering the program implemented under Section 26.366(a), the commission, on the request of a geoscientist licensed by the Texas Board of Professional Geoscientists, or an equivalent entity that licenses geoscientists, shall license the geoscientist in the program.

(b) A geoscientist licensed in the program may supervise a corrective action under this subchapter unless the Texas Board of Professional Geoscientists, or an equivalent entity that licenses geoscientists, determines that the geoscientist is not qualified to supervise a corrective action.

(c) A geoscientist licensed under this section is not subject to the commission's examination or continuing education requirements, fees, or disciplinary proceedings.

(d) The commission may not adopt minimum qualifications for a geoscientist licensed by the Texas Board of Professional Geoscientists, or an equivalent entity that licenses geoscientists, to contract with an eligible owner or operator to supervise a corrective action under this subchapter.

Added by Acts 2001, 77th Leg., ch. 880, Sec. 9, eff. Sept. 1, 2001.

#### **SUBCHAPTER J. GROUNDWATER PROTECTION**

Sec. 26.401. LEGISLATIVE FINDINGS. (a) The legislature finds that:

(1) in order to safeguard present and future groundwater supplies, usable and potentially usable groundwater must be protected and maintained;

(2) protection of the environment and public health and welfare requires that groundwater be kept reasonably free of contaminants that interfere with present and potential uses of groundwater;

(3) groundwater contamination may result from many sources,

including current and past oil and gas production and related practices, agricultural activities, industrial and manufacturing processes, commercial and business endeavors, domestic activities, and natural sources that may be influenced by or may result from human activities;

(4) the various existing and potential groundwater uses are important to the state economy; and

(5) aquifers vary both in their potential for beneficial use and in their susceptibility to contamination.

(b) The legislature determines that, consistent with the protection of the public health and welfare, the propagation and protection of terrestrial and aquatic life, the protection of the environment, the operation of existing industries, and the maintenance and enhancement of the long-term economic health of the state, it is the goal of groundwater policy in this state that the existing quality of groundwater not be degraded. This goal of nondegradation does not mean zero-contaminant discharge.

(c) It is the policy of this state that:

(1) discharges of pollutants, disposal of wastes, or other activities subject to regulation by state agencies be conducted in a manner that will maintain present uses and not impair potential uses of groundwater or pose a public health hazard; and

(2) the quality of groundwater be restored if feasible.

(d) The legislature recognizes the important role of the use of the best professional judgment of the responsible state agencies in attaining the groundwater goal and policy of this state.

Added by Acts 1989, 71st Leg., ch. 768, Sec. 1, eff. Sept. 1, 1989.

Sec. 26.402. DEFINITION. In this subchapter, "committee" means the Texas Groundwater Protection Committee.

Added by Acts 1989, 71st Leg., ch. 768, Sec. 1, eff. Sept. 1, 1989.

Amended by Acts 1995, 74th Leg., ch. 76, Sec. 11.295, eff. Sept. 1, 1995.

Sec. 26.403. CREATION AND MEMBERSHIP OF TEXAS GROUNDWATER PROTECTION COMMITTEE. (a) The Texas Groundwater Protection Committee is created as an interagency committee to coordinate state

agency actions for the protection of groundwater quality in this state.

(b) The commission is designated as the lead agency for the committee and shall administer the activities of the committee.

(c) The committee is composed of:

- (1) the executive director of the commission;
- (2) the executive administrator of the Texas Water Development Board;
- (3) the executive director of the Railroad Commission of Texas;
- (4) the commissioner of health of the Texas Department of Health;
- (5) the deputy commissioner of the Department of Agriculture;
- (6) the executive director of the State Soil and Water Conservation Board;
- (7) the Director of the Texas Agricultural Experiment Station;
- (8) the director of the Bureau of Economic Geology of The University of Texas at Austin;
- (9) a representative selected by the Texas Alliance of Groundwater Districts; and
- (10) a representative of the Water Well Drillers and Water Well Pump Installers Program of the Texas Department of Licensing and Regulation selected by the executive director of the department.

(d) Each member of the committee listed in Subsections (c)(1) through (8) of this section may designate a personal representative from the member's agency to represent the member on the committee, but that designation does not relieve the member of responsibility for the acts and decisions of the representative.

(e) The executive director of the commission shall serve as chairman, and the executive administrator of the Texas Water Development Board shall serve as vice-chairman of the committee.

Added by Acts 1989, 71st Leg., ch. 768, Sec. 1, eff. Sept. 1, 1989.  
Amended by Acts 1993, 73rd Leg., ch. 77, Sec. 1, eff. Aug. 30, 1993;  
Acts 1999, 76th Leg., ch. 72, Sec. 1, eff. Aug. 30, 1999.

Sec. 26.404. ADMINISTRATION. (a) The committee shall meet not

less than once each calendar quarter at a time determined by the committee and at the call of the chairman.

(b) Each member of the committee serves on the committee as an additional duty of the member's office and is not entitled to compensation for service on the committee.

(c) Each member of the committee may receive reimbursement for actual and necessary expenses in carrying out committee responsibilities as provided by legislative appropriations. Each member who is a representative of a state agency shall be reimbursed from the money budgeted to the member's state agency.

(d) Each agency listed in Sections 26.403(c)(1) through (8) of this code that is represented on the committee shall provide staff as necessary to assist the committee in carrying out its responsibilities.

(e) The committee is subject to Chapter 2001, Government Code, Chapter 551, Government Code, and Chapter 552, Government Code.

Added by Acts 1989, 71st Leg., ch. 768, Sec. 1, eff. Sept. 1, 1989.  
Amended by Acts 1993, 73rd Leg., ch. 77, Sec. 2, eff. Aug. 30, 1993;  
Acts 1995, 74th Leg., ch. 76, Sec. 5.95(49), (82), (88), eff. Sept. 1, 1995.

Sec. 26.405. POWERS AND DUTIES OF COMMITTEE. The committee shall, on a continuing basis:

(1) coordinate groundwater protection activities of the agencies represented on the committee;

(2) develop and update a comprehensive groundwater protection strategy for the state that provides guidelines for the prevention of contamination and for the conservation of groundwater and that provides for the coordination of the groundwater protection activities of the agencies represented on the committee;

(3) study and recommend to the legislature groundwater protection programs for each area in which groundwater is not protected by current regulation;

(4) file with the governor, lieutenant governor, and speaker of the house of representatives before the date that each regular legislative session convenes a report of the committee's activities during the two preceding years and any recommendations for legislation for groundwater protection; and

(5) publish the joint groundwater monitoring and contamination report required by Section 26.406(c) of this code.

Added by Acts 1989, 71st Leg., ch. 768, Sec. 1, eff. Sept. 1, 1989.

Sec. 26.406. GROUNDWATER CONTAMINATION INFORMATION AND REPORTS; RULES. (a) Each state agency having responsibilities related to the protection of groundwater shall maintain a public file of all documented cases of groundwater contamination that are reasonably suspected of having been caused by activities regulated by the agency.

(b) For purposes of this section, the agencies identified as having responsibilities related to protection of groundwater include the commission, the Department of Agriculture, the Railroad Commission of Texas, and the State Soil and Water Conservation Board.

(c) In conjunction with the commission, the committee shall publish not later than April 1 of each year a joint groundwater monitoring and contamination report covering the activities and findings of the committee made during the previous calendar year. The report must:

(1) describe the current status of groundwater monitoring programs conducted by or required by each agency at regulated facilities or in connection with regulated activities;

(2) contain a description of each case of groundwater contamination documented during the previous calendar year and of each case of groundwater contamination documented during previous periods for which enforcement action was incomplete at the time of issuance of the preceding report; and

(3) indicate the status of enforcement action for each case of groundwater contamination that is included in the report.

(d) The committee shall adopt rules defining the conditions that constitute groundwater contamination for purposes of inclusion of cases in the public files and the joint report required by this section.

Added by Acts 1989, 71st Leg., ch. 768, Sec. 1, eff. Sept. 1, 1989. Amended by Acts 1995, 74th Leg., ch. 76, Sec. 11.296, eff. Sept. 1, 1995.

Sec. 26.407. PROTECTION AND ENHANCEMENT PLANS. (a) The commission, with the advice of the committee, shall develop plans, except for those plans required by Section 201.026, Agriculture Code, for the protection and enhancement of water quality pursuant to federal statute, regulation, or policy, including management plans for the prevention of water pollution by agricultural chemicals and agents.

(b) Any agency represented on the committee shall be eligible to receive and spend federal funds for its participation in the development of such management plans. Receipt of such funds shall have no effect on whether the agency in receipt of the funds is the lead agency for water issues in this state.

Added by Acts 1989, 71st Leg., ch. 768, Sec. 1, eff. Sept. 1, 1989.

Sec. 26.408. NOTICE OF GROUNDWATER CONTAMINATION. (a) If a state agency documents under Section 26.406(a) a case of groundwater contamination that may affect a drinking water well, the state agency shall notify the commission.

(b) Not later than the 30th day after the date the commission receives notice under Subsection (a) or obtains independent knowledge of groundwater contamination, the commission shall make every effort to give notice of the contamination by first class mail to each owner of a private drinking water well that may be affected by the contamination and to each applicable groundwater conservation district.

(c) The committee by rule shall prescribe the form and content of notice required under this section.

Acts 2003, 78th Leg., ch. 1135, Sec. 1, eff. Sept. 1, 2003.

#### **SUBCHAPTER K. OCCUPATIONAL LICENSING AND REGISTRATION**

Sec. 26.451. DEFINITIONS. In this subchapter:

(1), (2) Repealed by Acts 2001, 77th Leg., ch. 880, Sec. 25(1), eff. Sept. 1, 2001.

(3) "Critical junctures" means, in the case of an installation, repair, or removal, all of the following steps:

(A) preparation of the tank bedding immediately before receiving the tank;

(B) setting of the tank and the piping, including placement of any anchoring devices, backfill to the level of the tank, and strapping, if any;

(C) connection of piping systems to the tank;

(D) all pressure testing of the underground storage tank, including associated piping, performed during the installation;

(E) completion of backfill and filling of the excavation;

(F) any time during the repair in which the piping system is connected or reconnected to the tank;

(G) any time during the repair in which the tank or its associated piping is tested; and

(H) any time during the removal of the tank.

(4) "Installation" means the installation of underground storage tanks and ancillary equipment.

(5) to (10) Repealed by Acts 2001, 77th Leg., ch. 880, Sec. 25(1), eff. Sept. 1, 2001.

(11) "Removal" means the process of removing and disposing of an underground storage tank that is no longer in service, or the process of abandoning an underground storage tank in place after purging the tank of vapors and filling the vessel of the tank with an inert material.

(12) "Repair" means the modification or correction of an underground storage tank and ancillary equipment. The term does not include:

(A) relining an underground storage tank through the application of epoxy resins or similar materials;

(B) the performance of a tightness test to ascertain the integrity of the tank;

(C) the maintenance and inspection of cathodic protection devices by a corrosion expert or corrosion technician;

(D) emergency actions to halt or prevent leaks or ruptures; or

(E) minor maintenance on ancillary aboveground equipment.

(13), (14) Repealed by Acts 2001, 77th Leg., ch. 880, Sec. 25(1), eff. Sept. 1, 2001.

Acts 1989, 71st Leg., ch. 244, eff. Sept. 1, 1989. Amended by Acts 1993, 73rd Leg., ch. 639, Sec. 1, eff. Aug. 30, 1993. Renumbered from

Vernon's Ann.Civ.St. art. 8900, Sec. 1 and amended by Acts 1995, ch. 315, Sec. 15, eff. Sept. 1, 1995. Amended 2001, 77th Leg., ch. 880, Sec. 25(1), eff. Sept. 1, 2001.

Sec. 26.452. UNDERGROUND STORAGE TANK CONTRACTOR. (a) A person who offers to undertake, represents that the person is able to undertake, or undertakes to install, repair, or remove an underground storage tank must hold a registration issued by the commission under Chapter 37. If the person is a partnership or joint venture, it need not register in its own name if each partner or joint venture is registered.

(b) An underground storage tank contractor must have an on-site supervisor who is licensed by the commission under Chapter 37 at the site at all times during the critical junctures of the installation, repair, or removal.

(c) This subchapter does not apply to the installation of a storage tank or other facility exempt from regulation under Section 26.344.

Acts 1989, 71st Leg., ch. 244, eff. Sept. 1, 1989. Renumbered from Vernon's Ann.Civ.St. art. 8900, Sec. 2 and amended by Acts 1995, 74th Leg., ch. 315, Sec. 15, eff. Sept. 1, 1995. Amended by Acts 2001, 77th Leg., ch. 880, Sec. 11, eff. Sept. 1, 2001.

Sec. 26.456. UNDERGROUND STORAGE TANK ON-SITE SUPERVISOR LICENSING. (a) A person supervising the installation, repair, or removal of an underground storage tank must hold a license issued by the commission under Chapter 37.

(b) An on-site supervisor must be present at the site at all times during the critical junctures of the installation, repair, or removal.

Acts 1989, 71st Leg., ch. 244, eff. Sept. 1, 1989. Renumbered from Vernon's Ann.Civ.St. art. 8900, Sec. 6 and amended by Acts 1995, 74th Leg., ch. 315, Sec. 15, eff. Sept. 1, 1995. Amended by Acts 2001, 77th Leg., ch. 880, Sec. 11, eff. Sept. 1, 2001.

#### **SUBCHAPTER L. PROTECTION OF CERTAIN WATERSHEDS**

Sec. 26.501. DEFINITIONS. In this subchapter:

(1) "Concentrated animal feeding operation" has the meaning assigned by 30 T.A.C. Section 321.32 on the effective date of this subchapter.

(2) "New concentrated animal feeding operation" means a proposed concentrated animal feeding operation, any part of which is located on property not previously authorized by the state to be operated as a concentrated animal feeding operation.

(3) "Historical waste application field" means an area of land that at any time since January 1, 1995, has been owned or controlled by an operator of a concentrated animal feeding operation on which agricultural waste from a concentrated animal feeding operation has been applied.

Added by Acts 2001, 77th Leg., ch. 965, Sec. 12.02, eff. Sept. 1, 2001.

Sec. 26.502. APPLICABILITY. This subchapter applies only to a feeding operation confining cattle that have been or may be used for dairy purposes, or otherwise associated with a dairy, including cows, calves, and bulls, in a major sole source impairment zone. In this subchapter, "major sole source impairment zone" means a watershed that contains a reservoir:

(1) that is used by a municipality as a sole source of drinking water supply for a population, inside and outside of its municipal boundaries, of more than 140,000; and

(2) at least half of the water flowing into which is from a source that, on the effective date of this subchapter, is on the list of impaired state waters adopted by the commission as required by 33 U.S.C. Section 1313(d), as amended:

(A) at least in part because of concerns regarding pathogens and phosphorus; and

(B) for which the commission, at some time, has prepared and submitted a total maximum daily load standard.

Added by Acts 2001, 77th Leg., ch. 965, Sec. 12.02, eff. Sept. 1, 2001.

Sec. 26.503. REGULATION OF CERTAIN CONCENTRATED ANIMAL FEEDING

OPERATION WASTES. (a) The commission may authorize the construction or operation of a new concentrated animal feeding operation, or an increase in the animals confined under an existing operation, only by a new or amended individual permit.

(b) The individual permit issued or amended under Subsection (a) must:

(1) provide for management and disposal of waste in accordance with Subchapter B, Chapter 321, Title 30, Texas Administrative Code;

(2) require that 100 percent of the collectible manure produced by the additional animals in confinement at an expanded operation or all of the animals in confinement at a new operation must be:

(A) disposed of or used outside of the watershed;

(B) delivered to a composting facility approved by the executive director;

(C) applied as directed by the commission to a waste application field owned or controlled by the owner of the concentrated animal feeding operation, if the field is not a historical waste application field;

(D) put to another beneficial use approved by the executive director; or

(E) applied to a historical waste application field that is owned or operated by the owner or operator of the concentrated animal feeding operation only if:

(i) results of representative composite soil sampling conducted at the waste application field and filed with the commission show that the waste application field contains 200 or fewer parts per million of extractable phosphorus (reported as P); or

(ii) the manure is applied, with commission approval, in accordance with a detailed nutrient utilization plan approved by the commission that is developed by:

(a) an employee of the United States Department of Agriculture's Natural Resources Conservation Service;

(b) a nutrient management specialist certified by the United States Department of Agriculture's Natural Resources Conservation Service;

(c) the State Soil and Water Conservation Board;

(d) the Texas Agricultural Extension Service;  
(e) an agronomist or soil scientist on the full-time staff of an accredited university located in this state;  
or

(f) a professional agronomist or soil scientist certified by the American Society of Agronomy.

(c) The commission may approve a detailed nutrient utilization plan approved by the commission that is developed by a professional agronomist or soil scientist certified by the American Society of Agronomy only if the commission finds that another person listed by Subsection (b)(2)(E)(ii) cannot develop a plan in a timely manner.

(d) The commission may not issue a general permit to authorize the discharge of agricultural waste into or adjacent to waters in this state from an animal feeding operation if such waters are within a major sole source impairment zone.

(e) The commission and employees or agents of the commission may enter public or private property at any reasonable time for activities related to the purposes of this subchapter. The commission may enforce this authority as provided by Section 7.032, 7.051, 7.052, or 7.105.

(f) This section does not limit the commission's authority to include in an individual or general permit under this chapter provisions necessary to protect a water resource in this state.

Added by Acts 2001, 77th Leg., ch. 965, Sec. 12.02, eff. Sept. 1, 2001.

Sec. 26.504. WASTE APPLICATION FIELD SOIL SAMPLING AND TESTING.

(a) The commission shall collect one or more representative composite soil samples from each permitted waste application field associated with a concentrated animal feeding operation. The commission shall perform the sampling under this subsection not less often than once every 12 months. Sampling results obtained by the commission shall be used by the permitted concentrated animal feeding operator to satisfy any annual sampling of permitted waste application fields required by commission rule or individual permit.

(b) Each sample collected under this section must be tested for phosphorus and any other nutrient designated by the commission. The commission may have the sampling required by this section performed

under contract. The sampling must be performed by a person described by Section 26.503(b)(2)(E)(ii). The test results must be made available to the operator of the concentrated animal feeding operation. The test results are public records of the commission.

(c) If the samples tested under Subsection (b) show a phosphorus level in the soil of more than 500 parts per million, the operator shall file with the commission a new or amended nutrient utilization plan with a phosphorus reduction component that is certified as acceptable by a person listed by Section 26.503(b)(2)(E)(ii).

(d) If the samples tested under Subsection (b) show a phosphorus level in the soil of more than 200 parts per million but not more than 500 parts per million, the operator shall:

(1) file with the commission a new or amended nutrient utilization plan with a phosphorus reduction component that is certified as acceptable by a person listed by Section 26.503(b)(2)(E)(ii); or

(2) show that the level is supported by a nutrient utilization plan certified as acceptable by a person listed by Section 26.503(b)(2)(E)(ii).

(e) The owner or operator of a waste application field required by this section to have a nutrient utilization plan with a phosphorus reduction component for which the results of tests performed on composite soil samples collected 12 months or more after the plan is filed do not show a reduction in phosphorus is subject to enforcement for a violation of this subchapter at the discretion of the executive director. The executive director, in determining whether to take an enforcement action under this subsection, shall consider any explanation presented by the owner or operator regarding the reasons for the lack of phosphorus reduction, including an act of God, meteorologic conditions, diseases, vermin, crop conditions, or variability of soil testing results.

(f) Repealed by Acts 2009, 81st Leg., R.S., Ch. 769, Sec. 2, eff. June 1, 2010.

Added by Acts 2001, 77th Leg., ch. 965, Sec. 12.02, eff. Sept. 1, 2001.

Amended by:

Acts 2009, 81st Leg., R.S., Ch. 769 (S.B. 876), Sec. 1, eff. June 1, 2010.

Acts 2009, 81st Leg., R.S., Ch. 769 (S.B. 876), Sec. 2, eff. June 1, 2010.

**For expiration of Subchapter M, see Section 26.562.**

**SUBCHAPTER M. WATER QUALITY PROTECTION AREAS**

Sec. 26.551. DEFINITIONS. In this subchapter:

(1) "Aggregates" means any commonly recognized construction material originating from a quarry or pit by the disturbance of the surface, including dirt, soil, rock asphalt, granite, gravel, gypsum, marble, sand, stone, caliche, limestone, dolomite, rock, riprap, or other nonmineral substance. The term does not include clay or shale mined for use in manufacturing structural clay products.

(2) "John Graves Scenic Riverway" means that portion of the Brazos River Basin, and its contributing watershed, located downstream of the Morris Shepard Dam on the Possum Kingdom Reservoir in Palo Pinto County, Texas, and extending to the county line between Parker and Hood Counties, Texas.

(3) "Operator" means any person engaged in or responsible for the physical operation and control of a quarry.

(4) "Overburden" means all materials displaced in an aggregates extraction operation that are not, or reasonably would not be expected to be, removed from the affected area.

(5) "Owner" means any person having title, wholly or partly, to the land on which a quarry exists or has existed.

(6) "Pit" means an open excavation from which aggregates have been or are being extracted with a depth of five feet or more below the adjacent and natural ground level.

(7) "Quarry" means the site from which aggregates for commercial sale are being or have been removed or extracted from the earth to form a pit, including the entire excavation, stripped areas, haulage ramps, and the immediately adjacent land on which the plant processing the raw materials is located. The term does not include any land owned or leased by the responsible party not being currently used in the production of aggregates for commercial sale or an excavation to mine clay or shale for use in manufacturing structural clay products.

(8) "Quarrying" means the current and ongoing surface excavation and development without shafts, drafts, or tunnels, with or without slopes, for the extraction of aggregates for commercial

sale from natural deposits occurring in the earth.

(9) "Refuse" means all waste material directly connected with the production, cleaning, or preparation of aggregates that have been produced by quarrying.

(10) "Responsible party" means the owner, operator, lessor, or lessee who is responsible for overall function and operation of a quarry required to apply for and hold a permit pursuant to this subchapter.

(11) "Water quality protection area" means a contributing watershed of a river the water quality of which is threatened by quarrying activities.

(12) "Water body" means any navigable watercourse, river, stream, or lake within the water quality protection area.

Added by Acts 2005, 79th Leg., Ch. 374 (S.B. [1354](#)), Sec. 2, eff. June 17, 2005.

Sec. 26.552. APPLICABILITY; PILOT PROGRAM. (a) This subchapter applies only to quarrying in a water quality protection area designated by commission rule. This subchapter does not apply to the construction or operation of a municipal solid waste facility regardless of whether the facility includes a pit or quarry that is associated with past quarrying.

(b) For the period of September 1, 2005, to September 1, 2025, the commission shall apply this subchapter only as a pilot program in the John Graves Scenic Riverway.

(c) This subchapter does not apply to:

(1) a quarry or associated processing plant that since on or before January 1, 1994, has been in regular operation in the John Graves Scenic Riverway without cessation of operation for more than 30 consecutive days and under the same ownership;

(2) the construction or modification of associated equipment located on a quarry site or associated processing plant site described by Subdivision (1); or

(3) an activity, facility, or operation regulated under Chapter 134, Natural Resources Code.

Added by Acts 2005, 79th Leg., Ch. 374 (S.B. [1354](#)), Sec. 2, eff. June 17, 2005.

Sec. 26.553. REGULATION OF QUARRIES WITHIN WATER QUALITY PROTECTION AREA. (a) The commission shall require a responsible party to obtain an individual permit for any discharges from a quarry located in a water quality protection area that is located:

- (1) within a 100-year floodplain of any water body; or
- (2) within one mile of any water body.

(b) The commission shall require a responsible party to obtain a general permit under Section 26.040 for any quarry that is located in a water quality protection area and located a distance of more than one mile from any water body.

(c) Subject to Subsection (d), the commission shall prohibit the construction or operation of any new quarry, or the expansion of an existing quarry, located within 1,500 feet of a water body located in a water quality protection area for which a person files an application for a permit or permit amendment after September 1, 2005.

(d) Notwithstanding Subsection (c), the commission may issue or amend a permit to authorize the construction or operation of a quarry located between 200 and 1,500 feet of a water body on finding that:

(1) the responsible party can satisfy performance criteria established by commission rule and incorporated into the permit to address:

(A) slope gradients that minimize the potential for erosion, slides, sloughing of quarry walls, overburden piles, and banks into the water body and related water quality considerations;

(B) whether operations could result in significant damage to important historic and cultural values and ecological systems;

(C) whether operations could affect renewable resource lands, including aquifers and aquifer recharge areas, in which the operations could result in a substantial loss or reduction of long-range productivity of a water supply or of food or fiber products; and

(D) whether operations could affect natural hazard land, including areas subject to frequent flooding and areas of unstable geology, in which the operations could substantially endanger life and property;

(2) the responsible party has provided a plan for the control of surface water drainage and water accumulation to prevent:

- (A) erosion, siltation, or runoff; and
- (B) damage to:

- (i) fish, wildlife, or fish or wildlife habitat; or
- (ii) public or private property;

(3) the responsible party has provided a plan for reclamation of the quarry that is consistent with best management standards and practices adopted by the commission for quarry reclamation, which may include backfilling, soil stabilization and compacting, grading, erosion control measures, and appropriate revegetation; and

(4) the responsible party has provided evidence that, to the extent possible, quarrying will be conducted using the best available technology to:

(A) minimize disturbance and adverse effects of the quarry operation on fish, wildlife, and related environmental resources; and

(B) enhance fish, wildlife, and related environmental resources where practicable.

(e) The commission by rule shall establish effluent or other water quality requirements, including requirements for financial responsibility, adequate to protect the water resources in a water quality protection area for inclusion in any authorization, including an individual or general permit, issued under this section by the commission.

(f) In addition to any other requirements established by commission rule adopted under Subsection (e), the responsible party for a quarry located in a water quality protection area required to obtain an individual or general permit shall include with an application filed with the commission under this section:

(1) a proposed plan of action for how the responsible party will restore the receiving water body to background conditions in the event of an unauthorized discharge that affects the water body; and

(2) evidence of sufficiently funded bonding or proof of financial resources to mitigate, remediate, and correct any potential future effects on a water body of an unauthorized discharge to a water body.

Added by Acts 2005, 79th Leg., Ch. 374 (S.B. 1354), Sec. 2, eff. June 17, 2005.

Sec. 26.554. FINANCIAL RESPONSIBILITY FOR DISCHARGES OF CERTAIN

WASTES WITHIN WATER QUALITY PROTECTION AREA. (a) The commission by rule shall adopt requirements for:

(1) maintaining evidence of financial responsibility for restoration of a water body affected by an unauthorized discharge from a permitted quarry; or

(2) taking corrective action and compensating for water quality effects caused by an unauthorized discharge resulting from quarrying.

(b) A responsible party commits a violation if the responsible party operates a permitted quarry knowing that financial responsibility required by a permit does not exist.

Added by Acts 2005, 79th Leg., Ch. 374 (S.B. 1354), Sec. 2, eff. June 17, 2005.

Sec. 26.555. INSPECTIONS OF AND SAMPLING OF WATER IN JOHN GRAVES SCENIC RIVERWAY. (a) To detect potential violations of this subchapter in the John Graves Scenic Riverway, the commission, the Brazos River Authority, and the Parks and Wildlife Department shall coordinate efforts to conduct each calendar year:

(1) visual inspections of the riverway; and

(2) testing of water samples drawn from the Brazos River and its tributaries in the riverway.

(b) The visual inspections and the drawing of water samples must be conducted at least once in a winter month and at least once in a summer month. The visual inspections must be conducted both from the surface of the John Graves Scenic Riverway and from an aircraft flying over the riverway.

Added by Acts 2005, 79th Leg., Ch. 374 (S.B. 1354), Sec. 2, eff. June 17, 2005.

Sec. 26.556. UNAUTHORIZED DISCHARGES OF CERTAIN WASTES WITHIN WATER QUALITY PROTECTION AREA; ENFORCEMENT. (a) The commission shall enforce this subchapter and impose administrative and civil penalties for discharges from a quarry in violation of this subchapter. Subject to Subsection (d), the commission shall assess an administrative penalty against a responsible party of a quarry responsible for a discharge in violation of this subchapter or of a

permit, rule, or order adopted or issued under this subchapter in an amount of not less than \$2,500 and not more than \$25,000 for each violation of this subchapter or of the permit, rule, or order adopted or issued under this subchapter. Subject to Subsection (d), the commission shall assess an administrative penalty against a person for any other violation of this subchapter or of a permit, rule, or order adopted or issued under this subchapter in an amount of not less than \$100 for each violation of this subchapter or of the permit, rule, or order adopted or issued under this subchapter. Each day a violation continues may be considered a separate violation for purposes of penalty assessment.

(b) In determining the amount of the penalty, the commission shall consider:

(1) the nature, circumstances, extent, duration, and gravity of the prohibited acts, and the hazard or potential hazard the violation presents to the health, safety, or welfare of the public;

(2) the effects of the violation on instream uses, water quality, and fish and wildlife habitats;

(3) with respect to the alleged violator:

(A) the history and extent of previous violations;

(B) the degree of culpability, including whether the violation was attributable to mechanical or electrical failures and whether the violation could have been reasonably anticipated and avoided;

(C) demonstrated good faith, including actions taken by the alleged violator to rectify the cause of the violation and to compensate affected persons;

(D) whether the violator is engaged in a for-profit operation;

(E) any economic benefit gained through the violation;

and

(F) the amount necessary to deter future violations;

and

(4) any other matters that justice may require.

(c) In addition to the administrative penalties and other available remedies or causes of action, the commission may seek injunctive relief in the district courts of Travis County to:

(1) force the temporary or permanent closure of a quarry operated without authorization required under this subchapter;

(2) force the temporary or permanent closure of a permitted quarry under this subchapter for which acceptable evidence of financial responsibility is not maintained;

(3) force the temporary or permanent closure of any quarry responsible for an unauthorized discharge; or

(4) force corrective action by the responsible party of a quarry responsible for an unauthorized discharge.

(d) The commission may compromise, modify, or remit, with or without conditions, an administrative penalty imposed under this subchapter. In determining the appropriate amount of a penalty for settlement of an administrative enforcement matter, the commission may consider a respondent's willingness to contribute to supplemental environmental projects that are approved by the commission, giving preference to projects that benefit the community in which the alleged violation occurred and address the remediation, reclamation, or restoration of the water quality and the beds, bottoms, and banks of water bodies in the water quality area adversely affected by unauthorized discharges from quarries or abandoned quarries that threaten water quality and the beds, bottoms, and banks of water bodies in the water quality area. The commission may encourage the cleanup of contaminated property through the use of supplemental environmental projects. The commission may not approve a project that is necessary to bring a respondent into compliance with environmental laws, that is necessary to remediate environmental harm caused by the respondent's alleged violation, or that the respondent has already agreed to perform under a preexisting agreement with a governmental agency.

(e) A violation of this subchapter also constitutes an offense that may be prosecuted and punished under Section 7.147.

(f) Nothing in this subchapter affects the right of any person that has a justiciable interest to pursue an available common law or statutory remedy to enforce a right, to prevent or seek redress or compensation for the violation of a right, or otherwise to redress an injury.

Added by Acts 2005, 79th Leg., Ch. 374 (S.B. [1354](#)), Sec. 2, eff. June 17, 2005.

Sec. 26.557. EMERGENCY ORDERS. The commission may issue a

temporary or emergency order under Section 5.509 relating to a discharge of waste or pollutants from a quarry in a water quality protection area.

Added by Acts 2005, 79th Leg., Ch. 374 (S.B. 1354), Sec. 2, eff. June 17, 2005.

Sec. 26.558. RECOVERY OF COSTS FOR UNAUTHORIZED DISCHARGES WITHIN WATER QUALITY PROTECTION AREA. If the commission has incurred any costs in undertaking a corrective or enforcement action with respect to an unauthorized discharge from a quarry under this subchapter, including a reclamation or restoration action, the responsible party is liable to the state for all reasonable costs of the corrective or enforcement action, including court costs and reasonable attorney's fees, and for any punitive damages that may be assessed by the court.

Added by Acts 2005, 79th Leg., Ch. 374 (S.B. 1354), Sec. 2, eff. June 17, 2005.

Sec. 26.559. RECLAMATION AND RESTORATION FUND ACCOUNT. (a) Penalties and other money received by the commission as a result of an enforcement action taken under this subchapter, and any gift or grant the commission receives for the purposes of this subchapter, shall be deposited into the reclamation and restoration fund account in the general revenue fund. Money in the account may be appropriated only to the commission for the reclamation and restoration of the beds, bottoms, and banks of water bodies affected by the unlawful discharges subject to this subchapter.

(b) At least 60 days before spending money from the reclamation and restoration fund account, the commission shall publish notice of its proposed plan and conduct a hearing for the purpose of soliciting public comment, oral or written. The commission shall fully consider all written and oral submissions on the proposed plan.

(c) At least 30 days before the date of the public hearing, the notice must be published in the Texas Register and in a newspaper of general circulation in the county where the violation resulting in the payment of the penalties or other money occurred.

(d) Interest and other income earned on money in the account

shall be credited to the account. The account is exempt from the application of Section 403.095, Government Code.

Added by Acts 2005, 79th Leg., Ch. 374 (S.B. 1354), Sec. 2, eff. June 17, 2005.

Sec. 26.560. COOPERATION WITH OTHER STATE AGENCIES. (a) The commission is the principal authority in the state on matters relating to the implementation of this subchapter. All other state agencies engaged in water quality or water pollution control activities in a water quality protection area shall coordinate those activities with the commission.

(b) The executive director, with the consent of the commission, may enter into contracts, memoranda of understanding, or other agreements with other state agencies for purposes of developing effluent or other water quality requirements, including requirements for financial responsibility, adequate to protect the water resources in a water quality protection area, in any individual or general permit or other authorization issued under this subchapter.

Added by Acts 2005, 79th Leg., Ch. 374 (S.B. 1354), Sec. 2, eff. June 17, 2005.

Sec. 26.562. EXPIRATION. This subchapter expires September 1, 2025.

Added by Acts 2005, 79th Leg., Ch. 374 (S.B. 1354), Sec. 2, eff. June 17, 2005.

**CHAPTER 27. INJECTION WELLS**  
**SUBCHAPTER A. GENERAL PROVISIONS**

Sec. 27.001. SHORT TITLE. This chapter may be cited as the Injection Well Act.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1981, 67th Leg., p. 3161, ch. 830, Sec. 1, eff. June 17, 1981.

## Sec. 27.002. DEFINITIONS. In this chapter:

(1) "Commission" means the Texas Commission on Environmental Quality.

(2) "Executive director" means the executive director of the commission.

(3) "Railroad commission" means the Railroad Commission of Texas.

(4) "Pollution" means the alteration of the physical, chemical, or biological quality of, or the contamination of, water that makes it harmful, detrimental, or injurious to humans, animal life, vegetation, or property or to public health, safety, or welfare, or impairs the usefulness or the public enjoyment of the water for any lawful or reasonable purpose.

(5) "Industrial and municipal waste" means any liquid, gaseous, solid, or other waste substance, or combination of these substances, which may cause or might reasonably be expected to cause pollution of fresh water and which result from:

(A) processes of industry, manufacturing, trade, or business;

(B) development or recovery of natural resources other than oil or gas; or

(C) disposal of sewage or other wastes of cities, towns, villages, communities, water districts, and other municipal corporations.

(6) "Oil and gas waste" means waste arising out of or incidental to drilling for or producing of oil, gas, or geothermal resources, waste arising out of or incidental to the underground storage of hydrocarbons other than storage in artificial tanks or containers, or waste arising out of or incidental to the operation of gasoline plants, natural gas processing plants, or pressure maintenance or repressurizing plants. The term includes but is not limited to salt water, brine, sludge, drilling mud, and other liquid or semi-liquid waste material.

(7) "Fluid" means a material or substance that flows or moves in a liquid, gaseous, solid, semi-solid, sludge, or other form or state.

(8) "Fresh water" means water having bacteriological, physical, and chemical properties which make it suitable and feasible for beneficial use for any lawful purpose.

(9) "Casing" means material lining used to seal off strata

at and below the earth's surface.

(10) "Disposal well" means an injection well that is used for the injection of industrial and municipal waste or oil and gas waste.

(11) "Injection well" means an artificial excavation or opening in the ground made by digging, boring, drilling, jetting, driving, or some other method, and used to inject, transmit, or dispose of industrial and municipal waste or oil and gas waste into a subsurface stratum; or a well initially drilled to produce oil and gas which is used to transmit, inject, or dispose of industrial and municipal waste or oil and gas waste into a subsurface stratum; or a well used for the injection of any other fluid; but the term does not include any surface pit, surface excavation, or natural depression used to dispose of industrial and municipal waste or oil and gas waste.

(12) "Extraction of minerals" means the use of an injection well for the development or recovery of natural resources other than resources subject to the jurisdiction of the railroad commission, and includes solution mining of minerals, in situ uranium mining, and mining of sulfur by the Frasch process, but does not include the solution mining of salt when leaching a cavern for the storage of hydrocarbons.

(13), (14) Renumbered as (11) and (12) by Acts 1985, 69th Leg., ch. 795, Sec. 1.114, eff. Sept. 1, 1985.

(15) "Hazardous waste" has the meaning assigned to that term by Section 361.003, Health and Safety Code.

(16) "Production well" means a well used to recover uranium through in situ solution recovery, including an injection well used to recover uranium. The term does not include a well used to inject waste.

(17) "Monitoring well" means a well that is used to measure or monitor the level, quality, quantity, or movement of subsurface water.

(18) "Area permit" means a permit that authorizes the construction and operation of production and monitoring wells used in operations and restoration associated with in situ recovery of uranium.

(19) "Anthropogenic carbon dioxide":

(A) means:

(i) carbon dioxide that would otherwise have been

released into the atmosphere that has been:

(a) stripped, segregated, or divided from any other fluid stream; or

(b) captured from an emissions source, including:

(1) an advanced clean energy project as defined by Section 382.003, Health and Safety Code, or another type of electric generation facility; or

(2) an industrial source of emissions; (ii) any incidental associated substance derived from the source material for, or from the process of capturing, carbon dioxide described by Subparagraph (i); and

(iii) any substance added to carbon dioxide described by Subparagraph (i) to enable or improve the process of injecting the carbon dioxide; and

(B) does not include naturally occurring carbon dioxide that is recaptured, recycled, and reinjected as part of enhanced recovery operations.

(20) "Anthropogenic carbon dioxide injection well" means an injection well used to inject or transmit anthropogenic carbon dioxide into a reservoir.

(21) "Enhanced recovery operation" means the use of any process for the displacement of hydrocarbons from a reservoir other than primary recovery and includes the use of any physical, chemical, thermal, or biological process and any co-production project.

(22) "Geologic storage" means the underground storage of anthropogenic carbon dioxide in a reservoir.

(23) "Geologic storage facility" means the underground reservoir, underground equipment, injection wells, and surface buildings and equipment used or to be used for the geologic storage of anthropogenic carbon dioxide and all surface and subsurface rights and appurtenances necessary to the operation of a facility for the geologic storage of anthropogenic carbon dioxide. The term includes any reasonable and necessary areal buffer and subsurface monitoring zones, pressure fronts, and other areas as may be necessary for this state to receive delegation of any federal underground injection control program relating to the storage of carbon dioxide. The term does not include a pipeline used to transport carbon dioxide from the facility at which the carbon dioxide is captured to the geologic storage facility. The storage of carbon dioxide incidental to or as

part of enhanced recovery operations does not in itself automatically render a facility a geologic storage facility.

(24) "Oil or gas" means oil, natural gas, or gas condensate.

(25) "Reservoir" means a natural or artificially created subsurface sedimentary stratum, formation, aquifer, cavity, void, or coal seam.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1981, 67th Leg., p. 3161, ch. 830, Sec. 1, eff. June 17, 1981; Acts 1985, 69th Leg., ch. 566, Sec. 14, eff. Sept. 1, 1985; Acts 1985, 69th Leg., ch. 795, Sec. 1.114, eff. Sept. 1, 1985; Acts 1991, 72nd Leg., ch. 14, Sec. 284(76), eff. Sept. 1, 1991; Acts 1991, 72nd Leg., 1st C.S., ch. 3, Sec. 1.067, eff. Aug. 12, 1991.

Amended by:

Acts 2007, 80th Leg., R.S., Ch. 1118 (H.B. 3838), Sec. 1, eff. September 1, 2007.

Acts 2009, 81st Leg., R.S., Ch. 224 (S.B. 1387), Sec. 1, eff. September 1, 2009.

Sec. 27.003. POLICY AND PURPOSE. It is the policy of this state and the purpose of this chapter to maintain the quality of fresh water in the state to the extent consistent with the public health and welfare and the operation of existing industries, taking into consideration the economic development of the state, to prevent underground injection that may pollute fresh water, and to require the use of all reasonable methods to implement this policy.

Added by Acts 1981, 67th Leg., p. 3161, ch. 830, Sec. 1, eff. June 17, 1981. Amended by Acts 2001, 77th Leg., ch. 965, Sec. 1.27, eff. Sept. 1, 2001.

#### **SUBCHAPTER B. JURISDICTION OF COMMISSION**

Sec. 27.011. PERMIT FROM COMMISSION. Unless the activity is subject to the jurisdiction of the railroad commission or authorized by a rule of the commission, no person may continue utilizing an injection well or begin drilling an injection well or converting an existing well into an injection well to dispose of industrial and municipal waste, to extract minerals, or to inject a fluid without

first obtaining a permit from the commission.

Amended by Acts 1977, 65th Leg., p. 1647, ch. 644, Sec. 10.

Renumbered from Sec. 22.011 and amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977. Amended by Acts 1981, 67th Leg., p. 3161, ch. 830, Sec. 1, eff. June 17, 1981; Acts 1985, 69th Leg., ch. 795, Sec. 1.114, eff. Sept. 1, 1985.

Sec. 27.012. APPLICATION FOR PERMIT. (a) The commission shall prescribe forms for application for a permit and shall make the forms available on request without charge.

(b) Applications for hazardous and nonhazardous disposal well permits shall be processed in accordance with this chapter for the benefit of the state and the preservation of its natural resources.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1981, 67th Leg., p. 3161, ch. 830, Sec. 1, eff. June 17, 1981; Acts 1985, 69th Leg., ch. 795, Sec. 1.114, eff. Sept. 1, 1985; Acts 2001, 77th Leg., ch. 347, Sec. 1, eff. May 26, 2001.

Sec. 27.013. INFORMATION REQUIRED OF APPLICANT. An applicant shall furnish any information the executive director considers necessary to discharge his duties under this chapter and the rules of the commission.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1981, 67th Leg., p. 3161, ch. 830, Sec. 1, eff. June 17, 1981; Acts 1985, 69th Leg., ch. 795, Sec. 1.114, eff. Sept. 1, 1985.

Sec. 27.014. APPLICATION FEE. With each application for a disposal well permit, the commission shall collect a fee in the amount provided by and under the terms of Section 5.701.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1981, 67th Leg., p. 3161, ch. 830, Sec. 1, eff. June 17, 1981; Acts 1985, 69th Leg., ch. 795, Sec. 1.114, eff. Sept. 1, 1985; Acts 2001, 77th Leg., ch. 347, Sec. 1, eff. May 26, 2001.

Amended by:

Acts 2007, 80th Leg., R.S., Ch. 901 (H.B. 2654), Sec. 6, eff. September 1, 2007.

Sec. 27.015. LETTER FROM RAILROAD COMMISSION. (a) A person making application to the commission for a disposal well permit under this chapter shall submit with the application a letter from the railroad commission concluding that drilling or using the disposal well and injecting industrial and municipal waste into the subsurface stratum will not endanger or injure any known oil or gas reservoir.

(b) In a hearing on an application for a disposal well permit under this chapter, the commission may not proceed to hearing on any issues other than preliminary matters such as notice until the letter required from the railroad commission under Subsection (a) of this section is provided to the commission.

(c) The commission shall find that there will be no impairment of oil or gas mineral rights if the railroad commission has issued a letter under Subsection (a) that concludes that drilling and using the disposal well will not endanger or injure any known oil or gas reservoir.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1981, 67th Leg., p. 3161, ch. 830, Sec. 1, eff. June 17, 1981; Acts 1985, 69th Leg., ch. 795, Sec. 1.114, eff. Sept. 1, 1985; Acts 1987, 70th Leg., ch. 638, Sec. 2, eff. Sept. 1, 1987; Acts 1993, 73rd Leg., ch. 802, Sec. 2, eff. June 18, 1993; Acts 1995, 74th Leg., ch. 76, Sec. 16.02, eff. Sept. 1, 1995.

Sec. 27.016. INSPECTION OF WELL LOCATION. On receiving an application for a permit, the executive director shall have an inspection made of the location of the proposed disposal well to determine the local conditions and the probable effect of the well and shall determine the requirements for the setting of casing, as provided in Sections 27.051, 27.055, and 27.056 of this code.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1981, 67th Leg., p. 3161, ch. 830, Sec. 1, eff. June 17, 1981.

Sec. 27.017. RECOMMENDATIONS FROM OTHER ENTITIES. (a) The executive director shall submit to the Department of State Health Services and to other persons which the commission may designate copies of every application received in proper form. These entities may make recommendations to the commission concerning any aspect of the application within 30 days.

(b) If an application is received in proper form for a permit for an injection well to dispose of industrial and municipal waste and the proposed location of the injection well is in the territory of a groundwater conservation district, the executive director shall submit a copy of the application to the governing body of the groundwater conservation district.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1981, 67th Leg., p. 3161, ch. 830, Sec. 1, eff. June 17, 1981; Acts 1985, 69th Leg., ch. 795, Sec. 1.114, eff. Sept. 1, 1985; Acts 1987, 70th Leg., ch. 638, Sec. 3, eff. Sept. 1, 1987; Acts 1995, 74th Leg., ch. 76, Sec. 11.297, eff. Sept. 1, 1995.

Amended by:

Acts 2011, 82nd Leg., R.S., Ch. 106 (H.B. 444), Sec. 1, eff. May 21, 2011.

Sec. 27.018. HEARING ON PERMIT APPLICATION. (a) If it is considered necessary and in the public interest, the commission may hold a public hearing on the application. The commission shall hold a hearing on a permit application for an injection well to dispose of industrial and municipal waste if a hearing is requested by a local government located in the county of the proposed disposal well site or by an affected person. In this subsection, "local government" has the meaning provided for that term by Chapter 26 of this code.

(b) The commission by rule shall provide for giving notice of the opportunity to request a public hearing on a permit application. The rules for notice shall include provisions for giving notice to local governments and affected persons. The commission shall define "affected person" by rule.

(c) Before the commission begins to hear testimony in a contested case as defined by Chapter 2001, Government Code, evidence must be placed in the record to demonstrate that proper notice regarding the hearing was given to affected persons. If mailed

notice to an affected person is required, the commission or other party to the hearing shall place evidence in the record that notice was mailed to the address of the affected person included in the appropriate county tax rolls at the time of mailing. For the purposes of this subsection, the affidavit of the commission employee responsible for the mailing of the notice, attesting to the fact that notice was mailed to the address included in the tax rolls at the time of mailing, shall be prima facie evidence of proper mailing. The commission may not proceed with receipt of testimony in a contested case until there is compliance with this subsection.

(d) An application for an injection well to dispose of hazardous waste shall be subject to the pre-application local review process established by Section 361.063, Health and Safety Code, and to the requirements of Section 361.0791, Health and Safety Code.

(e) In addition to the requirements of Subsection (c), before any testimony is heard in a contested case regarding an application for a permit for an injection well to dispose of industrial and municipal waste that is proposed to be located in the territory of a groundwater conservation district, the record of the proceeding must include evidence that:

(1) a copy of each draft permit proposed by the executive director was provided to the governing body of the groundwater conservation district; and

(2) notice of the contested case hearing was mailed to the governing body of the groundwater conservation district.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1981, 67th Leg., p. 3161, ch. 830, Sec. 1, eff. June 17, 1981; Acts 1985, 69th Leg., ch. 566, Sec. 15, eff. Sept. 1, 1985; Acts 1985, 69th Leg., ch. 795, Sec. 1.115, eff. Sept. 1, 1985; Acts 1987, 70th Leg., ch. 638, Sec. 4, eff. Sept. 1, 1987; Acts 1991, 72nd Leg., ch. 14, Sec. 284(77), eff. Sept. 1, 1991; Acts 1991, 72nd Leg., ch. 296, Sec. 1.22, eff. June 7, 1991; Acts 1995, 74th Leg., ch. 76, Sec. 5.95(49), eff. Sept. 1, 1995.

Amended by:

Acts 2011, 82nd Leg., R.S., Ch. 106 (H.B. 444), Sec. 2, eff. May 21, 2011.

Sec. 27.019. RULES, ETC. (a) The commission shall adopt rules

and procedures reasonably required for the performance of its powers, duties, and functions under this chapter.

(b) Copies of any rules under this chapter proposed by the commission shall before their adoption be sent to the railroad commission, the Texas Department of Health, and any other persons the commission may designate. Any agency or person to whom the copies of proposed rules are sent may submit comments and recommendations to the commission and shall have reasonable time to do so as the commission may prescribe.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1981, 67th Leg., p. 3161, ch. 830, Sec. 1, eff. June 17, 1981; Acts 1985, 69th Leg., ch. 795, Sec. 1.116, eff. Sept. 1, 1985; Acts 1995, 74th Leg., ch. 76, Sec. 11.298, eff. Sept. 1, 1995.

Sec. 27.020. MINING OF SULFUR. The commission is authorized to develop a regulatory program with respect to the injection of fluid associated with the mining of sulfur by the Frasch process in accordance with the provisions of this chapter. The commission may not impose any requirements more stringent than those promulgated by the administrator of the United States Environmental Protection Agency pursuant to the federal Safe Drinking Water Act, 42 U.S.C. 300h et seq., as amended, unless the commission determines that more stringent regulations are necessary to protect human health or the environment.

Added by Acts 1981, 67th Leg., p. 3161, ch. 830, Sec. 1, eff. June 17, 1981. Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.116, eff. Sept. 1, 1985.

Sec. 27.021. PERMIT FOR DISPOSAL OF BRINE FROM DESALINATION OPERATIONS OR OF DRINKING WATER TREATMENT RESIDUALS IN CLASS I INJECTION WELLS. (a) The commission may issue a permit to dispose of brine produced by a desalination operation or of drinking water treatment residuals in a Class I injection well if the applicant for the permit meets all the statutory and regulatory requirements for the issuance of a permit for a Class I injection well.

(b) The commission by rule shall provide for public notice and comment on an application for a permit authorized by this section.

Notwithstanding Section 27.018, an application for a permit authorized by this section is not subject to the hearing requirements of Chapter 2001, Government Code.

Added by Acts 2003, 78th Leg., ch. 1118, Sec. 1, eff. Sept. 1, 2003.

Amended by:

Acts 2007, 80th Leg., R.S., Ch. 901 (H.B. 2654), Sec. 1, eff. September 1, 2007.

Acts 2007, 80th Leg., R.S., Ch. 901 (H.B. 2654), Sec. 2, eff. September 1, 2007.

Sec. 27.022. JURISDICTION OVER CARBON DIOXIDE INJECTION. The commission has jurisdiction over the injection of carbon dioxide produced by a clean coal project, to the extent authorized by federal law, into a zone that is below the base of usable quality water and that is not productive of oil, gas, or geothermal resources by a Class II injection well, or by a Class I injection well if required by federal law.

Added by Acts 2005, 79th Leg., Ch. 1097 (H.B. 2201), Sec. 9, eff. June 18, 2005.

Sec. 27.023. JURISDICTION OVER IN SITU URANIUM APPLICATION DEVELOPMENT AND OPERATIONS. (a) The commission has exclusive jurisdiction over and shall regulate wells used during the development of permit applications to obtain required premining geologic, hydrologic, and water quality information.

(b) The commission shall require a well described by Subsection (a) to be registered with the commission. A well described by Subsection (a) is not subject to the commission's permitting, notice, and hearing requirements.

(c) If a well described by Subsection (a) is included in an area permit issued by the commission:

(1) the registration status of the well ceases; and

(2) the well is subject to all rules applicable to the area permit, including notice and hearing requirements.

Added by Acts 2007, 80th Leg., R.S., Ch. 1118 (H.B. 3838), Sec. 2, eff. September 1, 2007.

Sec. 27.024. SHARING OF GEOLOGIC, HYDROLOGIC, AND WATER QUALITY DATA. (a) After a person developing an application for an area permit for an area located in a groundwater conservation district has identified a permit boundary, the person shall provide to that district:

(1) information regarding wells encountered by that person during the development of the area permit application that are not recorded in the public record;

(2) a map showing the locations of wells that are located within one-quarter mile of the location for the proposed permit and that are recorded in the public record;

(3) premining water quality information collected from wells described by Section 27.023(a);

(4) on a monthly basis, the amount of water produced from the wells described by Section 27.023(a); and

(5) a record of strata as described by Section 27.053, except confidential information described by Section 131.048, Natural Resources Code.

(b) A person may take not more than 90 days after the person receives the final information described by Subsection (a) to perform standard quality control and quality assurance procedures before the person submits the information to the groundwater conservation district.

Added by Acts 2007, 80th Leg., R.S., Ch. 1118 (H.B. 3838), Sec. 2, eff. September 1, 2007.

Sec. 27.025. GENERAL PERMIT AUTHORIZING USE OF CLASS I INJECTION WELL TO INJECT NONHAZARDOUS BRINE FROM DESALINATION OPERATIONS OR NONHAZARDOUS DRINKING WATER TREATMENT RESIDUALS. (a) The commission may issue a general permit authorizing the use of a Class I injection well to inject nonhazardous brine from a desalination operation or to inject nonhazardous drinking water treatment residuals if the commission determines that the injection well and injection activities are more appropriately regulated under a general permit than under an individual permit based on findings that:

(1) the general permit has been drafted to ensure that it can be readily enforced and that the commission can adequately monitor compliance with the terms of the general permit; and

(2) the general permit will contain proper safeguards to protect ground and surface fresh water from pollution.

(b) The commission shall publish notice of a proposed general permit in one or more newspapers of statewide or regional circulation and in the Texas Register. The notice must include an invitation for written comments by the public to the commission regarding the proposed general permit and shall be published not later than the 30th day before the date the commission adopts the general permit. The commission by rule may require additional notice to be given.

(c) The commission may hold a public meeting to provide an additional opportunity for public comment. The commission shall give notice of the public meeting under this subsection by publication in the Texas Register not later than the 30th day before the date of the meeting.

(d) The commission shall issue a written response to comments on the general permit at the same time the commission issues or denies the permit. The response to comments is available to the public and shall be mailed to each person who made a comment.

(e) A general permit may provide that an owner of a Class I injection well may obtain authorization to use the well to inject nonhazardous brine from a desalination operation or to inject nonhazardous drinking water treatment residuals under a general permit by submitting to the commission written notice of intent to be covered by the general permit. The commission by rule shall establish the requirements for the notice of intent, including the information that an owner of an injection well subject to a general permit must submit to authorize the use of the well under the general permit. A general permit may authorize the use of an injection well under the general permit on filing a complete and accurate notice of intent, including all information required by the commission's rules to be submitted, or it may specify a date or period of time after the commission receives the notice of intent, including the required information, on which the use of an injection well is authorized unless the executive director before that time notifies the owner that it is not eligible under the general permit.

(f) Authorization for the use of an injection well under a general permit does not confer a vested right. After written notice

to the owner of an injection well, the executive director may suspend authorization for the use of the well under a general permit and may require the owner to obtain authorization for the use of the well under an individual permit.

(g) Notwithstanding the other provisions of this chapter, the commission, after hearing, shall deny or suspend authorization for the use of an injection well under a general permit if the commission determines that the owner's compliance history is classified as unsatisfactory according to commission standards under Sections 5.753 and 5.754 and rules adopted and procedures developed under those sections. A hearing under this subsection is not subject to the requirements relating to a contested case hearing under Chapter 2001, Government Code.

(h) A general permit may be issued for a term not to exceed 10 years. After notice and comment as provided by Subsections (b)-(d), a general permit may be amended, revoked, or canceled by the commission or renewed by the commission for an additional term or terms not to exceed 10 years each. A general permit remains in effect until amended, revoked, or canceled by the commission or, unless renewed by the commission, until expired. If before a general permit expires the commission proposes to renew that general permit, that general permit remains in effect until the date on which the commission takes final action on the proposed renewal.

(i) The commission may add or delete requirements for a general permit through a renewal or amendment process. The commission shall provide a reasonable time to allow an owner of an injection well to make the changes necessary to comply with the additional requirements.

(j) The commission may impose a fee for the submission of a notice of intent to be covered by the general permit. The fee must be in the same amount as a fee collected under Section 27.014.

(k) The issuance, amendment, renewal, suspension, revocation, or cancellation of a general permit or the authorization for the use of an injection well under a general permit is not subject to the requirements relating to a contested case hearing under Chapter 2001, Government Code.

(l) The use or disposal of radioactive material under this section is subject to the applicable requirements of Chapter 401, Health and Safety Code.

(m) The commission may adopt rules as necessary to implement

and administer this section.

Added by Acts 2007, 80th Leg., R.S., Ch. 901 (H.B. 2654), Sec. 3, eff. September 1, 2007.

Renumbered from Water Code, Section 27.023 by Acts 2009, 81st Leg., R.S., Ch. 87 (S.B. 1969), Sec. 27.001(112), eff. September 1, 2009.

Amended by:

Acts 2011, 82nd Leg., R.S., Ch. 1021 (H.B. 2694), Sec. 4.20, eff. September 1, 2011.

#### **SUBCHAPTER C. OIL AND GAS WASTE; INJECTION WELLS**

Sec. 27.031. PERMIT FROM RAILROAD COMMISSION. No person may continue using a disposal well or begin drilling a disposal well or converting an existing well into a disposal well to dispose of oil and gas waste without first obtaining a permit from the railroad commission.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1981, 67th Leg., p. 3161, ch. 830, Sec. 1, eff. June 17, 1981.

Sec. 27.032. INFORMATION REQUIRED OF APPLICANT. The railroad commission shall require an applicant to furnish any information the railroad commission considers necessary to discharge its duties under this chapter.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1981, 67th Leg., p. 3161, ch. 830, Sec. 1, eff. June 17, 1981.

Sec. 27.0321. APPLICATION FEE. With each application for an oil and gas waste disposal well permit, the applicant shall submit to the railroad commission a nonrefundable fee of \$100.

Added by Acts 1985, 69th Leg., ch. 239, Sec. 71, eff. Sept. 1, 1985.

Sec. 27.033. LETTER OF DETERMINATION. A person making

application to the railroad commission for a permit under this chapter shall submit with the application a letter of determination from the railroad commission stating that drilling and using the disposal well and injecting oil and gas waste into the subsurface stratum will not endanger the freshwater strata in that area and that the formation or stratum to be used for the disposal is not freshwater sand.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1981, 67th Leg., p. 3161, ch. 830, Sec. 1, eff. June 17, 1981.

Amended by:

Acts 2011, 82nd Leg., R.S., Ch. 1021 (H.B. [2694](#)), Sec. 2.05, eff. September 1, 2011.

Sec. 27.034. RAILROAD COMMISSION RULES, ETC. (a) The railroad commission shall adopt rules and procedures reasonably required for the performance of its powers, duties, and functions under this chapter, including rules for notice and procedure of public hearings. The rules for notice shall include provisions for giving notice to local governments and affected persons. The railroad commission shall define "affected person" by rule.

(b) Copies of any rules under this chapter proposed by the railroad commission shall, before their adoption, be sent to the commission, the Texas Department of Health, and any other persons the railroad commission may designate. Any agency or person to whom the copies of proposed rules and regulations are sent may submit comments and recommendations to the railroad commission and shall have reasonable time to do so as the railroad commission may prescribe.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1981, 67th Leg., p. 3161, ch. 830, Sec. 1, eff. June 17, 1981; Acts 1985, 69th Leg., ch. 795, Sec. 1.117, eff. Sept. 1, 1985; Acts 1995, 74th Leg., ch. 76, Sec. 11.299, eff. Sept. 1, 1995.

Sec. 27.035. JURISDICTION OVER IN SITU RECOVERY OF TAR SANDS.

(a) The railroad commission has jurisdiction over the in situ recovery of tar sands and may issue permits for injection wells used for the in situ recovery of tar sands.

(b) A person may not begin to drill an injection well to be used in the in situ recovery of tar sands unless that person has a valid permit for the well issued by the railroad commission under this chapter.

(c) The railroad commission shall adopt rules that are necessary to administer and regulate the in situ recovery of tar sands.

(d) For purposes of regulation by the railroad commission, an injection well for the in situ recovery of tar sands is designated as a Class V well under the underground injection control program administered by the railroad commission.

Added by Acts 1983, 68th Leg., p. 754, ch. 184, Sec. 1, eff. Sept. 1, 1983.

Text of section as added by Acts 1985, 69th Leg., ch. 795, Sec. 5.013  
 Sec. 27.036. JURISDICTION OVER BRINE MINING. (a) The railroad commission has jurisdiction over brine mining and may issue permits for injection wells used for brine mining.

(b) A person may not begin to drill an injection well to be used for brine mining unless that person has a valid permit for the well issued by the railroad commission under this chapter.

(c) The railroad commission shall adopt rules that are necessary to administer and regulate brine mining.

(d) For purposes of regulation by the railroad commission, an injection well for brine mining is designated as a Class V well under the underground injection control program administered by the railroad commission.

Added by Acts 1985, 69th Leg., ch. 795, Sec. 5.013, eff. Sept. 1, 1985.

Text of section as added by Acts 1985, 69th Leg., ch. 921, Sec. 2  
 Sec. 27.036. JURISDICTION OVER BRINE MINING. (a) The railroad commission has jurisdiction over brine mining and may issue permits for injection wells used for brine mining.

(b) A person may not begin to drill an injection well to be used for brine mining unless that person has a valid permit for the

well issued by the railroad commission under this chapter.

(c) The railroad commission shall adopt rules that are necessary to administer and regulate brine mining.

(d) For purposes of regulation by the railroad commission, an injection well for brine mining is designated as a Class III well under the underground injection control program administered by the railroad commission.

(e) This section takes effect September 1, 1985.

(f) This section does not invalidate any permit for an injection well used for brine mining that was issued by the Texas Water Commission before the effective date of this section. Within 90 days after the effective date of this section, the Railroad Commission of Texas shall issue a substitute permit under the name and authority of the railroad commission to each person who on the effective date of this section holds a valid permit issued by the Texas Water Commission for an injection well used for brine mining.

(g) Application for injection well permits covering brine mining submitted to the Texas Water Commission before the effective date of this section for which permits have not been issued by the commission shall be transmitted to the railroad commission.

Added by Acts 1985, 69th Leg., ch. 921, Sec. 2, eff. Sept. 1, 1985.  
Amended by Acts 1987, 70th Leg., ch. 977, Sec. 32, eff. June 19, 1987.

#### **SUBCHAPTER C-1. GEOLOGIC STORAGE AND ASSOCIATED INJECTION OF ANTHROPOGENIC CARBON DIOXIDE**

Sec. 27.041. JURISDICTION. (a) Except as provided by Subsection (b), the railroad commission has jurisdiction over the geologic storage of carbon dioxide in, and the injection of carbon dioxide into, a reservoir that is initially or may be productive of oil, gas, or geothermal resources or a saline formation directly above or below that reservoir.

(b) The jurisdiction of the railroad commission over the geologic storage of carbon dioxide in, and the injection of carbon dioxide into, a saline formation described by Subsection (a) is subject to the review of the legislature based on the recommendations made in the preliminary report described by Section 10, S.B. No. 1387, Acts of the 81st Legislature, Regular Session, 2009.

(c) Except as provided by Subsection (b), the railroad commission has jurisdiction over a well used for the purpose provided by Subsection (a) regardless of whether the well was initially completed for that purpose or was initially completed for another purpose and is converted to the purpose provided by Subsection (a).

Added by Acts 2009, 81st Leg., R.S., Ch. 224 (S.B. 1387), Sec. 2, eff. September 1, 2009.

Sec. 27.042. APPLICABILITY. This subchapter does not apply to the injection of fluid through the use of a Class II injection well as defined by 40 C.F.R. Section 144.6(b) for the primary purpose of enhanced recovery operations.

Added by Acts 2009, 81st Leg., R.S., Ch. 224 (S.B. 1387), Sec. 2, eff. September 1, 2009.

Sec. 27.043. PERMIT FROM RAILROAD COMMISSION. A person may not begin drilling or operating an anthropogenic carbon dioxide injection well for geologic storage or constructing or operating a geologic storage facility regulated under this subchapter without first obtaining the necessary permits from the railroad commission.

Added by Acts 2009, 81st Leg., R.S., Ch. 224 (S.B. 1387), Sec. 2, eff. September 1, 2009.

Sec. 27.044. INFORMATION REQUIRED OF APPLICANT. The railroad commission shall require an applicant to provide any information the railroad commission considers necessary to discharge its duties under this subchapter.

Added by Acts 2009, 81st Leg., R.S., Ch. 224 (S.B. 1387), Sec. 2, eff. September 1, 2009.

Sec. 27.045. FEES. (a) The railroad commission may impose fees to cover the cost of:

- (1) permitting, monitoring, and inspecting anthropogenic

carbon dioxide injection wells for geologic storage and geologic storage facilities; and

(2) enforcing and implementing this subchapter and rules adopted by the railroad commission under this subchapter.

(b) Fees collected by the railroad commission under this section shall be deposited to the credit of the anthropogenic carbon dioxide storage trust fund established under Section 121.003, Natural Resources Code.

Added by Acts 2009, 81st Leg., R.S., Ch. 224 (S.B. 1387), Sec. 2, eff. September 1, 2009.

Amended by:

Acts 2011, 82nd Leg., R.S., Ch. 91 (S.B. 1303), Sec. 27.002(16), eff. September 1, 2011.

Sec. 27.046. LETTER OF DETERMINATION. (a) The railroad commission may not issue a permit under rules adopted under this subchapter until the railroad commission issues to the applicant for the permit a letter of determination stating that drilling and operating the anthropogenic carbon dioxide injection well for geologic storage or operating the geologic storage facility will not injure any freshwater strata in that area and that the formation or stratum to be used for the geologic storage facility is not freshwater sand.

(b) To make the determination required by Subsection (a), the railroad commission shall review:

- (1) the area of review and corrective action plans;
- (2) any subsurface monitoring plans required during injection or post injection;
- (3) any postinjection site care plans; and
- (4) any other elements of the application reasonably required in order for the railroad commission to make the determination required by Subsection (a).

(c) The railroad commission shall adopt rules to implement and administer this section.

Added by Acts 2009, 81st Leg., R.S., Ch. 224 (S.B. 1387), Sec. 2, eff. September 1, 2009.

Amended by:

Acts 2011, 82nd Leg., R.S., Ch. 1021 (H.B. 2694), Sec. 2.06, eff.

September 1, 2011.

Sec. 27.047. RULES. The railroad commission shall adopt rules and procedures reasonably required for the performance of its powers, duties, and functions under this subchapter, including rules for:

- (1) the geologic storage and associated injection of anthropogenic carbon dioxide, including:
  - (A) geologic site characterization;
  - (B) area of review and corrective action;
  - (C) well construction;
  - (D) operation;
  - (E) mechanical integrity testing;
  - (F) monitoring;
  - (G) well plugging;
  - (H) postinjection site care;
  - (I) site closure; and
  - (J) long-term stewardship;
- (2) the enforcement of this subchapter and rules adopted by the railroad commission under this subchapter; and
- (3) the collection and administration of:
  - (A) fees imposed under Section 27.045; and
  - (B) penalties imposed for a violation of this subchapter or rules adopted by the railroad commission under this subchapter.

Added by Acts 2009, 81st Leg., R.S., Ch. 224 (S.B. 1387), Sec. 2, eff. September 1, 2009.

Sec. 27.048. CONSISTENCY WITH AND IMPLEMENTATION OF FEDERAL REQUIREMENTS. (a) Rules adopted by the railroad commission under this subchapter must be consistent with applicable rules or regulations adopted by the United States Environmental Protection Agency or another federal agency governing the injection and geologic storage of anthropogenic carbon dioxide.

(b) If rules or regulations adopted to govern the geologic storage and associated injection of anthropogenic carbon dioxide under the federal Safe Drinking Water Act (42 U.S.C. Section 300f et seq.) or another federal statute allow this state to seek primary

enforcement authority under the underground injection control program:

(1) the railroad commission shall seek primacy to administer and enforce the program subject to the jurisdiction granted under this subchapter; and

(2) this state shall seek primacy to administer and enforce the program for the geologic storage of carbon dioxide in, and the injection of carbon dioxide into, a saline formation.

Added by Acts 2009, 81st Leg., R.S., Ch. 224 (S.B. 1387), Sec. 2, eff. September 1, 2009.

Sec. 27.049. MEMORANDUM OF UNDERSTANDING. The commission and the railroad commission, as necessary to comply with this subchapter, by rule shall:

(1) amend the memorandum of understanding recorded in 16 T.A.C. Section 3.30; or

(2) enter into a new memorandum of understanding.

Added by Acts 2009, 81st Leg., R.S., Ch. 224 (S.B. 1387), Sec. 2, eff. September 1, 2009.

Sec. 27.050. FINANCIAL RESPONSIBILITY. (a) A person to whom a permit is issued under this subchapter must provide to the railroad commission annually evidence of financial responsibility that is satisfactory to the railroad commission.

(b) In determining whether the person is financially responsible, the railroad commission shall rely on:

(1) the person's most recent quarterly report filed with the United States Securities and Exchange Commission under Section 13 or 15(d), Securities Exchange Act of 1934 (15 U.S.C. Section 78m or 78o(d)); or

(2) if the person is not required to file with the United States Securities and Exchange Commission a report described by Subdivision (1), the person's most recent audited financial statement.

Added by Acts 2009, 81st Leg., R.S., Ch. 224 (S.B. 1387), Sec. 2, eff. September 1, 2009.

**SUBCHAPTER D. ISSUANCE OF PERMITS: TERMS AND CONDITIONS**

Sec. 27.051. ISSUANCE OF PERMIT. (a) The commission may grant an application in whole or part and may issue the permit if it finds:

- (1) that the use or installation of the injection well is in the public interest;
- (2) that no existing rights, including, but not limited to, mineral rights, will be impaired;
- (3) that, with proper safeguards, both ground and surface fresh water can be adequately protected from pollution;
- (4) that the applicant has made a satisfactory showing of financial responsibility if required by Section 27.073 of this code;
- (5) that the applicant has provided for the proper operation of the proposed hazardous waste injection well;
- (6) that the applicant for a hazardous waste injection well not located in an area of industrial land use has made a reasonable effort to ensure that the burden, if any, imposed by the proposed hazardous waste injection well on local law enforcement, emergency medical or fire-fighting personnel, or public roadways, will be reasonably minimized or mitigated; and
- (7) that the applicant owns or has made a good faith claim to, or has the consent of the owner to utilize, or has an option to acquire, or has the authority to acquire through eminent domain, the property or portions of the property where the hazardous waste injection well will be constructed.

(b) The railroad commission may grant an application for a permit under Subchapter C in whole or part and may issue the permit if it finds:

- (1) that the use or installation of the injection well is in the public interest;
- (2) that the use or installation of the injection well will not endanger or injure any oil, gas, or other mineral formation;
- (3) that, with proper safeguards, both ground and surface fresh water can be adequately protected from pollution; and
- (4) that the applicant has made a satisfactory showing of financial responsibility if required by Section 27.073.

(b-1) The railroad commission may issue a permit under Subchapter C-1 if it finds:

- (1) that the injection and geologic storage of

anthropogenic carbon dioxide will not endanger or injure any oil, gas, or other mineral formation;

(2) that, with proper safeguards, both ground and surface fresh water can be adequately protected from carbon dioxide migration or displaced formation fluids;

(3) that the injection of anthropogenic carbon dioxide will not endanger or injure human health and safety;

(4) that the reservoir into which the anthropogenic carbon dioxide is injected is suitable for or capable of being made suitable for protecting against the escape or migration of anthropogenic carbon dioxide from the reservoir; and

(5) that the applicant for the permit meets all of the other statutory and regulatory requirements for the issuance of the permit.

(c) In the permit, the commission or railroad commission shall impose terms and conditions reasonably necessary to protect fresh water from pollution, including the necessary casing.

(d) The commission, in determining if the use or installation of an injection well is in the public interest under Subsection (a)(1), shall consider, but shall not be limited to the consideration of:

(1) compliance history of the applicant and related entities under the method for using compliance history developed by the commission under Section 5.754 and in accordance with the provisions of Subsection (e);

(2) whether there is a practical, economic, and feasible alternative to an injection well reasonably available; and

(3) if the injection well will be used for the disposal of hazardous waste, whether the applicant will maintain sufficient public liability insurance for bodily injury and property damage to third parties that is caused by sudden and non-sudden accidents or will otherwise demonstrate financial responsibility in a manner adopted by the commission in lieu of public liability insurance. A liability insurance policy which satisfies the policy limits required by the hazardous waste management regulations of the commission for the applicant's proposed pre-injection facilities shall be deemed "sufficient" under this subdivision if the policy:

(A) covers the injection well; and

(B) is issued by a company that is authorized to do business and to write that kind of insurance in this state and is

solvent and not currently under supervision or in conservatorship or receivership in this state or any other state.

Text of subsec. (e) as amended by Acts 2001, 77th Leg., ch. 347, Sec.

2

(e) The commission shall establish a procedure for the preparation of comprehensive summaries of the applicant's compliance history, including the compliance history of any corporation or business entity managed, owned, or otherwise closely related to the applicant. The summaries shall be made available to the applicant and any interested person after the commission has completed its technical review of the permit application and prior to the promulgation of the public notice relating to the issuance of the permit. Evidence of compliance or noncompliance by an applicant for an injection well permit with environmental statutes and the rules adopted or orders or permits issued by the commission may be offered by any party at a hearing on the applicant's application and admitted into evidence subject to applicable rules of evidence. Evidence of the compliance history of an applicant for an injection well permit may be offered by the executive director at a hearing on the application and admitted into evidence subject to the rules of evidence. All evidence admitted, including compliance history, shall be considered by the commission in determining whether to issue, amend, extend or renew a permit. If the commission concludes that the applicant's compliance history is unacceptable, the commission shall deny the permit.

Text of subsec. (e) as amended by Acts 2001, 77th Leg., ch. 965, Sec.

16.08

(e) Consistent with Sections 5.753 and 5.754 and rules adopted and procedures developed under those sections, the commission shall establish a procedure for preparing summaries of the applicant's compliance history. The summaries shall be made available to the applicant and any interested person after the commission has completed its technical review of the permit application and prior to the promulgation of the public notice relating to the issuance of the permit. Evidence of compliance or noncompliance by an applicant for an injection well for the disposal of hazardous waste with the rules adopted or orders or permits issued by the commission under this chapter may be offered by any party at a hearing on the applicant's application and admitted into evidence subject to applicable rules of

evidence. In accordance with this subsection and Sections 5.753 and 5.754 and rules adopted and procedures developed under those sections, evidence of the compliance history of an applicant for an injection well may be offered at a hearing on the application and may be admitted into evidence, subject to the rules of evidence. All evidence admitted, including compliance history, shall be considered by the commission in determining whether to issue, amend, extend or renew a permit.

Text of subsec. (e) as amended by Acts 2001, 77th Leg., ch. 1161,  
Sec. 4

(e) The commission shall establish a procedure by rule for its preparation of compliance summaries relating to the history of compliance and noncompliance by the applicant with the rules adopted or orders or permits issued by the commission under this chapter for any injection well for which a permit has been issued under this chapter. A compliance summary must include as evidence of compliance information regarding the applicant's implementation of an environmental management system at the facility for which an authorization is sought. The compliance summaries shall be made available to the applicant and any interested person after the commission has completed its technical review of the permit application and prior to the promulgation of the public notice relating to the issuance of the permit. Evidence of compliance or noncompliance by an applicant for an injection well for the disposal of hazardous waste with the rules adopted or orders or permits issued by the commission under this chapter may be offered by any party at a hearing on the applicant's application and admitted into evidence subject to applicable rules of evidence. All evidence admitted, including compliance history, shall be considered by the commission in determining whether to issue, amend, extend or renew a permit. In this subsection, "environmental management system" has the meaning assigned by Section 5.127.

(f) In the issuance of a permit for a hazardous waste injection well into a salt dome, the commission shall consider the location of any geologic fault in the salt dome in the immediate proximity of the injection well bore, the presence of an underground water aquifer, and the presence of sulfur mines or oil and gas wells in the area.

(g)(1) The commission may not issue a permit for a hazardous waste injection well in a solution-mined salt dome cavern unless the United States Environmental Protection Agency and the commission

determine that sufficient rules are in place to regulate that activity.

(2) Before issuing a permit for a hazardous waste injection well in a solution-mined salt dome cavern, the commission by order must find that there is an urgent public necessity for the hazardous waste injection well. The commission, in determining whether an urgent public necessity exists for the permitting of the hazardous waste injection well in a solution-mined salt dome cavern, must find that:

(A) the injection well will be designed, constructed, and operated in a manner that provides at least the same degree of safety as required of other currently operating hazardous waste disposal technologies;

(B) consistent with the need and desire to manage within the state hazardous wastes generated in the state, there is a substantial or obvious public need for additional hazardous waste disposal capacity and the hazardous waste injection well will contribute additional capacity toward servicing that need;

(C) the injection well will be constructed and operated in a manner so as to safeguard public health and welfare and protect physical property and the environment;

(D) the applicant has demonstrated that groundwater and surface waters, including public water supplies, will be protected from the release of hazardous waste from the salt-dome waste containment cavern; and

(E) any other criteria required by the commission to satisfy that the test of urgency has been met.

(h) In determining whether the use or installation of an injection well is in the public interest under Subsection (a)(1), the commission shall consider the compliance history of the applicant in accordance with Subsection (e) and Sections 5.753 and 5.754 and rules adopted and procedures developed under those sections.

(i) The commission may not authorize by rule or permit an injection well that transects or terminates in the Edwards Aquifer. The commission by rule may authorize injection of groundwater withdrawn from the Edwards Aquifer, or injections of storm water, flood water, or groundwater through improved sinkholes or caves located in karst topographic areas. For purposes of this subsection, "Edwards Aquifer" has the meaning assigned by Section 26.046(a).

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1981, 67th Leg., p. 3161, ch. 830, Sec. 1, eff. June 17, 1981; Acts 1983, 68th Leg., p. 5265, ch. 967, Sec. 14, eff. Sept. 1, 1983; Acts 1985, 69th Leg., ch. 566, Sec. 16, eff. Sept. 1, 1985; Acts 1987, 70th Leg., ch. 638, Sec. 5, eff. Sept. 1, 2001; Acts 2001, 77th Leg., ch. 1161, Sec. 4, eff. Sept. 1, 2001.

Amended by:

Acts 2009, 81st Leg., R.S., Ch. 224 (S.B. [1387](#)), Sec. 3, eff. September 1, 2009.

Acts 2011, 82nd Leg., R.S., Ch. 91 (S.B. [1303](#)), Sec. 27.001(66), eff. September 1, 2011.

Acts 2011, 82nd Leg., R.S., Ch. 1021 (H.B. [2694](#)), Sec. 4.21, eff. September 1, 2011.

Sec. 27.0511. CONDITIONS OF CERTAIN PERMITS. (a) If the railroad commission receives an application for an injection well permit for a well that is to be used for enhanced recovery of oil, before a permit for the well may be granted, the railroad commission shall require the applicant for the permit to provide written information relating to the material that the applicant plans to inject into the well for enhanced recovery purposes and to other material available to the applicant that might be used to inject into the well for enhanced recovery and shall make the determination required by Subsection (c) of this section.

(b) At the time the railroad commission receives an application under Subsection (a) of this section, it shall give notice to the commission that an application covered by this section is being considered and shall supply the commission with a copy of the application and a request for commission comment on the application. On receiving the information requested under Subsection (a) of this section, the railroad commission shall notify the commission that the information has been received and make the information available for the commission's inspection. The commission shall examine the

application and information. Before the railroad commission considers the application, the commission shall submit to the railroad commission written comments regarding the use of fresh water under the permit and any problems that the commission anticipates will result from the use of fresh water under the permit. However, if the commission does not submit its written comments within 30 days after the request, the railroad commission may consider the application without the commission comments.

(c) On receiving the information required by Subsection (a) of this section, the railroad commission shall consider the information at the same time it considers whether or not to grant the permit, and if the applicant proposes to inject fresh water into the injection well for enhanced recovery, the railroad commission shall consider whether or not there is some other solid, liquid, or gaseous substance that is available to the applicant and that is economically and technically feasible for the applicant to use for enhanced recovery purposes.

(d) If the railroad commission finds that there is a solid, liquid, or gaseous substance other than fresh water available and economically and technically feasible for use in enhanced recovery under the permit, the railroad commission shall include as a condition of the permit, if granted, that the permittee use the other substance found to be available and economically and technically feasible and that the applicant not use fresh water or that the applicant use fresh water only to the extent specifically stated in the permit.

(e) This section does not apply to injection well permits that are in effect on September 1, 1983. If fresh water is being injected into an injection well in an enhanced recovery program that is in effect on September 1, 1983, and after that time, another substance or material is used for injection for a period of time, the injection well permit is not canceled, and a new permit under this chapter is not required if the operator plans at a later date to resume the use of fresh water for injection in that enhanced recovery program.

(f) Injection well permits for wells that are used for enhanced recovery remain in force until canceled by the railroad commission.

(g) Except as provided by Subsection (h), a person may not continue utilizing or begin utilizing industrial or municipal waste as an injection fluid for enhanced recovery purposes without first obtaining a permit from the commission.

(h) The railroad commission may authorize a person to utilize nonhazardous brine from a desalination operation or nonhazardous drinking water treatment residuals as an injection fluid for enhanced recovery purposes without first obtaining a permit from the commission. The use or disposal of radioactive material under this subsection is subject to the applicable requirements of Chapter 401, Health and Safety Code.

Added by Acts 1983, 68th Leg., p. 5392, ch. 996, Sec. 1, eff. Sept. 1, 1983. Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.118, 5.006, eff. Sept. 1, 1985.

Amended by:

Acts 2007, 80th Leg., R.S., Ch. 901 (H.B. 2654), Sec. 4, eff. September 1, 2007.

Sec. 27.0513. AREA PERMITS AND PRODUCTION AREAS FOR URANIUM MINING. (a) The commission may issue a permit pursuant to Section 27.011 that authorizes the construction and operation of two or more similar injection wells within a specified area for mining of uranium. An application for a new permit issued pursuant to Section 27.011, a major amendment of such a permit, or a renewal of such a permit for mining of uranium is subject to the public notice requirements and opportunity for contested case hearing provided under Section 27.018. A new, amended, or renewed permit must incorporate a table of pre-mining low and high values representing the range of groundwater quality within the permit boundary and area of review, as provided by commission rule, for each water quality parameter used to measure groundwater restoration in a commission-required restoration table. The values in the permit range table must be established from pre-mining baseline wells and all available wells within the area of review, including those in the existing or proposed permit boundary and any existing or proposed production areas. Wells used for that purpose are limited to those that have documented completion depths and screened intervals that correspond to a uranium production zone aquifer identified within the permit boundary.

(b) For a permit for mining of uranium issued on or after September 1, 2007, pursuant to Section 27.011, the term of the permit to authorize injection for recovery of uranium shall be 10 years.

The holder of a permit for mining of uranium issued by the commission before September 1, 2007, pursuant to Section 27.011, must submit an application to the commission before September 1, 2012, for renewal of the permit to authorize construction and operation of injection wells for mining of uranium. Authority to construct or operate injection wells for recovery of uranium under a permit issued before September 1, 2007, pursuant to Section 27.011, expires on September 1, 2012, if an application for renewal of the permit is not submitted to the commission before September 1, 2012. Expiration of authority under this subsection does not relieve the permit holder from obligations under the permit or applicable rules, including obligations to restore groundwater and to plug and abandon wells in accordance with the requirements of the permit and applicable rules.

(c) The commission may issue a holder of a permit issued pursuant to Section 27.011 for mining of uranium an authorization that allows the permit holder to conduct mining and restoration activities in production zones within the boundary established in the permit. The commission by rule shall establish application requirements, technical requirements, including the methods for determining restoration table values, and procedural requirements for any authorization. If a restoration table value for a proposed or amended authorization exceeds the range listed in the permit range table such that it falls above the upper limit of the range, the value within the permit range table must be used or a major amendment to the permit range table must be obtained, subject to an opportunity for a contested case hearing or the hearing requirements of Chapter 2001, Government Code.

(d) Notwithstanding Sections 5.551, 5.556, 27.011, and 27.018, an application for an authorization is an uncontested matter not subject to a contested case hearing or the hearing requirements of Chapter 2001, Government Code, if:

(1) the authorization is for a production zone located within the boundary of a permit that incorporates a range table of groundwater quality restoration values used to measure groundwater restoration by the commission;

(2) the application includes groundwater quality restoration values falling at or below the upper limit of the range established in Subdivision (1); and

(3) the authorization is for a production zone located within the boundary of a permit that incorporates groundwater

baseline characteristics of the wells for the application required by commission rule.

(e) The range of restoration values in the range table used for Subsection (d) must be established from baseline wells and all available well sample data collected in the permit boundary and within one-quarter mile of the boundary of the production zone.

(f) As an alternative to Subsection (d), the first application for an authorization issued under Subsection (c) for a production zone located within the boundary of a permit issued under Subsection (a) is subject to the requirements of Chapter 2001, Government Code, relating to an opportunity for a contested case hearing. The first authorization application must contain the following provisions:

(1) a baseline water quality table with a range of groundwater quality restoration values used to measure groundwater restoration by the commission that complies with the same range requirements as a permit described by Subsection (a);

(2) groundwater quality restoration values falling at or below the upper limit of the range established in Subdivision (1); and

(3) groundwater baseline characteristics of the wells for the application required by commission rule.

(g) If a first authorization has previously been issued for a production zone located within the boundary of a permit, that authorization is effective for the purposes of this subsection. A subsequent authorization application for a production zone that is located within the same permit boundary as a production zone for which an authorization was issued under Subsection (f) is not subject to an opportunity for a contested case hearing or the hearing requirements of Chapter 2001, Government Code, unless the subsequent application would authorize the following:

(1) the use of groundwater from a well that was not previously approved in the permit for supplemental production water;

(2) expansion of the permit boundary; or

(3) application monitoring well locations that exceed well spacing requirements or reduce the number of wells required by commission rule.

Added by Acts 2007, 80th Leg., R.S., Ch. 1332 (S.B. 1604), Sec. 32, eff. June 15, 2007.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 897 (H.B. 1079), Sec. 1, eff. June 14, 2013.

Sec. 27.0515. FACILITIES REQUIRED TO OBTAIN FEDERAL APPROVAL. For a commercial hazardous waste disposal well facility originally permitted by the commission after June 7, 1991, and which is required to obtain from the United States Environmental Protection Agency a variance from the federal land disposal restrictions before injecting permitted hazardous wastes:

(1) a permit or other authorization issued to the facility under this chapter is not subject to cancellation, amendment, modification, revocation, or denial of renewal because the permit holder has not commenced construction or operation of the facility; and

(2) the fixed term of each permit or other authorization issued to the facility under this chapter shall commence on the date physical construction of the authorized waste management facility begins.

Added by Acts 1997, 75th Leg., ch. 1211, Sec. 3, eff. Sept. 1, 1997.

Sec. 27.0516. PERMITS FOR INJECTION WELLS THAT TRANSECT OR TERMINATE IN PORTION OF EDWARDS AQUIFER WITHIN EXTERNAL BOUNDARIES OF BARTON SPRINGS-EDWARDS AQUIFER CONSERVATION DISTRICT. (a) In this section:

(1) "Edwards Aquifer" means that portion of an arcuate belt of porous, waterbearing limestones composed of the Edwards Formation, Georgetown Formation, Comanche Peak Formation, Salmon Peak Limestone, McKnight Formation, West Nueces Formation, Devil's River Limestone, Person Formation, Kainer Formation, and Edwards Group trending from west to east to northeast through Kinney, Uvalde, Medina, Bexar, Kendall, Comal, Hays, Travis, and Williamson Counties. The permeable aquifer units generally overlie the less-permeable Glen Rose Formation to the south, overlie the less-permeable Comanche Peak and Walnut Formations north of the Colorado River, and underlie the less-permeable Del Rio Clay regionally.

(2) "Engineered aquifer storage and recovery facility" means a facility with one or more wells that is located, designed,

constructed, and operated for the purpose of injecting fresh water into a subsurface permeable stratum and storing the water for subsequent withdrawal and use for a beneficial purpose.

(3) "Fresh water" means surface water or groundwater, without regard to whether the water has been physically, chemically, or biologically altered, that:

(A) contains a total dissolved solids concentration of not more than 1,000 milligrams per liter; and

(B) is otherwise suitable as a source of drinking water supply.

(4) "Saline portion of the Edwards Aquifer" means the portion of the Edwards Aquifer that contains only groundwater with a total dissolved solids concentration of more than 1,000 milligrams per liter.

(b) This section applies only to the portion of the Edwards Aquifer that is within the geographic area circumscribed by the external boundaries of the Barton Springs-Edwards Aquifer Conservation District but is not in that district's territory or the territory of the Edwards Aquifer Authority.

(c) This section prevails over Section 27.051(i) to the extent of a conflict.

(d) Except as otherwise provided by this section, the commission by rule or permit may not authorize an injection well that transects or terminates in the Edwards Aquifer.

(e) The commission by rule may authorize:

(1) the injection of fresh water withdrawn from the Edwards Aquifer into a well that transects or terminates in the Edwards Aquifer for the purpose of providing additional recharge; or

(2) the injection of rainwater, storm water, flood water, or groundwater into the Edwards Aquifer by means of an improved natural recharge feature such as a sinkhole or cave located in a karst topographic area for the purpose of providing additional recharge.

(f) The commission by general permit may authorize:

(1) an activity described by Subsection (e);

(2) an injection well that transects and isolates the saline portion of the Edwards Aquifer and terminates in a lower aquifer for the purpose of injecting:

(A) concentrate from a desalination facility; or

(B) fresh water as part of an engineered aquifer

storage and recovery facility;

(3) an injection well that terminates in that part of the saline portion of the Edwards Aquifer that has a total dissolved solids concentration of more than 10,000 milligrams per liter for the purpose of injecting into the saline portion of the Edwards Aquifer:

(A) concentrate from a desalination facility, provided that the injection well must be at least three miles from the closest outlet of Barton Springs; or

(B) fresh water as part of an engineered aquifer and storage recovery facility, provided that each well used for injection or withdrawal from the facility must be at least three miles from the closest outlet of Barton Springs; or

(4) an injection well that transects or terminates in the Edwards Aquifer for:

(A) aquifer remediation;

(B) the injection of a nontoxic tracer dye as part of a hydrologic study; or

(C) another beneficial activity that is designed and undertaken for the purpose of increasing protection of an underground source of drinking water from pollution or other deleterious effects.

(g) The commission must hold a public meeting before issuing a general permit under this section.

(h) Rules adopted or a general permit issued under this section:

(1) must require that an injection well authorized by the rules or permit be monitored by means of:

(A) a monitoring well operated by the injection well owner if the commission determines that there is an underground source of drinking water in the area of review that is potentially affected by the injection well; or

(B) if Paragraph (A) does not apply, a monitoring well operated by a party other than the injection well owner, provided that all results of monitoring are promptly made available to the injection well owner;

(2) must ensure that an authorized activity will not result in the waste or pollution of fresh water;

(3) may not authorize an injection well under Subsection (f)(2) or (3) unless the well is initially associated with a small-scale research project designed to evaluate the long-term feasibility and safety of:

(A) the injection of concentrate from a desalination facility; or

(B) an aquifer storage and recovery project;

(4) must require any authorization granted to be renewed at least as frequently as every 10 years;

(5) must require that an injection well authorized under Subsection (f)(2)(A) or (3)(A) be monitored on an ongoing basis by or in coordination with the well owner and that the well owner file monitoring reports with the commission at least as frequently as every three months; and

(6) must ensure that any injection well authorized for the purpose of injecting concentrate from a desalination facility does not transect the fresh water portion of the Edwards Aquifer.

(i) A monitoring well described by Subsection (h)(1), if properly sited and completed, may also be used for monitoring a saline water production well.

(j) A project is considered to be a small-scale research project for purposes of Subsection (h)(3) if the project consists of one production well and one injection well that are operated on a limited scale to provide requisite scientific and engineering information. Such a project is considered to be a small-scale research project regardless of the borehole size of the wells or the equipment associated with the wells or whether the wells are subsequently incorporated into a larger-scale commercial facility.

(k) Notwithstanding Subsection (h)(3), a general permit may authorize the owner of an injection well authorized under Subsection (f)(2) or (3) to continue operating the well for the purpose of implementing the desalination or engineered aquifer storage and recovery project following completion of the small-scale research project, provided that:

(1) the injection well owner timely submits the information collected as part of the research project, including monitoring reports and information regarding the environmental impact of the well, to the commission;

(2) the injection well owner, following the completion of studies and monitoring adequate to characterize risks to the fresh water portion of the Edwards Aquifer and other fresh water associated with the continued operation of the well, and at least 90 days before the date the owner initiates commercial well operations, files with the commission a notice of intent to continue operation of the well

after completion of the research project; and

(3) the commission, based on the studies and monitoring, the report provided by Texas State University--San Marcos under Subsection (1)(2), and any other reasonably available information, determines that continued operation of the injection well as described in the notice of intent does not pose an unreasonable risk to the fresh water portion of the Edwards Aquifer or other fresh water associated with the continued operation of the well.

(1) Before the commission makes a determination under Subsection (k)(3):

(1) the commission, not later than the 15th day after the date of receipt of the results of the studies and monitoring, must provide the information received to Texas State University--San Marcos; and

(2) Texas State University--San Marcos, not later than the 60th day after the date of receipt of the information, must review and analyze the information and report its findings to the commission.

(m) The commission shall make the information provided by the owner of the injection well under Subsection (k)(1) and the report provided by Texas State University--San Marcos under Subsection (1)(2) easily accessible to the public in a timely manner. The permit may authorize the owner of the well to continue operating the well following completion of the research project pending the determination by the commission.

(n) If the commission preliminarily determines that continued operation of the injection well would pose an unreasonable risk to the fresh water portion of the Edwards Aquifer or other fresh water associated with the continued operation of the well, the commission shall notify the operator and specify, if possible, what well modifications would be adequate to prevent that unreasonable risk. If the operator fails to modify the injection well as specified by the commission, the commission shall require the operator to cease operating the well.

Added by Acts 2013, 83rd Leg., R.S., Ch. 486 (S.B. [1532](#)), Sec. 1, eff. September 1, 2013.

Sec. 27.052. COPIES OF PERMIT; FILING REQUIREMENTS. (a) The

commission shall furnish the railroad commission and the Texas Department of Health with a copy of each permit the commission issues. The railroad commission shall furnish the commission with a copy of each permit the railroad commission issues and the executive director shall in turn forward copies to the Texas Department of Health.

(b) Before beginning injection operations, a person receiving a permit to inject industrial and municipal waste shall file a copy of the permit with the health authorities of the county, city, and town where the well is located.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1981, 67th Leg., p. 3161, ch. 830, Sec. 1, eff. June 17, 1981; Acts 1985, 69th Leg., ch. 795, Sec. 1.119, eff. Sept. 1, 1985; Acts 1995, 74th Leg., ch. 76, Sec. 11.300, eff. Sept. 1, 1995.

Sec. 27.053. RECORD OF STRATA. The commission or railroad commission may require a person receiving a permit or authorization by rule under this chapter to keep and furnish a complete and accurate record of the depth, thickness, and character of the different strata penetrated in drilling an injection well, monitoring well, or production well.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1981, 67th Leg., p. 3161, ch. 830, Sec. 1, eff. June 17, 1981.

Amended by:

Acts 2007, 80th Leg., R.S., Ch. 1118 (H.B. [3838](#)), Sec. 3, eff. September 1, 2007.

Sec. 27.054. ELECTRIC OR DRILLING LOG. If an existing well is to be converted to an injection well, monitoring well, or production well, the commission or railroad commission may require the applicant to furnish an electric log or a drilling log of the existing well.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1981, 67th Leg., p. 3161, ch. 830, Sec. 1, eff. June 17, 1981.

Amended by:

Acts 2007, 80th Leg., R.S., Ch. 1118 (H.B. 3838), Sec. 4, eff. September 1, 2007.

Sec. 27.055. CASING REQUIREMENTS. The casing shall be set at the depth, with the materials, and in the manner required by the commission or railroad commission.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1981, 67th Leg., p. 3161, ch. 830, Sec. 1, eff. June 17, 1981.

Sec. 27.056. FACTORS IN SETTING CASING DEPTH. Before setting the depth to which casing shall be installed, the commission or railroad commission shall consider:

- (1) known geological and hydrological conditions and relationships;
  - (2) foreseeable future economic development in the area;
- and
- (3) foreseeable future demand for the use of fresh water in the locality.

Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, Sec. 1, eff. Sept. 1, 1977; Acts 1981, 67th Leg., p. 3161, ch. 830, Sec. 1, eff. June 17, 1981.

#### **SUBCHAPTER E. GENERAL POWERS**

Sec. 27.071. POWER TO ENTER PROPERTY. Members of the commission and the railroad commission and employees of the commission and the railroad commission may enter public or private property to inspect and investigate conditions relating to injection well, monitoring well, disposal well, production well, or geologic storage activities within their respective jurisdictions or to monitor compliance with a rule, permit, or other order of the commission or railroad commission. Members or employees acting under the authority of this section who enter an establishment on public or private property shall observe the establishment's safety, internal security, and fire protection rules.

Added by Acts 1981, 67th Leg., p. 3161, ch. 830, Sec. 1, eff. June 17, 1981. Amended by Acts 1985, 69th Leg., ch. 795, Sec. 1.120, eff. Sept. 1, 1985.

Amended by:

Acts 2007, 80th Leg., R.S., Ch. 1118 (H.B. 3838), Sec. 5, eff. September 1, 2007.

Acts 2009, 81st Leg., R.S., Ch. 224 (S.B. 1387), Sec. 4, eff. September 1, 2009.
